VOL. XXXVI. NO 95 — PETERBOROUGH, ONTARIO, WEDNESDAY, APRIL 22, 1908 — PRICE TWO CENTS

Dominion Parliament Will Prorogue Early in June

Ottawa, April 22.—A long sitting of the Cabinet Council was held yesterday. It is the Government's desire to conclude the business of the present session as expeditously as possible. At an early date it is proposed to start morning sessions of the Commons, and it is hoped to have the prorogation in June.

One of the most important measures still to come down is the bill to amend the Civil Service Act. The bill will be a comprehensive one, and in some respects a radical one, and will, it is hoped, remedy the defects pointed out in the report of the Civil Service Commission. Details of the measure are now being considered by the Cabinet.

42 Bodies Removed from Train Wreck in Australia

Melbourne, Australia, April 22.—Forty-two bodies have been taken out of the wreckage caused by the railroad collision at Braybrook Junction, near Melbourne, April 19. It is believed that several others are still buried under the debris. The number of persons injured is placed at 88.

Many of the victims in the train from Ballarat were just settling in their seats when the crash came. The conductor had signalled to the engineer to start, and was in the act of stepping into the car when he saw the approaching Bendigo train. He sprang aside in time to save himself. The station was in darkness, and a scene of indescribable horror followed the collision. Three of the cars took fire, and many of the victims were burned beyond recognition.

A member of the fire brigade found the bodies of his two sisters buried in the wreckage. An eye-witness to the disaster says the scene resembled that of a battlefield. Several of the victims died as they were being lifted from the wreckage.

The driver of the Bendigo train says that he saw the signals, and when the brakes failed to act he reversed the engine, but was unable to check the train.

Program for Today's Ceremony of the Laying of Corner Stone

Sir Frederick Borden, Minister of Militia, will arrive today on the noon train to take part in the ceremony of laying the corner stone of the new armories. During his visit to the city, Hon. Mr. Borden will be the guest of Mr. R. R. Hall, M.P.

The day's program, in connection with the ceremony, consists of a "present arms" salute by the local troops at Central Park, previous to laying of the corner stone at 3 p.m.

At 4 p.m. the officers of the 57th Regiment will hold a reception in the drill shed to Sir Frederick, invitations to which have been issued.

During the evening a banquet will be held in the Oriental Hotel, at which his Worship Mayor Rush will preside. The following toasts list will be run off:

"The King."

"The Governor-General."

"Our Guest."

"Dominion and Provincial Houses of Parliament."

"Peterborough Garrison."

The toast to the Houses of Parliament will be proposed by Mr. J. H. Burnham, and responded to by Messrs. R. R. Hall, M.P., and T. E. Robertson, M.P.P. Hon. J. R. Stratton will propose the health to the local troops and Col. Stevenson of the 57th Regt., will respond, as will Major T. W. H. Young for the 21st Field Battery, and Major Johnston of the 3rd Dragoons.

Advocates Library by Subscriptions of Working Men

To the Editor of The Times.

Dear Sir,—If the controversy in regard to the proposed Carnegie Library is not finished and a Carnegie library to Peterborough an assured fact, I, as a working man of Peterborough, would like to offer a respectful suggestion. I am not going to enter a protest against accepting money from Carnegie as a squeezer of the working man. The average mechanic or working man of this city is fully able to judge for himself in the matter. What I do want is to enter my protest against Peterborough accepting money for a library from either Mr. Carnegie or the United States, where his money was made, for a local institution. It is acknowledged that the real practical end of a local public library is to enable the working man to have access to books whereby his particular trade may be learned or improved. I must suggest that instead of Peterborough taking this money from Carnegie that the working men of this city subscribe to a fund to start a library. Now if every workking man in this city were to agree to pay in $5, either cash down or in monthly instalments, a large sum could be raised. If this sum were raised there is no doubt but what local men with money would contribute enough to raise more than the grant asked from Carnegie. Thus Peterborough would have a library of its own and not have to lift its hat every time the name Carnegie is heard. I would willingly contribute my share. If the suggestion I make were carried out Mr. Hall, who has so ably carried out the bequests of the late Mrs. Nicholls, would have no objection to giving the Simcoe street property towards a public library.

License Commissioners Inspect Hotels

Yesterday afternoon the local License Commissioners made their annual house to house inspection of the various licensed hotels and liquor stores of this city. The commissioners drove to all the licensed hotels and as far as could be learned by The Times were thoroughly satisfied with conditions existing in Peterborough. This inspection was made preparatory to the first of May, when new licenses will have to be taken out for the ensuing year.

Bloomfield-Buckner

Toronto Star says:

At four o'clock this afternoon in St. Augustine's church, the marriage took place, very quietly, owing to a recent bereavement in the family of Miss Aimee Buckner, daughter of the late Mr. R. E. H. Buckner, R.N., and Mrs. Buckner, to Mr. Reginald Bloomfield, third son of Mr. C. J. Bloomfield, of Lakefield, Ont. The service, which was choral, was taken by the rector, Rev. Frank Plummer.

The bride, who was brought in and given away by her cousin, Mr. Reginald Lockhart, wore a travelling suit of white voile smartly tailored and trimmed with taffeta silk in key pattern, and white hat with black tulle and white feathers. She carried a shower of Lilies of the valley and orchids tied with mauve streamers. The two bridesmaids, Miss Lelia Mcdonnell and Miss Louisa McArthur, were attired alike in pink muslin with front embroidered panel and lace insertion, and white lace hats with plumes, and carried enchantress carnations tied with pink tulle. Mr. Gwyllym Dunn, of Lakefield, cousin of the groom, was best man.

After the ceremony Mr. and Mrs. Bloomfield drove to the station and left on the 5.20 train for New York.

Death of Miss Grace Rogers

Kingston, April 21.—Miss Grace Rogers, daughter of the late Frank Rogers, banker, Peterborough, died at Lachine, Que., on Monday, of tuberculosis, aged 21. Her family lives here and her remains will come here for interment. Her mother died a few months ago.

BELL TELEPHONE CO. NOW SITUATED IN FINE NEW OFFICE

Graced the Occasion with a Banquet in Recognition of the Efficient Work of All those Concerned in the Installing and Other Details Just Completed

The Bell Telephone Co. effected its removal to the new premises on Hunter street at midnight last night, and henceforth the "hello girls" will congregate therein and pursue the busy tenor of their ways. The new building, contains a most complete equipment, equalling in efficiency, that of any central station in the Dominion, having an ultimate capacity of 5,000, whereas in the old premises the capacity reached only 1,400. This would seem to give evidence of the confidence of the community in the confidence of the company in the rapid growth of our city in the immediate future.

In recognition of the efficient work of the installers of the Northern Electric Company, and of the regular employes of the company, the Bell Telephone Company entertained all who were concerned in the work just completed at a banquet at Hooper's grill room last evening when a very pleasant time was spent. Suitable toasts were honored and speeches of more or less eloquence were delivered.

Among those who were present were: Mr. C. F. Sise, jr., general superintendent, Montreal; Mr. A. T. Smith, district superintendent, Toronto; N. A. Lash, assistant engineer, Montreal; F. G. Donnelly, chief installer of the Northern Electric Co., Montreal, and R. D. Hunt, general foreman, Montreal.

Had a Fine Turnout Last Night

Last night the 57th Regiment held their first march out for this season. The boys in red turned out in good numbers and in good alignment, with chests to the front and shoulders squared marched like regulars.

The route was from the drill hall down George to Charlotte street, across to Water street, up Water St. to Hunter street, Hunter street to George street and George street to Murray street and from Murray street to the drill hall.

Pain Tablets. Pain always means congestion — unnatural blood pressure. Dr. Shoop's Pink Pain Tablets simply coax congested blood away from pain centres. These Tablets—known by druggists as Dr. Shoop's Headache Tablets — simply equalize the blood circulation and then pain always departs in 20 minutes. 20 Tablets, 25 cents. Write Dr. Shoop, Racine, Wis., for free package. Sold by all dealers.

HOAGLAND LEADS BY 11 LAPS-- THE BIG GRIND STARTS TODAY

Harrison Finished in Good Condition--Slater Makes Good Time

Blake in Fourth Place

The second night of the six-day walk brought about many changes in the standing of the contestants. Four of the fourteen who started on Monday night failed to put in an appearance, the absentees being, Naugin, Brooks, Cooper and Bruce. W. A. Hoagland who had a lead of only one lap on Harrison at the end of Monday night's grind, last night increased his lead to seven. Thos. Slater moved up from sixth place to third, he gaining eight of the ten laps that Harrison held on him. The local walker Charlie Stevens dropped back to fifth place. J. E. Blake remained in fourth position now being only one lap behind Slater, while Dave Hartley dropped out of the money, being now in sixth place.

The start last night was made at 7.30 p.m. sharp, and Slater went to the front, but on the eighth lap Hoagland passed him and the champion held the lead throughout the night.

Slater being in better condition than on the initial night walked at a rapid pace to make up the lead that Harrison, Stevens, Blake and Hartley held on him. He succeeded in passing all but Harrison, who still has a lead of two laps on him.

During the evening many exciting sprints were started, Hoagland and Slater being the ones to do the fast walking. Fenton "the tiny wonder," walked at a slow gait all evening, he being in a very weak condition.

Tommy Harrison, another of the local walkers, deserves great credit as he went into the walk having little or no experience, and did not have the benefit of good training. But in spite of this he figures high in the standing so far, being only eleven laps behind Hoagland. Although the champion gained a lead of ten laps on him last night he walked at a steady pace, holding himself for the gruelling ten-hour grind today.

Dave Hartley left the track after going 34 miles 2 laps, and wanted to drop out of the race thinking he had no chance at the prize money but on being assured by his trainer Dick Baker and a number of his friends that his chances were still bright he came back onto the track. It is expected that he will show up better in the longer grind today.

While the band was discoursing the national anthem of America, Hoagland sprinted away from Slater who had been at his heels for the first two hours, and in the course of a lap he opened up a gap of over half a lap on the Oswego boy. This was the prettiest piece of heel-and-toe walking ever seen in Peterborough, and brought forth rounds of applause from the spectators which were at the rink in large numbers last hour of the four that the men walked was by far the most exciting from the onlookers' standpoint. Slater had two laps to make up on Harrison to get in second place, and at half-past ten he started to sprint with the determination of accomplishing the task. But in spite of his increased speed he could not shake off Harrison who was then almost walking up his back. Considerable excitation was manifested as to the result and considerable money changed hands over it.

Today the start will be made at 1 o'clock, and the men will walk for 10 hours.

First Steps Taken to Free Harry K. Thaw

Poughkeepsie, N.Y., April 22.—The first step toward the release of Harry K. Thaw from the Matteawan Asylum for the Insane was taken yesterday. James G. Graham of Newburg, of Thaw's counsel, made application to Justice Morschauser at White Plains for an order directing the superintendent of the asylum to permit Thaw to sign a formal application for a writ of habeas corpus. The order was granted, and when Thaw has made the application he will probably be brought before a justice for a hearing to determine whether or not he is sane.

Lakefield Mills to Open-- Cheesemakers in Session

Lakefield, April 22.—The ice is fast disappearing from the lakes and the lumber mills will shortly be in full operation.

Lakefield, April 22.—The annual meeting of the Cheese and Buttermakers' Association of Peterborough County was marked by a good attendance of those interested in the industry. Officers were elected as follows; President, Daniel Oakley, Norwood; Vice-President, E. Demorest, Lakefield; Secretary-Treasurer, Ashley Andrews, Benafort; Assistant Secretary-Treasurer, H. Laskie, Fraserville.

Torontos Beat Trenton By Spurt in the Tenth

Trenton, N.J., April 22.—The sun was shining for the first time since Friday this afternoon. A cold northwest wind was blowing across the diamond, raising great clouds of dust, making it impossible to play good ball. Undoubtedly it is one of the worst days of the trip, with sunshine the only redeeming feature.

A small crowd shivered in the stands, which are the finest in the league.

Line-up:

Toronto—Gettman, c.f.; Schafly, 2b.; Merton, lf.; Cockman, 3b.; Frick, ss., Wotell, rf.; Kelley, 1b.; Brown, c.; McGinley, p.

Trenton—Cunnell, cf.; Rapp, 1b.; Pleiss, rf.; Hoey, lf.; Strobel, 3b.; Westerberg, ss.; Mirgoon, 2b.; McKeon, c.; O'Connell and Burrell, pitchers.

Umpire—Van Cleef.

Toronto finally won out after a ten-inning battle by a score of 6—3.

It's a mistake to call Grape-Nuts simply a breakfast food.

It is more. All the nourishing elements of wheat and barley, so prepared as to be promptly absorbed by the system for rebuilding brain and nerve cells, and for storing up energy—the capacity to think and act—that's Grape-Nuts.

The flavour of this world famed food adds to its value by promoting the appetite.

"There's a Reason"

—The Calcutt Brewing Co., owing to the spring demand for lighter beverages began this week to brew six times a week.

Secure The Times Tomorrow.

The Times tomorrow will contain besides the regular gist of news, a full account of the laying of the corner stone of the new armories by the Hon. Frederick Borden and full account of the Kennedy-Hurtubise wrestling match at Toronto, all the scores in the Eastern, American and National baseball leagues and a full account of today's session of the six-day walk.

57th Regt. Will Turn Out in Full Strength Today

The following orders were issued to the 57th Regiment at the regular weekly drill held in the armories last night. Referring to regimental order No. 6 of the 14th inst., it is not to be for the information of all concerned that permission from headquarters has been granted to have the regiment parade as a guard of honor to the Honorable Minister of Militia. The commanding officer earnestly declares that the parade should be one of the best in the history of the regiment, more especially as the regiment will be inspected by the Hon. Dr. Borden, and the officer commanding the eastern command. It is again noted that the regiment with both bands, signal and stretcher sections will fall in at 2.15 p.m. sharp in the armories. The officers in command of the guard will be Capt. Mills, Capt. Hounsell and Lieuts Langford, Gemmell and Carruthers. Captain McWilliams is hereby detailed for special duty in connection with the ceremonies on the 22nd inst., and will report to the company at 2 p.m. that day. The color party will consist of Lieuts. Comstock and Gemmell, one sergeant, and two privates to be detailed later by the Sergt.-Major.

Leave of absence is hereby granted to Capt. Mclean.

The commanding officer has been pleased to make the following appointments; B Co., To be corporal provisionally; Pte. E. M. Pousette. To be Sergt. orderly room clerk, Sergt. E. W. Elmore. The following are taken on the strength of the regiment; B Co., Pte. J. and W. Hall, Simons, Parry, Hawkins, and Staunton. C Co., Pte. Elliott.

Details of duty for the week ending April 28th, Captain for the week Capt. Hounsell. Next for duty, Capt. McWilliams; Subaltern for the week; Lieut Hodgson. Next for duty, Lieut. Comstock.

Pope Wept Over Act of Sacrilege--Catholic Population Incensed

Austrian Woman Threw Away Consecrated Bread--Outrage Premeditated

Pope was Horrified

Rome, April 22.—The entire Catholic population of Rome is incensed at an act of sacrilege that was committed Sunday in the Pope's private chapel during the celebration of the Easter mass by the Pope. The congregation numbered about 200. All afterward partook of the Holy Communion. Among them were two women and a man, who had been admitted on the strong recommendation of the Austro-Hungarian Ambassador to the Vatican.

While the Pope was administering the Sacrament these three were seen to remove the consecrated bread from their mouths. One of the women was seen actually casting hers on the floor. The Pope was horrified. The offenders were immediately expelled from the chapel. They were recognized by the ambassador, who was present. Later they were identified as Prof. Fedtogen, of the University of Vienna, and his wife and sister-in-law.

The Pope, hiding his deep emotion and amazement, with a view to preventing a scandal, hushed up the incident. From the chapel the trio of offenders were taken to the majordomo's office, where they said they were not Christians and had received the communion through a mistake, and spat out the Host, not believing it to be consecrated.

The incident, in spite of all efforts at secrecy, became generally known and the Pope wept bitterly. He is convinced that the sacrilege was premeditated. The Austro-Hungarian ambassador will be recalled, it is said.

Sports

George Powell the Orillia horseman, arrived in town yesterday afternoon with a string of five horses which he will train on the track of the Driving Park this summer.

The following are yesterday's scores in the American and National Leagues;

NATIONAL.

Boston 0, Philadelphia 0, 6th inning.

Pittsburg 1, Cincinnati 6, 3rd inning.

New Yorkk 0, Brooklyn 0, 5th inning.

AMERICAN.

Philadelphia 4, Boston 0

Washington 5, New York 11, 5th inning.

St. Louis 3, Detroit 4, 3rd inning.

Chicago 1, Cleveland 3, 4th inning.

Ald. Johnston's Policy is Criticized

Yesterday a Times representative in conversation with a local gentleman a little more than conversant with insurance matters was asked, "How does Alderman Johnston base his remarks as to such a mark'd decrease as he promised if the proposed re-arrangement of the fire brigade is made?" This gentleman stated that instead of the promised 12 to 15 per cent. decrease to merchants and five per cent. to private citizens, if the brigade is changed as suggested, there will be an increase of possibly 20 per cent. Our informant thought that the new brigade, partly regularly paid and partly call men, will result in the city being placed in class D instead of class B as now. Here is a good opportunity for Ald. Johnston to give his authority for the promises he made as to decrease in insurance rates under the proposed new regime. It is well known that Ald. Johnston has the city's interests at heart and here is a good opportunity for him to silence those who criticise his policy.

New Books in Public Library

The following new books have been added this week to the Public Library;

History of America, eight vols.—Windsor.

The Measure of the Rule—Robert Barr.

Sheaves—Benson.

The War of 1908—Crabapple.

A Stumbling Block—Farmin.

Frank Haydon's Quest—Finnemore.

In High Places—Bacon.

East Peterboro Politician Portrayed

The Utica Globe of last week contained an excellent portrait of Mr P. McNulty, candidate for the Legislature in East Peterborough. In connection with the cut the Globe says in part;

Mr. McNulty is a very popular man in the riding and for years has been prominent in municipal politics. He has an united party behind him, and being a man of unusual ability with a large municipal experience, his prospects of election are considered excellent.

Cabinet Men are Guarded

Washington, April 22.—Extraordinary precautions to protect cabinet officials have been taken by the United States secret service as a result of the declaration of the government's purpose to suppress anarchy, which has aroused the "reds". Within the past two weeks anonymous letters threatening the lives of high government officials have been confiscated by the postoffice authorities. Their contents have been communicated to the President and action has been taken by Chief Wilkie of the secret service bureau to safeguard cabinet officials. Postmaster General Meyer is one of the recipients of this sort of communication. When he went to Boston Wednesday he was accompanied by two secret service men.

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heartburn," belching of gas, acid risings in throat after eating, stomach grasy or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion, or dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at its formula will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of the following native American forest plants, viz., Golden Seal root, Stone root, Black Cherrybark, Queen's root, Bloodroot, and Mandrake root.

The following leading medical authorities, among a host of others, extol the therapeutic roots for the cure of just such ailments as the above symptoms indicate: Prof. R. Bartholow, M. D., of Jefferson Med. College, Phila.; Prof. H. C. Wood, M. D., of Univ. of Pa.; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago; Prof. John King, M. D., Author of "The American Dispensatory;" Prof. Jno. M. Scudder, M. D., Author of Specific Medicines; Prof. Laurence Johnson, M. D., Med. Dept. Univ. of N. Y.; Prof. Finley Ellingwood, M. D., Author of Materia Medica and Prof. in Rennselaer Medical College, Chicago. Send stamps and address on Postal Card to Dr. R. V. Pierce, Buffalo, N. Y., and receive free booklet giving extracts from writings of all the above medical authors and many others endorsing in the strongest possible terms, each and every ingredient of which "Golden Medical Discovery" is composed.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. They may be used in conjunction with "Golden Medical Discovery" if bowels are much constipated. They're tiny sugar-coated...

Many Get Consumption in Spring Months

The System is Generally Run Down and Lacks Power to Destroy the Germ.

Winter takes the vitality and snap out of us all. Instead of being rich and healthful, the blood is sure to be thin and watery in the spring. An overpowering tiredness comes upon us—this is followed by dead weakness, loss of sleep, poor appetite and depression.

Doctors all say the only hope lies in supplying lots of new blood which must be brimming with vitality and building material.

The quickest way to get the necessary supply of vitalized blood is by taking Ferrozone. It establishes a high standard of blood, increases nerve force, restores bodily vigor in a truly marvelous way.

You are amply protected from spring fever and debility diseases by using Ferrozone.—This is proved by Mrs. E. J. Richards, of Manotick, Ont., who tells in the following words how she regained in health and spirit from Ferrozone: "For about two years I was not well. I was thin and anaemic. Towards spring I fell into a condition of nervous exhaustion that made life scarcely worth living. A dead tiredness seemed to hang over me like a load of lead. I simply could not do housework of any kind. A bad cough developed that worried me greatly, for I thought it might be tubercular. When I first read about Ferrozone I was convinced it was good. I took it regularly for about eight weeks and the change in my health was wonderful. My cheeks filled out and became clear and rosy. I gained eight pounds in weight and am now as strong and vigorous as possible."

Ferrozone feeds and nourishes the organs that require assistance. It sends the thrill and vim of robust health from head to foot, makes you feel better at once. Won't you use Ferrozone? Sold everywhere; 50 chocolate-coated tablets in a box for 50 cents, or six boxes for $2.50, at all dealers.

Morning Times

This paper is the only Morning Daily published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

Strangers visiting Peterborough are cordially invited to make their headquarters at the office of the Morning and Weekly Times, where they will be furnished with writing material, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $5 per year, strictly in advance.

HISTORICAL CELEBRATION IN QUEBEC

The three hundredth anniversary of the founding of the city of Quebec was considered by the inhabitants of the Ancient Capital to be an event worthy of special celebration. Plans were formulated for getting together the money required by Parliamentary grants and otherwise, and Quebec struck committees to have a jocund festival during the coming summer. There were others, however, and His Excellency the Governor General was amongst them, who saw no reason why the celebration festivities should be concerned only with the establishment of French rule upon the St. Lawrence. The Anglo-Saxon idea of utility was not content with a festival with after effects of a sentimental character only. No one but a popular Governor-General could have grafted on to the original celebration scheme the idea of commemorating the defeat of the people who founded Quebec upon the Plains of Abraham. Nor would the idea have been favourably entertained at Quebec at any other time than when an electoral appeal to the country was almost pending. The necessity of preserving for the old city, with its need of a Bridge and other things, and for the present brilliant and loyal Premier, whose constituency it is, the goodwill of the Dominion at large just at this juncture, has enabled the blending of these two widely differing celebrations to be effected. The presence of H. R. H. the Prince of Wales will ensure the success of the celebration. And the purchase of the historic battlefield of the Plains of Abraham, by popular subscriptions gives a practical turn to the festivities, which will satisfy English, as the grandeur of the pageants will gratify French Canadians.

The celebration is to be on a scale sufficiently large to make it of importance to the world of trade. The transportation companies will reap quite a considerable harvest from the travel. There will be some change in the direction of the provision business. A fleet of warships to be supplied, a little army of volunteer soldiers to be lodged and fed, probably forty or fifty thousand other visitors to be provided for—all that this implies should give business in the old rock city a decided fillip. We do not share in the fears expressed in some quarters of the ability of the dealers and business men in Quebec to cope with the commissarial features of the celebration.

Weak women get prompt and lasting help by using Dr. Shoop's Night Cure. Thabe drenching, healing, antiseptic suppositories, with full information how to proceed are interestingly told of in my book "No. 4 For Women". The book and strictly confidential medical advice is entirely free. Simply write Dr. Shoop, Racine, Wis., for my book No. 4. Sold by all druggists.

Lakefield Lady's Very Sudden Death

Mrs. Thos. Dunford, a well-known lady of Lakefield, died shortly after the noon hour in that village. Her death followed shortly after her return from a trip to Toronto the cause being a paralytic stroke. It seems that this generally respected woman went to Toronto last Thursday to visit her son Allan of that city. While on the way home she took ill and was conveyed from the Lakefield station to her home in a cab. Shortly after her arrival at her home Mrs. Dunford was taken with a deep attack and, falling over into a fold expired. She is survived by her husband, four sons, George of Rochester, Fred rick of Walkerton, Allan of Toronto, and W. H. of Dunnville, and two daughters, Mrs. Will Clements of Warsaw, and Miss Gertrude at home. Her sisters are Mrs. Richard Dunford of Monmouth, Mrs. George Scholds, East City, Mrs. Wm. Crealy, Burleigh, Mrs. John Donaldson, Allandale, Otonabee, and she has one surviving brother, Mr. Jno. Hermiston of Mather's Corners.

The funeral will take place today at two o'clock to the Lakefield cemetery.

Artistically Dressed Easter Windows

On Saturday morning a Times man noticing the tasteful and artistic window arrangements of Mr. A. W. Crossman's display window, had a talk with Mrs. J. C. Edwards, who is in charge of the decoration scheme of this establishment. A few minutes talk with this finished master of artistic window dressing quickly convinced The Times man that the arrangement of such a window scheme involves far more thought, taste and ability than would suggest itself to the casual passerby who, in many instances simply sees a pretty arrangement of colors and a certain amount of goods on display.

The arrangement of Crossman's Easter window, was a triumph of the dresser's art. The scheme was as follows:

The largest window was arranged with a central piece, an urn made of wood and paper mache, colored pale green surmounted by a huge broken Easter egg typical of the season. Above the egg is a handsome brass Cupid holding an electric light. Connected with both sides of the urn are artistically shaped devices of wood covered with white material, covered with apple blossoms and natural foliage. These wooden scrolls are tastefully trimmed and show a pedestal on which was placed a large drooping natural fern. The scroll work was lighted by frosted electric lamps. The background showed bullrushes, a very pretty effect made by applique work composed of green and brown filled in on silk Brussells net. The goods displayed here showed the latest novelties in women's Easter wear.

The south window was decorated by lattice work in the back corner and twined with ivy vines and violets. To the left hand side of the lattice work there was a pedestal containing a large fern and to the right an electric lamp covered by a handsome shade, suspended by a heavy bronze chain; this latter was twined by ivy leaves. The goods shown here were black striped voiles and suitable trimmings. In the north window was a catchy display of women's shoes. This window was arranged to represent a sculpture study, the accessories being a table and chairs. On the table stood a modern desk phone and other properties usual to a study or den. Beside the telephone was a memorandum card supposed to convey a message from a wife to her husband reminding the latter, whilst on the way home to be sure and bring her a pair of Crossman's $2.50 shoes, as displayed in the window. The tout ensemble of the windows was most attractive and reflected great credit both upon the up-to-date establishment thus advertised and also on Mr. Edwards, whose efficient work it was due.

That languid, lifeless feeling that comes with spring and early summer, can be quickly changed to a tingling of buoyancy and energy by the judicious use of Dr. Shoop's Restorative.

The Restorative is a genuine tonic to tired, run-down nerves, and but a few doses is needed to satisfy the user that Dr. Shoop's Restorative is actually reaching that tired spot. The indoor life of winter nearly always leads to sluggish bowels, and to sluggish circulation in general. The customary lack of exercise and outdoor air ties up the liver, stagnates the kidneys, and oft-times weakens the heart's action. Use Dr. Shoop's Restorative a few weeks and all will be changed. A few days test will tell you that you are using the right remedy. You will easily and surely note the change from day to day. Sold by all druggists.

Mr. Peter Hamilton's Brother Dies in Lindsay

Yesterday the many friends of Mr Peter Hamilton of the company, of that name, learned with deep regret that the brother of this local citizen, Mr. James Hamilton, Lindsay, died in that town suddenly on Saturday, as the result of a paralytic stroke.

The late Mr. Hamilton was born here, a son of the late James Hamilton, who founded the manufacturing business so long conducted here by Mr. Peter Hamilton. The deceased was 65 years of age, and has lived in Lindsay for thirty-five years. During that time he has carried on an extensive carriage manufacturing business. He was held in universal respect and esteem. In politics he was a Liberal and a Presbyterian in faith. He leaves to mourn his loss a widow and two sons and two daughters. The sons are Mr. Alex. Hamilton, California, and Mr. Oswald Hamilton, Lindsay. The daughters are Mrs. R. H. Breckenridge, city, and Mrs. Carson, of Toronto. He also leaves two sisters and one brother, all resident in Peterborough—Mrs. Robert Innes, Mrs. John Cameron and Mr. Peter Hamilton.

NOW LISTEN!

Please read carefully what follows, and if you decide to take advantage of what the "Canada Southern Oil & Gas Co., Limited," of Tilbury, Ont. (no personal liability), is now offering you, the result will be that instead of getting 3 per cent. for your savings, you will get at least from 10 to 25 per cent. that others are harvesting.

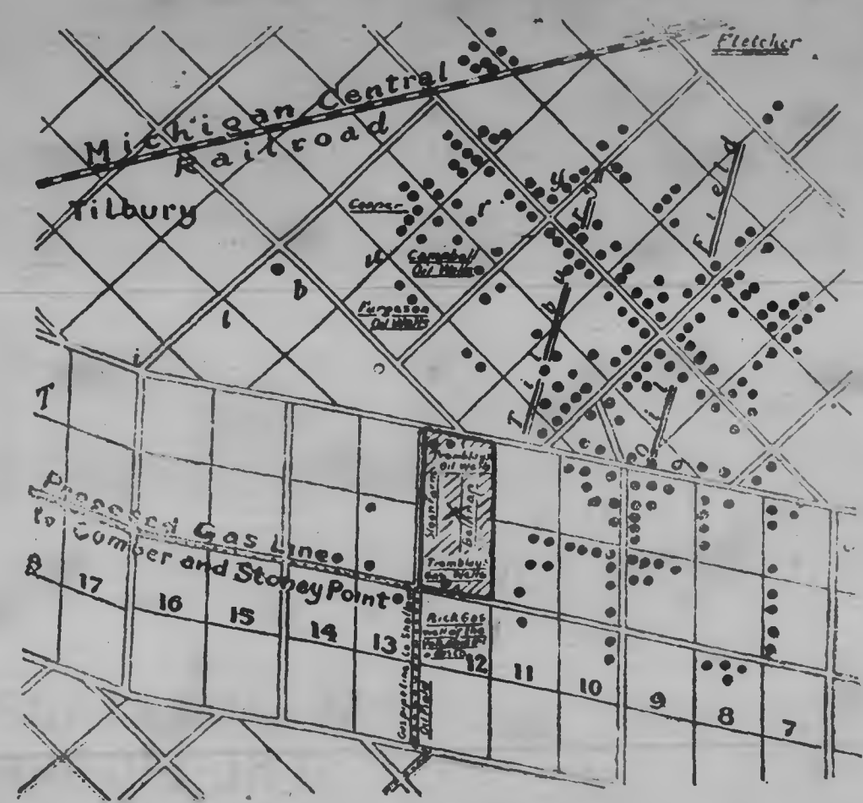
Your savings will be eight times more than the original amount by the mere fact of the higher rate of interest you will get.

Remember that this is no wildcat scheme, as you can see by the facts hereinafter mentioned.

Dr. Bell, the famous Canadian geologist, early in 1878 reported that there was an oil and gas field in the Townships of Tilbury and Romney County of Kent, Ont. As soon as the discovery of the oil was made in Tilbury in 1906, our American neighbors, who are experts in good things, did not hesitate to invest hundreds of thousands of dollars, and now, in fact, control the two thirds interest in our oil field of Tilbury; and this happened because we Canadians hesitated to invest a few thousand dollars in the exploration of the oil mines of Tilbury, which already give a monthly production valued at $75,000, without adding the revenue derived from the gas.

We have said that this is not a wildcat scheme, because the "Canadian Southern Oil & Gas Co., Limited," has secured an option at a very moderate price on properties situated in the oil and gas field of Tilbury, upon which three successful tests have been made, being Lot No. 12, M. R. N., Tilbury East, 200 acres, indicated with a cross upon the map of the field.

COUNTY of KENT, ONTARIO



Three wells only have been drilled at an average depth of 1,400 feet. The first one proves to be a rich gas well, the two others are good oil wells, combined with a strong production of gas.

The Company has also secured the franchises for the distribution and sale of natural gas into the Townships of Romney, Tilbury East, North and West and also into the thriving villages of Comber and Stoney Point.

The gas well is properly equipped and already is supplying the motor power to the Romney oil field and is getting one-third of the gross revenue of the gas sold.

The oil wells are completely equipped with one 15 H. P. gas engine, derrick, tanks, boiler, pumps, tubing, pipe-line, jerk-line, jack, etc., and are producing daily. The oil is sold to The Imperial Oil Company, Sarnia, and is delivered at the tanks and shipped through its pipe-line to their Marquette R. R. Station at Merlin, a distance of 3 miles.

Our properties are already giving daily a net revenue of about $85.00—that is to say, more than 10 per cent. of the whole capital stock of the Company.

This revenue may be made four times greater by the drilling of other wells and the construction of the gas-line to Comber and Stoney Point.

Fritz Cirkel, Esq., of Montreal, consulting mining engineer and mineralogist to the Dominion Government, who lately made an inspection of said property, concluded his report as follows:

"In summarizing the actual results already obtained from the operations of the Sloan (wells the writer is forced to the conclusion that the property under consideration is a very valuable one. Located as it is in the western extremity of the producing Tilbury oil field, in close proximity to wells which produce from 40 to 60 barrels of oil (and even more) per day of 24 hours (I refer to the Ferguson Campbell and Cooper properties, located about 2,000 feet distant to the north, see plan attached hereto), it bids fair to become a producer of oil and natural gas of no small measure.

The Tilbury field has already the reputation of being a large producer and powerful companies have entered the district with a view of securing properties of known and established value.

There is one factor to which I would like to draw your special attention and that is the future of natural gas. To-day, the market in that part of the country, for this commodity is not sufficiently large to dispose of all the gas the wells can produce but there is no question that in the near future factories will be established on central points, which will eventually consume for various purposes, especially for power, all the gas which can be produced in the field.

Besides this there are quite a number of towns and villages in the western part of the Niagara Peninsula, which may use the gas for heating, lighting, and also for power purposes and it is only a question of time when this will be realized.

The economy of the application of natural gas to power purposes is already evidenced all through the field, as coal or any other power cannot be regularly obtained, and that at high figures. Having therefore, a powerful gas well on the (Sloan) property, it is evident that a great saving is effected from this source alone; for instance, for the operation of ten oil wells, the cost of power required per day would amount to between twenty and twenty-five dollars, which, in 300 working days per year, would represent a saving of from six thousand to seven thousand five hundred dollars.

In conclusion, I may say that this property, with proper and economic management, can be made highly remunerative; I entertain, no doubt, that if properly developed, it will show similar results as those of so many other locations in the vicinity, whose developments have of so many other locations in the vicinity, whose developments have been so vigorously pushed in the past.

Respectfully submitted,
(Signed) FRITZ CIRKEL,
Consulting Mining Engineer and Mining Expert to the Dominion Government graduate Technical Academy, Germany."

Under the mathematical basis upon which profits can be estimated, an investment in the "Canada Southern Oil & Gas Company, Limited," is one of the best and safest investments in Canada.

This stock will double in value inside of a year. 65,000 shares are offered to the public as follows: 20,000 shares at 75c and 25,000 at par.

The cost of management will not exceed $2,500 a year.

Have secured a block of the

Calumet, Mancos' Oil and Mining Company's Stock

Par value $1.00

What they offer at 25c per Share for a short time

The property is situated at Mancos, Colo., and consists of 160 acres, fully paid for. The Company expects to secure at least 400 acres or more, we are negotiating for it now and the terms are satisfactory and there is coal on the same, and they also intend to secure some Coal Mines of which they have the refusal. Some of the best coal mines in Colorado are in this district, as well as some of the richest gold and silver mines. In fact this is one of the richest parts for mineral in the State of Colorado, and the Company has the refusal to several prospects on reasonable and easy terms.

In our opinion the prospects of the Company are very bright and a rapid advance in the price of the stock is sure to take place in the near future. Full information can be had by calling at our office.

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserve may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or Sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at an Agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each on and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of a homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father or mother.

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.

The Opal Serpent

By FERGUS HUME,
Author of "The Mystery of a Hansom Cab," "St. Mandarin's Pan," Etc.

Copyright, 1905, by G. W. Dillingham Company.

"Bah! he never had one. If you pity scoundrels, Paul, what are you to think of good people?"

"Such as Deborah, who is nursing my darling? I think she's the best woman in the world."

"I suppose that Matilda Junk creature had nothing to do with the murder?" asked Beecot senior.

"No. She knew absolutely nothing and only attacked Deborah because she fancied Deborah was attacking Maud. However, the two sisters have made it up, and Matilda has gone back to the Red Pig. She's as decent a creature as Deborah, in another way, and was absolutely ignorant of Maud's wickedness. Hurd guessed that when she spoke to him so freely at Christchurch."

"And the thug?"

"Hokar? Oh, he is not really a thug, but the descendant of one. However, they can't prove that he strangled anything beyond a few cats and dogs when he showed Maud how to use the roomal—that's the handkerchief with which the thugs strangled their victims."

"I'm not absolutely ignorant," growled his father. "I know that. So this Hokar goes free?"

"Yes. He would not strangle Aaron Norman because he had but one eye, and Bhewanee won't accept maimed persons. Failing him, Maud had to attend to the job herself, with the assistance of Tray."

"And this detective?"

"Oh, Ford, with Sylvia's sanction, has paid him the £1,000, which he shares with his sister, Aurora Quin. But for her searching at Stowley and Beechill we should never have known about the marriage, you know."

"No, I don't know. They're far too highly paid. The marriage would have come to light in another way. However, waste your own money if you like. It isn't mine."

"Nor mine either, father," said Paul sharply. "Sylvia will keep her own fortune. I am not a man to live on my wife. I intend to take a house in town when we are married, and then I'll still continue to write."

"Without the spur of poverty you'll never make a hit," grinned the old gentleman. "However, you can live where you please. It's no business of mine, but I demand as your indulgent father that you'll bring Sylvia down here at least three times a year. Whenever she is well I want to see her."

"I'll bring her next week" said Paul, thinking of his mother. "But Deborah must come too. She won't leave Sylvia."

"The house is big enough. Bring Mrs. Tawsey also. I'm rather anxious to see her. And Sylvia will be a good companion for your mother."

So matters were arranged in this way, and when Paul returned to town he went at once to tell Sylvia of the reconciliation. He found her, propped up with pillows, seated by the fire, looking much better, although she was still thin and rather haggard.

"I am so glad, darling," she said, holding Paul's hand in her thin one. "I should not have liked our marriage to have kept you from your father."

Mrs. Tawsey snorted. "Hir. Beecot par," she said, "ah, well, when I meet 'im if he dares to say a word agin my pretty"—

"My father is quite ready to welcome her as a daughter," said Paul quickly.

"An' no poor one either!" cried Deborah triumphantly. "Five thousand a year, as that nice young man Mr. Dust have told us is right. Lor', my lovely queen, you'll drive in your chariot and forget Debby."

"You foolish old thing," said the girl fondly. "You held to me in my troubles, and you shall share in my joy."

"Allays purvidin' I don't 'ave to leave the laundry in charge of Bart an' Mrs. Purr, both bein' indoosed of stillness, one with gin and t'other with weakness of brain. It's well I made Bart promise to love, honor and obey me, Mr. Beecot, the same as you must do to my own lily flower there."

"No, I am to love, honor and obey Paul," cried Sylvia.

"When?" he asked, taking her in his arms.

"As soon as I can stand at the altar," she replied, blushing, whereat Deborah clapped her hands.

"Weddin's an' weddin's an' weddin's agin," cried Mrs. Tawsey, "which my sister Matilder being weary of 'er upbraidin's 'ave made up 'er mind to marry the first as offers. An' won't she lead 'im a dance neddher—oh, no, not at all."

"Well, Deborah," said Beecot, "we have much to be thankful for, all of us. Let us try and show our gratitude in our lives."

THE END.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased.

Hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and now it have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing Hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds Nerveforce; it offers real, genuine heart help.

If you would have strong Hearts, strong digestion, strengthen these Nerves—re-establish them as needed, with

Dr. Shoop's Restorative

FOR SALE BY ALL DEALERS.

BUY

Prince Rupert

—AND—

Hazelton Lots

Having obtained inside information on property in both of these promising cities, and as I expect to receive choice of the first allotment of property to be put on the market, and will be on the ground to make selections, persons desirous of getting in on the purchasing of lots, can do so by making application in writing and enclosing check for $100.00, which entitles them to first choice of lots marketed, and at first price before they are offered to the public. In case you upon receiving the offerings from time to time of sales, do not purchase any, your money will be refunded.

In case you purchase, the money you put up to get this inside information and quotations will be applied on the first payment of your property purchased.

PRINCE RUPERT, it is almost needless to make any lengthy description on this place for we all know its the terminus of the Grand Trunk Pacific Railway, in B. C., situated on Kian Island, at the mouth of the Fraser River. It is estimated that owing to the great rush of gold seekers and others seeking wealth and new locations that Prince Rupert will have a population of 20,000 before next winter.

HAZELTON is another almost equally promising a city, situated at the head of navigation on the Skeena River, on the main line of the Grand Trunk Pacific, also being the junction point of the Line from Dawson City. With these and other existing natural conditions and the prospects of a great development, it is looked upon as a great place to advance.

If you want to get in right and on the bottom prices and get the pick of the stuff, write and accept this opportunity.

No triflers wanted or those seeking for information for curiosity.

DRAWER 1163, TIMES OFFICE.

How Reckless Men Lost Their Lives

Quebec, April 21.—The disastrous premature explosion, which occurred on the new line of the Transcontinental Railway on Saturday afternoon last, and which hurled nine workmen to instant death, has cast a gloom over the whole county of Bellechasse, but more heavily does the pall hang over the little parish of St. Cuegstan, where the disaster occurred, and within a stone's throw of which stood the homes of five of the unfortunate victims. The men were engaged in preparing the roadbed for the ties and were engaged in removing rock which obstructed the way, for which purpose they used dynamite. It was a repitition of the old story which has sent so many to eternity. The fuse was ignited and as the explosion failed to occur within the usual time the men approached to ascertain the cause, but when they were so close proximity the report was heard, and to the horror of those at a safe distance off, fully a dozen men were blown into space.

News of the disaster was quickly sent to the adjoining villages, and the startled inhabitants flocked to the scene while all the physicians within a radius of thirty miles hastened to render medical aid.

When the smoke had cleared, a gruesome spectacle was revealed as decapitated bodies and limbs were strewn in all directions, while three men named J. Chambord, A. Lacroix and M. Brochu were found lying close together about fifty feet from the explosion, fearfully injured. They were still alive, however, and to them, as well as the other victims, who fortunately escaped with lesser injuries, the necessary attention was diverted. They were removed to adjoining buildings.

Lacroix has both his legs blown off, while Chambord's right shoulder was taken off, and both his eyes blown out. These two men are not expected to recover.

The sad worhk of collecting the dismembered bodies of the nine victims was proceeded with, and many were the distressing scenes witnessed when the parents and relatives of the five youthful victims who resided in the parish where the disaster happened, gathered about to identify the bodies of their sons and brothers.

The parish of St. Cagetan is situated on the south shore about 40 miles below the city of Quebec.

There are about ten victims, who have been more or less injured, and some of them who are able to make the journey, will be removed to the Hotel Dieu Hospital at Levis, opposite Quebec for treatment, while the officials have seen that all necessary comfort and attention is provided for those who are in danger where they are now confined close to the scene of the tragedy. The district coroner Perron, will proceed with the inquest this afternoon.

POLICE

Yesterday afternoon Mr. James Reynolds, the sparring tonsorial artist of Port Hope, whose great vitality, superhuman youth and pluck have placed him in an enviable place among the crack pedestrians of Canada, had a talk with The Times at Brock street rink. Mr. Reynolds in conversation noted that in the present contest he preferred the position of referee to that of an active contestant. Now comes the part of the conversation only to be given as gathered "between the lines" of the of the talk. There is no possible doubt but what Reynolds is fully of the opinion he can beat Dave Hartley on a long walk. He thinks Hartley for his age is a wonder, but still thinks he can beat him. Mr. Reynolds while watching the Hiawatha Indian candidate "trying out" a turn round the rink against "General Tighe," a local citizen, remarked "That Indian will have to change his gait tonight. Why he's running every time the [illegible] of Bovee 'fits' [illegible] to think that Hoagland would have no trouble winning first place. Mr. Reynolds during the afternoon met a number of local citizens he knew in Port Hope many years ago.

Galbraith Coal Co., Ltd.

Non-personal Liability

Capital, $250,000.00 1,000,000 Shares 25c. each.

Good coal stock is a safe and sure investment. Galbraith shares are especially attractive.

Modest Capitalization **Large Coal Reserves**

This Company organized under the laws of the Northwest Territories of Canada, owns and operates the Galbraith mine located at Lundbreck, Alta. They have four vertical seams of coal traversing their property, aggregating over 40 feet in thickness. Three of these seams are developed to a depth of 350 feet, and as they pass through the Company's lands for nearly a mile, some idea of the amount of coal may be had.

Shipping Steadily

The present output of the mine is about 200 tons per day. These shipments will be rapidly increased, as the C.P.R. allows its cars to be loaded with coal for points in the U. S.

We are selling a limited number of these shares at the extremely low price of

30 CENTS PER SHARE

in blocks of 100 or over. Tight money in the States makes it possible for us to give this unprecedented offer in stock that will be paying dividends inside of six months, and you are sure to realize a handsome profit.

Parties ordering can send money by P. O. Orders, Express Orders or Bank Drafts, and we will have the stock issued direct to you. Full information furnished on request. Correspondence solicited. Reference, Bank of Montreal

IN SHORT FORM FOR BUSY READERS

Nothing doing at the police court yesterday.

—The 24th F.B., C.A., met last night at the East City drill hall.

—Dr. Greer continued his lectures on House Nursing last night at the Y.W.C.A.

—The George Street Methodist church choir did not practice last night, but will today at nine o'clock

—Captain Vivian Lancaster of Robervson, has been appointed as superintendent of the T.V.N. Co., and will move his family here in a few days.

—The funeral of the late Edward Divine, Junior, will take place from the family residence, 573 Bolivar street today at 8.30 o'clock.

—The young people taking part in the operetta, "A Day in Flowerdom," are requested to meet at the Conservatory of Music Hall this morning at 10.30 o'clock sharp for full rehearsal.

—A special meeting of Clan Alpine, Sons of Scotland, was held yesterday evening in the Orange Hall, for initiation purposes. Tonight in the S. O.E. Hall the banquet will be held which promises to be a great success.

—Yesterday about noon, a lady armed with a parasol, committed an assault at the corner of Hunter and George streets. The assault was on a bigger dog that attacked her canine. The big dog fled during the first round.

—Chief Roszel is again at the helm of the ship of law and order, after his Easter holiday in Simcoe. The chief noted that vegetation in Simcoe is more advanced than here. However whilst passing through Toronto he saw much snow.

—Mrs. Rich. Boyle, McDonnel street, wishes to thank her friends in Peterborough, and the Toronto members of the Second Canadian Contingent to South Africa, for the acts of kindness and sympathy they have shown her in the recent bereavement in the death of her husband.

—It will take about 200 men to bring down the drives of the Cavendish Lumber Co., this season. There are about two hundred thousand logs to come down

Those desiring to attend the banquet to be held tonight in honor of Sir Frederick Borden, Minister of Militia, in the Oriental Hotel, can procure tickets from either Major L. M. Hayes, or Aldermen H. Phelan or Geo. E. Elliott. As regard the platform seats for the corner-stone laying ceremony, it might be mentioned these have already been apportioned to invited guests. Col. W. D. Gordon of Kingston, officer commanding Eastern Ontario, will be present at the ceremony.

A "Hard Time" Ball

Last night Messrs. Gerald Rackham, Marlow and others received their lady friends at what the hosts called a "Hard Times Ball." This unique assembly, wherein terpsichore presided was quite interesting. Many of the local beaux and belles took part and tripped it until the supper was announced and partaken of. Even after the feature of the evening was concluded, those fond of dancing still continued "tripping it." The dance was held in the new Conservatory of Music Hall. The only hard times sight visible was a jocular arrangement of the hosts' arms.

Annual Vestry Meeting

The annual vestry meeting of All Saints' church, held Monday night, was unfortunately omitted in yesterday's issue. Rev. W. Major, the rector, occupied the chair

Mr. J. Edgar was reelected people's warden, and Mr. Frank Dawson will be the rector's warden. Lay delegates to the Synod are Messrs. J. H. McClellan, A. E. Davis and E. A. Wilcox.

The auditors are Messrs. Davis and Maughan. Finance Committee, Messrs. Butler, Hooper, Mulholland and the Church Wardens. Vestry Clerk, Mr. A. E. Wilcox; Representative of Board of Trustees to the Nicholls Hospital, Mr. John Green.

CITY AND COUNTY NEWS

DOINGS HERE AND THERE BY TIMES REPORTERS.

Veterans of 1866 Association

Members are invited to attend in a body the laying of the corner stone of the new armouries, on Wednesday, April 22nd, at 3.30 p. m., wearing badge and medal. J. D. Collins, Secretary.

Forgot a $3,000 Item

Belleville, April 22.—The tax rate of this city, fixed two weeks ago at 27 mills, will be reconsidered by the council, owing to the fact that the city treasurer forgot to tell the council of one item of $5,000 in revenue account. This will, it is said, reduce the rate to 25 1-2 mills.

Funeral This Morning

Last night a telegram was received here saying that the body of the late Mr. (E. Dwyne, of Bolivar street, who died at Chelsea Hospital, will arrive here by the Grand Trunk flyer this morning. The funeral will be held this morning at 8.30.

Belleville Regiment Invited

A Belleville despatch received yesterday says that an invitation issued by the 57th Regiment officers to Col. Ponton, to attend today's ceremony and "at home" in the drill shed, has been received there and that the old time good feeling between the officers and men of the 15th Regt. of that city, and the local regiment will probably lead to a hearty meeting by both at Quebec.

Fenian Veterans to Take Part

This afternoon the corner stone of the new armories will be laid in fitting style. In addition to the local semi-regular military organizations who will take part, the local survivors of the Fenian Raid of '66 will march in procession with the troops. Mr. J. D. Collins, secretary of the Veterans' Association wishes to announce that the members are urgently requested to be present wearing badge and medal.

No Foundation in Rumor

Yesterday The Times heard in several places, or to be exact, from exactly seven different citizens that Hoagland, the Auburn, N.Y. walker, had given up the contest and left the city. Not much attention was paid to these rumors until Mr. Geo. Stevens, promoter of the contest, drove by on George street, and was stopped by our representative. In response to a question put by The Times as to the truth of these rumors, Mr. Stevens, in evident anxiety, responded, "Well, say! I've heard these rumors myself. For goodness sake telephone to Chris Graham and find out." A telephone message to Mr. Graham quickly established the fact that Hoagland was very far from a quitter either of the city or the walk.

Reception by Officers of the 57th Regiment

After the ceremonies in connection with laying the corner stone of the new armories was concluded yesterday afternoon, at a few minutes past four o'clock those holding tickets of admission, duly marked by the Regimental coat of arms, and bearing the accredited names of those owning them, flocked into the old drill shed as guests of the officers of the regiment. This comparitively large building was almost filled to its utmost capacity by the guests. Under a canvas canopy to the west side of the building, the host of the day, Col. Arthur Stevenson, Mrs. Stevenson and Sir Frederick Borden received the guests as they arrived and were announced by one of the regimental members. The Colonel and his wife were most affable host and hostess respectively and quickly made each and every one of the hundreds of guests to feel thoroughly at home. Mrs. (Major) Mills and other ladies assisted in seeing that the guests were supplied with coffee, ice cream and other delicacies provided by the generous local regiment. The splendid regimental band, during the reception, which lasted from shortly after four until about 5.30, played many suitable selections.

The hundreds of ladies and gentlemen present, if not verbally, most certainly mentally voted the officers of the 57th Regiment as princes of the art of entertainment. Mrs. Stevenson, the charming official hostess of the afternoon, dressed in white brocade silk with gold trimmings certainly pleased all who presented their respects beneath the reception canopy.

Campbell-Bannerman Died Yesterday Morning

London, April 22. — Sir Henry Campbell-Bannerman died at 9.15 this morning.

London, April 22. — Sir Henry Campbell-Bannerman, former British Premier, died at 9.15 o'clock this morning at his official residence in Downing street. The end was peaceful. The cause of Sir Henry's death is officially given as heart-failure.

Sir Henry Campbell-Bannerman resigned the office of Prime Minister on April 5th, suggesting in his letter to King Edward, who was sojourning at Biarritz, Herbert H. Asquith, Chancellor of the Exchequer, and the then acting Premier, as his successor. Mr. Asquith was summoned at once by the King, and received the appointment a few days later.

In the death chamber when the ex-Premier breathed his last were his niece, Mrs. Campbell, who had acted as Sir Henry's hostess since the death of Lady Campbell-Bannerman a little more than a year ago; Dr. Burnet, Mr. Campbell-Bannerman's personal physician and who had been in constant attendance during his long illness, and Sir Henry's butler.

Gene Hurtubise Defeated Frank Kennedy in a Gruelling Wrestling Match in Toronto Last Night

Special to The Times

Toronto, April 22.—Eugene Hurtubise of Peterborough, won his wrestling bout with Frank Kennedy of New York, here tonight, securing the first fall in 43 minutes, 47 seconds, and Kennedy taking the second in 18 minutes, 20 seconds. Hurtubise secured the third and final fall of the bout on a foul.

The go was the most terrific wrestling bout ever seen in Toronto, and and the spectators were kept keyed to a high pitch of excitement through out the bout.

From the start Hurtubise kept Kennedy on the defensive, the men being very bitter towards one another. Kennedy exhibited very dirty tactics, but Hurtubise was after him all the time and threw him about the mat at his will. Finally, after 42 minutes of war-like gruelling, Hurtubise went at Kennedy in an unexpected way and got the stomach hold on him, crushing him with a bear-like hug until you could hear his bones fairly crack, causing Kennedy to go down on his back.

When they grappled for the second round the men went at each other hammer and tongs. Kennedy, finally getting the strangle hold on his opponent, but as the strangle hold was barred, Referee Edmunds warned the New Yorker. The men were parted and then both of them began roughening it. Kennedy tried to gouge Hurtubise, and finally after a period of 18 minutes and 20 seconds, he finally secured a half Nelson which the big fellow could not break.

At the start of the third and final round considerable bad blood was exhibited between both contestants, Kennedy showed his cleverness by getting away from his man, but was roughing it as much as possible.

Hurtubise threw Kennedy all over the mat, but finally Kennedy took another strangle hold and refused to leave go when commanded by Referee Edmunds. The police then interfered and a general melee occurred, the audience rushing to the stage. The men were parted but Hurtubise pushed six policemen aside and got his man. Referee Edmunds declared the Peterborough man the winner.

Had the men cut out the rough work no doubt Hurtubise would have got his man before he did. Hurtubise stripped, weighed about thirty pounds heavier than Kennedy. After match was over, articles were signed for a return match in Peterborough next Wednesday night.

SIR FREDERICK BORDEN BANQUETTED AT THE ORIENTAL

About One Hundred Representative Citizens Gathered Round the Festive Board with the Guest of Honor

Last evening a banquet was tendered to Sir Frederick Borden at the Oriental Hotel, when in the neighborhood of a hundred of the leading citizens of Peterborough, including the Mayor and City Council and the officers of the local garrison gathered to do honor to this visiting statesman.

The dining room was beautifully decorated with flags and bunting of the red, white and blue variety, and a very pretty effect was produced thereby. The service was beyond criticism and the affair was highly creditable alike to the committee and to Mr. Graham, the genial host of the Oriental.

The chair was ably filled by his Worship Mayor Rush, while on his right sat Hon. Sir Frederick Borden, Minister of Militia and Defence; T. E. Bradburn,, M.P.P., Hon J. R. Stratton, Col Stevenson and Col J. Z Rogers. On the left of the Mayor were Messrs. R. R. Hall, M.P., Col. J. W. Miller and Col. H. C Rogers.

When the menu had been fully exhausted, the chairman called the company to order and "the feast of reason and the flow of soul" began with due honors being paid to the King and to the Governor-General.

"Our Guest" was the toast of the evening and "his needless to say that it was received with the greatest enthusiasm.

In proposing the toast the chairman paid a tribute to the administration of Sir Frederick, and said the Government have done well in recognizing the importance of Peterborough as a military center in the erection of a handsome armory, and he trusted that as time passes and the city grows the Government's eyes will be more and more directed in this direction. The toast was received with "He's a jolly good fellow," and three hearty cheers.

Sir Frederick Borden thanked the company for the manner in which they had received the toast. He had had today the very great pleasure of being entertained right royally and had enjoyed the day as well as he had ever done at any time in his life. He was sorry indeed that his visit was to be so short. He had viewed this beautiful city, and had in the past heard a great deal of it from Mr. Hall, who never ceases to talk of it, and the officers of the department had for some time been looking upon Peterborough as an important strategetic point, so much so that the people of this city need not fear that full attention would not be given to the needs of Peterborough. He had viewed the various factories and was glad to note their prosperity. He was convinced no matter what might have been said in previous years, that there could be no doubt that a fair amount of protection must be afforded to the different industries of Canada. Unless we looked out for ourselves no one else would. We have not begun to touch the fringe of the resources in this country. Only eight millions of acres of land have been taken up in this country and there are yet 100 millions to be taken. Two years ago he had stated that ere long, instead of two hundred millions of bushels of grain, there would be a billion grown in Canada.

Our mineral wealth was hardly touched. Glance at the cheese exportations and see what we have done. He could not help thinking what a stupid thing the United States had done in excluding the trade of Canada from their doors. They forced this great country into the arena of competition with themselves in the markets of the world, and particularly that of the mother country. We have beaten them utterly in the cheese trade and they have no such rival in the world in this trade today. But we have learned a lesson— the lesson of self-reliance. We had learned to develop our own resources and to build up ourselves as a separate entity.

There is another lesson which we have learned and that is the fact that we owed a duty to our mother country in standing shoulder to shoulder with her in South Africa in 1899, and that we must assume our fair share in fighting the battles of our mother country in her times of trouble. He believed that act of ours had much to do with the prosperity which had been vouchsafed to us ever since. Discussing the subject of Imperial Federation, he said we used to hear a good deal about some sort of pact which should be made between the mother country and this country by which we should be bound to do certain things. But we do not hear much of these things now. But there will be something done in the future by the people of Canada, and that without any doubt.

He said we should be ready to do something and when the time comes let us do it. Let us begin at home with preparations for defence. He was content to let the navy remain in the hands of those who had handled it for 200 years and had handled it successfully. Great Britain was expending between $500,000 and $2,000,000 in maintaining military establishments in Canada. Canada had asked to be allowed to relieve the mother country of that expense and to maintain the military establishments itself. He was against militarism and wanted to see a condition of things that would prevent such a condition of things. He would like to see such a condition whereby every able bodied subject of Canada would be able to shoulder his musket when it became necessary to defend our country. Their first duty was to maintain law and order in this country and secondly to protect our country from invasion and again to assist the mother country in times of need.

Mr. Wm. Mullray rendered an excellent vocal selection.

"The House of Commons," was proposed by Mr. J. Hampden Burnham and in doing so he expressed his pleasure of listening to the address which had been delivered by Sir Frederick Borden, after which he proceeded in eloquent terms to trace the growth of civil liberty and free government from its earliest days to the present time.

Mr. R. R. Hall, M.P., was received with hearty cheers and "He's a jolly good fellow," when he arose to respond to the toast. He joined the Mayor in extending a hearty welcome to Sir Frederick Borden to our fair city, Discussing the necessity of drawing the trade of this country from west to east he showed how necessary it was to develop our waterways, and he knew of no better channel of trade than that by way of the Trent Valley Canal. Contracts were under way to the extent of $3,500,000 and he hoped by another year the whole of the work would be under way. The importance of the city was seen when we observed that while Peterborough stood seventh in population in the province and that it stood sixth in manufacturing importance.

Dr. Morrison proposed the toast of the Ontario Legislature. In doing so he extended a hearty welcome to Sir Frederick on behalf of the Board of Trade. The toast was vociferously received with the usual honors in the "Sir Isbm smiling."

Mr. T. E. Bradburn, M.P.P., said he was pleased to have been present at the ceremony during the afternoon and also to extend honor to Sir Frederick at this banquet. As it was the province of the Dominion to erect armories for the training of the soldiers so was it the province of the Legislature to erect structures for the development of the mind. He urged upon the hon. minister of militia the hasty completion of the canal.

Mr. W. S. Davidson sang "Harrigan" to the hearty applause of the company.

"The Peterborough Garrison" was proposed by Hon. J. R. Stratton, who suggested to the minister the great need which exists for a new rifle range.

Lt.-Col. Stevenson responded in an exceedingly humerous speech which kept the company in continuous laughter. He was followed briefly by Majors Young and Johnston.

Mr John Crane sang a stirring military song and the proceedings closed with singing "God save the King."

Immediately after which Sir Frederick Borden left for the train en route for Ottawa, and thus closed an eventful day in the military history of Peterborough.

CORNER STONE OF THE NEW ARMORY LAID YESTERDAY

By Sir Frederick Borden Minister of Militia

Interesting Ceremony

A few minutes after 3 o'clock the band of the 57th Regiment arrived at the scene of the coming ceremony, via Water and Murray streets. On arrival the band deployed to the right of the entrance from Murray street. They were immediately followed by the Fenian Raid Veterans, including Messrs. J. D. Collins, F. J. R. Mitchell, J. Sawyers, W. Langford, J. J. Davidson, J. B. MacWilliams and others. After them followed the 57th Regiment who marched in splendid style to the grand stand and on arrival there, formed twos until part of the regiment returned to the south side of the armory back of the colors. Then came the 24th Field Battery who, whilst preserving perfect order and discipline, had some difficulty in obtaining room in which to place their members.

Col. Arthur Stevenson opened the proceedings by thanking from the platform, the large crowd for their turning out in such large numbers. He said that day was a day of great gratification when a large number of volunteers turned out in 1837. These soldiers were followed by the Peterborough Rifles. Later on the 57th Battalion was formed, and a drill shed was built. Some of the members of the 57th have turned out at their country's call and some never came back. When one thinks of the size of this city compared with the Dominion our citizens have done nobly. He next paid a high tribute to Mr. R. R. Hall, M.P., to whose efforts the armories is largely due. He next referred to Hon. Sir Frederick Borden as a friend of the military men of Canada. He then introduced Mayor Rush.

THE MAYOR'S SPEECH.

Mayor Rush then came forward and said this is an important day for Peterborough, and for the Dominion. In Peterborough we have splendid bodies of infantry, artillery and cavalry. We are pleased that we have the honorable the Minister of Militia present. The efforts of the local militia are appreciated by the Government. Peterborough though far from the border, is admirably adapted for a military center. He again welcomed Sir Frederick Borden and wished the 57th Regiment ever success.

MR. R. R. HALL, M.P.

Mr. R. R. Hall, M.P., next arose and said this was one of the proudest days of his life. The Government of the day has given armories commensurate with the growing importance of Peterborough. The present armories here will lead the young men to work for their country. From a Canadian or any other standpoint the creating of a patriotic sentiment is most important. The young men will be ready to meet any enemy that may arise against Canada. Throughout the world importance has been paid to the art of building. The Greeks and Italians of old paid much attention to building, and the present armories is a masterpiece of the builders' art.

On invitation of Col. Stevenson, Rev. J. C. Davidson, chaplain of the 57th Regiment, raised a prayer in keeping with the day's events. He asked a blessing on the building and on the local troops.

Next, Col. Stevenson handed the silver trowel to Sir Frederick Borden; The Minister of Militia, after declaring the stone to be "well and truly laid," performed the usual function of smoothing over the mortar surrounding the base of the stone. The stone bears the following inscription:

CORNER STONE
laid by
SIR F. W. BORDEN.
Minister of Militia
April 22nd, 1908

Mr. Borden then went on, as he turned to the audience, to say that he would add a few remarks. He thought he and his colleagues had only done their duty to Peterborough in giving the city this armory. Some ten years ago he was in Peterborough and presented medals to the veterans at that time. Our late gracious Queen had authorized him to present medals to those who stopped the men who would have destroyed the country. He was a few hours here that time. He never saw the old drill hall until yesterday. Peterborough holds a strong strategical position in Canada. Had he seen the old drill shed, he would not have been willing to spend so much money here. (Laughter.) In the rebellion of '37 Peterborough did its share. A ball was given here for strategetic purposes, when Peterborough people went to Cobourg and stopped the Mackenzie movement. The soldiers of Peterborough are only getting what they deserve. He would carry his ideas of having homes for the soldiers in even the rural districts. He hoped that no room in the new building shall ever be used as a loafing room. He has heard rumors from places outside of Peterborough that rooms in armories are being abused and used for such purposes. He was glad to hear Mayor Rush say that the Government had been implored to spend money on the militia. There are people who talk about militarism and say the country is spending too much for a standing army. This is nonsense. It is only the soldier's duty to protect the hearth-stones of his country. We are all proud to recognize the flag that is a synonym of protection to the down trodden and oppressed. During the trouble in South Africa thousands of our young men were eager to travel thousands of miles to fight for that flag.

This ended the active ceremony of laying the corner stone. Here Col. Stevenson proposed three cheers for the King which were given heartily, and the band followed by the National Anthem.

Col. Stevenson then proposed three cheers and a "tiger" for the Minister of Militia.

Weak women get prompt and lasting help by using Dr. Shoop's Night Cure. These soothing, healing, antiseptic suppositories, with full information how to proceed are interestingly told of in my book "No. 4 For Women". The book and strictly confidential medical advice is entirely free. Simply write Dr. Shoop, Racine, Wis., for my book No. 4. Sold by all dealers.

Hoagland Now Leads by Two Miles and Six Laps--Harrison Doing Well

Blake in Second Place with Harrison and Stevens Close to Him

Excitement Runs High

The most exciting racing part of the tournament so far took place yesterday afternoon. Hoagland, Slater Blake did some remarkable walking, the latter making the prettiest sprint yet seen at the rink, when he passed Hoagland and Slater. The men set a heart breaking pace, considering the long grind of ten hours that was before them. Tom Slater after passing Harrison twice took second place and gained an additional lap of two laps on the local man who also surrendered the third position to Blake.

Hatton after going nearly five miles dropped out of the race, leaving nine men to fight it out for the prizes.

At 6.30 p.m., Tom Slater was forced to quit the race owing to the severeness of the cold that he contracted while building the scoring machine at the rink last week. Slater's performance was remarkable, as he went into the race a very sick man and would not have started in the walk at all if he had taken the advice of his friends. This is the first race in his career as a walker that he has quit, and would not have done so in this instance if he could have possibly helped it. He has always finished second to Champion Hoagland in all his races, and his gameness here undoubtedly goes to show that Hoagland is his only superior in the walking game.

The contestants walked a steady race throughout the evening; Hoagland, Fenton, Stevens and Graham sprinted occasionally. Dave Hartley retired from the race at 10.15 p.m., after going 75 miles and one lap, he being very fatigued.

The ten-hour grind of yesterday changed the position of the walkers considerably. With Slater out of the race, Blake moved up to second place, and Harrison went to third. Charlie Stevens is now in fourth place and Graham moved up to fifth position. Fenton walked a far better race yesterday and is steadily gaining on the leaders.

Today's session will be of four hours, commencing at 7.30 p.m.

How the Walkers Scored

	Miles	Laps
W. A Hoagland, Auburn, N.Y.	8	6
J. E. Blake, Jacksonville, Fla.	96	2
Jas. Harrison, Peterboro'.	95	1
Charles Stevens, Peterboro'.	91	4

Charles Stenner, Warsaw	81	7
Thos. Slater, Oswego., N.Y.	77	8
Ray Fenton, Auburn, N.Y.	76	3
David Hartley, Peterborough	75	1
R. J. Hatton, Toronto	45	

Mr. Whitney Will Announce Date of Elections Next Week

Toronto, April 23.—"There will be no announcement about elections this week, so you can rest your minds easy."

This was the statement made by Hon. J. P. Whitney to the reporters in particular, and the public in general, when the usual query was fired at him this morning.

Mr. Whitney declined to say any more about it.

Around the corridor, and in Provincial officialdom there is a feeling that the merry month of June will bring the struggle at the polls —probably early in June.

Mr. Sydere and Lieut.-Col. Delamere, Clerk and Assistant Clerk of the House, are preparing for the elections, so far as they can do so without knowledge of the date.

The Premier will probably announce next week the date of the election which will probably take place early in June.

Local Soldier Stabbed with Bayonet

Yesterday afternoon one of the rookies or new recruits of the 57th Regiment standing on guard in front of the "colors," to the east of the armories, had an accident. Whether he was impressed by the speeches just heard or coddled over them is unknown but his head dropped so that his bayonet stabbed him in the forehead inflicting quite a severe wound. The blood flowed freely and the wounded man was assisted by his comrades to the old drill shed. There is no fear of any serious complications.

The wounded man will however bear for the rest of his life a scar made by a bayonet. Fortunately the wound was, as would be expected by a Peterborough soldier, received "in front," and whilst "at the post of duty."

Private C.P.R. Car Has Gone

The trainmen car of Mr. J. R. Sullivan, of the construction department of the C.P.R. left the city yesterday attached to the "local." Mr Sullivan and staff have been in the city the last three days on private business. From putting one and two together, local wiseacres thought that the car and its occupants was here in connection with the Victoria Harbor Railway.

Local Artiste's Continued Success

Miss Wallis, formerly of this city and a daughter of the late Captain Wallis, one of Peterborough's pioneer steamboat owners has gained still another recognition of her artistic abilities. Miss Wallis has had three of her chef d'oeuvres accepted by the French salon, which are now on exhibition there. They include "Mon petit chou," a portrait of Mrs. W. Hosier and a basket modelled in bronze.

Harry K. Thaw Gets Habeas Corpus Writ

Poughkeepsie, N.Y., April 22. —A writ of Habeas Corpus was granted at White Plains today by Justice Morschauser on application of Harry K. Thaw. The application for the writ of habeas corpus was presented by Jas. O. Graham and the papers bear the signature of Harry K. Thaw.

Justice Morschauser on granting the writ made it returnable at Poughkeepsie on Saturday, May 9, at which time District Attorney Jerome of New York will be given an opportunity to oppose the proceedings for Thaw's release.

Sons of Scotland Hold Banquet

The first annual banquet of Clan McAlpine Camp, Sons of Scotland, was held last night in the Sons of England Hall, Hunter street. A large number of enthusiastic Scots and their friends sat down to partake of the appetizing viands provided.

During the evening a number of songs, recitations and instrumental music were rendered to the satisfaction of all present. The toast list was large, but everything was carried off successfully without a hitch. The toast to the Sons of Scotland was proposed by Mr. McKinnon and responded to by Mr. G. Gordon.

"The Ladies" was the toast proposed by Mr. Cameron and responded to by Bro. Glover.

Bro. Lang of Toronto, in the absence of the Grand Chief gave an address which was greatly appreciated.

The enjoyable evening was brought to a close with the singing of Auld Lang Syne.

Built Right

Brain and Nerves Restored by Grape Nuts Food

The number of persons whose ailments were such that no other food could be retained at all, is large and reports are on the increase.

"For 12 years I suffered from dyspepsia, finding no food that did not distress me," writes a Wis. lady. "I was reduced from 145 to 90 lbs., gradually growing weaker until I could have my bed only a short while at a time, and became unable to speak aloud.

"Three years ago I was attracted by an article on Grape-Nuts and decided to try it.

"My stomach was so weak I could not take cream, but I used Grape-Nuts with milk and lime water. It helped me from the first, building up my system in a manner most astonishing to the friends who had thought my recovery impossible.

"Soon I was able to take Grape-Nuts and cream for breakfast, and lunch at night, with an egg and Grape-Nuts for dinner.

"I am now able to eat fruit, meat and nearly all vegetables for dinner, but fondly continue Grape-Nuts for breakfast and supper.

"At the time of beginning Grape-Nuts I could scarcely speak a sentence without changing words around or 'talking crooked' in some way, but my brain and nerves have become so strengthened that I no longer have that trouble." "There's a Reason." Name given by Postum Co., Battle Creek, Mich. Read "The Road to Wellville" in pkgs.

Medicine in the Spring Needed by Everyone

Winter Weakens the System, Saps the Blood, Leaves Us Tired and Thin

Great epidemics break out in spring, such as fevers, pestilences, and infectious skin diseases.

Winter shuts us in from air and only the most robust get even a little sunshine. As a consequence of this unnatural mode of life, the blood becomes polluted, thin, colorless. Then we grow listless, dull, easily tired, have headaches and find our work a burden.

Reduced to this condition we become as easy prey to disease and fill hospitals and churchyards.

To rapidly form rich blood, to expel the accumulated humors that winter has stored up in the system, to call back the energy, endurance and vim that will make life joyous, just take Ferrozone, a spring cleanser, unequalled in medicine.

Ferrozone purifies by rebuilding nerve tissue and vitalizing the blood. The entire system soon feels the beneficient action of new rich blood; slow organs are stimulated to normal activity, expel poisons and wastes from tiffully, harmonious working of the system. Weak folks are restored and health becomes as natural a consequence as growth from moisture and sunlight.

Men and women fortify your nerves with Ferrozone, renew the blood through its marvelous blood-forming power, regain vigorous and enduring strength by its action upon appetite and digestion. Use Ferrozone if you want to be strong.

"I increased my weight seven pounds in one month and regained health that had been lost for two years—did this by using Ferrozone," writes Mrs. C. H. Maybee, of Cantertown. "Ferrozone brought me restful sleep and good digestion, enabled me to relish my meals and work hard all day. I consider it the finest tonic, the most nourishing medicine I ever used."

Try Ferrozone yourself, 50c per box or six boxes for $2.50, at all dealers.

Morning Times

This paper is the only Morning Daily published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

Strangers visiting Peterborough are cordially invited to make their headquarters at the office of the Morning and Weekly Times, where they will be furnished with writing material, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $5 per year, strictly in advance.

KEEPING DOWN FOREST FIRES

Fire protection is now-a-days regarded as one of the necessary expenses in a town of any size and standing, and forms a considerable item in the annual expenditure—to say nothing of the large sums spent every year by private citizens in the way of premiums to fire insurance companies. Protection of forests from fire is gradually coming to be recognized as an expenditure just as necessary and as profitable on the part of the Provincial and Federal Governments, which control a very great proportion of our forests. The vast losses which have occurred through forest fires are hinted at when it is said that in the valley of the Ottawa river, one of Canada's greatest lumbering districts, ten dollars' worth of timber has been destroyed by fire for every dollars' worth taken out by the lumber man.

The Miramichi, N.B., fire of October, 1825, with its loss of 160 lives and 250,000 pounds sterling, in property, has become historical in Canada, as in the U. S. have the Peshtigo (Wis.) fire of 1871 and the Hinckley (Wis.) fire of 1894, the two together being responsible for the loss of over 1,500 lives and millions of dollars' worth of property. Such fires, fortunately, are very rare. More frequently by far the traveller in the wooded districts comes across tracts of miles in extent where a fire has raged with the result that only a blackened waste is left, with charred treetrunks on every hand as a testimony of what the forest has once been there.

But the majority of fires do not get up into the trunks of the trees at all. These "ground" and "surface" fires, as they are known, burn in the soil of the forest, and run over the surface and pick up the fallen leaves and other debris on the ground. In this process the roots and bases of the trees are often wounded, and through the wounds made fungi gain entrance and attack the trees. In parts of the largest Dominion forest reserve (the Riding Mountain forest reserve. In Manitoba) it has been found that seventy-five per cent. or more of the poplar trees which form the greater part of the stand of timber there, are affected by rot which has gained entrance to the tree through this cause.

Forest fires have small beginnings, and often a few minutes' work when a small fire is discovered will save many hours' work and the loss of many thousands of dollars' worth of timber subsequently. It is in this fact—the possibility of discovering fires when they are small and then putting them out—that there lies the value of the systems of patrol which have been installed by the Dominion, Ontario, Quebec and some of the other provinces for the protection of forests.

JESUS' CROSS AND CROWN

Mr. Douglas Russell, the evangelist, who is now in Peterborough, is the author of a number of poems of much beauty.

JESUS' CROSS AND CROWN.

Under the gloom of a lowering sky,
Bearing the doom of our sin must He die;
Now all is past, but no one can say
why,
Over the universe such a pall came the night,
Jesus had nowhere to pillow His head
Till lying low when asleep are the dead,
Resting at last, with the tomb for His bed,
'Mid apparent defeat in the fight.

Dying, bereft, He the foe of its sting,
Harmless as once left He the venomous sting,
Rising victorious from death He will bring
A new life nought of nature can taint,
Freed is the victim and sheathed is the sword.
Who shall depict Him, all conquering Lord,
Worthy and glorious, His name be adored,
Be adored by both angel and saint.

Crowned as He seen, now no longer alone;
Nothing between, those He claims as His own.
Quickened upraised are in Him on the throne,
And have access within the rent vail,
Cast away sadness, and brood not o'er wrong,
Serve Him with gladness and laud Him with song.

That languid, lifeless feeling that comes with spring and early summer, can be quickly changed to a feeling of buoyancy and energy by the judicious use of Dr. Shoop's Restorative.

The Restorative is a genuine tonic to tired, run-down nerves, and but a few doses is needed to satisfy the user that Dr. Shoop's Restorative is actually reaching that tired spot. The indoor life of winter nearly always leads to sluggish bowels, and to sluggish circulation in general. The customary lack of exercise and out-door life ties up the liver, stagnates the kidneys, and oft-times weakens the heart's action. Use Dr. Shoop's Restorative a few weeks and all will be changed. A few days test will tell you that you are using the right remedy. You will easily and surely note the change from day to day. Sold by all druggists.

Uncle Sam's Only Friend

New York, April 14.—A. Heiburn, president of the Chase National Bank, who has returned from a two months' sojourn abroad, gave out an interview in which he said that what impressed him mostly while abroad was that European nations do not like the United States and would be glad to see us involved in a war with Japan.

Mr. Hepburn was formerly controller of the treasury, and is a recognized authority on finance. He said:—

"The one thing that most strongly impresses itself upon the mind of a careful observer in Europe at the present time, is the fact that the continent of Europe does not like the United States. They regard us as a bumptious people, that ought to be spanked into some sort of decorum, and they would welcome and rejoice in any international complications, not involving themselves, that would bring us into difficulties.

"We are their commercial and financial rivals. They think, or affect to, that their present financial and commercial difficulties are chargeable to us—their depression is a reflex of ours, accentuated by the $140,000,000 of gold which we took during December and January. The balance of trade in favor of the United States during November, December and January was over $300,000,000 and every dollar of gold we took was obtained by commodity bills, and yet they seem to think that Europe loaned it to us as a matter of favor.

"It is our growing importance as a naval and military power that most disturbs them. It disturbs the traditional balance of power as it has existed, and upon which their diplomacy has heretofore been based. Neither does the continent of Europe like Japan, and for similar reasons. Her recently achieved naval and military prestige and her English alliance have brought Japan to the front in the family of nations, an aggressive force that must be reckoned with in world politics. It adds a halt to territorial acquisition in the East, and from now on is likely to mark a recession in European influence in Asia. Concomitant therewith, European commerce is suffering a serious check and is bound in future, in view of the wonderful commercial adaptability and activity of the Japanese, to encounter a competition heretofore unknown. The 'yellow peril' that loomed large in the earlier stages of the Russo-Japanese war, still stalks the continent of Europe, although it is not politic to proclaim the same.

"It follows from this condition of affairs that nothing would be contemplated with greater complacency by the continental powers than a war between the United States and Japan. A tasting of the strengths and a wasting of the resources of these two powers, not involving themselves, would tend to restore their relative power and precedence in the council of nations.

"This explains the repeated rumors from Paris, Berlin and St. Petersburg of impending difficulties between the United States and Japan; the wish is father to the thought, and the continual prediction of trouble is made in the hope of inciting the same. They suggested some disaster to befall our fleet in its Pacific cruise. They consider Admiral Evans as something of a smash-buckler, and they regard the president as impulsive, and they seem to have really persuaded themselves that disaster or complication must ensue.

"The fleet proceeds on its journey not only without mishap, but has amply demonstrating its efficiency. The reception it received has proved the wisdom of the cruise, and no one can fail to read from it the closer ties between Britain and the Big Republic.

Successful Year By Bank

In these so-called times of depression it is interesting to note that the Banks in Canada continue to retain the confidence of the public and to assist the legitimate and manufacturing industries of the country. Prominent among these financial institutions is the Western Bank of Canada, which, on Wednesday, April 12th, inst., held its twenty-sixth annual shareholders' meeting at the Bank's headquarters.

The report of the Directors was of a most satisfactory character and encouraging to both shareholders and depositors.

During the past year, after paying all expenses of management the Western Bank earned a net profit of $88,—, equivalent to sixteen per cent. upon its paid up capital of the Bank. To this sum was added $46,433.56, balance carried forward from the previous year. It is interesting to note that no losses during the year were sustained. The Western Bank now has a Rest Account of $650,000. During the year the usual dividends were paid on stock amounting to $44,400, or at the rate of eight per cent. per annum. The success of the bank are of high and most conservative nature thus ensuring prudence to depositors. Mr. T. H. McMillan, the able Cashier is to be congratulated upon the splendid work accomplished by this bank which has resulted in the Western Bank of Canada, occupying a prominent place in the banking institutions of the Dominion.

Bound Book Bargain

Brand new books, bound in red grained cloth and good clear print on bargain which they last at only fifteen cents each. The following are a few of the many to choose from:—

Monte Cristo, Infelice, The Forty-five Guardsmen, The Woman in White, The Cunningham, Head of the Family, Ormond, Hearr Salvage, Hard Times, Elsie's Motherhood, The Countess Daphne, Forlogh O'Brien, Written in Fire, Home Influence, A Fatal Silence, Open Sesame, The Fever of Life, Darby and Joan, Patience Strong, William Allair, A Spoilt Girl, Jenifer, Like Dian's Kiss, Miss Kate, Daisy, Sabina, Holiswell Grange, The O'Donoghue, Naboth's Vineyard, Log Cabin to White House, After Long Grief and Pain, The Two Dreamers, Mrs. Rumbold's Secret, The Man in Possession, The Snowy Image, The Mill on the Floss, The Son of Porthos, Valentine Vox, Dame Durden, Mary Barton, A Troublesome Girl, Elsie Venner, The Duchess, The Sylvester, The Scarlet Letter, Her Week's Amusement, A Harvest of Wild Oats, Peg Woffington, The Heathen Chinee Etc., Grimm's Fairy Tales, Prince of Arcadia, The Best of Her Sex, North and South, Dahlias and Buttercups, Handy Andy, Annette, The Colonel's Daughter, Nicholas Nickleby, Jane Eyre, The Mystery o Mrs. Blengarrow, The Three Jar, The Wife Brunswickers, Oliphant, Tales and Sketches o the Colonel, Ashiel of the Ford, A Born Coquette, The Foggy Night at Offord, Sons of Sham, Barnaby Rudge, Maid for Bill Beauty, The Town of London, My Lord Conceit, All or Nothing, Queen Victoria, Tennyson's Poems, A Broken Blossom, Danesbury House, Fangs th Foolish, Beyond Pardon, Facing th Footlights, Eyes, Mrs Halliburton's Troubles, Vanity, Lazarus in London, The Life of Napoleon, Oliver Twist, Wing of Castle, East Lynne, John Halifax Gentleman, The Old Curiosity Shop, A Life's Secret, A Lone Mercy of Tiberius, Guilty Blonde, Falsely True, Sylvester Scott, The Three Musketeers, The Uncommercial Traveller, Under the Will, John Ward Preacher, Vicomte De Bragelonne, Harry Jocelyn, Daisy in the Field, My Lady Ludlite, Macaria, The Lady Noggs Mated with a Clown, Guy Fawkes, Arthur Gordon Pym, Beulah, Life of a Politician, Every Girl's Book, Twenty Years After, How They Loved Him, Uncle Tom's Cabin.

NOW LISTEN!

Please read carefully what follows, and if you decide to take advantage of what the "Canada Southern Oil & Gas Co, Limited," of Tilbury, Ont (no personal liability), is now offering you, the result will be that instead of getting 3 per cent. for your savings, you will get at least from 10 to 25 per cent. that others are harvesting.

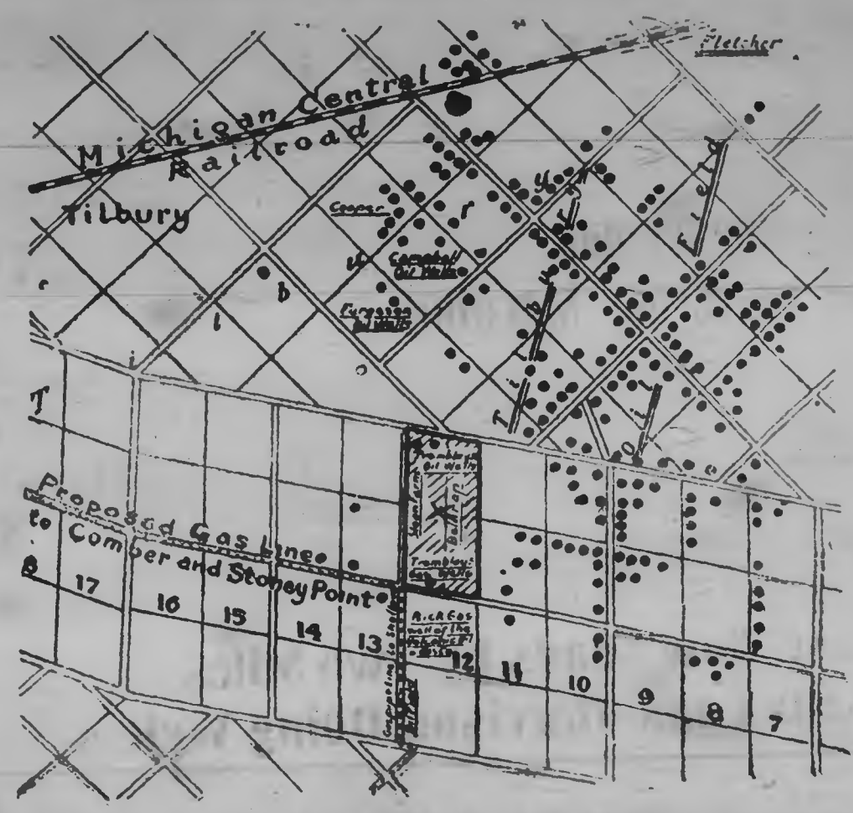
Your savings will be eight times more than the original amount by the mere fact of the higher rate of interest you will get.

Remember that this is no wildcat scheme, as you can see by the facts hereinafter mentioned.

Dr. Bell, the famous Canadian geologist, early in 1878 reported that there was an oil and gas field in the Townships of Tilbury and Romney County of Kent, Ont. As soon as the discovery of the oil was made in Tilbury in 1906 our American neighbors, who are experts in good things, did not hesitate to invest hundreds of thousands of dollars, and now, in fact, control the two thirds interest in our oil field of Tilbury; and this happened because we Canadians hesitated to invest a few thousand dollars in the exploration of the oil mines of Tilbury, which already give a monthly production valued at $75,000, without adding the revenue derived from the gas.

We have said that this is not a wildcat scheme, because the "Canadian Southern Oil & Gas Co., Limited," has secured an option at a very moderate price on properties situated in the oil and gas field of Tilbury, upon which three successful tests have been made, being Lot No. 12, M. R. N., Tilbury East, 200 acres, indicated with a cross upon the map of the field

COUNTY of KENT, ONTARIO



Three wells only have been drilled at an average depth of 1,400 feet.

The first one proves to be a rich gas well, the two others are good oil wells, combined with a strong production of gas.

The Company has also secured the franchises for the distribution and sale of natural gas into the Townships of Romney, Tilbury East, North and West and also into the thriving villages of Comber and Stoney Point.

The gas well is properly equipped and already is supplying the motor power to the Romney oil field and is getting one-third of the gross revenue of the gas sold.

The oil wells are completely equipped with one 15 h. p. gas engine, derrick, tanks, boiler, pumps, tubing, pipe-line, jerk-line, jack, etc., and are producing daily. The oil is sold to The Imperial Oil Company, Sarnia, and is delivered at the tanks and shipped through its pipe-line to Port Marquette R. R. Station at Merlin, a distance of 3 miles.

Our properties are already giving daily a net revenue of about $35.00—that is to say, more than 10 per cent. of the whole capital stock of the Company.

This revenue may be made four times greater by the drilling of other wells and the construction of the gas-line to Comber and Stoney Point.

Fritz Cirkel, Esq., of Montreal, consulting mining engineer and inspector to the Dominion Government, who lately made an inspection of said property, concluded his report as follows:

"In summarizing the actual results already obtained from the operation of the seven wells the writer is forced to the conclusion that the property under consideration is a very valuable one. Located as it is in the very centre of the producing Tilbury oil field, in close proximity to wells which produce from 40 to 60 barrels of oil (and even more) per day of 24 hours (I refer to the Ferguson, Campbell and Cooper properties, located about 2,500 feet distant to the north, see plan attached hereto), it bids fair to become a producer of oil and natural gas of no small measure.

The Tilbury field has already the reputation of being a large producer and powerful companies have entered the district with a view of securing properties of known and established value.

There is one factor to which I would like to draw your special attention and that is the future of natural gas. To-day, the market in that part of the country, for this commodity is not sufficiently large to dispose of all the gas the wells can produce but there is no question that in the near future factories will be established on central points, which will eventually consume for various purposes, especially for power, all the gas which can be produced in the field.

Besides this there are quite a number of towns and villages in the western part of the Niagara Peninsula, which may use the gas for heating, lighting, and also for power purposes and it is only a question of time when this will be realized.

The economy of the application of natural gas to power purposes is already evidenced all through the field, as coal or any other power cannot be regularly obtained, and that at high figures. Having therefore, a powerful gas well on the (Bland) property, it is evident that a great saving is effected from this source alone; for instance, for the operation of the oil wells, the item of power required per day would amount to between twenty and twenty-five dollars, which, in 300 working days per year, would represent a saving of from six thousand to seven thousand five hundred dollars.

In conclusion, I may say that this property, with proper and economic management, can be made highly remunerative; I entertain, no doubt, that if properly developed, it will show similar results as those of so many other locations in the vicinity, whose developments have of so many other locations in the vicinity, whose developments have been so vigorously pushed in the past.

Respectfully submitted,
(Signed) FRITZ CIRKEL.

Consulting Mining Engineer and Mining Expert to the Dominion Government, graduate Technical Academy, Germany."

Under the mathematical basis upon which profits can be estimated, an investment in the "Canada Southern Oil & Gas Company, Limited," is one of the best and safest investments in Canada.

This stock will double in value inside of a year. $5,000 shares are offered to the public as follows: 30,000 shares at 75c and 20,000 at par.

The cost of management will not exceed $2,000 a year.

Have secured a block of the

Calumet & Mancos' Oil and Mining Company's Stock

Par value $1.00

What they offer at 25c per Share for a short time

The property is situated at Mancos, Colo., and consists of 160 acres, fully paid for. The Company expects to secure at least 400 acres or more, we are negotiating for it now and the terms are satisfactory and there is coal on the same, and they also intend to secure some Coal Mines of which they have the refusal. Some of the best coal mines in Colorado are in this district, as well as some of the richest gold and silver mines. In fact this is one of the richest parts for mineral in the State of Colorado, and the Company has the refusal to several prospects on reasonable and easy terms.

In our opinion the prospects of the Company are very bright and a rapid advance in the price of the stock is sure to take place in the near future. Full information can be had by calling at our office.

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or Sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at an Agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of a homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father or mother.

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

In Spite of Aunt Merrivale.

By ETHEL DOUGLAS.

Copyrighted, 1909, by M. M. Cunningham.

Nancy started angrily as the porter dropped a suit case into the front seat of her section and Philip Graham followed him to the seat.

"This is ungenerous," she said teasingly when the porter had taken himself off. "How did you discover that I was coming?"

"I am afraid that you will not credit my protestations," said Graham soberly, "but I assure you that my surprise equals your own. I was telegraphed for not two hours ago. I had just time to throw a few things into the suit case and run for the train. I was under the impression that you were to remain with your aunt a week and that—last night would make no difference in your plans."

"Last night had nothing to do with it," disclaimed Nancy. "Father wired for me. I am afraid that it is serious, and you elect to follow me and annoy me with your arguments."

"I have already assured you of my entire ignorance of your presence on the flier," said Philip stiffly. "In proof of my good intentions I shall betake myself to the smoker until I am able to arrange an exchange of seats with the conductor."

He raised his hat and stalked forward in the direction of the cafe car, leaving Nancy with her feelings sadly ruffled. Only the night before Graham had proposed to her and had been refused. She was certain that her aunt, Mrs. Merrivale, had managed to get word to Philip that Nancy had been telegraphed for. His presence here was a part of Mrs. Merrivale's match-making plans.

Had she been left to herself Nancy would have accepted Graham; but, being a young person of spirit, she declined to be forced upon Graham or to have him forced upon her. From the beginning Aunt Merrivale's plans had been too obvious.

They were flying through the yard now. She could not leave the train.

GRAHAM PASSED HERE ON HIS WAY TO THE DINING CAR.

Of course Philip would be back later to explain that he was unable to effect an exchange into another car. Probably he would spend the evening across the section from her, and, unlike the men, there was no place to which Nancy could retreat.

She was genuinely surprised when presently a strange porter came for the suit case, placing another in the seat in its place. She smiled to herself with satisfaction. It was plain to be seen that she had shown Graham how she had penetrated his plan, and he had acknowledged his defeat. Idly she wondered if he would leave the train at Philadelphia; then mentally she scolded herself for taking any interest in Philip Graham's movements.

They were well past Philadelphia when Graham passed her on his way to the dining car, and Nancy rather admired him for his persistence in remaining away from her. At least he was too clever to betray his disappointment that his ruse had failed.

The night had settled down. Lights were dull, and reading was impossible. Nancy had answered the first call for dinner, and she resigned herself to killing the long hour until the berths were made up. The message calling her home had been vague in the extreme, and in its very vagueness it was the more alarming. Her father might be dying for all she knew, and the thought bore down upon her.

She was peculiarly sensitive to moods, and the atmosphere of the half deserted car was depressing. Through the closed door of the stateroom at her back came the wailing cry of a baby, to which was occasionally added the more lusty note of a growing child. Across the aisle a man played innumerable games of solitaire, the sharp whir of the shuffle punctuating his grunting, half audible comments at the run of bad luck. Just ahead two women were discussing dressmaking in shrill tones which rose above the steady rattle of the train, and here and there some man leaned idly back in his seat and turned his newspaper with a rustle that jarred on nerves already at a tension.

Nancy felt that she must scream. She had slept little the night before after her interview with Philip, and when at last she had been able to doze off she had been aroused to read the telegram calling her home. From then until train time it had been a steady confusion, and the meeting with Philip in the car had added the final touch to her nervous condition.

As he returned from the diner to seek the car ahead she half started from her seat, but sank back in confusion. It would never do to tell Philip that she needed him. He would think that she was seeking to renew the question of last night, and he would suggest that the need was permanent.

But as the minutes dragged past Nancy's discomfort increased, and at last she signaled the porter and directed him to go after Graham. The porter grinned understandingly as he went forward to the cafe car and presently returned with Graham, whom he presented with the proud air of accomplishment worn by the magician who extracts a rabbit from a hat.

"You are ill?" Philip asked, with grave concern, as he noticed the drawn lips and the feverish sparkle of her eyes.

"Not ill," she explained, "but I shall be presently if I have to sit here and listen to the wailing of those children, with no one to talk to. I thought—perhaps—you wouldn't mind doing a charitable act and talk to me for a little while."

"Philanthropy becomes a pleasure when it assumes so inviting a form," he declared, with a smile, as he sank into the seat beside her.

Graham was a capital conversationalist, and almost before she realized it the porter had begun to take down the berths, and Graham glanced at his watch.

"Don't go yet," pleaded Nancy, and Graham smiled.

"I was going to ask permission to wait until after the next stop," he said. "We can take a little walk on the station platform and get a breath of fresh air before we face the smother of the berths."

"There's the whistle now," said Nancy as she reached for her hat.

The train slowed down, and presently they were pacing up and down the platform. There was a sharpness in the air that was grateful after the overwarmed car, and Nancy was sorry when the warning came to get aboard again.

The porter from Graham's car approached them as Nancy resumed her seat. He handed Graham a telegram.

"I wired your father for more particulars," Philip explained when he had read the message. "Your aunt from San Francisco is visiting your father and wished to see you before she returns to the coast."

"Is that all?" Nancy's face expressed the relief she felt. "Isn't it odd I never thought of that? But I never told you that I was worried about father," she added.

"Not in words," he admitted. "I could see it in your face. And now that your mind is set at rest I shall say good night."

Nancy watched him until he had almost reached the end of the aisle; then she ran after him, catching up with him just as he reached the vestibule.

"Is that all you wanted to say?" she asked as she swayed lightly toward him.

"Not all I wanted to say," he replied, "but all that I was permitted to say."

"The rest is permitted, and the answer is 'Yes' this time," was the impulsive reply. "I'll marry you even if Auntie Merrivale does want me to."

And Graham's eyes smiled comprehendingly as he bent and kissed the rosy lips. He was not appreciative of matchmakers himself.

Colors in Dreams.

Red and yellow are the dream colors if Dr. Havelock Ellis is right. No other hues come to the dreamer of dreams. Simroth has declared that red is the most primitive of colors, and long ago protoplasm from which human beings derived their origin on the new earth probably responded to or was affected by red color waves.

In the depth of the sea the algae, or seaweed, are red. With the savage red is the favorite color, and for a bright piece of red calico African savages gladly would give valuable elephant tusks.

Red strikes the note of intense emotions. It is the color of joy, exultation, jubilation. Savages paint themselves red and rejoice at seeing each other in burning hues. German women of the early ages daubed their bodies with brilliant red and yellow and considered themselves most beautifully adorned.

On sacred festivals in Rome and Greece, Pliny records, red was smeared over the statues of Jupiter and was the color of religious rejoicing. The human eyes, it is said, can distinguish 100,000 different hues or colors and can appreciate and differentiate twenty shades of each hue. In other words, the eye is capable of 2,000,000 color impressions.

His Diamonds and His Paste.

Bob Palmer, the comedian, had been originally a billsticker, a fact pretty generally known among his colleagues of the stage. One evening when dressed for the character of Sir Brilliant Fashion he strutted into the greenroom with buckles sparkling on his shoes and a fine diamond on his finger. A brother actor inquired if his gems were real. "To be sure they are. I wear nothing but diamonds," was the reply, whereupon Bannister remarked, "I congratulate you, Bob, for I can remember when you were nothing but paste."

Palmer did not take the joke with becoming good humor, and an angry altercation ensued, which was only broken when Mrs. Jordan cried out: "Why don't you stick him against the wall, Bob? Stick him against the wall!"—London Telegraph.

The Moors of Today.

The Moors of today are the descendants of those who conquered Spain, who were practically paramount in the southern portion for two centuries and relics of whose wonderful buildings are to be found at the present day in that country. Indeed, it is strange to consider the position of the Moors of today when we see the work of their hands in past centuries, and the only explanation lies in the fact that they are unable to adapt themselves to modern conditions.

Crushed.

"Brudder Jones, if you didn't smoke, you might own a brick house, like what I does."

"Look here, man, don't you come pesterin' wif me like dat. You didn't git dat brick house by not smokin'. You got it by borrowin' mah newspaper to read an' mah clothes to wear an' mah vittles to eat. You may be a fly financier, but dat don't gib you no license to set up for a human cash box."

Serious Labor War May Occur in West

Winnipeg, Man., April 22.—The Federation of Unions of the mechanical departments of the western lines of the Canadian Pacific Railway and Canadian Northern Railway will fight any attempt on the part of the companies to either reduce wages or exterminate the unions. The Federation embraces in all about 3,000 men, 2,000 of whom are on the Canadian Pacific lines and 1,000 on the Canadian Northern. The men are preparing for May 1, when the notice received from the companies to the effect that all schedules will be terminated goes into effect.

No other communication has been received since and the two sides affected are closely watching each other's movements. The men have appointed a joint committee which will represent the Federation and treat with the companies.

The committee approached the companies asking for an interview on the matter, and the Canadian Pacific agreed to meet the committee representing the men on Tuesday. Application was made to the Canadian Northern Railway, but no reply has been received.

All employees of the mechanical department of the Canadian Pacific are affected with the exception of the car men. The men's committee stated that some person was advertising for machinists, blacksmiths and boiler-makers in the United States and for good roads in the Northwest. These might be American lines, and there was nothing to indicate that it was for the Canadian Pacific Railway. Advertisements were appearing in British publications for the same class of labor for Canada, but the committee could not say that it was being done with the object of displacing the union men of the West.

The unions, however, were taking steps to counteract the advertising in the Old Country. W. R. Trotter of the Dominion Trades Congress being there for the purpose of outlining the labor conditions of the country.

Canada's Demands are Impossible

London, April 22.—There is considerable consternation in London official circles, though naturally they are trying to keep the matter very quiet, regarding the uncompromising attitude now assumed by the Canadian Government in the boundary and other negotiations with the United States. As is well known, Canada has for some time pressed for the appointment of a permanent court of arbitration to decide these issues. The Canadians now say that in effect such a tribunal is the only body from whom they would take a decision. It is felt in London that if the effect of colonial self-government is to break through the diplomatic machinery of the world, the imperial legislature will have to tighten the reins with the view to preserving at at some future date the integrity of the British Empire.

The impossible nature of the Canadian demand may be seen in the well-known fact that no American government enjoys the powers of, say the British government, in the matter of diplomacy, and it is nothing short of a body with plenary, that is to say absolute, powers which Canada demands.

Even more serious, perhaps, is the total disregard of the imperial issues necessarily involved, for which the Canadian attitude is conspicuous. In fact, it is believed here that avoidance of all foreign office invention is the real object of the Canadian proposals.

Pain Tablets. Pain always means congestion — unnatural blood pressure. Dr. Shoop's Pink Pain Tablets simply coax congested blood away from pain centres. These Tablets—known by druggists as Dr. Shoop's Headache Tablets — simply equalize the blood circulation and then pain always departs in 20 minutes. 20 Tablets, 25 cents. Write Dr. Shoop, Racine, Wis., for free package. Sold by all dealers.

Ald. Johnston's Policy is Criticized

Yesterday a Times representative in conversation with a local gentleman a little more than conversant with insurance matters was asked, "How does Alderman Johnston base his remarks as to such a marked decrease as he promised if the proposed rearrangement of the fire brigade is made?" This gentleman stated that instead of the promised 12 to 15 per cent. decrease to merchants and five per cent. to private citizens if the brigade is changed as suggested, there will be an increase of possibly 20 per cent. Our informant thought that the new brigade, partly regularly paid and partly call men, will result in the city being placed in class D instead of class B as now. Here is a good opportunity for Ald. Johnston to give his authority for the promises he made as to decrease in insurance rates under the proposed new regime. It is well known that Ald. Johnston has the city's interests at heart and here is a good opportunity for him to silence those who criticise his policy.

New York, April 14.—Fifty farm hands employed on the country estate of William K. Vanderbilt, Jr., at Deepdale, L. I., were summarily discharged today. None of them know why. The superintendent of the farm, John T. Woolery, was also discharged, a fact which filled the neighborhood with amazement, for Woolery has been Vanderbilt's confidential man for years. Country people believe the sole reason to be Vanderbilt's determination to economize.

Weak Kidneys

Weak Kidneys, surely point to weak kidney Nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine scalds, or is dark and strong, if you have symptoms of Brights or other dangerous or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggist recommend and sell

Dr. Shoop's Restorative

Galbraith Coal Co., Ltd.

Non-personal Liability

Capital, $250,000.00 1,000,000 Shares 25c. each.

Good coal stock is a safe and sure investment. Galbraith shares are especially attractive.

Modest Capitalization **Large Coal Reserves**

This Company organized under the laws of the Northwest Territories of Canada, owns and operates the Galbraith mine located at Lead breck, Alta. They have four vertical seams of coal traversing the r property, aggregating over 40 feet in thickness. Three of these seams are developed to a depth of 350 feet, and as they pass through the Company's lands for nearly a mile, some idea of the amount of coal may be had.

Shipping Steadily

The present output of the mine is about 200 tons per day. These shipments will be rapidly increased, as the C.P.R. allows its cars to be loaded with coal for points in the U. S.

We are selling a limited number of these shares at the extremely low price of

30 CENTS PER SHARE

in blocks of 100 or over. Tight money in the States makes it possible for us to give this unprecedented offer in stock that will be paying dividends inside of six months, and you are sure to realize a handsome profit.

Parties ordering can send money by P. O. Orders, Express Orders or Bank Drafts, and we will have the stock issued direct to you. Full information furnished on request. Correspondence solicited. Reference, Bank of Montreal

Try Again for Health

The Dangerous Weakness That Follows Should be Cured Now

One of the oldest physicians, after closely studying spring tiredness, says it seems to seek out the same victims year after year, and if this disorder is once overcome, one is very prone to contract it again.

The symptoms are common — no appetite — turn against your food, ache in back and limbs, nervous, and often melancholy, dyspeptic and languid.

"I had all the symptoms," writes Mrs. Eva E. Clarkson, well known in Chester. "I was discouraged, quite felt too poorly to bother with medicine. But I tried again for health. I used Dr. Hamilton's Pills. The very sight of food used to turn me sick; now I eat and digest like a growing child. I used to feel bloodless and starved, now I am well nourished and gaining in flesh. My face was haggard, full ridges, dark circles; now I am animated, have pink cheeks, bright clear eyes. A hard cough that used to rack my chest is gone. But best of all is the feeling of buoyancy and good spirits that displaces the awful tired, drowsy, melancholy fits that come on, and always with splitting headache, too. I hope my letter will induce others to use Dr. Hamilton's Pills—such a good honest, bracing tonic should be in every home, both for children and parents' use."

You have a woman's work to do in life — you have only a woman's delicate organism to do it with. You'll be vastly assisted with Dr. Hamilton's Pills, because they are good for women just as they are good for men and children, too. 25c. at all dealers.

CITY AND COUNTY NEWS

DOINGS HERE AND THERE BY TIMES REPORTERS.

Lieut. Leary Has Qualified

Lieut. Leary of the 24th P.B.C.A. of Peterborough, who went to Kingston some time ago, for two weeks to qualify as an artillery officer, received word yesterday that he has passed his examination and is now a qualified artillery officer.

To pass this exacting examination involves a great deal of study and hard work. The Peterborough officer is being congratulated by his many friends around the city.

Mr. Ferguson Brings Home the Cup

Mr. W. G. Ferguson of the local curling club has brought home from Toronto, as a result of his attendance at the semi-annual meeting of the Ontario Curling Association, the district cup won by Peterborough knights of the stone and broom last winter. The cup, which is a handsome result of the jewellers' craft is on view at the store of that true Scotch curler, Mr. Alex. Gibson.

Watering Contracts are Let

The Board of Works at their last session decided to let the street watering contracts for the coming season for three divisions. A communication was received from Mr. Luke Maloney, tendering for the western division for the sum of $415.00, or at about $24 more than last year. Mr. Jermiah Carew tendered for the western division at $380.00, and Mr. George McClellan at $397.00.

Mr. Justice Blodgett tendered for the eastern division at $490.50, the only tenderer.

No tenders were received for the eastern districts. The contract for the west division was let to Mr. Geo Blodgett at $380.75.

Mr. Justice Blodgett's contract of $490.50, for the eastern division was accepted.

--The small boy and the vigilant sentry yesterday, did not agree one cents worth when the latter, at the point of a business like bayonet, shoved the former away from the reserved space.

City Topics

IN SHORT FORM FOR BUSY READERS

—The 24th Battery boys drilled yesterday like veterans and wrote "spick and span" as court any English Regiment show up on parade in Aberdeen.

—Mr. Chas Jamieson the local sugar beet manufacturer is laid up with a dislocated shoulder. The accident during winding was done at Mr. Jamieson's delivering goods at a Hunter street hotel.

—Yesterday a gang of men were busy on Aylmer street straightening the poles of the Peterborough Light and Power Company's lines.

—Local flour millers throw out the somewhat embarrassing statement that there will be no reduction in the price of flour. Were the prices reduced the local supply of flour would be correspondingly reduced.

—The annual vestry meeting of St. Mark's Otonabee, will be held on Monday, April 27th, at 8 o'clock, at the church. All members are requested to attend.

—Mark street W.M.S. will hold their annual thank offering meeting in the church this afternoon at three o'clock. Mrs. Keith will give an address and all auxiliaries of the city are cordially invited to attend.

—Tomorrow morning Mr. M. C. Tooley is sending 20 men out to Mr. Giles Stong to work, for Holland & Grey of the North Shore Lumber Co.

—Mr. W. P. Robinson leaves on Monday morning with a large gang of men to work for the Cavendish Lumber Co., on the Scott's limits. Mr. Robinson expects to be away for the whole summer.

—The Peterborough Manufacturers' Association will hold a meeting in the City Council chamber at eight o'clock this evening to discuss the recommendation made by the Fire, Water & Light Committee regarding a part paid and part volunteer brigade.

Pimples easily and quickly checked with Dr. Shoop's Magic Ointment. To prove it I will mail a small trial box as a convincing test. Simply address Dr. Shoop, Racine, Wis., I surely would not send it free unless I was certain that Dr. Shoop's Magic Ointment would stand the test. Remember it is made expressly and alone for swollen painful, bleeding or itching piles, either external or internal. Large jar 50c. Sold by all by all dealers.

—A special car attached to the west bound C.P.R. train on Tuesday filled with Queen's University students en route to their respected homes for the Easter holidays passed through the city.

—Yesterday Messrs. Frank Clarke & Son, the George street jewellers, placed a golden oak covered grandfather's clock seven feet in height in the Nicholls hospital. In this connection, it might be noted that both during the whole morning and afternoon a large crowd gathered in front of Messrs. Clarke & Son's George street window watching the walking match returns posted there.

Personal

—Miss Evelyn Robertson, of this city, leaves today for Watertown, N.Y.

—Miss I. Eastwood and her daughter, Miss Pearl returned to the city yesterday after an extended visit to Toronto and Hamilton.

—Miss Banks Clementi left per G.T.R. at noon yesterday for an extended visit at Millbrook and with friends at Ida.

—Mr. Charles J. Sullivan of St. Catharines, who has been visiting his cousin, Mr. Charles J. Cavanagh, returned home yesterday.

—Mrs. Arthur E. Hall of Auburn, left yesterday for visit friends in Ot City, Pa. She will also visit in Cleveland, Ohio, before returning.

—Mr. Howard Clarke of Melrose, Ont., is visiting friends in the city.

Summer Hotels Highlands of Ontario

The Grand Trunk Railway system announce that arrangements have been completed for two handsome additions to the chain of hotels throughout the Highlands of Ontario.

The Wawa Hotel on Lake of Bays, one of the finest summer hotels in the Northern resorts of Canada, is nearing completion and work is under way on the New Highland Inn situated overlooking Cache Lake at Algonquin Park station. The Highland Inn will be of the cottage type, cosy and comfortable in its appointments, all modern conveniences, colonial fireplaces in the dining and living rooms, spacious piazza and most charming outlook over lake, mountain and virgin forests; in fact all the comforts of civilization are transported into this virgin wilderness. Double daily mail service, telegraph and express facilities at this point, with excellent train service will make this hotel unique and attractive for a restful sojourn so remote from the turmoil of the cities, but yet with all necessary facilities for communication with the outside world. The High Inn is situated about 1500 ft. above sea level giving it by far the highest elevation of any summer hotel in Eastern Canada. A good boat livery and corps of guides will be maintained and tourists who desire to make extended trips through the waterways of the Park will be outfitted and provided for.

In every respect without rendering it necessary to bring any baggage excepting wearing apparel according to length of sojourn. These new hotels will provide every comfort and facility for the enjoyment of guests and the cost of accommodation will be reasonable that it will not deter anyone of moderate means from patronizing them. In addition to this they will cater to tourist trade from direct thirdair where the Grand Trunk is organizing trips of parties and individuals for a lump sum of expense including hotels from the time tourists leave home until they return. Such trips need not occupy more than the average holiday, say one month, and will embrace the ocean trip, an opportunity of becoming acquainted with Canadians and Canadian affairs and the entire cost will not exceed that of the usual summer holiday in Switzerland or other European Resorts.

Do You Open Your Mouth

Like a young bird and gulp down whatever food or medicine may be offered you? Or, do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine?

Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine. Dr. Pierce believes they have a perfect right to insist upon such knowledge. So he publishes broadcast and on each bottle-wrapper, what his medicines are made of and verifies it under oath. This he feels he can well afford to do because the more the ingredients of which his medicines are made are studied and understood the more will their superior curative virtues be appreciated.

For the cure of woman's peculiar weaknesses, irregularities and derangements, giving rise to frequent headaches, backaches, dragging-down pain or distress in lower abdominal or pelvic region, accompanied, ofttimes, with a debilitating, pelvic, catarrhal drain and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painful periods, in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and comparatively painless. The "Favorite Prescription" is a most potent, strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating nervine and cures nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs.

A host of medical authorities of all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say *for yourself* by sending a postal card request for a *free* booklet of extracts from the leading authorities, to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.

Mr. Clarke leaves today to visit his home in Elora.

—Mr. Charles J. Cavanagh left for Seattle, Washington yesterday.

—E. L. Goodwill, barrister, Peterborough, has returned home after spending Easter holidays with his father-in-law, S. J. Kilpatrick, University avenue.—Kingston Whig.

—Dr. MacNaughton, Assist Physician of Hospital for Insane, Mimico, and his wife have returned home after spending Easter week with the doctor's sister, Mrs. G. Learmouth, Stewart street.

Mesdames Hazlitt and Wm. Walsh and Miss Dickson left yesterday for a visit at Clifton Springs N.Y.

—Miss Hazel Sanderson is home from Queen's University, Kingston, for the Easter holidays.

Switches will be Attended to

As noted in The Times some ten days or so ago, we might remind our readers that the Peterborough Light & Power Co., are placing meters in all local houses where ten or more incandescent lamps are in use. The "flat" rate is dead on expiration of all contracts. Now comes the time when local housewives will pay as much or more attention to electric switches as to those bought at so much per ounce for personal adornment or for keeping that "Widow" hat on straight.

Hazelton Lots

Having obtained inside information on property in both of these promising cities, and as I expect to receive choice of the first allotment of property to be put on the market, and will be on the ground to make selections, persons desirous of getting in on the purchasing of lots, can do so by making application in writing and enclosing check for $100.00, which entitles them to first choice of lots marketed, and at first price before they are offered to the public. In case you upon receiving the offerings from time to time of sales, do not purchase any, your money will be refunded.

In case you purchase, the money you put up to get this inside information and quotations will be applied on the first payment of your property purchased.

PRINCE RUPERT, it is almost needless to make any lengthy description on this place for we all know its the terminus of the Grand Trunk Pacific Railway, in B. C., situated on Kian Island, at the mouth of the Fraser River. It is estimated that owing to the great rush of gold seekers and others seeking wealth and new locations that Prince Rupert will have a population of 20,000 before next winter.

HAZELTON is another almost equally promising a city, situated at the head of navigation on the Skeena River, on the main line of the Grand Trunk Pacific, also being the junction point of the Line from Dawson City. With these and other existing natural conditions and the prospects of a great development, it is looked upon as a great place to advance.

If you want to get in right and on the bottom prices and get the pick of the stuff, write and accept this opportunity.

No triflers wanted or those seeking for information for curiosity.

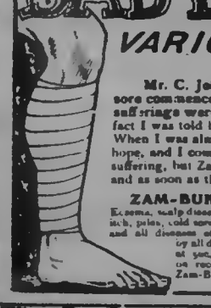
BAD LEG CAUSED 9 YEARS TORTURE

VARICOSE ULCER HEALED BY ZAM-BUK



Mr. C. Johnston of Poplar Hill Creek, Athabasca Landing, Alta., writes: "Nine years ago a running sore commenced on my right leg, caused by a ruptured blood vessel. As time went on it got worse and my sufferings were intense. I had a very sore leg indeed, and had very small hope of ever seeing it healed, in fact I was told by several who had known such sores that I should suffer with it for life. This was very discouraging. When I was almost in despair I heard of Zam-Buk and wrote to the Company stating my case. They spared me with hope, and I commenced with Zam-Buk, using it according to instructions. Other salves I had used caused me much suffering, but Zam-Buk soothed the pain, and although it appeared for some time to be doing little good, I persevered, and as soon as the wound became clean, it was only a matter of three or four days before my leg was healed."

ZAM-BUK CURES

Eczema, scalp diseases, pimples, boils, itch, piles, cold sores, cuts, ringworm and all diseases of the skin. Sold by all druggists and stores at 50c. box, or post-paid on receipt of price from Zam-Buk Co., Toronto.

Mr. E.G.Patterson's Views On a Paid Fire Brigade

Last night at eight o'clock when Messrs. Patterson, Denham and a few others were in the council chamber awaiting the opening of the Manufacturers' Committee meeting to discuss the proposed change in the local fire brigade, The Times remarked to Mr. E. G. Patterson, manager of the Canadian General Electric Co., "I suppose Mr. Patterson it would hardly do to ask't your opinion on this subject in advance?" Mr. Patterson replied, "You can use this for publication or not as you like. My opinion is that this city is large enough, has manufacturing establishments enough and has revenue enough to maintain a paid fire brigade. I think there should be at least ten paid firemen. The brigade should be under the charge of a paid chief who should be well paid and responsible for the brigade's work and discipline. The men should be also paid fair salaries. However, the main point—my contention is that the brigade should be under commissioners as are the police. The brigade should not be under control of the council at all. This would stop all political wire-pulling by members of the brigade.

Thousands of Afghans Join Tribesmen the British Must Fight

Simla, April 24.—A mixed force of British and Indian troops is at present being rapidly mobilized near Peshawur for another punitive expedition against the fanatical tribes who recently have been raiding and looting villages on the Peshawur border.

Ten thousand Mohmonds are gathered at Kamali, twenty miles from Peshawur and several thousand Afghans are said to have crossed the Kabul River to join the malcontents. Officials of the Ameer of Afghanistan are apparently making no effort to check this movement.

The British force now being organized near Peshawur will be commanded by Sir James Wilcocks who stamped out the recent Zakka Khel uprising.

MANUFACTURERS' ASSOCIATION ENDORSE ALD. JOHNSTON'S PROPOSED PAID FIRE BRIGADE

The Peterborough Y.M.C.A.

At a Meeting Held in the Council Chamber Yesterday Evening

Thoroughly Discussed

Last night it looked as though the meeting at which the proposed fire brigade changes were to be discussed, was not going to have a quorum. However there were eventually present, Messrs. Patterson of the C.G.E. Co., F. Dobbin of the Review Co., Jas. English of the English Cane Co., W. H. Denham of the Quaker Oats Co., Jas. Hamilton of the Peter Hamilton Mfg. Co., Ald. Turner, Fowler of the Cordage Co., and J. H. Learmonth of the Peterborough Light & Power Co.

At 8.15 Mr. E. G. Patterson of the C.G.E. Co., took the chair, and said he expected to see a larger meeting. He did not know exactly what the council intended to do. The local volunteer fire brigade has done well but it is now time for the city to have a paid fire brigade. He referred to the total destruction of the Hales Manufacturing Co. building at St. Catharines, and said Peterborough might have a bad fire at any time.

Mr. Denham of the Quaker Oats Co., next rose and said that in a city this size a volunteer fire brigade is not the thing. The critical point at every fire is during the first four or five minutes. Volunteer firemen, working at great distances from the fire hall cannot get to fires as promptly as required. Teams should be ready at all times to attend fires at their inception. Promptness at fires is the main thing. If it takes four or five minutes to get the men and teams to a fire the destruction done in those minutes might mean hundreds of dollars more than the salaries of the paid men. There should be a paid chief responsible to the authorities. If an assistant chief were appointed he should be one of the paid firemen. A paid brigade would save the city thousands of dollars a year in fire wrought destruction and also reduce the insurance rates.

Mr. Hamilton of the Peter Hamilton Co., next spoke, and said the volunteer brigade has done well. The city should look into the matter of fire insurance rates.

Mr. Jas. English agreed with the former speakers, but thought great care should be taken in changing the system. A big fire here takes as many men as a similar fire in Toronto.

Mr. E. B. Fowler thought there should be a paid brigade. He referred to the small number of men who arrived at a fire at their motor house at the Cordage Co. Works.

Mr. J. J. Turner, jr., said he had possibly given this subject more attention than anyone else present. This was due both to his company's interests and to his duty to the public. The Fire, Water and Light Committee recognized fully that the volunteer fire brigade had done well but the city wants more protection. The speaker then read the list of officers proposed and the three regular men at the fire hall at all times. The committee thought the chief should be fully responsible to the council. It would be on the interests of the city to have a chief in full charge paid a good salary. The city is now paying high enough insurance. If the insurance is to be reduced it is only to be done by a paid brigade. As a manufacturer he endorsed the action of the committee.

Mr. J. H. Learmonth of the P. L. & P. Co., endorsed the sentiments before expressed. He thought the insurance rates would be reduced by a paid brigade. The underwriters could not but take this matter under serious consideration.

Mr. F. Dobbin endorsed what the former speakers had said. A day may come when a bad fire would cost the city a large amount.

Ald Turner said that it would be at the discretion of the chief of the brigade to suggest later that he required more men. The council would more easily put more men on after the change is made than they could before.

Mr. Denham then moved, seconded by Mr. Fowler, that the Manufacturers' Association of Peterborough elect a committee to wait on the city council to submit a resolution carried by the association endorsing the appointment of a paid fire brigade.—Carried.

As regards the possible reduction of insurance rates dependent on the proposed change, Mr. Learmonth noted that he had, during the afternoon, spoken on this subject to City Clerk Armstrong. Mr. Armstrong had had considerable correspondence with the underwriters who would not commit themselves but would tell what they would or might do after the change had been made. The meeting then adjourned.

Closing Exercises at the Y.M.C.A. Last Night

The closing exercises of the Y.M.C.A. took place last night before a large and appreciative audience.

The evening opened with a selection by the Y.M.C.A. choir under the direction of Mr. McCann.

The fencing bouts were the next item on the programme and three lively go's were pulled off. The first mill was between Wallace and Brightman, and the winner turned up in the latter. Austen won his bout from Seasons, after some very pretty sparring with the end of this. Morley was the victor in the next affair easily beating Sharp.

The wrestling bout was a lively one, "Corny" Burns and Bob. Long being the principals. After a hearty three quarters of an hour Burns secured a fall and was declared the winner.

The obstacle race between the seniors and intermediates was won by the latter team.

The zebra contest was won by Britton over Duffus by one point.

The rope-climbing contest was a great success the competitors being Carter, Davenport, Austin and C. Frowd, the latter winning the test.

An amusing burlesque was the next number on the programme, the artists being Cressman and Daly, who called their act, "Dead and Alive."

Ernie Wilson was presented with the medal he won at the Garrison A. A. games in Toronto last fall.

The one boxing bout of the evening brought together Corey Burns and Chris. Graham, the decision given being a draw.

The balance of the programme was made up of a tumbling contest, a dumb bell drill, clown prize fight, and a burlesque basket ball game.

Toronto Lost Their First Game to Jersey City

The Toronto Baseball team lost to Jersey city yesterday in their first championship game by 4 to 0. The teams were given a reception at Jersey City before the game, and a large crowd was in attendance. McGinley and Brown were the Toronto battery, while Mason and Vanderbeck officiated for the "Skeeters." The scores in the Eastern League yesterday were as follows:

Jersey City 4, Toronto 0.

Baltimore 2, Montreal 0. 8in inning.

Great Britain Reserves Right to Consult the Colonies

Arbitration Treaty with U. S. Ratified by Senate for the First Time

Gist of the Treaty

GIST OF TREATY.

Questions not affecting vital interests, independence, or honor of contracting states, or third parties, to be referred to The Hague Arbitration Court.

Britain may first get concurrence of any self-governing colony affected.

Decisions not binding till confirmed by exchange of notes between the two governments.

Treaty to last for a five-year period.

Washington, April 23.—A general arbitration treaty between Britain and the United States was ratified by the Senate yesterday, and the signature of the President, and King Edward, and the formal exchange of documents is all that is required to give it effect. This is the treaty the Irish bodies throughout the continent sought to frustrate.

The notable feature of this treaty is the provision that any agreement made to refer a question to arbitration shall not be binding on the British Government until the agreement has been ratified by the Senate and its terms formally accepted by Great Britain after an exchange of notes. Frequently in the past treaties have been negotiated, and sent to the Senate for ratification, and that deliberate body has pigeonholed them for a long time, or let them die of old age in the Committee on Foreign Relations. No treaty is binding on the United States until it has been ratified by the Senate, but it has been held that a treaty is binding on England from the time of signing. The terms of the present treaty remove any doubt on that point.

TO CONSULT COLONIES.

Great Britain's reservation of any matters affecting the self-governing colonies is another important feature of the British treaty which does not appear in the pending treaty with France. Great Britain reserves the right to consult her self-governing colony before concluding an agreement. This is the first time such a reservation has been made in a purely diplomatic treaty, as distinguished from a commercial agreement.

The terms of the treaty are as follows;

Article I.—Differences which may arise of a legal nature relating to the interpretation of treaties existing between the two contracting parties, and which it may not have been possible to settle by diplomacy, shall be referred to the Permanent Court of Arbitration established at The Hague by the convention of the 29th of July, 1899, provided nevertheless that they do not affect the vital interests, independence, or the honor of the two contracting States, and do not concern the interests of third parties.

NOT BINDING UNLESS CONFIRMED

Article II.—In each individual case the high contracting parties, before appealing to the Permanent Court of Arbitration, shall conclude a special agreement defining clearly the matter in dispute, the scope of the powers of the arbitrators, and the periods to be fixed for the formation of the arbitral tribunal and the several stages of the procedure. It is understood that such special agreements on the part of the United States will be made by the President of the United States by, and with the advice and consent of, the Senate thereof, his Majesty's Government reserving the right before concluding a special agreement in any matter affecting the interests of a self-governing dominion of the British Empire to obtain the concurrence thereto of the Government of that dominion. Such agreements shall be binding only when confirmed by the two Governments by the exchange of notes.

Article III.—The present convention shall be ratified by the President of the United States of America by and with the advice and consent of the Senate thereof and by his Britannic Majesty. The ratification shall be exchanged at Washington as soon as possible, and the convention shall take effect on the date of the exchange of its ratifications.

Article IV.—The present convention is concluded for the period of five years, dating from the day of the change of its ratifications.

PREMIER WHITNEY,
Who will announce date of Ontario elections next week.

First Trip of the Season Monarch to Arrive Saturday

The steamer Monarch of the Otonabee Navigation Company, will arrive from Gore's Landing and Harwood tomorrow morning with a cargo of freight and passengers. A telephone message to The Times from Gore's Landing stated that the ice had disappeared off Rice Lake and navigation is now practically open.

The steamer Water Lily is ready for work and is waiting for the opening of the lift lock to make her first trip north. The steamer Otonabee is being put in shape for the season's work, and will be ready about the middle of May.

Bell Co. Office Leased Yesterday

Dr. J. W. Browett, optical specialist, who has during the past year had his office at the McDiarmid & Jury drug store yesterday afternoon leased the premises in the market building, 532 George street, recently vacated by the Bell Telephone Co. Dr. Browett has concluded arrangements made in his new quarters and will have one of the most modern and up-to-date optical establishments in Ontario. The doctor expects to take possession on or about May 4th.

Lieut-Col. Edwards Wires Congratulation

A telegram was received by Lieut.-Col. Stevenson of the 57th Regt., on Wednesday afternoon, during the ceremonies, from Lieut.-Col. E. B. Edwards of Edmonton, congratulating the colonel and the regiment, and expressing regret that he was unable to be present for the occasion. It will be remembered that Lt.-Col. Edwards, formerly of the local regiment always took a great and active interest in the Peterborough Rangers.

The Goula Separation is Final

New York, April 23.—Hopes for reconciliation between Mr. and Mrs. Frank Jay Gould have been practically abandoned both by the relatives of Mr. Gould, who is in Hot Springs, and of Mrs. Gould, who is at her Fifth avenue home. It was learned to-day that the summons and complaint were served in the action for separation on Gould last Thursday. This allows the defendant twenty days in which to file an answer.

So far Gould's lawyer, De Lancey Nicoll, has not appeared in court and there is authority for the statement that still another action will be filed against Gould before the expiration of twenty days.

More Than Money to Many People Here

A Simple Home Recipe Recommended to Elderly Folks

This is a simple home recipe now being made known in all the large cities through the newspapers. It is intended to check the many cases of rheumatism, kidney and bladder trouble which have made so many cripples and invalids and weaklings of some of our brightest and strongest people.

The druggists here have been notified to supply themselves with the ingredients, and the sufferer will have no trouble to obtain them. The prescription is as follows; Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce, and Compound Syrup of Sarsaparilla three ounces. Mix by shaking well in a bottle. The dose is one teaspoonful after each meal and at bedtime.

Recent experiments, even in severe hospital cases, prove this simple mixture the remedy for Rheumatism, because of its positive action upon the eliminative tissues of the kidneys. It cleans these most vital organs to filter from the blood and system the waste impurities and uric acid which are the cause of rheumatism. It cleanses the kidneys, strengthens them and removes quickly such symptoms as backache, blood disorders, bladder weakness, frequent urination, painful scalding and discolored urine. It acts as a powerful stimulant to the entire kidney and bladder structure, puts new life into them and invigorates the entire tract.

All the ingredients, mixed in well-known local druggist, are of vegetable extraction, making it a safe and harmless prescription at any time.

Those who suffer and are accustomed to purchase a bottle of patent medicine should not let a little inconvenience interfere with making this up.

Seven Walkers Remain in the Big Race---Making Fast Time

Hoagland Leads by Over Three Miles--Blake in Second Place

Exhibition Mile Walk

Last night was the fourth of the six-day walk, but the grind of four hours made no difference in the standing of the men. The start was made sharp on 7.30, and Blake and Hoagland immediately went out to increase their lead over Harrison. In the first hour Blake lapped Harrison, giving him a lead of a mile over the local lad. Hoagland also was in fine form, walking six miles in the initial hour, and 22 miles 1 lap for the four. Charles Stenner the Warsaw man also made a good table showing, making 17 miles and five laps for the night. Stenner is making a strong bid for fifth money but in order to get it he will have to pass Jim Graham, who has a lead of four four miles and three laps over him.

Several times during the evening Blake made an effort to increase his lead over Harrison, but the plucky local boy hung on like a leech and refused to be shaken off.

Charlie Stevens is one of the game-est of those taking part. This is his first race and he is making good, being in fourth place, but is over four miles behind Harrison.

Ray Fenton is still hanging on but unfortunately is away out of the money zone.

The evening papers last night stated that Hartley would start again but he did not appear on the track.

Jack Cooper of Toronto, who holds the record for a mile on the walk, went on the track in an effort to make seven miles in an hour but the best he could do was six miles and five laps. He will go out tonight after a mile record, and he expects to beat his own time of 7 minutes 42 seconds for the distance.

Tonight the start will again be made at 7.30, and some lively tilts are expected between Blake and Harrison.

How the Walkers Scored

	Miles	Laps
W. A. Hoagland, Auburn, N.Y.	120	7
J. E. Blake, Jacksonville, Fla.	116	11

Charles Stenner, Warsaw	99	5
Ray Fenton, Auburn, N.Y.	91	

Weak women get prompt and lasting help by using Dr. Shoop's Night Cure. These soothing, healing, antiseptic suppositories, with full information how to proceed are interestingly told of in my book "No. 4 For Women". The book and strictly confidential medical advice is entirely free. Simply write Dr. Shoop, Racine, Wis., for my book No. 4, Sold by all dealers.

Engine Driver Took it Coolly

Chicago, Ill., April 24.—A dispatch to the Tribune from Pekin, Ills., says; Governor Deneen had a hard time getting over the country from Quincy to Pekin yesterday, while on a speech-making trip. He had to take a hog train to get across to Pekin. The train took its own time about making the trip. A few miles out of Ilwaco it stopped. Passengers craned their necks to see what the trouble was and found the engineer sitting on the ties, talking to his wife, who had brought the children along for a visit. Household matters were discussed at great length. The wife was going shopping and found that she needed more money. The astonished passengers heard a debate whether it was better to paper or whitewash the kitchen this year. After the passengers began to complain the engineer climbed into his cab and the train proceeded.

Girl Fails in Attempt to Save Parents and Children

Battleford, Sask., April 24.— Miss Anna Matthews is the only survivor of a family of five as the result of prairie fire in the Tramping Lake district.

The father went to fight flames which were sweeping down on their little home and perished in the attempt.

The house took fire and Anna Matthews, 18 years of age, with her clothes ablaze, carried her five-year-old brother and sister to a place of safety and returned for her mother, but was too late.

The girl fought her way again through the sea of fire only to find the other children had wandered into the fire zone and perished.

GOOD SETTLERS FOR DISTRICT

Winnipeg, April 24.—Hundreds of German Lutherans from Iowa, Kansas, and Nebraska are preparing to emigrate to the Canadian West.

Thirty thousand acres of land has been secured for them in the Tramping Lake district.

They are a thrifty class of people and will make ideal settlers.

Another Through Line from Montreal to Winnipeg

Montreal, April 23.—The visit to Montreal of President Thomas Lowry, of the Sault Ste. Marie Railway, and the general manager of the line, Mr. Pressenden, during the past week, is understood to have had more important reasons behind it than any of the parties were at first willing to admit.

Before Sir Thomas Shaughnessy left for England, Messrs. Lowry and Pressenden held a conference at the head office of the Canadian Pacific Railway, the subject of which is understood to have been the purchase of the Great Western Railway by the Canadian Pacific through line from Montreal to Winnipeg, via Detroit and Minneapolis. This proposition has for some time been under more or less consideration, but has never been given such prominence as now. From the fact that officers of the Sault Railway, which is controlled by the Canadian Pacific Railway, have lately been inspecting the line of the Great Western Railway, there would now appear to be something tangible in the plans of those behind the scheme. With the Canadian Pacific Railway's present line from Montreal to Detroit, and the Sault Ste. Marie railway, a junction could be affected with the Great Western to carry the line on to Winnipeg. With such a system the Canadian Pacific would be placed in a commanding position in the United States transportation world.

Chicago to New York by Trolley

New York, April 14.—From Chicago to New York by trolley car in seven and a half days is the record established by Elliott Flower, of 6500 Woodlawn avenue, Chicago, who arrived here yesterday after travelling 1300 miles by through, local and interurban trolley service.

Mr. Fowler's object was to discover the extent and value of the enormous development of trolley systems throughout the country. He was able to make a continuous trip for the entire distance with the exception of three small breaks.

"I left Chicago early Sunday morning a week ago," said Mr. Fowler, "and arrived at Indianapolis the same day. It was necessary to bridge the gap from Kankakee to Lafayette by train, but from there nearly to Buffalo I used trolleys exclusively. There was a break at Hudson, N. Y., where I was forced to take a train to Tarrytown."

Eastern Railway System Decide to Raise Rate

New York, April 23.—Presidents of the great eastern trunk line railway systems had another meeting to-day in the rooms of the Trunk Line Association, where they have been discussing ways and means to relieve the railway situation. It was finally decided to make the announcement that the heads of the eastern systems favored a general increase in freight rates to meet the declining revenues of their roads and continued curtailing of expenses. The rates are to be advanced from 5 to 10 per cent. on special commodities so that the railway transportation business may be placed on a paying basis.

It is understood the advances will be as follows: First class freight, 10 cents per 100 pounds; second class, 8 cents; third class, 7 cents; fourth class, 6 cents; fifth class, 4 cents; and sixth class, 2 cents.

These increases are not heavy, but the increased revenue is expected to put the railways in the neighborhood of $150,000,000 per year.

Doctors Report Many Cases

Say that Spring Fever is Prevalent. Patients Feel Drowsy, Dull, Dead Tired.

How provoking to sleep well, but when you awaken to find some of the annihilation that rest and sleep should bring. You ought to feel alert, bubbling over with vim, but instead of this there's dullness, languor and disinclination to do things.

There causes for this sort of feeling—a lazy liver, lazy kidneys, and a lazy stomach, the last doing its work very poorly and compelling the other organs to perform a task they are unequal to.

Note the consequence—blood is filled with asie matter—poisonous substances weighing down the nervous system—rebuilding processes absolutely impossible.

Take Ferrosone and note the rapid change. Your appetite improves and your digestion soon is as good as ever. Your skin has its natural color, the sense of languor and unsteadiness if not entirely gone, comes back only occasionally, and then disappears.

You see Ferrosone restores all the powers of the body to normal activity. The reason you feel better is because Ferrosone is driving out all the poisonous wastes from the body.

Ferrosone imparts to the blood that element that is necessary to render the air you breathe vitally active and strength-giving. In the old condition it simply acted on the surface. Now it enters deeply into all the activities of the body.

Now you know that Ferrosone stimulates appetite and makes rich, red blood. Now you feel that Ferrosone gives strength, endurance, vim.

Ferrosone clarifies the brain, imparts tone and vigor to it, gives clearness and strength.

Your will power is as strong as ever, and your enjoyment of life has a new zest because so vigorously renewed.

As a bracing, uplifting tonic for man, woman and children—as a medicine for anaemia, weakness or nervous troubles nothing excels Ferrosone.

Try it, 50c a box or six for $2.50, at all dealers.

Morning Times

This paper is the only Morning Daily published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

Strangers visiting Peterborough are cordially invited to make their headquarters at the office of the Morning and Weekly Times, where they will be furnished with writing material, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $6 per year, strictly in advance.

WATERING THE STREETS

As the dust has again appeared the question of watering the streets during the summer months comes up for consideration. The most of citizens desire to have the business streets watered, and many are willing to pay to have residential streets also watered because of the benefits derived. But we all remember the unfortunate conditions that obtained last year, and previous years, which badly injured goods in the stores and caused a great deal of inconvenience and unpleasantness all round. Conditions were such that citizens were ashamed of them, and a good deal of dissatisfaction was shown when they were asked to pay for street watering which they did not receive and that at the most needful time. We need not here attempt to fix responsibility for the lack of judgment in bringing about this reign of dust through somebody's blunder, but citizens should be protected against the injustice of being asked to pay for street watering when it was not performed. There seemed to be a good deal of misunderstanding and confusion about the watering regulations in previous years. The question of street watering should be carefully considered by the council and decisive regulations submitted to those who are asked to sign a petition for street watering in the section of the town where they are most interested. Records should be kept of the days when the watering is done and an accurate statement should be prepared from which the rent and nothing more than the cost, should be the amount that those who have received the benefit should be called upon to pay.

Catarrh Cannot be Cured

With LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

Rome, April 23.—Turkey has ceded to the Italian demand for Italian post offices in Turkish territory in order to avoid a naval demonstration in her waters. Italy insists, however, that her other claims against the Ottoman Empire be recognized, and an active exchange of dispatches between Constantinople and Rome is going on.

News in Brief

Boston, April 22.—The Christian Science Sentinel to-day published the following statement on "War" from Mrs. Mary Baker Eddy:—

"For many years I have prayed daily that there be no more war, no more barbarous slaughtering of our fellowbeings, prayed that all the peoples on earth and the islands of the sea have one God, one Mind; love of God supremely and love their neighbor as themselves.

"National disagreements can be, and should be, arbitrated wisely, if they find fully settled.

"It is unquestionable, however, that at this hour the armament of nations is necessary, for the purpose of preventing war and preserving peace among nations."

Chicago, April 14.—Two hundred members of the Illinois Manufacturers' Association, the strongest commercial delegation that has been sent out of this country, will go to Japan, China and other eastern countries within the next six months to work for the extension of American trade. The Association will take the initiative in formally planting the flag of American industries in the Orient. This was decided last night, at a meeting of the directors of the association.

Accompanying the delegation will be several diplomats from the Department of State. It is the intention of the committee to call upon the Emperor of China, the Emperor of Japan, of both Korea and the Philippines.

Vienna, April 14.—Wilhelm Sidorowicz an ex-Lieutenant in the Austrian army has brought an action against the War Office, claiming 2,000 florins damages, 1,500 expenses and a pension of 1,575 a year for injuries incapacitating him which he received in fighting a duel at the command of his superior officer. Three years ago, while stationed at Prague, he had an altercation in a restaurant with a lieutenant named Kloss, in the course of which Kloss made some discreditable remarks about Lieut. Sidorowicz's regiment. Sidorowicz reported the incident to his colonel, and eight months afterward he was ordered to fight a duel with Kloss.

Des Moines, Ia., April 22. — With tragic death hundreds of rooters looking on in horror, Frank Rusk, a well known Des Moines baseball fan, swallowed two ounces of carbolic acid, and died in untold agony, when the score went against the Des Moines team in its game with Omaha yesterday.

Rusk's tragic demise, in full view of the grand stand and bleachers, caused a panic at the baseball park that resulted in the fainting of several women, while for a time it appeared the game could not proceed.

Rusk, it appears, has been having domestic troubles of late, and he was naturally somewhat despondent. The Des Moines team was not at its best, and when the shortstop missed an easy out Rusk gave a frenzied leap onto the diamond.

"I'm going to end this misery," or similar words he shrieked, as he raised the fatal poison to his lips. Then he sank down on the ground writing and twisting.

Pittsburg, April 23.— There was much trouble at the East Liberty station of the Pennsylvania Railroad yesterday morning and the Pacific express was delayed five minutes because the soulless corporation which makes Pullman cars builds their corridors so narrow that a woman cannot walk through them with her hat on.

A girl from New York started to get off at East Liberty, wearing her new Easter hat. When she attempted to pass through the narrow passageway at the side of the car her hat became wedged, and the more she tried to walk forward the tighter she stuck. The conductor angrily declared he would start the train with her still aboard.

The porter attempt d to push her forward, but it was no use. Then it suddenly occurred to the young woman to remove the chat pins. The porter helped her to lift the hat and it finally came off. When it had been turned sideways she reached the platform and the express pulled out five minutes late, but that measured thirty-six inches in diameter.

New York, April 23.—Downcast because she could not dress like the well-gowned women about her, a young woman jumped overboard at Coney Island, after a crowd of one hundred persons watched her stand on a jetty at the end of a bulkhead in front of the Parkway baths for a half hour. She was rescued by two bath attendants, on of whom dived into the water for her.

After half an hour's work, she became conscious, she said her name was Wilhelmina Gall, twenty years old, and that she had no home.

Copenhagen, Denmark, April 23.—This city is in the grip of a fire panic. Nearly 100 fires have occurred in the last three weeks, and all have been of incendiary origin. In fifty cases pits of petrol-soaked wood have been discovered in time to prevent damage. That there is a campaign of organized arson in progress has been proved, but the police have not made a single arrest. Both the police and the fire insurance companies are offering large rewards. Fire was set the other day to one of the finest houses in the diplomatic quarter. The crimes are attributed to persons out of employment who hope to start a boom in the building trade. Many persons have had narrow escapes, and nervousness is general. Nearly everybody is employing night watchmen.

Local Steeple-Jack Makes Plucky Climb

Yesterday morning at eight o'clock Mr. Ed. White of the Peterborough Light and Power Company staff had a somewhat sensational climb. This was from the roof of the city building to the tops of the flag pole to replace the flag halliard that had broken, thus enabling the Union Jack to be hoisted in honor of the visit of the Minister of Militia. The pole this young man pluckily climbed is fixed on the front of the building directly over Simcoe street. To show the danger involved in climbing the pole it might be noted that it is only six inches in diameter at the base and two inches thick at the top. The pole itself stands about 25 feet above the pavement and directly over it. The top of the flagstaff where Mr. White rested through the rope is some seventy-five to eighty feet from the ground. As an man who saw the feat remarked, "that man certainly earned his $5. I would not take a gift of the whole building and make that climb."

The annual vestry meeting of St. Mark's Otonabee, will be held on Monday, April 27th, at 7 o'clock, at the church. All members are requested to attend.

NOW LISTEN!

Please read carefully what follows, and if you decide to take advantage of what the "Canada Southern Oil & Gas Co., Limited," of Tilbury, Ont (no personal liability), is now offering you, the result will be that instead of getting 3 per cent. for your savings, you will get at least from 10 to 25 per cent. that others are harvesting.

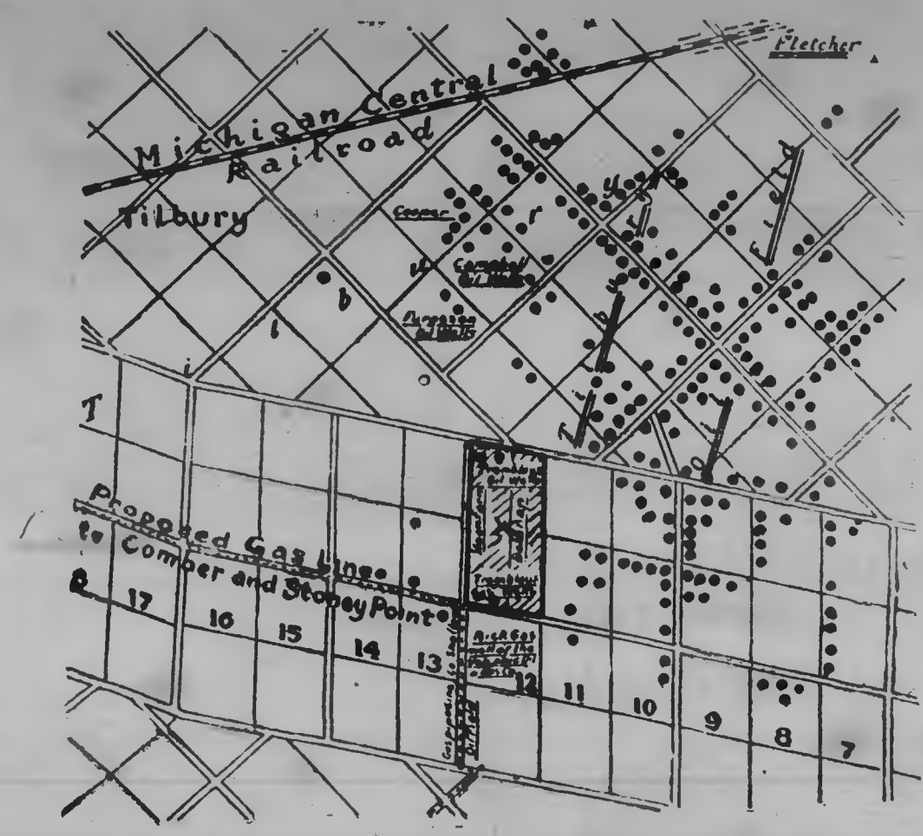
Your savings will be eight times more than the original amount by the mere fact of the higher rate of interest you will get.

Remember that this is no wildcat scheme, as you can see by the facts hereinafter mentioned.

Dr. Bell, the famous Canadian geologist, early in 1878 reported that there was an oil and gas field in the Townships of Tilbury and Romney County of Kent, Ont. As soon as the discovery of the oil was made in Tilbury in 1906, our American neighbors, who are experts in good things, did not hesitate to invest hundreds of thousands of dollars, and now, in fact, control the two thirds interest in our oil field of Tilbury; and this happened because we Canadians hesitated to invest a few thousand dollars in the exploration of the oil mines of Tilbury, which already give a monthly production valued at $75,000, without adding the revenue derived from the gas.

We have said that this is not a wildcat scheme, because the "Canadian Southern Oil & Gas Co., Limited," has secured an option at a very moderate price on properties situated in the oil and gas field of Tilbury, upon which three successful tests have been made, being Lot No. 12, M. R. N., Tilbury East, 200 acres, indicated with a cross upon the map of the field

COUNTY of KENT, ONTARIO



There wells only have been drilled at an average depth of 1,400 feet.

The first one proves to be a rich gas well, the two others are good oil wells, combined with a strong production of gas.

The Company has also secured the franchises for the distribution and sale of natural gas into the Townships of Romney, Tilbury East, North and West and also into the thriving villages of Comber and Stoney Point.

The gas well is properly equipped and already is supplying the motor power to the Romney oil field and is getting one-third of the gross revenue of the gas sold.

The oil wells are completely equipped with one 15 h. p. gas engine, derrick, tanks, boiler, pumps, tubing, pipe-line, jerk-line, jack, etc., and is producing daily. The oil is sold to The Imperial Oil Company, Limited, and is delivered at the tanks and shipped through its pipe-line to Port Marquette R. R. Station at Merlin, a distance of 8 miles.

Our properties are already giving daily a net revenue of about $35.00 that is to say, more than 10 per cent. of the whole capital stock of the Company.

This revenue may be made four times greater by the drilling of other wells and the construction of the gas-line to Comber and Stoney Point.

Fritz Cirkel, Esq., of Montreal, consulting mining engineer and mining expert to the Dominion Government, who lately made an inspection of the oil property, concluded his report as follows:

"In summarizing the actual results already obtained from the operations on Lot 12, the writer is forced to the conclusion that the property under consideration is a very valuable one. Located as it is in the southern extremity of the producing Tilbury oil field, in close proximity to wells which produce from 40 to 60 barrels of oil (and even more) per day, as shown (I refer to the Ferguson, Campbell and Cooper properties, located about 2,000 feet distant to the north, see plan attached hereto), it bids fair to become a producer of oil and natural gas of no small measure.

The Tilbury field has already the reputation of being a large producer and powerful companies have entered the district with a view of securing properties of known and established value.

There is one factor to which I would like to draw your special attention and that is the future of natural gas. To-day, the market in that in that part of the country, for this commodity is not sufficiently large to dispose of all the gas the wells can produce but there is no question that in the near future factories will be established on central points, which will eventually consume for various purposes, especially for power, all the gas which can be produced in the field.

Besides this there are quite a number of towns and villages in the western part of the Niagara Peninsula, which may use the gas for heating, lighting, and also for power purposes and it is only a question of time when this will be realized.

The economy of the application of natural gas to power purposes is already evidenced all through the field, as coal or any other power cannot be regularly obtained, and that at high figures. Having therefore, a powerful gas well on the (Sloan) property, it is evident that a great saving is effected from this source alone; for instance, for the operation of ten oil wells, the cost of power required per day would amount to between twenty and twenty-five dollars, which, in 300 working days per year, would represent a saving of from six thousand to seven thousand five hundred dollars.

In conclusion, I may say that this property, with proper and economic management, can be made highly remunerative; I entertain, no doubt, that if properly developed, it will show similar results as those of so many other locations in the vicinity, whose developments have of so many other locations in the vicinity, whose developments have been so vigorously pushed in the past.

Respectfully submitted,
(Signed) FRITZ CIRKEL.

Consulting Mining Engineer and Mining Expert to the Dominion Government graduate Technical Academy, Germany."

Under the mathematical basis upon which profits can be estimated, an investment in the "Canada Southern Oil & Gas Company, Limited," is one of the best and safest investments in Canada.

This stock will double in value inside of a year. 55,000 shares are offered to the public as follows: 20,000 shares at 75c and 20,000 at par.

The cost of management will not exceed $1,500 a year.

161 SIMCOE ST, PETERBOROUGH

Have secured a block of the

Calumet, Mancos' Oil and Mining Company's Stock

Par value $1.00

What they offer at 25c per Share for a short time

The property is situated at Mancos, Colo., and consists of 160 acres, fully paid for. The Company expects to secure at least 400 acres or more, we are negotiating for it now and the terms are satisfactory and there is coal on the same, and they also intend to secure some Coal Mines of which they have the refusal. Some of the best coal mines in Colorado are in this district, as well as some of the richest gold and silver mines. In fact this is one of the richest parts for mineral in the State of Colorado, and the Company has the refusal to several prospects on reasonable and easy terms.

In our opinion the prospects of the Company are very bright and a rapid advance in the price of the stock is sure to take place in the near future. Full information can be had by calling at our office.

ADVERTISE IN THE TIMES.

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or Sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at an Agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each of three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of a homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father or mother.

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.

ADVERTISE IN THE TIMES.

Two... Hermits.

By BILLIE MANATES.

Copyrighted, 1909, by Homer Sprague.

"Find me," Orville commanded, "the most isolated farmhouse in your district, where I can have comfortable accommodations for the summer and in no way be hampered in the creation of the book that at present exists in embryo within my brain."

After much skirmishing and scouring of the country Murray found what he thought he wanted and wrote his friend to come on.

Orville came by next train. Murray met him at the station in his big red car, and they sped down a broad, dust white highway.

"Looks thickly settled," objected Orville anxiously.

"We have only started on our road to nowhere," laughed Murray. "I'll cure you of your desire for solitude, I think."

Six miles farther he turned into a crossroad with farmhouses few and far between.

"This is better," declared Orville.

"It will keep getting better from your standpoint," retorted Murray.

On they sped until the car swerved and turned into what looked to Orville, like an overgrown copse.

"You don't mean this is a road?" he said as the car bumped and protested against the ruts and underbrush.

"No; just a lane, the only house on which is the one where I have engaged

HE PAUSED BEFORE IT FOR SOME TIME.

quarters for you. The Gliddens live there, but rent out their ground, as there will be no 'help' even—just Glidden and his wife; not a rural route delivery to break the monotony. I believe a peddler passes once a year. You can be lost to the world and, like the little girl in the song, have 'nobody nigh to hinder.'"

"Murray, this place was made for me!" ejaculated the young author as the car swooped down upon a white house nestled among the trees.

Murray helped him carry his belongings into the big airy bedroom and then returned to town, with a curious smile lighting his face.

The place proved ideal for Orville's purpose. The farmer and his wife were quiet people, little given to speech. They never disturbed him when he was at work even to the extent of summoning him to a meal. When hunger drove him from his work, no matter what the hour might be, food was prepared without an objection. A beautiful winding river with incurving shores swept through the farm, and here at eve Dick Orville was wont to repair for inspiration. Under these blissful conditions his ideas developed and unfolded charmingly. Then there came the inevitable ending.

"I am sorry," faltered his landlady one morning, "but Hiram went to the postoffice today, and he found a letter from a young lady in the city. She is an artist and wants to come here to paint and to be alone."

"Well, write to her that she can't come," replied Orville quickly. "I'll pay you double"—

"It's too late," said Mrs. Glidden. "You see, the letter was written a week ago. We don't get our mail only once in awhile. She said if she didn't hear to the contrary she'd come today. But I'll try and find her another place near here. The Allens take boarders. I may have to keep her overnight if she comes. Would you like to hear her letter?"

Before he could politely decline this proffer Mrs. Glidden began to read the letter, which was girlishly written. She said that she longed for a place where she could be quiet, some place that was remote from neighbors, where she could paint and dream at will; that a friend in passing the Glidden farm had thought it would be just the kind of place she craved and had written her about it.

Some of Orville's irritation vanished upon hearing the letter. There was a note of appeal in it, a reflection of his own mood, that touched him.

"She evidently craves solitude as much as I do and so she will avoid me," he thought.

"We might try it, Mrs. Glidden," he proposed, "and if I find her presence interrupts my work in any way we can ask Mrs. Allen to take her in. They have other boarders, and I imagine she wouldn't get the quiet there that she so evidently wants. I'll tell you what I'll do. I'll move my writing table and books and things down to the little cabin on the river bank and do my work there."

He proceeded to carry out this plan and remained in his new quarters the rest of the day. It was dusk when he came to the farmhouse for something to eat.

"She's upstairs," volunteered Mrs. Glidden. "She's awfully young and pretty. I told her I had a gentleman boarder who came here to be alone, and she said she wouldn't disturb you in the least."

But Orville wasn't interested in hearing of the newcomer. His mind was intent on a complicated situation in his book, and he paid no heed to what his landlady was saying.

Three days and nights intervened without an encounter of the two would be hermits. Once Orville came upon an easel down in the orchard. He paused before it for some time, lost in admiration of the talent displayed. Then he walked on to the river. That night he was unable to write. Memories he was striving to stifle were awakened by the bit of landscape he had viewed.

The next morning as he was seated at his writing table in the cabin making heroic efforts to concentrate his thoughts on his work, he heard the sound as of some one running. He went to the door and saw a young girl carrying a tin pail filled with artist's materials running toward the cabin in great alarm.

"Oh," she gasped, with a half sob, "save me. He'll follow me in here!"

In an instant Orville's strong right arm was about her shivering form.

"Kathie! Would I let any one or anything harm you?"

She lifted a white face.

"Oh, Dick! You? Why—you are not Mrs. Glidden's boarder—the one I've been hiding from?"

"Yes; but tell me, what frightened you?"

"The bull! He chased me down here through the meadows."

Orville placed her in a chair and stepped outside. In a moment he returned with the pail of paints and brushes.

"It's all right, Kathie," he said reassuringly; "the pail, supposed to contain nourishment, was the attraction. The gentle creature I found sniffing suspiciously and disapprovingly at your paints was a young, hornless thing commonly known as a mulley cow."

Kathie's eyes were downcast. The silence that ensued was profound and eloquent. Then she looked up and met his steady gaze with a half smile.

"Dick," she said faintly, "did Tom Murray by any chance know you were here?"

"Tom Murray! Why, he found me this place. I wrote him to look me up a farmhouse where I could be quite alone and write. Why?"

"I saw him the other day and told him I wanted a farmhouse where I could be quite alone and paint. Dick?"

"Dear, Tom was far wiser than we. Shall we profit by his vision and let his plan work out as he intended? Can't we forgive and forget, Kathie?"

Later, when Mrs. Glidden saw her two boarders coming slowly up from the fields she sagely remarked to her spouse:

"Well, pa, that's a man and a woman the world over!"

Her Exalted Position.

"Ye needn't think because ye see me goin' an' comin' be th' back door fr Mr. Malcolm Goldborough's mansion that Of'm wan fr th' common servants fr th' house," said the haughty customer to the uncivil butcher.

"Oh," ejaculated the fat little man, abruptly turning obsequious, "are—are you a family connection of the great Goldborough's, ma'am?"

"Of'm more than a mere connection, sir."

"Pardon me," added the butcher, gazing patronizingly at this personage, "you're one of the family that's been abroad and whom I haven't had the pleasure of meeting before perhaps?"

"Ye'll have t' go higher than thot."

"Not Mr. Malcolm's new wife?" gasped the fat little man. "I didn't have a suspicion that he"—

"Higher, mon. Of'm higher."

"Higher?" uttered the perfectly bewildered butcher.

"Yis. Of'm th' cook!"—Bohemian.

Drug Store For Horses.

"I came across a queer little drug store the other day," said the city salesman. "It makes a specialty of veterinarian prescriptions. According to the proprietor's own account, they don't sell very much in that store except horse medicine. They sell more of that than any other drug store in town. The neighborhood abounds in stables and animals' hospitals, and most of the drugs used in doctoring sick horses are bought at that store. Of course the place is fitted up with the usual drug store paraphernalia. There is a soda water fountain, a cigar stand, postage stamps can be purchased there and drafts and doses for human beings will be compounded upon request, but those familiar and supposedly primary functions of a drug store are in this case a superfluity, because about all that druggist does is to put up cures for equine ailments."—New York Press.

Her Secret.

Wife—Have you any secrets you keep from me, dearest?

Husband—None, darling.

Wife—Then I am determined I will have none from you either.

Husband—Have you secrets, then?

Wife—Only one, and I am resolved to make a clean breast of it.

Husband (hoarsely)—Go on!

Wife—For several days I have had a secret—a secret longing for a new dress, with hat to match, for my birthday.

That fetched him.—London Mail.

The Moors of Today.

The Moors of today are the descendants of those who conquered Spain, who were practically paramount in the southern portion for two centuries and relics of whose wonderful buildings are to be found at the present day in that country. Indeed, it is strange to consider the position of the Moors of today when we see the work of their hands in past centuries, and the only explanation lies in the fact that they are unable to adapt themselves to modern conditions.

Crushed.

"Brudder Jones, if you didn't smoke, you might own a brick house, like what I does."

"Look here, man, don't you come passin' wif me like dat. You didn't git dat brick house by not smokin'. You got it by borrowin' mah newspaper to read an' mah clothes to wear an' mah vittles to eat. You may be a fly financier, but dat don't gib you no license to set up for a human cash vault!"

THE STOCK MARKET.

Accuracy of the Exchange in the Analysis of Events.

Barring the case of manipulation, which carries its own remedy and which is one of the evils of speculation, the stock market tells the truth. Temporarily indications may be misleading, but it is eventually shown that its analysis of events is correct. The silent panic of March, 1907, was a premise of the panic of November. During the intervening seven months prices dropped steadily, showing plainly that there was a weakness in the financial and industrial structure. The utter foolishness of blaming speculation for the downward movement is obvious. The stock market with its daily record of prices said as plainly as it was possible to say: "Danger! Stand from under!"

Something similar happened in 1892. Bradstreet's for July 29, 1893, shows that twenty representative stocks fell on an average 45 points, or more than 50 per cent, between January and July. This mitigated the effect of the panic.

One of the most striking illustrations of the cold blooded accuracy of the exchange is recorded by Proudhon in the Speculator's Manual, published at Paris in 1857, in which he shows that in the later days of Napoleon and the restoration, while French patriotism was at white heat, prices on the bourse advanced with each victory of the allies, reflecting the belief that the defeat of Napoleon meant more for France than the success.—John Paul Ryan in Metropolitan Magazine.

ROYAL SCHOOLMASTERS.

Kings Who Turned to Teaching to Make a Living.

In the early part of the life of King Christian IX. of Denmark there was no prospect of his ever becoming the ruler of that country. With this in view he became a schoolmaster at the German university of Halle.

Being too poor to keep a servant, the Dowager Czarina Dagmar of Russia, one of his daughters, used to help her mother to do the household work and take care of the younger children. During this period there were King Frederick VII. and several others in the direct line of succession that stood before Prince Christian; but, by a succession of deaths that occurred, he became the heir apparent, and after the death of King Frederick VII. in 1863 he was proclaimed King Christian IX. of Denmark.

Another instance of a similar nature is that of Louis Philippe. During the time he was exiled from France, then being the Duc de Chartres, he became a teacher of mathematics and geography in Switzerland. About thirty-six or thirty-seven years afterward, on Aug. 9, 1830, he was proclaimed King Louis Philippe of the French.—London Answers.

Puzzling Differences in Weights.

Which is heavier, a pound of feathers or a pound of lead? They weigh the same.

Which is heavier, a pound of feathers or a pound of silver? The pound of feathers is heavier, because feathers are weighed by avoirdupois weight, which has 7,000 grains to the pound, while the precious metals are weighed by troy weight, which has only 5,760 grains to the pound.

Which is heavier, an ounce of feathers or an ounce of silver? An ounce of silver, because in the troy ounce there are 480 grains, while in the avoirdupois ounce there are only 437½ grains. The avoirdupois pound of 7,000 grains is divided into sixteen ounces, while the lighter troy pound of 5,760 grains is divided into twelve heavier ounces.

The First "Coin Sweater."

"Coin sweating," which so often figures in the Old Bailey calendar, is a very, very old crime. More than six centuries before Christ there was a coin sweater, one Alexander of Byzantium. He was chief officer of the public treasury, and he amassed an immense and sudden fortune by "clipping" the money in so skilful a manner that his frauds could only be discovered by weighing. The Byzantines gave him the nickname of "The File" from his making such dextrous use of that tool, whence probably comes the modern term of "file" applied to thieves, pickpockets and cunning hardheaded scoundrels.

Clothing in China.

In winter throughout the cold latitudes of China the Chinese of all classes wear fur, wool or hair lined garments. Even the coolly laborers have their sheep or goat skins, and people of the middle and official classes have many sets of garments lined with the richest furs. In China houses are rarely heated to the winter temperatures of European or American interiors, and in consequence fur lined clothes are worn indoors as well as out.

He Got It.

"If Groucher ever comes around your place borrowing anything," said Wise, "don't let him have it."

"You've spoken too late," said Hushi. "He was around yesterday."

"You're easy. What was he borrowing?"

"Trouble. He's in the hospital today."

Rheumatism

... found a tried and tested cure for Rheu... Not a remedy that will straighten the ... kinks of chronic cripples, nor turn hoary ... back to flesh again. That is impossible, ... can now surely kill the pains and pangs of ... painable diseases.

ESTABLISHED 1882

Galbraith Coal Co., Ltd.

Non-personal Liability

Capital, $250,000.00 1,000,000 Shares 25c. each.

Good coal stock is a safe and sure investment. Galbraith shares are especially attractive.

Modest Capitalization **Large Coal Reserves**

This Company organized under the laws of the Northwest Territories of Canada, owns and operates the Galbraith mine located at Lundbreck, Alta. They have four vertical seams of coal traversing their property, aggregating over 40 feet in thickness. Three of these seams are developed to a depth of 350 feet, and as they pass through the Company's lands for nearly a mile, some idea of the amount of coal may be had

Shipping Steadily

The present output of the mine is about 200 tons per day. These shipments will be rapidly increased, as the C.P.R. allows its cars to be loaded with coal for points in the U. S.

We are selling a limited number of these shares at the extremely low price of

30 CENTS PER SHARE

in blocks of 100 or over. Tight money in the States makes it possible for us to give this unprecedented offer in stock that will be paying dividends inside of six months, and you are sure to realize a handsome profit.

Parties ordering can send money by P. O. Orders, Express Orders or Bank Drafts, and we will have the stock issued direct to you. Full information furnished on request. Correspondence solicited. Reference, Bank of Montreal

Clean Up Inside

Blood and System Cleansing in the Spring Make a Good Health all Summer.

In spite of all your careful habits, it's safe to say that in the spring you feel poorly—have a throbbing sensation in the head—skin is pale or yellow, with dark rings under the eyes. If not absolutely bilious the system is so full of bile that you feel heavy and tired all day long.

Clean up, work off the winter's accumulation of waste, purify your blood. Do this and you'll feel fresh as a prize-fighter. "For ten years, says W. B. Sangster, of Concord, "I suffered greatly from impure blood, which made me feel debilitated and unfit for work. I had no appetite, suffered from indigestion and gas, had some pains in the back, caused by poor kidney action. Spring was the hardest time of all, and many a time I felt dependent and languid enough to throw up the sponge. I was impressed by the marvellous work done by Dr. Hamilton's Pills and tried them. They suited me exactly. In one week I felt like new. I was braced up, got rid of blood weakness, gained in flesh, got back my old time appearance and spirits. Dr. Hamilton's Pills will clean all the sickness out of a man in short order and I urge young and old to use this grand tonic medicine."

Dr. Hamilton's Pills are a perfect spring medicine; they destroy germs and poisons of every description and strength whereby the system settles and the patient quickly enjoys the blessings of Perfect Health. Get Dr. Hamilton's Pills—to-day—25c at all dealers.

Chief Black Cloud

This Indian Medicine Man is now in this City. He has all kinds of Indian Remedies, and no matter what the disease he can cure it. Rheumatism a specialty. Take a car and call on him at

DASHES HERE AND THERE BY TIMES REPORTERS.

The Lost Found

For a few days orders will be taken for making ladies' switches at 25 cts. Satisfaction guaranteed. Combings bought. Consult at once. The old Wonderland stand, George street.

Rural Deanery to Meet Here

The Rural Deanery meeting of Northumberland of which Rev. Canon Davidson is the rural dean, will meet in Peterborough on Tuesday, May 5th, at St. Luke's church. The date has been chosen on account of the Missionary Institute which will be held during that week in order to give the members an opportunity of attending.

A Grand Operette

The Ladies' Aid Society of St. Andrew's church, have decided to hold a grand operette in the Brock street rink, on May 21, 22 and 23. It will be entitled "Leo, the Royal Cadet," written by C. J. Cameron, and set to music by Oscar Telgmann of Kingston, who will be here to make the necessary preparations.

English Immigrants Quickly Placed

During the past week, Mr. G. H. Bowman, immigration agent, Water street, has placed sixteen men on farms in the vicinity of Peterborough. Mr. Bowman has also placed several Salvation Army immigrants in good positions. He has the name of a threshermaker on his list, so that any factory desiring assistance have an opportunity to do so.

Former Local Man Revisits City

Mr. Dolor Hall of Sault Ste. Marie Ont., a brother of the late Judge Hall, who was predecessor, as judge of the County of Peterboro, of the late Judge Dennistoun, is spending a few months in town the guest of the Misses Hall, 337 Reid street. Mr. Hall's many friends here are pleased to see him looking hale and hearty as ever.

Visitors to the Big Walk

Yesterday evening both the G.T.R. and C.P.R. trains arriving in the city conveyed large numbers of young men, mainly from nearby points who came to see the walking match. In conversation with a well known young man who came from Millbrook and a friend of his from Ida, The Times was assured that at both these villages the walking match is creating as much excitement as a Dominion election. Most of those who arrived last night made at once to local hotels and then, after a washup and supper, at once went to the Brock street rink.

Cobalt, The Rich Silver District

During the past four years the Cobalt Silver mines have been discovered, developed and found to be the richest silver mines in America. The Cobalt district is reached via the Grand Trunk Railway System. Pullman Sleeping Cars being available right to the heart of the camps. The territory is situated about 140 miles north of North Bay, or 330 miles north of Toronto.

Write for free copy of illustrated booklet to J. D. McDonald, Union Station, Toronto, Ont.

City Topics

IN SHORT FORM FOR BUSY READERS

—St. Andrew's church choir held a practice last night.

—The Manufacturers' Association met last night to discuss the proposed paid fire brigade.

—The members of St. John's choir met for practice last night at eight o'clock, the boys at 7.30, in the Guild room.

—Several flags flew throughout the city yesterday in honor of St. George's Day, the birthday of Shakespeare.

—Although the laying of the corner stone of the new armouries was only completed at four o'clock Wednesday afternoon, the Boy Scouts showed several pictures of the display window the same evening.

—Members of Otonabee and Peterborough Lodges, I.O.O.F., will attend service in St. John's church Sunday evening, to celebrate the 89th anniversary of the order. Visiting brothers are invited to attend.

—Parties looking for birthday or wedding presents will save money by buying at Tim's Bookstore. Big reductions in all fancy and useful china and glassware. Moving sale prices now on.

Pain Told Us. Pain always means congestion — unnatural blood pressure. Dr. Shoop's Pink Pain Tablets imply coax congested blood away from pain centers. These Tablets—known by druggists as Dr. Shoop's Headache Tablets — simply equalize the blood circulation and then pain always departs in 20 minutes. 20 Tablets, 25 cents. Write Dr. Shoop, Racine, Wis., for free package. Sold by all dealers.

Personal

—Miss A. E. Kent of Bancroft, is visiting friends in the city.

—Mrs. T. H. Adams is visiting her sister, Mrs. E. V. Sparry, Ottawa.

—Miss Bessie Douglas, Warkworth, is visiting Miss J. Jackson Harrison, 565 Water street.

—Mr. Thos. Dickson, Calgary, Alberta, is visiting Mr. and Mrs. Shafe, at 466 Bolivar street.

—Mr. and Mrs. J. N. Barker, who have been spending a week in New York City, have returned home.

—Mr. J. N. Hall, chairman of this city, has returned home after spending a few days with friends in Port Hope.

—Miss Mary Henderson has returned from spending the Easter holidays with her aunt, Mrs. John Hyland, Oshawa.

—Mr. F. J. Daly, former proprietor of the old Grand Central Hotel, but now of North Bay, was a guest at the National Hotel yesterday.

—Mr. John Read, who has been porter at the National Hotel, has accepted a similar position at the Rockford House, Bobcaygeon.

—Mr. and Mrs. Burt Beaver of Hastings, have returned home after spending Easter in the city, the guests of Mrs. and Miss Nelson, 490 Charlotte street.

—Mrs. Robin Kent has returned to the city after a year's visit to her son in Vancouver, B.C., and is at present the guest of Mrs. H. C. Stapleton, 481 Grimsour street.

—Mr. G. A. Smith of Bobcaygeon, formerly of this city, was a guest at the Snowden House yesterday.

—Mr. Solomon Trew of the Peterborough Cereal Co., left the city on Wednesday for Lethbridge, where he intends locating if favorably impressed.

—Mr. Sol. Walters, representing Messrs. Tuck & Son, Hamilton, is in the city calling on his customers. Mr. Walters is one of the best known travellers coming to Peterborough.

—Mr. W. J. Kearns of Sault Ste. Marie, Ont., is spending a few days in the city. Mr. Kearns is an old Peterborough boy, and is well known to many of our readers.

That languid, lifeless feeling that comes with spring and early summer, can be quickly changed to a feeling of buoyancy and energy by the judicious use of Dr. Shoop's Restorative.

The Restorative is a genuine tonic to tired, run-down nerves, and but a few doses is needed to satisfy the user that Dr. Shoop's Restorative is actually reaching that tired spot. The indoor life of winter nearly always leads to sluggish bowels, and to sluggish circulation in general. The customary lack of exercise and outdoor air ties up the liver, stagnates the kidneys, and oft-times weakens the heart's action. Use Dr. Shoop's Restorative a few weeks and all will be changed. A few days test will tell you that you are using the right remedy. You will easily and surely note the change from day to day. Sold by all druggists.

Locked in Her Room for Hours

Yesterday afternoon one of George street's best known merchants, happened accidentally in hours unusual for him, to pass by his private residence. As he passed, naturally his eyes turned towards his home. At an upper window his good wife, seeing him, tapped vigorously on a window pane. The merchant at once rushed into the house and upstairs. On arrival at the upper floor he heard his wife's voice calling to him, for she was unable to unlock the door. Eye been locked in this bedroom over two hours with the light. It seems that the lady in question had gone into her room with her infant. The door is fitted with a spring lock on the outside of the door and this lock had caught so that the lady was thereby made a prisoner and would have been there till possibly seven o'clock had not her husband happened to have passed as above noted.

ADVERTISE IN THE TIMES

Dog Owners Must Get Busy at Once

It seems as though many a happy (or otherwise) owner of a dog will in all probability face the magisterial music in the police court on May 1st. There are about one thousand owners of dogs in this city who will have to secure tags, and up to noon yesterday only 42 of these had been taken out. The chief remarked yesterday that the fellows must be taken out during the next week, and those who did not do so would be brought before the magistrate.

Framery Building Collapsed Suddenly

Yesterday some considerable excitement was caused about 9.30 a.m. when the side walls of Mr. Dunlow's former factory at the corner of Dublin and Bethune streets, fell in with a crash. Only the roof and the north and south walls are left now. The west wall in the collapse, fell towards the centre, and the east will fall outward. It is supposed that frost got into the foundation and cracked the wall. The disrupted building is at present supposed to be as far as the business formerly carried on therein is in litigation. The place was generally known as "The Framery" and was used as a manufactory of "silent salesman" show cases and other shop furnishing goods by Mr. Dunslow. Fortunately no one was hurt by the accident.

Farmer Drops Dead in the Field

Yesterday morning a member of the family of Mr. David Smith, a farmer living near Springville, was passing through the fields, he was horrified to suddenly come across the dead body of the latter mentioned gentleman. Mr. Smith's body was lying across the cultivator he had been driving. It seems that Mr. Smith had gone out to prepare the field for the spring crop. His death, as far as could be ascertained, was attributable to neither heart failure nor a paralytic stroke.

The deceased was 46 years of age, and he is survived by a wife and one child. He was a son of the late Thomas Smith. Mr. A. A. Goodfellow, 518 Water street, is a cousin of the deceased.

Will Return to His Former Stand

Mr. W. Fleetwood who some three years ago left Mr. J. J. Howden, the George street meat market man and went to Porter's Delicatessen, has decided once more to return to his former stand of many years. This time however Mr. Fleetwood returns to the old stand as a partner in the business. He and Mr. Robt. Cox have concluded arrangements whereby they take over Mr. Howden's well established business on the first of next month, and have taken a five years lease of the premises.

The new firm will be run under the trade name of "Robert Cox." As this is the only building erected specially for meat market purposes, and as Mr. Fleetwood is one of the oldest men here in the meat business, the new firm is assured of getting a large share of public patronage. It is understood that Mr. Howden is going out west to look after his property there.

POLICE

At yesterday's police court W. McGrath was charged with assaulting and doing grievous bodily injury to his wife, Magistrate Simon Armstrong, J.P., presided in the absence of City Magistrate D. W. Dumble, Mr. Gordon for the prosecution. He did not guilty and ask for bail. The prisoner was remanded for one week. Just after the trial was concluded, Mr. Dumble arrived at the station and was asked by Mr. Gordon for bail. At first he emphatically refused, saying, "I think it would be better for your client to go up on the hill for a week and get the whiskey and the devil out of his system." Mr. Gordon however, noted that McGrath was a hard working man and has paid for his house and rented his quiet. His Worship agreed to take bail in $500, that is two securities of $250 each. Mr. Gordon at once went out to hunt up bondsmen.

Summer Hotels Highlands of Ontario

The Grand Trunk Railway system announces that arrangements have been completed for two handsome additions to the chain of hotels throughout the Highlands of Ontario.

The Wawa Hotel on Lake of Bays, one of the finest summer hotels in the Northern resorts of Canada, is nearing completion and work is under way on the New Highland Inn situated overlooking Cache Lake at Algonquin Park station. The Highland Inn will be of the cottage type, cosy and comfortable in its appointments, all modern conveniences, colonial fireplaces in the dining and living rooms, spacious piazza and most charming outlook over lake, mountain and virgin forests; in fact all the comforts of civilization are transported into this virgin wilderness. Double daily mail service, telegraph and express facilities at this point, with excellent train service will make this hotel unique and attractive for a restful sojourn so remote from the turmoil of the cities, but yet with all necessary facilities for communication with the outside world. The High Inn is situated about 1500 ft. above sea level giving it by far the highest elevation of any summer hotel in Eastern Canada. A good boat livery and corps of guides will be maintained and tourists who desire to make extended trips through the waterways of the Park will be outfitted and provided for in every respect without rendering it necessary to bring any baggage excepting wearing apparel according to length of sojourn. These new hotels will provide every comfort and facility for the enjoyment of guests and the cost of accommodation will be so reasonable that it will not deter anyone of moderate means from patronizing them. In addition to this they will cater to tourist trade from Great Britain where the Grand Trunk is organizing trips of parties and individuals for a lump sum of expense including route from the time tourists leave home until they return. Such trips need not occupy more than the average holiday, say one month, and will embrace the ocean trip, an opportunity of becoming acquainted with Canadians and Canadian affairs and the entire cost will not exceed that of the usual summer holiday in Switzerland or other European Resorts.

The Farmer's Wife

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every tainting or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood.

If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid or lazy liver with the usual accompanying indigestion, or dyspepsia and their attendant derangements.

The best agents known to medical science for the cure of the above symptoms or conditions, as attested by the writings of leading teachers and practitioners of all the several schools of medical practice, have been skillfully and harmoniously combined in Dr. Pierce's Golden Medical Discovery. That this is absolutely true will be readily proven to your satisfaction if you will but mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a free copy of his booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famed medicines and showing what the most eminent medical men of the age say of them.

Hazelton Lots

Having obtained inside information on property in both of these promising cities, and as I expect to receive choice of the first allotment of property to be put on the market, and will be on the ground to make selections, persons desirous of getting in on the purchasing of lots, can do so by making application in writing and enclosing check for $100.00, which entitles them to first choice of lots marketed, and at first price before they are offered to the public. In case you upon receiving the offerings from time to time of sales, do not purchase, your money will be refunded.

In case you purchase, the money you put up to get this inside information and quotations will be applied on the first payment of your property purchased.

PRINCE RUPERT, it is almost needless to make any lengthy description on this place for we all know its the terminus of the Grand Trunk Pacific Railway, in B. C., situated on Kian Island, at the mouth of the Fraser River. It is estimated that owing to the great rush of gold seekers and others seeking wealth and new locations that Prince Rupert will have a population of 30,000 before next winter.

HAZELTON is another almost equally promising a city, situated at the head of navigation on the Skeena River, on the main line of the Grand Trunk Pacific; also being the junction point of the Line from Dawson City. With these and other existing natural conditions and the prospects of a great development, it is looked upon as a great place to advance.

If you want to get in right and on the bottom prices and get the pick of the stuff, write and accept this opportunity.

No triflers wanted or those seeking for information for curiosity.

Bands to Accompany Regiments to Quebec

Canada's militia is to be represented by twenty-seven thousand officers and men at the Quebec Tercentenary, July 19th to 31st. Orders issued yesterday ordered that all qualified and warrant officers, as well as the brigade and divisional staffs, have been ordered to take part. The force will be 5,000 more strong r than the first estimation made by the authorities. It is specially stated that no provisional officer can attend.

Rural battalions are permitted to take a maximum of 20, and 50 per cent. of the establishment. City corps may either take their band and 50 per cent. of their establishment and receive eight days' pay, or take their full establishment and only draw pay for four days.

As the result of a conference between the Commission and the railways, a plan has been arranged where by difficulties in the way of transporting the troops have been removed to such an extent that the success of the celebration will not be interfered with. It is understood that the railways of the United States will come to the assistance of the lines in Canada.

Women Poker Crazed --Thousands in New York Run "Game"

Rich Men the "Suckers" --Rake-Off Keeps Up Expenses-- and Buys Autos

Young Girls Learn Game

New York, April 24.—Thousands of the women of New York are gambling crazed. There are hundreds of poker games running nightly in this city. There are scores of women living off the profits of this pastime in New York to-day. They are the heads of establishments in apartments or brown stone front houses in quiet neighborhoods. Their percentage of the profits of the game enables them to live luxuriously.

Mrs. Clarke is a hostess in West Forty-ninth street, a little west of Broadway. The house is a brown stone front, with an imposing entrance. The limit is $1. Opposite sits a gray-haired woman. Mrs. Wilcox, 60 years old, seated next to Mr. Lane, who has several millions, which he made by tanning leather.

Bush is an iron merchant. He has apartments in the Royalton.

Mrs. Goldston lives in West One Hundred and Third street. She confessed when she sat in the game that her husband, who is a traveling man, would "murder her" if her knew she played poker.

STEADY "RAKE-OFF" TO HOUSE.

Mrs. Clarke is keen-eyed and alert. It is a dollar limit, and every time the cards are dealt 10 cents comes from the pot for "the house". If there are three "stayers" the hostess takes out another 10 cents. During the five hours the game was running there were something like 50 pots, so the "rake off" was quite equal to rent for the house for two or three weeks.

The reporter had a run of luck. He won about twenty-four pots in such session and came out $18 winner — and was the only winner at the table, that is, among the players who were guests. Even if the hostess lost she was more than reimbursed by the "rake-off."

Mrs. Clarke is not the only woman busy at poker in West Forty-ninth street. Miss Jennie Thurston lives in a flat on this street not far from seventh avenue. She is a blonde of imposing appearance. Miss Thurston has a coterie of friends and her game never lacks in interest. It is the dollar limit with the ten and twenty cent take-off. The "kitty" runs from $75 to $100 in a single night and gives Miss Thurston a handsome profit, whether she wins in the game or not.

YOUNG WOMEN LEARN GAME.

One of the most enterprising games is conducted by a Mrs. Walker in her apartments in a hotel in Broadway near Thirty-ninth street. More young married women are introduced in this game, the stories run, than in any other similar gambling establishment. This is a high limit poker game. One has to buy a stack of $50 before he or she can take a seat and the "rake-off" amounts some nights, taking 25 and 50 cents from each pot, to $150. Mrs. Walker owns an automobile and her rent is paid up three months in advance. She recently bought two automobiles.

Mrs Bill Gubner lived in a small apartment on the West Side until her women friends got such a mania for playing poker that her rooms were hardly large enough to accommodate them. She took larger quarters and added a new maid to her retinue. In her apartments in West Eighty-seventh street some of the fastest dollar-limit poker games in New York are played.

Here you will find Miss Sophie Bathoff, who played the cards evenly at $1 or $10. Eddie Wolf plays in this game, and Mrs. Jacobs with four aces made him go to the corner to get a check raised. At the West Eighty-eighth street house young women have learned the game, and nearly all of them to their sorrow. Mrs. Levy and Mrs Lukevitz, the last of whom conducts an establishment of her own in East One Hundred and Nineteenth street, are two of the players in this house. And so they go. There are scores and scores of establishments of this kind on the West Side.

IN TWO YEARS SETTLERS BROUGHT MILLIONS OF DOLLARS INTO CANADA

Sir Wilfrid Shows That Immgration Is Worth Money to Canada

Has Gone One Better

Ottawa, April 24.—By a vote of 95 to 41 the House last night rejected Mr. Monk's motion of no confidence in the Government's immigration policy.

Sir Wilfrid said the primary and dominant consideration in the House and in the country must be to maintain and retain the soil of Canada for men born on it, but the census statistics of 1891 and 1901 showed that Canada had hardly retained its own native population, this State of affairs, as Sir Wilfrid showed, being particularly manifest in the case of the older Provinces. Turning for a moment to the United States, he declared that there was perhaps no event in the history of the nineteenth century more remarkable than the extraordinary development which had characterized that country, and to a large extent be attributed that development to the immigration policy carried out by the State Legislatures. Canada had taken a leaf out of the American book, and had gone one better. What the United States Government had left to the State Legislatures the Government of the Dominion had done themselves, and the result was a flow of immigration, at first in a thin stream, but recently in copious volume. The emigration of Canadians to the United States had practically ceased, while the Americans were immigrating in large numbers to Canada.

Of other countries the Premier estimated the average earnings of immigrants at one dollar per day. On this basis the 200,000 immigrants received in Canada last year added to the wealth of the country $12,000,000. Then, again, the immigrants had brought into this country in one year goods to the value of $49,000,000, and in another somewhat over $50,000,000. Was not this worth having?

"I do not pretend to say," Sir Wilfrid stated in conclusion, "that our policy on immigration is to be permanent. It is only a temporary policy, it cannot last for ever. But under the existing circumstances, with a population of 80,000,000 in the country to the south of us, and our population of only 5,000,000, the time has not come for a reversion of that policy.

The Hon. Sir Wilfrid Laurier

Who showed in the House of Commons on Thursday, that in two years settlers brought into this country over one hundred million dollars.

Fitting Finale to C.O.C.F. Membership Campaign

Peterborough Council No. 423, C.O.C.F., held the closing meeting of the campaign for membership in the S.O.E. hall last night, when about 200 people were in attendance.

The campaign was a most successful one in every way, having been carried on for the past four weeks under the direction of Organizer Davis and his son.

During the time the campaign was in progress, 130 new members were added to the list, 62 of these receiving their initiation last night.

During the evening a fine musical program was rendered, and at its conclusion refreshments were served.

Little Mary McCoy Had Her Life Crushed Out

Wilberforce, April 24.—A fatal accident occurred at a saw mill in Harcourt township on the T. B. & O. recently. Little Mary Ellen McCoy, daughter of Mr. James McCoy, who is a foreman in the mill, and a granddaughter of Mr. Jas Barr, of that place, was playing with two other children beneath the jack that carries the logs into the mill. A crooked timber coming up the jack toppled over upon the little one, crushing out her life instantly. She was a particularly bright child and much sympathy is felt for her parents.

The Toronto Ball Team Defeated Jersey City

Jersey City, N.J., April 24.—Determined on revenge today for the opening day's defeat, Manager Kelley put his Toronto champions through some snappy practice in their warming up for this, their second session against the Skeeters, and with Rudolph in the box the Canucks displayed confidence in their ability this afternoon to make it an even break with Joe Bean's braves, who depended on Earl Moore to further humiliate last year's pennant-winners. With the exception of the pitchers, the lineup was the same as on the opening day, yesterday. Victory and the warm sunshine brought out another good crowd.

Toronto got their first tally in the third, when five men crossed the plate. They scored one run in the 6th, and another one in the 7th and 8th innings.

Jersey City scored two runs in their half of the initial inning, and secured another in the 4th. This ended the scoring.

Buffalo 8, Newark 0.
Baltimore 6, Montreal 2.
Rochester 4, Providence 2

Remember This

A Thorough Cleansing of the System Now is a Sure Protection against Spring and Summer Sickness.

After the long hard winter, system cleansing is badly needed. The blood must be purged and purified, for it is pent-up impurities will beat through the skin and all through the summer you'll be tormented with rashes, pimples, humors and boils.

The best of all blood purifiers, and at the same time an unequalled tonic and appetizer, is Dr. Hamilton's Pills; they will build up, aid the digestion of food, keep the system vigorous, healthy, strong. Being mild and pleasant in action, you need not hesitate to use Dr. Hamilton's Pills. Take them at night—note the difference in the morning, how fresh, bright and well you feel. No surer health bringer and health keeper known than Dr. Hamilton's Pills. Get a 25c box today. At all dealers.

Jack Harrison Walking Hard for Second Place--10 Hour Grind Today

Now for the Last Day's Hard Battle for Supremacy

See the Exciting Finish

The positions of the walkers are still unchanged after last night's grind of four hours, and they will start this afternoon for the last day's "hooting" of ten hours, in the same places as they were last night.

The real racing of the night was again between Blake and Harrison. These two "hooking up" for a spurt many times during the evening.

Right at the start last night Blake "dug in" to try and lengthen his lead over the local boy, and after a half-an-hour of fast walking he succeeded in lapping him, making his score read one mile and a lap over Harrison. But the Peterborough lad was game and gave Blake no opportunity to again "break away." Hoagland took things easy through out the evening, although at intervals he treated the crowd to an exhibition of fast walking.

Charlie Stenner the Warsaw soldier received the most applause of any man on the track there being a large attendance of sports from Stenner's native hamlet, at the rink to cheer him on.

Jimmie Graham was in fine form last night, and during the four hours he covered twenty and one-half miles, and it is almost certain that he will receive the tail-end prize.

Charlie Stevens the pedestrian "fiend" of the meet, although pretty sore covered twenty miles and two laps, a very creditable performance.

Ray Fenton is still prodding along although when Hartley came on the track to make an effort to lower Cooper's record of 7.42 for 13 miles he "hooked up" with the local man and gave him a belating for the 13 laps, the distance being made in a few seconds over ten minutes.

Jack Cooper of Toronto, went after a mile against time, but after walking in record time for five laps, he was forced to slow up owing to stitch in his side. The mile was made in 8.51.

The 57th Band in uniform, were in attendance, and the class of music rendered was the best by far heard at the rink this week.

Tonight will see the wind-up of the walk and the schedule calls for a grind of ten hours, so the peds will start at 1.30 p.m. sharp. The 57th Band will be in attendance, and render a programme of choice selections, both afternoon and evening.

How the Walkers Scored

	Miles	Laps
W. A Hoagland, Auburn, N.Y.	142	4
J. E. Blake, Jacksonvill, Fla.	137	7
Jas Harrison, Peterboro'	136	6
Charles Stevens, Peterboro'	131	11
Jas. A Graham, Buffalo, N.Y.	124	2
Charles Stenner, Metaaw	117	10
Ray Fenton, Auburn, N.Y.	106	5

Farmer Hanged Himself in His Horse Stable

Lindsay, April 24.—Wm. Lowrie, a farmer living about 10 miles north of here, committed suicide last night by hanging. He was well-to-do, and no cause can be given for his action other than that he was suffering from a partial alienation of reason. He attempted suicide two weeks ago, but was prevented by his wife, who found a rope hanging in the barn, the same one with which the deed was accomplished last night.

British Lost 60 Men in Attack on Natives

Simla, April 25.—In consequence of an attempt made by the Mohmands to cut his lines of communication, Sir James Willcocks, the commander of the British force sent out from Peshawur against the raiding natives, attacked the enemy this morning, with two columns, comprising all his available troops.

After sharp fight, the British troops dislodged the tribesmen from their positions.

The British casualties are given at sixty.

The losses of the Mohmands are not known.

Popular Actress Entertained Here

Miss Jessie Glendinning who plays a child role in the "Great Divide," which shows at the opera house tonight, has friends in the city. During her visit here, Miss Glendenning will be the personal guest of Miss Edith Aylmer, Simcoe street. These two young ladies were schoolmates at Bishop Bethune's School at Oshawa, where a warm attachment was formed. Miss Glendinning it might be noted, was Miss Aylmer's guest some two years ago whilst the former was temporarily in the city.

Pain Tablets. Pain always means congestion — unnatural blood pressure. Dr. Shoop's Pink Pain Tablets simply coax congested blood away from pain centres. These Tablets—known by druggists as Dr. Shoop's Headache Tablets — simply equalize the blood circulation and then pain always departs in 20 minutes. 20 Tablets, 25 cents. Write Dr. Shoop, Racine, Wis., for free package. Sold by all dealers.

Jimmy Reynolds Meets Former Chum

Jimmy Reynolds, the Port Hope tonsorial-pedestrian artist, who is acting so efficiently as referee at the great walking match here, has improved the occasion of his visit to Peterborough by renewing acquaintance with one of his former chums Mr A. J. Warne of 638 George street. In earlier years a friendship sprang up between these two gentlemen owing in part to Mr. Warne being able fortunately to save Reynold's life from drowning. It seems the two whilst at the age of about 15 years were out skating on the factory pond at Cobourg, and the ice gave way with Mr. Reynolds, dropping him into the water. His chum, by means of a long plank, succeeded in dragging him on to firm ice.

The Perfect Complexion

Can it be Obtained if Nature Has Not Bestowed It?

Every month the magazines published for women, devote page after page to articles on Beauty Culture, telling how to improve the face and figure.

The manufacturers of face creams, lotions and cosmetics spend hundreds of thousands of dollars telling woman how she can beautify herself. It would take a hundred papers as big as today's Times to print even a part of all of these "Beauty Talks," but probably the most sensible of the many formulas and receipts given by the Beauty Specialists is a simple wash that can easily be prepared by any woman in her own kitchen. The following are the directions for making:

Obtain at your drug store, Rose Water, two ounces; Cologne Spirits, one ounce, Eppotone (skin food) four ounces. Put the Eppotone in a pint of hot water (not boiling), and after dissolved, strain and let cool. Then add the Rose Water and the Cologne Spirits.

It is claimed for this home-made complexion wash that it will tone up the skin, making it soft and smooth and bring back the bloom of youth to even the most faded complexion.

At any rate it is worth trying, as it is not expensive and cannot possibly injure the most delicate skin.

Carters Object to the Present Stand

Local carters are now out with a vigorous kick against their stand on Water street, east of the National Hotel. They complain that it is too wet and that the carters thus miss much business. Transients looking for a dray do not look for a carters' stand in such an isolated place. Some of the carters advocate having advertisements tacked here and there, giving the Bell 'phone No.

Priest Refuses to Give Reasons for Not Publishing Rochett Banns

Quebec, April 24.—The Rochette case is proceeding, and the Crown is examining witnesses. Amanda and Alfred Rochette, niece and nephew of the accused were called. Amanda says she went to take care of her deceased aunt when sick, but she never heard her say that the accused had given her medicine of any kind. Alfred Rochette went to the drug store for two packkages of sulphonol. When Dr. Verge told the accused to give his wife the second package, as the first had had no effect, Rochette refused and threw the powder in the stove.

Dr. Marois was called in when Rochette's first wife was dying, and he feels sure that the pains endured by the woman could not have been caused by tomatoes. Poisoning with canned goods is quite different from poisoning by arsenic, and in that particular case the doctor was sure that arsenic caused the death.

PRIEST REFUSED TO ANSWER.

Rev. Father Albert, cure of Limoulou, said that Rochette and Malvina Marcoux were married on the 29th of September last. A dispense was paid and no banns were published. Asked the reason for this the witness absolutely refused to answer, the court not pressing the matter.

Successful Year By Bank

In these so-called times of depression it is interesting to note that the banks of Canada continue to retain the confidence of the public and to assist the mercantile and manufacturing interests as usual. Prominent among these financial institutions is the Western Bank of Canada, which, on Wednesday, April 8th, inst., held its twenty-sixth annual shareholders' meeting at the bank's headquarters.

The report of the Directors was of a most satisfactory character and one encouraging to both shareholders and depositors.

During the past year, after paying all expenses of management the Western Bank earned a net profit of $85,784.16, equivalent to sixteen per cent. upon the paid up capital of the Bank. To this sum was added $48,433.56, balance carried forward from the previous year. It is interesting to note that the losses during the year were small. The Western Bank now has a Rest Account of $650,000. During the year the usual dividends were paid on stock amounting to $44,000, or at the rate of eight per cent. per annum. The assets of the bank are of high and most conservative nature thus ensuring protection to depositors. Mr. T. H. McMillan, the able Cashier, is to be congratulated upon the splendid work accomplished by this bank which has resulted in the Western Bank of Canada, occupying a prominent place in the banking institutions of the Dominion.

London, April 25.—A telegram from Simla says that Lord Minto has shot seven tigers in Gwalior.

GREAT BRITAIN says

NO ALUM IN FOOD

and strictly prohibits the sale of alum baking powder—

So does France

So does Germany

The U. S. Congress has made the sale of alum foods illegal in Washington (District of Columbia), and alum baking powders are everywhere recognized as injurious.

To protect yourself against alum, when ordering baking powder,

Say plainly—

ROYAL BAKING POWDER

and be very sure you get Royal.

Royal is the only Baking Powder made from Royal Grape Cream of Tartar. It adds to the digestibility and wholesomeness of the food.

A Woman's Back

Has many aches and pains caused by weaknesses and failing, or other displacement, of the pelvic organs. Other symptoms of female weakness are frequent headache, dizziness, imaginary specks or dark spots floating before the eyes, gnawing sensation in stomach, dragging or bearing down in lower abdominal or pelvic region, disagreeable drains from pelvic organs, faint spells with general weakness.

If any considerable number of the above symptoms are present there is no remedy that will give quicker relief or a more permanent cure than Dr. Pierce's Favorite Prescription. It has a record of over forty years of cures. It is the most potent invigorating tonic and strengthening nervine known to medical science. It is made of the glyceric extracts of native medicinal roots found in our forests and contains not a drop of alcohol or harmful, or habit-forming drugs. Its ingredients are all printed on the bottle-wrapper and attested under oath as correct.

Every ingredient entering into "Favorite Prescription" has the written endorsement of the most eminent medical writers of all the several schools of practice—more valuable than any amounts of non-professional testimonials—though the latter are not lacking, having been contributed voluntarily by grateful patients in numbers to exceed the endorsements given to any other medicine extant for the cure of woman's ills.

You cannot afford to accept any medicine of unknown composition as a substitute for this well proven remedy of known composition, even though the dealer may make a little more profit thereby. Your interest in regaining health is paramount to any selfish interest of his and it is an insult to your intelligence for him to try to palm off upon you a substitute. You know what you want and it is his business to supply the article called for.

Dr. Pierce's Pleasant Pellets are the original "Little Liver Pills" first put up by old Dr. Pierce over forty years ago, much imitated but never equaled. Little sugar-coated granules—easy to take as candy.

Doctors All Advise Suitable Spring Tonic

Pays You to Get Strong and Nourish the Blood During Change of Seasons.

In the spring time the vigor and resisting power of the body fall very low. Instead of being rich and nourishing, the blood is thin and watery. As a result the bodily forces become less active, sleep fails to bring rest. An ever-increasing tiredness develops into over-powering weakness.

People suffering from this spring sickness feel heavy and drowsy; they don't want to eat; they don't enjoy work—about half sick and half well. This is just the condition that favors pneumonia and typhoid, and you must build up as quickly as possible. You must increase your blood supply and make it rich and red.

The only way this can be done is by using Ferrozone, which is acknowledged to be the most efficient spring medicine.

The marvellous purifying and tonic properties of Ferrozone are quickly felt because the blood is at once supplied with the elements it needs to become rich and red. It is ironized vitalized and rapidly brought to its normal strength.

The very best ingredients for toning up the system are contained in Ferrozone, and if you use it you are sure to get back your old-time strength and spirits.

If you suffer from debility, insomnia, nervousness, loss of appetite, or any of the symptoms of disordered blood, nothing will so rapidly tone you up as this great food tonic. Ferrozone. Its record of successful cures, its recommendation by the public, by druggists and doctors commends it to every thinking person.

You need Ferrozone to make you well. Why not get to-day? Sold by all druggists; price 50c. per box or six boxes for $2.50.

SENTENCE OF DEATH

The sentence of death pronounced upon John D. Tearse at Brampton lately by Chief Justice Meredith gave a great shock to the jury that rendered the verdict as well as to the hundreds who heard it. Some of the jurymen were in perplexity in regard to the verdict that they should render as they were convinced that he had done the deed of death, and they were not convinced that he was insane at the time of doing it. There was a difficult position. The Chief Justice spoke some timely words in regard to the importation of such degenerates who are useless and dangerous to our citizenship. Dr. C. K. Clarke, superintendent of the Toronto Asylum, states that of 362 who were admitted into that institution last year 130 were from foreign lands, and the majority of them were recent arrivals.

On account of injudicious benevolent organizations whose sympathies know no limits, on account of the greed of speculative companies who act as if reason were dethroned and on account of the ambition of Government agents who wish to report large numbers, there has been a wholesale delivery of immigrants that were born degenerates in their own land, who grew up in ignorance, idleness and vice, and who come to Canada through the inducements that have been offered them. They were denizens of the dark places in the old land, and they are useless, vicious and criminal in this country.

The social conditions of the old lands have been responsible for the lapsed and degenerate masses, so, the care of them should not be placed upon other countries where such degeneracy has not prevailed. The degenerate should be dealt with by those who have reared them. Every country has its tendency to breed defective citizens. These the country should deal with as the necessity requires, but other countries should not be burdened with them. It would, however, be a relief to society to have this sentence of death commuted to life imprisonment for whether insane or not, his family environment has been that where insanity has prevailed, and has made him irresponsible, with stupid and dangerous propensities, too weak mentally to suffer death though the cause of a terrible tragedy, and too dangerous to be allowed his liberty among fellow-citizens. There is room in Canada for millions of immigrants who are worthy citizens, but decisive measures must be adopted to close the doors against this class, which, in large numbers has come to be a burden and a menace to our common citizenship.

Catarrh Cannot be Cured

With LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

F. J. CHENEY & CO.,

Take Hall's Family Pills for constipation. Sold by druggists, price 75c.

News in Brief

London, April 25.—Mr. Curtis Bennett, one of the magistrates attached to Westminster police court, has been appointed to succeed Mr. E. N. Lushington at Bow street.

£58 FOR CAPE STAMP.

At the Arbitration Rooms, Messrs. Plumridge realized £58 for an 1861 4d. blue post stamp of Cape of Good Hope, being the stamp with the error "One penny."

TRIPLETS IN HOSPITAL.

A private Montreal citizen has delivered of triplets in the Charitable Hospital. Although over 1,700 births are admitted every year this is the only case of triplets known amongst the inmates for about twenty years at least.

£11,558 FOR ART COLLECTION.

The sale of the Ismay Collection of old furniture and china was concluded at Christie's. A total sum of £11,558 having been obtained. For a pair of large Chinese mounted porcelain bowls and covers, £485 was paid.

NEW HEADMASTER.

The Rev. Cyril Alington, Assistant master, Eton College, has accepted the headmastership of Shrewsbury School, which has been offered to him in view of the impending resignation of the present headmaster, the Rev. Prebendary Moss.

A PRESIDENT'S VISIT.

The French Chamber has adopted by 501 votes to 27, without debate, after urgency had been declared, a Bill for the opening of the Ministry for Foreign Affairs for the current financial year of a credit of £5,580 on account of President Fallieres' coming visit to London.

TRADE UNIONIST TRIUMPH

From an analysis made by the officials of the Amalgamated Society of Railway Servants of the results of the election of the six conciliation boards on the Midland Railway, it seems that out of sixty seats on these boards the A.S.R.S. candidates have secured fifty-five.

RAILWAY MEN ON SHORT TIME.

The men employed in the locomotive department of the Midland Railway works at Derby have been informed that until further notice the works would be closed at 5.30 on Fridays until 9 o'clock on Monday mornings. Five thousand men are affected.

New York, April 22.—It was announced to-day by officers of Local No. 16 of the Commercial Telegraphers' Union, that this week a large number of locals throughout the country will meet to take action on the Chicago resolution calling for a general strike against the Western Union Telegraph Company on June 1, unless there is a reinstatement of the wages paid before the last strike. Charles P. McInerney, of Local No. 16, said there was a good deal of resentment among the men whose wages were cut, though they remained loyal to the company during the last strike. "The wages of some of them," he said, "have been cut $4 and $5, and in some cases more weekly. Most of them are now back in the Union again."

Children's Aid Society

Prince Rupert

—AND—

Hazelton Lots

Having obtained inside information on property in both of these promising cities, and as I expect to receive choice of the first allotment of property to be put on the market, and will be on the ground to make selections, persons desirous of getting in on the purchasing of lots, can do so by making application in writing and enclosing check for $100.00, which entitles them to first choice of lots marketed, and at first price before they are offered to the public. In case you upon receiving the offerings from time to time of sales, do not purchase any, your money will be refunded.

In case you purchase, the money you put up to get this inside information and quotations will be applied on the first payment of your property purchased.

PRINCE RUPERT, it is almost needless to make any lengthy description on this place for we all know its the terminus of the Grand Trunk Pacific Railway, in B. C., situated on Kian Island, at the mouth of the Fraser River. It is estimated that owing to the great rush of gold seekers and others seeking wealth and new locations that Prince Rupert will have a population of 20,000 before next winter.

HAZELTON is another almost equally promising a city, situated at the head of navigation on the Skeena River, on the main line of the Grand Trunk Pacific also being the junction point of the Line from Dawson City. With these and other existing natural conditions and the prospects of a great development, it is looked upon as a great place to advance.

If you want to get in right and on the bottom prices and get the pick of the stuff, write and accept this opportunity.

No triflers wanted or those seeking for information for curiosity.

NOW LISTEN!

Please read carefully what follows, and if you decide to take advantage of what the "Canada Southern Oil & Gas Co., Limited," of Tilbury, Ont. (no personal liability), is now offering you, the result will be that instead of getting 3 per cent. for your savings, you will get at least from 10 to 25 per cent. that others are harvesting.

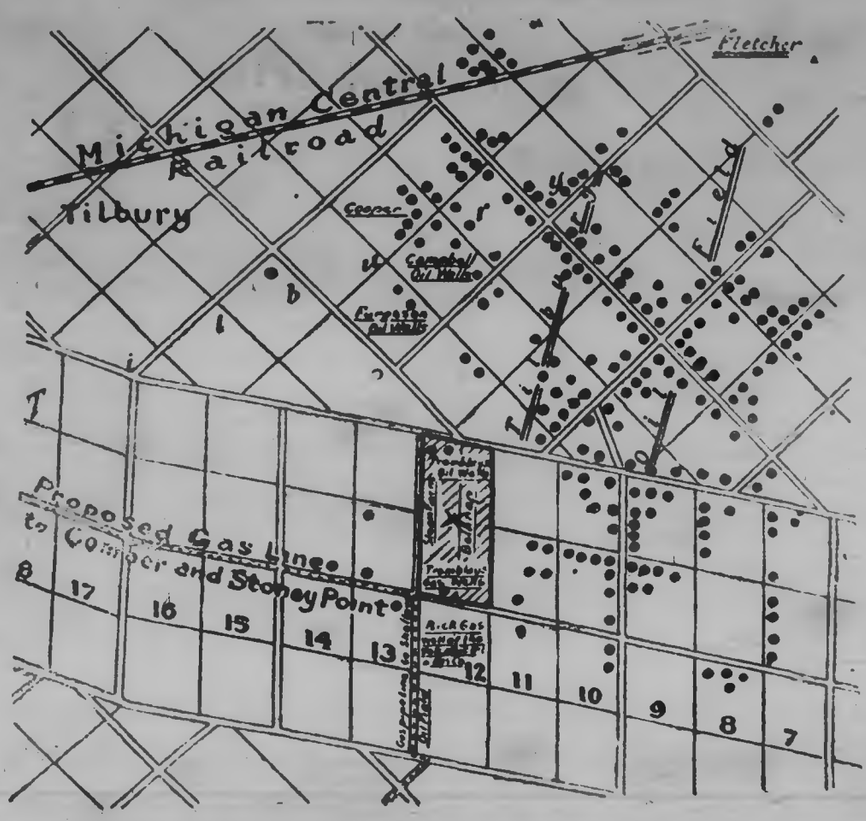
Your savings will be eight times more than the original amount by the mere fact of the higher rate of interest you will get.

Remember that this is no wildcat scheme, as you can see by the facts hereinafter mentioned.

Dr. Bel, the famous Canadian geologist, early in 1878 reported that there was an oil and gas field in the Townships of Tilbury and Romney, County of Kent, Ont. As soon as the discovery of the oil was made in Tilbury in 1906, our American neighbors, who are experts in good things, did not hesitate to invest hundreds of thousands of dollars, and now, in fact, control the two thirds interest in our oil field of Tilbury; and this happened because we Canadians hesitated to invest a few thousand dollars in the exploration of the oil mines of Tilbury, which already give a monthly production valued at $75,000, without adding the revenue derived from the gas.

We have said that this is not a wildcat scheme, because the "Canadian Southern Oil & Gas Co., Limited," has secured an option at a very moderate price on properties situated in the oil and gas field of Tilbury, upon which three successful tests have been made, being Lot No. 12, M. R. N., Tilbury East, 200 acres, indicated with a cross upon the map of the field.

COUNTY of KENT, ONTARIO



There wells only have been drilled at an average depth of 1,400 feet.

The first one proves to be a rich gas well, the two others are good oil wells, combined with a strong production of gas.

The Company has also secured the franchises for the distribution and sale of natural gas into the Townships of Romney, Tilbury East, North and West and also into the thriving villages of Comber and Stoney Point.

The gas well is properly equipped and already is supplying the motor power to the Romney oil field and is getting one-third of the gross revenue of the gas sold.

The oil wells are completely equipped with one 15 h. p. gas engine, derrick, tanks, boiler, pumps, tubing, pipe-line, jerk-line, jack, etc., and are producing daily. The oil is sold to The Imperial Oil Company, Limited, and is delivered at the tanks and shipped through its pipe-line to Port Marquette R. R. Station at Merlin, a distance of 8 miles.

Our properties are already giving daily a net revenue of about $25.00 —that is to say, more than 10 per cent. of the whole capital stock of the Company.

This revenue may be made four times greater by the drilling of other wells and the construction of the gas-line to Comber and Stoney Point.

Prinz Cirkel, Esq., of Montreal, consulting mining engineer and mining expert to the Dominion Government, who lately made an inspection of the said property, concluded his report as follows:

"In summarizing the actual results already obtained from the operations on the Sloan wells the writer is forced to the conclusion that the property under consideration is a very valuable one. Located as it is in the south extremity of the producing Tilbury oil field, in close proximity to wells which produce from 40 to 60 barrels of oil (and even more) per day of 24 hours (I refer to the Ferguson Campbell and Cooper properties), located about 2,000 feet distant to the north, see plan attached hereto), it bids fair to become a producer of oil and natural gas of no small measure.

The Tilbury field has already the reputation of being a large producer and powerful companies have entered the district with a view of securing properties of known and established value.

There is one factor to which I would like to draw your special attention and that is the future of natural gas. To-day, the market in that in that part of the country, for this commodity is not sufficiently large to dispose of all the gas the wells can produce but there is no question that in the near future factories will be established on central points, which will eventually consume for various purposes, especially for power, all the gas which can be produced in the field.

Besides this there are quite a number of towns and villages in the western part of the Niagara Peninsula, which may use the gas for heating, lighting, and also for power purposes and it is only a question of time when this will be realized.

The economy of the application of natural gas to power purposes is already evidenced all through the field, as coal or any other power cannot be regularly obtained, and that at high figures. Having therefore, a powerful gas well on the (Sloan) property, it is evident that a great saving is effected from this source alone; for instance, for the operation of the oil wells, the cost of power required per day would amount to between twenty and twenty-five dollars, which, in the working days per year, would represent a saving of from six thousand to seven thousand five hundred dollars.

In conclusion, I may say that this property, with proper and economic management, can be made highly remunerative; I entertain, no doubt, that if properly developed, it will show similar results as those of so many other locations in the vicinity, whose developments have of so many other locations in the vicinity, whose developments have been so vigorously pushed in the past.

Respectfully submitted,
(Signed) FRITZ CIRKEL.

Consulting Mining Engineer and Mining Expert to the Dominion Government graduate Technical Academy, Germany."

Under the mathematical basis upon which profits can be estimated, an investment in the "Canada Southern Oil & Gas Company, Limited," is one of the best and safest investments in Canada.

This stock will double in value inside of a year. 50,000 shares are offered to the public as follows: 20,000 shares at 75c and 30,000 at par.

The cost of management will not exceed $2,500 a year.

Have secured a block of the

Calumet, Mancos' Oil and Mining Company's Stock

Par value $1.00

What they offer at 25c per Share for a short time

The property is situated at Mancos, Colo., and consists of 160 acres, fully paid for. The Company expects to secure at least 400 acres or more, we are negotiating for it now and the terms are satisfactory and there is coal on the same, and they also intend to secure some Coal Mines of which they have the refusal. Some of the best coal mines in Colorado are in this district, as well as some of the richest gold and silver mines. In fact this is one of the richest parts for mineral in the State of Colorado, and the Company has the refusal to several prospects on reasonable and easy terms.

In our opinion the prospects of the Company are very bright and a rapid advance in the price of the stock is sure to take place in the near future. Full information can be had by calling at our office.

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or Sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at an Agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of a homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father or mother.

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.

THE TWENTY-SIXTH ANNUAL MEETING
OF THE SHAREHOLDERS

The Western Bank of Canada

HELD AT THE HEAD OFFICE OF THE BANK
ON WEDNESDAY, APRIL 8th, 1908

The following shareholders were present: John Cowan, Robt. McIntosh, M. D., John McLaughlin, W. F. Cowan, T. H. McMillan, R. C. Babbitt, Chas. W. Scott, H. T. Carswell, W. F. Allen, Robt. McLaughlin, and F. W. Cowan.

REPORT

Your Directors desire to lay before you the Twenty-sixth Annual Report of the Bank for the year ending the 29th February, 1908.

The net earnings for the year amount to $83,784.10, which is equal to sixteen per cent. upon the paid-up Capital of the Bank. To this has been added the balance carried forward from previous year of $45,433.56, making in all $130,217.66, which amount has been appropriated as set out in the accompanying Financial Statement.

The losses of the year have been small.

The Liquid Assets of the Bank have been maintained at a safe point throughout the year.

The Rest Account of the Bank now stands at $650,000.

The agencies of the Bank have all been recently inspected and found to be in a satisfactory condition.

JOHN COWAN,
President.

T. H. McMILLAN, Cashier.

1. Moved by the Chairman and seconded by Mr. Allen, that the report as read be adopted, printed, and circulated among the Shareholders.—Carried.

2. Mr. Scott, seconded by J. McLaughlin, moved that the thanks of the Shareholders are due and are hereby tendered to the President, Vice-President, and Directors of the Bank for the manner in which they have conducted the affairs of the Bank during the past year.—Carried.

3. Mr. W. Allen, seconded by Dr. McIntosh, moved that the thanks of the Shareholders be given to the Cashier and other officers of the Bank for their attention to the interests of the Bank.—Carried.

Dr. Dr. McIntosh, seconded by F. W. Cowan, moved that this meeting do now proceed to elect by ballot eight Directors to fill the place of those retiring, and that Messrs. C. W. Scott and John McLaughlin be scrutineers for said election, and that the poll remain open for one hour to receive the votes of the Shareholders, but should five minutes elapse at any time without a vote being taken the poll shall be declared closed, and that the Scrutineers be paid $4 each for their services.—Carried.

The Scrutineers reported the following eight gentlemen as having received the unanimous vote of the Shareholders, viz:—John Cowan, Esq., R. S. Hamlin, Esq., W. F. Cowan, Esq., D. McIntosh, R. McLaughlin, Esq., W. F. Allen, Esq., T. Patterson, Esq., and J. A. Gibson, Esq., who were duly elected Directors for the ensuing year. A vote of thanks was then tendered to the Chairman for his able conduct in the chair, and the meeting then adjourned.

At a subsequent meeting of the new Board, John Cowan, Esq., was unanimously elected President, and R. S. Hamlin, Esq., Vice-President.

T. H. McMILLAN, Cashier.

Plan to Save the World

Chicago, April 23. — Evangelization of the entire World is planned this week in Chicago on a stupendous scale. Eight bishops, seven state and interdenominational secretaries, and a great number of ministers and laymen, all of the Methodist Episcopal faith, began yesterday a three-day interstate missionary convention at the Centenary Church. The number of delegates is limited to 1,200 but hundreds of visitors from neighboring states will also attend.

The Bishops and other prominent churchmen have all made international reputations as missionaries. They come from India, China, Japan, Africa and the Philippines. Specialists on missions in the local church, Sabbath school, league and city work will participate. The convention covers Illinois, Indiana, Michigan, and Iowa.

The call for the convention declares that the manifestation of divine providence in recent history and current events is a "challenge of God to the chivalry of the church to move forward to the immediate evangelization of the world." The programme declares the central theme will be: "A View of the World-wide Field and How to Make Plain its Significance to the Home Church."

Bishop William F. Oldham, missionary bishop for southern Asia, will be a prominent speaker. Bishop Oldham was born in Bangalore, India, and laboured for years in the latter country. Bishop James M. Thoburn, the first bishop of his church for India, will also speak. Bishop J. W. Hamilton, the resident bishop at Shanghai, China, will make a strong missionary plea. He has travelled all over the coastwise provinces of China to the borders of Tibet.

Bishop M. C. Harris, who spent several years in mission work in Japan, and who was recently decorated by the emperor for his services, will point out the great missionary opportunities in the Mikado's country. Rev. Dr. Homer Clyde Stunts, who spent several years as a missionary in India and the Philippines, is expected to deliver one of the entertaining talks of the convention.

Rev. Frank D. Gamewell, who was stationed at the West China Mission at the time of the Boxer uprising, will point out the great evangelistic opportunity in that locality. Dr. Gamewell was chief of staff in charge of fortifications during the siege of Pekin. Bishop William F. McDowell, the resident Bishop of Chicago, will attend the convention daily.

The convention is to be a delegated body and admission can only be secured through registration. Those attending are enjoined in the call to bring pencil and notebook that they may make permanent record of "inspiring facts and incidents they will hear." Following the convention it is planned to hold "echo meetings and really work from charge to charge."

KING'S DERBY WINNER DEAD.

Recollections of Enthusiastic Scene of Persimmon's Victory.

Persimmon is dead. The mighty horse over whose deeds the public waxed so enthusiastic, has run his last race and sired his last foal. Meeting with an accident, he fractured his pelvis in two places. It was found impossible to effect a cure, and Persimmon died recently.

Persimmon was foaled on April 15, 1893, and was first seen in public at Ascot two years later, when he won the Coventry Stakes. Next he won the Richmond Stakes at Goodwood, but in his next race, the Middle Park Plate, he only finished third, though it must be said he had been coughing just previously.

Until the Derby, the horse was not seen out again. He started second favorite, St. Frusquin holding a premier position in the betting lists. After a great race and a fine exhibition of jockeyship on the part of John Watts, the King's horse won by a neck and there was a scene of enthusiasm such as had never been seen before, and was not equalled even when his Majesty won his second Derby with Diamond Jubilee.

In the same year there was another great race between Persimmon and St. Frusquin for the Princess of Wales's Stakes at Newmarket. The Derby winner had to concede 3lb., and was beaten half a length. This led to much speculation as to which of the two would win the St. Leger, but soon afterwards St. Frusquin broke down and left the turf, so that Persimmon had not much difficulty in taking the Doncaster race. Three weeks afterwards he won the Jockey Club Stakes.

In the following year he took the Ascot Gold Cup, and easily secured the Eclipse Stakes at Sandown Park, then retiring from the turf, having won seven of his nine races and £34,706 in stake money.

At the stud, Persimmon was an immediate success. Among his first crop of yearlings was Sceptre, who, on the death of the Duke of Westminster, was sold at auction to Mr. R. S. Sievier for the world's record price of 10,000 guineas. He also sired Zinfandel, Keystone II., and many other fine horses.

Persimmon headed the list of winning sires in 1902 and 1906. In ten seasons at the stud he earned approximately £100,000 in service fees, and his progeny have won £194,815 in stakes so far.

His Order.

He was an untried sportsman, the Washington Star declares, but he entered a tailor's shop and approached a clerk with an air of a champion.

"I am a rower," said he, "and I want to be measured for two pairs of rowing trousers, the kind with the sliding seats."

The Social Moth.

There once was a woman named Jennie
Who bridge whisked away her last pennie.
When forced to dispose
Of her fingers and toes
She remarked, "I shall use my antennie."
—Harper's Weekly.

Why He Laughed.

Stage Manager (at rehearsal)—But you laughed in the death scene. You mustn't do that.

Actor—With the salary you give me I can only greet death with joy.—Meggendorfer Blatter.

The Gossips' Faith.

That "seeing is believing"
We know. 'Tis also true,
When gossips' tales are weaving,
"Hearing's believing" too.
—Boston Post.

Made It Clear.

When Colonel Edmund Rice was in command of the Twenty-sixth infantry (mostly volunteers from New England) in the Philippines, he organized from his regiment a company of mounted scouts. To equip them for this service he made requisition on headquarters for the necessary outfit, including eighty nosebags. Some officious clerk in the quartermaster's office in Manila returned the requisition to Colonel Rice with these written remarks: "Your report shows but sixty men in your mounted company. Why do you require eighty nosebags?"

The colonel's explanation was short and characteristic. It was: "It is true I have but sixty men, but I have eighty horses. The nosebags are for the horses, not for the men."

Inoculation For Smallpox.

Lady Mary Wortley Montagu is generally credited with having introduced inoculation into England from Turkey. In 1718 she had her son inoculated at Adrianople with success. She was allowed to have it tried in England on seven condemned criminals in 1721, and in 1722 two members of the royal family were inoculated. The practice was bitterly opposed by the clergy until 1700. A Dr. Mead practiced inoculation with success up to 1754, and Dr. Dunsdale of London inoculated Catherine II. of Russia in 1768. Vaccine inoculation was introduced by Dr. Jenner in 1799.

Thirst.

Rinsing the mouth with very hot water stops the thirst. This is safer than drinking when the body is overheated.

Great Britain's Territory.

According to the authority of an English magazine, Great Britain controls 21 out of every 100 square miles of the earth's surface and 24 out of every 100 square miles of territory in North and South America.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and now it have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing Hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds Heart strengthens; it offers real, genuine heart help.

If you would have strong Hearts, strong digestion, strengthen those Nerves—re-establish them as needed, with

Dr. Shoop's Restorative

Galbraith Coal Co., Ltd.

Non-personal Liability

Capital, $250,000.00 1,000,000 Shares 25c. each.

Good coal stock is a safe and sure investment. Galbraith shares are especially attractive.

Modest Capitalization **Large Coal Reserves**

This Company organized under the laws of the Northwest Territories of Canada, owns and operates the Galbraith mine located at Lond breck, Alta. They have four vertical seams of coal traversing their property, aggregating over 40 feet in thickness. Three of these seams are developed to a depth of 350 feet, and as they pass through the Company's lands for nearly a mile, some idea of the amount of coal may be had.

Shipping Steadily

The present output of the mine is about 300 tons per day. These shipments will be rapidly increased, as the C.P.R. allows its cars to be loaded with coal for points in the U. S.

We are selling a limited number of these shares at the extremely low price of

30 CENTS PER SHARE

in blocks of 100 or over. Tight money in the States makes it possible for us to give this unprecedented offer in stock that will be paying dividends inside of six months, and you are sure to realize a handsome profit.

Parties ordering can send money by P. O. Orders, Express Orders or Bank Drafts, and we will have the stock issued direct to you. Full information furnished on request. Correspondence solicited. Reference, Bank of Montreal

Under its influence the brain becomes active, the blood purified so that all pimples, blotches and ulcers heal up, the nerves become strong as steel so that nervousness, bashfulness and hesitancy disappear, the eyes become bright the cheeks full and clear, energy returns to the body and the sexual, physical and mental systems are invigorated; all drains cease—no more vital waste from the system. The various organs become natural and manly. You feel a man and know matrimage cannot be a failure. We invite all the afflicted to consult us confidentially and free of charge. Don't let quacks and fakirs rob you of your hard-earned dollars

NO NAMES USED WITHOUT WRITTEN CONSENT

THREATENED WITH PARALYSIS.

BEFORE TREATMENT

AFTER TREATMENT

Peter E. Summers, of Kalamazoo, Mich., relates his experience:

"I was troubled with Nervous Debility for many years. I lay it to indiscretion and excesses in early youth. I became very despondent and didn't care whether I worked or not. I imagined everybody who looked at me guessed my secret. Imaginative dreams at night weakened me. my back ached, had pains in the back of my head, hands and feet were cold, tired in the morning, poor appetite, fingers were sticky, eyes blurred, hair came, memory poor, etc. Numbness in the fingers set in and the doctor told me he feared paralysis. I took all kinds of medicines and tried many well-known physicians, wore an electric belt, for three months, went to Mt. Clemens for baths, but received little benefit. While at Mt. Clemens I was induced to consult Drs. Kennedy & Kennedy, though I had lost all faith in doctors. Like a drowning man I commenced the New Method Treatment and it saved my life. The improvement was like magic. I could feel the vigor going through the nerves. I was cured mentally and physically. I have sent them many patients and will continue to do so."

CURES GUARANTEED OR NO PAY

SATURDAY, APRIL 25TH, 1908.

Millbrook's New Chief of Police

Mr. Thomas Miller, who has sometimes acted as spare man on the local police force was yesterday appointed chief constable of the village of Millbrook. It is understood that the title carrys with it a free house and $100 per annum. The duties however are not onerous and the chief is able to work between arrests and police court sessions at his trade.

How Nature Provides.

Our Beauty, Health and Happiness.

Is it not possible, and altogether probable that elements necessary for the body-health are contained in the medicinal roots found in the earth, digested in the plant laboratory of Nature and made ready for man or animal?

There is a growing belief among scientists that the vegetable kingdom furnishes us with the necessary elements for blood making and to keep that delicate balance of health that the human animal is so apt to disturb by wrong methods of living. Thus we know that we should get the phosphates from the wheat in our bread—or some cereal foods, and iron from certain vegetables, such as spinach and greens.

If there is ill-health then our best method for recovering our standard balance of health is to go to Nature's Laboratory—the plant life which will furnish the remedy.

Buried deep in our forests is the plant known as Golden Seal (Hydrastis) the root of which Edwin M. Hale, M. D., Professor of Materia Medica at Hahnemann Medical College, Chicago, states "In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all debilitated states." Dr. Hale continues: "Prof. John M. Scudder says, 'It stimulates the digestive processes, and increases the assimilation of food. By these means the blood is enriched, and this blood feeds the muscular system.' I mention the muscular system because I believe it first feels the increased power imparted by the stimulation of increased nutrition. The consequent improvement on the nervous and glandular systems are natural results."

Stillingia or Queen's root is another root which has long been in repute as an alterative (blood purifier) and Prof. John King, M. D., says of it: "An alterative unsurpassed by few if any other of the known alteratives; most successful in skin and scrofulous affections. Beneficial in bronchial affections—permanently cures bronchitis—relieves inflammation—an important cough remedy—a couple of years' standing being cured. Aids in blood-making and nutrition, and may be taken without harm for long periods."

Nearly forty years ago, Dr. R. V. Pierce of Buffalo, N. Y., combined an extract of the two above roots, together with that of Stone root, Black Cherry-bark, Bloodroot, Manakin and Glycerine—into a prescription which he put up in a non-alcoholic form, and called Dr. Pierce's Golden Medical Discovery. It was most successful in correcting and curing such ailments as were due to stomach and liver derangements, followed by impure blood.

In cases of weak stomach, indigestion, dyspepsia, ulceration of stomach or bowels, torpid liver, or biliousness, the "Golden Medical Discovery" has never been excelled as a tonic and invigorator which puts the affected organs "in tune" and enables them to perform their proper functions.

This alterative and tonic is indicated when you have symptoms of headache, backache, in fact "aches all over." When your appetite is gone, tongue furred, bad taste in mouth, foul breath, when you feel weak, tired, blue and discouraged, then is the time to take this natural restorative of Dr. Pierce. "Golden Medical Discovery" is not a secret, or patent medicine, because all its ingredients are printed on the bottle wrapper. It contains no alcohol or other harmful, habit-forming agents—chemically pure, triple-refined glycerine being used as a solvent and preservative.

A good medical book, written in plain English, and free from technical terms is a valuable work for frequent consultation. Such a work is Dr. Pierce's Common Sense Medical Adviser. It's a book of 1008 pages, profusely illustrated. It is given away now, although formerly sold in cloth binding for $1.50. Send 21 cents, in one-cent stamps, to pay for cost of mailing and mailing only for paper-covered copy, addressing Dr. R. V. Pierce, Buffalo, N. Y.; or 50 cents for an elegantly cloth-bound copy.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. One a laxative, two or three cathartic. Easy to take as candy.

LEGAL

A. E. DIXON, BARRISTER, SOLICITOR, etc. Office corner of Hunter and George streets. Entrance next to Madill's Drug Store.

CITY AND COUNTY NEWS

DASHES HERE AND THERE BY TIMES REPORTERS.

Local Nurses Raise Prices

Local trained nurses, met in business conclave have decided to raise the fees to $18 per week and $21 for contagious diseases, in uniformity with surrounding towns and cities from the present date.

Nicholls Hospital Graduate Succeeds

A new nurse has been secured to take charge of the hospital in the person of Miss Eva Barry, late assistant matron in Red Deer Hospital. Miss Berry came formerly from Millbrook, and is a graduate of the Nicholls Hospital Peterborough. Miss Barry begins her duties this week.—Sentinel-Review.

Police After Local Scavenger

Chief Reid remarked yesterday morning that from complaints received, he gathered that a certain scavenger a few nights ago, while going north on Bethune street, allowed a horse to drop from his wagon from Hunter street to Brock street. The police have a suspicion who the scavenger is and in all probability he will be heard from in a few days.

Handsome New Delivery Rig

Mr. Bruce Ricky who, as noted in a former issue of The Times recently purchased "My Valet," that Charlotte street establishment, yesterday put on a new delivery van on the road. This new addition to the floral staff of delivery rigs is unique of its kind here, having rubber tires, English coach gears so that the driver can expeditously bring parcels in his care and thus save delivery to customers.

A Gilmour Street Boy vs Powder

On Thursday afternoon a Gilmour street lad bought half a pound of gun powder, borrowed some matches and as you, old man, and I did as boys, got busy with the same to create a noise. The result is thus told by The Times Doggrell Editor:

"Gilmour street lad gets powder.
Soon will be louder, louder!
Powder in a baking tin,
Match applied! Things begin!
Boy subdued with face like chowder."

Mr. Tom Spillsbury in Town

Mr. Thos. W. Spillsbury, an old Peterborough boy, a son of Mr. W. Spillsbury, one of North Monaghan's former best known farmers, is in the city. Mr. Spillsbury, who is one of the best known professional nurses in New York State, with headquarters at 176 Clarendon street, Rochester, N.Y., came here to attend his mother, who lives on Perry street, and who is ill at present. Mr. Spillsbury's friends here extended the glad hand of welcome yesterday.

Division Court In Spring Session

Yesterday morning at 10 o'clock his honor Judge Weller held a session of the Division Court in the county council chamber. The bar was represented by Messrs. Dumble, Green, Medd, Gordon, Wood, Kerr, LaPlante Moore, Hayes, Hatton, Poussette and McWilliams.

A number of minor cases, of no particular public interest, involving small sums were heard.

Mr. Bushnell, a local real estate dealer, sued a man by name Bickell of Smith, over a horse trade. It seems complainant bought a horse from Bickle paying him $171. This was on a Saturday. On Monday following he returned the horse saying he had a veterinary certificate showing the animal was not sound. Mr. Bickle said the veterinary surgeon knew nothing about a horse and he would not take his word in the matter. Witness said to Bickle the horse had a sore under its tongue. Bickle said he would give him the money but he had not the full amount then. Complainant left the horse and Bickle sent his son to the house for $10. Bickle then gave him $70 and promised the balance on Saturday. There was a hole under the horses tongue he could and did put his first finger into.

Mr. Bickle next went into the box and said Bushnell brought the horse back three days after buying it from witness. Witness gave $70 to Bushnell and promised to come to town and buy the horse examined both and if it were found that the above were real, he would return balance of purchase money.

Dr. Johnston, V.S., said he examined the horse in question, and found a full wound under the tongue. It did not amount to much. It did not know it was caused, but probably by the tongue being drawn over a tooth and cut in that way.

Dr. Blanchard, V.S., corroborated last witness' evidence.

Dr. Poole, V.S., said the wound was over an inch deep. The wound might have been caused by a bit if the bridle were ill-fitting. He considered if the horse could not eat it was unsound.

Judgment was reserved.

City Topics

IN SHORT FORM FOR BUSY READERS

—Tenders for building the new Charlotte street link, are to be opened on Monday.

—Local drivers complain that water has not yet been turned on at the Charlotte or McDonel streets horse troughs.

—The young people of St. John's church will hold a concert on Monday night at which a most interesting program will be rendered.

—The members of Golden Link Rebekah Lodge are requested to meet in St. John's school room April 26th at 6.30 p.m., to attend divine service. All visiting members are cordially invited.

—The "7" social held by the young people of St. Luke's church last night, was a great success. The ladies in charge providing a most tempting repast.

—Parties looking for birthday or wedding presents will save money by buying at Times Bookstore. Big reductions in all fancy and useful china and glassware. Moving sale prices now on.

—Coal is coming to Peterborough this spring earlier than usual. This is due to all rail transportation which takes the place of the usual water transportation, this year delayed by ice.

—Roadmaster Mitchell and a gang of men are placing new heavy steel rails on the G.T.R. road in the vicinity of Blezzard's station. This was made necessary owing to the havoc wrought by the wreck there of a few days ago.

—All the planking of the former roller skating rink has now been removed. A large part of this lumber is in good condition and would do well for hardwood floors, at least so said a leading local contractor on the spot yesterday.

That languid, lifeless feeling that comes with spring and early summer, can be quickly changed to a feeling of buoyancy and energy by the judicious use of Dr. Shoop's Restorative.

The Restorative is a genuine tonic to tired, run-down nerves, and but a few doses is needed to satisfy the user that Dr. Shoop's Restorative is actually reaching that tired spot. The indoor life of winter nearly always leads to sluggish bowels, and to sluggish circulation in general. The customary lack of exercise and outdoor air ties up the liver, stagnates the kidneys, and oft-times weakens the heart's action. Use Dr. Shoop's Restorative a few weeks and all will be changed. A few days test will tell you that you are using the right remedy. You will easily and surely note the change from day to day. Sold by all druggists.

Personal

Mrs. Harry Noyes of Keene, was in the city yesterday.

—Miss Coutts McCoy, Pearl avenue, has returned home from a visit to friends in Belleville.

—Rev. J. G. Lewis returned to Peterborough yesterday after spending the past three days in the city, as presiding examiner at the probationers' examinations at George street church.

—Millbrook Reporter: Miss Eliza Sandercson was out from Peterborough over Easter, the guest of Miss Mary Ann Hunter and Miss Bradley.

—Mr. R. Grieve, organizer for the Sons of Scotland, who expected to leave tomorrow, has been invited to remain another week owing to the success he has attained in getting new members into the order.

—Lindsay Post: Mr. H. Phelan of Peterborough, is in town today.—Mr. Linsell this week.

Miss Hamilton of the Trent Valley staff, Peterborough, passed through town on a business trip to Cobourg.

—Lakefield News: Miss Eva Bullock spent Easter with her friends in Peterborough.—Miss Mary Norrish is spending a few days in Peterborough, visiting friends.—Mrs. J. Ward and Miss Hazel, are at present in Peterborough visiting friends.—Messrs. Roland Johnston and W. K. Leonard spent a few days in Montreal this week.

HAPPY WOMEN PRAISE PE-RU-NA

It Is Works, Not Words, That Has Made Pe-ru-na Famous Throughout the Land.

The miss and the matron alike praise Peruna. Girls and women have all discovered the value of Peruna. The Miss and Mrs. have been ill, each in her own peculiar way, and have found relief by taking Peruna.

Fair girls and beautiful women, frail daughters and ailing mothers everywhere have taken Peruna and know its value in the relief of ailments peculiar to their sex. From the grandmother to the girl babe the gentler sex are under numerous obligations to Peruna.

All this being true and the woman does not hesitate to tell it, her words win the confidence of other women, and thus the fame of Peruna spreads from household to household, until millions of homes acknowledge Peruna as their favorite and reliable family medicine.

Peruna is good for many minor ills. It can be relied upon to mitigate the many disagreeable effects of colds and irregularities so common among women. All the ailments of a catarrhal nature belong within the scope of Peruna's remedial action.

Mrs. Sophia Caldwell, 1122 McGavock street, Nashville, Tenn., writes:

"After doctoring for a year and finding no relief from leucorrhea resulting from prolapsus uteri, and which was *sapping my life forces* away, I finally tried Peruna and when I found that it was helping me every day it seemed almost too good to be true.

"But, it not only helped me, it cured me and in a very short time. I am now enjoying the best of health. I am strong and free from pain, and I certainly feel that all *praise and honor are due to Peruna.*"

Miss Annie Hendren, Rocklyn, Wash., writes:

"I feel better than I have for over four years. I have taken several bottles of Peruna and one bottle of Manalin. *I can now do all of my work* in the house, milk the cows, take care of the milk, and so forth.

"I think Peruna is the most wonderful medicine. I believe I would be in bed to-day if I had not written to you for advice. I had taken all kinds of medicine, but none did me any good. Peruna has made me a well and happy girl. *I can never say too much for Peruna.*"

"I *suffered* with female troubles *for thirteen years*, and tried the best doctors in Louisville, Ky., without relief. I spent thousands of dollars at the Springs. The doctors desired that I have an operation performed to remove my ovaries, which I would not consent to. I saw an advertisement of your *Peruna* and bought one bottle, and before I had taken it all I could get out of bed and walk about. After taking three bottles I was as *well and hearty as ever.* I gained in flesh from one hundred and eighteen to one hundred and eighty-six pounds. If it had not been for your great and wonderful medicine I would now be in my grave. I would *advise all women sufferers to try it.* I would not be without it for the world."—Anna Munden, Hollygrove, Ark.

"I was troubled with very *serious pelvic weakness*, which exhausted me so that I feared I would lose my mind. I *suffered agony* with my back, the pain extending down my left leg. The pain was so severe that I would have welcomed death as a relief. *Peruna cured me* of this trouble,—no wonder I recommend it so highly. It will soon be two years since I found relief from the pain and not a sign of it has returned. I am glad that there is a way in which I can speak of this, as many a sufferer may read my testimonial, and not only read, but believe."—Mrs. Wm. Henderson, Craik, N. W. T., Can.

"I feel it my duty to write and tell you of the good Peruna has done me. I was subject to female weakness. For *six years I suffered* more or less. We consulted various doctors, who gave me relief, but no cure. I have suffered a great deal, and my husband had very large bills to pay.

"In my despair I decided to try *Peruna*, and the first bottle taken according to your directions *gave* me *relief.* I have had *no backset since* then. Since we have used Peruna, a doctor has seldom been in our house."—Mrs. Martha Fredrich, Central Park, L. I., N. Y.

THE SICK WITHOUT MADE WELL MEDICINE

Dr. Hercules Sanche

Precious Life and Health can be Saved by this New Method. All Sickness is Alike to

OXYDONOR

It applies to all cases, no matter what the form of disease may be. It revitalizes the human body with OXYGEN from the air. OXYGEN is a vital Necessity—the greatest necessity life knows.

You can apply Oxydonor at home while you rest or sleep. No loss of time from your work or business. It is easily applied, safe, and always ready for use. Its force never exhausts. It will serve the family, children as well as adults.

Mr. Wm. Beers, 196 York St., Toronto writes: "I have great pleasure in recommending your Oxydonor. When I first got the instrument I was suffering from Sciatica for about four months, and after applying it for five weeks it left me all at once and have not been troubled with it since. I can highly recommend it as a good family doctor, and would not be without it for double the price."

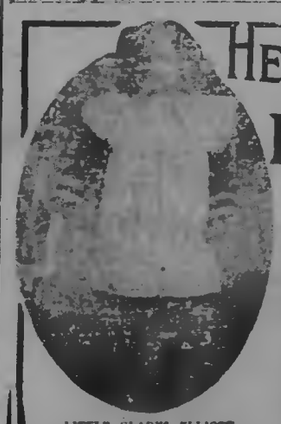
APPEARANCE

Is such an important feature on the table. It makes a heap of difference to the pleasure of the meal whether you have a good or a poor looking Sugar on the table.

St. Lawrence Extra Granulated Sugar

is the whitest and best looking Sugar to be had and besides it has the advantage of being the best quality and greatest strength.



LITTLE GLADYS ELLIOTT.

HEAD, ARMS AND LEGS COVERED WITH ECZEMA

Mrs. L. Elliott, of 41 Henry St., St. Catharines, Ont., says: "My little daughter Gladys, 4 years of age, was badly troubled from infancy with eczema on the back of her head, under her hair, the joints of her arms and on the back of her legs. This terrible disease first broke out on the side of her head in the form of a red rash and pimples which, if rubbed or scratched sent forth a watery substance, and which later spread to the back of her head, joints of her arms and back of limbs. This proved a rather obstinate case and the child suffered intensely from itching and pain and was very restless and feverish. We tried all kinds of preparations, soaps, etc., but failed to bring about a cure. At last a friend who had been using Zam-Buk for small sores and wounds gave me a portion of her box to try. This seemed so good and showed such an improvement so I bought a supply, and thro' perseverance in using, the disease was soon checked and finally cured. I feel very grateful for the cure Zam-Buk has brought about."

Zam-Buk Cures cuts, burns, chapped hands, coal sores, itch, ulcers, eczema, running sores, catarrh, piles, bad legs, abscesses and all diseases of the skin. Of all druggists and stores, 50c., or post paid upon receipt of price from Zam-Buk Co., Toronto. Good also for rheumatism, neuralgia, etc., when well rubbed in.

ADVERTISE IN THE TIMES.

BEST ADVERTISING MEDIUM IN EASTERN ONTARIO

The Morning Times

ONLY MORNING DAILY BETWEEN TORONTO AND OTTAWA

VOL. XXXVI. NO 99 PETERBOROUGH, ONTARIO, MONDAY, APRIL 27, 1908 PRICE TWO CENTS

House Built at Harwood Cost Only Fifty Cents

Harwood, April 26.—Here is a suggestion for city people desirous of erecting a summer cottage at small cost. A number of Alderville Reserve Indians are camped at Sugar Island, and the Devil's Elbow, where they have their traps set in the marsh for muskrats. Two of the Indian families at the Elbow are living in tents, while the third family have ingeniously constructed a paper house, using a wooden framework, covered with building paper, and having the seams covered with basswood bark. They claim that it is much warmer than a tent, and just as nearly waterproof. The house was constructed at a cost, exclusive of labor, so they state, of half a dollar, and the proprietors says that it is just as warm and comfortable as the ordinary summer cottage.

A Fish Ladder at Boboaygeon

Boboaygeon, that paradise of anglers for the sturdy and gamey bass, is to have a fish ladder built in the new dam there, so that spawning fish can ascend to the beds to deposit their spawn. Mr. Armstrong an Ottawa official was at the village recently and after consultation with the local Fish and Game Association, and having investigated conditions there, has decided to report favorably on the ladder being incorporated on the plans of the dam.

Pan-Anglican Funds to Benefit Canada

In view of the fact that Rev. Canon Davidson, rector of St. John's church will soon leave for an extended trip to England to attend the great Pan-Anglican congress, which will be held in St. Paul's Cathedral, London, in June next, it might be noted that at the morning service in St. John's church yesterday circulars were distributed descriptive of the coming meeting. A world wide united thank offering will be presented by all dioceses of the Anglican communion and the American church in St. Paul's. The funds obtained will be distributed for the prosecution of missionary work throughout the world and for the endowment, establishment and support of existing and new theological colleges solely for preparation of candidates for holy orders to serve in Canada. No money contributed from abroad or at home in England will remain in England, but solely sent to mission fields, domestic and foreign, thus gifts from Canada will practically remain in Canadian mission work, augmented by gifts from English dioceses.

Wardens of St. John's Church Did Well

At yesterday morning's service in St. John's church the church wardens' financial statement for the year ending March 31st ult., was distributed among the members of the congregation. Messrs. Mitchell and Hughes-Chirlies, the wardens for the past year, display by that inevitably correct index, namely dollars and cents on the right side of the ledger, that their financial regime resulted most successfully in a handsome balance was left by them in favor of the church funds. This balance, amounting to over seven hundred dollars, is the best showing, financially, that any of the wardens of St. John's church have left to the incoming wardens for many a year.

Wedded Couple Well Advertized

Much merriment was created along George street on Saturday afternoon as a newly married bride and groom drove to the C.P.R. station en route on their honeymoon. It seems that some wags, presumably guests at the wedding ceremony, with a larger sense of wit than care for the bride's blushes, had decorated the back of the hack in which drove the happy couple with wide white canvas streamers across the whole width and depth of the cab. On these in large black printed letters were the following appropriate sentiments. "Honeymoon for ours," "Just married," and "Two is company." The couple in the hack, evidently unaware of the mottoes on their cab, looked as happy as new-wed man and wife could look, and the pedestrians along the street also looked happy too, if roars of laughter, as the hack passed by, was any indication of public feeling.

Manitoba to Become "Dry" Within the Next Three Years

Winnipeg, April 25.—Next week will see the putting into force of many of the drastic restrictions on liquor traffic enacted at the last session of the Manitoba Legislature. Principal among these is the clause that, starting from May 1, no liquor shall be sold to private persons in districts already under local option, nor shall such persons keep or use liquor in their houses, under severe penalties.

Notice has already been served by local brewers and wine merchants that after the end of this month they can no longer deliver liquor to their patrons in the municipality of Kildonan, which is just outside the city limits and is under local option. Quite a number of country houses in that district will be affected, and the enforcement of this provision is likely to lead to a petition for the district immediately bordering on Winnipeg for incorporation within the city boundaries.

Another provision going into effect May 1 is that all bartenders must be licensed as now but licensed men and hotel proprietors themselves will be permitted to dispense liquid refreshment. Over two hundred applications for licenses have already been put in.

STRENUOUS CAMPAIGN.

But the real fight for a "dry" or "wet" Manitoba is only beginning, and the first great campaign will be fought at the municipal elections next Monday. Several Manitoba municipalities are already under the local option law, having been established under, and notwithstanding two-thirds majority required under the old legislation. Now, however, that under the new Act but a bare majority of the vote cast is required, there is every indication that the great majority of the many municipalities where local option is to be put to the vote next December will join the ranks of the "dry" brigade.

The most considerable municipality involved is the city of Portage la Prairie, with a population of not far short of 10,000, and a number of wholesale and retail licenses, besides a brewery. Here the Dominion Alliance, representing the prohibition movement, will concentrate its efforts with a view to the capture of what hitherto has been regarded as a stronghold of the Liquor interests in this Province.

A DRY MANITOBA

Headquarters have already been opened, and the general campaign for all the many municipalities affected will be conducted from there. But most of all, the local optimists desire to capture the third city in the Province. With a bare qualifying majority they have no fears about carrying the rural municipalities, but if they can win in Portage this December they will next year concentrate their efforts on the bigger city of Brandon. Thus in a little over two years they expect to have mapped out a "dry" Manitoba, with the single towns of Winnipeg, and they expect then to be able to put up such a fight as to drive the liquor business entirely out of the Province, so that 1911 will see not a saloon doing business, nor a keg of beer surreptitiously on tap anywhere within the Province. LIQUOR INTERESTS PREPARING.

This program of course, anticipates a possible revision, who are now fully alive to the threat to the trade, and are organizing all over the Province.

Unique Collection of Military Badges

Mr. W. Evans of the Quebec Hotel has got a collection of military badges that is unique of its kind and possibly the most complete in this part of the country. These badges which he has attached to a broad leather belt, include badges and emblems of brass and silver taken exclusively from military accoutrements of English, Irish, Scotch and Welsh regiments. The collection contains, among others, the following regimental emblems:—"The Queen's", a scroll surmounted by a lamb carrying a flag with a cross; "The West Riding", a scroll with a lion couchant holding a flag; "West Yorkshire", a scroll with a prancing horse; "Welsh Fusileers", a circle with the Prince of Wales' feathers and a bursting bomb at the top; "Fourth West York Rifle Volunteers", a very handsome medallion containing the coat of arms of the regiment, and a crown on top; "The Derbyshires", a scroll with a star and crown and a deer; "Perth Artillery", a horn and crown surmounted by the word Jellalabad; "The King's Own", the letters being topped by a large lion rampant; "King's Own Scottish Volunteers", a thistle protected by a treble castle; another handsome emblem, the regiment motto being the same as that of the 67th Peterborough Rangers, viz. Quis Separabit—and the letters MDCCLXXXIII., or 1783, and many other emblems. Mr. Evans has been many years collecting these badges and has been offered a large sum for the collection.

American Capitalist Buys 500,000 Acres in the West

Lethbridge, Alta., April 26.—W. Smiley, representing St. Paul capitalists, is buying half a million acres in the irrigated belt north of Taber. It will be colonized and he hopes to have it all taken up within two years.

Harrison Made Game Fight to Get Second Place but Blake Stuck to Him Like a Leach

Stevens 4th, Graham 5th

Saturday night saw the close of the big six-day walking match, and one of the most successful sporting events ever pulled off in Peterborough.

Never before on Canada has such an edutrian feat brought forth such keen competition and provided such good clean amusement to the thousands of spectators as the great tournament just closed in this city. There was something doing every minute of the great race, from Monday night at 7.30 until Saturday at 11.

Talk about your hoss races, bicycle race and Marathon road races, the walking race stands preeminent in the annals of sport in Peterborough. People came from Port Hope, Cobourg, Millbrook and from every corner of east and west Peterborough to see the walkers. The Toronto and local papers were eagerly sought for to get the standing of the different competitors at the close of each night's walk. It was a common occurrence, no matter where you went to steer into a group of citizens discussing this great event. It was the topic of the day in these parts.

Those who attended it the first night were very enthusiastic over such exciting sport and boosted the good thing along and as the walk progressed the attendance and excitement increased right up to the last minute of the race.

Saturday's gate receipts was the largest of the week, amounting to over $600, the total receipts for the week amounting to about $1,800, half of which—$900—goes to the walkers. Hoagland the winner, will receive $450 as first prize. Blake, who got a second receives $225. Harrison gets third money, or $135, Stevens for fourth place, will rake in $54 and show money, or fifth place goes to Jimmy Graham, whose share of the "pot" will be $36.

These were the only five walkers to get inside the limit of 162 miles which was agreed upon by the contestants as a "dead line" and those failing to walk that distance, whether finishing among the first five or not, were considered outside the the money.

The last day's grind of ten hours started promptly at 1.30 p.m., and the old seven, Hoagland, Blake, Harrison, Stevens, Graham, Stenner and Fenton were the ones to get away at the clang of the bell. Harrison from the start made many brave attempts to overhaul Blake who still held a lead of 14 laps over the Peterborough boy. But the lad from the south stuck like glue and despite the many fast final sprints made by Harrison, he would not be shaken off.

Charlie Stevens and the champion Hoagland were also doing some sprinting and many times during the afternoon these two, the one with years of experience and the other a novice at the game, kept the crowd at fever heat by their wonderful speed and endurance. Jimmy Graham the Mark Twain of the tournament, kept plugging away all the afternoon as he had to make nearly 30 miles before 11 o'clock to get under the dead line.

Stenner and Fenton the tail enders of the seven, stuck with it to the last. Stenner who had the misfortune to strain his ankle while training for the event, is to be congratulated on the fine showing he made walking as he was under such adverse circumstances.

Fenton, who came from Auburn, N.Y., to take part in the tournament, also had misfortune, he having to surrender his title of "The Boy Wonder," to the local lad Charlie Stevens.

Hoagland was the first to get over the 162 mile line, he reaching the limit shortly after five o'clock.

Blake and Harrison were the next to get inside the money shortly after seven o'clock. Then Stevens at eight p.m., followed by Graham at 10.30.

The 3,000 spectators who were present on Saturday evening, witnessed some fine walking. Hoagland tore off some of his fast stunts which made the crowd sit up and take notice. He was greeted with rounds of applause and was presented with a large bouquet of flowers, by admiring friends. Hoagland did his best to keep the walkers in good spirits by words of encouragement to them and was the means of them indulging in many sprints, which caught on with the onlookers. He also carried around the track the two "grand old rags," namely the Union Jack and the Stars and Stripes, and the crowd nearly went frantic with excitement.

Blake also came in for the good things. While passing the judges' stand on the completion of a lap, an admiring friend handed the plucky Southerner a "game rooster," and with a "Sunny Jim" smile on his face carried the feathered warrior twice around the track, stroking its head all the time.

Tom Slater, Dave Hartley and R. J. Hatton came on the track during the evening and gave exhibitions of their speed. This was Slater's first appearance on the track since he quit the race last Wednesday.

James Harrison deserves great credit for the fine showing he made. He went into the race with practically little or no training and under difficulties unknown to many, but gave a splendid account of himself. He is practically a stranger to Peterborough citizens, although having worked here for some time. Had he been given a little more encouragement by the spectators, which he certainly deserved, in all probability he would have landed second money.

Charlie Stevens also deserves praise. This was his first race, and the wonderful speed and stamina that he showed, marks him as the coming champion of the walking game. He is only a youngster yet, being but 18 years of age, and undoubtedly more will be heard of him in the future.

BASEBALL.

Saturday game at Jersey City between Toronto and the Skeeters resulted in a no-run game. The game was a pitchers' battle from the start and the wonderful work of Mitchell on the slab for the Torontos was the feature of the game.

The other Saturday scores in the Eastern were as follows;

Baltimore 6, Montreal 0.
Rochester 3, Providence 1.
Buffalo 3, Newark 2.

Old England Snowbound --Snow Three Feet Deep

London, April 26.—The United Kingdom is experiencing remarkable weather. Snow has fallen in London every day since last Monday, and the thermometer has been down nearly to the freezing point.

Heavy falls of snow in the north have caused floods on the Scottish border and early this morning the heaviest snowfall for many years swept over southern Sussex and Hampshire, the snow in some places being two or three feet deep.

At southampton business has been practically suspended, the street car service is snowed up and gangs of men are digging the cars out from deep drifts.

All trains at Southampton are late. The same conditions prevail at Portsmouth, and there have been heavy falls of snow at Bath and Bournemouth.

The Newmarket races have been postponed on account of the snow.

20 Lives Lost Taking To Boats--Sailors Suffered Severely

Portsmouth, April 26.—The American line steamer St. Paul and the British cruiser Gladiator were in collision this afternoon off the Isle of Wight.

A heavy snowstorm was raging at the time.

The Gladiator was badly damaged and has been beached.

Her crew took to the boats, and during this operation some twenty men are reported to have lost their lives.

The passengers and crew of the St. Paul are all safe.

The St. Paul sustained a damaged bow and is now standing by the disabled cruiser.

The St. Paul, outward bound, had left Southampton at noon. There were only a dozen of saloon passengers on board. The list does not contain the name of anybody especially prominent.

The collision occurred off the Needles in a snowstorm. The Gladiator belongs to the home fleet and was on her way from Portland to Portsmouth. She has been beached a quarter of a mile from the shore and lies on her starboard side on a rising tide.

The casualties to the crew of the Gladiator occurred during the embarkation in boats, and it is feared that 20 lives were lost.

The operation was made particularly hazardous by the blizzard.

All the passengers and crew of the St. Paul are safe.

The cruiser Gladiator has a displacement of 5750 tons, and a complement of 450 men. She is one of the cruiser vessels designed to serve as trains. She is 320 feet long, and has a speed of 20 knots.

The steamer St. Paul left Southampton today for New York via Cherbourg.

Militarism in the Schools

To the Editor of The Times.

Sir,—The fact that the Government spent eleven dollars last year on military, for every dollar spent for the encouragement of agriculture, brings out the following letter from a correspondent to the Farmers' Sun.

Kindly publish same and oblige

A CONSTANT READER.

"The voice of thy brother's blood crieth unto me from the ground, and now art thou cursed from the earth—that hath received thy brother's blood from thy hand."

From hundreds of battlefields comes this cry of blood. In the future time came the herald of peace and good will to man. "A new commandment I give unto you, that ye love one another."

Canadian Parliament answers: "No good for Canada; our commandment is that we kill one another, and we furnish the steel to do it with. We will send this bright armour to the common schools, and teach the boys the art of killing."

Boys too small to handle these might be supplied with pistols and dirk knives. Of course, the victims, who have died bearing this armour have died patriots, and the slayer, a hero!

I was working in Pittsburg during the American War, between the North and South, from 1861 to 1865. It was daily reports of great battles, thousands killed, and more wounded. Distracted families ran from house to house crying, "Have you heard from the boys?" In the churches when the minister prayed for the wounded, suffering, and the dying, often his own voice was choked with emotion, and oh, the wail that would rise from the sorrowing people. I am now an old man, but the sorrows of that great nation can never be forgotten. Fragments of metal were collected from the battlefields and cast into a great bell. It was taken to the World's Fair at Chicago, and inscribed around its base in great raised letters were: "A new commandment I give unto you that ye love one another."

Our Parliament has voted a large appropriation for the decoration of the battlefields in Canada. In this line I would suggest that no monuments be raised to men who, instead of preserving their own lives and the lives of others, according to the commandment, destroy their own lives in trying to take the lives of others. Clothe those fields with grass instead of marr, and raise a monument of everlasting peace with the Master's inscription: "A new commandment I give unto you that ye love one another."

The Rev. J. A McDonald said in the pulpit a few Sabbaths ago, "War is hell." If this is right then the Imperial Parliament is spending millions of money in preparing for hell instead of heaven. While all the Christian people in Canada are praying for them, that their eyes may be opened, that they may see militarism stripped of its glamor and, like Lord Byron, realize that there is more glory in the cleaning of a single tear than in shedding seas of human gore.

In the Realm of Sport

HURTUBISE VS. KENNEDY

What promises to be the most exciting gladitorial or athletic contest ever held in Peterborough, is the wrestling match to be held here in the opera house, Wednesday night, between Eugene Hurtubise, Peterborough's big wrestler, and Frank Kennedy of New York, the German light-heavyweight. Gene won from the German in Toronto on Wednesday night on a foul, as noted in our morning's Times. Kennedy is seeking to revenge himself, and the two have been matched for $100 a side. The conditions are that no hold with no barred; hammerlock, the straggle hold, full Nelson, another hold and everything goes, and the sporting fraternity will be given one of the most exciting evening's sport ever seen here when these two meet on the mat.

Frank Kennedy the New York heavyweight wrestler, who is to meet Gene Hurtubise at the Grand Opera House, Wednesday night, arrived in Peterborough on the midnight train. Kennedy was accompanied by his trainer Garnie Marsh, of Toronto, and on their arrival here immediately repaired to the Oriental Hotel. The New Yorker will finish the balance of his training at the Y.M.C.A. and expects to go on the mat on Wednesday night in the best possible condition.

Another Big Night at the Brock Street Rink

There will be "heaps of doing," at Brock street rink tonight. The committee in charge of the big walking race are putting on a fine program of events and a royal good time is promised those who attend. The proceeds of the night will go to those walkers who entered the big six-day walk, but did not get inside the money.

The 57th band will furnish music during the evening free of charge, and the committee will also act in their official capacity without remuneration.

The program arranged for the evening will be most interesting. There will be handicap races, a race for girls under 15 years of age, the first prize for this event will be a rug donated by Mr. E. Watson, and a brooch will be awarded the the second girl to finish, by Clark & Son, and it is expected that some other jeweller will donate a third prize. The men will be asked to catch a well greased pig donated by Mr. John Morvin, and the fortunate in number of the siemer ex, who succeeds in catching the porker will be permitted to keep it. Then the members of the local press will in a mile walking race give their own impressions of how the peds looked to them.

The Quaker tug of war team will pull the rope against a crack team in town for the possession of a silver trophy and Tom Slater the Oswego crack "hoofer" will walk a mile against time, and later try for a three-mile record. Stevens and Graham will "hook up" for a mile and the rivals Blake and Harrison will endeavor to satisfy the curiosity of the general public as to who is the better man. Hatton of Toronto and Dave Hartley will also make a race, the distance being five miles and conditions governing will be go as you please.

Taken altogether the program will be one of the best ever put on at the rink and all who attend are promised three hours of solid enjoyment. The doors will be opened at seven o'clock and the first race called at eight.

Strange Disappearance of a Manitoba Woman

Winnipeg, April 24.—The disappearance of Mrs. Adams, wife of Elder W. M. Adams, of British Columbia, is up to date baffled the skill of all the detective force.

Her husband, who is president of the Manitoba Seventh Day Adventists, was recently transferred to British Columbia, his wife, intending to go to Colorado Springs for a visit, went by way of Denver. She was last seen to leave the cars at that city on February 6, 1908. Since then no trace of her has been found. No possible motive can be imagined by her friends, as the missing lady had no enemies. She was fair, of medium height, and aged 30 years.

Wedding Bells

On Saturday afternoon a wedding of local interest that attracted much attention was solemnized by Rev. H. M. Manning, pastor of Charlotte St. Methodist church at the residence of Mrs. William Hitchem, 584 Hunter street, when Miss Clara, their youngest daughter, became the charming bride of Mr. Gordon Bruce-Hughes, Park Place, a son of the late Mr. J. L. Hughes. The bride is one of Peterborough's most popular belles and is especially well known as a talented vocalist. She has for some years been the soprano soloist at the Charlotte street church. The wedding was of course somewhat quietly celebrated owing to the recent death of Mr. J. L. Hughes. The bride was given away by her uncle, Mr. D. Bellegham, Hunter street. Mr. F. E. Walden, brother-in-law of the bride, played Mendelsohn's wedding march as the bride entered the parlor and during the signing of the register, sang "O Perfect Love."

The bride was handsomely attired in champagne colienne, with trimmings of pointe lace and carried lillies of the valley and bridal roses. She was unattended except by the ring bearer, little Miss Mary Lucile Grant, prettily attired in pink silk, with sash and wore a Dutch bonnet of lace and rosebuds.

The bride was the recipient of a handsome array of gifts from her many friends, among them being a set of Limoges china from the choir and congregation of Charlotte street Methodist church. The groom was presented with a Morris chair by the office staff and foremen of the Canadian General.

A luncheon was served after the ceremony and Mr. and Mrs. Hughes left on the 4.18 C.P.R. train for their honeymoon trip, the bride wearing a dress of navy blue voile a tan hat and tan gloves. On their return they will reside at 304 Park Place, and will be at home to their friends after June 1.

Bank Deposits Rise in the Past Month

Montreal, April 27.—Both as an evidence of a commercial revival and a sign of easier money in this country, the March statement of Canadian chartered banks is the most encouraging document to be issued from that source in many months.

The exhibit of the condition of the banks at the end of March shows that the premium withdrawal of deposits has ceased, and the augmentation of deposits begun.

Although deposits in Canada are over $22,000,000 less than they were a year ago, the steady drain which began in 1907, has ended, and instead the coffers of the banks have been replenished during the month by over $8,000,000 Canadian deposits.

Bucket Shops to Make a Move

Montreal, April 27.—Montreal financial people were deeply interested in yesterdays bucket shop developments which call for the removal of the buckets from New York State by September 1st.

Will the buckets go out of business, or devise some plans to do business where the laws are more congenial?

Probably the latter.

It is claimed here that the buckets will probably move over to New Jersey and resume business at the new stand.

Senator Cassidy, father of the new bill that has doomed the buckets in New York, was interviewed by a correspondent in Albany, and was surprised at the way his bill was rushed through both houses, as recently he has not been pushing it.

"The bucket shop proprietor," Senator Cassidy said, "commits three frauds upon the public. He sells something he hasn't got, he charges interest on the difference between the margin and the selling price, and he charges for selling stock that he never sold."

Senator McCarren characterized this bill as a "perfectly ridiculous proposition."

Recived Mosey for Immigrant

On Saturday Mr. Geo H. Howson, Dominion Government immigrations agent here, received a letter containing $76, sent to him to be handed to an English immigrant who sailed for Canada on the steamship Cornisan. The owner of this money will arrive in Peterborough today and will then be handed over the money. Mr. Howson's office, at the corner of Water and Brock streets was kept busy all day Saturday by immigrants calling for advice or in regard to positions. Mr. Howson was successful in securing good places for five immigrants on Saturday, all of them going to work with farmers of this county.

I.O.O.F. Attend Service At St. John's Church

Over 250 members of lodges Otonabee, Peterborough and Rebecca I. O.O.F., including many visitors, filled the centre aisles of St. John's church last night, the occasion being the annual church parade of the triple link brethren.

Canon Davidson, who is a member of the order took for his text, "Honor all men. Love the brotherhood, fear God and Honor the King," and preached a very inspiring sermon which was greatly appreciated by the large number of Oddfellows present.

During the offertory, Mr. Chandler sang a solo. Familiar hymns were sung during the service in which the members joined heartily.

Rev. Davidson at the close of his sermon, congratulated the order in their high standing compared with other fraternal societies, and emphasized the fact that the order had paid out $70,000 to the widows and orphans of deceased members during the past year in Ontario.

At the conclusion of the service the members of the order, accompanied by Canon Davidson, and marshalled by Lt.-Col. Miller, marched to their lodge rooms where a very interesting meeting was held, the customary resolutions being passed.

POLICE-

At Saturday's Police Court the scavenger, whom as noted in our last issue Chief Hosse was searching for having been discovered by the latter, appeared for trial on a charge of spilling obnoxious material on the public streets. When the evidence was put in His Worship found the man, James Richards, guilty, and fined him $10 and gave him ten days in which to pay the X.

Obituary

The many friends of Mr. Wm. Byers, Pontypool, who is well known here, will regret to learn of the death of his wife on Friday last at the early age of 38. The funeral took place yesterday.

Doctors All Advise Suitable Spring Tonic

Pays You to Get Strong and Nourish the Blood During Change of Seasons.

In the spring time the vigor and resisting power of the body fall very low. Instead of being rich and nourishing, the blood is thin and watery. As a result the bodily forces become lethargic, sleep fails to bring rest. An ever-increasing tiredness develops into over-powering weakness.

People suffering from this spring sickness feel heavy and drowsy; they don't want to eat; they don't enjoy work—about half sick and half well. This is just the condition that favors pneumonia and typhoid, and you must build up as quickly as possible. You must increase your blood supply and make it rich and red.

The only way this can be done is by using Ferrozone, which is acknowledged to be the most efficient spring medicine.

The marvellous purifying and tonic properties of Ferrozone are quickly felt because the blood is at once supplied with the elements it needs to become rich and red. It is ironized vitalized and rapidly brought to its normal strength.

The very best ingredients for toning up the system are contained in Ferrozone, and if you use it you are sure to get back your old-time strength and spirits.

If you suffer from debility, insomnia, nervousness, loss of appetite, or any of the symptoms of disordered blood, nothing will so rapidly tone you up as this great food tonic, Ferrozone. Its record of successful cures, its recommendation by the public, by druggists and doctors commends it to every thinking person.

You need Ferrozone to make you well. Why not get to-day? Sold by all druggists; price 50c. per box or six boxes for $2.50.

Morning Times

This paper is the only Morning Daily published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

Strangers visiting Peterborough are cordially invited to make their headquarters at the office of the Morning and Weekly Times, where they will be furnished with writing material, if desired.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $5 per year, strictly in advance.

UNION LABEL

PETERBOROUGH, April 27, 1908

DEPARTMENT OF THE EXTERIOR

Mr. Joseph Pope, who has had a good deal to do with what may be called the diplomatic side of Canadian politics, wrote a letter to the Civil Service Commission in which he recommended that a department, or at least a subdivision of one of the existing departments should be charged with the supervision of what, for want of a better term, he calls the external affairs of the Dominion. We do not suggest that the caption of this article should be adopted as the name for such a branch of the government, but it will do for the present. Of course it would not do for an actual name. We say this because long experience has taught us the necessity of labelling things so as to know whether they are intended to be dutiful or otherwise. But seriously speaking there is a good deal in what Mr. Pope says. We quote from this letter:

My suggestion is that all despatches relating to external affairs should be referred by the Privy Council to one department, whose staff should contain men trained in the study of these questions, and in the conduct of diplomatic correspondence. These officials should be in close touch with the other departments, from which they could draw all necessary information, the raw material, as it were, of their work; but the digesting of this information, and its presentation in diplomatic form should rest with them, through, of course, the same channels, as at present; for in this suggestion there is no thought of change in that regard. Every effort should be made to collect from the beginning all papers bearing on the questions I have indicated, from the office of the Governor-General, the Privy Council office, the various departments and the Foreign and Colonial offices. I wish most earnestly to impress upon all concerned that if this work is to be soon systematically begun it will be too late. The few men throughout the service conversant with these questions are growing old, and must soon disappear. So far as I know they will leave no successors. Much of the early history of these subjects, so far as Canadian records are concerned, will thus be lost.

I recommend that a small staff of young men, well educated and carefully selected, be attached to the department whose creation I have advocated, and that they be speedily trained by the knowledge and direction of Canadian subjects. In this way we shall acquire an organized method of dealing with international questions which at present we wholly lack.

That such a recommendation has been made by so experienced an official as Mr. Pope indicates in a striking manner how Canada is growing into the stature of nationhood that will require in such matters the opening of the eyes of co-operation for any line that they anticipated the necessity of providing for a department of the character. Those men see in a flash what the work that were done is fundamental, no final, and is happy how it nothing which more forcibly reminds us of what Canada is to become than the directions and extent of her development since 1867.

BUY
Prince Rupert
—AND—
Hazelton Lots

Having obtained inside information on property in both of these promising cities, and as I expect to receive choice of the first allotment of property to be put on the market, and will be on the ground to make selections, persons desirous of getting in on the purchasing of lots, can do so by making application in writing and enclosing check for $100.00, which entitles them to first choice of lots marketed, and at first price before they are offered to the public. In case you upon receiving the offerings from time to time of sales, do not purchase any, your money will be refunded.

In case you purchase, the money you put up to get this inside information and quotations will be applied on the first payment of your property purchased.

PRINCE RUPERT. It is almost needless to make any lengthy description on this place for we all know its the terminus of the Grand Trunk Pacific Railways, in B. C., situated on Kian Island, at the mouth of the Fraser River. It is estimated that owing to the great rush of gold seekers and others seeking wealth and new locations that Prince Rupert will have a population of 20,000 before next winter.

HAZELTON is another almost equally promising a city, situated at the head of navigation on the Skeena River, on the main line of the Grand Trunk Pacific, also being the junction point of the Line from Dawson City. With these and other existing natural conditions and the prospects of a great development, it is looked upon as a great place to advance.

If you want to get in right and on the bottom prices and get the pick of the stuff, write and accept this opportunity.

No triflers wanted or those seeking for information for curiosity.

DRAWER 118, TIMES OFFICE.

News in Brief

New York, April 24.—Supporters of William J. Bryan predict the nomination of the Nebraskan at Denver on the first ballot. While Mr. Bryan, following his usual custom, indulges in no predictions as to what will happen at Denver, his private talk with Democratic leaders from different parts of the country and the messages he has received by telegraph since his arrival in New York Monday morning are known to have assured him that all chance of his defeat for the nomination is past. By James Kerr and Warren W. Bailey, of Pennsylvania, Mr. Bryan has been assured that the primaries and caucuses held in that State have given him not less than two-thirds of the delegates.

BOW BRYAN WAS FOUGHT

New York, April 24.—That some part of the $500,000 fund collected by William C. Whitney and four other men interested with him in the Metropolitan Street Railway Company may have been expended in an effort to prevent the nomination of William J. Bryan in 1900 was the declaration of Thomas F. Ryan, who contributed $100,000, to the fund, to the special grand jury which gave the minutes to the investigation of traction company managers in this county.

NUMBERS OPPOSE BRYAN.

New Haven, April 24.—Fully half of the town delegations to the Democratic State Convention next week which have been chosen in towns where the issue has been raised have not been instructed for Bryan, and there are indications of a hot contest in the convention. In perhaps 50 per cent. of the towns, however, the question has not come up, and it is on the delegates from these towns that the Bryanites depend.

HALIFAX, N.S., April 24.—To report a most unusual accident comes from West Lake Ferry, by which two little daughters of Henry Rhuetis, aged 9 and 11 years, lost their lives while on their way to gather May flowers.

There is a sawmill in the vicinity, and the children were in the habit of taking short cuts past the wheel which the mill wheel to shoot on the dam. On this occasion their father warned them not to go in that direction, as the mill was to be started in the afternoon.

The children did not heed the warning. Seeing that the mill was not running they thought they were safe. When they were half way under the wheel it started and whirled them around, mangling them in a terrible manner.

Those noticing the obstruction, stopped the machinery, and, to their horror, found the poor little ones dead, mutilated so badly as to be beyond recognition.

Albany, N.Y., April 25.—The signature of Governor Hughes is now all that is required to put out of business two bucket shops in the State, Senator Cassidy's bill having passed both Houses of the Legislature. The bill makes it a felony, punishable by long imprisonment or heavy fine, or both, for any person, co-partnership, firm, association or corporation to make any contract respecting purchase or sale, on credit or margin, of anything without intending a bona fide purchase or sale. The maximum penalty is five years' imprisonment or fine of $1,000. For a corporation the penalty is a fine of $5,000. The law will take effect September 1 next.

NOW LISTEN!

Please read carefully what follows, and if you decide to take advantage of what the "Canada Southern Oil & Gas Co., Limited," of Tilbury, Ont (no personal liability), is now offering you, the result will be that instead of getting 3 per cent. for your savings, you will get at least from 10 to 25 per cent. that others are harvesting.

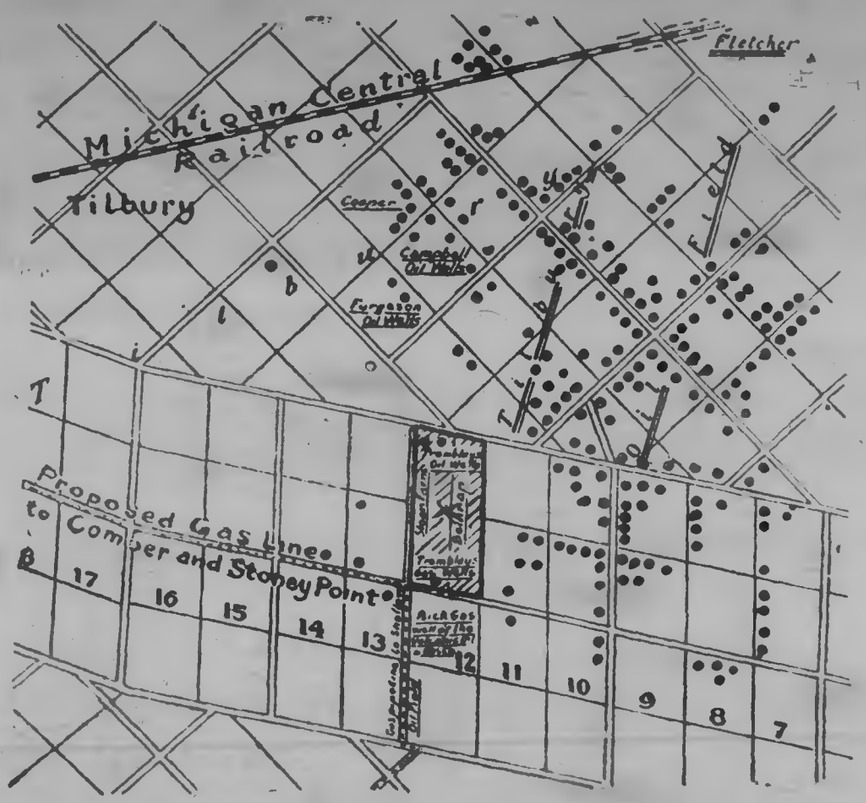
Your savings will be eight times more than the original amount by the mere fact of the higher rate of interest you will get.

Remember that this is no wildcat scheme, as you can see by the facts hereinafter mentioned.

Dr. Bell, the famous Canadian geologist, early in 1878 reported that there was an oil and gas field in the Townships of Tilbury and Romney, County of Kent, Ont. As soon as the discovery of the oil was made in Tilbury in 1906, our American neighbors, who are experts in good things, did not hesitate to invest hundreds of thousands of dollars, and now, in fact, control the two thirds interest in our oil field of Tilbury; and this happened because we Canadians hesitated to invest a few thousand dollars in the exploration of the oil mines of Tilbury, which already give a monthly production valued at $75,000, without adding the revenue derived from the gas.

We have said that this is not a wildcat scheme, because the "Canadian Southern Oil & Gas Co., Limited," has secured an option at a very moderate price on properties situated in the oil and gas field of Tilbury, upon which three successful tests have been made, being Lot No. 12, M. R. N., Tilbury East, 200 acres, indicated with a cross upon the map of the field.

COUNTY of KENT, ONTARIO



Three wells only have been drilled at an average depth of 1,400 feet.

The first one proves to be a rich gas well, the two others are good oil wells, combined with a strong production of gas.

The Company has also secured the franchises for the distribution and sale of natural gas into the Townships of Romney, Tilbury East, North and West and also into the thriving villages of Comber and Stoney Point.

The gas well is properly equipped and already is supplying the motor power to the Romney oil field and is getting one-third of the gross revenue of the gas sold.

The oil wells are completely equipped with one 16 h. p. gas engines, derrick, tanks, boiler, pumps, tubing, pipe-line, jerk-line, jack, etc., and producing daily. The oil is sold to The Imperial Oil Company, Limited, and is delivered at the tanks and shipped through its pipe-line to the Marquette R. R. Station at Merlin, a distance of 3 miles.

The properties are already giving daily a net revenue of about $35.00 that is to say, more than 10 per cent. of the whole capital stock of the Company.

This revenue may be made four times greater by the drilling of other wells and the construction of the gas-line to Comber and Stoney Point.

Edgar Gilkert, Esq., of Montreal, consulting mining engineer and mining expert of the Dominion Government, who lately made an inspection of the said property, concluded his report as follows:

"Upon examining the actual results already obtained from the operation of the seven wells the writer is forced to the conclusion that the property under consideration is a very valuable one. Located as it is in the extreme southern extremity of the producing Tilbury oil field, in close proximity to wells which produce from 40 to 60 barrels of oil (and even more) per day of 24 hours (I refer to the Ferguson, Campbell and Cooper properties), I cared about 2,000 feet distant to the north, see plan attached hereto), it bids fair to become a producer of oil and natural gas of no small measure.

The Tilbury field has already the reputation of being a large producer and powerful companies have entered the district with a view of securing properties of known and established value.

There is one factor to which I would like to draw your special attention and that is the future of natural gas. To-day, the market in that in that part of the country, for this commodity is not sufficiently large to dispose of all the gas the wells can produce but there is no question that in the near future factories will be established on central points, which will eventually consume for various purposes, especially for power, all the gas which can be produced in the field.

Besides this there are quite a number of towns and villages in the western part of the Niagara Peninsula, which may use the gas for heating, lighting, and also for power purposes and it is only a question of time when this will be realized.

The economy of the application of natural gas to power purposes is already evidenced all through the field, as coal of any other power cannot be regularly obtained, and that at high figures. Having therefore, a powerful gas well on the (Sloan) property, it is evident that a great saving is effected from this source alone; for instance, for the operation of ten oil wells, the cost of power required per day would amount to between twenty and twenty-five dollars, which, in 300 working days per year, would represent a saving of from six thousand to seven thousand six hundred dollars.

In conclusion, I may say that this property, with proper and economic management, can be made highly remunerative; I entertain, no doubt, that if properly developed, it will show similar results as those of so many other locations in the vicinity, whose developments have of so many other locations in the vicinity, whose developments have been so vigorously pushed in the past.

Respectfully submitted,
(Signed) FRITZ CIRKEL.
Consulting Mining Engineer and Mining Expert to the Dominion Government graduate Technical Academy, Germany."

Under the mathematical basis upon which profits can be estimated, an investment in the "Canada Southern Oil & Gas Company, Limited," is one of the best and safest investments in Canada.

This stock will double in value inside of a year. 55,000 shares are offered to the public as follows: 30,000 shares at 75c and 25,000 at par.

The cost of management will not exceed $3,500 a year.

Please ask for the Prospectus of the Company at Tilbury, Ont., or

Have secured a block of the

Calumet, Mancos' Oil and Mining Company's Stock

Par value $1.00

What they offer at 25c per Share for a short time

The property is situated at Mancos, Colo., and consists of 160 acres, fully paid for. The Company expects to secure at least 400 acres or more, we are negotiating for it now and the terms are satisfactory and there is coal on the same, and they also intend to secure some Coal Mines of which they have the refusal. Some of the best coal mines in Colorado are in this district, as well as some of the richest gold and silver mines. In fact this is one of the richest parts for mineral in the State of Colorado, and the Company has the refusal to several prospects on reasonable and easy terms.

In our opinion the prospects of the Company are very bright and a rapid advance in the price of the stock is sure to take place in the near future. Full information can be had by calling at our office.

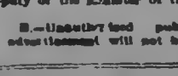
ADVERTISE IN THE TIMES.



SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or Sub-Agency for the district in which the land is situate. Entry by proxy may, however, be made at an Agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each one and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of a homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father or mother.

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.

Her Birthday Violets.

By NELL SPEED.

Copyrighted, 1908, by Jessie Morgan.

Naturally the new boarder had been seated beside the landlady's favorite, Miss Imogene Goldberg. Mrs. De Lancey firmly believed that Miss Goldberg's high blood pompadour and rhinestone dog collar lent eclat to her establishment.

But, oddly enough, Jane Williams, whose hair was parted demurely in the middle and who wore her grandmother's old fashioned locket under her plain pongee shirt waist, realised that the fine gray eyes of the new boarder were looking her way frequently and intently.

She tried to analyse her feelings with the salad, and when the coffee—such thick yet spiritless coffee—was served she decided that it was embarrassment and not a memory which stirred her whenever the gray eyes glanced her way.

Still at the conclusion of the meal she climbed three uncompromising flights of poorly carpeted stairs to her hall room and drew from her trunk her small but treasured box of photographs.

There they were; the father who had died the year of her graduation, the mother who had left her alone to fight the world only twelve months before, a couple of aunts who had forgotten her in the needs and pleasures of their own children, several teachers and three girls in her class at the high school.

But there was no picture with appraising eyes that could possibly have resembled the gray ones which had watched her gravely across the table in the dingy dining room.

"I am getting moody," she said to herself as she prepared for bed. "I must turn over a new leaf. Tomorrow is my birthday. I can't afford to turn sour and old maidish at twenty-one. When I go back to the office on Monday morning I'll be more pleasant and make friends with the other girls. I've been living too much in dreams of the past."

Yet when she fell asleep it was the dream again of the past. It was her birthday, the first party in celebration of that day which she could remember with any sort of distinctness.

She was dressed in pink tulle all spattered with paper stars, and there were pink candles on the birthday cake. No one knew why an ordinarily well behaved and unmischievous child should do such a thing, but she suddenly decided to steal into the dining room and light the birthday cake before the "party came in."

The match spattered and jumped. She tried to climb quickly from the chair, but the tiny flame was quicker still. In a flash the pretty pink tarlatan blazed up far above the candles, and then she forgot everything in her fright until she felt some one rolling her over and over on the carpet and battering her with his coat, and that had been Willie, the cavalier of her wee girlhood.

She remembered how her mother kissed Willie and cried over him, and he had "poohpoohed" with very red face and shuffling feet. Their adventure was handed down as one of the traditions of the town, but when she was twelve Willie went away to live with his Grandfather Grey in the far west.

Later they had gone to Mexico, and Jane had lost track of them, although never forgetting in her own hard struggle for a livelihood.

And Willie had big gray eyes, just like those of the new boarder. She woke with a start. Now she knew why this man had attracted her attention. Of course the world was full of men with gray eyes. There were not colors enough to go around. Some must be duplicated, and it was very silly of her to think about Willie any more. Doubtless he was married even now to some dusky senorita whose father owned valuable silver mines.

So she turned over and fell asleep again, not to awaken until some one tapped at her door and the maid, with new respect in her bearing, entered, carrying a huge purple box.

"This here package's for you, Miss Williams," she said, but holding it as if loath to yield it to its rightful owner. "An' bein' as it's Sunday mornin' an' Miss De Lancey gone to church, I'll bring you a cup of coffee an' some toast up here."

For all the world loves a lover. And are not violets and lovers synonymous?

Jane sat up in bed and reached for the box.

"Never mind about the coffee. I've overslept, but I'll be down in a few minutes."

She was undoing the box with trembling fingers, and the maid, all unnoticed, lingered curiously. Out came a great bunch of California violets done up in the most approved fashion—purple foil, cord, tassel and all.

"For me? Impossible! And there is no card."

She turned to the lid of the box.

"Gabrielle."

The florist around the corner!

Oh, it had been a cruel mistake. No one in the great city knew it was her birthday, and none would care if they knew.

"Now, Jane Williams," she said as sternly as was possible with a mouth half full of hairpins, "right after breakfast you'll take that box back. It belongs to some other Miss Williams."

And it went back, the excited girl rushing right past the new boarder in her haste—and, yes, in her tiny heart an echo that the flowers were not meant for her.

"Gabrielle" spoke a most impossible dialect, and he did his little worst to make Jane understand that there had been no mistake. But Jane firmly refused to carry the flowers back with her, and, just to convince herself that she was satisfied with what she had done, she walked half an hour in the park, returning to find the box standing on her shabby bureau. Again she opened it, and this time an engraved card met her gaze. "Mr. Frederick W. Grey," and beneath was the pencilled legend: "Birthday wishes, and may I see you soon? I am waiting in the parlor now if you care to come down."

"Frederick W. Grey!"

That must be the red headed assistant bookkeeper who was "Freddy" to every one in the office save herself. She had never heard his last name. Of course she would see him and thank him, though she could not imagine how he had known about her birthday.

Tucking the lovely flowers into her belt and giving a few deft touches to tie and hair, she tripped down to the parlor.

But only the new boarder, he of the fine gray eyes, was there to greet her, and he certainly stood at attention as if waiting for her.

She held the card in her hand and looked about inquiringly.

"Jane—little Jane Williams—don't you know me?" demanded the new boarder.

Then suddenly something new and strange pulled at Jane's heartstrings and at memories long dead. Something new and wonderful bounded through her veins.

"Willie—little Willie," she almost sobbed. "Oh, if you'd tied the flowers with pink tarlatan I would have remembered!"

It took him so long to tell her all about it—of his wandering with his eccentric old grandfather from mining camp to mining camp, from Mexico to Peru and Chile, of fortune made and lost and found again and of how the grandfather, growing more and more bitter against the recreant husband of his only daughter, had insisted that the grandson have his name changed by the law from that of his father's family to his mother's.

Then followed the story of how he had gone back to the old town directly his grandfather had departed on the last long journey; how no one seemed to know where she had gone, and how he had finally traced her to Mrs. De Lancey's and had come there unannounced to make sure that he would be welcome—that she had not changed—and had not found some one else.

"Oh, Willie!" she sighed contentedly from a comfortable resting place on his shoulder. "Just as if there had ever been any one else since I lit the birthday candles!"

They had pre-empted the tawdry cosy corner, and by that time Mrs. De Lancey had come back from church, donned her pink silk negligee and was staring at them accusingly from the center of the ugly red and green parlor.

But when you have fine gray eyes you generally have the courage to announce your intentions, and Frederick William Grey did it so effectively that Mrs. De Lancey wiped her tears on the flowing sleeve of her pink negligee and shook hands with them both; then, turning her back on the cosy corner, for once put to its legitimate use, she departed, murmuring: "Well, you never can tell what sort of girl will land a man. And her hair so plain and her face so pale too!"

When One Spends Money.

One would think that money would be saved in prosperous times when there is plenty of it about. But no; that is not the time when it is saved. It is then that it is spent. Everybody spends it—governments, railroads, corporations, capitalists, housekeepers, house builders, collectors. People expand their wants in such times and satisfy some of them, and then is when it is most of all impossible to live on anything a year. But after all the money has been spent a few times over and has come to be scarce and borrowing has come to be a serious matter and folks have much less to spend and no expectations then everybody groans and begins to save, not only trying desperately to squeeze back inside of the bounds of income, but to pay back what was spent in expectation of a time when saving would have become convenient. To most of us that time never comes. And yet there are things for which we spend more than we can afford, that really do justify our expenditures, so that after the money has been spent and we are pinched for the lack of it we would still rather have what it bought than have the money back.—Appleton's.

Napoleon at Dinner.

Napoleon was no epicure. He usually drank nothing but diluted chambertin and was no judge of wine. He liked plain dinners—boiled or roast chicken, mutton chops, grilled neck of mutton, haricot beans or lentils. His table manners were not very refined. He would use his finger in lieu of fork or spoon and would dip his bread in the sauce, the dish being then passed around to guests, who had to dispense with squeamishness. The bread had to be particularly good. He ate fast, quitting the table in twelve minutes and leaving Josephine and the company to take their time. When he dined alone he commonly took only eight or ten minutes. Indigestion was the natural consequence of this speed, and he had sometimes to stretch himself at full length on the carpet till the pain abated. He detested physic and professed to disbelieve in it, a subject of playful discussion with his doctors. Constant never knew him to be obliged to keep his bed a whole day. He was very sensitive to cold and had fires and warm beds all the year.

THE COMIC SPIRIT.

Thoughtful Laughter is the Test of True Comedy.

One excellent test of the civilisation of a country I take to be the flourishing of the comic idea and comedy, and the test of true comedy is that it shall awaken thoughtful laughter.

If you believe that our civilisation is founded on common sense—and it is the first condition of sanity to believe it—you will when contemplating men discern a spirit overhead, luminous and watchful, never shooting beyond them or lagging in the rear, so closely attached to them that it may be taken for a slavish reflex until its features are studied.

Its common aspect is one of unsolicitous observation. Man's future upon earth does not attract it. Their honesty and shapeliness in the present do. And whenever they wax out of proportion, overblown, affected, pretentious, bombastical, hypocritical, pedantic, fantastically delicate; whenever it sees them self deceived or hoodwinked, given to run riot in idolatries, drifting into vanities, congregating in absurdities, planning shortsightedly and plotting dementedly; whenever they are at variance with their professions and violate the unwritten but perceptible laws binding them in consideration one to another; whenever they offend sound reason, fair justice, are false in humility or mined with conceit, individually or in bulk, the spirit overhead will look humanely malign and cast an oblique light on them, followed by volleys of silvery laughter. That is comic spirit—"An Essay on Comedy" by George Meredith.

His Coffee Not Hot.

There are all sorts of tastes in New York, and, of course, everything is a matter of taste anyhow, as the old woman said when she kissed the cow. But one can find many strange ideas of how things should be done by simply listening while in a restaurant. The most unusual was heard in a quick lunch resort downtown the other day.

"Give me a cup of strong black coffee, not hot," was the order, and the waiter never said a word, just went along to fill the order, which a moment later proved to be a cup of steaming coffee with a piece of ice in the saucer to be used at the discretion of the diner.

Like Father, Like Son.

Rev. Dr. Somers was in the habit of addressing Sarah, his wife, in polysyllables when he wished the children to leave the room. He never dreamed that they understood until nine-year-old Jack, recovering from measles, was one day enjoying the dear privilege of hearing his mother read aloud.

The doctor ventured in and began softly, "Sarah"—

Up rose Master Jack in bed. "Sarah," quoth he, "eliminate the obnoxious element!"

His Investment.

Old Lady (who had given the tramp a nickel)—Now, what will you do with it? Hungry Hobo—Waal, ye see, mum, ef I buy an auto there ain't enough left to hire a shofer, so I guess I'll git a schooner. I kin handle that meself.—Bohemian.

Cautious.

"How did pa act when you asked him for my hand?"

"Very gentle and courteous. It quite took me by surprise."

"I told him you used to be a pugilist."

From the Start.

Attorney—When did your husband first show signs of insanity, madam? Wife—The day he married me. I then discovered he was making only $10 a week.

It takes two to make a bargain, but only one of them gets it.

Curious Coincidences.

There were amazing coincidences in connection with the inquests held on two men at the London (Eng.) Hospital the other day. Both men were named George Lee, both were window cleaners, both were fatally injured falling from windows, both were taken to the London Hospital, both accidents occurred at three o'clock on the previous afternoon and both men died the next morning at the same hour. The cause of death in each case was a fractured skull.

The inquests on both men were held the same afternoon by the same coroner and the same jury. The men were not related in any way to each other. One was thirty-five and the other forty years old.

Said to Be Jacob's Well.

A German traveler, writing from Palestine to a Cologne paper, says: "Our guide, a tall, swarthy, long bearded man, who could earn much money as a model, grew eloquent when we came to Schechem, a place which should be sacred to the Hebrews because its history is so closely interwoven with theirs. Here we saw what is known as Jacob's well, which is in the shadow of Mount Gerizim. It is about seventy feet deep, they told us, and eight feet in diameter. 'Here,' said our guide, 'stood the oak of Moreh, where Abraham, when he came to Canaan, built the first altar. In the days of Jacob, Schechem had become a business town, and here it was that the traders of that time came with their live stock and products of the field to trade.' All its commercial greatness has vanished, but it will attract religious people as long as the well, which is still in a good state of preservation, remains."

Thirst.

Rinsing the mouth with very hot water stops the thirst. This is safer than drinking when the body is overheated.

Great Britain's Territory.

According to the authority of an English magazine, Great Britain controls 21 out of every 100 square miles of the earth's surface and 24 out of every 100 square miles of territory in North and South America.

Useless.

"I see you've bought a typewriter," said McCall.

"Yes," replied Mugley, "and the bloomin' thing's a fake."

"What's wrong with it?"

"Why, it can't spell any better than I do."—Philadelphia Press.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this peculiar prescription—is alone directed to these weak and wasting nerves centers. It builds; strengthens; it offers real, genuine heart help.

If you would have strong hearts, strong circulation, strengthen these nerves—re-establish them as needed, with

Dr. Shoop's Restorative

Galbraith Coal Co., Ltd.

Non-personal Liability

Capital, $250,000.00 1,000,000 Shares 25c. each.

Good coal stock is a safe and sure investment. Galbraith shares are especially attractive.

Modest Capitalization **Large Coal Reserves**

This Company organized under the laws of the Northwest Territories of Canada, owns and operates the Galbraith mine located at Lundbreck, Alta. They have four vertical seams of coal traversing their property, aggregating over 40 feet in thickness. Three of these seams are developed to a depth of 350 feet, and as they pass through the Company's lands for nearly a mile, some idea of the amount of coal may be had.

Shipping Steadily

The present output of the mine is about 200 tons per day. These shipments will be rapidly increased, as the C.P.R. allows its cars to be loaded with coal for points in the U. S.

We are selling a limited number of these shares at the extremely low price of

30 CENTS PER SHARE

in blocks of 100 or over. Tight money in the States makes it possible for us to give this unprecedented offer in stock that will be paying dividends inside of six months, and you are sure to realize a handsome profit.

Parties ordering can send money by P. O. Orders, Express Orders or Bank Drafts, and we will have the stock issued direct to you. Full information furnished on request. Correspondence solicited. Reference, Bank of Montreal

Weary, Worn-out, Tired

If You Feel Poorly This Spring this Article is worth Considering

Nothing in life keeps people from advancement like poor health. If the nerves are weak, if the stomach, liver, bowels or kidneys, fail to work properly, health surely suffers. Spring is the hardest time on health—the season when the system calls for active cleansing medicine.

The best plan is to entrust your condition to a physician of reputable addition to a physician of reputation like Dr. Hamilton, who has had years of experience in compounding tonics. For the tired feeling of spring Dr. Hamilton says nothing is better than Mandrake and Butternut Pills, and this is well proved in the case of James Burton, of Lewistown. "I had grip and it left me very weak. The disease settled in my back and side, which ached day and night. I had a nagging cough. My appetite was all gone. My nerves unstrung. I could not sleep well. I struggled against growing pale, thin and weak—but it was not good. Spring brought depression, overpowering weakness and bad headaches. But my life as rag bad headaches. But my life was spared, simply because I learned of the wonderful merit in Dr. Hamilton's Pills of Mandrake and Butternut. The result was marvelous. I gained rapidly, became strong, ruddy, vigorous, perfectly well. I urge every man and woman to use Dr. Hamilton's Pills regularly.

You'll brighten up, have cleaner blood stronger nerves, better spirits after using Dr. Hamilton's Pills. 25c at all dealers. Guaranteed safe, sure, helpful for old and young.

CITY AND COUNTY NEWS

DASHES HERE AND THERE BY TIMES REPORTERS.

Graduate Nurses

At a meeting of the graduate nurses of the city at which several schools were represented, it was decided to raise the fee to $18 per week, and $21 for contagious diseases from present date in uniformity with surrounding towns and cities.

Bicycles

Mr. A. Sievers has moved into the shop next to Carey's shoe store, George street, and will be pleased to see his old friends and customers. Now is the time to get your bicycles cleaned and fixed up for summer. All work guaranteed.

No Quorum at the Meeting

The meeting of the Midland Football League, called for Saturday afternoon, for the purpose of drawing up a schedule for the season, did not materialize, the only clubs represented being Norwood and Bowmanville. The president and secretary will look after the drafting of a schedule.

Exhibit at Missionary Institute

An interesting feature of the Mission Institute to be held in the city on the 4th, 5th and 6th of May, will be the exhibit of missionary literature and curios which will be on display in the Sunday school room of St. John's church. This exhibit is in charge of Miss Winnifred D. Creuch of Toronto, assisted by a local committee.

Musical Event at Conservatory

Everything points toward the Conservatory of Music Hall being filled from stage to near standing room on Wednesday night, when the operetta "A Day in Flowerdom," by Jessie A. Mattre will be presented on a most elaborate scale. The cast of the operetta which is set to the sparkling music composed by Geo. Spaulding will include one hundred and fifty young people. This with the pretty scenes and tuneful airs will ensure a night's musical treat.

The Lake of Bays Country

A handsome brochure, artistically illustrated, has been issued by the Grand Trunk passenger department, telling of the beauties of the Lake of Bays district, in the "Highlands of Ontario." A new feature of this district is the new hotel—the Wawa—at Norway Point. The hotel itself has a page illustration reflecting the summer glories of woodland and water, with a brood of wild geese soaring skyward beyond the upper. The concise description supplies the story of a charming resort. The very pretty duo tone photo engravings show the beauties of the new Lake land far more effectively than words can do. A copy can be obtained free on application to J. D. McDonald, Union Station, Toronto, Ont.

Good Fishing in Little Lake

Mr. W. Collins, the lockmaster, in conversation a few days ago remarked that the fishing will be better in our "Little" Lake than it has been for years. Mr. Collins who has had wide experience on these waters, bases his statement on the fact that the rising water this spring will allow the fish to scrounge and base to ascend the locks dam to the lake to spawn. Once there they can go no further on account of the height of the Quaker Oats Co. dam. Hence anglers will have a good summer's fishing at their own back doors, so to speak.

May be Presented in Peterboro Again

It is rumored that Mr. H. J. Booth, who is now presenting Zeglio in the Lancaster City, and who managed the presentation of this operetta in Peterborough last spring so successfully, is about to return here again soon and have another production of Zeglio. Should Mr. Booth decide to carry out this suggestion here, there is no possible doubt but what the play will be greeted by bumper houses.

City Topics

IN SHORT FORM FOR BUSY READERS

—On Thursday evening next, April 30th, a special meeting of Division No. 1, A.O.H., will be held in their hall.

—The Girls' Guild of George street church, will give a concert on Tuesday night. A splendid program will be rendered.

—Rev. J. G. Potts spoke to the Y.M.C.A. men's meeting yesterday on "The Real Heroism of the Young Man's Religion." A male quartette assisted at the meeting.

—The Young People of St. John's church will hold a concert in the schoolroom tonight at which an excellent program will be presented.

—Haddock took a jump in price here on Saturday. This class of meat was raised from 15c to 18c. per lb.

Weak women get prompt and lasting help by using Dr. Shoop's Night Cure. These soothing, healing, antiseptic suppositories, with full information how to proceed are interestingly told of in my book "No. 4 For Women". The book and strictly confidential medical advice is entirely free. Simply write Dr. Shoop, Racine, Wis., for my book No. 4. Sold by all dealers.

—Quite a number of children yesterday walked to the nearby woods after wild flowers. Judging by appearance of these children on their return the flowers must have been wild.

—Alf. Crowe of Harwatha, has caught 600 muskrats at Rice Lake this spring. At 40 cents per pelt this means a nice little sum made in a short time.

—Last night the triple-linked brethren, members of Otonabee, Peterborough and Rebecca Degree lodges, I.O.O.F., marched in large numbers to St. John's church, where the rector preached an eloquent and appropriate sermon.

—The workers of last week who at that stage of the game when it was evident they were not in the money, but still kept on, showed great pluck and a true sportsman's spirit.

Pain Tablets. Pain always means congestion — unnatural blood pressure. Dr. Shoop's Pink Pain Tablets apply your congested blood away from pain centres. These Tablets—known by druggists as Dr. Shoop's Headache Tablets — simply equalize the blood circulation and then pain leaves it parts in 20 minutes. 20 Tablets, 25 cents. Write Dr. Shoop, Racine, Wis., for free package. Sold by all dealers.

—The "Moscow Riots" at the Crystal last week drew crowded houses every afternoon and evening. On Saturday night scores of people anxious to see this marvellous lot of moving pictures had to wait their turn to get into the place.

—The J. M. Greene Music Co., of Peterborough, have rented the store next to A. E. Janeway's barber shop and will open up next week with a complete stock of musical instruments.—Campbellford Despatch.

Personal

Miss Jos. Storg of North Bay, is the guest of Miss Gertrude McFadden, city.

Mr. Scuthrope, the well known grain dealer, of Port Hope, was in the city on Saturday.

—Mrs. W. L. Evans, Sherbrooke St., has returned from a visit with Mrs. (Dr.) McFall, Toronto.

Mr. Monte Wilson, the well known Garden Hill Cheesemaker, was in the city on Saturday.

—Miss Louise Telford, Patterson street, has returned from a week's visit with friends in Rochester.

—Mr. and Mrs. F. E. Walden of Toronto, were in the city Saturday attending the Hughes-Belleghem wedding.

—Mr. A. H. Hill left the city on Saturday to take up his new position at Bucyrus, Ohio, with the Western Southern Assurance Co.

Mr. Beckel of Norland has gone to Peterborough to write on his examinations. It is hoped that he will be successful.—Minden Echo.

—Mrs. Dill visited her sister, Mrs. W. H. Gordon, at Peterborough last week. Mrs. Gordon was visiting also in Peterborough, but has since returned to Dunsland, Alta.—Cobourg World.

—Mrs. A. Cox, who has lived in Peterborough about thirty-five years has gone with her family to reside in Toronto.

—Mr. and Mrs. E. Howard Hughes and children, Montreal, and Mr. and Miss J. Colin Grant and children, of Toronto, were in the city on Saturday for the wedding of Mr. Bruce Hughes.

—Mr. Walter Reed, who is attending the Business College at Peterborough, visited his parents, Mr. and Mrs. J. L. Reed, this week.—Mrs. Stinson and Mrs. Raimes, of Peterborough, visited their aunt, Mrs. Brown, King street, this week.—Bobcaygeon Independent.

—Mrs. Mabel K. Douglas and Miss Carrie Steele, graduate nurses of the Nicholls Hospital, Peterborough, were the guests of Mrs. (Dr.) W. A. McFalls, during the Easter holidays.—Toronto Star.

—Mr. George Ingham of Peterborough, was visiting friends in town for a few days.—Mrs. C. E. Cragg, of Foxboro, entertained her parents and sister from Peterborough, and a brother from Toronto, at Easter.—Stirling News-Argus.

—The loss by fire when the Lindsay roller rink was burnt down last week, amounted to $2,000. There was $1,000 insurance on the building.

Enquiries made at St. Joseph's hospital last night developed the fact that the condition of Mrs. Best, who went there for treatment on Friday last, is little changed. If anything she seemed to be somewhat improved.

$1,000 for a Woman

There may be nothing new under the sun, but "When the Mummy Moved" is certainly an original title for a story. It is, of course, a story of mystery and it is so ingenious and interesting a mystery that The Chicago Record-Herald, in which it appears serially, offers a first prize of $1,000 to the woman who makes the best solution, with 115 other cash prizes for women and girls who make the next best solutions. The story begins in The Record-Herald Thursday, April 23, and the conditions of the contest will be found accompanying each installment in that paper. Those who have been unable to get the Record-Herald containing the early installments may obtain a reprint of those installments by writing to the Prize Mystery Editor, The Record-Herald, Chicago. While the masculine sex is not eligible in this competition it is probable that it will interest the whole family circle and there is no reason why men should not help their wives, daughters, or friends to a successful solution.

Rice Lake Steamers Arrive in Port

The 'auxiliary cruiser,' of the Otonabee Navigation Company's augment of fleet, the Monarch formally opened this years season of navigation by arriving from Harwood, via Rice Lake and the river Otonabee, at the street railway wharf at about 10.30 Saturday morning. The Monarch was followed soon afterwards by the steamer Rainbow from Bridgalls.

Capt. Harris who was in command of the Monarch noted that the water was very high and the current swift, so much so that no call could be made on the way up at Smith's wharf. Each of these steamers carried a full complement of freight and passengers. The Rainbow broke all river records for years past by turning in Squirrel creek, where the water was high enough to allow this unusual sample of river navigation.

That languid, listless feeling that comes with spring and early summer, can be quickly changed to a feeling of buoyancy and energy by the judicious use of Dr. Shoop's Restorative. The Restorative is a genuine tonic to tired, run-down nerves, and but a few doses is needed to satisfy the user that Dr. Shoop's Restorative is actually reaching that tired spot. The indoor life of winter nearly always leads to sluggish bowels, and to sluggish circulation in general. The customary lack of exercise and outdoor air ties up the liver, stagnates the kidneys, and oft-times weakens the heart's action. Use Dr. Shoop's Restorative a few weeks and all will be changed. A few days test will tell you that you are using the right remedy. You will easily and surely note the change from day to day. Sold by all druggists.

If You Read This

It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultants, as bronchial, throat and lung disease (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., of Cincinnati; Prof. John M. Scudder, M. D., of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others, equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes that has any such professional endorsement, worth more than any number of ordinary testimonials. Open publicity of its formula is the best possible guaranty of its merits.

A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous, harmful or habit-forming drugs and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful agent in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native, medicinal roots and is safe and reliable.

A booklet of extracts from eminent, medical authorities, endorsing its ingredients mailed *free* on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

TENDERS FOR DREDGING

Sealed Tenders addressed to the undersigned and endorsed "Tender for Dredging," will be received until Friday, May 15, 1908, at 4.30 p.m., for dredging required at the following places in the Province of Ontario:—Burlington, Blind River, Beaverton, Collingwood, Cobourg, Goderich, Hamilton, Kincardine, Little Current, Midland, Meaford, Owen Sound, Nigger and Telegraph Islands, Point Edward, Penetanguishene, Port Burwell, Port Elgin, Picton, Rondeau, Summerstown, Thames River, Toronto, Thornbury, Trenton Harbour and Dark Channel, Waubaushene, Wiarton and Wingfield Basin.

Tenders will not be considered, unless made on the form supplied, and signed with the actual signatures of tenderers.

Combined specification and form of tender can be obtained at the Department of Public Works, Ottawa. Tenders must include the towing of the plant to and from the works. Only dredges can be employed which are registered in Canada at the time of filing of tenders. Contractors must be ready to begin work within twenty days after the date they have been notified of the acceptance of their tender.

An accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, for six thousand dollars ($6,000) must be deposited as security for the dredging which the tenderer offers, to perform in the Province of Ontario. The cheque will be returned in case of non-acceptance of tender.

The Department does not bind itself to accept the lowest or any tender.

By order,
FRED. GELINAS,
Secretary.

Department of Public Works,
Ottawa, April 24, 1908.

AN OPEN VERDICT RENDERED IN THE WEAVER INQUEST

Connty Crown Attorney Wood Produces Letter from Expert Ellis, Toronto, Saying no Poison was Found in Stomach

Last night at 7.30 twelve "good men and true," members of the coroner's jury to decide as to cause of death of the late W. Elgin Weaver, gathered for the fourth time in this cause, at the council chamber. Coroner, Dr. J W. Gray, occupied the rostrum, with County Crown Attorney R. E. Wood looking after the interests of public justice. The names of the jurymen, 14 in number were called and all but two were present. After the preliminary functions had been attended to, Mr. Wood arose and read a letter he had received from Prof. Ellis of Toronto, the great analytical specialist, to which Dr. Ellis said, in effect, that he had received the viscera of the late W. Elgin Weaver by messenger, and had analytically examined the same. The result of his analysis was that no trace of any poison was discoverable and that nothing was developed by his analysis to demonstrate the cause of death.

Here Mr. Wood instructed the jury that, in the circumstances, all they could do was to bring in an "open" verdict, laying blame on no one, but, at the same time, leaving matters so that they could, at any time reopen their investigations.

The jury, after a few minutes' consideration, returned a verdict, practically to the effect that after all adducial evidence was in, and duly considered, they did not know the cause of death. The jury was then in regular form dismissed and will today call on County Treasurer Ed. M. Elliott for their respective fees for attendances at the inquest.

A somewhat funny feature of the inquest developed after the jurymen had left the council chamber. As intimated above, but twelve of the fourteen original jurymen were present last night. After the council chamber had been cleared of all but the coroner and the scribe of the meeting who were completing the records of the inquest, the two delinquent jurymen arrived. One had been in Toronto and delayed by a train; the other had forgotten the inquest. A demand was made on Dr. Gray for jurymen's fees. The coroner replied "Nay," explaining that their absence at the official meeting of the inquest, debarred them from all fees, including their three former periods of service. On this the two jurymen, who were not present at last night's session, got wrathy at the coroner's refusal to pay them fees. One said he was going to Toronto in a few days and would lay the matter of his withheld fees before the Government. The other made threats of a semi-comprehensive-partly-defined nature. Dr. Gray, whilst on his way to George street, was tackled (not literally) by the former-mentioned-nonplused witness, who repeated his threats. The coroner just looked at him quietly for a moment and said, "Look here, I should fine you anywhere from say $5 to $40, as was done a few days ago in Ontario, for not showing up as a coroner's inquest juryman after being duly subpoenaed. However, I will take your case under consideration."

POLICE

Yesterday morning the Labor Loathing League began the week by turning out in full number at the Police Magistrate's Court. James Lang, a Scotch immigrant, from Toronto, was charged with vagrancy and having no visible means of support. James said he had had enough money to buy his meals since he arrived here last Wednesday. The Magistrate gave the prisoner two hours to get out of town.

The same charge was laid against Geo. Villoise, who said "Not guilty, I have forty cents in my pocket!" Chief Rossel noted that the prisoner had been loafing about the city for some time and had coaxed a jadaway to Toronto, ending by saying "he is no good." A young man named Meadhouse, in the box, said prisoner had been hanging about his house.

Mr. Lang, next witness, saw Lang and the prisoner walking about his house making signs as though "they were going to do some great deed". Here the witness, who speaks with a broad English accent, was asked by the Magistrate "Are you Dutch?" as the chief had to translate witness' English into Canadian.

Peter Warner was charged with stealing and taking away a quantity of brass, copper and lead, the property of Mrs. Bradd. Mr. Goodwill, who acted for the prisoner, elected for summary trial. Chief Rossel said he would be ready to go on with the case to-morrow. Mr. Goodwill asked for bail, which was allowed in two sureties of $200 each.

The Field-Crop Competitions

Field crop competitions under the auspices of the South Monaghan Agricultural Society will be held as usual during the coming summer. The crop chosen and the area are as follows:—Not less than five acres of oats. Entries must be made with the society for this competition before June 1st. All particulars and forms may be had from the secretary. Prizes are; 1st prize, $15; 2nd, $12; 3rd, $10; 4th, $8; 5th, $5. The Department of Agriculture at Toronto furnishes $30, and the society puts up twenty dollars.

Thirty-Six Persons Killed by a Land-slide in Quebec

One-Third of Population of Hamlet, 40 Miles from Ottawa, Wiped Out--Land Slid on Sleeping Villagers

Hamlet destroyed—Notre Dame de la Salette.

Location—18 miles above Buckingham, on the Lievre River.

Houses destroyed—Sixteen

Houses escaped—Eight.

Lives Lost—Thirty-one.

Survivors—Seventy.

Bodies found—Seventeen.

Time Sunday morning at 4.30 a.m.

Cause of tragedy— Slide of blue clay and topsoil, loosened by heavy thaws, from off the smooth rock of the hill on the opposite side of the river. Ten acres slid away, filling up the river which is over 30 feet deep, deep, when rose 40 feet, hurling ice blocks on the river against the houses on the far shore, completely shattering them.

Ottawa, April 28.—The disaster at Notre Dame de la Salette on Sunday morning, when a landslide worked havoc in the little farming village, resulted so far as now known in the loss of 30 lives. The place is difficult to reach by wire or phone and roads are practically impassable.

There were eleven in the house of Mrs. Emmanuel Lapointe. Of these eight were killed and three were rescued. As with all the other families which met death in this calamity, this family were asleep when the slide came. This house was on the west side of the Lievre river, on the same side as the slide began, and therefore the house was one of the very first to be crushed by the great rush of ice forced up by the mass of clay. It was crushed into innumerable pieces and the inmates were thrown in every direction as the structure fell.

TWO HOURS ON ICE FLOE.

Mrs. Camille Lapointe, Jr., when she came to herself from her dazed condition, was on a large cake of ice being forced before the rush of that mighty mass, and as it struck the river bank the cake was forced up into the lake formed by the damming of the Lievre river. The ice cake drifted into the centre of the body of water and there remained, while the victim snatched from the avalanche crouched on an ice float with only a very few night clothes on, and awaited for two hours for her rescuers to reach her. When taken from the ice she was benumbed with cold and with some difficulty was revived.

On an adjacent piece of ice were her two children, one a boy of 14 years old. On this large cake of ice was a small haystack, and into it the two children crept, and were thus protected from the ice-cold winds until help arrived, and did not suffer so much as their mother.

SEVEN CHILDREN BURIED.

The old lady, Mrs Emmanuel Lapointe, was 80 years of age, and is evidently under the mass of ice and clay, together with the seven grandchildren.

HOUSE FLOATED IN STREAM.

One of the most marvelous escapes from this dreadful death was that of the Boeing family. This family, consisting of a mother and five children, were in their home on the east side of the river. The husband was up the Blind river. The rush of the shifting mass moved the house from its foundation, but it marvellously kept right side up, and swung out into the water, where it floated, carrying its human wright for some time, until the family were rescued. A few minutes after the mother and children were taken from the doomed structure, the water had leaked through the floors and openings sufficiently that, like a wrecked ship, it sank under the water and is now out of sight.

The entire family of Napoleon Charron are dead. The father was up the Blind river, too, and his wife and three small children were all in their home asleep when the house was struck and no one is alive to tell the story of their death.

The Dajardins Hotel was a complete wreck, and at least Mrs. Desjardins and two boys were killed.

DID TRAVELERS ESCAPE?

There is a belief that as well there are dead somewhere in the hotel ruins two English-speaking travelers who were staying there. There is a possability that they left the night before for another town. Up until the present there is no word of them, and it is the general belief that they also are dead.

The life of one little girl of the Desjardins family was spared. She was sleeping in a bedroom on the top floor, which was lighted by a dormer window. As she was thrown into this window, and the entire framework of the window formed a crate as it broke away in the crash, in which she nestled, it protected her as she was forced over the ice and floated her on the water. She was recovered, unconscious, in this window, the roof part facing downward, and she was somewhat cut from the broken glass, and knew little of what had happened.

The girl who was in this fortunate cradle had been forced fully 200 yards from where she was sleeping in the hotel.

The house occupied by the Boudion family on the east side of the river was completely destroyed, but the family of three, while being badly injured and shaken up, are alive and will recover. So the Morris house where a family of seven resided, one child was killed, and the remainder got away safe.

Of all the Desiauriers family, one boy of 13 years, staying in the house, was the only one saved. He cannot remember what happened. When he came to himself he was on top of an ice shove in his sleeping clothes, his feet badly cut with ice, and bleeding.

Miss Latimer Speaks of Her Trip to the South

Miss Marjorie Latimer, daughter of Mr. J W. Latimer, 307 Bathurst street, has returned to the city after a long visit in California. Miss Latimer left here for Riverside, Cal. on September 23rd last. She was the guest of her uncle Mr. Hugh L. Latimer, who owns one of the largest orange groves in California, near Riverside. Whilst en route to California, Miss Latimer spent a day or two in Denver, Col., and also in Salt Lake City, Utah. This young lady's reminiscences of Salt Lake City, are interesting and worth attention by those who think that polygamy is a thing of the past. One day as she was out driving in that city a large automobile containing six leading members of the Mormon church drove by. She ascertained that each of the six whilst professedly only having one wife, really has three. There are other undeniable signs that polygamy still flourishes.

For instance little Mormon boys seeing strangers in the city out driving, will yell at them driving, "Don't believe a word that driver says!" This is done in case the driver may be a gentile and "give away" existing conditions. In Salt Lake City one must not gauge distances by "blocks," the blocks there are ten acres each, so that if one is told that "John Smith lives three blocks to the north," one must expect quite a a walk before shaking hands with John.

In Redlands, Cal, Miss Latimer met quite a lot of Canadians, in fact the whole population composed of Canadians with a large number of negroes. Here she met Mrs Skuce, formerly of Douro township, Mrs Jos. Graham who formerly lived on Sherbrook street this city, and her brother Mr. Percy Shaw formerly of the city. Miss Latimer in course of conversation with The Times, noted that the roads in California are splendid. After the mechanical work has been done on them, the roads are sprinkled with crude oil, thus laying all dust. Miss Latimer, with true and characteristic Canadian spirit, when asked, "How did you like the glorious climate of California?" replied, "Well the climate certainly is glorious, but give me the four seasons of Canada for mine."

On her return trip, Miss Latimer travelled extensively through the State of Texas. She was in San Antonio on the day of the anniversary of the "Alamo," the place where the American troops to a man were butchered by a superior force of of Mexican soldiers. This fair young traveller returned via New Orleans, La., where she said the most noticeable feature was "Niggers and hot weather."

Bishop Scollard May Succeed Archbishop Dennis O'Connor

Toronto, April 27.—Right Reverend Denis O'Connor, D.D., C.S.B., has resigned from the Archiepiscopal See of Toronto.

The resignation was forwarded to Rome through the Papal delegate at Ottawa, Most Rev. Donatus Sbarretti.

WHO WILL SUCCEED?

Regarding his successor are mentioned the names of Right Reverend F. P McEvay, D.D., Bishop of London, and Right Reverend D J Scollard, D.D., Bishop of Sault Ste. Marie.

It is worth of note that both Archbishop O'Connor and his predecessor, Archbishop Walsh, came to this city from London, where they administered the diocese as bishop, and it would not be surprising if the next Archbishop of Toronto came from the same city.

The name of Bishop Scollard, however, is mentioned as a possible successor. He is the youngest bishop in Canada, having been appointed to the Diocese of Sault Ste. Marie in 1904. Though he is thoroughly conversant with the French language, it is said that the priests of the diocese, who are for the most part French, would prefer one of their own kind, and the raising of Bishop Scollard to the dignity of Archbishop would make way for such an appointment.

Sunday Sale of Refreshments

What is Lawful and What is Not--Decision of High Court of Justice

To the Editor of The Times.

Sir,—Readers will remember that about a year ago Judge Madam, the junior of the three County Judges of York, Ontario, reversed a conviction by Magistrate Kingsford against John Ivens, a restaurant keeper, for selling on Sundays candies, peanuts, and other eatable articlers to be carried off the premises.

It was pointed out to the public at the time that this judgment was going to result in an immense increase in Sunday business, inasmuch as it implied if it did not declare, that any man holding a restaurant license, and doing a restaurant business, a grocery business, and a business in all sorts of eatable articles, and could sell freely any or all classes of these things on Sunday, over the counter, to be carried away and used as the purchaser might desire. It was evident that large numbers of shop keepers and their employees were going to be deprived of their Sunday rest and other privileges if this interpretation of the law were to remain unchallenged. The matter was therefore brought to the attention of the Attorney General of Ontario, the Hon. J. J. Foy, and, recognizing the serious import of the judgment, he requested Magistrate Kingsford to grant a "Stated Case", and requested County Crown Attorney H. L. Drayton, K. C., to take charge of the case in its preparation, and in its argument before the High Court. The Case was duly granted, and came before Mr. Justice Clute, of the High Court on Friday, 10th April. The Case was known as "The King vs. Weatherall." Weatherall held a restaurant license and did business at Toronto Island, selling refreshments of various kinds, and among other things he sold on Sunday, 9th June, 1907, "candies, popcorn, peanuts, and soft drinks." The question submitted to the Court was as follows:

1. Does the mere fact that Weatherall holds a license as restaurant keeper enable the said Weatherall to sell on the Lord's Day candies, popcorn, peanuts, and soft drinks, notwithstanding the statutes (The Lord's Day Act.)"

To this question Mr. Justice Clute replied "No". Unlike some judgments, this does not lack in clearness.

2. Can a bona fide restaurant keeper sell candies, popcorn, peanuts, or other commodities not in connection with any meals served on the premises but done up so as to be taken away by the purchaser on the Lord's Day."

To this Mr. Justice Clute replied "I take this question to mean that the articles there referred to are sold, not in connection with the giving of meals served on the premises, but in the ordinary way of business as a merchant, so as to be taken away by the purchaser. Taking this to be the meaning of the question, I answer again 'No'."

There was a third question as to whether the Restaurant License that Weatherall holds from the city prohibits him making such sales on Sunday in itself apart from the Lord's Day Act. The Judge gives substantially the same answer to this question as to the other two.

This judgment makes it clear, therefore, without equivocation, and beyond peradventure, that even a bona fide restaurant keeper, who holds a license and is running an eating house under that license, is not entitled to sell on Sunday anything excepting what is purchased and consumed as a meal. Articles of food may not, therefore, be sold on Sunday under any circumstance to be carried off the premises unconsumed, but must be consumed in the restaurant at the table or lunch counter as a meal.

It is important to observe that this judgment is binding upon on Magistrates and Division Court Judges throughout the Province of Ontario, and for that matter will be followed by Magistrates and trial Court Judges throughout the Dominion. It is well that this judgment be given prominence in the press everywhere so that restaurant keepers may not unawares, during the coming season, commit violations of the Lord's Day Act, and lay themselves liable to its heavy penalties. The public generally will recognize also the reasonableness of the law in this regard. It is proper that the hungry should have the right of going to a restaurant and satisfying their hunger. No one will contend, however, that this necessitates or would justify general business in the sale of articles of food to be carried away, which, if it were allowed, would result in depriving large numbers of shop keepers and their employees of their Sunday rights and privileges.

T. ALBERT MOORE,
Secretary Lord's Day Alliance.

Three Young Men Were Drowned at Dunchurch

Dunchurch, Ont., April 28.—Three young men of this neighborhood Thos. Bennett, Fred King, and Jacob Knoepfli, were drowned in Ahmic Lake, off Rocky Reef, yesterday afternoon.

They were employed by the Croft Lumber Company, whose log boom burst, and started with boom chains in a canoe to repair the damage. They were next seen by Mr. Stewart and family from Rocky Reef floundering in the water. They claim no boats were at hand, so they had to watch the men disappear one after the other.

The bodies have not been recovered yet, and no further particulars are known.

Farmer Lost Twenty Fine Head of Cattle

Belleville, April 28.—Henry Boulton, a farmer living between here and Kingston, lost twenty fine milch cows in a very short time from some mysterious disease. The animals became paralyzed in the fore legs, after which the hind legs became affected. The Government inspector is investigating into the matter. Up to date Mr. Boulton has received no word as to the cause of the disease.

Canadian Order of Foresters Concert and "At Home"

The best ever. Such was the opinion of those who attended the social evening given by the members of Court Peterborough No. 29, C.O.F., held in the Foresters' Hall last night.

The evening was spent in music and dancing and a pleasant time indulged in by all present. The chairman of the evening was Mr. H Nesbitt, and the committee in charge were W. Whiteroft and F. A. Coates.

During the early part of the evening the following program was rendered;—

PART TWO.

Instrumental—Mandolin Club.
Solo—Miss Dawson.
Song—Miss King.
Recitation—Mr. Geo Lynch.
Solo—Mr. Coleman.
Instrumental—Halpany's Orchestra.
Solo—Mr. J Watt.
Reading—Mr. Nugent.
Solo—Miss Lancaster.
Recitation—Mr. J. Johns.
Solo—Mr. F. Pratt.
Recitation—Miss Lebarr.
Solo—Mr. Halpany.
Scotch Reading—Miss Barr.
Duologue—Miss Barr and Mr. McLean.
Banjo Solo—Mr. Clarke.
Solo—Mr. F. Pratt.
Recitation—Miss Lebarr.

Instrumental—Halpany's Orchestra.
Solo—J. Watt.
Reading—Mr. Nugent.
Solo—Miss Lancaster.
Recitation—Mr. J. Johns.
Solo—Mr. F. Pratt.
Recitation—Miss Lebarr.
Solo—Mr. Halpany.
Scotch Reading—Miss Barr.

After the concert was over a couple of hours were spent in dancing, and the hour was well before the merry-makers left for their homes.

Flocking Into Canada

Winnipeg, Man., April 22.—Immigration officials report an increase of sixty per cent. in the American emigration to the Canadian North-West for the first quarter of the current year, as compared with the first quarter of last year. The outlook for the present year is that the Canadian West will receive seventy thousand settlers from the United States.

ADVERTISE IN THE TIMES.

Boy's Eye Removed at Nicholls Hospital

Yesterday a boy named Willie Layfield, was brought to the Nicholls hospital from Manvers, accompanied by Dr. Turner of Millbrook. It seems that the boy had been playing about a horse on the farm and was kicked on the head by the animal. On arrival his head was bandaged up and things looked serious. At the hospital the patient was attended by Dr. J Malcolm McCulloch, 202 Charlotte street, the local eye and ear specialist. After a careful diagnosis of the case had been made, Dr. McCulloch decided that one of the boy's eyes owing to his injury, would have to be removed. This operation at which Dr. Turner assisted, was successfully performed. The last telephonic communication received from the hospital announced the pleasing intelligence that the lad is progressing as well as could be expected.

Former Local Pastor Goes to Hamilton

The Toronto World of yesterday says;

Rev. C. B. Kendrick, M.A., who has for nearly four years occupied the position of assistant to Rev. Canon Cayley, at St. George's church, John street, Toronto, and formerly curate of St. John's church of this city has accepted the appointment as rector of St. Phillip's church, Hamilton.

Mr. Kendrick has relatives in this city and a large number of ardent admirers, who will rejoice to hear of his advancement.

Mrs. Allan Armitage's Funeral Today

This afternoon at two o'clock the last mortal remains of the late Mrs. Allan Armitage, who passed away Sunday morning at 196 King street will be conveyed thence to the Little Lake cemetery for interment. The deceased had been suffering from bronchitis, which developed an affection of the heart. She was forty-seven years of age and was a faithful member of St. John's church and a devoted and christian woman.

Besides her husband six children are left to mourn her loss. The sons are Arthur of Hamilton; and Stanley and Melville of this city. The daughters are Misses Gertrude, Ella and Clara, all residing at home.

Sports

Toronto won the second game of the series with Providence yesterday by 1—0, they getting their only tally in the sixth. Applegate was on the rubber for the Leafs and was in fine form, pitching a steady game throughout. He kept the four hits registered against him well scattered. 1500 people were in attendance.

In a thirteen inning game, Jersey City and Rochester failed to break their tie, the score standing 1—1.

The Eastern League scores yesterday were;

Toronto 1, Providence 0.
Montreal 2, Newark 0.
Buffalo 1, Baltimore 1.
Rochester 1, Jersey City 1.

The "Charity" Walk was a Decided Success

About 1000 people attended the benefit athletic meet at Brock St rink last night and as the Times prophesyed, there was always something doing. Fenton, the Auburn N.Y. lad was the first walker to come on the track and he made an attempt to shatter the world's record for a mile. But the official time given out for his trial was 9.31 or nearly four minutes behind the record.

Then the 15-year-old girls of the city had a chance to show their speed in the art of pedestrianism. But some of the competitors were inclined to exceed the speed limit and were therefore disqualified. However Miss Annie Blodgett was the winner, she walking a straight heel and toe race. Miss Etta Kennedy was the second to finish, and the third prize went to Miss Lillie Hearn.

The next item on the program was a go-as-you-please race between Dave Hartley, and R. J. Hatton of Toronto, the distance being five miles.

Both men started off at a run with Hatton in the lead, he a tiling a merry pace from the first. After going two miles Hatton dropped out, and Hartley after going three laps further also left the track.

But the next event pulled off was "the ONE" of the night, namely the one mile walk open to the newspaper men of the city. The three dailies were represented, and "Ticker" Forcen of the Canadian Dairyman was also a starter. Here is how they lined up for the start from the rail; Prof. Hogan and "Josh" Craig, Examiner, "Timy" Yokome and "Lady" Craig of the Review; "Ticker" Forcen, Canadian Dairyman, and "Slats" Lunan of the Times. A very likely looking bunch of pedestrians.

John Hogan who for the past week has been training under the watchful eye of "Billy" Nugan, appeared on the track in short-sleeved jersey and white boots, and was immediately made favorite for the race, as he holds the world's pedestrian record for an hour, having done the hour in sixty minutes.

Lady Crane was the choice of the pikers, he being bedecked in a sweater of red and grey color, which bore the following legend in fancy letters, K.B.A.C., which the wise ones dopped out to mean, "Kissed by Auntie Craig."

When the start was made Slats Lunan while unperceived, madly rushed into the lead, followed by Ticker Forcen and A. Crogan of Yobome (the man of music fame), but ere the first lap had been made Slats got lost in the shuffle, and "My son Josh" and Prof. Hogan who was making the first of the additional speed that is to be derived by wearing the "Noggin" patent walking boot, had passed the leaders and took command. From then on there was nothing to it but for Craig to win, as he completely out-classed Hogan.

But back among the trailers, a merry set-to took place. Yokome, Crane and Lunan the boy wonder, were battling hard for the honor of being the last to finish, but finally Slats was out. The greatest excitement prevailed throughout the contest, and an ovation was given "Master" Craig when he finished.

The order in which the newspaperers finished was as follows;—1, Craig, 2, Hogan; 3, Forcen, 4, Crane; 5, Lunan, and 5th, Yokome.

After the newspaper men had their innings, Charlie Stevens and Jimmie Graham went a mile and in an exciting finish the Buffalo man won by, a few inches.

Tom Slater stepped a half in 3.30 a clever performance.

Jim Harrison accompanied by Blake in street attire, walked a mile in nine minutes.

Hoagland, unpaced, went the same distance in 8.27, he receiving round after round of applause.

During the evening the 57th band rendered a fine program of national airs. The gate receipts totalled somewhere in the neighborhood of $160.

—Novelties in souvenirs at Times Bookstore. Views of all places of interest hand painted on Fuley China. Also maple leaf with views on each city reverse for only ten cents.

BLOOD DISEASES CURED

Drs. K. & K. Established 20 Years.

BEFORE TREATMENT

NO NAMES USED WITHOUT WRITTEN CONSENT

He was surprised at how the sores healed—"I took your New Method Treatment for a serious blood disease with which I had been inflicted for twelve years. I had consulted a score of physicians, taken all kinds of blood medicine, visited Hot Springs and other mineral water resorts, but only got temporary relief. They would help me for a time, but after discontinuing the medicines the symptoms would break out again—running sores, blotches, rheumatic pains, looseness of the hair, swellings of the glands, pains of the bones, scaling, itchiness of the skin, dyspeptic stomach, etc. I had given up in despair when a friend advised me to consult you, as you had cured him of a similar disease 8 years ago. I had no hope, but took his advice. In three weeks' time the sores commenced to heal up and I became encouraged. I continued the New Method Treatment for four months and at the end of that time every symptom had disappeared. I was cured 7 years ago and no signs of any disease since. My boy, three years old, is sound and healthy. I certainly can recommend your treatment with all my heart. You can refer any person to me privately, but you can use this testimonial as you wish."
W. H. S.

AFTER TREATMENT

We treat NERVOUS DEBILITY, VARICOCELE, STRICTURE, VITAL WEAKNESS, BLOOD, SKIN and PRIVATE Diseases, URINARY, BLADDER and KIDNEY complaints of Men and Women.

READER Are you a victim? Have you lost hope? Are you intending to marry? Has your blood been diseased? Have you any weakness? Our New Method Treatment will cure you. What it has done for others it will do for you. Consultation Free. No matter who has treated you, write for an honest opinion Free of Charge. Charges reasonable. Books Free—"The Golden Monitor." (Illustrated) on Diseases of Men.

NO NAMES USED WITHOUT WRITTEN CONSENT. Everything confidential. Question list and cost of Home Treatment FREE.

DRS. KENNEDY & KENNEDY
Cor. Michigan Ave., and Griswold St., Detroit, Mich.

A Lazy Liver

May be only a tired liver, or a starved liver. It would be a stupid as well as savage thing to beat a weary or starved man because he lagged in his work. So in treating the lagging, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with over work. Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs.

If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, foul breath, constipated or irregular bowels, feel weak, easily tired, despondent, frequent headaches, pain or distress "small of back," gnawing or distressed feeling in stomach, perhaps nausea, faint "sinking" spells, "lump" in throat after eating, and kindred symptoms of weak stomach and torpid liver, you may be sure that you are suffering more seriously than you realize from Biliousness. Nothing else will relieve you more promptly than Dr. Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all hot bread and biscuits, griddle cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to its use until you are vigorous and strong.

The "Discovery" is non-secret, non-alcoholic, is a glyceric extract of native medicinal roots with a full list of its ingredients printed on each bottle-wrapper and attested under oath. Its ingredients are endorsed and extolled by the most eminent medical writers of the age and are recommended to cure the diseases for which it is advised.

Don't accept a substitute of unknown composition for this non-secret medicine of known composition.

Blood-Cleansing Recommended in the Spring Time

In This Way The System is Strengthened and Better Health Assured.

From the earliest time it has been universally acknowledged that the transitory period between winter and spring is the seed time of disease.

Consequently it is necessary for us all to take suitable medicine.

A delay gives the germs and weakness a still stronger chance to take hold.

Don't wait, think of our small resisting powers, and begin building up today. For weakness, overwork and debility the doctors prescribe Ferrozone. Let it help you now.

Vitality and power are instilled into the blood; this means new strength for all weak organs.

The fire of youth will dance in your veins, and new found energy will increase your desire to work.

Ferrozone supplies the nourishing and tissue-building material your system lacks. Isn't this a reason why?

From Cumbermere, Ont., Mrs. Ino Oram writes as follows: "For a number of years I was sickly in the springtime. I felt tired, nervous and had headaches. My blood was weak and damp days brought on rheumatism. My nervous system was unstrung and I felt utterly worn out. Ferrozone revived me in a short time. In two days my appetite increased, and I could feel a building-up process going on. This great tonic made a new person of me and I don't think a more strengthening medicine for the spring can be found."

Wouldn't it be just fine for you to get back your old-time spirits and vigor? Easily done with "Ferrozone"; commence to-day. Sold by all dealers, 50c per box or six boxes for $2.50.

Morning Times

This paper is the only Morning Daily published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

Strangers visiting Peterborough are cordially invited to make their headquarters at the office of the Morning and Weekly Times, where they will be furnished with writing material, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $2 per year, strictly in advance.

THE BOHEMIAN MAGAZINE

The Bohemian Magazine for May is especially inviting with its wealth of short stories, its bright, attractive picture and its apt special articles.

The leading article, by Mr. Aubrey Lanston, tells of "Famous Cafes and Restaurants Abroad"; it is illustrated by cuts reproduced from many photographs. The article sets forth the lasting characteristics of the famous restaurants and eating places of the Continent and England.

The managing editor of the Standard Dictionary is dealing with a subject of widespread interest in an article entitled "The Talk of the Town." The writer, Mr. Frank H. Vizetelly, herein has some trenchant things to say in defence of slang and of the good work that slang is doing to invigorate and enrich the English language. He traces many slang expressions and words most interestingly to their origins and presents some ingenious theories as to the origin of other expressions whose antecedents are very doubtful. The article is illustrated by a number of humorous drawings. "The Columbia Jester", by its editor, is the seventh instalment of the series on "Humorous College Journalism." The paper is illustrated with a score of cuts reproduced from that college periodical.

Some of the short stories are: "An Artless Diary," by Rem. A. Johnston; "The Sparkler' at 126 Ohio," a burglar story by Robert Carlton Brown; "The Blood of the Cid," by John Ingston Oxford; "The Telephone," by Temple Bailey, the story of how an attractive maiden lady was redeemed from her single state by a modern inventions; "The Bandaged Foot," by James Francis Dwyer; and "The Gratitude of Mr. Tubbs," by Fred. J. Haines. Mr. Tubbs herein proves himself to be a most amiable rascal.

Miss Edith Wynne Mattnison writes of her "My Yesterdays"; and the leading plays of the month are interestingly summarized in the department of "The Story of the Plays." Bohemiana as usual overflows with good humor and fun.

A Clean Provincial Election

The Times yesterday was in receipt of a letter printed below which sufficiently explains its motive. This letter reads as follows:

T. E. Brodburn, Esq., M.P.P.:

Dear Sir,—As I intimated when speaking to you a day or two ago, I desire that the coming election contest between us as candidates, respectively representing the Government and Opposition in the approaching Provincial general elections, should be conducted upon purely legitimate and legal lines, which is to say that no money nor money's equivalent, nor promises of office or preferment, nor advantage of any kind, shall be given or promised on either side to unduly or corruptly influence or determine, in respect of any elector, the manner in which he shall cast his vote.

In this you agreed with me and expressed your desire for "a straight clean fight."

I would, therefore, propose that we —yourself and myself—by a written and duly-executed undertaking, jointly offer a reward of $500 to be paid to the persons or persons furnishing such evidence, as will lead to the conviction of any persons or persons on either side of politics, who may be guilty of the violation of the election oath, and consequently of this agreement, during the prosecution of the coming election.

I will deposit jointly with yourself the sum of $100, for the purpose, and will, besides, for myself, undertake to pay the sum of $500 for the conviction of any person proven guilty of a breach of the election act; and I also propose that I shall name a committee from among Conservatives or your supporters to the number of ten, and that you yourself, name a like committee of ten from the ranks of my supporters, each committee to keep strict watch for the purpose of detecting wrong doing, involving a breach of the Election Law, in connection with the coming election contest, and for the purpose of furnishing evidence to be used for prosecution of offenders if such there should be, under the election law.

I feel it my duty, in the interest of clean politics, as applied to the coming election contest, to make the foregoing proposition to you. If it should not meet with your approval would you be good enough to propose any other fair arrangement which will fulfil your own declaration as expressed to me, and my own, also, for a "straight, clean fight" in the coming Provincial election in the riding of West Peterborough, and I shall agree to it, I am.

Yours very sincerely,
G. A. GILLESPIE.

Peterborough, April 20, 1908

Catarrh Cannot be Cured

With LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

Take Hall's Family Pills for constipation. Sold by druggists, price 75c.

Lindsay Veteran with Many Medals

Mr. F. R. Pepper, one of the oldest members of the 45th Victoria Regiment has been awarded and has received the "long service medal." This Bougogville veteran is 67 years of age, and has been going for Canada since he was 14 years of age. He once held the position of Sergt.-Bugler of the Kingston Body Guard, the corps which met and escorted the Prince of Wales, now our beloved King, during his visit here in 1860. The Lindsay veteran's breast is also adorned by the Fenian Raid medal. He also wears the Veterans' Association medal. The most recent medal received by this veteran the "long service" mark of distinction was made in the English Royal mint and was received by its valorous recipient on Thursday.

That languid, lifeless feeling that comes with spring and early summer, can be quickly changed to a feeling of buoyancy and energy by the judicious use of Dr. Shoop's Restorative.

The Restorative is a genuine tonic to tired, run-down nerves, and but a few doses is needed to satisfy the user that Dr. Shoop's Restorative is actually reaching that tired spot. The indoor life of winter nearly always leads to sluggish bowels, and to sluggish circulation in general. The customary lack of exercise and outdoor air ties up the liver, stagnates the kidneys, and oft-times weakens the heart's action. Use Dr. Shoop's Restorative a few weeks and all will be changed. A few days test will tell you that you are using the right remedy. You will easily and surely note the change from day to day. Sold by all druggists.

Missionary Institute Programme

Appended below is the corrected and revised program of the Missionary Institute which begins here on May 4th and which will last three days. The program is as follows:

MONDAY, MAY 4th

2 p.m., to 8 p.m.—Registration of delegates and visitors.
Inspection of school.
6p.m. to 7 p.m.—Tea in George Street Methodist church.
8 p.m.—Evening session.
Opening Message—Rev. J. R. Webb.
Address—"The Call of the West," by Canon Tucker, D.C.L.

TUESDAY, MAY 5th.

9 a.m. to 12 a.m.—Inspection of exhibit.
2.30 p.m. to 3.15 p.m.—Denominational Conferences.
Baptists in Murray Street Church
—Rev. J. R. Webb.
Methodist in George Street Church
—Rev. E. A. Pearson.
Presbyterian in St. Paul's Church
—Rev. J. G. Potter.
Anglican in St. John's Church—Rev. Dr. Langfeldt.
3.30 p.m. to 4.30 p.m.—Afternoon session in George street church.
Devotional exercises — Rev. E. A. Pearson.
Address—"The Present Urgency in the Foreign Field," J. G. Brown, D.D.
4.45 p.m. to 5.45 p.m. — Mission study.
6 p.m. to 7 p.m. —Tea in George Street Methodist church.
7 p.m. to 8 p.m.—Mission study.
8 p.m. to 9.30 p.m.—Evening session in St. Paul's church.
Devotional exercises.— Rev. Dr. Langfeldt.

Devotional exercises, Rev. R. Pogue Wilson, 1908. Rev. A. E. Armstrong, M.A.
Address—"The Inspiration of Missions," Rev. T. E. E. Shore, B.D.

BUY
Prince Rupert
—AND—
Hazelton Lots

Having obtained inside information on property in both of these promising cities, and as I expect to receive choice of the first allotment of property to be put on the market, and will be on the ground to make selections, persons desirous of getting in on the purchasing of lots, can do so by making application in writing and enclosing check for $100.00, which entitles them to first choice of lots marketed, and at first price before they are offered to the public. In case you upon receiving the offerings from time to time of sales, do not purchase, your money will be refunded.

In case you purchase, the money you put up to get this inside information and quotations will be applied on the first payment of your property purchased.

PRINCE RUPERT, is too much needed to make any lengthy description on this place for we all know it is the terminus of the Grand Trunk Pacific Railway, in B. C., situated on Kian Island, at the mouth of the Fraser River. It is estimated that owing to the great rush of gold seekers and others seeking wealth and new locations that Prince Rupert will have a population of 20,000 before next winter.

HAZELTON is another almost equally promising city, situated at the head of navigation on the Skeena River, on the main line of the Grand Trunk Pacific, also being the junction point of the Line from Dawson City. With these and other existing natural conditions and the prospects of a great development, it is looked upon as a great place to advance.

If you want to get in right and on the bottom prices and get the pick of the stuff, write and accept this opportunity.

No triflers wanted or those seeking for information for curiosity.

TENDERS FOR DREDGING

Sealed Tenders addressed to the undersigned and endorsed "Tender for Dredging," will be received until Friday, May 15, 1908, at 4.30 p.m., for dredging required at the following places in the Provinces of Ontario:—

Burlington, Blind River, Bowerton, Collingwood, Cobourg, Goderich, Hamilton, Kincardine, Little Current, Midland, Meaford, Owen Sound, Nigger and Telegraph Islands, Point Edward, Penetanguishene, Port Burwell, Port Elgin, Picton, Rondeau, Summerstown, Thames River, Toronto, Thornbury, Trenton Harbour and Dark Channel, Waubaushene, Wiarton and Wingfield Basin.

Tenders will not be considered unless made on the form supplied, and signed with the actual signatures of tenderers.

Combined specification and form of tender can be obtained at the Department of Public Works, Ottawa. Tenders must include the towing of the plant to and from the works. Only dredges can be employed which are registered in Canada at the time of filing of tenders. Contractors must be ready to begin work within twenty days after the date they have been notified of the acceptance of their tender.

An accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, for six thousand dollars ($6,000) must be deposited as security for the dredging which the tenderer offers to perform in the Province of Ontario. The cheque will be returned in case of non-acceptance of tender.

The Department does not bind itself to accept the lowest or any tender.

By order,
FRED. GELINAS,
Secretary.
Department of Public Works,
Ottawa, April 25, 1908.

Have secured a block of the

Calumet, Mancos' Oil and Mining Company's Stock

Par value $1.00

What they offer at 25c per Share for a short time

The property is situated at Mancos, Colo., and consists of 160 acres, fully paid for. The Company expects to secure at least 400 acres or more, we are negotiating for it now and the terms are satisfactory and there is coal on the same, and they also intend to secure some Coal Mines of which they have the refusal. Some of the best coal mines in Colorado are in this district, as well as some of the richest gold and silver mines. In fact this is one of the richest parts for mineral in the State of Colorado, and the Company has the refusal to several prospects on reasonable and easy terms.

In our opinion the prospects of the Company are very bright and a rapid advance in the price of the stock is sure to take place in the near future. Full information can be had by calling at our office.

ADVERTISE IN THE TIMES.

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or Sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at an Agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of a homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father or mother.

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.

Cupid Turns The Tables.

By MARTHA COBB SANFORD.

Copyrighted, 1908, by E. C. Parcells.

It began on the Greenwich local. The man sitting beside Henrietta on the cross seat was reading a typewritten manuscript.

"Either an author or an editor," mused Henrietta and soon allowed her curiosity to get the better of her to the extent of looking over her neighbor's shoulder and reading the story with him.

It proved to be a love story, and as it progressed Henrietta stole a surreptitious glance at the man every now and then. But his expression gave no clew to the impression the story might be making.

Once, as he turned a page, he looked up suddenly and became aware that Henrietta was following the story.

She blushed and started to apologize, but he put her at her ease in quite an unexpected manner.

"I'm glad you've been reading the story," he said, with a friendly smile. "A woman wrote it, and I hope you'll give me your opinion when we've finished it."

So they read on together.

When they had reached the end they sat for a moment silent, each evidently absorbed in thought.

"Well," said the man at length, "that is perhaps what would happen in real life, but the ending isn't satisfactory from my viewpoint."

"And what is your viewpoint?" ventured Henrietta, her interest in the situation overpowering momentarily her natural shyness. "Are you judging it as just a plain man or as an editor?"

Her query seemed both to please and amuse him, and Henrietta was surprised to find herself answering his smile quite as if they were old acquaintances.

"I am judging it," she said, "as an editor who tries to imagine himself just a plain man. But what do you think about it?"

"I'm afraid I agree with the author," answered Henrietta, somewhat timidly, "but really my opinion doesn't count in the least, because"—

"On the other hand," interrupted the man, "it counts supremely. It is the opinions of just such casual readers as yourself that I have to study and learn to understand almost intuitively, as it were.

"But to get back to the point in question. You mean that 'love at first sight' isn't worth writing about—that the type of woman who would consent to marry a man on short acquaintance isn't the stuff that heroines are made of?"

"Not exactly that perhaps. But why one could make the story end happily—have them marry, I mean. That would have been the ordinary way. It must have taken some courage to end it the other way, and it accentuates me the story's stronger for it."

"But you see," persisted the editor, "everything in the story goes to show that this man and woman, though they met just once casually, as you and I are meeting, were most remarkably en rapport. Why, then, does the author never have them meet again, after making her reader feel that they ought, by all that is happy and harmonious, to belong to each other?"

Henrietta smiled at the man's earnestness.

"Well," she began defensively, "perhaps the author was trying to show that, although a man and a woman may meet by accident, like that, and even feel and admit each to himself or herself that they really do belong to each other, yet neither one quite dares— Oh, I'm afraid I don't just know how to express it," she broke off, blushing consciously at having spoken so freely to an utter stranger.

"Thank you," said the man, and his manner was both sympathetic and thoughtful. "I begin to understand. But I'm still unconvinced as to its being the popular or natural viewpoint. If I could talk to the author herself, I feel quite sure that I could."

"Goodness!" said Henrietta, starting suddenly. "This is my station. Good night."

The more Henrietta let her thoughts dwell upon this unusual little discussion, the more she found herself yielding to the editor's point of view. There was no real reason, after all, why the man and woman in the story should n't have married and continued to "live happily ever after."

Still that would be a most commonplace ending, afterall, and she accused herself of being influenced, as was the editor, not by the artistic but by the commercial value of the story.

So she tried to think of new arguments to defend the author's denouement. The heroine, she imagined, was very much the same type of girl as herself, and, like herself, therefore preferred to keep these few moments of chance acquaintanceship an idealized memory upon which she could look back forever and on any day with joyful satisfaction.

Any ordinary woman might yield to the temptation of following up the lead, but the heroine of that story was not ordinary. Upon that the author and Henrietta agreed perfectly.

She herself, for instance, in her own comparatively insignificant experience would probably never meet the editor again, and what would it matter? She had the memory of their pleasant interchange of thought, and he of course would never think of her again. But here the defense weakened and hid her blushing face in her hands.

A few days later when Henrietta received a very courteous note from the editor of the New Fiction Magazine asking her to call at his office for the purpose of talking over her story she smiled archly, dressed herself most becomingly and made her way promptly, but more or less tremulously, to his august sanctum. It was a novel situation.

What if he disapproved his original opinion, too? Would she or wouldn't she be pleased?

The editor's surprise proved immediately amusing to Henrietta at least.

[illegible] broke out into a hearty laugh, in which Henrietta joined merrily.

"You still hold to your first opinion, I suppose?" Henrietta asked tentatively.

"More firmly than ever," was the editor's emphatic reply.

"Then the story is rejected?" queried Henrietta wistfully.

"Not (if I can convince the author into my way of thinking," he answered brightly. "I have great confidence in my own powers of persuasion."

Henrietta looked skeptical. Since he chose to be so confident, she would never let him know that she was half persuaded already. She would defend her original ending of the story, just to keep him guessing.

And the arguments upon arguments that followed! Was ever the fate of a story held so long in the balance? And all the time that Henrietta was defending the story as it stood, in her own heart she was recasting it as the man willed and wanted.

A suspicion of the true state of affairs gradually convinced the editor that his best play was to confess himself vanquished.

Henrietta was radiant.

"There!" she cried triumphantly. "I've made you take it just as it is. You didn't win me over, after all."

"Didn't I?" was all the editor said, but looked straight into her eyes.

Henrietta lowered hers, but made no reply.

And then the editor did a very cruel thing.

"I suppose you are going to put your theories into practice, then, and never let me see you again? Of course you'd rather keep our acquaintance a memory and not let it be spoiled by any such commonplace thing as love and marriage."

"Please don't," begged Henrietta, struggling to keep back the tears. "I told you the very first time we met that it took courage to end the story that way. It may be that the woman isn't as strong as the author."

The editor smiled very tenderly.

"I accept them both," he said lovingly, folding her to him, "just as they are."

But Henrietta would not have it so.

"No," she whispered. "I'm going to rewrite the ending. I know now what it ought to be."

everybody earns.

He prided himself on having the largest general store in the county.

"If Man Wishes It and It Is Made I Have It," was the sign over his store and the motto which capped all his advertisements in the newspapers.

"William," said he one morning as he was giving instructions to a green clerk, "no one must ever leave this store without making a purchase. If a person doesn't know what he wants, suggest something. And, remember, we have everything, from carpet tacks to mausoleums."

William's first customer was a leisurely chap who gazed about curiously, but had no definite object in view.

"Just looking around," he explained.

"Wouldn't you like to take a look at our new line of post cards?" suggested the eager clerk.

"No, not this time," answered the stranger. "I'm just a little short this morning."

"Ah," urged the new clerk, who was not familiar with the wonderful slang terms of the language, "then perhaps you'd like to look at our line of new and handsome stretchers." — Sketchy Bits.

The Swaying Skyscraper.

Through the chance perfect adjustment in the way of balance of a row of large photographs that hang on the wall of an office on the twenty-second floor of an office building downtown the clerks in the place have a good deal of quiet amusement with persons who visit the place for the first time. Owing to this balance the pictures are easily swayed by the wind that blows through the open windows, and since the office force goes in for fresh air the year round the pictures are never still. The joke lies in catching the horrified expression on the faces of the callers when they get a sight of the swinging frames. Then it is always explained with due solemnity if the boss is not around that the swaying of the frames is due to the oscillation of the structure. It usually takes some time for the object of the joke to see the point. Meanwhile he has suffered a considerable shock.—New York Press.

Rifle and Smooth Bore.

The main difference between a rifle and a smooth bore gun is that the inner surface of the rifle barrel has one or more spiral grooves cut into it. The object of this is to permit a portion of the material of the bullet or projectile to sink into the grooves. As the projectile is forced out of the barrel these projections into the grooves tend to remain there, thus giving rise to a spinning motion. In fact, it is not only going forward, but is rotating rapidly as it goes. The axis will tend—in accordance with the gyroscopic principle—to maintain without change its direction. But that is really saying that the projectile will tend to remain in its true course. So this is why a rifled gun shoots straighter than a smooth bore.—St. Nicholas.

THE COMIC SPIRIT.

Thoughtful Laughter is the Test of True Comedy.

One excellent test of the civilization of a country I take to be the flourishing of the comic idea and comedy, and the test of true comedy is that it shall awaken thoughtful laughter.

If you believe that our civilization is founded on common sense—and it is the first condition of sanity to believe it—you will when contemplating men discern a spirit overhead, luminous and watchful, never shooting beyond them or lagging in the rear, so closely attached to them that it may be taken for a slavish relex until its features are studied.

Its common aspect is one of unsolicitous observation. Men's future upon earth does not attract it. Their honesty and shapeliness in the present do. And whenever they wax out of proportion, overblown, affected, pretentious, bombastical, hypocritical, pedantic, fantastically delicate; whenever it sees them self deceived or headwinked, given to run riot in blustering, deliquescence, or grow [illegible] and [illegible] out into a hearty laugh, in which Henrietta joined merrily.

"You still hold to your first opinion, I suppose?" Henrietta asked tentatively.

"More firmly than ever," was the editor's emphatic reply.

"Then the story is rejected?" queried Henrietta wistfully.

"Not (if I can convince the author into my way of thinking," he answered brightly. "I have great confidence in my own powers of persuasion."

Henrietta looked skeptical. Since he chose to be so confident, she would never let him know that she was half persuaded already. She would defend her original ending of the story, just to keep him guessing.

And the arguments upon arguments that followed! Was ever the fate of a story held so long in the balance? And all the time that Henrietta was defending the story as it stood, in her own heart she was recasting it as the man willed and wanted.

A suspicion of the true state of affairs gradually convinced the editor that his best play was to confess himself vanquished.

Henrietta was radiant.

"There!" she cried triumphantly. "I've made you take it just as it is. You didn't win me over, after all."

"Didn't I?" was all the editor said, but looked straight into her eyes.

Henrietta lowered hers, but made no reply.

"Ah," urged the new clerk, who was not familiar with the wonderful slang terms of the language, "then perhaps you'd like to look at our line of new and handsome stretchers." — Sketchy Bits.

The Swaying Skyscraper.

Through the chance perfect adjustment in the way of balance of a row of large photographs that hang on the wall of an office on the twenty-second floor of an office building downtown the clerks in the place have a good deal of quiet amusement with persons who visit the place for the first time. Owing to this balance the pictures are easily swayed by the wind that blows through the open windows, and since the office force goes in for fresh air the year round the pictures are never still. The joke lies in catching the horrified expression on the faces of the callers when they get a sight of the swinging frames. Then it is always explained with due solemnity if the boss is not around that the swaying of the frames is due to the oscillation of the structure. It usually takes some time for the object of the joke to see the point. Meanwhile he has suffered a considerable shock.—New York Press.

Rifle and Smooth Bore.

The main difference between a rifle and a smooth bore gun is that the inner surface of the rifle barrel has one or more spiral grooves cut into it. The object of this is to permit a portion of the material of the bullet or projectile to sink into the grooves. As the projectile is forced out of the barrel these projections into the grooves tend to remain there, thus giving rise to a spinning motion. In fact, it is not only going forward, but is rotating rapidly as it goes. The axis will tend—in accordance with the gyroscopic principle—to maintain without change its direction. But that is really saying that the projectile will tend to remain in its true course. So this is why a rifled gun shoots straighter than a smooth bore.—St. Nicholas.

THE COMIC SPIRIT.

Thoughtful Laughter is the Test of True Comedy.

One excellent test of the civilization of a country I take to be the flourishing of the comic idea and comedy, and the test of true comedy is that it shall awaken thoughtful laughter.

If you believe that our civilization is founded on common sense—and it is the first condition of sanity to believe it—you will when contemplating men discern a spirit overhead, luminous and watchful, never shooting beyond them or lagging in the rear, so closely attached to them that it may be taken for a slavish relex until its features are studied.

Its common aspect is one of unsolicitous observation. Men's future upon earth does not attract it. Their honesty and shapeliness in the present do. And whenever they wax out of proportion, overblown, affected, pretentious, bombastical, hypocritical, pedantic, fantastically delicate; whenever it sees them self deceived or headwinked, given to run riot in blustering, deliquescence, or grow [illegible]

News in Brief

FOR THE VETERANS.

It is announced that the fund for taking Crimean and Indian Mutiny veterans out of the workhouse now amounts to £24,000.

MUSIC HALL TRAGEDY.

Mrs. Mary Stride, who fell from the gallery into the stalls at the Empire Music Hall, Croydon, died in Croydon Hospital.

PROFITS ON BUTTONHOLES.

Giving evidence at a Westminster inquest respecting the death of her child, a flower-girl said she made 3s. or 4s. a day profit by selling buttonholes.

PRINCE OF MONACO'S ILLNESS.

The correspondent of the Paris "Eclair" at Monte Carlo telegraphs that the condition of the Prince of Monaco has become worse. The prince started on a cruise, but was obliged to return.

SCIENCE AND SPOTTED FEVER.

It is officially announced in Belfast that the treatment of spotted fever patients by the recently discovered serum is giving satisfactory results, the death rate having fallen by nearly half.

COST OF AUSTRIAN RAILWAYS.

The balance sheet of the Austrian Southern Railway, which has just been issued, shows a profit on the year's workings of £54,066, as compared with £230,753 last year. This large decrease is due to the extraordinary rise in the working costs.

St. John, N. B., April 27.—Owners of lumber mills here state that the industry will have a dull year. The British market is stocked with Baltic and White Sea goods, and the American lumber market is very flat. One manufacturer states that he will not operate his mill at all unless conditions improve.

Winnipeg, Man., April 23—Two parties of French-speaking settlers passed through Winnipeg recently. The first was in charge of Rev. J. D. Therrien, O.M.I., who is an old missionary, having spent twenty-three years in Western Canada. It comprised a dozen families from Quebec, who are going to settle at Saint Paul des Metis, a establishment founded north of Edmonton by Rev. F. Lacombe for the French-Canadians and half-breeds. Father Therrien says the place is advantageous for settlers of limited means.

The second party, consisting of about thirty persons, French and Belgians, were going to join others of their countrymen at Swift Current, near, which they intend to found the new parish of Notre Dame d'Auvergne. Rev. F. Buyer, who has been three years in Canada, directs this movement.

Halifax, N. S., April 27.—Representations are being made to the Chinese Government to have pressure brought to bear on the Imperial authorities to pause the return from the Canadian Government of $14,500 in fines alleged to have been wrongfully collected from 18 Chinamen, who landed at Cape Breton last year, and did not pay the head tax. The Chinamen were arrested and fined $100 each, plus the head tax. On appeal to the Supreme Court of Nova Scotia, this judgment was reversed and in order made for the return of the fines.

Spokane, Wash., April 24.—Patrick Welch, of Spokane, a member of Foley, Welch and Stewart, railway constructors, who have a contract to build 160 miles of main and branch lines for the Grand Trunk Pacific Company in British Columbia, from Prince Rupert eastward, and 125 miles of main line west to Edmonton, Alberta, announces that from 7,000 to 8,000 white men can find immediate employment. The contracts in British Columbia involve $10,000,000 and it is expected to turn the line over to the company in 18 months, Mr. Welch said:—

"When the work is under way we shall distribute $600,000 a month in wages and supplies. All we now want are the men—thousands of them. A start has been made at construction along the 125-mile section of main line west of Edmonton. This will provide work for 2,000 men throughout the spring, summer and early fall."

New York, April 27.—"Ninety-five per cent. of the capital stock of American railways is water," declared Thomas F. Ryan, in testifying before the special grand jury investigating the Metropolitan in New York.

"You mention that so that the grand jury can make comparison with the financing of the Metropolitan Street Railway Company?" was the substance of Mr. Jerome's question.

"Yes," answered Mr. Ryan. "For every $100 of capital stock of the Metropolitan Street Railway issued, an average of $3.13 has been received in cash. Ninety-five per cent. of outstanding railroad stock never cost $1. It is water."

New York, April 27.—Commissioner Bingham, head of the New York police department, says he wishes 40 of the police captains would diddle—for the good of the service. He declares they are no good, but he has not the power to remove them. They were never fit to be appointed in the first place, have no command over men and stand in the way of good service. Some of them are old enough to retire on pensions but prefer to hold their jobs at full pay.

—The Girls' Guild of George street church, will give a concert on Tuesday night. A splendid program will be rendered.

Weak Women

To weak and ailing women, there is at least one way to help. But while that way, two treatments must be combined. One is local, one is constitutional, but both are important, both essential.

Dr. Shoop's Night Cure is the Local.
Dr. Shoop's Restorative, the Constitutional.

The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments.

The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, once nerve centers are strengthened, gives renewed vigor and ambition, builds up wasted tissues, brings about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

Dr. Shoop's Night Cure

GREAT LABOUR SAVING DEVICE

The Penman & Sprang

DUPLICATOR

Will produce 100 copies in ten minutes, and is without doubt one of the greatest inventions of its kind ever conceived.

THE DUPLIGRAPH

The most reliable, cleanest, simplest, quickest and most up-to-date duplicating machine on the market

It will reproduce one hundred facsimile copies of a pen written original in fifteen minutes; fifty to seventy-five copies of an original written on a type writer or twenty-five copies of an original written with a copying pen.

The original is written on ordinary paper, with an ordinary pen, type-writer or copying pencil, and the copies can be taken on ordinary paper cardboard, wood or china.

Galbraith Coal Co., Ltd.

Non-personal Liability

Capital, $250,000.00 1,000,000 Shares 25c. each.

Good coal stock is a safe and sure investment. Galbraith shares are especially attractive.

Modest Capitalization **Large Coal Reserves**

This Company organized under the laws of the Northwest Territories of Canada, owns and operates the Galbraith mine located at Lundbreck, Alta. They have four vertical seams of coal traversing their property, aggregating over 40 feet in thickness. Three of these seams are developed to a depth of 350 feet, and as they pass through the Company's lands for nearly a mile, some idea of the amount of coal may be had.

Shipping Steadily

The present output of the mine is about 200 tons per day. These shipments will be rapidly increased, as the C.P.R. allows its cars to be loaded with coal for points in the U. S.

We are selling a limited number of these shares at the extremely low price of

30 CENTS PER SHARE

in blocks of 100 or over. Tight money in the States makes it possible for us to give this unprecedented offer in stock that will be paying dividends inside of six months, and you are sure to realize a handsome profit.

Parties ordering can send money by P. O Orders, Express Orders or Bank Drafts, and we will have the stock issued direct to you. Full information furnished on request. Correspondence solicited. Reference, Bank of Montreal

How to Tell

If the Kidneys and Liver are Not Acting Well.

Thousands die every year from aggravated kidney distress that could have been saved if they only knew.

Your back may ache, you think it's tiredness or physical weakness.

You grow irritable and nervous—it's put down to loss of sleep.

Joints ache, muscles get sore,—that's all put down to bad weather.

Then digestion gets poor, appetite fades away, color bleaches, spirit droops.

Can't you see it's all from your over-worked kidneys, which can't keep the body clear of poisons that are now surging through the whole system.

Cure your kidneys with Dr. Hamilton's pills.

"When I was so stooped and sick weary, so lame and sore with kidney and bladder trouble, I cured myself quickly with Dr. Hamilton's Pills" writes C. C. Ferrier, a well known merchant in Plainsville. "Dr. Hamilton's Pills touched the spot at once, gave my back ease, lifted depression and weariness, made a new man of me. I can also say for a good spring medicine to clear and enrich the blood Dr. Hamilton's Pills have no equal."

The housewife whose aching back makes every little duty a burden, the working man who is tired all day and can't rest at night, whose back aches, and whose feet ache—these people have kidney trouble. Women whose kidneys are sick, suffer continually from blind and sick headaches, faint and dizzy spells, tearing down pains, sharps twinges when stooping, distressing urinary troubles, aching muscles and joints, lack of appetite and loss of sleep. Reach the cause, Cure the kidneys. Use Dr. Hamilton's Mandrake and Butternut Pills, which have cured thousands. 25c at all dealers.

Autoists Leave for Stony Lake

Mr. R. A. Shaw and wife, of Toronto, arrived from Toronto on their auto car yesterday afternoon and had luncheon at the Oriental. They are on their way to Mr. A. L. Davis' cottage at Stony Lake. They left later for McCracken's Landing where they were towed to Mr. Davis' island.

Local Astronomers Meet Thursday

A meeting of the local branch of the Royal Astronomical Society will be held in the green parlor of the Y.W.C.A. on Thursday evening at 8 o'clock. It will be another question night and all questions relating to astronomy will be answered by competent answerers. Questions can be sent to the officers of the society. A large attendance of the members is looked for.

Local Battery will be Represented

Major Young, commanding officer of the 24th Field Battery, has received word that he could take 60 per cent. of the corps to Quebec for the tercentenary celebration there next July. It had been first decided that only fifty per cent. of the strength could be taken, but this order has been revoked and another one made.

Marathon Trial in London

London, April 25.—The trial contest for the Marathon race in the Olympic games was won by Duncan of the Ralford Harriers in 2 hours 10 minutes and 6 seconds to-day. Beale of the Polytechnic Harriers was second, time 2 hours 17 minutes, and Lord of the Witney Park Harriers, was third, time 2 hours 18 minutes and 4 seconds. Duncan holds the ten-mile and the four-mile championships. He was quite exhausted at the finish and had to be carried off the track. To-day's course is the same as will be used for the final Marathon race, July 24, with the addition of about three miles between Wembley Park and the Stadium. The distance is 25 miles and 1480yards.

—Miss Koster Jarvis and Miss Jarvis, of Dimetrie Bros., corner of Charlotte and George streets, are spending a week or two in Montreal.

The many friends of Mr. H. H. K. McBurn of this city, will extend their hearty congratulations to that gentleman on the appearance of his name on the list of graduates in medicine of Queen's University, which has just been published. Mr. McBurn is a graduate of the Peterborough Collegiate Institute, and graduates from Queen's with the degree of M.D. and C.M.

No Change in C. P. R. Terminal

A Havelock dispatch received yesterday, says that the excitement in that village and other places over the alleged change to be made by the C.P.R. in altering the terminal point of the local express train, from Tweed to Havelock as all based on wind. It seems the company has given out no official intimation of any such change.

A Correction

In our issue of yesterday under the heading of "Sports," appeared a paragraph to the effect that Kennedy, the New York wrestler, would complete his training at the Y.M.C.A. This is totally incorrect. Our reporter who got this news may have taken the matter in good faith but was misinformed. Mr. Shook of the Y.M.C.A., called at The Times office yesterday and denied the matter emphatically.

Horses Ran Away

Yesterday afternoon as Mr. R. McElwain was harrowing at Ex-Ald. Lecky's farm in Douro, the team took fright and ran away, jumping the fence a over eight or ten fields. The team ran into a telephone pole at Smith street bridge, but continued on their run. One horse was captured at the court house by a local lawyer, and the other on George street, south.

Bicycles

Mr. A. Sawers has moved into the shop next to Carey's shoe store, George street, and will be pleased to see his old friends and customers. Now is the time to get your bicycles cleaned and fixed up for summer. All work guaranteed.

Miss Gladys Seward's Piano Debut

Miss Gladys Seward, daughter of a former organist of St. John's church and an accomplished musician has been complimented on her piano recital Saturday night in the Conservatory of Music. The young lady, who is only thirteen years of age, presented among other pieces the Waldstein Sonata, in which her delicacy of touch and finished technique were admired. Her rendering of the Chopin nocturne and other numbers were all indicative of a great future for this young Peterborough player. Her teacher is Mrs Collins, by whom the young artiste has been well trained.

Peterboro Oddfellows Honor J. B. King, G.S

The address appended below to Bro. J. B. King for 42 years, Grand Secretary of the I.O.O.F. of Ontario, was carried to Brantford, Ont., yesterday morning by Lt.-Col. Miller on behalf of the Peterborough lodges. At the Brantford meeting a fifty-year honorable veteran's jewel will be presented to Bro. King.

The address is as follows:

To J. B. King, Grand Secretary, Grand Lodge, I.O.O.F.

Dear Sir and Bro.,—Having learned of the intention of your parent lodge to honor you on the occasion of the 50th anniversary of your connection with the order by the presentation of an honorable veteran's jewel, we, the members of Otonabee Lodge, No. 13, and Peterborough Lodge No. 111, I.O.O.F., feel that we cannot let the opportunity pass without conveying to you our heartfelt congratulations on your having been spared to such a long life of usefulness to our beloved order.

When we recall the fact that since your incumbency of the office of grand secretary of this thriving jurisdiction, the "brightest jewel in Imperial Crown," and the brightest pearl in the realm of Oddfellowship today, there being none other where the true and abiding principles of our Order are more thoroughly and effectively concealed, this Grand Lodge has grown from 15 lodges and 650 members, to 340 lodges with a membership in round numbers of 40,000, and a corresponding ratio of increase in financial growth and funds for the relief of distress in the matter of relief, while the principles of our Order which are inculcated tend to our prosperity, it is our proud boast that we provide amply for times of distress and old age as evidenced by the commendable provision made at Oakville.

With this proud feast of growth and progress we ascribe to you dear sir, your full share of credit, for, is it not true that, actuated as you have been by the noble impulses embodied in the principles of Oddfellowship, your heart and intellect have been plainly visible in fashioning the structure and shaping the destinies of Oddfellowship, not only in our own fair province, but it has been extended to other jurisdictions to be, crystallized and legalized by your various colleagues elected as the chief executive heads of the Order.

For all the blessings which we enjoy as a society mainly through your instrumentality, we are deeply grateful to the Grand Master of the universe, and we again express our congratulations that you have been spared to a life of usefulness and finally in your closing years may you realize the fruition of all your earthly desires and the careworn man shall have bowed himself down to God.

Signed on behalf of Otonabee Lodge No. 13.

G. F. CAIRNS, N.G.,
W. S. ROBINSON, Sec.,

Signed on behalf of Peterborough Lodge, No. 111.

The book and strictly confidential medical advice is entirely free. Simply write Dr. Shoop, Racine, Wis., for my book No. 4. Sold by all dealers.

Farmer's Wife Buys Butter with Rat Flavor

A story, really too told for publication and, as a matter of fact not supposed to have been told in the hearing of a reporter, was overheard yesterday by a representative of The Times. As our representative, whilst in plain sight and spoken to by the narrator during his tale, was not known as such we will suppress all names. The story, a true one runs thusly.

Not so long ago a farmer's wife, living in a very nearby township brought a large basket of butter to a George street grocer for sale. The lady, when offering this farm produce remarked to the prospective buyer, "Now Mr. ———, I don't want to sell you butter under false pretenses, there is something about this butter I don't like." "What is wrong?" asked the grocer, tasting the butter, and adding, "It seems to taste all right to me." The old lady replied, "Well, the whole truth is that three rats fell into the cream and were in it twenty-four hours or and were in it twenty-four hours or and were in it twenty-four hours or

VOL. XXXVI, NO 101 — PETERBOROUGH, ONTARIO, WEDNESDAY, APRIL 29, 1908 — PRICE TWO CENTS

Hon. Dr. Willoughby Passed Away at Colborne

Colborne, April 28.—Hon. Mr. Willoughby, who had been gradually sinking since Sunday, passed away at 5 o'clock this morning from a form of Bright's Disease. He appeared to be somewhat brighter yesterday, but at one o'clock this morning he passed into an unconscious condition and ended by death.

Mr. Willoughby had been ailing for a couple of years. He went to England in search of health and came back little improved. Then he tried Clifton springs but returned home on the 1st of February, since which time he has seldom been outdoors. On Thursday last, however, the day being mild, he was taken through town for a drive. He was looking bright, but was very weak.

LOVED ONES WERE PRESENT

The members of the family who were at home during the last hours of the deceased were Mrs Gilbraith of Bowmanville; Mrs. A. E. W. Peterson, of Toronto, and Miss Willoughby, at home; all daughters; and Mr. A. G. Willoughby, a nephew, who lived with the family. Another nephew, Mr. Harold A. Willoughby, daughter of the First National Bank of Minneapolis, is believed to be on the way here, and until word is received from him the funeral arrangements will not be definitely made.

The home of Mr. Willoughby was one of the finest in town. He had a well-known penchant for horses.

Rochette Sentenced to Hang for Poisoning Wife

Quebec, Que., April 28.—The verdict of the jury in the case of Omer Rochette was rendered at 10.30 o'clock this morning. Rochette was found guilty of having poisoned his wife on the 17th of November last and was immediately condemned to be hanged Saturday, June 27, at eight o'clock a.m. at the common jail of the district.

Mr. Greenshields, who had objected to certain parts of the charge made to the jury yesterday, Judge Cross, made a motion for a suspension of the sentence, but did not succeed.

Asked if he had anything to say against the verdict before the sentence, Omer Rochette, who did not seem to be the least moved, replied that he had nothing to say.

The court was crowded and the verdict was a surprise because the general opinion was that the jury would disagree, though the judge's charge was against the prisoner. The case may go in appeal.

Rochette is the man who married a young girl 12 days after the funeral of his first wife. He then fled to Chicago.

Citizens Ride Free on Cleveland Street Cars

Cleveland, April 28. — Without price, citizens of Cleveland today are riding upon the street cars. Following the settlement of the so-called war of seven years in which the municipality has been engaged. President Dupont, who took charge of the newly organized Cleveland Railway Company at midnight, announced that free transportation would be granted the people as an evidence of the cessation of the troubles. Incidentally, President Dupont is reported to have stated that upon the same date each year an effort would be made to "consecrate" the day in a similar manner.

Three cents car fare on all lines operating within the city of Cleveland became a possibility last night at the regular meeting of the City Council, when a "security grant" was passed under suspension of the rules to the Cleveland Railway Company, a new corporation which took over the consolidated properties of the old companies.

Various predictions are made as to the time when it shall be possible to inaugurate the proposed three-cent fare, ten days being the lowest time spoken of.

POLICE

At yesterday's session of the police court a local rider of the untamed bicycle who ran his iron steed on the pavements was assessed the usual $2 for this breach of the city bylaw.

The case of the two men, James Long and Geo. Vallos, who were charged on Monday with vagrancy and who were warned by the magistrate to leave town at once was formally settled, the men, who had evidently acted on the magistrate's orders were, in their absence, discharged.

The assault charge against a citizen of the East Ward, was again enlarged as some witnesses for the prosecution were not present.

Market Half Addition Finished Yesterday

Today and every market day hereafter, the women who bring farm produce to the market hall will have reason to thank the city officials for a standing monument to the latter, which will be greatly appreciated by country women. Mr. Irwin has now completely the nicely fitted up lavatory opening off the market hall. On the door, to the east of the hall, will be a sign reading "For ladies only." As the women enter they will find themselves in a spacious lavatory, furnished in natural hardwood. A stationary corner porcelain basin, with hot and cold water is the first appliance seen. Beside this is hung a rack for roller towels, the latter to be supplied by the city. There are also three retiring roomlets fitted with the latest and most modern plumbing.

Epworth League Officers Elected

The George street church Epworth League, at their annual meeting elected the following officers for the ensuing year, viz:

Hon. President—Rev. E. A. Pearson.
President—Mr. W. E. McCann
1st Vice-Pres.—Miss Shearer
2nd Vice-Pres.—Mr. E. V. Warne.
3rd Vice-Pres.—Miss E. Armstrong.
4th Vice-Pres.—Willie Armstrong.
5th Vice-Pres.—Mrs E. B. Lewis.
Rec.-Sec.—Mr. Allison
Cor.-Sec.—Miss Davis
Treasurer—Miss E. Chasty.
Pianiste—Miss E. Chasty.
Asst. Pianiste—Miss Smith.

Geo. Wellman Wants to Come Back Home but Fears the Jail

Hastings County Man Wants Conviction Quashed--Ginger Ale and Stuff from Another Bottle--Some Fnnny Evidence

Toronto, April 28—Mr. J. B. McLennan this morning moved before Mr. Justice Teetzel for a writ of certiorari to review the conviction of George Wellman of Rawdon Township, Hastings County, for unlawfully selling liquor on January 18 against the terms of a bylaw which curiously enough is signed by "H.O. Lott, Reeve," whose name is connected with ballot box fame.

Wellman was sentenced to four months in jail but left before the minions of the law got the bilboes on him. He is now desirous of returning to his happy home but before doing so wants to have the wrong which he claims the magistrates have perpetrated undone.

The date of selling was fixed by the memorandum of a bet signed by one Normanshaw and Wellman under the influence of politics and forty rod. It appears to be dated "11th" January, but the magistrates with the assistance of a microscope decided that it had been altered from "18th."

Some of the evidence is distinctly funny. John Cronkwright testified that he had ginger ale but it was mixed with some colored stuff out of a straight bottle.

"I remember the occasion," says he, "because I got too much booze, and my boy 12 years old who was with me has been jibbing me ever since about it."

He further says, "I also fix the date by my mother's criticisms," and when asked as to how he felt, said, "It had the effect of making my head swim."

Mr. Mackenzie got his writ.

Clan McAlpine Met and Elected Officers Last Night

At a largely attended meeting of Camp Clan McAlpine, Sons of Scotland in the L.O.L. Hall last night the following officers were elected for the current year:

Chief—J. MacPherson.
Chieftain—T. H. McKay.
Chaplain—Mathyson.
Rec.-Sec.—W. G. Cameron.
Treasurer—G. N. Gordon.
Fin.-Sec.—A. M. Chalmers.
Marshall—John Barr.
Standard Bearer—James Barr.
Senior Guard—McCurrach.
Junior Guard—J. Reid
Physician—Bro. Dr. McKinnon.
Trustees—C. N. Brown, G. N. Gordon and Chief J. J. MacPherson.
Piper—MacKay.
Auditors—Kirk and John Barr.

The next meeting of the camp will be held next Tuesday night for the purpose of installing the above officers.

Adjourned Vestry Meeting of St. John's Church

Held Last Night--Wardens Appointed --Reports of Societies

ST. JOHN'S VESTRY.

The adjourned meeting of St. John's Vestry was held last night. The rector, Rev. Canon Davidson, opened the meeting with prayer.

Miss Palmer presented the report of the Women's Auxiliary, showing a very satisfactory year's work.

Mrs. P. Campbell presented the treasurer's report of the above society, which showed a balance on hand of $11.77.

Miss Maude Perry submitted the report of the King's Daughters. This report demonstrated quite clearly the splendid charitable work accomplished by this society in relieving those less fortunate than themselves.

Miss Hugel's financial report of the King's Daughters showed the funds to have been spent to praiseworthy advantage.

Miss Horsefield's report of the Girls' Guild showed a highly satisfactory year's work.

The report of the Girls' Auxiliary as read by Miss Wilson was also of a gratifying nature.

Mr. Frank Linton read the report of the Junior Chapter of the Brotherhood of St. Andrew, which told of the healthy condition of this commendable brotherhood of little folk.

The rector named Mr. Joseph Mills as his warden for the coming year.

Mr. Chas. H. J. Mitchell was re-elected people's warden.

Mr. Morris moved, seconded by Mr. Harry Long, the adoption of the Financial Report as audited.—Carried.

Messrs. Hughes-Charles, Coulthard and Lanenastr were added to the personnel of last year's Advisory Board.

Dr. Boucher reported that Rev. Mr. Battle of Nashville, Tennessee will officiate in the church during June and July, and Rev. Mr. Forster of Stouffville, Ohio, during August and September, which months the rector will be absent in England.

Applied Matches to a Small Boy's Finger Tips

Toronto, April 28.—Because Fulton Wood, a boy about 12 years of age, refused on Saturday to steal from his mother enough money to buy cigarettes for the gang, several other kids tied him up with ropes and threatened further treatment if he still refused. Wood held firm, and then the boys had recourse to the fiendish trick of applying lighted matches to the ends of his fingers. This all happened in a barn near the corner of Queen and Sumach streets. The victim's screams had the effect of frightening his tormentors, and he was released. The police of No. 4 division are now rounding up the boys. Wood has not been able to leave his bed since the day of his experience.

Investigation of the case by the police reveals the fact that the boys in their cruelty demonstrated a particular brand of punishment described in "Wild West" novels as having been applied by Indians to their captive enemies.

Plumbing Charges Under Investigation

Mr. W. H. Meadows, the man, as noted in a late issue of The Times recently, appointed by the Board of Education to investigate the plumbing charges of Mr. E. R. Stocker against Mr. Durance, began his duties yesterday. Mr. Meadows comes from the Health Department of the City of Toronto, and is therefore under Dr. Sheard. The Board believe him to be one of the best men procurable for such work.

In addition to investigating the plumbing work at the Collegiate Institute and Queen Alexandra school, Mr. Meadows will also look into the work at the King Edward school while here. The report of Mr. Meadows will be laid before some future meeting of the Board of Education. Whilst it seems to be thought in some quarters that the charges laid by Mr. Stocker were the result of personal grievances, possibly though with some foundation, the local Board of Education has made demonstrated that they have the interests of the public at heart and will not stand for even the suspicion of the shadow of a doubt in returns given for public money expended by that branch of the city executive.

Ball Tossers will Appear in Court

On Thursday morning quite a number of local sports will make their respective bows to Magistrate Dunbie, in the police court. This is due to vigilance of the police, and, incidentally, to complaints made by nearby residents of baseball being played in North Monaghan township on Sunday. It seems that a large number of devotees of America's national game last Sunday at the end after morning services were over, to spend the afternoon in playing a little game of ball in North Monaghan, just to the south of the city limits. As noted above some of the stricter observers of the sanctity of the Sabbath naturally objected to hearing the home incumbent on a proper manipulation of the game and did not like their meditations interrupted by cries of "Slide Kelly slide!" as Kelly, instead of keeping home like a decent citizen on Sunday thus desecrated the day. About 20 (sic) "blisters" have been served and a large number of Sabbath breakers will appear before his worship, even though the alleged offense was committed outside the city limits. Still, it might be noted that Magistrate Dunbie has equal powers both in this county and city.

Steamer Empress Sold

Mr. P. P. Young Has Purchased This Boat

For some time negotiations have been in progress regarding the purchase of the steamers Empress and Manita from the Trent Valley Navigation Co. by the Otonabee Navigation Co. The deal was regarded as consummated until a few days ago, when a hitch arose in the completion of this transaction, when the Otonabee Navigation Co. having in view the early completion of the Trent Valley Canal system, propose to construct a different type of steamers for these waters, the first of which will be built in time for next season's operations.

In the meantime Mr. Young will be able to give a good service to Stony Lake Cottagers, which will be supplemented by the steamer Water Lily making daily trips from Peterborough to Stony Lake.

Militia Orders

Headquarters, Peterborough, April 28, 1908. Orders by commanding officer of the 57th Regiment, Peterborough Rangers;

1. Detail of duty for the week ending May 5th, Captain for the week, Captain McWilliams, next for duty, Capt. McLean. Subaltern for the weeks, Lieut. Comstock. Next for duty Lieut Clarke.

2. The commanding officer desires to express his sincere gratitude to the officers, non-commissioned officers and men of the Peterborough garrison for the enthusiastic manner in which they assisted in making a great success of laying the corner stone of the new armories on the 22nd inst.

3. Leave of absence from parade is hereby granted Lieuts. J. D. Clarke and G. P. Cameron.

4. The commanding officer has been pleased to make the following appointments and promotions;—

A Co., To be sergeant, Corp. Watson.

E Co., To sergeant, Sergt. Morrison, from A Co.

5. Officers commanding corps are reminded that hereafter company roll books must be handed in to the orderly room at 8.15 p.m. sharp at each drill.

The strength of the regiment is as follows;

A Co.—20	B Co.—17
C Co.—20	D. Co.—17.
E Co.—13.	F Co.—20.
G Co.—28	H Co.—19
Field officers	Staff officers. 2

Staff Sergeants, 4.
Signal corps, 8.
Stretcher bearers, 9.

T. W. BENNETT, Major,
Acting Adjutant.

Winnipeg Shops Closed by the Canadian Pacific

Montreal, April 29.—According to private wires received in this city from the west to-day from two different, but none the less believed to be authentic sources, the Canadian Pacific Railway has plunged into the jungle of labor disputes which has been facing the company for the past ten days and closed down their shops at Winnipeg. This is the first move made by the company to force the hands of the mechanics, artisans, boilermakers, blacksmiths, and others in their employ on whom notice was served some time ago that a new and lower wage scale would go into effect on the first of May. So far Winnipeg alone is affected. Otherwise the condition of affairs on the line from east to west is the same.

This sudden manoeuvre on the part of the company has caused a sharp gasp of surprise to be drawn among mechanics in the employ of the Canadian Pacific Railway from the Atlantic to the Pacific. By it the company not only outwits and forestalls the men for the present, but it gives them, they believe, the whip hand for the future. Mechanics here, who are greatly interested in the trend affairs are taking in the west, and who say they are prepared to stand or fall with the men on the western lines no matter what happens, claim that the closing of the Winnipeg shops is nothing less than a lockout and therefore in exact contravention to the law as set down in the Lemieux Act.

It is not probable that the government will be appealed to to settle the difficulty. The company has lessened the force of a strike by the men to a considerable extent by closing one of their shops in the faces of the mechanics, and the leaders of the unions are beginning to feel that neither their moral nor their material stand is based upon firm enough ground to order a general laying down of tools. This being the case, the affair will undoubtedly be put before a commission appointed by the Government to settle as in accordance with the Lemieux Act.

The men here are at work, as usual, and in fact are all over the line, with the exception of Winnipeg, where the company has apparently staggered any thoughts of a strike by their quick and decisive move in the face of the men.

New Type of Boats to be Built to Run on the Otonabee River

The Otonabee Navigation Co. to Build Stern Wheeled Steamers

For the T. V. C. Waters

For some months the Otonabee Navigation Co. have been investigating the best type of boats for use on the waters of the Trent Canal. The early completion of the canal will make it necessary that a more suitable class of vessels, adapted to the trade that will then be developed. With this end in view they have secured specifications from shipbuilders in the United States and have practically decided to adopt what is now generally known as the "Mississippi" style of steamers. These boats are propelled by a large single paddle wheel in the stern and which are admirably suited to navigation on rivers and shallow water. The first of these boats will be placed under construction during the present season, so as to be ready for use at the beginning of next summer's work. These boats will only draw about four to four and a half feet of water but will carry immense cargoes of both freight and passengers. The new steamer which will eventually be followed by others, will have a carrying capacity of from five to six hundred passengers, and will, with full complement of freight, only draw four and a half feet of water. She will have a speed of from fifteen to eighteen miles an hour. This boat will have more deck room and a wider beam than the present antiquated type of steamers and will be far preferable for our inland waters.

This stern-wheel type of vessel has many advantages over the boats now used here. It is more speedy and its hull is built in water-tight compartments so that should the boat accidentally run on a rock or hidden sub-marine obstacle and receive a puncture, there is no danger of its sinking. Such boats can make a landing at any desired point even though the water at the shore, is shallow; this leaves delay where an adverse wind causes great trouble to the style of boats now in use here. The stern-wheeler can turn completely round in almost her own length, and saw-logs and weeds, those pests to the present boats will offer no obstacle whatever.

The Otonabee Navigation Co. have now completed their arrangements for the present season. The steamer Monarch, under command of Capt. Harris, will leave Peterborough daily during the season at 8 a.m. for Rice Lake call line at intermediate lake points, including Gore Landing, Harwood and Idyl Wyld where she will remain for dinner. She will return at 8.30 p.m.

The steamer Water Lily will leave Wolfe street wharf at 7.45 a.m. daily during the excursion season for Stony Lake, when she will stop at the following places: McCracken's Landing, Juniper Island, Burleigh Falls, Julian's Landing (for dinner), and Boschank Narrows, again calling at Juniper Island on her way back to the city, arriving in Peterborough at 8 p.m. Books of tickets will be offered for sale by this route at greatly reduced rates.

The steamer Otonabee is now being completed overhauled and put on first-class shape. Last year this steamer was put in commission before she was actually ready for work. This year a first-class dining room service will be established and operated throughout the season under personal supervision of a capable cook and assistants. Thursdays and Saturday afternoons will be given to special excursion trips to Idyl Wyld. On other days the Otonabee will be open for charter for excursions. The season thus far promises to be a very busy one, a large number of excursions having been already booked, including several from Toronto to Idyl Wyld.

The company has appointed Ald. Harry Phelan its general manager. Mr. Phelan is evidently the right man for this position, as he has already secured a large amount of new business.

ALD. HARRY PHELAN.
General Manager of the Otonabee Navigation Co.

Local Students Pass at Queen's University

We are pleased to note that, in the report issued by Queen's University of the successful students there appear the names of several local aspirants for academic honors. The names include those of Messrs. E. H. Wood and Percy Skinner of Keene, and Messrs H. Dunne, Mattis Robertson, Edith Hunter and Jean Campbell of Peterborough, who passed first year examinations in Arts. Mr. Garnet Green and Miss Hazel Sanderson have passed the second year examinations in Arts. Messrs. Percy Skinner and C. C. Fitzgerald also completed successfully their first year in science.

Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliance vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate womanly organs, so surely when these organs are established in health the face and form at once witness to the fact in rounded comeliness. Nearly a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. Made wholly of those native, American, medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments.

For nursing mothers, or for those breakdown in health by too frequent bearing of children, also for the expectant mothers, to prepare the system for the coming of baby and making its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is a most potent invigorating tonic and strengthening nervine nicely adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments.

Dr. Pierce may be consulted by letter free of charge. Address Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

Will the Price of Coal Take a Drop Here in the Near Future?

Will the price of coal take a drop? A favorable answer to this question would set at rest the minds of the many people in Peterborough, who burn coal all the year around.

The price of hard coal has been reduced at the mines, and today coal dealers in Toronto will deliver a ton for $6.50. In many other cities the price has taken a slump while in Peterborough the price remains at $7.50.

In the Realm of Sport

WRESTLING.

Judging by the way in which tickets are selling for the Kennedy-Hurtubise wrestling bout tonight, there will be a record crowd at the Grand Opera House for the event, which is causing great excitement among the sporting fraternity. Both men are in the pink of condition, and also both are confident, the somewhat unusual conditions seeming to please them both. No hold, not even the strangle hold, is barred, and as both are exceptionally strong and fast, the crowd will see a battle of giants. The local man seems to be fancied by the majority to win, but those who have seen Kennedy have been impressed by the size and fit appearance of the German and they hinge on the hardest men ever seen in the city.

The preliminaries will bring together a number of good men, and are arousing a lot of interest. Jack Creugh and J. Lewis are both in shape for their bout, at 145 pounds, and Bobby Long and Ted Crowe are well matched and should put up a hard contest. Corney Burns and Nobby Grover will box three rounds.

BASEBALL.

Toronto administered a second coat of whitewash on the Providence team, defeating them yesterday by 6 to 0.

REVIEW MAN DOWN AND OUT.

The sporting, musical and dramatic editor of the Review, secretary of the walking tournament, and protege of Tom Slater was laid up yesterday as a result of his strenuous efforts in the press walk on Monday night. The track has been measured and it has been found that the Review man covered exactly 312 yards during the fifteen minutes he was on the go. This is slow, but not as slow as his attempts in the newsgetting line. It is expected that he will be sufficiently recovered to enter a five-mile go—as you please matched race against Billy Naugon at Hiawatha on June 23rd.

Mr. Donald MacRae of the Review staff, and formerly of Maxwell Bros., arrived at the rink on Monday night, in Highland costume, prepared to execute a sword dance. But the crowded mass of humanity, strung to a high pitch of excitement by Josh Craig's Houglandic efforts in the newspaper walking race, refused to witness anything so tame as a sword dance, and much to Donald's humiliation he was asked to retire.

The Capital Lacrosse team of Ottawa, have been promised another trip to the old country if they succeed in binding the N.L.U. championship. If they fail to land the silverware, but still make a good showing they will be given a trip to the coast.

Confidence

when eating, that your food is of highest wholesomeness—that it has nothing in it that can injure or distress you—makes the repast doubly comfortable and satisfactory. This supreme confidence you have when the food is raised with

ROYAL Baking Powder Absolutely Pure

The only baking powder made with Royal Grape Cream of Tartar.

There can be no comforting confidence when eating alum baking powder food. Chemists say that more or less of the alum powder in unchanged alum or alum salts remains in the food.

Weak women get prompt and lasting help by using Dr. Shoop's Night Cure. These soothing, healing, antiseptic suppositories, with full information how to proceed are interestingly told of in my book "No. 4 For Women". The book and strictly confidential medical advice is entirely free. Simply write Dr. Shoop, Racine, Wis., for my book No. 4, Sold by all dealers.

This is Best Time For Spring Medicine

ates, now the blood is renewed disease germs are destroyed, good summer health is assured.

That peculiar weakness so common in the spring, is demoralizing to body and mind alike.

You feel the need of a stimulating tonic.

To impart quickness and great vitality to the entire system nothing acts like Ferrozone.

In a short time it makes you feel fit and fine, creates a feeling of youth and strength that's surprising.

Ferrozone revives and braces the sickly because it nourishes and builds up the organs that are weak. As a spring tonic appetizer and blood strengthener it is unequalled.

A well known resident of Utopia, Ont., Mr. H. H. Poste, writes "From long experience I am convinced that everyone requires medicine in the spring. As a rule the blood is thin and impure and the whole system is congested with poisons that should be carried off. I use Ferrozone because it clears up the system, gives you an appetite and makes you feel well. One winter I had serious palpitation of the heart, nervous headaches, and an extreme tired feeling. Sleep was not restful and by spring I was in bad shape. I took six boxes of Ferrozone and was made the picture of health."

Ferrozone makes permanent cures. Absolutely safe because it is purely vegetable and contains no alcohol. Concentrated cure in tablet form.—that's Ferrozone, 50c per box or six boxes for $2.50 at all dealers.

Morning Times

This paper is the only Morning Daily published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

Strangers visiting Peterborough are cordially invited to make their headquarters at the office of the Morning and Weekly Times, where they will be furnished with writing material, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $5 per year, strictly in advance.

PETERBOROUGH, April 2, 1908

THE NATIONAL ANTHEM

The proposal to submit for the consideration of the Quebec Battlefields Commission a new song, in the hope that it may be sung at the celebration and be accepted by the people of Canada is a laudable one, but it is always to be kept in mind that the songs of a nation cannot be made to order. There have been some praiseworthy efforts in this direction and that sung before the Canadian club recently is one of them, but the thing that is needed before a song can become national is that the people shall pass a verdict of approval upon it. We do not wish it to be understood that Mr. Lawler has submitted his song as a competitor for the honor of acceptance as a National Anthem. His ideas are much more modest.

We have never been able to understand why Canada should be in a hurry about a national anthem. God save the King is good enough, and it has the merit of being sung to what may be called an ancient song of the race. The words are poor in literary sense, but in sentiment they are absolutely British. If they were not, the people would have rejected them long ago. Let us analyze them for a moment. The first verse is an expression of loyalty to the sovereign; the second is a prayer for protection from our enemies; the third is an epitome of the British constitution, as far as it relates to the kingly office. We express in this verse a desire that the King shall defend our laws and thus give us cause to tender him an expression of our loyal feelings. The inference is that, if he fails in this respect, we hold ourselves free to supplant him by some one who will do his duty, which is sound constitutional law. None of the verses are particularly good poetry, and the air is not specially meritorious musically. It is direct and emphatic but very characteristic of the people, who sing it. We have said that it may be called an ancient song of the race, for an exhaustive history of it has been published which gives color to the suggestion that centuries ago it was sung by our ancestors when they were crowding Europe to overthrow Rome. It was at one time generally attributed to Dr. John Bull, who was born about three hundred and fifty years ago, but this idea is now rejected by all the authorities. As most people know it is sung in the United States, to words that are very trumpery. It is also in a somewhat modified form extant among the folk songs of Hungary. Its very simple construction indicates antiquity.

But while we can see no reason for having a new Canadian national anthem, we see many reasons why we should have many Canadian songs. It is quite true that none of the group of Canadian songs is very popular, and for reasons that are inherent in the competitions. The Maple Leaf, as commonly sung, holds the premier place, but there is another setting of the same words, which is a much better piece of music, although it never became a general favorite. But there cannot be too many efforts at producing such songs, although they all must run the gauntlet of popular criticism. The approval of the best musical and literary critic is about the only test to determine whether or not a song has in it the elements of popularity.

Pain Tablets. Pain always means congestion — unnatural blood pressure. Dr. Shoop's Pink Pain Tablets simply relax congested blood away from pain centres. These Tablets—known by druggists as Dr. Shoop's Headache Tablets — simply equalize the blood circulation and then pain leaves. Acts in 20 minutes. 20 Tablets, 25 cents. Write Dr. Shoop, Racine, Wis., for free package. Sold by all dealers.

HAND

[illegible] by Lieutenant [illegible] decorated [illegible] This appointment [illegible] the Italian [illegible] Tommaseo, Governor [illegible] president of the [illegible] Union of America [illegible] the Italian Academy [illegible] on the Black Hand. [illegible] Spain. In proof of [illegible] quotes from a [illegible] of Police and Prison [illegible] criminologist. Arthur [illegible] Given [illegible] extraordinary [illegible] to crimes [illegible] been [illegible] and Carabinieri [illegible] Italian population [illegible] live the present [illegible] countrymen, and [illegible] ing Robert Louis [illegible] characterization [illegible] Black Hand." But [illegible] no organization [illegible] crime name, either [illegible] in Italy. As [illegible] over, a Chief [illegible] in designating [illegible] D'Amato makes [illegible] explanation [illegible] evasion of a [illegible] Italian [illegible] Minister. Twenty-[illegible] says, there were [illegible] of them, but [illegible] New York—more than in Rome—400 each in Boston and Philadelphia, 700 each in San Francisco and New Orleans, 600 in Chicago [illegible] in Denver and Pittsburg and [illegible] Baltimore and [illegible] ling at the rate [illegible] more astonishing [illegible] gives of their thrift. In New York alone, he says, they have $12,000,000 of property, and from $30,000,000 invested in [illegible] commerce, $60,000,000 in real estate and $2[illegible] deposits in banks.

The Italians in Canada are not growing in numbers and wealth [illegible] proportionately as in the United States, but they are increasing and [illegible] that they have established the Black Hand on the soil of the Dominion may be, if Mr. D'Amato is to be believed, dismissed.

Baltimore, Md., April 24. Surgeons in Johns Hopkins Hospital, during an autopsy on the body of Judge John L. McKeighan, at St. Louis, were astonished to discover that almost every usual setting of the organs therein, the body were scattered about in almost unbelievable ways. His heart was turned in a position the reverse of normal, his kidneys were united by a ligament in the shape of a horseshoe, and the liver was upside down, with the gall bladder on top. Many of the smaller organs were also out of entangling chords and fatty substances. How Judge McKeighan lived with such a strange transposition of the machinery of his body appears marvelous. Surgeons are mystified at it. Whether he was born with his organs in abnormal positions, or they were put in this state through disease, or some trick of nature, is not known.

Judge McKeighan lived to be 64 years of age, and was considered one of the ablest lawyers of St. Louis. His brain did not seem to suffer through the state of his organs.

Catarrh Cannot be Cured

With LOCAL APPLICATIONS as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

News in Brief

SLEEPING 81 DAYS

Los Angeles, Cal., April 28.—No change in the condition of Miss Beulah Hawkins, reported at the County Hospital, where she today rests upon the 81st day of her strange trance, like sleep. Physicians at the hospital say she may not regain consciousness for a year or more.

MALF A MILLION STOLEN.

London, April 28.—The London postal authorities have learned that two tons of mail from Sydney, containing securities and other valuables worth $500,000, were stolen in New York the latter part of last month.

ROCHETTE CASE NEARLY OVER

Quebec, April 28.—The trial of Omer Rochette, accused of poisoning his wife, is now in its fourth week and it is expected that to-day evening the fate of the prisoner will be determined upon by the jury.

Ottawa, April 23.—Members of Parliament who have returned to the third and last stage of the present session, seem to be of the opinion that the earliest they will get away from Ottawa, will be the end of June, with a possibility of the session running to the middle of July or later. The general impression is that the proposed amendment to the franchise act providing for a revision of the electoral lists in Manitoba and British Columbia and the unorganized portions of New Ontario is the piece of legislation most likely to prolong the session. Conservative members declare that the House will sit till August or September, if Mr. Aylesworth's bill is published, while Liberal members are equally determined that it shall become law even if the session is prolonged. The fight over this measure promises to be about the most interesting of the session. Apart from highly contentious matters there is still a great deal of legislation to be disposed of, including the insurance bill, Mr. Graham's bill in respect to the Railway commission, the amendment to the Banking Act foreshadowed by Mr. Fielding in his budget speech, the bill to extend the boundaries of Manitoba, and in all probability important amendments to the Civil Service act, besides not more than twenty-five per cent. of the estimates have as yet been voted. It is hardly possible even if things go more smoothly than present appearances indicate that the work of the House can be wound up within ten weeks.

TENDERS FOR DREDGING

Sealed Tenders addressed to the undersigned and endorsed "Tender for Dredging," will be received until Friday, May 15, 1908, at 4.30 p.m., for dredging required at the following places in the Province of Ontario:—

Burlington, Blind River, Beaverton, Collingwood, Cobourg, Goderich, Hamilton, Kincardine, Little Current, Midland, Meaford, Owen Sound, Nigger and Telegraph Islands, Point Edward, Penetanguishene, Port Burwell, Port Elgin, Picton, Rondeau, Summerstown, Thames River, Toronto, Thornbury, Trenton Harbour and Dark Channel, Waubaushene, Wiarton and Wingfield Basin.

Tenders will not be considered unless made on the form supplied, and signed with the actual signatures of tenderers.

Combined specification and form of tender can be obtained at the Department of Public Works, Ottawa. Tenders must include the towing of the plant to and from the works. Only dredges can be employed which are registered in Canada at the time of filing of tenders. Contractors must be ready to begin work within twenty days after the date they have been notified of the acceptance of their tender.

An accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, for six thousand dollars ($6,000) must be deposited as security for the dredging which the tenderer offers to perform in the Province of Ontario. The cheque will be returned in case of non-acceptance of tender.

The Department does not bind itself to accept the lowest or any tender.

By order,
FRED. GELINAS,
Secretary.

Have secured a block of the

Calumet, Mancos' Oil and Mining Company's Stock

Par value $1.00

What they offer at 25c per Share for a short time

The property is situated at Mancos, Colo., and consists of 160 acres, fully paid for. The Company expects to secure at least 400 acres or more, we are negotiating for it now and the terms are satisfactory and there is coal on the same, and they also intend to secure some Coal Mines of which they have the refusal. Some of the best coal mines in Colorado are in this district, as well as some of the richest gold and silver mines. In fact this is one of the richest parts for mineral in the State of Colorado; and the Company has the refusal to several prospects on reasonable and easy terms.

In our opinion the prospects of the Company are very bright and a rapid advance in the price of the stock is sure to take place in the near future. Full information can be had by calling at our office.

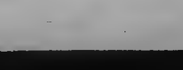
ADVERTISE IN THE TIMES.



SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or Sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at an Agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each on and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of a homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father or mother.

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.

Special Classes for Foreigners

Vancouver, B.C., April 23.— The experiment of segregating the older Orientals in a special class-room for preliminary instruction in the public schools is providing a success in Vancouver. The average daily attendance of the Asiatic room is forty. All the pupils are Chinese males, with the exception of half a dozen who hail from Japan. Their ages vary from sixteen to twenty-two years. Four Hindus enrolled at the time of the organization of the class have ceased to attend because they were unable to make headway owing to their lack of knowledge of the British language.

There are three forms, the primer and the first and second reader being taught. Mr. A. E. Barnes, the teacher, finds that from a psychological standpoint the subject grows more engrossing in interest every day. Chinese and Japanese boys, many of them not even possessing a knowledge of the words they utter, display patience, pertinacity and even heroism in their enthusiastic desire to acquire an English education.

The Orientals, on account of their advanced age and the general undesirability of having them occupy the same classroom as young white children were segregated by order of the school board. Asiatic children of tender years are permitted to go to the same classes as those attended by white children of corresponding age.

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and prove it he has created a little pink tablet. This tablet—called Dr. Shoop's Headache Tablet—eases blood pressure away from pain centers. Its effect is charming, pleasingly delightful. Quickly, though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure.

If it's painful periods with women, same cause.

If you are sleepless, restless, nervous, it's additional congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets—it in 20 minutes, and the tablets simply distribute normal blood pressure.

Bruise your finger, and doesn't it get red, puffy, swell and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain always is. It's simply Common Sense.

We sell at 25 cents, and cheerfully recommend

Dr. Shoop's Headache Tablets

THE CHINESE FARMER.

He is Slovenly, Twisted and Bent and Queerly Clad.

The Chinese farmer gives the impression of a man whose life has been spent in downright hard work. There is not a single ounce of spare flesh upon him. His face and hands are of a dark brown color, tanned into them by exposure to the fiery faced sun of the orient and to the open air influence amid which his daily life is spent. His hands, unless he is still young, are gnarled and twisted out of shape by the constant grasping of his hoe, the one implement that to the Chinese farmer takes the place of the spade, only in a more extensive degree. He never stands erect. He bends a little forward, having a slight list to the left. This is due to his having to do all his own carrying work. The manure to fertilize his fields and the water to irrigate them when the rains are insufficient are both borne on the left shoulder of the sturdy farmer, and when the ripened crops are housed and the surplus is to be disposed of in the city miles away it is the same mode of conveyance that has again to be employed. Railroads and carts and wagons and beasts of burden are luxuries that are still beyond the reach of the farmers of this land.

The whole look of the man is that of a worker, and the very pose that his body has taken is but an attempt to ease the strain that severe labor is constantly putting on it. Unfortunately his dress does not add to his personal appearance. It consists of a loose coat, buttoned by a flap on one side and reaching to a little below the hips. The trousers are loose and baggy and extend to the knees. These and his usual clothing are made of cotton cloth, which is dyed with the universal blue that seems to have such a fascination for the working classes. As the weather grows colder others of the same kind and, where the purse will allow of it, wadded garments are added, but the legs and the feet even in the coldest weather remain uncovered excepting on very special occasions when etiquette demands that both shoes and stockings shall be worn.

The Chinese farmer further adds to his far from prepossessing appearance by his utter neglect of all habits of neatness. His head is shaved only at considerable intervals of time, and so the place that among the residents of the towns is clear shaved is covered with a thick bristly undergrowth of black hair that has a most untidy and slovenly look. His pigtail, instead of being plaited and combed smoothly, is allowed to grow at its own sweet will, and, following the instincts of nature that longs for freedom, it sends out straggling tufts here and there and so gives the wearer an unkempt and disorderly aspect.—John McGowan in North China News.

A Fatalist, but Cautious.

A story is related of a minister of the Seventh Day Adventist church of belief on a Mississippi steamer in the good old fashioned days of river racing, when a negro sat on the safety valve and the furniture and woodwork of the boat fed the fire. The captain, seeing a rival boat half a mile ahead, ordered tar, pine knots, naval stores, bacon, etc., to be thrown in to kindle the fire as hot as possible. As the steam got higher and higher and the old boat trembled and groaned under the pressure the preacher drew nearer and nearer to the stern. Noticing this and never losing an opportunity to crack a joke, the bluff captain tapped the fatalist on the shoulder and said:

"Hello, Brother Blank! What's ailing you? I thought you was one of them fellows what believes what is to happen will happen nohow."

"So I do," replied the clergyman, drawing himself up. "So I do, but I want to be as near the stern as possible when it does happen."

What a Good Play Must Have.

"A play should have continuous action all the way through. When I allude to action I don't necessarily mean physical movement and pistol play," says Daniel Frohman in Harper's Weekly. "A successful play must contain continuous struggle and battle—the struggle of love with duty, to name the most frequent example. The characters may be sitting in their chairs, talking pleasantly together, and still fulfill this purpose. And the action must go forward by leaps and bounds from one climax to another. The ideal play will have the fewest characters, but it will hold the attention so that you won't know whether there are six or sixty, and two persons upon the stage will hold the audience entranced, as in the Greek drama. Like the Greek characters, too, they will appear as puppets upon a dark background of necessity, victims of the circumstances which they have helplessly brought into existence."

The Nobility.

The "nobility" goes back to the very beginning of human society, when "wild in woods the noble savage ran." At first the institution rested on brute force. The physically strongest were supreme. It was an aristocracy of muscle and brawn. By and by intellectual cunning was added to the brute strength, and the strongest and smartest became the "top of the heap." With the advantages accruing to it from the possession of the most strength and cunning the "nobility" intrenched itself so securely that it could not be shaken, and well down into the eighteenth century it was practically supreme. By the time of the French and American revolutions, however, the world was beginning to wake up to the fact that the "nobility" was a hoax and an imposition, and since those two famous events the ancient institution has been in a bad way.

Dear Coffee.

Louis XIV. of France drank the first cup of coffee made in western Europe. Coffee was then worth £5 10s. a pound.

Ancient Wines.

The wines of the ancients would not be thought palatable today, for they were mixed with sea water, resin, salt, pitch and aromatic herbs, exposed in smoky garrets till reduced to a syrup and then strained and mixed with water.

MENACE TO THE COUNTRY.

Undesirable People Pouring Into Canada, Says Sir Mortimer Clark.

Speaking at a recent banquet of the Irish Protestant Benevolent Society in Toronto, Sir W. Mortimer Clark, Lieutenant-Governor of Ontario, touched on the serious aspect of the influx into Canada, and into Ontario especially, of undesirable immigrants, not only from foreign lands, but from England, Ireland and Scotland.

Replying to the toast, "The Governor-General of Canada and the Lieutenant-Governor of Ontario," his honor expressed regret that he could not boast Irish blood in his veins. "Gatherings such as this," said he, "serve to stir up in our hearts that patriotic feeling which is so necessary to the character of good citizens. It does not signify that because your patriotism is roused by memories of Ireland you are any the less true citizens of this newer land—Canada. Indeed you and all of us—English, Scotch or Irish—are but the better citizens of Canada as a part of the British Empire because of our love for the old land.

"But, gentlemen, I have to speak of a serious matter. We must all stand together—Irish, English and Scotch. Our province is in a crucial stage at present. The influx of new population, of people who have had strange ideas about liberty and religion, is endangering our state. These people come here believing that liberty means license, and as such are a menace to our institutions. A class of people come here who call themselves English or Irish or Scotch. True, they are British-born, but they are not British at heart. They are the children of foreign parents who came to the British Islands years before. The babies were born in the islands, but they were partakers of foreign dispositions. They are not bred to the principles we know of, and might at the ballot-box seriously injure us.

"It is, gentlemen, a most serious question with which we must grapple. The United States, our neighbors to the south, have had, no doubt, the same troubles, and have to some extent assimilated this objectionable element in their population. But you must have noticed how crime is on the increase in Canada; crime of an abominable character. Evil deeds are rife in this land which we never knew before. Our nation was a better one before these people came. I am glad, and we should all be glad, that our questions of state and our institutions had been so largely settled before these people came.

"I tell you, this province of Ontario is the greatest province in the British Empire. We have great natural resources; our men and women have great physique and mental capacity, but, above all, we must give character to our people. Let us unite to maintain our institutions intact, to carry on to greater grandeur the Imperial character of our British Empire."

TALES FROM NOVA SCOTIA.

Why Sandy Quit the Farm—Could Not Stand Brakeshaw.

Some time ago a young fellow was brought up before the magistrates of a district in the English border of Nova Scotia, charged with deserting his work on a certain farm, without giving due notice to his employer. On being asked what he had to say in his defence, he replied in the curious "minced Scotch" spoken by that hybrid race:

"Weel, they gied me nout but brakeshaw to eat." Brakeshaw, it may be explained, is the flesh of animals which have died a natural death.

"How was that?" asked the magistrate.

"Weel, it was this way. Ye ken, the auld coo deed an' we ate it, the auld steg (gander) deed an' we ate it, the auld soo (sow) deed an' we ate it, the auld bubblejock deed an' we ate it. Then the auld woman deed—an' I left."

In the same district lived a curious old character, who, in his later days came to Canada and settled in the Western Peninsular. He was employed as cattle man on a farm belonging to a wealthy gentleman farmer, and his duties included the care of a valuable bull. One day the bull got loose and made a raid upon old John, who, armed with a pitchfork, executed a masterly retrograde movement to the "muck midden," where the bull, sadly encumbered with the softness of the ground, found his mobility greatly hampered, and was finally mastered without much difficulty. A few hours afterwards the mother of his employer, a pious old lady, said to him: "John, that was a very narrow escape. You should thank the Lord for saving your life."

"Hoot," snorted John contemptuously, with all the freedom of an ancient and privileged retainer, "if it had na been for that muck midden, a' the Gods in Heaven wadna has saved me."

A highly respected divine in Nova Scotia recently made the following "break" in the course of an eloquent and pathetic sermon on the Prodigal Son: "I think, brethren, of the feelings of the father who had been keeping the fatted calf for years and years in expectation of his son's return."

When the King Came.

The proposed visit of the Prince of Wales to Canada to represent the King at the tercentenary of Champlain's foundation of Quebec recalls the fact that nearly 48 years have gone since King Edward first climbed the heights of Quebec and captured every heart in Canada. "His youth and dignified manner," wrote the wife of the Archdeacon of St. John's, Newfoundland, where the Prince landed on July 24, 1860, "seem to have touched all hearts; for there is scarcely a man or woman who can speak of him without tears. The rough fishermen and their wives are quite wild about him. Their most frequent exclamation is "God bless his pretty face and send him a good wife." At Quebec his Royal Highness was received with the greatest enthusiasm, the French-Canadians, to quote Mrs. Belloo-Lowndes, "showing their delight in the most extravagant fashion."

Benjamin Constant.

Benjamin Constant, having sided with Napoleon during the hundred days, felt the need of justifying himself when Louis XVIII. returned to power. He wrote the king a letter with that end in view and called upon Mme. Recamier to discuss the subject. She asked him quietly:

"Have you finished your letter?"

"Yes."

"Are you satisfied with it?"

"Entirely satisfied. I have almost persuaded myself."

GREAT LABOUR SAVING DEVICE

The Penman & Sprang

DUPLICATOR

Will produce 100 copies in ten minutes, and is without doubt one of the greatest inventions of its kind ever conceived.

THE DUPLIGRAPH

The most reliable, cleanest, simplest, quickest and most up-to-da duplicating machine on the market

It will reproduce one hundred facsimile copies of a penwritten origina in fifteen minutes; fifty to seventy-five copies of an original written on a typewriter or twenty-five copies of an original written with a copying pen.

The original is written on ordinary paper, with an ordinary pen, typewriter or copying pencil, and the copies can be taken on ordinary paper cardboard, wood or china.

TORONTO OTTAWA WINNIPEG

ESTABLISHED 1882

Galbraith Coal Co., Ltd.

Non-personal Liability

Capital, $250,000.00 1,000,000 Shares 25c. each.

Good coal stock is a safe and sure investment. Galbraith shares are especially attractive.

Modest Capitalization **Large Coal Reserves**

This Company organized under the laws of the Northwest Territories of Canada, owns and operates the Galbraith mine located at Lundbreck, Alta. They have four vertical seams of coal traversing their property, aggregating over 40 feet in thickness. Three of these seams are developed to a depth of 350 feet, and as they pass through the Company's lands for nearly a mile, some idea of the amount of coal may be had

Shipping Steadily

The present output of the mine is about 200 tons per day. These shipments will be rapidly increased, as the C.P.R. allows its cars to be loaded with coal for points in the U. S.

We are selling a limited number of these shares at the extremely low price of

30 CENTS PER SHARE

in blocks of 100 or over. Tight money in the States makes it possible for us to give this unprecedented offer in stock that will be paying dividends inside of six months, and you are sure to realize a handsome profit.

Parties ordering can send money by P. O. Orders, Express Orders or Bank Drafts, and we will have the stock issued direct to you. Full information furnished on request. Correspondence solicited. Reference, Bank of Montreal

Appetite Gone, Nerves Badly Run Down

A Strong Moral Well Exemplified in Mrs. Wilson's Case.

Like thousands of other people at this season of the year Mrs. E. P. Wilson was tired and worn out—winter sorely tried her health and vigor. But now she is robust and well, eats well, sleeps well, feels invigorated and braced. "For some years," writes Mrs. Wilson of Watmore, P.O., "I suffered from systematic weakness, biliousness and depressing headaches. I could take little nourishment and grew thin and pale. If I ate a hearty meal the result was dreadful Pains started at my chest, and spread all through my body going across my stomach, back and right side. I was discouraged till a friend insisted on me taking Dr. Hamilton's Pills. They made a new woman of me, and for the past eight months my health has been perfect. For a good cleansing, rejuvenating medicine I urge every one to use Dr. Hamilton's Pills."

There is extraordinary and magic power in Dr. Hamilton's Pills; they bring vigor, tone, health, and spirits—are compounded from the most wonderful and healing juices and essence in vegetable life—are safe for young and old, and guaranteed to kindle renewed activity and strength in every system that is weak, sickly or run down from kidney, liver, stomach or bladder trouble. Get Dr. Hamilton's Pills of Mandrake and Buttermut—today—25c. at all dealers

Mr. W. H. Moore at Brantford

Mr. W. H. Moore left yesterday morning for Brantford, to read a paper last night on "Municipal Government by Commission." This is the paper read before the Peterborough Board of Trade several weeks ago and which was the subject of so much favorable comment. The address was given at a meeting of the Brantford Board of Trade.

Flies are easily and quickly checked with Dr. Shoop's Magic Ointment. To prove it I will mail a a small trial box as a convincing test. Simply address Dr. Shoop, Racine, Wis. I surely would not send it free unless I was certain that Dr. Shoop's Magic Ointment would stand the test. Remember it is made expressly and alone for swollen, painful, bleeding or itching piles, either external or internal. Large jar 50c. Sold by all dealers.

Will be the First Commanding Officer

A new military regiment is to be formed in Edmonton, Alta. Recent militia orders authorize the organization of an infantry regiment in Edmonton, Alta. It will be a city corps. While no mention is made of officers in the orders from Ottawa, it is understood that Col. E. B. Edwards, formerly of Peterborough, will be the first commanding officer of the new corps, as this former local military man has taken an active part in organizing the new regiment.

Funeral of the Late Thos. Matthews

Lindsay Post:—Yesterday afternoon the remains of the late Thomas Matthews were interred at Riverside cemetery. Many friends attended, among those present being Mr. Charles Matthews, Toronto; Mr. George Matthews of Brantford, and Mr. William Matthews, of Ottawa. The services were conducted by Rev. Dr. Bishop, pastor of Cambridge street Methodist church.

The late Mr. Matthews was a brother of Mr. George Matthews, sr., of the George Matthews Co., and an uncle of Mr. T. F. Matthews of this city.

—Current papers describe the horrors connected with revolutionists in Hayti being compelled to dig their own graves before being shot to death.

City Topics

IN SHORT FORM FOR BUSY READERS

—Ald. Gill has opened his political campaign by a meeting in South.

—Mr. Lew Pyle of Lakefield has trapped 70 muskrats so far this season.

—A meeting of the Cleary Bond was held at the City Hall last night.

—The City Temperance Lecture and Royal Templars met last night at the Royal Templars hall.

—Block north of walkers were all set with lights last week, making it lighty in Peterborough.

—Peterborough Lodge has received a new coat of paint and generally presents a decidedly clean and tidy appearance.

—Last night the 57th Regiment held their Tuesday parade and turned out in good numbers.

—Camp Alpine Sons of Scotland met last night in the Orange hall for initiation of candidates and election of officers.

—A meeting of the Manufacturers' Association was held at the Y.M.C.A. last night at which proposed changes in the fire brigade was again discussed.

—The inmates of all the institutions in connection with the Mississauga Institute met last night at the Y.M.C.A.

—Mr. R. Gibbs the Water street livery man, who owns the stables formerly run by Messrs. McCallum Bros., is erecting improved buildings on the re-decoration.

—The Canadian Club meets tomorrow night in the National Hotel. Mr. F. H. Preston, M.P.P., of Brantford, will give an address on "The Canadian Citizen in the Making."

—Yesterday Turnkey Ryckman of the yellow and black clad convicts at work on the court house hill. Brock street, clearing away the dead leaves, etc. A marked improvement was affected in the appearance of the street.

—Pain, anywhere, can be quickly stopped by one of Dr. Shoop's Pink Pain Tablets. Pain always means congestion—unnatural blood pressure. Dr. Shoop's Pink Pain Tablets simply coax congested blood away from pain centre. These Tablets—known by Druggists as Dr. Shoop's Headache Tablets—simply equalize the blood circulation and the pain always departs in 20 minutes. 24 Tablets 25 cents. Write Dr. Shoop, Racine, Wis., for free package. Sold by all dealers.

—The Str. Esturion will begin her season on Saturday, May 16th, between Lindsay and Sturgeon Point daily.

—The small boy, or many of him is to be seen daily with a rod made of anything from a 2x2 scantling to the limb of a tree, hauling splendid perch out of the River just to the west of Riverside Park.

Personal

—Dr. Munro of Warsaw was in the city yesterday.

—Mr. Ambrose Hamilton, Ruff to, is in the city for a few days.

—Miss Amy Chatham of Cheltenham is visiting friends on Dublin street, city.

—The address of Mrs. A. A. Cox in future will be No. 2 Maple avenue, Toronto.

—Mrs. T. R. Caldwell of Toronto is a guest at the home of Mr. and Mrs. F. J. Magill.

—Mr. A. W. Record of Peterboro has gone to Parry Sound, where he has entered a position.

—Mr. Raymond F. Way of the Sterling Bank staff, Tamworth, spent a few days with his sisters, Mr. G. G. Pepper and Miss Margaret Way, 760 Water street.

—Miss Herrity of Moira, Ont., Miss Jean Durant, Starling, and Miss Annie Dillon of Sask., Ont., have returned home from their respective holidays with Mrs. A. Dillon, George street.

—Mr. Harry Strickland, Pine Ward, has been transferred from St. Joseph's to Nicholl's hospital. His condition remains about the same. Gangrene is the trouble.

—Mr. W. H. Hill, the popular local traveller for Messrs. Thos. Kinnear & Co., the wholesale grocers of Toronto and Peterborough, leaves today on his trip to Lakehurst and points north.

That languid, lifeless feeling that comes with spring and early summer, can be quickly changed to a feeling of buoyancy and energy by the judicious use of Dr. Shoop's Restorative.

The Restorative is a genuine tonic to tired, run-down nerves, and but a few doses is needed to satisfy the user that Dr. Shoop's Restorative is actually reaching that tired spot. The indoor life of winter nearly always leads to sluggish bowels, and to sluggish circulation in general. The customary lack of exercise and outdoor air ties up the liver, stagnates the kidneys, and oft-times weakens the heart's action. Use Dr. Shoop's Restorative a few weeks and all will be changed. A few days test will tell you that you are using the right remedy. You will easily and surely note the change from day to day. Sold by all druggists.

—The engagement of Miss Kathleen Krehlhoffer, daughter of Senator and Mrs. Krehlhoffer, Brighton, to Mr. Clark Bowker, son of the late Mr. Hawk, Bedford, England, a grandson of the late Mr. Clarke Gamble, Q.C., Toronto, is announced. Mr. Bowker was formerly a resident of Lakefield, and a well known lacrosse player.

—The marriage of Mr. Donald McGillicuddy, physical director of the Stratford, Y.M.C.A., with Miss Irene Deverell of Toronto, takes place today. Mrs. J. W. Brownell of this city, aunt of the groom, will attend the wedding.

—"Dr. Jay" Simmons, the popular local pianist, is spending a short time with friends here. "Jerry" is half aware of a show that has been playing to big houses throughout the New England States this season. Jerry is always as welcome here or more so possibly, than before his most enthusiastic audiences in the largest cities.

Auction Sale of Timber Berths

Dokis Indian Reserve

There will be offered for sale by public auction, at an upset price, in the Russell House, in the City of Ottawa, on Wednesday, the 24th day of June 1908, at the hour of ten o'clock in the forenoon, timber berths numbered 1 to 8, inclusive, covering the pine timber of nine inches in diameter and over at the stump and no other, on the waste of the Dokis Indian Reserve situate on the French River in the Province of Ontario.

Each limit will be offered separately at a bonus, ten per cent of which to be paid in cash on day of sale and notes to be given for the remainder, payable in three, six and nine months, at the Bank of Montreal, in the City of Ottawa, with interest at six per cent, in addition to Crown dues at the rate of $2.00 per M. feet B.M., and $50.00 per M. feet C.M., an annual ground rent of $24.00 and a license fee of $4.00, the cash payment to be forfeited upon failure to pay the balance of bonus, within the time above mentioned.

The licenses will be issued in due course after payment of notes above specified, and will be renewable yearly upon compliance with all conditions thereof for a period of ten years and no longer, and will be subject to Manufacturing Conditions in accordance with the provisions of Order of His Excellency in Council of the 19th day of April, 1901.

Dues at the rate above specified to be paid on sworn returns, as required by the Timber Regulations of the Department.

Information regarding the timber berths in question may be had upon application to the undersigned.

The unauthorized insertion of this advertisement will not be paid for.

J. D. McLEAN,
Secretary.

Department of Indian Affairs,
Ottawa, April 6, 1908.

ADVERTISE IN THE TIMES.

Tenders for Dredging

Tenders addressed to the undersigned will be received until 4.30 p.m., Friday, May 15, 1908, for dredging required at the following places in the Province of Ontario: Tiffin, Victoria Harbour. Tenders to be endorsed "Tender for Dredging Tiffin and Victoria Harbour."

Contractors will please note that the dredging in the harbours of Tiffin and Victoria is to be carried to a depth of 12 feet at low water, but this depth may be increased to 15 feet if so required by the Department.

The dredging to the required depth of the channels leading to the elevators must be completed on or before the 1st October, 1908.

Tenders will not be considered unless made on the form supplied, and signed with the actual signatures of tenderers.

Combined specification and form of tender can be obtained at the Department of Public Works, Ottawa. Tenders must include the towing of the plant to and from the works. Only dredges can be employed which are registered in Canada at the time of the filing of tenders. Contractors must be ready to begin work within twenty days after the date they have been notified of the acceptance of their tender.

An accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, for six thousand dollars ($6,000.00), must be deposited as security in connection with the dredging to be performed at above mentioned places. The cheque will be returned in case of non-acceptance of tender.

The Department does not bind itself to accept the lowest or any tender.

By order,
FRED. GELINAS,
Secretary.

Department of Public Works,
Ottawa, April 23, 1908.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.

VOL. XXXVI. NO 101 — PETERBOROUGH, ONTARIO, THURSDAY, APRIL 30, 1908 — PRICE TWO CENTS

City Board of Works in Session Last Night

The Board of Works of the City Council met last night, when there were present, His Worship Mayor Henry Rush, and Aldermen Ph Lin, chairman, McIntyre, Butler, Morgan, Elliott, Bradburn.

Mrs. Dunford and Mr. Stock presented that the sidewalk on Sherbrook street, south side, between Bethune and Rubidge streets, be built outside the trees. This petition was signed by seven-eighths of the property owners, whereas a former petition signed by two-thirds of the property owners interested, asked for the sidewalk to be constructed inside the trees and in accordance with the latter petition, this work was advertised and granted. The Board promised to give their utmost consideration to this matter, but whatever action is taken will be in accordance with the will of the majority of the ratepayers interested.

TENDERS FOR CEMENT.

The following tenders for cement for sidewalk and other purposes were received;

R. Hicks & Co., per barrel $1.81.

Peterborough Hardware Company, per barrell $1.82

L. K. & H. Portland Cement Co., per barrel $1.75.

American Portland Cement Co., per barrel $2.30-2.

R. Hicks & Company's tender at $1.81 per barrel was accepted.

This tender, as did also that of the Peterborough Hardware Co., include storage and testing. Sacks not returned to be charged for at ten cents each.

Regarding road work the Peterborough Radial Railway Co. will be asked to confirm a letter received by the council of last year from Mr. Larmouth, in which the company agreed to pay the cost of grading the street railway roadbed if the city undertake such work at the time they are grading the remainder of the roads on which such tracks are laid.

The Board here went into an exhaustive review of the road, sewer and concrete walk work they will recommend council to construct this year. They will meet again this week, in preparation for Monday night's council meeting.

It is a pleasure to see the despatch with which the work of this committee is being done this year under the capable chairmanship of Ald. Phelan.

Six New Post Offices to be Opened in This County in Near Future

In Suburban Districts and Means Practically Free Delivery

Ald. Wm. Buller

Who was elected President of the Fuel & Cartage Co.

Benefit to the Farmers

Toronto, April 29.—Within the next few weeks six new post offices will be opened in Peterborough county, which will provide the farmers living in suburban districts with practically a free mail delivery. The offices have been located at Hickly settled points, the nearest, Byersville, being a mile and a half from the centre of the city of Peterborough and Wallace's Point, which is the farthest, is ten miles. The mail will be delivered at these offices three times a week, and as they serve people in all parts of the farming district, they should be a decided advantage.

The offices have been located and named as follows; North of the city, Nassau, Byersville to the west, Downer's Corners to the southwest, McMartinsville, south, Wallace's Point, south; Bridgenorth Bridge, southwest. Postmasters have been secured and all necessary arrangements have been made to begin the delivery in a week.

Had His Arm Drawn Into a Carpet Machine

Yesterday afternoon at about 3.30, the Dan Spence ambulance was hustled from Mr. D Bellegham's undertaking establishment on Hunter street, as though the future salvation of the driver was to be settled by quick driving. The ambulance on its flight through George street to Crescent street, was watched by hundreds of citizens, who naturally asked one another, "Who is killed or hurt?" The ambulance turned east at Crescent street and made quickly to the Brinton Carpet Works as a message had been telephoned that one Bob or Killenback, an employe of the works, was hurt. It seems that Mr. Killenback, whilst manipulating a carpet in course of construction unfortunately got his thumb first caught and then his left arm pulled into the machines, thus fracturing the arm. Dr. Geiger was at once summoned and quickly arrived at the works when he ordered the patient taken to Nicholls Hospital. At a late hour last night enquiries made showed that the patient was doing as well as could be expected.

Local Man Wins Out in Law Suit

Lindsay Post says;

The last case tried was the case of Neil Gannon of Peterborough, jarryman blacksmith, against Richard Morton of Omemee, horsesmith. It was a case where Gannon had worked for Morton, the defendant, in the village of Omemee, and when he left Morton's employ, Morton owed him the sum of $156.00. Morton came to Lindsay some time after for the purpose as he alleged of paying Gannon. The dispute was as to the amount of money paid to Gannon in front of McCrea's foundry. Gannon claims that he received only $15 from Morton and signed a receipt for $15. Morton claimed that he paid Gannon $150 and produced a receipt in court which had a piece torn out just above Gannon's name where Gannon claimed he had filled in $15.00 in figures. The jury only were out for a few minutes when they returned and brought in a verdict for the plaintiff, Mr. Gannon, for $141.60 the full amount asked.

Piles are easily and quickly checked with Dr. Shoop's Magic Ointment. To prove it I will mail a small trial box as a convincing test. Simply address Dr. Shoop, Racine, Wis. I surely would not send it free unless I was certain that Dr. Shoop's Magic Ointment would stand the test. Remember it is made expressly and alone for swollen, painful, bleeding or itching piles, either external or internal. Large jar 50c. Sold by all dealers.

—Mr. James Montgomery has been awarded the contract for the erection of the new curling rink on Charlotte street. He will commence building operations at once.

A Quiet Cathedral Wedding

A pretty wedding was solemnized yesterday morning at St. Paul's Cathedral, when Miss Annie Sills, daughter of Mr. Samuel Sills, formerly of Kingston, became the bride of Mr. Albert Louis Levasseur, son of Mr. Jos. Levasseur, of this city. The bridesmaid was Miss Hannah Levasseur, while the groomsman was Mr. Fred Levasseur. The ceremony was performed by Rev. Father Galvin. Mr. and Mrs. Levasseur will reside in this city.

Weak women get prompt and lasting help by using Dr. Shoop's Night Cure. These soothing, healing, antiseptic suppositories, with full information how to proceed are interestingly told of in my book "No. 4 For Women". The book and strictly confidential medical advice is entirely free. Simply write Dr. Shoop, Racine, Wis., for my book No. 4. Sold by all dealers.

Test of Cows in Central Smith

The result of the Government test in Central Smith resulted as follows:

Herd No. 1—No. of cows, 2; herd average, milk lb., 695; test, 4.0; butter fat per lb., 28.3; highest individual milk yield lb. 340, test 4.4.; lowest individual milk yield lb. 355; test 3.6.

Herd No. 5—No. of cows, 1; herd average, milk lb., 700, test, 3.7; fat lb., 25.9; highest individual milk yield lb. 700; test, 3.7; lowest individual milk yield, lb. 700; test, 3.7.

Herd No. 6—No. cows, 1; herd average, milk lb., 770; test, 3.1; fat lb., 23.8; highest individual milk yield, lb. 770; test, 3.1; lowest individual milk yield, lb. 770; test, 3.1.

Four cows average 715 lb. milk 3.7 test. 26.6 lb. fat

—Mr. Geo. Thomas has gone to Ottawa to visit a cousin, who is returning to China in a few days.

The Peterborough Hydraulic Lift Look

Which will be Ready for the Season's Operations on Monday

Hurtubise Throws Kennedy in Seven and Eighteen Minutes Respectively at the Grand

By securing two straight falls, the first in 7 minutes and the second in 18 minutes, Gaby Hurtubise last night defeated Frank Kennedy of New York, at the Grand Opera House for a $100 a side.

When the bell sounded for the go, both men stepped on the mat most eager for the fray. Hurtubise immediately entered on the aggressive and tried many different holds, including his famous bear hug on his opponent, but each time Kennedy broke away. Several times Hurtubise had Kennedy's shoulders within an inch of the mat, but the New Yorker proved a great artist at the head spinning game, and repeatedly recovered his position on the mat.

But finally after seven minutes of as pretty wrestling as has been seen in Peterborough for some time, Hurtubise succeeded in securing a combination scissors and half nelson hold on the big German, eventually putting him on his back. Time seven minutes.

When the men came back on the mat after the rest, both seemed eager to mix it up and after sparring for some time for a hold, Hurtubise finally rolled Kennedy over on the mat. But the New Yorker was there, and despite the local lad's bear hugs, full and half nelson hold he succeeded in keeping free down on the mat. Jean threw him around at will, but like the cat, the New Yorker always landed right side up.

After breaking away from the Peterborough lad's grasp, Kennedy several times succeeded in placing Hurtubise beneath him. But not for long. On one occasion Kennedy attempted to use the scissors hold, but Hurtubise wriggled clear and pouncing on the German's back he tried the to-hold on him, but without success.

[illegible] seeming excited, worked furiously, and several holds and full nelson, to hold, arm lock and every hold known to the wrestling game he tried on Kennedy, but without success. Finally securing a combination crutch and half nelson hold on the big German, Hurtubise deliberately pressed his shoulders downward until they rested on the mat. Then Referee J. Dwyer of Lindsay immediately awarded the match to Hurtubise.

After Hurtubise had been awarded the first fall, Charles Marsh, Kennedy's trainer, objected to the decision, claiming that his man had not been given down the required time of five seconds, as near as that the time. However the complaint was not allowed.

The [illegible] preliminary was a wrestling match between "Bobby" Burns and Tom Glover for the lightweight championship of the city, best two in three falls to decide.

Glover got the first fall and long the second but the time allowed for the bout had expired before a third fall had been scored consequently the go was declared a draw.

The next bout was in the 145 lb. class, J. Crouch and J. Wilson being the opponents of the mat to come together. This bout made a decided hit with the large crowd, and after 30 minutes of wrestling, the men were called off the mat, the time allowance being up.

The third and final preliminary was a boxing bout between Corney Burns and Nobby Glover, the conditions being three rounds of three minute durations for a decision.

At the second round Referee Geo. Graham awarded the go to Burns who completely outclassed his opponent.

Disfiguring Face Sores

How to Cure Them

Pimples, face sores, and the kindred eruptions coming to late winter and early spring are the worst disfigurements the fair sex have to bear. The indoor life of winter has caused impure matter which the skin should get rid of for the blood, to remain in the pores; the process of "exhalation" is interrupted, the general complexion suffers, and just where the bad matter collects, pimples, ulcers and sores quickly appear. To remove the impurities, the pores must be opened and the functions of the skin stimulated, by the vigorous applications of Zam-Buk morning and night, and washing frequently with Zam-Buk Medicinal Soap. Zam-Buk reaches the root of the disease by soaking through the skin and tissue and its powerful herbal juices expel disease and make the skin do its work, which can't be done simply by the use of internal medicine. Miss Ellen Smith, of Somerset Vita Ave., Toronto, says: "My face was greatly disfigured by a skin eruption which annoyed me dreadfully for months. I was advised to try Zam-Buk and I am glad I did for it quickly removed the trouble and my face is now clear of all eruptions."

Zam-Buk contains no animal fat whatever, but is a pure healing salve. It cures cuts, burns, chafings, cold sores, itch, eczema, running sores, ringworm, piles, bad legs, inflamed patches, and all diseased, injured and irritated conditions of the skin. Obtainable at all druggists and stores, 50c., or post paid upon receipt of price from Zam-Buk Co., Toronto.

Col Miller Returns from Brantford

Now then Col. Miller, a gentleman equally popular in military and Oddfellowship circles has returned from the big Oddfellow gathering in Brantford, where Bro. King, secretary of the order was presented with a semi-century jewel, it is of local interest to note that the Brantford Courier says in part;

"An event unparalleled in the history of Odd Fellowship in Canada, as well as in the history of Gore Lodge No. 34, Independent Order of Oddfellows of this city, took place last evening in Oddfellows' hall, and such was the great interest taken in the affair that it caused members of the order to travel from all parts of Ontario, and even from across the line."

The Expositor says in its report of the gathering;

"Orono has and Peterborough lodges presented to Grand Secretary King, by Col. Miller, an illuminated address. The presentation was indeed a pleasing feature."

That languid, lifeless feeling that comes with spring and early summer, can be quickly changed to a feeling of buoyancy and energy by the judicious use of Dr. Shoop's Restorative.

The Restorative is a genuine tonic to tired, run-down nerves, and but a few doses is needed to satisfy the user that Dr. Shoop's Restorative is actually reaching that tired spot. The indoor life of winter nearly always leads to sluggish bowels, and to sluggish circulation in general. The customary lack of exercise and outdoor air ties up the liver, stagnates the kidneys, and oft-times weakens the heart's action. Use Dr. Shoop's Restorative a few weeks and all will be changed. A few days test will tell you that you are using the right remedy. You will easily and surely note the change from day to day. Sold by all dealers.

YOUNG COUPLE DIED TOGETHER.

Boston, April 29.—Harry H. Le Baron, 17 years old, shot and killed his wife, to whom he was married in February, and then committed suicide today in their home in Salem. A note left by the couple showed that they had agreed to die together, and that the wife made no resistance to bring about. Despondency because the young husband could not get work is ascribed as the cause.

Elected President of Fuel and Cartage Company

Ald. W. Buller, the energetic manager of the Peterborough Fuel and Cartage Co., has been elected president of this important local concern. Mr. Buller's friends, and they live in every ward and township of this city and county will be glad to learn that his services have been so universally recognized. Mr. Buller has been known to our older citizens as a man never afraid to take off his coat and assist in a difficult job, and the worthy alderman will still put his shoulder to the wheel and has brought the company he is connected with to a high state of efficiency.

Trent Canal Opens for Navigation Monday

The Trent Canal opens for navigation on Monday next. The lift lock will be in operation and the canal will be ready for traffic. The opening of the Trent waterway will be welcome news to a large number of those wanting wood badly. There is much wood cut and awaiting transportation from the back country. In this respect, it might be mentioned that several scowloads of wood will soon be brought here from Keene district. Supt. McClain will have the thanks of the city if wood gets here quickly.

Cornelius O'Connor Up Again on Same Charge

Cornelius O'Connor, who some time ago was heavily fined for a similar offence as charged, comes up before County Police Magistrate Edmison on Monday, May 4th on the charge of destroying a culvert in the township of Ennismore. The papers have been served in connection with the case. This time it is alleged that O'Connor dumped some big stones on or very close to the culvert thus rendering it useless.

R. Hick's & Co. will Supply The City with Cement

At the meeting of the Board of Works of the City Council, the tenders received for supplying cement for sidewalks and other purposes were considered.

TENDERS RECEIVED

R. Hicks & Co., per barrel $1.81.

Peterborough Hardware Company, per barrell $1.82.

Lakefield Portland Cement Co., per barrel $1.75.

Ak'n's American Portland Cement Co., per barrel $2.30-2.

R. Hicks & Company's tender at $1.81 per barrel was accepted.

This tender, as did also that of the Peterborough Hardware Co., includes storage and testing. Sacks not returned to be charged for at ten cents each.

A.P. Pousette, K.C., Compliments Mr. Glidden

As noted in yesterday's issue, Miss Gladys Seward gave a most artistic exhibition of her skill and technique on the pianoforte in the Conservatory of Music Hall on Tuesday evening. One point omitted, and concerning which The Times yesterday frequently had its attention called to was the speech made by Mr. A. P. Pousette, K.C. This talented speaker after passing the usual, but in this case deserved compliments to Miss Seward's ability, went on to pay more than a passing tribute to the work done by Prof. Glidden in connection with the Conservatory. As the local press does not seem to have been represented at this particular meeting, Mr. Pousette's remarks were not noted in the local papers. However, he did, as one of our representatives found in several places yesterday, pay a marked and deserved tribute to the good work done by Prof. Glidden in building up the splendid local home of music.

World Admires British Pluck --Heroism of Jack Tars

London, April 29.—Yesterday's mild though dismal weather greatly helped the salvage operations at the Gladiator. Divers report seeing several bodies in the stranded ship, but are still unable to reach them. Meanwhile the divers are busy recovering all portable things, carrying away battered boats and other material, and are also searching for confidential papers, and the ship's books, the recovery of which will assist the authorities to complete the list of missing.

From every quarter of the globe, and notably the United States, come messages of enthusiasm for the triumph of self-control and discipline displayed.

"Give her a cheer, boys!" cried a drenched bluejacket who was sticking to the shining greasy hull of the Gladiator as it grounded. "Give the old gal a cheer. She's struck land at last." The rest of the bluejackets half drowned but wholly jubilant, cheered as only Britishers can cheer. The least exhausted of them slid down the ship's hull, and somersaulted cheerily into the sea. At least 25 of them went this and similar ways to death.

Another incident which strikes the world's imagination is that of a bluejacket, who climbed over on to the deck of the St. Paul when looking in the cruiser's hull. He saluted as his feet touched the liner's deck, seemed temporarily dazed, rapidly recovering himself he saluted again, then looked round, seemed to realize his position, and gasped, "Oh my God, what have I done, what will my captain say?" then jumped back to the Gladiator, and to death.

"There is," says a German commentator, today, "large nobility in that immortal question, "What will my captain say?" It is the heroic note of Raleigh, Grenville, Drake and Nelson."

St. Pierre, Miquelon, April 28. — The fishing season of 1908 has opened disastrously for the French fishing fleet. Although the operations began only recently, nine vessels have been sunk between France and this port. So far as known here no lives have been lost this spring. Last season ten vessels foundered, 251 fishermen perishing.

Premier Whitney will Probably Speak in Peterborough

Hon. J. P. Whitney

Who will probably visit this city in the near future.

Will Confer with the Electors Throughout the Province of Ontario

First Shot in Toronto

Toronto, April 29.—Hon. J. P. Whitney, the Prime Minister, will probably open his campaign by a mass meeting in Toronto immediately following the nomination of the candidates next week.

The itinerary of the Prime Minister's brief tour has not yet been decided upon Mr. Whitney will make an effort to hold his meetings in representative centres in the various districts of the Province. Peterborough, Lindsay, and other places in this district will likely be visited.

It is stated that they will be less of campaign efforts and largely straight talks with the people, conferences rather than speeches.

It is interesting to learn that the Prime Minister will not take the defensive on the consolidation and expansion of the Canadian Northern guarantee. It is understood he will place before the public a statement of what he deems to be the achievements of his Administration. These will include the measure in question and an important statement is anticipated.

Quebec Tercentenary Celebration

A fine souvenir album is to be issued for the Quebec Ter-centenary celebration. It will be published in both languages, and will contain a life of Chamberlain, some historical papers relating to the foundation of the pioneer city of Canada, an article on the battle of the Plains, etc. It will be illustrated with rare portraits and prints and the cover will be lithographed and printed in several colors. Should our readers wish to secure a copy of this publication, we advise them to order it at once, as the edition will be limited. Price, 35 cts. post paid. Copies can be had from the editor, Mr. Raoul Renault, Quebec, Canada.

HEART ON THE RIGHT SIDE.

Chicago, April 29.—Coroner's Physician H. G. N. Reinhardt discovered yesterday that the heart of Paul Grygzawigski, who was killed Sunday night by Tony Fink, was on the right side of his body. Grygzawigski was stabbed on the left side, the knife cutting the pulmonary artery, causing him to bleed to death.

A Timely Hint

To those who purpose visiting the British Isles during the coming summer passages should be booked promptly, especially for the June and early July sailings. If you desire to, bring out friends or relatives, buy a prepaid ticket. Scotchmen don't forget the Scottish National Exhibition in Edinburgh this year. Make your reservation and purchase tickets through W. McIlroy, City Passenger Agent, C. P. R., city, General Steamship Agent.

Did Jealous Man Murder Mother and Her Three Small Children

Laporte, Ind., April 29.— The removal of four charred bodies, the blackened forms of three children, huddled about that of the mother, as if for protection, the arrest of Ray Lampher, formerly employed by Mrs. Belle Gunness, the victim, and the collapse of Lampher at the jail last night, has caused excitement at Laporte that may at any moment break forth into violence.

Mrs. Gunness lived at her farm near here with her three children. At 3 o'clock yesterday morning Joseph Maxwell, an employe on the place, was awakened by smoke. He made every effort to rescue the family, but failed. Late in the afternoon the bodies of Mrs. Gunness and her children, Myrtle, aged 11; Lucy, aged 9, and Philip, aged 5, were removed from the smouldering ruins. There was a rumor that the home had been fired because of malice, and as the day advanced the police took up the story and began an investigation, which resulted in the arrest of Lampher last evening.

Lampher had been employed on the Gunness farm, and was infatuated with Mrs. Gunness, who was a beautiful woman. She declared that this man annoyed her, and filed proceedings to have him declared insane, but a jury found him sane.

In the Realm of Sport

BASEBALL.

At the end of the eighth inning, Toronto and Providence had each scored three runs in yesterday's game.

Other Eastern League scores yesterday were as follows;

Montreal 1, Newark 1, 5th inning.
Buffalo 5, Baltimore 0, 5th inning.
Jersey City 3, Rochester 1.

After Hurtubise had been awarded the decision over Kennedy last night, the New Yorker came forward with a new proposition, wanting a handicap match with the Peterborough mat artist.

Articles were afterward signed by both Hurtubise and Kennedy for another match here for a purse of $50 and a side bet of $100.

LOW SPRING FEVER

Doctors Report Many Cases.

Same thing happens every year. At winter's close the body is weak and run down. Damp spring weather brings out rheumatic tendencies, exhausts vitality, and simply demands everyone to use a bracing, strengthening tonic.

Time wont help; matters grow worse instead of better if your system isn't rid of its poisonous burden.

Your blood is not only thin, but is contaminated with a whole winter's accumulation of wastes.

A stimulating blood tonic is required. What's it going to be?

Not bitters or alcoholic dope, but concentrated cure in the form of "Ferrozone" which is known as the best of all spring rejuvenators.

It creates keen appetite.
Produces prodigious digestion.
Converts food into nourishment.
Gives richness and vitality to the blood.
Makes strong nerves and hardy muscles.

Ferrozone possesses power that can't be doubted. It will do for you what it did for Walter Wood, of Beaufort, Car. Co., N. B., who writes: "I can say that Ferrozone has given me a new lease of life. A year ago I suffered much from nervous weakness. I was really scarcely able to drag myself around. My appetite was gone, I had no color or ambition and felt generally used up. The first box of Ferrozone started me back to health. I took a number of boxes, but it was worth while as my health was completely restored.

Get back to health with Ferrozone, six boxes for $2.50, or 50c per box at all druggists.

Morning Times

This paper is the only Morning Daily published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

Strangers visiting Peterborough are cordially invited to make their headquarters at the office of the Morning and Weekly Times, where they will be furnished with writing material, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $3 per year, strictly in advance.

English office—30 Fleet street, London, E. C.

TIMES PRINTING COMPANY,
Peterborough, Ontario.

PETERBOROUGH, April 29, 1908

THE AMERICAN "ARMADA."

Whatever may be the merits or demerits of the sixteen ironclads composing the United States fleet now on the Pacific—and there is very considerable difference of opinion among American experts as to the vulnerability of these specimens of modern naval architecture — there must be general agreement both at home and abroad on one point. That is, that as a naval parade and demonstration the cruise of the "armada" has been an entire success. It is almost difficult not to recall the memory of the immortal Barnum in connection with it and to lament that he is not still in the land of the living to give proper expression to the description of what on the part of our neighbors is certainly the latest "greatest show on earth." Poor John Bull although he can at a few hours' notice assemble a fleet three times as powerful as this "armada," is "not in it" in American phraseology with this demonstration of the actuality of the "big stick" at the command of the occupant of the White House. If the "armada" should be found to be as effective in a fight as it is in the show business, both Japan and Germany may find it opportune to be respectful to the American eagle.

Catarrh Cannot be Cured

With LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

F. J. CHENEY & CO.,
Props., Toledo, O.

Take Hall's Family Pills for constipation. 25c.

Golfing Sarcasm.

"Caddy, how many strokes is that fur this hole?" asked the golfer with the plaid cap.

"I can't say, sir."

"Can't say?"

"No, sir; I can only count up to twelve, sir."

Self Reliance.

It is easy in this world to live after the world's opinion. It is easy in solitude to live after our own, but the great man is he who in the midst of the crowds keeps with perfect sweetness the independence of solitude.—Emerson.

Ready For Business.

A tragedian playing Richard III. in a small town was walked on after the show by an honest farmer, who said that "if the gentleman who wanted a horse was still of the same mind he would like to do business with him."

No better masters than poverty and want.—Dutch Proverb.

ADVERTISE IN THE TIMES

NEED DOCTORS OUT WEST.

Settlers Often Hundreds of Miles From Any Healing Hand.

Not the least of the terrors of life in a vast, thinly populated region is the absence of doctors and hospitals. It is bad enough to live on an Ontario farm, ten or twelve miles from the nearest physician; but when, in the great, scarce-habited west, the settler finds himself completely isolated—hundreds of miles from any healing hand—he has his health and life in precarious keeping. Mr. Elihu Stewart, superintendent of forestry, in making a report to the Dominion Government on a trip down the Mackenzie and up the Yukon rivers in 1906, states that the people living in the vast region through which he travelled are much in need of medical aid. He says:

"At very many of the points visited we were implored for advice and for medicine by the sick. Many having chronic diseases which simple surgical treatment would cure, are compelled to live out a shortened existence, for no physician except by merest chance ever visits them. The Department of Indian Affairs has physicians who attend to the medical wants of those Indians that are under treaty, but throughout the whole valley of the Mackenzie river, from Great Slave lake to the sea, nearly a thousand miles, being outside of treaty limits, there is no physician to be had. Surely the people of this country would endorse any action that the Government might take to induce a few medical men to reside in those far outlying districts and afford medical relief where it is so much required."

Some steps are being taken to start a fund for a hospital at Fort Simpson. The officials of the Department of the Interior are alive to the necessity of such an institution and are seeking to arouse interest in the matter. A large number of people will be going into the north country in the near future, and every public-spirited citizen in that part of Canada ought to use his influence in the direction of having a hospital established at Fort Simpson and at other points where they would do the most good. A great field is opening, too, in the far north of Canada for young men who are anxious to enter upon humanitarian work. Many zealous young fellows have in the past gone from the Dominion seeking in distant lands—in Africa, South America and elsewhere—work as medical missionaries. From this time there is need in our own fertile northland—"the last of the lands and the best"—for all the medical missionaries we can produce, and more.

ONCE BEGGED; NOW PICKS.

Is Position of Canada In Relation to Immigration.

Writing on the subject of British immigration into Canada, and replying to statements said to have been made by the agent-general of Victoria, Australia, to the effect that Canada was making "a mess of things," Mr. D. H. Ross, the Canadian Government agent at Melbourne, utterly repudiates that this country is laboring under bad labor and trade conditions. Mr. Ross, who is a son of Senator William Ross of Halifax, is quoted in The Melbourne Argus as follows:

"There is nothing unusual in the trade or immigration conditions throughout Canada. It is true that a number of discharged workmen have come across the border from the United States; but there is nothing to cause the slightest anxiety regarding the general trade of the Dominion or in the demand for farm or unskilled labor in the spring. Some trouble has arisen through the action of interested steamship companies, in their eagerness for business attempting to start the flood tide of emigration to Canada earlier every year. The consequence has been that many emigrants have found themselves at their destination weeks before the weather conditions are favorable, and this has undoubtedly led to disappointment. The flood tide of Canadian immigration has compelled the authorities to exact a higher degree of fitness, both physically and morally. A few years ago we were beggars in the field of emigration, but to-day we are choosers. Every year a more vigorous discrimination is being made, for Canada has no use for the social derelict, the soaker or trifler."

The Family Cook In Canada.

That you may be rubbing shoulders with members of distinguished families in Canada is illustrated by an incident related from Toronto. A young Englishman was enjoying himself one evening at the boarding-house piano when he was rather startled by a peremptory request to "Stop those silly tunes." Turning round, he recognized the once irreproachable cook, then looking far more terrible than any queen of an English kitchen. "I'll show you who can play if you'll give me the chair," intimated the portly lady. The boarder, though not a coward, deemed it prudent to accede to her request.

Taking her seat at the instrument, the cook played one of Chopin's beautiful Nocturnes with a degree of brilliancy which even her involuntary listener had to admit. Eventually she left the piano with a wild, triumphant laugh for the underground compartment she had solely occupied for the previous three days. Sad to relate, "Maggie," as she was called, was in the throes of her occasional swervings from the paths of temperance. Her mistress sent her away the morning after her musical exhalment, but three days later she received back and forgave this now repentant, sad-voiced woman, whose cutlets and cranberry tarts were the pride of the house. Maggie was a heroine of mystery, in that it was whispered that she was the daughter of an English baronet, and sent over to Canada at an early age for reasons that never transpired. —London Daily News.

In Days of Old.

The cavalier he saved a maid
From sad and sorry plight,
The damsel looked at him and said
These simple words: "Good knight!"

MALF A MILLION STOLEN.

London, April 28.—The London postal authorities have learned that two bags of mail from this city, containing securities and other valuables worth $500,000, were stolen in New York the latter part of last month.

CASE FOR VEILS.

A Dainty and Inexpensive Gift For an Easter Offering.

A dainty little case that can be utilized either for veils or to hold the filmy, almost invisible hair nets that many women wear to keep their hair in good condition, may be made from three-quarters of a yard of satin cotton wadding and a soft silk lining and one's favorite sachet.

Take a length of satin twenty-two inches long and ten inches wide; on it place a piece of cotton wadding of similar size, on which sachet has been liberally sprinkled, and a lining of china silk. Turn in the edges and hem neatly around. Or the wadding may be placed between the lining and satin and the three sides sewed on the machine. Turn and sew the end in a blind seam.

Now fold over the ends till two eight-inch pockets are made. If preferred, the whole thing may be bound with a broad silk ribbon on the edges, finished with a fine cord.

When such a case is used for nets have a number of postcards and wind each separately on a card and slip them in the pockets. These cards may also be covered with silk where the case is intended for a gift; but, as a rule, the plain cardboard is more satisfactory. Nets so preserved can be kept for a long time as fresh as when received from the hairdresser.

For veils make the case wider, about eighteen inches, keeping the other proportions the same. Then roll cardboard into narrow rolls an inch in diameter and just long enough that they will slip easily into the pockets. If veils are wound smoothly on these rolls and put away in the scented case each time they are taken off their life will be prolonged many weeks.

LEARNING TO WALK.

How to Teach Baby the Art of Standing Alone.

By the time he is eleven months old baby will usually try to stand alone or even walk a few steps, and before this age no effort should be made to hasten him in this development. He may be a week or more occasionally scrambling to his feet and holding to a chair without showing the slightest inclination to walk. Walking he will do in time, and once he becomes fascinated with the joy it is well to watch that he does not overdo and strain the leg muscles, not to mention weaken the bones.

When an infant is learning to walk tenders are excellent, for they give support that prevents injury from sudden falls. The tender is a movable pen, as it were, in which there is a little seat. As the child begins to walk the seat may be removed, and he can stand upright within the little inclosure that before many days he will try to push in front of him. He must not be allowed to tire himself at this work, and a few minutes at a time is all that should be permitted.

Another first aid to walking is a leading strap. It consists of a strong but soft belt supported by a couple of straps over the shoulders. They may be made at home of webbing or fine leather. Where the belt joins in the back there is a long rein, and with this in her hand a mother can frequently prevent baby from falling and bumping his nose or can guide his footsteps.

IN THE HOME.

An open fire is certainly a happy feature in it.

Readable books and magazines lying around loose are one of the important things.

In the living room there must be a softly shaded light placed low for reading and sewing.

Chairs that can be sat upon are a more necessary essential than some housewives think.

Stilted suits of furniture are a good thing to avoid; also loud papers and highly colored pictures.

A carpet that can be walked on by the family is much better than one preserved for the sacred feet of strangers.

As to tobacco smoke and dust—well, there have been homes with them and places without them that utterly failed to be homes.

Cheerfulness and love and mutual accommodation as to tastes go further to make a real home than overzealous spotlessness and everlasting oversight.

Nursery Dishes.

A certain amount of entertainment is provided for children by the dishes which are designed especially for the nursery. Cups and plates, pitchers, bowls and mugs have fascinating girls and boys pictured in the costumes children of today have learned to know and love from seeing them in story books and illustrated papers. The new nursery dishes have a plain ground, a yellowish brown, cream or white, and the figures are displayed in borders or in large characters on the sides. Children love having their milk brought in a cream colored mug decorated with a quaint little fairy story girl. Part of the fun of dinner in the nursery is guessing the stories to fit the characters.

To Curl Hair Quickly.

To curl hair quickly by artificial means it must be thoroughly clean and free from oils. Then part the hair, run a damp—not wet—comb through it and roll on piece of rolled newspaper. The paper must be a perfect cylinder—not flat—and the hair very loosely rolled over it and the points pinned together. It will be sufficiently curled to dress in half an hour. The secret is to merely dampen the hair. Many make it too wet, and it takes several hours for it to dry out.

Pain Tablets. Pain always means congestion — unnatural blood pressure. Dr. Shoop's Pink Pain Tablets simply coax congested blood away from pain centres. These Tablets—known by druggists as Dr. Shoop's Headache Tablets — simply equalize the blood circulation and then pain always departs in 20 minutes. 20 Tablets, 25 cents. Write Dr. Shoop, Racine, Wis., for free package. Sold by all dealers.

TENDERS FOR DREDGING

Sealed Tenders addressed to the undersigned and endorsed "Tender for Dredging," will be received until Friday, May 15, 1908, at 4.30 p. m., for dredging required at the following places in the Province of Ontario:—

Burlington, Blind River, Beaverton, Collingwood, Cobourg, Goderich, Hamilton, Kincardine, Little Current, Midland, Meaford, Owen Sound, Nigger and Telegraph Islands, Point Edward, Penetanguishene, Port Burwell, Port Elgin, Picton, Honduu, Summerstown, Thames River, Toronto, Thornbury, Trenton Harbour and Dark Channel, Waubaushene, Wiarton and Wingfield Basin.

Tenders will not be considered unless made on the form supplied, and signed with the actual signatures of tenderers.

Combined specification and form of tender can be obtained at the Department of Public Works, Ottawa. Tenders must include the towing of the plant to and from the works. Only dredges can be employed which are registered in Canada at the time of filing of tenders. Contractors must be ready to begin work within twenty days after the date they have been notified of the acceptance of their tender.

An accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, for six thousand dollars ($6,000) must be deposited as security for the dredging which the tenderer offers to perform in the Province of Ontario. The cheque will be returned in case of non-acceptance of tender.

The Department does not bind itself to accept the lowest or any tender.

By order,
FRED. GELINAS,
Secretary.

Department of Public Works,

161 SIMCOE ST., PETERBOROUGH

Have secured a block of the

Calumet, Mancos' Oil and Mining Company's Stock

Par value $1.00

What they offer at 25c per Share for a short time

The property is situated at Mancos, Colo., and consists of 160 acres, fully paid for. The Company expects to secure at least 400 acres or more, we are negotiating for it now and the terms are satisfactory and there is coal on the same, and they also intend to secure some Coal Mines of which they have the refusal. Some of the best coal mines in Colorado are in this district, as well as some of the richest gold and silver mines. In fact this is one of the richest parts for mineral in the State of Colorado, and the Company has the refusal to several prospects on reasonable and easy terms.

In our opinion the prospects of the Company are very bright and a rapid advance in the price of the stock is sure to take place in the near future. Full information can be had by calling at our office.

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or Sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at an Agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each on and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of a homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father or mother.

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line exclusive of the width of road allowance crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.

News in Brief

Quebec, April 28.—The trial of Oliver Rochette, accused of poisoning his wife, is now in its final stage, and it is expected that by this evening the fate of the prisoner will be decided upon by the jury.

Field crop competitions under the auspices of the South Monaghan Agricultural Society will be held as usual during the coming summer. The crops chosen and the area are as follows:—Not less than five acres of oats. Entries must be made with the society for the competition before June 1st. All particulars and forms may be had from the secretary. Prizes are: 1st prize, $15; 2nd, $12; 3rd, $10; 4th, $8, 5th, $5. The Department of Agriculture at Toronto furnishes $30, and the society puts up twenty dollars.

Los Angeles, Cal., April 28. — No change in the condition of Mrs. Beulah Hawkins is reported at the County Hospital, where she today enters upon the 81st day of her strange trance. She sleeps. Physicians at the hospital say she may not regain consciousness for a year or more.

Indigestion

Stomach trouble is but a symptom of, and is itself a true disease. We think of Dyspepsia, Biliousness, and Indigestion as real diseases. they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop to the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that cure and favor to Dr. Shoop and his Restorative that that original and highly vital principle such leading accomplishments were ever to be.

For stomach distress, bloating, biliousness, breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see how perfect it can and will do. We ask and especially recommend

Dr. Shoop's Restorative

FOR SALE BY ALL DEALERS.

DEATH OF "BIRKENHEAD" HERO

Man Who Steered Ill-Fated Troopship When Wrecked.

Memories of the tragic wreck of the troopship Birkenhead, with its deeds of splendid heroism probably unsurpassed in military or naval annals, are recalled by the death at Bristol (Eng.) of one of the survivors, at the age of 85.

He was Thomas Coffin, who, on the occasion of the disaster to the troopship was the "man at the wheel," and with seven others succeeded in pulling safely to shore in a gig.

Joining the Birkenhead about 1850, when he was 23 years of age, Coffin made three voyages in the vessel with troops.

A fourth voyage to the Cape was the fateful one in which the Birkenhead was wrecked, and the troops went down to a man, drawn up, as if on parade, on her decks.

Coffin has told his own story in quiet, plain phrases that perhaps give a clearer idea of the grim tragedy than a number of lurid phrases.

"I was at the wheel, and well remember the sentry calling out to the officer of the watch, 'Four bells, sir.' The officer replied, 'Strike them, sentry,' which he did not do, for at that very moment she struck the rock and the sentry went rolling to the deck. At the time most of the soldiers were below asleep, but were awoke by the crash (which appeared to me to be enough to wake the dead almost) and came on deck; but on being called to order, fell in and remained so, thus enabling the seamen to get out what boats were left.

"My instructions from the captain were to man my boat and pull off and await orders, which never came. I heard after that he was struck by a falling spar and killed. My boat's crew and myself picked up thirty-two in all, and we pulled till daylight, when we came across the second cutter and gig, and we sighted a sail in the offing. The ship's doctor, who was one of the saved, called for seamen to man the gig and pull toward her. Eight of us volunteered, and we pulled out, but could not attract her attention, so we decided not to venture any further.

"Fish Bay was our landing place, and fortunately for us the postmaster's daughters of Caledon had just finished bathing and were about to return home. They were very kind and provided us with some coffee and bread, which was very acceptable. After we had tramped to Caledon we were sent to Simon's Town, and then to Algoa Bay, our naval station. We were brought back to England on the Amazon."

Thomas Coffin was indeed a son of the sea, for he was actually born on a battleship, H.M.S. Pitt, of which his father was shipkeeper. In the natural course of events he entered the navy, saw active service on the coast of Syria, was with the Naval Brigade in the Crimea, and fought in the China war of 1860. In 1871, as a quartermaster he left the service of his country.

FISH THAT GLOW.

Some Deep Sea Creatures Able to Shed a Phosphorescent Light.

The inhabitants of the ocean vary in many respects, according to the depth at which they live, but most of all in their powers of vision. Fish that live at very great depths have either no eyes at all or enormously big ones. There are two methods of getting about in the gloomiest abysses—by delicate organs of touch and sight—that collects the few rays of light due to phosphorescence or other accidental sources.

The fish which live near the top of the ocean have smaller eyes than those say eighty fathoms down. One hundred and twenty fathoms deeper, where daylight disappears, the eyes are bigger still. Beyond the depth of 200 fathoms small eyes prevail, with long feelers to supplement them.

At this depth, in fact, sight is practically useless. In the greatest abysses the fish are usually blind, feeling their way about solely by means of their sensitive bodies. Some, indeed, show signs externally of having once possessed eyes, but that is all.

In others—the oldest and most confirmed abysmal species—the eye has disappeared altogether externally, though traces of it are still to be recognized, embedded deeply in the tissues of the head.

Many deep sea fish have a curious system of hollows in the skull or about the body which hold a kind of phosphorescent slime. Others have round or oval shining opalescent spots placed on the head or along the body or tail.

All of them are abundantly supplied with nerves, and they are apparently organs for the production of phosphorescent light. If so, such a fish must swim about surrounded by a faint glow, somewhat like that thrown by luminous paint.

One scientist even suggests that these fish may have the power of directing their rays in any direction like a searchlight.

Courtship Was Nasty.

A young laborer appeared before the Kilmallock (County Limerick) guardians at their last meeting, and expressed a desire to marry one of the women in the workhouse. He explained that he had not a house, and that he did not want one until he had made sure of getting a wife. Further, he informed the chairman that he did not care whether he married a spinster or a widow with two or three children.

The workhouse master, a guardian, and the suitor then left for the workhouse to select the wife. A number of women were assembled in the hall, and after a few moments the young man made his choice. The guardian hurried back to his colleagues and announced, "It's settled; the girl has consented."

The clerk asked the suitor to postpone the happy event for a week, but he appeared to be in a hurry. "It is not possible that I could," he replied, "I'll come down to-morrow." He came and the ceremony was duly performed.

Touching.

"Not a cent," replied the rich man coldly. "Money is not good for the poor."

"Well," responded the applicant, "just pretend that you have a grudge against me."

Obliging Jailer.

Mayor—Where are you going? Village Constable—The three tramps I just locked up want to play whist, and I'm looking for a fourth.—Translation from Tales.

FOR THE TEA TABLE.

A Smart Linen Doily With Crocheted Edge.

Strike on linen a circle of the size wanted, stitch around it with the sewing machine, then cut a little outside the stitching. Roll back the edge and work all around with close buttonhole stitch or double crochet.

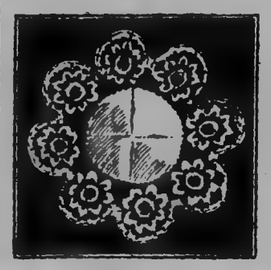
First Row—Chain 5, miss 3 (or sufficient space to equal 3 doubles, if the edge is buttonholed), fasten in net; repeat. Allow 9 loops of 5 chain to each wheel. The wheels are joined to the center as made and are not connected.

Second Row—For a wheel: Chain 5, a treble in first stitch of chain (chain 5, a treble in same stitch) twice, chain 5, and catch with a single in third stitch of first 5 chain.

Third Row—Chain 3 for first treble, * 8 trebles under 5 chains, treble on treble; repeat around and join to top of 3 chain.

Fourth Row—* chain 16, a double in next treble and in each of 5 trebles following, repeat from * around, making 8 loops, each separated by 5 doubles.

Fifth Row—Slip stitch up 3 stitches of first 16 chain, chain 3 for first treble, * 7 trebles under 16 chain, chain 5, 7 trebles under same chain and 1 in third stitch from center, in order to hold the scallops in place, 1 treble in third stitch of next 16 chain, repeat from star around. Join each wheel to the center as you make it by the 5 chain of 2 consecutive scallops, thus: Chain 2, catch in center of 5 chain loop, chain 2, complete scallop as usual, miss 2 loops of center and



A PLATE DOILY.

join next scallop to third loop in like manner. Miss 5 loops of center between wheels.

Sixth Row—To connect the wheels, fasten in first 5 chain above where the wheel is joined to center, * chain 7, miss 3 of 8 trebles, a treble in next and in fifth of opposite 8 trebles, making no chain between, chain 7, fasten under 5 chain, repeat from * 4 times, chain 7, a treble in fourth of 8 trebles following, treble in fifth treble in next scallop, chain 4, miss 2 loops of center, fasten in next, chain 4, a treble in fourth treble of scallop of next wheel which is joined to center, a treble in fifth of next scallop, chain 3, catch in middle of 7 chain last made, chain 3, fasten under 5 chain, and repeat from first * around, joining where the row started.

Seventh Row—Slip stitch under 7 chain, chain 4 for first double treble, 8 double trebles under same chain, then make 9 double trebles under every 7 chain all around, joining in top of 4 chain at beginning.

Eighth Row—*, chain 4 fasten in fifth double treble, chain 4, fasten between first and second groups of 9 double trebles (chain 4, fasten in fifth double treble, chain 5, fasten in same place to form a picot, chain 4, fasten between groups, chain 5, fasten in same place) 8 times, chain 4, fasten in fifth double treble, chain 4, fasten between groups, repeat from * around each wheel, joining wheels by first picot made in each, thus: Chain 2, fasten in last picot of previous wheel, chain 2, fasten in stitch where first chain started.

Boots Away Up.

Again the pendulum of taste has swung, and the opposite extreme has been reached.

The craze for oxfords seems no less, but the desire for high tops seems to be more. The so called Napoleon top on women's boots, the result of the tendency toward shorter skirts for out of door wear, is being made very attractive for walking and general outdoor wear as well as for the artistic appearance of the foot and the comfort and support of the ankle. The increased length of the leg of these boots gives a narrower and more slender effect to the foot and at the same time offers increased opportunities for elaborate decorative effects. Fancy toppings of leather and cloth are being used in these boots, and both buttons and laces are in use as fastenings.

A new notion in footwear is a boot with a pocket in the top. The Napoleon topped boot worn by women affords an opportunity to engraft a little purse or pocket on the top of the right boot which is large enough to hold a sum of money securely and more conveniently than the time honored stocking receptacle.

The New Veil.

The new veil for windy weather has come in black or white or colored nets and must be big enough to cover the chapeau back and front. It has a little catch that hooks it at the brim of the hat in the back and then is allowed to flow or may be caught right at the back of the neck with the inevitable veil pin.

These veils are for riding, driving or automobiling and are very becoming. When automobiling the ends may be crossed in the back, then brought to the front and pinned under the chin.

Benjamin Constant.

Benjamin Constant, having sided with Napoleon during the hundred days, felt the need of justifying himself when Louis XVIII. returned to power. He wrote the king a letter with that end in view and called upon Mme. Recamier to discuss the subject. She asked him quietly:

"Have you finished your letter?"

"Yes."

"Are you satisfied with it?"

"Entirely satisfied. I have almost persuaded myself."

GREAT LABOUR SAVING DEVICE

The Penman & Sprang

DUPLICATOR

Will produce 100 copies in ten minutes, and is without doubt one of the greatest inventions of its kind ever conceived.

THE DUPLIGRAPH

The most reliable, cleanest, simplest, quickest and most up-to-date duplicating machine on the market

It will reproduce one hundred facsimile copies of a pen written original in fifteen minutes; fifty to seventy-five copies of an original written on a typewriter or twenty-five copies of an original written with a copying pen.

The original is written on ordinary paper, with an ordinary pen, typewriter or copying pencil, and the copies can be taken on ordinary paper cardboard, wood or china.

Galbraith Coal Co., Ltd.

Non-personal Liability

Capital, $250,000.00 1,000,000 Shares 25c. each.

Good coal stock is a safe and sure investment. Galbraith shares are especially attractive.

Modest Capitalization **Large Coal Reserves**

This Company organized under the laws of the Northwest Territories of Canada, owns and operates the Galbraith mine located at Lundbreck, Alta. They have four vertical seams of coal traversing their property, aggregating over 40 feet in thickness. Three of these seams are developed to a depth of 350 feet, and as they pass through the Company's lands for nearly a mile, some idea of the amount of coal may be had.

Shipping Steadily

The present output of the mine is about 200 tons per day. These shipments will be rapidly increased, as the C.P.R. allows its cars to be loaded with coal for points in the U. S.

We are selling a limited number of these shares at the extremely low price of

30 CENTS PER SHARE

in blocks of 100 or over. Tight money in the States makes it possible for us to give this unprecedented offer in stock that will be paying dividends inside of six months, and you are sure to realize a handsome profit.

Parties ordering can send money by P. O. Orders, Express Orders or Bank Drafts, and we will have the stock issued direct to you. Full information furnished on request. Correspondence solicited. Reference, Bank of Montreal

Says This Medicine Has Mystic Powers

Will Assist Anyone in Weak, Pale Nervous, Condition to Robust, Hearty Health.

It's in the spring that health gives out—that folks begin to feel draggy-weary, restless,—hate to eat, look pale, feel discouraged.

If you've reached this state, read what J. W. Jewell, well known in Morristown has to say about the medicine that cured him. "Last winter I caught a heavy cold that settled in my back. My kidneys and liver were affected and my health failed. By spring I was in bad shape—couldn't sleep like I used to—if I tried in the morning—ate very little—was terribly depressed, pale and anxious looking. Twinges of rheumatism, frequent neuralgia attacks over the temples made matters worse. The doctor prescribed three times, but didn't help. Then I heard of Dr. Hamilton's Pills,—they possess mystic power surely, for I gained and improved day by day and now am in perfect health again. I will praise and use Dr. Hamilton's Pills till I die."

The ingredients in Dr. Hamilton's Pills are pure and wholesome,—come right from the storehouse of Nature in the form of vegetable juices and extracts,—consequently this gentle, invigorating laxative tonic and blood purifier is safe for old and young alike. We assure you of enormous benefit from Dr. Hamilton's Pills which revitalize delicate glands, search out the seat of hidden disease, flood the body with vigor and health that has caused thousands of broken-down, despairing men and women to join in a mighty song of praise for the beneficient, aid that comes from this king of all tonics. Get Dr. Hamilton's Pills—today—25c. at all dealers.

Killed Big Muskrat

About 8.30 last evening, Mr. John Crooks of the T.V.C. staff, while returning from work to his home, with the aid of his dog, killed an immense muskrat on the Hunter street bridge

Annual Meeting of Methodist Church

The annual district meeting of the Methodist church of the Peterborough district will be held on the 21st and 22nd of May at the Charlotte street Methodist church. It is expected that a minister and a layman from each church on the circuit will be present. The annual election of officers will take place and other matters of importance be discussed.

Pain, anywhere, can be quickly stopped by one of Dr. Shoop's Pink Pain Tablets. Pain always means congestion—unnatural blood pressure. Dr. Shoop's Pink Pain Tablets simply coax congested blood away from pain centres. These Tablets—known by Druggists as Dr. Shoop's Headache Tablets—simply equalize the blood circulation and then pain always departs in 20 minutes. 20 Tablets 25 cents. Write Dr. Shoop, Racine, Wis., for free package. Sold by all dealers.

Successful Students

Two successful students at the recent examinations at Queen's University, were Miss Lexa Hewson and Miss Florence Corkery, who have just completed their third year in Arts. Miss Pauline Pratt graduated with the degree of Bachelor of Arts.

Local Man Prospers in Cobalt

Mr. R. G. Williamson, president of the Casey Mountain Cobalt Mining and Development Co., Ltd., Toronto, formerly a resident of this city, is in town, a guest at the Oriental Hotel. Mr. Williamson's many friends will be pleased to learn that he has secured a very valuable property in Cobalt, concerning which further particulars will appear in tomorrow's issue.

—The operetta "A Day in Flowerland" will be repeated tonight in the Conservatory of Music Hall.

Snapshop of King Alphonso in Anglican costume, which has greatly shocked the Spanish who find it undignified

News from Havelock

Mr. Ira Tuffelt, a young resident of Belmont township, was brought up before Magistrate Machleon on Saturday on a charge of assaulting a local citizen in a quarrel. The result was that Tuffelt was found guilty and was taxed $6 and costs amounting to $10, or 5 days in gaol for the offence. He paid the fine.

Another citizen was arrested on Saturday night for being drunk and disorderly and was fined $1.50 and costs.

A great deal of excitement and talk has been caused in Havelock, Peterborough and other towns by the rumor that the C. P. R. Company intends to change the terminal point of the local express train from Tweed to Havelock as formerly and as a result the Board of Trade of Peterborough and vicinity sent it will send a deputation to Toronto to wait on officials there, asking that no change be made in the present arrangements.

It seems that all this talk and excitement has grown out of nothing for as far as can be found out at the C.P.R. section here, the company has not even intimated that such a change would be made and the railroad officials here do not think that there is any intention to change the old arrangements.

Where the Peterborough Council and Board of Trade got the information on which they acted in a matter to be explained.

EASTER VISITORS.

City Topics

IN SHORT FORM FOR BUSY READERS

—Last night Mr. T. P. Purston addressed the local Canadian Club on quart.

—Chemong Lodge Village, that is under normal circumstances half a mile from the water, is this spring within speaking distance, owing to the high water on Chemong Lake.

—A new moving picture show has been inaugurated by Messrs Wesley Bros., formerly proprietors of "Ally Valt." It is expected that their new show will open on May 7th.

—City Clerk Armstrong has in his possession a letter from Mr. W. Snowden, addressed to the City Council, that will be heard by that august body at their next meeting.

—The Charity Committee of the City Council met yesterday afternoon at five o'clock and transacted routine business.

—The local license holders will hold a meeting in the Bank of Montreal chambers this afternoon at three o'clock. A full attendance is requested as business of great importance will be transacted.

—Mr. W. Snowden's letter to be presented at next session of the City Council in reference to local matters, especially the fire brigade changes, whilst written in a humorous style, will make one or two members of the council sit up and take notice.

—A Hiawatha Indian, accompanied by his squaw attracted considerable attention yesterday as they "did up" the town arm-in-arm. The maid was of light complexion and arrayed in a bright red garb that in time would have made a Turner sunset look like a tropical hurricane. Her hat, of straw and custom in proportions, was adorned with flaming red poppies or some such flowers.

—Mr. W. Watson of the firm of Monaghan & Watson, gun manufacturers of Toronto, was in the city yesterday.

—Tomorrow night the young people of St. Luke's church will give a concert in the East Ward town hall.

—The Girls' Guild of George St. church will give a concert tonight at which a splendid program will be rendered.

—Buy birthday and wedding presents at Times Bookstore and save money. Don't fail to see display of articles at 25 cents this week in south window.

—A big line of cloth bound books on bargain at moving sale prices, two for 25 cents at Times Bookstore. You can't afford to miss this opportunity.

Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Helonias Dioica*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator * * * makes for normal activity of the entire reproductive system." He continues "in Helonias we have a medicament which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhoea; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhoea, suppressed or absent monthly periods, with pain from or accompanying an abnormal condition of the digestive organs and anaemic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms [illegible] woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says:

"It is an important remedy in disorders of the womb. In all catarrhal conditions * * * and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root:

"In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all debilitated states."

Prof. R. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal:

"Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhoea (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

You cannot possibly have a better Cocoa than

DRS. KENNEDY & KENNEDY

NERVOUS DEBILITY

Thousands of young and middle aged men are annually swept to a premature grave through EARLY INDISCRETIONS, EXCESSES AND BLOOD DISEASES. If you have any of the following symptoms consult us before it is too late. Are you nervous and weak, despondent and gloomy, specks before the eyes, with dark circles under them, weak back, kidneys irritable, palpitation of the heart, bashful, dreams and losses, sediment in urine, pimples on the face, eyes sunken, hollow cheeks careworn expression, poor memory, lifeless, distrustful, lack energy and strength, tired mornings restless nights, changeable moods, weak manhood, premature decay, bone pains, hair loose, sore throat etc.

BLOOD POISONS Blood Poisons are the most prevalent and most serious disease. They sap the very life blood of the victim, and unless entirely eradicated from the system may effect the future generation. Beware of Mercury. It only suppresses the symptoms—OUR NEW METHOD cures them.

OUR NEW METHOD TREATMENT alone can cure you, and make a man of you. Under its influence the brain becomes active, the blood purified so that all pimples, blotches, and ulcers disappear, the nerves become strong as steel, so that nervousness, bashfulness and despondency vanish, the eye becomes bright, the face full and clear, energy returns to the body, and the moral, physical, and vital systems are invigorated; all drains cease—no more vital waste from the system. Dont let quacks and fakirs rob you of your hard earned dollars. We will cure you or no pay.

READER No matter who has treated you, write for an honest opinion Free of Charge. BOOKS FREE—"The Golden Monitor" (illustrated)

Auction Sale of Timber Berths

Dokis Indian Reserve

There will be offered for sale by public auction, at an upset price, in the Russell House, in the City of Ottawa, on Wednesday, the 27th day of June, 1908, at the hour of ten o'clock in the forenoon, timber berths numbered 1 to 8, inclusive, covering the pine timber of nine inches in diameter and over at the stump and no other, on the whole of the Dokis Indian Reserve situate on the French River in the Province of Ontario.

Each limit will be offered separately at a bonus, ten per cent of which to be paid in cash on day of sale and notes to be given for the remainder, payable in three, six and nine months, at the Bank of Montreal, in the City of Ottawa, with interest at six per cent, in addition to Crown dues at the rate of $2.00 per M. feet B.M. and $6.00 per M. feet C.M., an annual ground rent of $24.00 and a license fee of $4.00, the cash payment to be forfeited upon failure to pay the balance of bonus, within the time above mentioned.

The licenses will be issued in due course after payment of notes above specified, and will be renewable yearly upon compliance with all conditions thereof for a period of ten years and no longer, and will be subject to Manufacturing Conditions in accordance with the provisions of Order of His Excellency in Council of the 19th day of April, 1901.

Dues at the rate above specified to be paid on sworn returns, as required by the Timber Regulations of the Department.

Information regarding the limits berths in question may be had upon application to the undersigned.

The unauthorized insertion of this advertisement will not be paid for.

J. D. McLEAN,
Secretary.

Department of Indian Affairs,
Ottawa, April 8, 1908.

Tenders for Bending Machine, Sorel

Tenders addressed to the undersigned at Ottawa, and endorsed on the envelope "Tender for Bending Machine, Sorel," will be received at the Department of Marine and Fisheries, Ottawa, up to noon of the

EIGHTEENTH DAY OF MAY, 1908,

for the furnishing of one machine for bending steel boiler plates, to be delivered at the Government Shipyard at Sorel, P. Q.

Specifications and detailed information can be obtained from the Department of Marine and Fisheries, Ottawa, from the Director of the Government Shipyard at Sorel, and from the Agent of the Department of Marine and Fisheries, Montreal, P. Q.

Each tender must be accompanied by an accepted cheque on a chartered Canadian Bank, for the sum of $800,000 to the order of the Minister of Marine and Fisheries. This cheque will be forfeited if the party whose tender is accepted declines to enter into a contract to deliver the bending machine, or fails to carry out the contract. If the tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

Newspapers copying this advertisement without authority from the Department will not be paid.

F. GOURDEAU,
Deputy Minister of
Marine and Fisheries.

Department of Marine and Fisheries,
Ottawa, Canada, 21st April, 1908.

BUY

Prince Rupert

—AND—

Hazelton Lots

Having obtained inside information on property in both of these promising cities, and as I expect to receive choice of the first allotment of property to be put on the market, and will be on the ground to make selections, persons desirous of getting in on the purchasing of lots, can do so by making application in writing and enclosing check for $100.00, which entitles them to first choice of lots marketed, and at first price before they are offered to the public. In case you upon receiving the offerings from time to time of sales, do not purchase any, your money will be refunded.

In case you purchase, the money you put up to get this inside information and quotations will be applied on the first payment of your property purchased.

PRINCE RUPERT. It is almost needless to make any lengthy description on this place for we all know its the terminus of the Grand Trunk Pacific Railway, in B. C., situated on Kian Island, at the mouth of the Fraser River. It is estimated that owing to the great rush of gold seekers and others seeking wealth and new locations that Prince Rupert will have a population of 150,000 before next winter.

HAZELTON is another almost equally promising a city, situated at the head of navigation on the Skeena River, on the main line of the Grand Trunk Pacific, also being the junction point of the Line from Dawson City. With these and other existing natural conditions and the prospects of a great development, it is looked upon as a great place to advance.

If you want to get in right and on the bottom prices and get the pick of the stuff, write and accept this opportunity.

No triflers wanted or those seeking for information for curiosity.

DRAWER 1163, TIMES OFFICE.

Provincial Elections will Take Place on Monday, June 8th

Nominations will Take Place One Week Earlier

Voters' Lists are Ready

Dissolution—Saturday, May 2nd.
Nominations—Monday, June 1st.
Elections—Monday, June 8th.

Toronto, April 30. At the conclusion of a protracted session of the Ontario Cabinet yesterday Hon. J. P. Whitney, the Prime Minister announced the following dates. The eleventh Legislature will be officially dissolved by the Lieutenant-Governor, on Saturday and the campaign will be on. Strong representations were made on behalf of the commercial men that the elections be held on Monday, and these, Mr. Whitney said last night, had been given consideration.

The Prime Minister also stated that no trouble was anticipated regarding the voters' lists in any district, indicating that the preparatory work in the new ridings has been completed.

This is the first appeal to the people of Ontario by a Conservative administration, and it will be the twelfth general election held since the passing of the British North America Act. Following Confederation the Sandfield Macdonald Administration, a coalition ministry, maintained power from July, 1867 to December 19th, 1871. Then came the Blake Government which held office from December 20th, 1871, to October 25th, 1872, following which Sir Oliver Mowat was in power from October 25th, 1872, to July 19th, 1896. On July 25th the Hardy Government came into power and continued in office until October 17th, 1899. The Hon. Geo. W. Ross first took office on October 21st, 1899, and his Administration continued until February 7th, 1905, when the Conservatives were returned under the leadership of the present Premier.

The Legislature at present is composed of 72 Conservatives, 24 Liberals, one Independent Liberal and one Labor representative. The next House will contain 160 members, four additional representatives for Northern Ontario in the new ridings of Temiskaming, Sudbury, Fort Frances and Sturgeon Falls, and four more for the City of Toronto.

T. E. Bradburn, M.P.P., Replies to Ald. Gillespie's "Open" Letter

In The Times of some days ago appeared an open letter over the signature of Mr. G. A. Gillespie, Liberal candidate for West Peterborough for the Ontario Legislature. This letter need not be given in full again as the main part of its argument or contention is covered or described in the appended letter from Mr. T. E. Bradburn, M.P.P. It suffices to say that Mr. Gillespie wrote an open letter to Mr. Bradburn asking that a certain amount to put up by each contending candidate to ensure a "clean" election.

Mr. Bradburn's reply was as follows:

Peterborough, April 29th, 1908.
G. A. Gillespie, Esq.,
Peterborough, Ont.

Dear Sir,—Your favor of the 26th instant, was duly received. Absence from the city on that and the day following; public duties on Wednesday and further absence later prevented me replying earlier.

Your letter was not stated to be an "open" one. I took it to be private, and I was surprised to find that you, expecting to gain a little political advantage, or capital had published it, as that it was later referred to in the Examiner as "open."

Referring to the matter of your communication. I quite agree that the contest in West Peterborough as in every other constituency should be carried on in strict accordance with the provisions of the law and in this way only, in the present as in the past, shall I conduct the contest.

I must say, that any such extraordinary methods as you propose for accomplishing that end have never been adopted elsewhere, and I should consider that we both would be stultifying ourselves by entering into an arrangement of this kind.

I see no reason for even hinting that any improper means will be used in the coming contest by either of us. I therefore beg to decline your proposal but I will certainly prosecute anyone breaking the law.

Yours truly,
T. E. BRADBURN.

POLICE

At the police court yesterday morning a case that has given a branch of the local sporting community some food for thought was heard, that of the charge against a number of young men to the effect that they had committed the heinous crime of playing Sunday baseball in North Monaghan. In consequence the court was crowded. Eleven young men had up before the bar, and though their counsel, Mr. Gordon, admitted having played "At Ball" on Sunday afternoon. A dispute arose between Mr. Gordon and Chief Ross as to the act and section under which the charge was laid. Mr. Gordon submitted that the information in the case was laid under a statute that is now repealed; that is the Dominion Act, and that the offence was not covered by the Ontario Act. The magistrate withheld judgment until this morning.

William McGrath was charged with having assaulted his wife, and having done her serious bodily harm. Mr. Gordon, for the prosecution, declined to act. Mr. Kerr appeared for the complainant.

Mrs. McGrath, the witness, said she had been married to prisoner for 15 years, and had five children. Between midnight Tuesday and one o'clock Wednesday morning, when she was in bed, McGrath came in and wanted her to get up and prepare a hot supper for him. Defendant choked her. He then went down stairs for a bunch of keys and came back with it. He was drunk. Marks were left on her neck where he choked her. She had left a cold supper ready for him on the dining table. The little girl got up and got a hot supper for him. He threw her out on the floor when she was only in her night dress. Her arm was hurt so badly where he shoved the door against her that she had to get a doctor. She returned to the house afterwards, and went upstairs. As she was there sitting on the side of the bed, prisoner came up with a butcher knife and told her to get out in five minutes or he would kill her. He took the clock downstairs and watched it whilst the five minutes went by. Then he told her that her time was up. In the meantime she got some of her clothes on and threw the children's clothes out of the window. She took the children under her arm and thought it unsafe to leave them. He locked the door when she went out. When she went to a neighbour's house it was 4.30 a.m. She went back to the house after three or four days. This was the first time he used a knife but he had threatened her before and choked her on a previous occasion.

To Mr. Gordon, she said the prisoner is jealous of her and she of him. People have told her things about his acts that gave her cause for jealousy. She told him that night that she owned the house. Drink was the final origin of the troubles and stories she had heard of his going with other women. Her husband had bought the house but she had sold her cow and put the proceeds into the house.

Here the magistrate remarked that he thought the family troubles had no direct bearing on case in point. Whiskey is the real cause of all the trouble.

The magistrate thought it was only a common assault.

His worship said he would bind the defendant over to keep the peace and make him keep away from the house. He thought the best way out of the difficulty was for Messrs. Kerr and Gordon to meet and draw up papers of separation between the man and wife, so that the defendant would settle the house and furniture on the family and make provision for support of his five children. He enlarged the case until this morning.

Directions for Home Made Blood Medicine

This Splendid Prescription Should be Known to All

That the readers of this paper appreciate advice when given in good faith is plainly demonstrated by the fact that one well-known local pharmacy supplied the ingredients for the "vegetable prescription" many times within the past two weeks. The announcement of this simple, harmless mixture has certainly accomplished much in reducing the great many cases of kidney complaint and rheumatism here, relieving pain and misery, especially among the older population, who are always suffering more or less with bladder and urinary troubles, backache and particularly rheumatism.

Another well-known druggist asks us to continue the announcement of the prescription. It is doing so much real good here, he continues, that it would be a crime not to do so. It can not be repeated too often, and further states many cases of remarkable cures wrought.

The following is the prescription, of simple ingredients, making a harmless, inexpensive compound, which any person can prepare by shaking well in a bottle: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Any first-class drug store will sell this small amount of each ingredient, and the dose for adults is one teaspoonful to be taken after each meal and again at bedtime. There is enough here to last for one week, if taken according to directions. Good results will be apparent from the first few doses.

CANADA'S PULP WEALTH.

Something Should Be Done to Conserve Great National Asset.

"Is Canada to go on exporting, in ever-increasing quantities, a great natural asset in its practically natural state, or is she to take such action as will result in its manufacture within her own borders, and thus have the payrolls of many, many millions of dollars paid to Canadians, in place of United States, labor, as at present?"

This was the vital problem submitted to the Canadian Club at Toronto recently by E. H. Lewis, M. P. for West Huron, in an address on "Pulpwood and Paper."

Canada, said the speaker, had already arrived at that point at which Canadians could no longer speak of their inexhaustible forest supplies. Canada, however, still had the greatest areas of commercial timber in the world to-day, and in Ontario and wood. Pulpwood cut on the crown lands in Ontario had to be manufactured into pulp or paper in the province. Quebec had no such restrictions, and no steps were being taken to prevent United States corporations from adding to their already immense holdings of timber lands. This was true also of Nova Scotia. The Americans were acquiring vast areas that they might secure supplies for their mills south of the line and give employment to thousands there at the expense of Canada. According to The Wall Street Journal the International Paper Co. had secured 1,255,000 acres of timber land, and most of it in Canada.

For the 650,366 cords of pulpwood exported to the United States in the year ending June 30, 1907, $6 a cord is left in Canada.

"The Americans even go so far as to deny to Canadian vessels the privilege of carrying that pulpwood across the lake to the American mills," said Mr. Lewis. "Of fourteen vessels carrying pulpwood from Lower St. Lawrence, Quebec ports, to Wisconsin ports last season, twelve were United States and two Norwegian boats. Now, supposing this exported pulpwood was manufactured into pulp in Canada it would leave this country, and I give the lowest possible figures, for ground pulp $20 a cord in place of $6. If made into sulphite fibre, $30 to $32 per cord; made into paper, $40 to $45 and up. The best Massachusetts line runs as high as $348.02 per ton. Would it not be better to have the wood manufactured in Canada than to continue to export our raw material to the United States, where it is not only used to meet their own demands but also to undersell us in the British and other markets?

"Here is an object lesson: Japan imports 5,000,000 lbs. of British paper and 8,500,000 of American paper—Canada is not mentioned. England imports $28,389,075 worth of paper—principally from the United States. Where does she get her wood pulp? From Canada. Yet Canada is not mentioned.

"I believe, for obvious reasons, that the press of the United States would fight against any action by their Government which would have a tendency to keep out of their market paper made in Canada. We have control of the raw material necessary for the making of their newspaper."

Will Make Canada Warmer.

A startling theory as to the future of the Canadian climate has been put forward by Mr. M. B. Cotworth, of York, England, who was in Montreal recently on his way home after a sojourn in Alaska. He states that the North Pole is shifting and the climate is changing, making the northern territories of the American continent warmer and Siberia and Asia colder. He claims that he has gathered irrefutable evidence of this in Alaska, and that this evidence will be discussed at the next meeting of that famous body of scientists, the British Association.

His theory is that the immense accumulations of ice along the Canadian shore and in the Arctic ocean, and in particular in Baffin's Land and Greenland, is by the force of gravity slowly pushing the crust of the earth over towards Siberia, where there are no accumulations of glacial ice to counteract the movement. This means that the North Pole and the Arctic Circle generally is moving, and that an inevitable consequence will be a warmer climate for Canada.

As showing the incalculable weight of the ice in the north, he says Greenland is covered with a blanket about 10,000 feet thick, while the whole of the colossal icefield in the north would be sufficient to cover North America with a sheet 1,000 feet thick. This ice, he says, is accumulating faster than it disappears, and the movement of the earth's crust is becoming proportionately more rapid.

One curious effect of this change, it is said, may be a number of boundary difficulties between Canada and the United States. At present certain boundaries are fixed by latitude, and if the North Pole is really moving the latitudes are changing also, rendering it advisable that the boundary be speedily marked everywhere by permanent monuments where it has not been so marked already.

The Dominion's Revenue.

The statement of revenue and expenditure of the Dominion for the fiscal year ending March last, representing receipts and payments which have passed through the books of the Finance Department up to the last day of the month, show a total revenue of $94,708,982 and a total expenditure on consolidated fund account of $65,088,374. These figures, of course, do not represent the full return for the year, which will not be available for several weeks yet. When the final balance for the year is struck it is expected that the total revenue will be fully $96,500,000, and the total consolidated fund expenditure about $79,000,000, thus leaving a surplus of approximately $17,500,000, as estimated by Hon. Mr. Fielding in his budget speech. The total revenue for the preceding twelve months was $86,805,464. The increase for the past fiscal year was therefore about $9,700,000.

BIG CUSTOMS DECREASE.

Ottawa, April, 30.—Customs receipts for the Dominion during the month of April, totalled $3,449,947 a decrease of $1,018,446 as compared with April of last year.

JAPANESE CRUISER EXPLODDD KILLING OVER 150 JAPS

The Lost Includes a Majority of the Officers--Sons of Prominent Japanese Nobility were Among Those who were Killed

Tokio, April 30.—Admiral Yoshimitsu, commander of the training squadron, reports that an explosion occurred in the stock magazine of the cruiser Matsushima at 4.00 o'clock this morning while anchoring at Makang, a harbor on the Pescadores Islands. The Matsushima immediately sank and only the bridge was visible.

Efforts to rescue by boats from the cruisers Hashidate and the Itsukushima continued until 9 a.m., saving the lives of 141 men, including some officers. The majority of the officers were not saved. At the time of the admiral's report the cadets aboard numbered 58 out of a complement of 300. It is feared all are lost.

The sons of Baron Chinda, Vice-Minister of the Foreign Office, and of Prince Oyama, Field Marshal, are among them. Captains Nanri, Yoshimori and Yashiro are also thought to be lost.

The cause of the explosion is unknown.

The Matsushima is a protected cruiser. She was built in 1900. Her displacement is 4,237 tons, length 295 feet. She has two decks, and twelve gun positions. Her armament consisted of one 12.6 inch caliber gun, 26 quick firing guns and six machine guns. She had also four torpedo tubes. Her complement is given in the books of record as 350 men.

If the cruiser had 300 men on board at the time of the accident, 150 men lost their lives.

WAS AT PORT ARTHUR

The Matsushima took part in the Russo-Japanese war. She was instrumental in November, 1904, in sending Russian torpedo boats that were attempting to escape from Port Arthur to the bottom.

Accounts in the Japanese Navy have been rare. There was an explosion of powder on board the battleship Kashima last September, in which 27 men were killed, and in September, 1905, the battleship Mikasa, which was Admiral Togo's flagship in the Russo-Japanese war, was partially destroyed by fire and the explosion of her magazine at Sasebo. No men lost their lives in this accident.

Registration for Elections will be Held Here Between May 11 and 15

Registration to be Held in Twenty Ontario Centres

Poll Books Forwarded

On a date to be determined by the registrars themselves, and between May 11th and May 15, the courts for the registration of manhood franchise voters for the Provincial election on June 8th will be opened in twenty Ontario centers.

Registration will be held at Belleville, Berlin, Brantford, Chatham, Fort William, Guelph, Hamilton, Kingston, London, Niagara Falls, Ottawa, Peterborough, Port Arthur, St. Catharines, St. Thomas, Stratford, Toronto, Windsor, Woodstock and West Toronto.

The Act provides that the registrars will be the county judges, the police magistrates and the local masters or clerks of the county courts. The chairmen of the various registration bodies are appointed by Orders-in-Council. This, the Prime Minister stated yesterday morning, had not yet been done.

The day that the writ for election will issue has not yet been determined. Upon that day the Clerk of the Legislature, Mr. A. H. Sydere, will notify the chairman at each center to call his colleagues together and determine the day of sitting, the first of which must take place not earlier than twenty days nor later than sixteen days before nomination. The poll books will be forwarded to the clerk of the peace in each centre.

Splendid Program Rendered by Girls' Guild

A large and appreciative audience attended the concert given by the Girls' Guild of George street Methodist church, held in the school room of the church last night.

The program in its entirety was an excellent one, the following are among those who took part:

Piano Duet—Misses Gumpricht
Solo—Miss Manning.
Reading—Mr. Soden
Selection—George's Male Quartette.
Solo—Miss Howell
Violin Solo—Miss Wilde
Solo—Mr. Mills
Reading—Miss Toms
Solo—Miss Rosser, with violin obligato by Miss Choat.
Solo—Miss Wilkes.
Solo—Mr. Johnston

A laughable feature of the program was the dialogue entitled "A business meeting of the Ladies' Aid Society, by twelve members of the Girls' Guild. These young ladies were grotesquely attired in the fashion of the 13th century, and presented a very laughable picture to the audience. Those who took part in the dialogue were: Misses Ruth Carlisle, Ida Shera, Storey, H. Dobbin, Carlisle, Ida Shera, Storey, W. Dobbin, Nichols, Eyres, Edgecumbe, Elliott, L. Bingham, Grey, Carlisle, Stewart.

First Annual Concert of New Orange Lodge

The Orange Hall was well crowded last night, the occasion being the first annual concert of the Duke of Manchester Lodge, No. 50, L.O.B.

This lodge is a new organization having only been formed a month ago. However a large membership has been secured and the future success of the lodge is assured.

The program rendered was an excellent one which was in two parts. The chair was occupied by County Master Mr. W. H. S. Armstrong, who with a few opening remarks introduced the following program:

PART I

Instrumental Solo—Mr. W. Irwin.
Recitation—Mr. Bamford.
Vocal Solo—Miss Maud Tattenson.
Vocal Duet—Misses Lee.
Comic Song—Mr. C. Coleman.
Address—Rev. A. H. Bruce.

PART II

Instrumental duet, violin and piano—Mr. and Miss Elliott.
Instrumental Solo—Miss Geraldine Byers.
Vocal Solo—Mr. E. Chambers.
Instrumental Solo—Miss J. Tattenson.
Vocal Solo—Mr. Geo. Baton.

During the intermission dainty refreshments were served. At the conclusion of the program votes of thanks were passed to Rev. A. H. Bruce, to those taking part and to the ladies who assisted in serving refreshments.

A very enjoyable evening was brought to a close by the singing of the National Anthem.

Local Amateurs in Operetta

The "Day in Flowerdom" operetta performed by local talent at the Conservatory of Music Hall, was a great success. The following local ladies and gentlemen assumed the parts respectively noted below:

Mr. Jacques Rose, Mayor of Rose Arbor—Herbert Rush.
Mme. Rose, his wife—Miss Grace Todd.
Pink Rose and White Rose—Their daughters — Geraldine Rudkins and Nellie Hallahan.
Flora, Queen of Flowerdom—Miss Mona O'Shea.
Mlle. Cricket, a Prima Donna — Jessie Callendar.
Miss Moss Rose, a Spinster—Miss Pearl Morgan.
Miss Lilac, Miss Daisy, Miss Blue Bell—Buds of Rose Arbor—Ethel Morrison, Jessie Cressman, Margaret Sanderson.
Mr. Sunflower, a gay bachelor—James O'Brien.
Mr. Pansy, master of ceremonies—Alex. Fortye.

Dominion House Will Continue to Sit Till July

Ottawa, April 30.—Not much stock is taken here in the story that the House will be dissolved at an early date and that the Government will make an appeal to the country. Perhaps the Government would like to adopt this course but it is practically impossible for it to do so. With a majority of 50 with which to force supply, a plea that the Government could not get its money voted would be childish and would have no effect in the country. It is pretty safe to say that the House will continue to sit till July.

240 Lost with Cruiser, Says Embassy Cablegram

LATER.

Washington, April 30.—Commander Taneguchi, the naval attache of the Japanese Embassy, said today that the regular complement of the lost vessel was 355 men, and that on her cruise she had about 50 cadets aboard, making a total of 415. His cablegram, he said, indicates that about 175 were saved, which would make the loss of officers and men about 240.

Acting Secretary of the Navy Newberry today sent the following cablegram to the American naval attache at Tokio, who is directed to present it to the Japanese officials:

"Express to the Minister of Marine deep sorrow and sympathy of Department and American Navy at terrible accident on board the Matsushima in which many gallant Japanese officers and men are reported to have lost their lives."

Season Well Advanced in the North-West

Yesterday The Times was shown a bunch of grass sent from the immediate vicinity of Maple Creek, Sask., by Mr. A. E. Dixon. The grass was about 12 feet long, which goes to show the advanced state of vegetation in the Western Provinces.

Lady Golfers Hold Meeting

The ladies' section of the Peterborough Golf and County Club held their organization meeting in the club house yesterday afternoon, at which plans for the coming season were discussed.

Reception to Mr. and Mrs. Campbell

A reception was tendered last night to Mr. and Mrs. Campbell on their return from their honeymoon. The newly wedded couple arrived home on the G.T.R. train at 9.30, and immediately drove to the home of the bride's mother, at the Palace Restaurant, George street, where they together with some twenty-one guests sat down to a sumptuous supper of roast turkey and salads.

The tables were very prettily decorated with roses and carnations, the bridal cake acting as the centre-piece.

During the course of the supper, the Rev. Mr. Potter spoke a few words of splendid advice on new home making, and concluded by wishing the happy young couple every success in life.

Rev. Mr. Potter, who acted as toastmaster, proposed the health of Mr. and Mrs. Campbell, which was responded to by the groom.

"The King" was the next toast proposed and three present fittingly responded by singing the National Anthem.

The remainder of the evening was spent in games and music and the happy gathering broke up at midnight, but not until all had wished the young couple happiness, did the guest depart.

Mr. and Mrs. Campbell will shortly take up their residence on Weir street.

Valuable Advice for Farmers

In his notes for farmers for May, Mr. John Exter, Farm Superintendent, Macdonald College, says:

"Do not be in a hurry to let the animals on the pastures.

"Sow carrots, mangels, sugar mangels, sugar beets and vegetables now early this month. Sow plenty of seed. It is easier to thin out than to transplant.

"Corn Land.—If it was not prepared last autumn, plough shallow just before planting, especially if there be couch or quick grass in the land. Work the surface thoroughly before planting.

"Sowing Corn.—Watch for a warm condition of soil. Quick germination is desirable. Sow fairly thick, thin out in June.

"Harrow the corn land lightly and thoroughly just before the corn comes up, also after it is well up, and thus save hoeing, and hasten the growth. Use a shaving tooth harrow.

"Plant some pumpkins in the corn, or roots after they are up.

"If clover has not been sown with wheat, oats, barley or peas, harrow all with a shaving tooth harrow when the crops are 6 to 8 inches high.

"Any part of the meadow has been winter-killed, plough up and sow with spring rye or barley.

"Bees.—Examine all colonies. See that they have a good laying queen and plenty of stores.

"If we get fruit and clover bloom, uncap one side of a frame of honey each alternate evening, keep up brood rearing. Strong colonies in May give best results.

"Open all windows of the cellar and root house. If in use, put on screens.

Catarrh Cannot be Cured

With LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

In the Realm of Sport

BASEBALL

Hank O'Day has signed a contract to umpire in the National League this year, and this makes President Pulliam's staff complete. The others, Emslie, Klem, Johnstone, Rigler and Rudderham, already had signed. Rudderham is the newcomer of the staff. He was with the Southern League last season, umpiring a few games in the National near the close of the season. Emslie is the dean of the corps, and when he gets through umpiring it is President Pulliam's intention to appoint him chief of umpires. Once before there was a chief of umpires, but he was little more than a figurehead. With Emslie, however, if the plan goes through, there will be a real job, one that will take some of the work of looking after the umpires off President Pulliam's shoulders. Bill Johnson has signed all of his American League umpires. He also has six of them—Hurst, Evans, Egan, Sheridan, O'Loughlin and Connolly.

Manager Murray announces that he has secured two new men for the Guelph professional baseball team. The men are Tom Purcell, a short-stop of Troy, N.Y., and Sam Seifert, of Erie, Pa., a pitcher. The men will report about May 4. Manager Murray hopes to be in a position to announce the Guelph team's full line-up in a few days.

TOPICS OF THE TURF.

Wm. Robinson of Toronto, has sold his black pacer Johnnie Riley, to Mr. Ward of Cookeville.

Brockville, April 30.—The race committee of the Brockville Fair have provided for an additional stake event for the forthcoming exhibition making three altogether, for a purse of $500 each. These will embrace the 2.20 trot, 2.50 and 2.20 pace. Besides these events there will be a 2.35 trotting and pacing programme.

Announcement is made that Harry McDonald, the trainer of N. Brenen's horses, who was suspended at Fort Erie last summer, has been restored to good standing. All the other applications in connection with the case were refused.

Betting at the Woodbine spring meeting will be conducted on precisely the same lines as last fall, except that the layers will move about without fear of molestation. No attempt will be made to pay off at stationary stalls.

There is no truth in the statement that Courtown II. is to be galloped down from Barrie to the Woodbine as a hard-working nose as prior to the other journey at the track, that Mr. Dymond's friends hope will not prove too long.

Mr. Geo. W. Powell of Orillia, is at the Driving Park with three horses, Orillia Belle, 2.15 1-4; City Queen, the fast green mare owned by Lou Bennett, Port Hope, and a two year old colt. Mr. Powell will likely have some more horses to his string and will get them into shape for the Turf Club's races on May 24th. The two year old colt looks like a promising one and is a half brother of the famous Angus Pointer.

A team and harrow are at work on the driving park track getting it into shape. It is expected that the track will be in shape for working out the horses on Saturday next.

New York Americans' Dave Nicol, better known around here as "Nicol-in-the-pilot," made his first appearance of the season when he had the mound on Minnie Adams in the fourth event. Nicol is not very popular in this part of the country. His chief claim to fame is that he rode Spanaby when the late Keene colt was unbeatable.

Spring TirednessCured By Harmless Remed

Many are Using it and receiving benefit from its strength-giving power.

All winter long you worked hard. Time took toll of nerve force. It lasted so far, but now it's all gone, and you feel half dead.

Somehow you must get new vitality and more nerve force. The water in your blood must be turned into strength and building material. Your fretful appetite must be braced up. Some new power must be imparted to your weak body.

This is just what happens in using Ferrozone, which is an instant blood maker, blood-enricher and nerve builder.

Ferrozone not only creates keen appetite, it goes further, improves digestion and assimilation, so that every particle of food is converted into nerve and muscle force.

By building up new nerve force and making each organ do the work that nature expects of it, Ferrozone quickly increases your weight and instils a reserve of vigor into the system that defies weariness, exhaustion, spring debility or sickness of any kind.

To prove the enormous strengthening power of Ferrozone we quote the following letter from Mrs. Cecil P. Gourmally, well known in Middleville: "Last March I was very run down and thin. I had no appetite and scarcely felt like eating at all. My face was pallid and haggard and I had dark circles under my eyes. My weight was seven pounds under normal, and day by day that awful spring weariness dragged me down. The change Ferrozone wrought was surprising. It must certainly contain wonderful building and strengthening properties, because I gained strength, flesh and appetite from the day I started it. I speedily came back to vigorous buoyant health with Ferrozone, and recommend it as the best medicine any person in weak health can take."

Ferrozone strengthens the weak, restores the anaemia, soothes the nerves, assists men, women and children to better health. Try it. 50c. per box or six for $2.50, at all dealers.

Morning Times

This paper is the only Morning Daily published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

Strangers visiting Peterborough are cordially invited to make their headquarters at the office of the Morning and Weekly Times, where they will be furnished with writing material, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $2 per year, strictly in advance.

TRADE RETURNS

An evidence of the rapid expansion of Canadian trade under the Laurier government's splendid tariff policy is shown in the large increases to be noticed in the returns just made public wherein a gain of twenty-six million dollars is made in the past year.

The total trade of Canada for the fiscal year 1907-8 reached the enormous total of $638,390,291, as compared with $611,571,351 in the preceding twelve months, an increase of $26,818,940.

The total imports for the year were $358,372,695, as against $320,344,745, an increase of $18,008,949. The total exports were $280,016,596, an increase of $7,810,000 over the previous year, when the total was $272,206,605.

The imports for the month of March showed a falling off of $6,780,944, the totals being March, 1907, $36,842,076; March, 1908, $30,062,238. The duty collected was in March, 1907, $5,911,-438, and in March, 1908, $4,962,855, a falling off of $923,465.

The exports for March this year totalled $13,673,695, as against $16,130,-095 in March, 1907, an increase of $2,-442,600.

The duty collected for the fiscal year was $68,239,737, an increase of $5,814,-231 over the previous twelve months.

News from Newfoundland

To show by contrast that this Ontario weather of ours is not so bad after all, and that the average untravelled Englishman's idea that Peterborough and Toronto streets are often impeded by walruses and polar bears is incorrect, we might compare conditions existing here and in Newfoundland. Here, as a local Ireland descendant of Ananias, remarked to The Times yesterday, "Im waked up every morning now-a-days by the noise of buds on the trees bursting and grass shoots throwing rocks aside," we have spring weather, somewhat qualified by chills, it must be admitted. Yesterday Mr. G. Biggs, a well known local citizen, received a letter from a relative of his living in St. John's, Newfoundland. Mr. Biggs' correspondent, in his communication, remarked that "we have a trifle over two feet of snow left yet and the weather is very cold still." TWO FEET OF SNOW! Good Cesar's ghost! How our local coal barons would welcome such climatic conditions here! Ontario is good enough for the average resident of Peterborough without two feet of snow, even with whole herds of airlines thrown in, and a few transatlantic steamers occasionally calling in their endeavor to dodge ice bergs.

A Bankers' Baseball Club has been organized in Lindsay with Harry Nash as president and R. W. Green as one of the management committee.

$500,000 HANGS ON DIVORCE.

Romance of British Columbia Leads to Marriage Tangle.

Property in Lanarkshire and Stirlingshire worth $500,000 depends upon the result of an action which has developed out of a matrimonial romance in British Columbia.

The question raised is whether the defendant, Richard Stirling, was legitimate, and that depended upon whether the marriage of his father, Walter Stirling, now deceased, was valid. The problem takes its origin from a divorce obtained by a Scotsman in North Dakota, U.S.A.

The story was outlined by counsel: Mr. George Smith was born in Forfarshire, the son of a minister of the Church of Scotland. He went to Canada when 22 and never returned. At a place called Rat Portage he joined Mr. Edward Seager, a land surveyor, and married that gentleman's sister, Evangeline Grace, a Canadian lady, and the marriage was registered in Manitoba.

Mr. and Mrs. Smith went to the territory of Washington, but went back to Canada before completing the two years' residence necessary to become American subjects, and lived in Alberta, British Columbia.

Shortly after they went there Walter Stirling appeared on the scene. He entered into partnership with Smith in business connected with lands, mines, and timber. Stirling was a man of means, and found the money. Three children were born to Mr. and Mrs. Smith—Jesse, George and Jane. The Smith family and Stirling lived in the same house.

On the last day of December, 1894, Walter Stirling departed from the house, leaving a message to the effect that if Mrs. Smith found life unbearable with her husband she could follow him. He went twenty miles away. Mrs. Smith did find "life unbearable" in a day or two and left her husband and joined Stirling.

Then Smith followed his wife, and there was a meeting between them and Walter Stirling. The partnership proceedings were arranged, but whether they arranged their subsequent divorce proceedings was another question, though counsel said he thought the evidence was strong that they did.

Mr. Smith consulted a lawyer, and with his elder daughter went into North Dakota and lived in a boarding-house. He stayed less than the ninety days to acquire a domicile, and then he began his divorce proceedings. He did not accuse his wife of misconduct, but he obtained his divorce on the ground of desertion, which "lacerated his feelings."

According to the laws of Dakota, Smith and his wife were parted forever, and the former returned to his home in British Columbia, where he married again.

Mr. Micklem, K.C., on behalf of the defendant, Richard Stirling, said that, assuming the marriage of Walter Stirling and Mrs. Smith—which followed the Dakota divorce of Mr. and Mrs. Smith—was not a good one, the child might be legitimate according to the Scotch law on the footing that the parents went through the ceremony of marriage believing that they were properly married.

Evidence of expert lawyers was taken as to the validity of the Dakota divorce, and also as to the bearing of the Scotch law.

The hearing was adjourned for further elucidation of Scotch law on the subject.

McLean Canyon, Hamilton River.

By a decision of the Geographic Board of Canada, the canyon below the Grand Falls of Hamilton river has been named "McLean," in honor of John McLean, an officer of the H. B. Co., who discovered the falls and canyon in 1839.

The following interesting account of McLean's visit to the falls is given in his book, entitled "Notes of twenty-five years' service in the Hudson Bay Territory," and describes the scene as he viewed it in August, 1839, when he arrived at the falls on his exploratory journey from Ungava Bay. "About six miles above the falls, the river suddenly contracts from a width of from four hundred to six hundred yards, to about one hundred yards, then rushing along in a continuous foaming rapid, finally contracts to a breath of about fifty yards, ere it precipitates itself over the rock which forms the fall; when still roaring and foaming, it continues its maddened course for a distance of about thirty miles, pent up between walls of rock that rise sometimes to a height of three hundred feet on either side. This stupendous fall exceeds in height the falls of Niagara, but bears no comparison to that sublime object in any other respect, being nearly hidden from the view by the abrupt angle which the rocks form immediately beneath it. If not seen, however, it is felt, such is the extraordinary force with which it tumbles into the abyss beneath that we felt the solid rock shake under our feet, as we stood two hundred feet above the gulf. A dense cloud of vapor, which can be seen at a great distance in clear weather hangs over the spot. From the fall to the foot of the rapid—a distance of 30 miles—the zigzag course of the river presents such sharp angles that you see nothing of it until within a few yards of its banks. Might not this circumstance lead the geologist to the conclusion that the fall had receded this distance? The mind shrinks from the contemplation of a subject that carries it back to a period of time so remote, for if the rock (syenite) always possessed its present solidity and hardness, the action of the water alone might require millions of years to produce such a result."

Killed by Snowball.

One can hardly imagine a snowball fight having a fatal termination. Yet at least one such case is on record. A young man home on leave from Egypt, and staying with his parents at Finsbury Park, London, was leaving the house one winter afternoon, when a squashy lump of half-melted snow, thrown by one of a number of boys who were pelting one another, hit him on the head. He gave one cry and fell down dead.

Pain Tablets. Pain always means congestion — unnatural blood pressure. Dr. Shoop's Pink Pain Tablets simply coax congested blood away from pain centres. These Tablets—known by druggists as Dr. Shoop's Headache Tablets — simply equalize the blood circulation and then pain always departs in 20 minutes. 20 Tablets, 25 cents. Write Dr. Shoop, Racine, Wis., for free package. Sold by all dealers.

BUY
Prince Rupert
—AND—
Hazelton Lots

Having obtained inside information on property in both of these promising cities, and as I expect to receive choice of the first allotment of property to be put on the market, and will be on the ground to make selections, persons desirous of getting in on the purchasing of lots, can do so by making application in writing and enclosing check for $100.00, which entitles them to first choice of lots marketed, and at first price before they are offered to the public. In case you upon receiving the offerings from time to time of sales, do not purchase, your money will be refunded.

In case you purchase, the money you put up to get this inside information and quotations will be applied on the first payment of your property purchased.

PRINCE RUPERT, it is almost needless to make any lengthy description on this place for we all know its the terminus of the Grand Trunk Pacific Railway, in B. C., situated on Kian Island, at the mouth of the Fraser River. It is estimated that owing to the great rush of gold seekers and others seeking wealth and new locations that Prince Rupert will have a population of 20,000 before next winter.

HAZELTON is another almost equally promising a city, situated at the head of navigation on the Skeena River, on the main line of the Grand Trunk Pacific, also being the junction point of the Line from Dawson City. With these and other existing natural conditions and the prospects of a great development, it is looked upon as a great place to advance.

If you want to get in right and on the bottom prices and get the pick of the stuff, write and accept this opportunity.

No triflers wanted or those seeking for information for curiosity.

DRAWER 1168, TIMES OFFICE.

Now is the Time

to place your orders for Awnings, so as to have the work ready when the spring opens. We would be pleased to give you quotations on any work which you expect to require. Just telephone us and we will have our representative call. We also solicit your orders for Waterproof Horse and Waggon Covers, Oiled Clothing, etc.

Auction Sale of Timber Berths

Dokis Indian Reserve

Timber will be offered for sale by public auction, at an upset price, in the Russell House, in the City of Ottawa, on Wednesday, the 24th day of June next, at the hour of ten o'clock in the forenoon, timber berths numbered 1 to 8, inclusive, covering the pine timber of nine inches in diameter and over at the stump and no other, on the west of the Dokis Indian Reserve situate on the French River in the Province of Ontario.

Each limit will be offered separately at a bonus, ten per cent of which to be paid in cash on day of sale and notice to be given for the remainder, payable in three, six and nine months, at the Bank of Montreal, in the City of Ottawa, with interest at six per cent. In addition to Crown dues at the rate of $2.00 per M. feet B.M., and $50.00 per M. feet B.M., an annual ground rent of $24.00 and a license fee of $4.00, the cash payment to be forfeited upon failure to pay the balance of bonus within the time above mentioned.

The licenses will be issued in due course after payment of notes above specified, and will be renewable yearly upon compliance with all conditions thereof for a period of ten years and no longer, and will be subject to Manufacturing Conditions in accordance with the provisions of Order of His Excellency in Council of the 19th day of April, 1901.

Dues at the rate above specified to be paid on sworn returns, as required by the Timber Regulations of the Department.

Information regarding the timber berths in question may be had upon application to the undersigned.

The unauthorized insertion of this advertisement will not be paid for.

J. D. McLEAN,
Secretary.

Department of Indian Affairs,
Ottawa, April 8, 1908.

Tenders for Bending Machine, Sorel.

Tenders addressed to the undersigned at Ottawa, and endorsed on the envelope "Tender for Bending Machine, Sorel," will be received at the Department of Marine and Fisheries, Ottawa, up to noon of the

EIGHTEENTH DAY OF MAY, 1908.

for the furnishing of one machine for bending steel boiler plates, to be delivered at the Government Shipyard at Sorel, P. Q.

Specifications and detailed information can be obtained from the Department of Marine and Fisheries, Ottawa, from the Director of the Government Shipyard at Sorel, and from the Agent of the Department of Marine and Fisheries, Montreal, P. Q.

Each tender must be accompanied by an accepted cheque on a chartered Canadian Bank, for the sum of $300.00 to the order of the Minister of Marine and Fisheries. This cheque will be forfeited if the party whose tender is accepted declines to enter into a contract to deliver the bending machine, or fails to carry out the contract. If the tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

Newspapers copying this advertisement without authority from the Department will not be paid.

F. GOURDEAU,
Deputy Minister of
Marine and Fisheries.

Department of Marine and Fisheries,
Ottawa, Canada, 21st April, 1908.

TENDERS FOR DREDGING

Sealed Tenders addressed to the undersigned and endorsed "Tender for Dredging," will be received until Friday, May 15, 1908, at 4.30 p. m., for dredging required at the following places in the Province of Ontario:—

Burlington, Blind River, Beaverton, Collingwood, Cobourg, Goderich, Hamilton, Kincardine, Little Current, Midland, Meaford, Owen Sound, Nigger and Telegraph Islands, Point Edward, Penetanguishene, Port Burwell, Port Elgin, Picton, Rondeau, Summerstown, Thames River, Toronto, Thornbury, Trenton Harbour and Dark Channel, Waubaushene, Wiarton and Wingfield Basin.

Tenders will not be considered unless made on the form supplied, and signed with the actual signatures of tenderers.

Combined specification and form of tender can be obtained at the Department of Public Works, Ottawa. Tenders must include the towing of the plant to and from the works. Only dredges can be employed which are registered in Canada at the time of filing of tenders. Contractors must be ready to begin work within twenty days after the date they have been notified of the acceptance of their tender.

An accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, for six thousand dollars ($6,000) must be deposited as security for the dredging which the tenderer offers to perform in the Province of Ontario. The cheque will be returned in case of non-acceptance of tender.

The Department does not bind itself to accept the lowest or any tender.

By order,
FRED. GELINAS,
Secretary.

Have secured a block of the

Calumet, Mancos' Oil and Mining Company's Stock

Par value $1.00

What they offer at 25c per Share for a short time

The property is situated at Mancos, Colo., and consists of 160 acres, fully paid for. The Company expects to secure at least 400 acres or more, we are negotiating for it now and the terms are satisfactory and there is coal on the same, and they also intend to secure some Coal Mines of which they have the refusal. Some of the best coal mines in Colorado are in this district, as well as some of the richest gold and silver mines. In fact this is one of the richest parts for mineral in the State of Colorado, and the Company has the refusal to several prospects on reasonable and easy terms.

In our opinion the prospects of the Company are very bright and a rapid advance in the price of the stock is sure to take place in the near future. Full information can be had by calling at our office.

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or Sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at an Agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of a homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father or mother.

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.

News in Brief

SUBSCRIBE $2,500 FOR FAMILIES

London, April 29.—The American Line has subscribed $2,500 to the relief fund for the families of the men of the cruiser Gladiator who lost their lives in the collision with the steamer St. Paul last Saturday.

GEO. S. McKINNON ILL.

Winnipeg, April 30.—George S. McKinnon, assistant master mechanic of the C.N.R., who came here seven years ago from Toronto, is dangerously ill at his Broadway residence.

FOUND TEETH 600 FEET DOWN.

Kimberley, April 30.—The Detroit company drilling here for oil has suspended operations. At a depth of about 800 feet they encountered the hardest kind of granite, and were forced to cease work. A few hundred feet the pump brought up bones and teeth—the teeth said to resemble horse teeth.

APOLOGIZES TO U. S.

Pekin, April 30.—The Mukden incident, arising out of an assault committed recently by a Japanese postman and other Japanese upon the native servants of the United States Consul-General, Willard D. Straight is regarded as being satisfactorily closed.

M. Kato, the Japanese Consul-General at Mukden, has written a letter of apology and regret to Mr. Straight.

The postman has been sentenced to one month's imprisonment and his two accomplices also have been punished.

That languid, lifeless feeling that comes with spring and early summer, can be quickly changed to a feeling of buoyancy and energy by the judicious use of Dr. Shoop's Restorative.

The Restorative is a genuine tonic to tired, run-down nerves, and but a few doses is needed to satisfy the user that Dr. Shoop's Restorative is actually reaching that tired spot. The indoor life of winter nearly always leads to sluggish bowels, and to sluggish circulation in general. The customary lack of exercise and outdoor air ties up the liver, stagnates the kidneys, and oft-times weakens the heart's action. Use Dr. Shoop's Restorative a few weeks and all will be changed. A few days test will tell you that you are using the right remedy. You will easily and surely note the change from day to day. Sold by all dealers.

Test of Cows in Central Smith

The result of the Government test in Central Smith resulted as follows.

Herd No. 1—No of cows, 2; herd average, milk lbs. 695, test, 4.0; butter fat per lb., 28.3; highest individual milk yield lb. 840; test 4.4; lowest individual milk yield, lb. 560; test 3.6.

Herd No. 5—No of cows, 1; herd average, milk lbs., 709; test, 3.7; fat lb. 25.9; high at individual milk yield lb. 709, test, 3.7; lowest individu l milk yield, lb. 709; test, 3.7.

Herd No. 6—No cows, 1; herd average, milk lb., 770; test, 3.1; fat lb. 23.8; high at individual milk yield, lb 770, test, 3.1; lowest individu l milk yield, lb. 770, test, 3.1.

Four cows average 715 lb. milk 3.7 test, 26.6 lb fat

YOUNG COUPLE DIED TOGETHER.

Boston, April 29.—Harry H. L. Baron, 17 years old, shot and killed his wife, to whom he was married in February, and then committed suicide today in their home in Salem. A note left by the couple showed that they had agreed to die together, and that the wife made no resistance to being shot. Despondency because the young husband could not get work is ascribed as the cause.

Weak Kidneys

Weak Kidneys surely point to weak kidney Nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To dosage the Kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine scalds, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggists recommend and sell

THE TIE THAT BINDS.

Marriage Not Heaven Nor Hell—A Lesson in Faith and Hope.

Suppose two people begin their married life on the plane of sanity and reasonableness," says Grace D. Goodwin in the course of a very interesting article. "They say marriage is not heaven nor hell; it is our chance to tutor our spirits in the great lessons of the soul, patience, charity, faith, hope. These things are to be learned by accepting life as it is and adjusting ourselves to it. Imperfections must be overlooked, blunders must be forgiven—aye, and sins. The man must be man enough to provide, to guard, to shield, to aid. Providing is not all. A full pocketbook is a poor substitute for a full heart. He must have a great store of courage and cheerfulness. These two virtues ought to blossom in the home from the man's planting. The woman must be woman enough to learn in its small details her business as manager and administrator of the home. It is not only behind the age, but, as Dr. Bushnell used to say, 'behind the ages,' to say what is now to be said. She must know how to cook and sew and spend money and care for children. That sentence does not read 'must spend money'—she must know how to spend money. And she must have endless patience with her imperfect husband, her imperfect children, her imperfect self; patience with the failures and blunders and mistakes and sins of everybody in that home; the unaggressive patience that does not say, 'You are all very trying, and I am behaving like a saint;' the patience that is a woman's first and middle and last qualification for a happy married life; the patience that takes even ill health and weakness with a smile, that does not play the martyr or call attention to the flames on which the family in its ignorance usually pours oil instead of water.

"Most necessary point of all, these two who are to build a home must have confidence in each other, must say 'we' and learn that, the two being one, everything must be shared. The sharing of joy and grief, the mingling of smiles and tears, the bits of humor that wake double laughter and make those trivial 'home jokes' which are signs by which you shall declare a happy family life—these are all so many ways of strengthening the walls. Everything must be shared. Those four words ought to take the place of the old 'God Bless Our Home' motto. Time must be shared; tolls must be shared; play, opportunity, money, anxiety, loss, vigils, prayers—all these must be not for one, but for both."

HEALTH AND BEAUTY.

If you wish to look slim, do not dress in white or light colored clothes.

A receding chin may be improved by massage. Its symmetry may be greatly altered by using a little face cream.

A long central line of trimming from throat to hem adds a certain height; so does a single flounce at the bottom of a skirt.

Burns should be treated with oil mixed with limewater if procurable, and flour, which is easily to be had anywhere, is good, the object being to cover the surface of the burn and prevent the air affecting it.

To remove ink stains from the hands with oxalic acid put an ounce of the crystals in a pint bottle and fill up with water. Mark the bottle plainly with the name and also the word "Poison." Wet a piece of cloth with the acid solution and rub the stained places. Use a pointed orange wood stick beneath the nails. Follow with a thorough washing in clear water.

What woman does not wish for long, curling eyelashes? They are one of the details that make a homely woman attractive, and it does seem as though they could be cultivated. Vaseline—pure white vaseline—rubbed on with a small brush every night is a splendid tonic for these much desired beauties. Keep the eye tightly closed that the grease may reach the roots of the stubborn lashes, although if the vaseline is fresh and of good quality it cannot hurt the eye. In fact, one woman who has found the remedy successful says that, on the contrary, the eyes become brilliant under treatment, while the longer lashes make a marked improvement in the appearance.

For Keeping Ice.

Besides great anxiety sickness in the house causes a great deal of extra work. In any disease accompanied by fever arises the complication of how to keep ice water always at hand, so at any minute the patient may have a refreshing drink.

It is very tiring for the nurse to run down several flights of steps to the basement, where the refrigerator is generally kept, to say nothing of the invalid, who is apt to be restless and exacting, and the long wait on the overwrought imagination makes her feel as if she was being neglected.

The following method for keeping ice upstairs is very good and shows how besides being reading matter a newspaper can be turned into a very useful article. One often wonders if the ancient Romans who first introduced the daily journal ever realised to how many uses it was going to be put and what they would think if they could look on the present generation and see the thrifty housewife rolling up carpets with it to keep out the moths and covering the pantry shelves.

Fill a pitcher with ice and water and set in the center of a newspaper, then gather the four corners at the top, bringing the ends tightly together. Place a rubber band around them to hold close and exclude air. A pitcher of ice water treated in this manner will stand all night with scarcely a perceptible melting of ice.

Touching.

"Not a cent," replied the rich man coldly. "Money is not good for the poor."

"Well," responded the applicant, "just pretend that you have a grudge against me."

Obliging Jailer.

Mayor—Where are you going? Village Constable—The three tramps I just locked up want to play whist, and I'm looking for a fourth.—Transatlantic Tales.

DEALING WITH CRIME.

Ontario's Experiment a Step in the Right Direction.

From "Bystander's" department of comment in The St. John's News the article which follows is reproduced. It is timely and very pertinent. The writer is a resident of Montreal, and his comparisons between the temperament, so to speak, of Ontario and Quebec, are always of interest. He has invited attention to many points at which the two provinces differ—all, of course, being attributable to differences in the character of two peoples. And Ontario has not suffered by comparison. In the present article "Bystander" draws attention to another matter—the question of dealing with crime and criminals—in regard to which there is a divergence of feeling and inclination in Quebec and in Ontario. He also makes some thoughtful comment on the tendency of human nature in general to seize upon "an incident rather than a philosophy," in its consideration of crime. He says:

Ontario is about to try the experiment of reforming rather than merely punishing its criminals. In the first place, it is going to abolish the word "prison." This itself is a fine step in advance.

Then it will turn the prisoners into farmers. It will put them on the land. It will give them honest work to do, in the open, in the face of nature. There will, of course, be supervision and discipline, but it is confidently expected, as well it might, that the criminal will be redeemed to citizenship by this method rather than by putting him into a dark cell, and leaving him there to eat his heart out.

This action of Ontario deserves to be blazoned abroad. The experiment which the province is putting its hand to, has been tried in the United States, with conspicuous success. There are many pious souls who consider that the only way to deal with crime is for society to commit crime too.

We all know the excellent, churchgoing people who cry softly over the tender parts of the sermon, but who, at the same time, insist that the criminal be rigorously punished, and banished from society, fed on bread and water, upon the principle, one supposes, that if you only make the prisoner wretched, through treating him as a brute beast, he will feel a saving remorse. When the poor woman was taken in a wrongful act Christ did not say: "Put her in a dark cell; shut her out from the light of heaven; lash her on the back; make her atone for her sin by brooding over it in the long silence." "Neither do I condemn thee; go in peace and sin no more," was the gentle word of the Master, who knew that the only reformative agency which can be applied to any human ill is—Love.

Good people talk about saving society; about the need of severity about the badness of the criminal. Has the jail or the penitentiary ever reformed any creature? The records loudly say—"no."

The world is beginning to see the tragical contradiction between the practice and the teaching of Christianity. The chief essence of Christianity is forgiveness, but it is a so-called Christian society which says to the erring that there is no forgiveness, no recovery, no redempton; nothing but punishment.

Before we can show logic, not to speak of mercy, we must find out why the criminal is in the dock. If we examined carefully we might discover that we had our part in putting him there—we who represent society—that society which imposes conditions of life so intolerable for millions that vice and crime are inevitable.

We sometimes poke cheap fun in the papers at Ontario because it is more strenuous than it is graceful—supposedly; but this great Province of Confederation stands for large, hopeful things, making for the general advance. Quebec might well copy Ontario, for in our province we have medievalism applied to our criminal administration as in other relations of life.

Exploring Labrador.

A journey into the interior of the great Labrador Peninsula is fraught with so many difficulties and so many dangers that he who makes it must indeed have a compelling motive. The Peninsula forms that portion of the Dominion of Canada lying between Hudson Bay on the west, and the Atlantic Ocean on the east, with the Gulf of St. Lawrence for its southern boundary, and Hudson Straits marking its extreme northern limit. Only its coast fisheries, its fur trade, and, in southern parts, its timber lands, have as yet attracted the gain-seekers to its inhospitable shores, ice-bound as they are in winter, and in summer swept by the Arctic current as it bears southward its burden of bergs. As a whole the Peninsula consists of a vast rock plateau, cut at intervals by valleys, into which gather the waters of its myriads of lakes and streams for their wild, mad race to the sea. The rivers thus formed, says a writer in "The Windsor Magazine," are the only highways into the interior, and none but the expert canoeman can successfully navigate them. He must be brought near 2,000 miles to the task, for the native of Eastern Labrador is not a canoeman, and fears the interior of his country. The game supply, too, is uncertain. Starvation broods over this wilderness, and now and then claims even the Indian, to whom its ways are familiar. Thus inner Labrador lay wrapped in the shadow of mystery, unbroken until the latter half of the last century, and then lifted chiefly by the explorations of Mr. A. P. Low, now Director of the Geological Survey of Canada. His work, the results of which are set forth in the Government reports, extended over a period of ten years—1885 to 1895; but it left the portion of the Peninsula lying between Lake Melville and Ungava Bay still virgin field for the explorer, where remained two large rivers to be traversed and mapped. These were the Nascaupee River, draining Lake Michikamau to Lake Melville and the Atlantic, and the George River, draining the northern slope of the plateau to Ungava Bay.

Benjamin Constant.

Benjamin Constant, having sided with Napoleon during the hundred days, felt the need of justifying himself when Louis XVIII. returned to power. He wrote the king a letter with that end in view and called upon Mme. Recamier to discuss the subject. She asked him quietly:

"Have you finished your letter?"

"Yes."

"Are you satisfied with it?"

"Entirely satisfied. I have almost persuaded myself."

GREAT LABOUR SAVING DEVICE

The Fenman & Sprang

DUPLICATOR

Will produce 100 copies in ten minutes, and is without doubt one of the greatest inventions of its kind ever conceived.

THE DUPLIGRAPH

The most reliable, cleanest, simplest, quickest and most up-to-date duplicating machine on the market.

It will reproduce one hundred facsimile copies of a penwritten original in fifteen minutes; fifty to seventy-five copies of an original written on a typewriter or twenty-five copies of an original written with a copying pen.

The original is written on ordinary paper, with an ordinary pen, typewriter or copying pencil, and the copies can be taken on ordinary paper cardboard, wood or china.

What Every Woman Requires for Headache Langour

Mrs. Mary Flannigan Gives Advice that is Sound, Useful and True.

Has your strength given out? Do you feel languid and tired this spring?

Are you pale, somewhat nervous, finding it hard to do your housework? Thousands feel just the same,—feel the enervating influence of spring, whether that brings out latent symptoms of disease, and weakness. You should do like Mrs. Flannigan of Bay ast Junction — here is her experience: "I will never again suffer the torture of deadening spring illness — never will I have headaches, such sleepless nights, such pale cheeks and lack of appetite. I lived through it all several times, but now I know the medicine that cures. I urge every person, young and old, to try the invigorating effect of Dr. Hamilton's Pills. When I was so played out, listless,—Dr. Hamilton's Pills gave me appetite —I relished my meals and grew strong. Rosy color came to my cheeks, every day I felt brighter and better. All my old strength has been restored and the great tonic, blood purifying powers of Dr. Hamilton's Pills did it all."

Women who are continually pale, tired and sick headaches, faint and dizzy spells, aching muscles, bearing down pains, lack of sleep and loss of appetite—they are the poor women that sorely need Dr. Hamilton's Pills of Mandrake and Butternut, 25c at all dealers.

For a few days orders will be taken for making ladies' switches at 25 cts. Satisfaction guaranteed. Combings bought. Consult at once. The old Wonderland stand, George street.

Bishop O'Connor's Anniversary

This is the nineteenth anniversary of the ordination of His Lordship Bishop O'Connor. Rt. Rev. R. A. O'Connor was appointed head of this diocese on the first of May, 1889. This morning mass will be celebrated at eight o'clock.

Weak Women should read my "Book No. 4 For Women". It was written expressly for women who are not well. The Book No. 4 tells of Dr. Shoop's "Night Cure" and just how these soothing, healing, antiseptic suppositories can be successfully applied The book, and strictly confidential medical advice is entirely free. Write Dr. Shoop, Racine, Wis. The Night Cure is sold by all dealers.

Millbrook Man in Accident

Yesterday afternoon Mr. Ed. Cuyler, who lives near Millbrook, whilst driving on George street north, was thrown to the road from his buggy. The accident was caused by his horse getting alarmed by a roadside rubbish fire. Mr Cuyler's clothes sustained more damage than did the wearer of the raiment. The horse, with damaged harness and a broken shaft, was stopped in its flight some distance to the north.

Eight Hours for Bricklayers

Today the bricklayers and stonemasons start upon an eight hour day, but upon the same wages as last year, namely 40 cents per hour. The eight hour day rule was made by the International Union and the local union has to abide by it. The bricklayers and stonemasons cannot work more than eight hours per day whereas formerly they worked nine hours. The new schedule simply means that the members of the local union will be short forty cents per day in their pay, as compared with last year.

Victoria Park Looks Well

Victoria Park, which like Central Park is under management of the Peterborough Horticultural Society, is now open to the public, the bending wire fences have been removed. Mr. Arthur Blad, who has charge for the season of Victoria Park, has effected many improvements in this, Peterborough's most central breathing spot for the citizens. The tulips and other bulbs are showing marked signs of growth and every part of the park demonstrates the intelligent and painstaking care of Mr. Blade.

Temperance Meetings to be Held

The local Royal Templars and City Temperance League, have decided to ask the co-operation of the Ministerial Association of Peterborough, in getting signatures to the pledge. It was decided after some discussion, to hold meetings throughout the summer months in Central Park. A committee consisting of Mrs. Gurney, Mrs. Martin, and Messrs. Andrew Brown and Wm. Cary were appointed to look after the matter and report at the next meeting.

Wedding Bells

A wedding of local interest took place in the Metropolitan church, Toronto, on Wednesday, last, when Miss Emma Graham, eldest daughter of Mr. Wm Graham, Toronto, formerly of Smith, was united in marriage to Mr. Joseph P. Labatt of Toronto. The marriage was celebrated by the Rev. Dr. S. Chown. Mr. and Mrs. Labatt left on a wedding trip. the bride travelling in a tailored suit of Wedgewood blue with hat to match. On their return they will take up their residence in Toronto.

High Price for Clover Seed

Within the past few days Mr. Smith, a well known South Monaghan farmer, has sold ninety-eight bushels of clover seed for which he received the unusually high price of $11.50 per bushel. A leading flour and feed merchant of George street, in talking with The Times yesterday, noted that in his opinion had Mr. Smith kept his clover seed for another month he would have got at least $14 to $14.50 per bushel, as the demand for this commodity far exceeds the supply this spring. Still at $11.50 this South Monaghan man made good money on his last year's crop.

Little Girl's Narrow Escape

Yesterday at noon, what might have terminated in a most serious accident was averted at the corner of George and Murray streets. A little girl of about seven years of age, was attempting to cross the street. She passed in front of a moving street car. A driver of a local express company almost ran the child down, but brought the horse to a sudden standstill. However, in her excitement the little girl, not noticing a man driving in a different direction, nearly fell beneath the second juggernaut.

Piles are easily and quickly checked with Dr. Shoop's Magic Ointment. To prove it I will mail a small trial box as a convincing test. Simply address Dr. Shoop, Racine, Wis. I surely would not send it free unless I was certain that Dr. Shoop's Magic Ointment would stamp the test. Remember it is made expressly and alone for swollen, painful, bleeding or itching piles, either external or internal. Large jar 50c. Sold by all dealers.

Personal

—Mr. R. C. Vasson, Lindsay, was a guest at the Snowden House yesterday.

—Mr. W. A. Edwards, manager of the Crystal was in Toronto yesterday.

—Miss Dora Crisp, having completed her business College course here, has accepted a prominent position with a Toronto firm.

—Mr. D. Veitch of the Bell Telephone Company left yesterday for Niagara Falls, where he will be engaged for some time.

—Misses Ella and McAllin, of A. W. Cressman's millinery parlors, attended the summer millinery openings in Toronto this week.

There is a Pink Pain Tablet made by Dr. Shoop's, that will positively stop any pain, anywhere, in 20 minutes. Druggists everywhere sell them as Dr. Shoop's Headache Tablets, but they stop other pains as easily as headache. Dr. Shoop's Pink Pain Tablets simply coax blood pressure away from pain centres—that is all. Pain comes from blood pressure—congestion. Stop that pressure with Dr. Shoop's Headache Tablets and pain is instantly gone. 20 Tablets 25c. Sold by all dealers.

—Capt. Frank Young of Young's Point, was in the city yesterday, and has returned from Bobcaygeon, where he took over the Steamer "Empress."

—Mrs. Austin and Miss Austin, 548 Weller street, will not receive on Thursday and Friday of this week, but will receive on Tuesday 5th of May and not again this season.

—Miss Mattie Robertson returned home yesterday from Queen's University, Kingston. Miss Robertson was accompanied by her friend Miss Ada Richardson of Essex, who is also a student at Queen's.

—Mr Burton Earle leaves today for Belleville for a fortnight's rest as the guest of Dr. Coughlin, superintendent of the Deaf and Dumb Institute.

—Mr. T. H. Preston, M.P.P., Brantford, who spoke before the Canadian Club at their banquet at the National Hotel last night was a guest at that extravaganza.

Tired nerves, with that "no ambition" feeling that is commonly felt in spring or early summer, can be easily and quickly altered by taking what is known to druggists everywhere as Dr. Shoop's Restorative. One will absolutely note a changed feeling within 48 hours after beginning to take the Restorative. The bowels get sluggish in the winter-time, the circulation often shows up, the Kidneys are inactive, and even the Heart in many cases grows decidedly weaker. Dr. Shoop's Restorative is recognized everywhere as a genuine tonic to these vital organs. It builds up and strengthens the worn-out weakened nerves; it sharpens the failing appetite, and universally aids digestion. It always quickly brings renewed strength, life, vigor, and ambition. Try it and be convinced. Sold by all dealers.

What Do They Cure?

The above question is often asked concerning Dr. Pierce's two leading medicines "Golden Medical Discovery" and "Favorite Prescription."

The answer is that "Golden Medical Discovery" is a most potent alterative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large per cent. of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), bowels (as mucous diarrhœa), bladder, uterus or other pelvic organs. Even in the chronic or ulcerative stages of these affections it is often successful in affecting cures.

The "Favorite Prescription" is advised for the functional disturbing and derangements and irregularities incident to women only. It is a powerful yet gently acting invigorating tonic and nervine. For weak worn-out, over-worked women—no matter what has caused the break-down, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formulæ of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines.

The words of praise bestowed on the several ingredients entering into "Doctor Pierce's medicines by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glycerin extracts of the roots of native, American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines of known composition, any secret nostrum.

Dr. Pierce's Pellets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels.

City Topics

IN SHORT FORM FOR BUSY READERS

—St. John's church choir held a practice last night.

—The annual meeting of the C.C.E., Angling Club, was held last night in the T.A.S. rooms at eight o'clock, when election of officers took place.

—The operetta "A Day in Flowerdom," that was given so successfully at the Conservatory Music hall was repeated last night.

—The three swing bridges across the C.P.R. opened yesterday, viz., those to the south of the Little Lake cemetery, Nassau and at Hastings.

—The track at the Driving Park was harrowed yesterday preparatory to rolling and getting it in proper shape for the season's work.

—Mr. Frank P. Jennings, M.A., Inst., C.E., of Derby, England, gave a lecture on total solar eclipses at last night's meeting of the Royal Astronomical Society.

—Mr. R. Gliddon desires to express his thanks to Mr. W. A. Cressman for goods loaned in the production of "A Day in Flowerdom" at the Conservatory Hall.

—Mr. Geo. Powell of Orillia, has three horses at the Driving Park, including Orillia Belle, with a mark of 2.15 1-4. These horses are being trained for the Turf Club races on May 24th.

—Last night Mr. T. H. Preston, M.P.P., of Brantford, delivered an excellent address on "Canadian Citizenship in the Making," before the local Canadian Club at their banquet at the National Hotel.

—Many Peterborough people, from both city and county have acted on Horace Greeley's advice and "Had gone West young man." The C.P.R. excursion rates are accountable, in part, for this exodus of our local citizens.

The Army and Navy Veterans will not take part in the Quebec tercentenary celebration, as the Dominion Government has turned down their application for aid in going there.

—The annual meeting of the Women's Missionary Circle of Park street church will be held this evening, May 1st, at eight o'clock. Rev. Mr. Keith will give an illustrated address on "India." There will also be selections by members of the choir. A cordial invitation is given to all.

—Yesterday a cow, belonging to Mr. Thos Hunter of North Monaghan, gave birth to a two-headed calf. One head was in normal position while the other was placed on one of the monstrosity's shoulders. The two-headed calf died shortly after birth.

How's This

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

Ancient Days of Witchcraft Revived

A London dispatch received yesterday says that Mrs. A. Golsen, an old woman known all over the district, as a fortune-teller, was committed for trial yesterday before Police Magistrate Jackson on a charge of witchcraft preferred by County Constable Minthorne.

This is the first case of the kind to come before a local court. Minthorne went to the house of the woman and for 25 cents was told his fortune. He was also told where an alleged stolen parcel was hidden.

—Winston Churchill, who has many ardent admirers here, will contest a seat in Dundee now that the votes of Manchester debarred him from representing that constituency while president of the Board of Trade.

Precious Life and Health can be Saved by this New Method. All Sickness is Alike to

OXYDONOR

It applies to all cases, no matter what the form of disease may be. It revitalizes the human body with OXYGEN from the air. OXYGEN is a vital Necessity—the greatest necessity life knows.

You can apply Oxydonor at home while you rest or sleep. No loss of time from your work or business. It is easily applied, safe, and always ready for use. Its force never exhausts. It will serve the family, children as well as adults.

Mr. Wm. Beers, 196 York St., Toronto writes: "I have great pleasure in recommending your Oxydonor. When I first got the instrument I was suffering from Sciatica for about four months, and after applying it for five weeks it left me all at once and have not been troubled with it since. I can highly recommend it as a good family doctor, and would not be without it for double the price."

A GENUINE

Cobalt Opportunity

The Casey Mountain Cobalt Mining & Developing Co. Ltd.

Incorporated Under The Ontario Mining Compsnies Incorporation Act

Capital $250,000.0$ 250,000 Shares at $1.00 Each.

No Personal Liability - - - Not Subject To Call

Head Office, 210 Manning Chambers, Toronto.

The following are some particulars concerning the above named company, which should interest the investing public of Peterboro

Properties Controlled

The Companies holdings consist of eight forty acre claims in one block, situated about 18 miles from the town of Cobalt, in the Township of Casey, on what is known as Casey Mountain, upon which deposits of Native Silver have been encountered running over 8000 oz. per ton.

Buildings, Machinery Development, Etc.

There has been erected on the properties a large Boarding House, Sleeping Camps, Blacksmith Shop, Shaft House, Boiler House and Superintendents Quarters. A modern Steam Plant has been in operation during the past ten months and about 300 feet of underground development has been done, besides considerable surface work of trenching, and uncovering of veins.

12 True Fissure Veins Uncovered

There has been uncovered to date 12 fissure veins, varying in width from 16 in. to 8 feet, all carrying Silver, Cobalt Niccolite and Arsenic, these veins have been stripped several hundred feet and all have free walls and are well defined.

Big Chimney or Lode of Ore

At 50 foot level 16 feet wide. While the main shaft was at a depth of 50 feet on a 30 in. vein a tunnel was driven into the mountain along the vein, and at distance of 20 ft a tremendous chimney of silver ore was broken into 16 ft. wide from wall to wall, with silver values (Sulphide) running $20.00 per ton, we believe this to be the greatest strike of low grade ore ever encountered in the District. This tunnel was continued in this Chimney for a distance of 75 feet, when it was decided to sink the shaft to the 100 foot level, and again tap this great body of ore—this sinking was done, and the lode of ore was again encountered at a distance of 10 feet from shaft, it having widened 10 feet in the 50 foot of depth, and silver values were found to have increased 40%, and we have in sight, or above us several thousand tons of concentrating ore that will net the Company a handsome profit by the installation of a concentrat-mill that will reduce the ore, and offset the necessity of shipping so much rock as the ore would be reduced about 15 to 1, and freight charges saved on 14 tons. This phant can be installed for the sum of $15,000 with a capacity of 100 tons per day

Cobalt Niccolite and Leaf Silver

Encountered With Depth

Apart from the enormous body of low grade ore in sight there has been encountered while sinking in the main shaft, Cobalt Niccolite and Leaf Silver in the metalic form. These metals having come in at the 120 foot level and were expected when it was decided to futher sink to a depth of 150 feet, at 125 feet another Chimney has been encountered running in the opposite to the one struck at 50 ft. level, and our Superintendent states that he looks for this to be a larger body of ore than the one just mentioned and is rich in mineral and the indications are that these large Chimneys will connect with depth into one continuous ore body.

It is now proposed to drive a tunnel into this new ore body and commence bagging ore for shipment, as we appear to have unlimited quantities of ore that shows a continual increase with depth.

We give several reasons why Casey Mountain will become one of the great Dividend Paying Mines of the Cobalt District, and there are many: (1) A large area that is a regular net work of veins running for three-quarters of a mile the entire properties that will go down several thousand feet, and not punch out. (2) We have the Stuff in unlimited quantities and yet the properties are scarcely scratched. (3) A Capitalization of only $250,000 to pay dividends on. (4) No promotion stock issued to promoters that has not been paid for. (5) A Management that are doing a Mining business, not a stock speculation. (6) The Directors have shown their faith in the property by investing heavily in the stock and up to date the shares have been held very closely—it being the desire to sell only sufficient to carry on developments until shipments are made, and for a short time only we offer the citizens of Peterborough and vicinity an opportunity of securing an unlimited number of shares at par $1.00 per share, and any desirous of securing some of this stock should make application at once, by addressing Head Office, Manning Chambers, Moronto, as this will be the only block offered at par value.

Additional information can be obtained up to Saturday from,

NEW BRIDGE AT SMITH ST. RECOMMENDED BY BOARD OF WORKS

Modern Wharfs and Dry Dock Wanted by Otonabee Navigation Co. and Endorsed by Board of Works

The City Board of Works met last night when there were present; Chairman Alderman Phelan and Aldermen McIntyre, Tovey, Turner Butler, Morgan and Elliott.

Mr. W. H. Robertson, President of the Otonabee Navigation Co., asked the Board to recommend to the council to memorialize the Government to provide modern and up-to-date wharves at Wolfe and Mark streets; also that a dry dock be constructed on the canal just above No. 6 lock, north of Little Lake, a spot peculiarly adapted for such a purpose.

Captain Frewer, one of the company's officials, pointed out the crying need for a dry dock, in view of the rapid development of navigation on these waters, now that the Otonabee Navigation Company are furnishing every faculty for passenger and freight traffic on the route of the Trent Valley waterway.

Ald. Morgan moved, seconded by Ald. McIntyre,—That the Board recommended the council to memorialize the minister of public works to either repair or rebuild the Wolfe and Mark streets wharfs, as requirements call for; and the minister of Railways and Canals to construct a dry dock as asked for by the Otonabee Navigation Co.—carried.

SEWERS

Ald. Morgan moved, seconded by Ald. Elliott,—That a sewer on Park street, from Cedar to London St., as requested by Mr. G. M. Rogers and others, be built, and that the motion recommending a sewer on McDonnel street, be rescinded.—Carried.

It was decided that notice be given off the construction of a sewer from Park to Downie street, on London street, provided that water service be furnished such street.

CONTRACT FOR SEWER PIPES

Tenders for sewer pipes were received from the Ontario Sewer Pipe Co., Mimico, at 61 6-10c per foot, average; and from R. Hicks & Co., city, at 61 1-10c per foot, average.

The tender of R. Hicks & Co., at an average per foot of 61 1-10c per foot, was on motion of Ald. Morgan, seconded by Ald. Elliott.—Accepted

NEW BRIDGE.

Ald. Butler moved, seconded by Ald Elliott,—That this board recommend the council to submit to the ratepayers a bylaw to provide for the erection of a new bridge over the river at Smith street; and that the engineer be requested to estimate the cost of same—Carried.

SEWER INSPECTOR.

Martin Neary and W. J. Nelson applied for the position of foreman of sewer construction.

On motion of Ald. Elliott, seconded by Ald. McIntyre,—Martin Neary received the appointment, at the same salary as paid inspectors last year

CONCRETE WALKS

The board will recommend the construction of a number of concrete sidewalks properly petitioned for

SEWERS AGAIN.

The Board will recommend the construction of a number of sewers.

REMOVAL OF POLE

Ald. Butler moved, seconded by Ald. McIntyre,— That the pole on corner of Weller and Park streets be removed under the supervision of the engineer.—Carried

THIS YEAR'S WORK.

Ald. Tovey moved, seconded by Ald. Elliott,—That the matter of where to begin building sidewalks this year be left in the hands of the chairman and street commissioner. Also that the order of constructing sewers and placing of stone on the streets be left in the hands of the engineer.—Carried

DAY LABOR

Ald McIntyre moved, seconded by Ald. Morgan,—That the construction of sewers be done by day labor —Carried.

RAILWAY COMMISSIONERS

The mayor and city solicitor, E. H. D. Hall, were authorized to attend the meeting of the Board of Railway Commissioners, to be held at Ottawa on Tuesday, May 5th

Miss W. D. Crouch Arrives this Morning

Miss Winnifred D. Crouch, of Toronto, will arrive in the city this morning to complete arrangements with the local committee in charge of the Mechanics Institute to be held here this week. She will meet with Principal Dunlop of the King Edward school this afternoon at three o'clock in the Y.W.C.A. The general committee will have a final meeting in the same place this evening. It is expected that everything will be in readiness for the opening of the exhibit on Monday afternoon, May 4th.

The opening meeting will take place in St. Paul's church on Monday night at eight o'clock.

Jimmy Reynolds Says He Can Beat "Coon" Blake

The Port Hope Times says:

Jimmy Reynolds who officiated as referee at the six-day walking contest in Peterborough last week, arrived home on Monday morning. He is loud in his praise of the treatment given him by the Peterborough people and especially by Mr. George Graham, proprietor of the Oriental Hotel, whose guest he was during the week. Jimmy says that on the whole he experienced little difficulty in keeping the walkers within the limit and to time. He thinks well of the winner, Mr. Hoagland, whom he says is not only a great walker but a fine fellow. Jimmy substantiates the report published in a Peterborough paper that a letter was received by Manager Stevens from the Knickerbocker Club of Hamilton, in which the latter offered to back Jimmy for $1000 against the winner of the Peterborough walk in a walk from Port Hope to Toronto and return. It was proposed to have this announced at the close of the contest but Jimmy would not consent. He has since offered to bet $200 against $500 that he can defeat Blake, (the negro) who won second money in the contest over the same course in the Brock street rink. Blake went 180 miles and 10 laps in 35 1-4 hours. Jimmy says that the report that 2000 people witnessed the close of the contest on Saturday night is inadequate. There were fully 4000 people in the rink. For his work as referee Jimmy received $50 and expenses.

Mr. G. A. Gillespie Replies to Mr. T. E. Bradburn, M.P.P.

Concerning a Letter Asking the Present Member to Assist in Having a Clean Contest

As noted in these columns before, a correspondence has been carried on through the local press, inaugurated by Mr. G. A. Gillespie, the Liberal candidate for Provincial parliamentary honors, asking Mr. Bradburn, the present member to put up so much money towards a mutual fund to be applied towards the suppression and punishment of bribery and other corrupt electoral practices. Mr. Bradburn, replied through these and other local columns, saying that whilst he would spend money to punish bribers, he thought the mutual agreement to a fund for such purposes would stultify both candidates, and so declined to concur in Mr. Gillespie's suggestion.

Mr. Gillespie is now out with the following reply:

T. E. Bradburn, Esq.,

I have your letter of April 29th, replying to my open letter of April 20th. I regret it if I did not make it plain that my letter of the 20th as well as this letter was an open one, referring as it did to a matter in which the public have the largest interest.

Contrary to what you suggest, my letter and the proposition it involved was written in perfect good faith and with no other purpose than to join with you in an effort to meet your desire, as expressed to me personally for a "clean straight fight." It was not to gain any political advantage, it was only intended to bring about a mutual agreement that would show the people that we were both determined, as far as lay in our power, to conduct the coming election on straight lines and in accordance with the requirements of the Election Law.

In my open letter I made no reference to past elections, nor to the manner in which they were conducted; my only concern is in the present contest. Before the nomination and since, I have made it clear that one condition of my acceptance was, that I would not, myself, exercise any undue influence nor be a party to its use in my behalf in the election campaign. I was willing to bind myself to this course and in order to permit my opponent to joint with me in mutually carrying out such a course, I addressed you my letter of the 20th, making the proposal that we jointly sign an agreement that would prevent the practice of any undue influence of any kind, either by ourselves or in our behalf.

I concluded my last letter by asking that if you did not entertain my proposal you would submit to me an alternative proposition with a like object in view. I regret that you have rejected my proposition and ignored the alternative. I had not a thought in the proposition I made of questioning your honor in the slightest degree. I should not have felt reflected upon by receiving a similar proposition from you or any other person under similar circumstances.

Yours sincerely,

Signed—G. A. GILLESPIE.

Last "Drunk" at Omemee --Carousal at Campbellford

Millbrook, May 1.—Local option went into force today without any unusual commotion. Some sport was indulged in in the hotels, but everything was orderly. The hotelkeepers will all continue for a while under the new conditions to see if they can make it pay. Rates go up from one dollar to one-fifty, and the farmers will have to pay for shed room. There is a disposition on all hands to give it a fair trial. The merchants are awaiting the outcome with some anxiety.

LAST "DRUNK" AT OMEMEE

Omemee, May 1.—There was considerable drinking last night, our hotelkeepers closed at the usual hour, and after a good deal of noisy swearing and quarrelling the crowd departed and all was quiet before 11 o'clock. There was no celebration, to the public but the usual drinkers seemed to be taking the last chance for a drink. Everything is going along as usual today.

A GENERAL CAROUSAL

Campbellford, May 1.—Local option came into effect today in this town and its advent was ushered in quietly. It was intended to celebrate the close of the licensed bar system by holding a demonstration last night, at which the Italian band, composed of a number of Italians on the canal construction work here, was to furnish music, but the program was not carried out on account of the inclement weather. There was a general carousal last night around the hotels. A strong committee of temperance workers has now been formed to aid in the enforcement of the law. One of the hotels has closed its doors

Concert in the T.A.S. Rooms a Great Success

A large and enthusiastic gathering, composed largely of the elite of Peterborough, attended the concert held in St. Peter's T.A.S. rooms last night, under the auspices of the Young Men's Dancing Club.

The program although large was an excellent one, the solos and chorus by Mr. George Ball's glee club making a decided hit with the audience. The program was as follows.

Violin Selection—Miss Kathleen McCarthy.

Mandolin Duo—Misses. Brightmen and Cranfield.

Song and Chorus—Glee Club.

Vocal Solo—Miss Pearl Morgan.

Recitation—Miss Maggie Deroche.

Song—Mr. James O'Brien.

Banjo Selection—Mr. Frank Clarke

Instrumental Duet—Misses Pickard and Hatrick.

Vocal Solo—Mr. Harry Quilan

Vocal Solo—Mr. John King

Vocal Solo—Mr. Jas Browne.

Over One Hundred Bars Were Closed Yesterday

Local Option By-laws Came Into Effect in 31 Municipalities

Licenses Cut Off

Local option bylaws came into force yesterday in thirty-one municipalities in the Province of Ontario, cutting off some ninety-four licenses. In a number of other places bylaws were passed reducing the number of licenses, so that the total reduction will exceed this number. Despatches from districts affected say that in some cases carousals marked the closing of the bars, but in the majority the advent of a three years' "dry" season passed off quietly, and a general desire to keep the law is noticed. One hotelman cheated the sheriff to the public.

LICENSES CUT OFF

Following is a list of the places in which bylaws came into force yesterday, with the number of licenses affected in each place;

Ancaster, 4; Asphodel, 1; Bloomfield, 3; Brighton, 0; Brunel, 1; Caistor, 0; Campbellford, 6; Colborne, 3; Cramore, 3; Durham, 3; Eldon, 5; Elma, 3; Hamilton, 5; Harvey, 0; Howick, 4; McKillar, 1; Mcdonte, 6; Millbrook, 4; Mulmur, 2; Murray, 2; Norwood, 2; Norwich, 0; Omemee, 2; Orillia, 8; Pittsburg, 5; Saltfleet, 5; Schreiber, 2; Seymour, 1; Somerville, 2; Stirling, 3; Woodville, 2

Wonderful Find of Cobalt Silver

As noted in yesterday's issue, Mr. R. G. Williamson, a former local citizen has been fortunate enough to have secured an important interest in the Casey Mountain Cobalt Mining and Development Co., which has a capital of $250,000 with head offices in the Manning Chambers, Toronto. The property owned by Mr. Williamson's Company owns no mere prospect, but a proven silver mine, the ore from which assays 5,000 ounces of silver per ton. The property owned by the Company consists of 3 40-acre claims situated in the townships of Casey, some 18 miles from the town of Cobalt. There have already been erected a large boarding house, sleeping rooms, a blacksmith's shop, boiler house, quarters for the superintendents and other buildings.

An up-to-date steam plant has been in actual operation for the past ten months and some three hundred feet of under-ground work has been accomplished, as well as extensive surface work. Twelve fissure veins, varying from sixteen inches to eight feet wide have been uncovered. These veins contain silver, cobalt, nicolite and arsenic and have been stripped for several hundred feet. When the main shaft reached 50 feet in depth, a tunnel driven into the mountain disclosed a chimney of silver ore, 16 feet in width, the value in silver running to $3o per ton. This is possibly the greatest find in low grade ore ever found by sinking the shaft to the 150 foot level, the same body of ore was found again ten feet from the shaft greatly widened. The silver values were found to have immensely increased, by introducing a concentrating mill the Company will make enormous profits on this find. Such a plant could be installed for $15,000, which would handle 100 tons daily. Further developments have shown vast silver, cobalt and other minerals in immense quantities at 130 feet level. Another chimney has been found at 180 feet in depth which contains a larger body of ore than that referred to above.

The company expects to start bagging for shipment at once. The whole property of the company seems to contain ore of fabulous wealth. The Directors and management have all personally invested heavily on the property. For a limited time only, the citizens of Peterborough can get in on the ground floor and secure stock in the company at par value, $1 per share. For particulars or stock address the company at Manning Chambers, Toronto, or call, until Saturday on Mr. R. G. Williamson, Oriental Hotel.

BASEBALL

Toronto and Baltimore had each scored one run at the end of the eighth inning in their game yesterday. Morton getting Toronto's tally in the fourth, he coming home on Pipp's single to centerfield. Only one other game was played in the Eastern League, Buffalo downing Providence to the tune of five to three

A Beautiful Face

The Secret of Parisian Women's Beautiful Complexion

To the minds of most women, Parisian means beauty—so world-famous are the ladies of Paris for making themselves charming and beautiful. And yet it is a fact that Parisiennes, so far as features are concerned, haven't beautiful faces, as a rule. Their beauty consists largely of immaculate complexions. An American lady, waiting a friend in Paris, obtained from her the secret of the clear, charming complexions of French women and says it is a wash that is prepared at home and applied to the face daily.

Obtain at your drug store Rose Water, 2 ounces; Cologne Spirits, 1 ounce; Eppotone (skin food), 4 ounces. Put the Eppotone in a pint of hot water (not boiling), and after dissolved, strain and let cool. Then add the Rose Water and Cologne Spirits.

The above wash is easily and quickly prepared at home, and is a most delightful toilet preparation, harmless even to a baby's face, and soothing to tender skins

Will Full Investigation be Made of School Plumbing?

(To the Editor of The Times)

Dear Sir,—Will you please allow space in your paper for the following news.

The writer of this accidentally heard a conversation the other day part of which he thinks should be public property.

Now the citizens of Peterborough were informed that a competent inspector would be brought from Toronto to thoroughly examine the plumbing in the Collegiate and the North Ward school, as I have done on a attending there I am more interested in that school.

The Toronto inspector was asked by a gentleman what the work was like in the North Ward school, and if the vents were there or not? The inspector replied that he did not come to Peterborough to critize the plumbing over the town inspector as to its sanitary conditions, he merely was here by the order of the School Board to take note of the sizes of pipes and other plumbing material used on the building to see that they were in accordance with the specifications.

Now I am only a common mechanic but still I am a taxpayer and have a right to an opinion and if I read the plumbing bylaw book properly I think and I know others I have talked to say the same, that it is more important to have the sanitary conditions perfect and no cement or putty joints than to know the exact size of the different pipes, you know plumbers are sometimes schemers and put putty and cement instead of lead to make more on a job.

What do we pay an architect for and elect a school board for of some of our best read and clever gentlemen of the town to attend to these matters for we common people who are not so learned in the systems of education and progression?

Surely it is not necessary to put the town to extra expense by bringing a qualified man here from Toronto to merely inform the people of Peterborough, and architect that half inch three inch or any other sized pipe is used and such and such a plumbing fixture is there that was specified. Now the writer would like to know through the papers if he is not correct in his statements, and if the Toronto plumbing expert is to give a public report to the citizens of Peterborough regarding the plumbing in the Collegiate Institute, and the North Ward school as to its being sanitary in every particular, and in strict accordance with the Peterborough Plumbing bylaw, all vents, traps and all the rest of it perfect in every detail as well as in accordance with the specifications.

Hoping I am not demanding too much space in your valued paper, I remain,

Yours Sincerely,

A. B. FITZGERALD.

Weak Women should read my "Book No. 4 For Women". It was written expressly for women who are not well. The Book No. 4 tells of Dr. Shoop's "Night Cure" and just how these soothing, healing, antiseptic suppositories can be successfully applied The book, and strictly confidential medical advice is entirely free. Write Dr. Shoop, Racine, Wis. The Night Cure is sold by all dealers.

Canada Life Promotions

Important Official Positions Filled from the Company's Head Office Staff

Announcement is made that at the meeting of the Board of Directors of the Canada Life Assurance Company, held yesterday, Mr. Frank Sanderson, Joint General Manager was appointed a director of the company.

To following appointments from the head office staff are also announced;

To be Secretary—Mr. A. Gillespie.

To be Chief Inspector of Agencies and Editor of Company's Literature—Mr. J. K. McMaster

To be Manager of Central Ontario Branch, Hamilton—Mr. G. D. Burns.

To be Chief Accountant—Mr. C. R. Acres.

To be Cashier—Mr. C. W. Ricketts.

All the above named gentlemen have been in the service of the company for from twenty to thirty years, and have earned their promotion by faithful service in various posts, from junior upwards.

These promotions to important officials, positions of members of the company's permanent staff indicate that the Canada Life, in its own ranks, has been training up a class of men competent to fill the most responsible positions in the service of this our oldest and largest life company.

Entrance Examination Dates Announced

The dates for examination have been fixed as follows; For entrance to Model School, June 23; High School entrance, June 24, 25 and 26; Normal School entrance, and junior matriculation, June 29, entrance to faculty of education and scholarship matriculation, July 9

Leopards Jumped Barrier --Terror Stricken Crowd

Baltimore, May 1.—During the performance at the Zoo last night two leopards jumped the barrier, landing among the audience. Louis Tong, a boy, was badly clawed about the face and neck, and probably a serious stampede was averted by the prompt action of a policeman in closing the exit door and allowing only one or two of the terrified people to descend the stairs at a time.

There were several hundred persons in the audience when the leopards were sent into the arena, which is surrounded by high steel bars. Two of the beasts were sulky, and one is said to have been irritated by Tong, who was close to the top of the cage. The leopard jumped toward the boy, and scrambled over the top of the cage, and was immediately followed by another of the beasts. The first clawed the boy savagely.

The people in the audience were terror-struck. One of the leopards dashed down the stairway to the office and the policeman slammed the door. Then the crowd rushed toward him, but he held them back until they were calm enough for a few at a time to be allowed to leave the building.

The leopards were captured, one in the office of the Zoo, and the other in one of the dressing rooms by trainers, and returned to their cages.

Try Again for Health

The Dangerous Weakness That Follows Should be Cured Now

One of the oldest physicians, after closely studying spring tiredness, says it seems to seek out the same victims year after year, and if the disorder is once contracted, one is very prone to contract it again.

The symptoms are common — no appetite — turn against your food, aches in back and limbs, nervous, and often melancholy, dyspeptic and languid.

"I had all the symptoms," writes Mrs. Eva E. Clarkson, well known in Chester. "I was discouraged, thought too poorly to bother with medicine. But I tried again for health and Dr. Hamilton's Pills. The very sight of food used to turn me sick; now I eat and digest like a growing child. I used to feel bloodless and starved, now I am well nourished and gaining in flesh. My face was haggard, full eyes, dark circles; now I am animated, have pink cheeks, bright clear eyes. A hard cough that used to rack my chest is gone. But best of all is the feeling of buoyancy and good spirits that displaces the awful tired, drowsy, melancholy fits that come on, and always with splitting headache, too. I hope my letter will induce others to use Dr Hamilton's Pills—such a good honest, bracing tonic should be in every home, both for children and parents' use."

You have a woman's work to do in life — you have only a woman's delicate organism to do it with. You'll be vastly assisted with Dr. Hamilton's Pills, because they are good for women just as they are good for men and children, too: 25c. at all dealers.

Walking Tournament to be Held in Lakefield

The walking fever has struck Lakefield in real earnest, and the effect of the big tournament held last week in Peterborough are noticeable on every hand. Everybody is walking faster than they were ten days ago, and the young men are now spending their evenings in taking walking jaunts out into the country. A committee had been formed for the purpose of holding a walking match in the skating rink here about the second or third week in May. The race will be a three-night affair, walking two hours the first two nights and three hours the last night. Already a large number of our young men are practicing in anticipation of the event and it promises to be one of the best races ever held in Lakefield. Full particulars will be given next week.—Lakefield News.

In the Realm of Sport

Next Wednesday night is the date that has been selected for the handicap wrestling match between Gene Hurtubise and Frank Kennedy, to be pulled off at the Grand Opera House. In this match Hurtubise will undertake to throw Kennedy four times in an hour, and both parties have agreed on G. N. Graham as referee.

During the evening Artie Edmunds, the 125-pound wrestling champion, will give an exhibition of his famous cabinet physical culture act, which has won much distinction in the big American cities. The act which is one of the best ever put on a stage, last nearly twenty minutes.

An effort is being made to arrange a handicap match between Edmunds and a well-known local mat artist as a curtain raiser to the main bout.

The plan for the bout will open at the opera house box office at 10 a.m. on Monday.

That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers. Even the untutored Indians had discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until to-day we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most obstinate and fatal diseases, if we could properly investigate them; and in confirmation of this conviction, he rejoices with pride in the almost marvelous cures effected by his "Golden Medical Discovery," which has proven itself to be the most efficient stomach tonic, liver invigorator, heart tonic and regulator, and blood cleanser known to medical science. Dyspepsia, or Indigestion, torpid liver, functional and even valvular and other affections of the heart yield to its curative action. The reason why it cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed free to any address by Dr. R. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

Not less marvelous, in the unparalleled cures it is constantly making of women's many peculiar, painful weaknesses and disturbing derangements, is Dr. Pierce's Favorite Prescription, as is amply attested by thousands of unsolicited testimonials contributed by grateful patients who have been cured by it of catarrhal metritis, painful periods, irregularities, prolapsus and other displacements, caused by weakness, ulceration of uterus and kindred affections, after many other advertised medicines, and physicians had failed.

Both the above mentioned medicines are wholly made up from the glyceric extracts of native, medicinal roots. The processes employed in their manufacture were originated with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. These medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is published on each bottle-wrapper.

Many Get Consumption in Spring Months

The System is Generally Run Down and Lacks Power to Destroy the Germ.

Winter takes the vitality and snap out of us all. Instead of being rich and healthful, the blood is sure to be thin and watery in the spring. An overpowering tiredness comes upon us—this is followed by dead weakness, loss of sleep, poor appetite and depression.

Doctors all say the only hope lies in supplying lots of new blood which must be brimming with vitality and building material.

The quickest way to get the necessary supply of vitalized blood is by taking Ferrozone. It establishes a high standard of blood, increases nerve force, restores bodily vigor in a truly marvelous way.

You are amply protected from spring fever and debility diseases by using Ferrozone.—This is proved by Mrs. E. J. Richards, of Mansotick, Ont., who tells in the following words how she gained in health and spirit from Ferrozone: "For about two years I was not well. I was thin and anaemic. Towards spring I fell into a condition of nervous exhaustion that made life scarcely worth living. A dead tiredness seemed to hang over me like a load of lead. I simply could not do housework of any kind. A bad cough developed that worried me greatly, for I thought it might be tubercular. When I first read about Ferrozone I was convinced it was good. I took it regularly for about eight weeks and the change in my health was wonderful. My cheeks filled out and became clear and rosy. I gained eight pounds in weight and am now as strong and vigorous as possible."

Ferrozone feeds and nourishes the organs that require assistance. It sends the thrill and vim of robust health from head to feet, makes you feel better at once. (Won't you use Ferrozone? Sold everywhere; 50 chocolate-coated tablets in a box for 50 cents, or six boxes for $2.50, at all dealers.

Morning Times

This paper is the only Morning Daily published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

Strangers visiting Peterborough are cordially invited to make their headquarters at the office of the Morning and Weekly Times, where they will be furnished with writing material, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $5 per year, strictly in advance.

PETERBOROUGH, MAY 1, 1908

CIVIL SERVICE REFORM

An Ottawa despatch says that in all probability a Civil Service Reform measure would be introduced by the Government in the House of Commons in the near future. This information will be received with a good deal of satisfaction by the public, who have long felt that our system of appointing men to the Civil Service needed at least some attention in the direction of reform.

Both political parties have felt that while appointments were largely made by local patronage committees, who no doubt gave the best service in their power, yet these men in the enthusiasm of the moment, and with the influence brought to bear upon them in their work by friends, found it next to impossible to be as impartial as they could wish to be. Because of this feeling Civil Service Reform has been the subject of considerable discussion in the press, and on the part of the leading public men in this country for some time, and the practical working out of the systems now in vogue in Great Britain, the United States and other countries, have been investigated with a view to making an adaptation of these systems to Canadian conditions.

The sincerity of the Dominion Government's intentions in this respect was shown in the appointment of the Civil Service Commission, whose report was received a short time ago, and in accordance with whose recommendations the Cabinet has decided to introduce a radical measure of reform.

The Laurier Government has introduced much beneficial legislation since it assumed the duties of office, and now seems about to add to its already unprecedented record the measure of Civil Service Reform for which the time is now fully ripe. The Laurier Government will go down into history as one of the most progressive and at the same time one of the wisest Governments of this or any other country in the world.

As a special plea in behalf of the automobile before the legislature committee lately, the interests compared that machine with the steam railway, which only reduced the argument to an absurdity. The railway is a world-servant, not a fad or luxury. It is run on its own right of way, bought with its own money. The chauffeur uses the highway built by the farmer for himself and not only pays nothing but carries on for pleasure a traffic that is especially destructive of the highway and renders its occupation pertinent for its builders. The country road, unlike the steam road, is not designed or fitted for long distances at high speeds. It is built for local use by local cash, but at present its usurpation is complete.

In the warming up practice Grimshaw was hit on the left collar bone by a hot liner from Morton's bat. It laid him out, and compelled a shift in the line-up. A doctor was called and said no bones were broken. He will play in a couple of days. Rudolph and Brown were the Toronto batteries, while Shine and Clarke acted for Providence.

EVERYDAY HEROINES.

Life Is Made Up of Little Things, Not Great.

The quicker we learn that life is made up of little things, not great and heroic deeds, the quicker we will adjust ourselves to living it happily.

As we grow older this lesson is gradually forced upon us, but we could begin the adjusting much more quickly and have a longer period of happiness if as girls we would cease to dream of being heroines and consent to be ordinary, everyday mortals.

Most people go through life with never a chance for spectacular heroism. What, then, must that life be which is spent in day dreams of how one will act in some great crisis which may never arise!

Do you know what will probably be the result of those pleasing visions—provided they have not been backed up by doing as one goes along—an ignominious fall down.

It is little use to plan great sacrifices and neglect the small ones that can be made each day if we but allow ourselves to see them.

The young girl who dreams of the time when she can open her veins to give her lifeblood to save mother's life will probably fume over having to leave an interesting novel to save mother a wearisome trip to the store.

It is the little things—smiles, small kindnesses, every day disagreeable drudgery cheerfully done—that make those around us far happier than if we plan to do heroic deeds or even do them, let us say, and spend the interim with our eyes tight shut to the little opportunities for quiet heroism all around us.

THE ORIGIN OF WOMAN.

An Advance Upon the Old Time Rib Theory.

The Hindoos say that Twashtri, the Vulcan of Hindoo mythology, created the world, but that when he had made all other things and had come to the creation of what was to be his chef d'oeuvre he found to his annoyance that he had run out of materials. He had not a single chunk of solid material left. With a mental execration upon his carelessness he fell into a profound meditation, the result of which was the following formula, the recipe for the creating of the sweet confection known as woman:

He took, according to the legend, "the roundness of the moon, the undulating curves of the serpent, the graceful twist of the creeping plant, the light shivering of the grass blade and the slenderness of the willow, the velvety softness of the flowers, the lightness of the feather, the gentle gaze of the doe, the frolicsomeness of the sunbeam, the tears of the cloud, the inconstancy of the wind, the timidity of the hare, the vanity of the peacock, the hardness of the diamond, the cruelty of the tiger, the heat of the fire, the chill of the snow, the cackling of the parrot and the cooing of the turtledove."

He mixed these together in equal proportions and the result was woman. Isn't that about as good a guess as any? After all, isn't this an advance upon the rib theory?

NEEDLEWORK NOTES.

Cross stitch is growing in popularity and very beautiful floral pieces are now being made for cushions and table covers.

It is always better to make a stem in sewing on a button, as if it is sewed tightly it will more easily tear out the material. Take loose stitches and then wind them on the right side with the thread four or five times.

For wear tucked into the top of the corset steels are dainty little heart shaped sachets of scented wadding, covered with soft silks or scraps of ribbon. The latter is sewed end to end and intwined basket fashion. A frill of lace completes it.

It is a good idea to line all collars to frocks with white, as it does not discolor with perspiration nor rub off on the neck. Besides it shows when it is dirty, which is a hint to the careful woman that it needs changing. A thin silk that does not cut easily is the best for this purpose.

One of the stunningest new sofa pillows is made of coarse crash. In constructing it use two pieces eighteen inches square, the front and the back. The former can be decorated with three large conventional tulips placed side by side and running to the top of the cushion. These are cut from leather, painted in natural shades and then glued to the cover. The deep reds and soft greens are more effective on the neutral background of crash.

A pretty gift for a baby is a little down pillow covered with a dainty white cover, one end of which is embroidered in white poppies and the words, "Early to Bed." The pillow should be made of soft blue ticking filled with down instead of feathers and made very light and fluffy. Two dainty covers should be made to go with the gift. Use no colors in the embroidery effect. Just a trace of blue will reflect through the white cover.

Doubtless the Reason.

Professor Searchem was engrossed in the study of all things that crawled. To him a pin had but one purpose—to impale insects; tin cans but one use—to house worms.

"Professor," complained his young wife one evening, "how the prices of vegetables are soaring! Just think of it, $2 for this bushel of apples, and half have worms in them."

"Perhaps, darling," commented the professor as he strove to part the few remaining hairs on his shining head, "they are of a very rare species."—Harper's Weekly.

Pain Tablets. Pain always means congestion — unnatural blood pressure. Dr. Shoop's Pink Pain Tablets simply coax congested blood away from pain centres. These Tablets—known by druggists as Dr. Shoop's Headache Tablets — simply equalize the blood circulation and then pain always departs in 20 minutes. 20 Tablets, 25 cents. Write Dr. Shoop, Racine, Wis., for free package. Sold by all dealers.

—Miss Mildred Clark of Cobourg is the guest of her aunt, Mrs. A. J. Warne, 636 George street.

Auction Sale of Timber Berths

Dokis Indian Reserve

There will be offered for sale by public auction, at an upset price, in the Russell House, in the City of Ottawa, on Wednesday, the 24th day of June, 1908, at the hour of ten o'clock in the forenoon, timber berths numbered 1 to 8, inclusive, covering the pine timber of nine inches in diameter and over at the stump and no other, on the limit of the Dokis Indian Reserve situate on the French River in the Province of Ontario.

Each limit will be offered separately at a bonus of ten per cent of which to be paid in cash on day of sale and notes to be given for the remainder, payable in three, six and nine months, at the Bank of Montreal, in the City of Ottawa, with interest at six per cent, in addition to Crown dues at the rate of $2.00 per M. feet B.M., and $50.00 per M. feet C.M., an annual ground rent of $24.10 and a license fee of $4.00, the cash payment to be forfeited upon failure to pay the balance of bonus within the time above mentioned.

The licenses will be issued in due course after payment of notes above specified, and will be renewable yearly upon compliance with all conditions thereof for a period of ten years and no longer, and will be subject to Manufacturing Conditions in accordance with the provisions of Order of His Excellency in Council of the 19th day of April, 1901.

Dues at the rate above specified to be paid on sworn returns, as required by the Timber Regulations of the Department.

Information regarding the timber berths in question may be had upon application to the undersigned.

The unauthorized insertion of this advertisement will not be paid for.

J. D. McLEAN,
Secretary.

Department of Indian Affairs,
Ottawa, April 8, 1908.

Tenders for Bending Machine, Sorel.

Tenders addressed to the undersigned at Ottawa, and endorsed on the envelope "Tender for Bending Machine, Sorel," will be received at the Department of Marine and Fisheries, Ottawa, up to noon of the

EIGHTEENTH DAY OF MAY, 1908,

for the furnishing of one machine for bending steel boiler plates, to be delivered at the Government Shipyard at Sorel, P. Q.

Specifications and detailed information can be obtained from the Department of Marine and Fisheries, Ottawa, from the Director of the Government Shipyard at Sorel, and from the Agent of the Department of Marine and Fisheries, Montreal, P. Q.

Each tender must be accompanied by an accepted cheque on a chartered Canadian Bank, for the sum of $300.00 to the order of the Minister of Marine and Fisheries. This cheque will be forfeited if the party whose tender is accepted declines to enter into a contract to deliver the bending machine, or fails to carry out the contract. If the tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

Newspapers copying this advertisement without authority from the Department will not be paid.

F. GOURDEAU,
Deputy Minister of
Marine and Fisheries.

Department of Marine and Fisheries,
Ottawa, Canada, 21st April, 1908.

BUY

Prince Rupert

—AND—

Hazelton Lots

Having obtained inside information on property in both of these promising cities, and as I expect to receive choice of the first allotment of property to be put on the market, and will be on the ground to make selections, persons desirous of getting in on the purchasing of lots, can do so by making application in writing and enclosing check for $100.00, which entitles them to first choice of lots marketed, and at first price before they are offered to the public. In case you upon receiving the plans from time to time of sales, do not purchase any, your money will be refunded.

In case you purchase, the money you put up to get this inside information and quotations will be applied on the first payment of your property purchased.

PRINCE RUPERT, it is almost needless to make any lengthy description on this place for we all know its the terminus of the Grand Trunk Pacific Railway, in B. C., situated on Kiau Island, at the mouth of the Fraser River. It is estimated that owing to the great rush of gold seekers and others seeking wealth and new locations that Prince Rupert will have a population of 20,000 before next winter.

HAZELTON is another almost equally promising city, situated at the head of navigation on the Skeena River, on the main line of the Grand Trunk Pacific, also being the junction point of the Line from Dawson City. With these and other existing natural conditions and the prospects of a great development, it is looked upon as a great place to advance.

If you want to get in right and on the bottom prices and get the pick of the stuff, write and accept this opportunity.

No triflers wanted or those seeking for information for curiosity.

DRAWER 1168, TIMES OFFICE.

TENDERS FOR DREDGING

Sealed Tenders addressed to the undersigned and endorsed "Tender for Dredging," will be received until Friday, May 15, 1908, at 4.30 p.m., for dredging required at the following places in the Province of Ontario:—

Burlington, Blind River, Beaverton, Collingwood, Cobourg, Goderich, Hamilton, Kincardine, Little Current, Midland, Meaford, Owen Sound, Nigger and Telegraph Islands, Point Edward, Penetanguishene, Port Burwell, Port Egrin, Picton, Rondeau, Summerstown, Thames River, Toronto, Thornbury, Trenton Harbour and Dark Channel, Waubaushene, Wiarton and Wingfield Basin.

Tenders will not be considered unless made on the form supplied, and signed with the actual signatures of tenderers.

Combined specification and form of tender can be obtained at the Department of Public Works, Ottawa. Tenders must include the towing of the plant to and from the works. Only dredges can be employed which are registered in Canada at the time of filing of tenders. Contractors must be ready to begin work within twenty days after the date they have been notified of the acceptance of their tender.

An accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, for six thousand dollars ($6,000) must be deposited as security for the dredging which the tenderer offers to perform in the Province of Ontario. The cheque will be returned in case of non-acceptance of tender.

The Department does not bind itself to accept the lowest or any tender.

161 SIMCOE ST, PETERBOROUGH

Have secured a block of the

Calumet, Mancos' Oil and Mining Company's Stock

Par value $1.00

What they offer at 25c per Share for a short time

The property is situated at Mancos, Colo., and consists of 160 acres, fully paid for. The Company expects to secure at least 400 acres or more, we are negotiating for it now and the terms are satisfactory and there is coal on the same, and they also intend to secure some Coal Mines ot which they have the refusal. Some of che best coal mines in Colorado are in this district, as well as some of the richert gold and silver mines. In fact this is one of the richest parts for mineral in the State of Colorado, and the Company has the refusal to several prospects on reasonable and easy terms.

In our opinion the prospects of the Company are very bright and a rapid advance in the price of the stock is sure to take place in the near future. Full information can be had by calling at our office.

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or Sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at an Agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of a homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father or mother.

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.

Sold by Grocers and Storekeepers in ¼-lb. and ½-lb Tins.

News Brief

Paris, April 29.—M. Armengade, an engineer and scientist, who has for many years been experimenting with the telespectroscope, or telephote, which is intended to extend the range of the human vision extraordinary distances, says he has so far perfected his apparatus that he can now foretell that the time is not far distant when a man sitting in Paris or London will be able to see what is going on in New York. He claims to have made remarkable progress in his experiments during the last three months. The apparatus is similar to that used for the telegraphic transmission of photographs. He utilizes the properties of selinium. His method was inspired by the development of the cinematograph.

Kimberley, April 30.—The Detroit company drilling here for oil has suspended operations. At a depth of about 800 feet they encountered the hardest kind of granite, and were forced to cease work. A five hundred feet the pump brought up bones and teeth—the teeth said to resemble horse teeth.

Milk Reduced in Price

Yesterday the price of milk dropped from 7 to 6 cents per quart. Early in the winter the price was raised from six cents to seven cents owing to the price of fodder but it will not be long ere the cows go to pasture and a still further reduction will likely be made.

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten distorted limbs of chronic cripples, nor turn [illegible] with back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease. These sand-like grains, found in Rheumatic Blood seem to dissolve and pass away under the action of this remedy freely as does sugar when added to pure water. And then, when dissolved, these poisonous waste freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

Dr. Shoop's Rheumatic Remedy

FOR SALE BY ALL DEALERS.

FISH STORY FROM THE WEST.

Misadventures in a Canoe on White Whale Lake.

A fish story comes from White Whale Lake, Alberta, that makes all ordinary efforts seem pale and weak. The story purports to be true and is about Tom Fraser, a traveler.

Last July, Mr. Fraser was paddling his birch canoe up White Whale Lake trailing a spoon hook and holding the line in his mouth, when a large muskalonge struck the hook. The sudden shock wrenched out three of Mr. Fraser's lower teeth.

After a hard fight Fraser got the fish alongside, shot it in the head and lifted it into the canoe. The fish was only stunned and commenced to knock the canoe ribs loose to right and left. Mr. Fraser took another shot at his prize, forgetting in his excitement that the bottom of the canoe was directly under the fish.

Water commenced to pour through the hole, which Fraser finally stopped by using the index finger of his left hand as a plug. Doing the best possible with the paddle, the exultant fisherman crawled slowly shoreward.

However, just as he was passing a pond-lily patch, a huge muskalonge, doubtless attracted by the diamond ring on Fraser's finger plug, rose to the digit, and struck. Fortunately, the fish let go instanter.

Mr. Fraser transferred the lacerated finger to his mouth, forgetting in the poignant agony that there was a hole in the bottom of the canoe.

With the water washing around his feet, he started to recalk. The sudden withdrawal of the finger from his mouth jerked loose the gold plate of false teeth with which his upper jaw was fitted. They fell overboard, and, in endeavoring to grasp them before they reached the water, Mr. Fraser followed suit, diving as he did so for his disappearing crockery molars.

Again a muskalonge proved his undoing, beating him to the teeth by a nose, the finny monster evidently thinking the gold plate was a new kind of spoon.

As Mr. Fraser is a hearty eater, his loss made him frantic. He grappled with the fish and tried to choke the teeth—his teeth—loose, but they had stuck crossways in the muskie's gills. The fish fought frantically. So did Fraser. The teeth interfered with the fish's breathing, and rose to the top of the water half drowned.

The battle was going against the man when assistance came in the shape of Fannie H. Fraser's canine companion. The faithful dog had seen her master dive from the canoe, and, swimming the famous crawl (or Australian) stroke, had hurried to the rescue.

Fraser had trained the hound to carry a rope to persons struggling in the water, and the intelligent animal arrived at the scene of the combat dragging a boom-chain, which she had picked up on shore.

Fraser grabbed the free end of the chain and took a half hitch around the muskie's neck. Then, with dog and man hauling, the big fish was yanked ashore.

Mr. Fraser recovered his teeth, built a fire and, while drying his clothes, broiled and subsequently ate, a steak from his late antagonist.

As Mr. Fraser lost his senses, he cannot say how much the fish weighed.

ONE-ARMED LIFE SAVER.

Alfred Jenson Receives the Royal Canadian Humane Society's Medal.

The Royal Canadian Humane Society have presented a bronze medal to Alfred Jenson, a young Scotchman, who rescued Russell Nixon of Mono road from drowning in Scott's Lake last August, and made an heroic attempt to save the life of another man, Herbert Yarrington.

Jenson was swimming in the lake one evening in August when he saw two men struggling in the water some distance from the shore. Realizing that the couple were out of their depth, Jenson, who has lost one of his arms, swam out to them and succeeded in bringing Nixon to shore.

Yarrington had been swimming with the assistance of a float, and had apparently become excited at feeling nothing under his feet, allowing the apparatus to drift away from him. He became tangled in a patch of weeds while Jenson was landing the other fellow, and when Jenson returned to the rescue he was struggling vainly to extricate himself.

In spite of the handicap of having but one arm, Jenson, succeeded in getting Yarrington out of the weeds, but the latter slipped from his grasp while he was getting him in position to swim to shore, and sank.

Jenson located the body after an hour's work in the water, and brought it to the shore but life was extinct.

English Children on Farms.

Mr. Obed Smith, the new Canadian superintendent of emigration, is dealing vigorously with the allegations made in the Manchester Guardian by Mr. Shivington, a member of the Chorlton Board of Guardians, regarding the treatment of English children in Canada. Mr. Smith called upon Mr. Shivington to support his allegation that children "are simply sweated by Canadian farmers, the life of the children sent out on farm lands eight or nine years of age is simply shocking."

Shivington, in reply, simply quotes from a Canadian official report of cases in which children aged seven and twelve help in the household or on the farm while attending school. He protests against the British ratepayers' money being used to provide Canadian farmers with cheap child labor.

Mr. Obed Smith rejoins to-day that that is no proof of sweating, but only confirms the belief that Canada gives these children a healthy and happy start in life which is denied them in England.

Only last month Mr. McNamara, a British Minister of the Crown, in an official report publicly expressed England's indebtedness to Canada for her care of these English children, who otherwise would likely become wastrels.

Benjamin Constant.

Benjamin Constant, having sided with Napoleon during the hundred days, felt the need of justifying himself when Louis XVIII. returned to power. He wrote the king a letter with that end in view and called upon Mme. Recamier to discuss the subject. She asked him quietly:

"Have you finished your letter?"

"Yes."

"Are you satisfied with it?"

"Entirely satisfied. I have almost persuaded myself."

GRAVES FOR OUR SAILORS.

Thomas Long Appeals For Canadian Mercantile Fleet.

Mr. Thomas Long, vice-president of the Collingwood Shipbuilding Co., discussing recently the outlook for shipbuilding, pointed out that whereas in the busy season there are 1,000 men at work, says at present there are only 300 at his plant.

"The country to the west of Lake Superior, viz., the provinces of Manitoba, Saskatchewan and Alberta, are now producing annually about one hundred million bushels of grain for shipment, and ten years hence these same provinces will undoubtedly be producing for foreign markets at least three hundred million bushels annually, and cattle and other productions for shipment will necessarily increase in proportion. This means a great and increasing demand for lake tonnage of the best type and workmanship.

"Where are these vessels to come from? Is the evident demand to assist in building up a great enterprise in Canada, to provide labor for a large number of skilled mechanics and tradesmen, and to increase the prosperity and population of our own country, or is it to be diverted to the enrichment of American or British shipbuilders? Now is the time for Canada to consider this question well from every standpoint, and to take such steps as may be necessary to see that her future ships shall in every respect meet the requirements of the trade, and that her own resources shall be used in their construction, and the country at large receive the benefits accruing therefrom.

"The time has come," says Mr. Long, "when Canada should build her own mercantile fleet, as at present American vessels do a good deal of the grain trade, Canadian vessels carrying but a small proportion of our western productions.

"We should cease using our waters as the cemetery for discarded American hulks, which were out and leaky, consign our sailors to watery graves," says Mr. Long.

"Some years ago wooden shipbuilding was an important industry in Canada, more particularly along the Atlantic coast, but now that the days of wooden shipbuilding are passed why should not steel shipbuilding occupy as prominent a place in our industries as the wooden shipbuilding of earlier days? We have in Canada several steel shipbuilding plants and yards, thoroughly equipped and in a position to turn out a better class of vessel for lake trade at as small a cost as any yard in Great Britain or the United States, but we are hampered by the present customs tariff in securing this work. There is a heavy duty on much of the material imported for construction work from Great Britain and the United States.

"The coal required for the work of construction, and which is a large item, is subject to a duty of 53 cents per ton besides the freight charges, and any of the furnishings required that have to be purchased abroad are also subject to duty, and yet vessels thoroughly equipped in every particular come here from Great Britain duty free, and old American vessels can be bought and repaired in American yards and brought into Canada after having paid duty on the original cost. In shipbuilding circles these facts are well known, but to the general public they are a revelation."

Game in the Yukon.

Game is reported scarcer than usual this year in the great fur country north of Edmonton, but in the Yukon Territory, caribou are numerous. These animals are said to be flocking into that part of Canada from Alaska in large numbers. Mail advices from Dawson to Vancouver state:

This is a great winter for the miner to get a free supply of caribou in the Upper Yukon. From every direction come reports of the game being plentiful.

Prospectors, trappers and hunters from up the Stewart and the Klondike report caribou to be found in the hills there with little effort, and all the camps well supplied.

In the Sixty-Mile Country, the caribou have been ranging past in droves of thousands, in fact, in a procession of perhaps hundreds of thousands, and the stragglers have been running well down the gulches and streams leading off the general course.

Miners who have killed considerable of the game have laid away the dressed carcasses in shafts, there to be held until wanted for consumption. Some of the shafts are so cold that the meat will keep in them through the summer.

Moose are not scarce this winter, and the Indians and other hunters have kept the market well supplied.

Letters of inquiry have been received here of late by some of the Government officials from men who want to come to the Yukon next summer to kill caribou and moose for the sport of it. Serious complaint has been made of late regarding the ruthless slaughter of mountain sheep and moose in the Yukon simply for the trophies in the form of heads.

The Canadian's Compliment.

In a recent speech in the Eastern Townships of Quebec, Hon Rodolphe Lemieux told a story which greatly pleased his farming audience. He was dealing with the development of the Canadian butter and cheese industry and told of a visit paid by Queen Alexandra to the Canadian Pavilion at Dublin. Among the exhibits was some butter labelled "the best in the world."

Her Majesty, who despite her long residence in England has always kept a warm spot in her heart for her girlhood home, noticed the sign and turning to Commissioner Hutchinson, said: "That must be a mistake. The best butter comes from Denmark!"

Mr. Hutchinson replied, with courtesy: "Pardon me, your Majesty, the best queens come from Denmark, but the best butter comes from Canada!"

Luna's Plight.

"No," said the man in the moon, "matches are unknown up here. I always have to borrow a light from the sun."

Touching.

"Not a cent," replied the rich man coldly. "Money is not good for the poor."

"Well," responded the applicant, "just pretend that you have a grudge against me."

Obliging Jailer.

Mayor—Where are you going? Village Constable—The three tramps I just locked up want to play whist, and I'm looking for a fourth.—Transatlantic Tales.

GREAT LABOUR SAVING DEVICE

The Fenman & Sprang

DUPLICATOR

Will produce 100 copies in ten minutes, and is without doubt one of the greatest inventions of its kind ever conceived.

THE DUPLIGRAPH

The most reliable, cleanest, simplest, quickest and most up-to-da duplicating machine on the market.

It will reproduce one hundred facsimile copies of a penwritten origina in fifteen minutes; fifty to seventy-five copies of an original written on a typewriter or twenty-five copies of an original written with a copying pen.

The original is written on ordinary paper, with an ordinary pen, typewriter or copying pencil, and the copies can be taken on ordinary paper cardboard, wood or china.

ESTABLISHED 1882

Galbraith Coal Co., Ltd.

Non-personal Liability

Capital, $250,000.00 1,000,000 Shares 25c. each.

Good coal stock is a safe and sure investment.
Galbraith shares are especially attractive.

Modest Capitalization **Large Coal Reserves**

This Company organized under the laws of the Northwest Territories of Canada, owns and operates the Galbraith mine located at Lundbreck, Alta. They have four vertical seams of coal traversing their property, aggregating over 40 feet in thickness. Three of these seams are developed to a depth of 350 feet, and as they pass through the Company's lands for nearly a mile, some idea of the amount of coal may be had.

Shipping Steadily

The present output of the mine is about 200 tons per day. These shipments will be rapidly increased, as the C.P.R. allows its cars to be loaded with coal for points in the U. S.

We are selling a limited number of these shares at the extremely low price of

30 CENTS PER SHARE

in blocks of 100 or over. Tight money in the States makes it possible for us to give this unprecedented offer in stock that will be paying dividends inside of six months, and you are sure to realize a handsome profit.

Parties ordering can send money by P. O. Orders, Express Orders or Bank Drafts, and we will have the stock issued direct to you. Full information furnished on request. Correspondence solicited. Reference, Bank of Montreal

A DEEP MYSTERY SOLVED.

Women Blinded by Science.

The Doctor writes his prescription in Latin and the patient shuts her eyes to what she is swallowing. She takes that much on faith. If it should cure her she doesn't know what cured her. If the prescription injures her she doesn't know what did the injury. The physician is experimenting with different prescriptions all the time. Sometimes his medicine is powerful in the case but often not. This mystery of a concealed prescription is hurtful to mystify and befog the patient. One physician of wide reputation does not approve the public, nor believe in, a medicine which is necessarily for the health and happiness.

When the stomach is deranged [illegible] will respond in many ways. Heartiness and appetite, the balance of health [illegible] doctor believes at your hand [illegible] good. Hidden [illegible] are many plants [illegible] distressing [illegible] to suffer [illegible] pains, pain [illegible] nervousness [illegible] all women who [illegible] to wander through [illegible] time or another [illegible] season of the [illegible]. This is not [illegible] very useful plant, [illegible] when treated [illegible] extract its [illegible] is in all cases [illegible] irritability."

[illegible] D. Aberdeen, Illingwood, [illegible]: "Exercises [illegible] nervous conditions [illegible] of the female [illegible] which is free- [illegible] American forests is [illegible] AMMEN- [illegible] of this plant, [illegible] decidedly beneficial [illegible] condition of [illegible] weakness or [illegible] lumbo-sacral [illegible] regions. In dis- [illegible], it is one of [illegible] acting as a [illegible] gradually removing [illegible] at the same [illegible] vigor to the [illegible] used in ca- [illegible] irregularities and [illegible] further says, [illegible] particular phase [illegible] irritability and [illegible] attends these [illegible] ailments just [illegible] and especially [illegible] in which pelvic [illegible] bearing-down [illegible] as if they would fall out of [illegible]."

Dr. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., says, that a combination of the active principles of these roots with Golden Seal root, Black Cohosh and Blue Cohosh [illegible] extracted by the use of pure, triple-refined glycerine of proper strength (not a drop of alcohol), will [illegible] those peculiar weaknesses and maladies incident to [illegible] Pierce, nearly [illegible] to put up in a [illegible] "Prescription" [illegible] he had found so useful in his [illegible].

Dr. Pierce is frank and open about his ready-prepared medicine, called Dr. Pierce's Favorite Prescription—he tells [illegible] what is contained in it—he says it is not a cure-all, as it serves only a [illegible] of purposes, being for women's [illegible] and maladies, the only medicine put up for sale through [illegible] for the cure of such maladies, all the ingredients of which have the endorsement of leading medical practitioners and writers, as being the very best known remedies for the ailments for which "Favorite Prescription" is advised. All this will be learned to the reader's full satisfaction by perusing a booklet of extracts compiled by Dr. Pierce from standard authorities of the several schools of practice, and which will be sent *free* to any address on request for same, mailed to Dr. R. V. Pierce, Buffalo, N. Y.

It stands alone, Dr. Pierce's Favorite Prescription is the only medicine for women's peculiar weakness and affections, all the ingredients of which are printed upon the bottle-wrapper in *plain English*, so that all who take it may know exactly what they are using.

A further reason for the unprecedented popularity of the "Favorite Prescription" of Dr. Pierce for the special use of women is to be found in the fact that it contains not a drop of alcohol. He does not believe that an alcoholic compound is beneficial for the [illegible] peculiar to women because the after-effect of spirituous wines or alcoholic medicines is harmful for weak, invalid, nervous women.

What "Favorite Prescription" has done for others it will no doubt do for you, if you give it a good, fair and honest trial.

CITY AND COUNTY NEWS

DOINGS HERE AND THERE BY TIMES REPORTERS.

Mr. R. H. Bradburn is Home

Mr. R. H. Bradburn has returned to the city after spending last winter and fall in company with his wife at Long Beach, California. He and Mrs. Bradburn have been visiting in Lindsay for about a week.

Officers Elected

The Ladies' Aid of the Park street Baptist church, at their annual meeting at the home of Mrs. F. Hunt, Wimett street, re-elected the following officers for the ensuing year:

President—Mrs. M. Mowry.
Secretary—Mrs. Jas. Johnston.
Treasurer—Mrs. Robt. Wright.

There is a Pink Pain Tablet made by Dr. Shoop's, that will positively stop any pain, anywhere, in 20 minutes. Druggists everywhere sell them as Dr. Shoop's Headache Tablets, but they stop other pains as easily as headache. Dr. Shoop's Pink Pain Tablets simply coax blood pressure away from pain centres—that is all. Pain comes from blood pressure—congestion. Stop that pressure with Dr. Shoop's Headache Tablets and pain is instantly gone. 20 Tablets 25c. Sold by all dealers.

Received Bad Scalp Wound

Mr. Fred Walker of Perry street, was struck with a heavy limb of a maple tree yesterday noon on Aylmer street, while returning from work. The limb crushed through his hat, striking his head, causing a bad wound in his scalp which bled considerably, and medical aid was required.

St. Peter's Cathedral Crowded

Yesterday morning St. Peter's cathedral was crowded at the 9 o'clock mass in honour of his Lordship Bishop O'Connor's ordination. His Lordship has been the recipient of many hearty congratulations today and the best wishes of the people that he might be spared for many more years to be at the head of the diocese of Peterborough.

McGrath will Contribute to Family

W. McGrath, who is cited in yesterday's issue was fined at Wednesday's police court on a charge of assaulting and choking, and taking it back to the men his wife was yesterday, after a conference of counseling counsel, impelled to sign an agreement whereby he will give her but half $5 a week and is agreed to keep entirely away from the family home.

Is Race Suicide Rampant Here?

There were nearly twice as many marriages in Peterborough during April, 1908, as there were in that month last year. In the first month just ended there were six less births compared with April last year. The number of deaths was smaller than in the same month last year.

The figures at the City Hall are:

	1908	1907
Births	52	38
Marriages	13	7
Deaths	20	22

Peterboro North of Snow Line

Yesterday at noon fifty fishermen who were there had encountered from three to four inches of solid snow. How the man who got up at, say, six o'clock, and [illegible] that [illegible] reached a few weeks ago from Hudson's Bay, or Portland, in Peterborough on the average working man went to bed on a New Scantling that night will be [illegible] Peterborough may be a northern city at 44 degrees 11 M. com- [illegible] towards the 49th parallel and to the south, was perplexed in a way [illegible] now that made that part of the country look somewhat like a map made by Lieut. Peary of the Arctic regions.

Bell Co. Removing Heavy Cables

Yesterday afternoon a gang of Bell Telephone employees were busily engaged in taking down and afterwards hauling away one of the massive four hundred pair cables that was strung along George street from Brock street to their former office in the market building. As the company has now got settled in their new exclusive offices on Hunter street they are taking down all wires and cables that might otherwise interfere with the work of the fire brigade in case of a possible fire.

Muskoka the Beautiful

Do you know the place? If not, your pleasure has suffered. Take the trip, a most delightful journey through Muskoka by asking for that handsome Muskoka Folder issued by the Grand Trunk Railway System. It contains a large map, lots of views, and a fund of facts. Take the journey some evening after supper with your wife and children. Pass from the door on the scene for 1908 by taking your family on a delightful journey through the Muskoka District this summer. For all particulars and handsome illustrated publication free, apply to J. D. McDonald, Toronto Station, Toronto, Ont.

City Topics

IN SHORT FORM FOR BUSY READERS

—The Junior Boys' Guild of St. Andrew's met last night at 7.30 o'clock.

—The regular meeting of the St. Andrew's Ladies' Aid Society was held in the church parlor at eight o'clock yesterday evening.

—Mr. W. H. Moore, K.C., has returned home from Brantford, where he read a paper on "Municipal Government by Commission." Some comment from the Brantford papers will appear today.

—It seems judging by Belleville reports that "Black Hand" methods are being used there. Belleville must be getting ambitious. Was it not D. H. methods as well? This would be more compatible with existing conditions.

—Local option went into force yesterday in Cavan, Otonabee and Millbrook. It is said that the thirsty ones took on a cargo to see them over the next day.

—A lodge of the Independent Order of Foresters has been organized at Norwood. It was instituted by the Deputy Chief Ranger for Eastern Ontario.

Yesterday morning early Master Norton Silk, aged 10 years, only child of Mr. W. T. Silk, 268 Edinburg street, passed away, the cause being rheumatism. The deceased was popular among all who knew him. The funeral will take place on Monday afternoon at two o'clock.

ADVERTISE IN THE TIMES.

Personal

Mr. Charles A. Watt, Gananoque, is in South Ormond.

—Lindsay Post: Mr. T. E. Hurt of Peterborough, was in town yesterday.

—Mrs. Fulton of Galt, one of the most competent designers of Ontario, has been added to the millinery department of the firm of Reguel Hall & Sons, Limited, to meet the great demand for goods in that department.

—Mr. Morris Wilson the Garden Hill cheese maker, was in the city yesterday, bringing up a car load of hogs for Messrs. Matthews Co.

—We note that Mr. W. A. Bailey, the Anglo-Canadian resident of Peterborough, objects in an E.E.C. to the statement that Manchester, England is having hard times.

—Yesterday a couple of local Exemplars of Izaac Walton went to Garden Hill after brook trout. On their return to the city they noted that 17 Lost River and 15 Millbrook fishermen were present at the creek. However the local contingent caught their full legal allowance while all the other fellows were betting their hooks on looking for likely places.

—Mr. A. Eaton representing the McAlpin Tobacco Co., of Toronto, who was calling on the trade here yesterday, was a guest at the Snowden House. Mr. Eaton who is one of the old time travellers calling at Peterborough reports business in general throughout the Province as being nearly, still is getting his share of the business.

—Mr. Alex. Weir who has for the past quarter of a century been a regular caller on the tobacco trade in Peterborough, and is well known here as throughout the Province of Ontario, died last Thursday, of pneumonia, in the Victoria Hospital at Lindsay. For the past two years this popular commercial man has represented the Dominion Tobacco Company, Montreal.

Piles are easily and quickly checked with Dr. Shoop's Magic Ointment. To prove it I will mail a small trial box as a convincing test. Simply address Dr. Shoop, Racine, Wis. I surely would not send it free unless I was certain that Dr. Shoop's Magic Ointment would stand the test. Remember it is made expressly and alone for swollen, painful, bleeding or itching piles, either external or internal. Large jar 50c. Sold by all dealers.

—Mr. Robert Turner, Toronto, representing the "Turner Bitters Co.," was a guest at the Snowden House yesterday. If Mr. Turner survives the next two years, and his many friends sincerely trust he will, he shall have put in exactly half a century during which he has several times each year called on the trade in Peterborough.

Tired nerves, with that "no ambition" feeling that is commonly felt in spring or early summer, can be easily and quickly altered by taking what is known to druggists everywhere as Dr. Shoop's Restorative. One will absolutely note a changed feeling within 48 hours after beginning to take the Restorative. The bowels get sluggish in the winter-time, the circulation often slows up, the Kidneys are inactive, and even the Heart in many cases grows decidedly weaker. Dr. Shoop's Restorative is recognized everywhere as a genuine tonic to these vital organs. It builds up and strengthens the worn-out weakened nerves; it sharpens the failing appetite, and universally aids digestion. It always quickly brings renewed strength, life, vigor, and ambition. Try it and be convinced. Sold by all dealers.

Mr. H. P. Kennedy Interviews Hon. Mr. Fisher

Mr. H. P. Kennedy, who was one of the deputation to interview the Hon. Sidney Fisher, on behalf of the Canadian Drovers' Association, at Ottawa, has returned home, and stated that he felt that the petition made to the deputation to the Minister of Agriculture was not made in vain, and he hoped that something would be done in the near future.

About a year ago, he said, the Government set a system of inspection in force on all roads offered for exportation, and Inspectors were placed [illegible] was done. The cattlemen of the country were suffering and they the Minister of Agriculture for redress. The deputation waited upon the Hon. Mr. Fisher, and were warmly welcomed. The hon minister stated that he was glad to go into the matter and do all in his power in their interests of Canadian trade. The deputation remained for two hours and explained their grievances fully, after which the Minister of Agriculture promised to give the matter carnest consideration, and invited the deputation to inform him further on the subject.

At the Canadian Drovers' Association meeting which was held in Montreal, from which the deputation was sent out, about 50 members from different points in Canada were present and important business was discussed.

GRIP VICTIMS RELIEVED

PE-RU-NA Is a Reliable Remedy for the After-Effects of Grip, Such as Indigestion, Prostration and Poor Circulation.

La Grippe Leaves Systemic Catarrh.

Judge Horatio J. Goss, Hartwell, Ga., writes:

"Some five or six years ago I had a very severe spell of grip which left me with systemic catarrh.

"A friend advised me to try your Peruna, which I did, and was immediately benefited.

"The third bottle completed the cure."

The Right Medicine.

Mrs. Henrietta A. S. Marsh, 2128 Reservoir St., Los Angeles, Cal., President Woman's Benevolent Ass'n, writes:

"I suffered with la grippe for seven weeks, and nothing I could do or take helped me until I tried Peruna.

"I felt at once that I had at last secured the right medicine and I kept steadily improving. Within three weeks I was fully restored, and I am glad that I gave that truly great remedy a trial. I will never be without it again."

In a letter dated August 31, 1904, Mrs. Marsh says: "I have never yet heard the efficacy of Peruna questioned. We still use it."

Pe-ru-na Recommended by Friends.

Mr. N. Beauchamp 126 rue Notre Dame, Lachine, P. Q., writes:

"I tried the famous remedy, Peruna, which was recommended to me by one of my friends, R. Piton.

"I have not been without this valuable remedy for seven months and now I see that I am entirely cured.

"Formerly on lying down I was unable to breathe through my nose and I never passed a day without headache.

"To-day I experience none of these symptoms and this is due to Peruna."

Head and Stomach Were Affected

Miss Olivine Perrault, 335 Davidson St., Montreal, Can., writes:

"I write you a word to congratulate you on your famous remedy, Peruna. I tried other remedies, but my cold did not get any better, and I feared I was becoming consumptive.

"The condition of my head and stomach was very annoying. I had coughed day and night for three months as the result of a cold which I had contracted from sudden change of temperature.

"My brother advised me to try Peruna and I did so, for he was cured by Peruna. I took it regularly and improved steadily. I have now taken three bottles of it and am completely cured."

Mr. J. A. Goyer, president La Pharmacie Latouinse, 1069 Berri St., Montreal, Can., writes:

"I can highly recommend your valuable preparation, Peruna, to all those who suffer from the bad after-effects of la grippe.

"Two bottles of Peruna have brought to me a complete cure of that sickness, and it has acted as the best tonic for the system that I have ever experienced."

MR. J. A. GOYER.

PERUNA is a remedy for the after-effects of la grippe.

Nearly every person who has had the grip during the past winter finds himself left with some chronic catarrhal condition more or less intolerable.

It may be a hacking cough, or a tired, all-worn-out feeling.

Sometimes indigestion appears and hangs on in spite of all remedies.

A short course of Peruna removes all these symptoms and puts the patient right again. We have a multitude of testimonials along this line.

Mr. Frank H. Fielder, 218 Pleasant Ave., Montgomery, Ala., formerly principal of Haynesville High School, writes:

"I can truthfully say that Peruna is a splendid remedy for la grippe, and a good tonic for building up the system."

DISCOURAGED MEN

IS LIFE WORTH LIVING

MEN, you become disheartened when you feel the symptoms of Nervous Debility and decline stealing upon you. You haven't the nerve or ambition you used to have. You feel you are not the man you ought to be. You feel like giving up in despair. You get nervous and weak, have little ambition, pain in the back over kidneys, drains at night, hollow eyes, tired mornings, prefer to be alone, distrustful, variable appetite, looseness of hair, poor circulation—you have **Nervous Debility.** Our **New Method Treatment** is your refuge. It will strengthen all weak organs, vitalize the nervous system, purify the blood and restore you to a manly condition.

Pay When Cured.

READER Are you a victim? Have you lost hope? Are you intending to marry? Has your blood been diseased? Have you any weakness? Our New Method Treatment will cure you. What it has done for hundreds of others, it will do for you. CONSULTATION FREE. No matter who has treated you, write for an honest opinion Free of Charge. Charges reasonable. BOOKS FREE—"The Golden Monitor" (Illustrated), on Diseases of Men.

ESTABLISHED 30 YEARS—CURES GUARANTEED. No Treatment sent C. O. D. No names on boxes or envelopes. Everything confidential. Question list and cost of Home Treatment FREE.

A GENUINE

Cobalt Opportunity

The Casey Mountain Cobalt Mining & Developing Co. Ltd.

Incorporated Under The Ontario Mining Companies Incorporation Act
Capital $250,000.00 250,000 Shares at $1.00 Each.
No Personal Liability - - - Not Subject To Call
Head Office, 210 Manning Chambers, Toronto.

OFFICERS AND DIRECTORS

R. G. WILLIAMSON, President, - - - - - Toronto (Formerly of Peterborough)
JAMES THOMPSON, Vice-President, - - Havelock, Ont.
DR. H. A. WOOD, Secretary-Treasurer, - - Peterboro
D. WILLIAMSON, Superintendent, - - Haileybury, Ont.

The following are some particulars concerning the above named company, which should interest the investing public of Peterboro

Properties Controlled

The Companies holdings consist of eight forty acre claims in one block, situated about 18 miles from the town of Cobalt, in the Township of Casey, on what is known as Casey Mountain, upon which deposits of Native Silver have been encountered running over 8,000 ozs. per ton.

Buildings, Machinery Development, Etc.

There has been erected on the properties a large Boarding House, Sleeping Camps, Blacksmith Shop, Shaft House, Boiler House and Superintendents Quarters. A modern Steam Plant has been in operation during the past ten months and about 300 ft of underground development work has been done, besides considerable surface work of trenching, and uncovering of veins.

12 True Fissure Veins Uncovered

There has been uncovered to date 12 fissure veins, varying in width from 16 in. to 8 feet, all carrying Silver, Cobalt Niccolite and Arsenic, these veins have been stripped several hundred feet and all have free walls and are well defined.

Big Chimney or Lode of Ore

At 50 foot level 16 feet wide. While the main shaft was at a depth of 50 feet on a 30 in. vein a tunnel was driven into the mountain along the vein, and at distance of 20 ft a tremendous chimney of silver ore was broken into 16 ft. wide from wall to wall, with silver values (Sulphide) running $20.00 per ton, we believe this to be the greatest strike of low grade ore ever encountered in the District. This tunnel was continued in this Chimney for a distance of 75 feet, when it was decided to sink the shaft to the 100 foot level, and again tap this great body of ore—this sinking was done, and the lode of ore was again encountered at a distance of 10 feet from shaft, it having widened 10 feet in the 50 foot of depth, and silver values were found to have increased in the fifty feet fully FORTY PER CENT, and we have in sight, or above us several thousand tons of concentrating ore that will net the Company a handsome profit by the installation of a concentrat-mill that will reduce the ore, and offset the necessity of shipping so much rock as the ore would be reduced about 15 to 1, and freight charges saved on 14 tons. This plant can be installed for the sum of $15,000 with a capacity of 100 tons per day

Cobalt Niccolite and Leaf Silver Encountered With Depth

Apart from the enormous body of low grade ore in sight there has been encountered while sinking in the main shaft, Cobalt Niccolite and Leaf Silver in the metalic form. These metals having come in at the 120 foot level and were expected when it was decided to futher sink to a depth of 150 feet, at 125 feet another Chimney has been encountered running in the opposite to the one struck at 50 ft. level, and our Superintendent states that he looks for this to be a larger body of ore than the one just mentioned and is rich in mineral and the indications are that these large Chimneys will connect with depth into one continuous ore body.

It is now proposed to drive a tunnel into this new ore body and commence bagging ore for shipment, as we appear to have unlimited quantities of ore that shows a continual increase with depth.

We give several reasons why Casey Mountain will become one of the great Dividend Paying Mines of the Cobalt District, and there are many: (1) A large area that is a regular net work of veins running for three-quarters of a mile the entire properties that will go down several thousand feet, and not punch out. (2) We have the Stuff in unlimited quantities and yet the properties are scarcely scratched. (3) A Capitalization of only $250,000 to pay dividends on. (4) No promotion stock issued to promoters that has not been paid for. (5) A Management that are doing a Mining business, not a stock speculation. (6) The Directors have shown their faith in the property by investing heavily in the stock and up to date the shares have been held very closely—it being the desire to sell only sufficient to carry on developments until shipments are made, and for a short time only we offer the citizens of Peterborough and vicinity an opportunity of securing an unlimited number of shares at par $1.00 per share, and any desirous of securing some of this stock should make application at once, by addressing Head Office, Manning Chambers, Toronto, as this will be the only block offered at par value.

Additional information can be obtained up to Saturday from,

Over 60,000 Catholics in a Grand Street Parade

New York, May 2.—Sixty thousand Catholic laymen marching on one season this forenoon, brought to a climax and formally ended the week-long celebration of the centenary of the founding of the Roman Catholic Diocese of New York.

The parade had been looked forward to as the crowning public event of the week and in every way anticipation was surpassed. No more perfect day could have favored the event. The sky was almost cloudless, the air clear and bracing.

Along Fifth avenue and through 57th street, where the line of march led, to the commanding points, hundreds of thousands of persons were massed, and the mimens reviewing stand, which had been erected in front of the cathedral made a picture, the like of which was seldom seen.

It had been built to accommodate 3500 persons and its whole capacity was placed at the disposal of women and children and the distinguished prelates who have been participating in the observance of the centenary.

Of all the 60,000 who took part in the parade, every man, save Brigadier-General Thomas Barry, the grand marshal, was on foot. Behind him, trudged the thousands, millionaires and laborers.

Many of the large stores and other places conducted by Catholics had declared a half-holiday for today that their employes might have an opportunity to take part in the parade or with as the procession

Tragedy of a Most Horrible Nature Committed at Lethbridge

Lethbridge, May 2.—Details of a tragedy of a most horrible nature were brought out at an inquest before Coroner Higginbotham last night.

Mateo Zezely, aged 30 for a long time was enamored of Mrs. Maria Baread, also a Dalmatian, although married to an Italian miner. Infatuated with the woman, Zezely made presents of money and transferred his bank account to her name. Driven from the house by her husband, he still remained very friendly, Zezely visiting the house just the same. After a quarrel last Sunday, when she was angry at Zezely, ordering other men from the house, he asked her to give him his money back, and she refused. Yesterday morning she had his bank book with her, and was evidently going to draw the money, with her little son, when she met Zezely about two hundred yards from the immigration hall.

Words ensued, he shot her in full view of a dozen spectators. She sought to run, and he followed her, and shot her three times more, putting a bullet in each ear. The woman fell, and murderer drew a knife, slashing her four times across the throat and round the abdomen, severing the jugular vein and inflicting frightful wounds. The little boy, aged nine, ran after Zezely, who fired at him, and then, holding off men who sought to interfere with him, he sat down beside the woman's body and shot himself four times in the body, ear and throat. He made the most desperate efforts to ensure the death of the woman and himself.

Zezely was handsome and intelligent, though quarrelsome. The woman was the mother of eight children.

A verdict was returned in accordance with the facts.

Plans to Make Gold-- Mint Busy if a Go

Chicago, May 4.—Has the dream of the alchemist of old been realized in the dawn of the twentieth century? Eighteen months hence, Rudolph M. Hunter says, he will be manufacturing 24-carat gold at the rate of $100,000,000 annually. Transmutation of silver and baser metals into gold is his secret, and he declares he can produce the finer metal in quality to defy the government experts as to its origin, and in quantity to keep the Philadelphia mint busy the year round.

Mr. Hunter is in Chicago attending to the final details of getting a huge plant at Philadelphia into operation. Behind rock walls, without windows and with a single door to the turreted and feudal-like castle which is to house a half-million dollars' worth of delicately tuned machinery, this modern wizard promises to revolutionize the gold crop of the world.

REWARD OF YEARS OF TOIL.

"We are now at the point of putting into commercial execution the result of years of toil, thought and experimenting," said Mr. Hunter at the Great Northern Hotel last night. "The last demonstration has been given that is necessary to prove that my invention is scientifically and commercially correct and the completion of the plant which is to begin at once, will mark the beginning of a new epoch in the commercial history of the world."

Mr. Hunter is an inventor and engineer of standing in the scientific world. During his career he has produced and patented hundreds of ideas, notably in the electrical field. His patents cover the trolley, conduit and and electric accumulator system of traction now in use.

The inventor came to Chicago, he said, to submit his building plans to a select coterie of Chicago business men, two of whom are bank presidents, who, with New York and Philadelphia financiers, are furnishing the necessary funds for the erection of the building and apparatus which is to turn a flood of gold into the government mint at an original cost of 10 cents on the dollar.

NOT INCLINED TO TALK.

Mr. Hunter was not inclined to discuss his plans and hopes for the reason, he explained, that his results and his claims are so at variance with common belief that those who have not studied the situation are disposed to number him with the dreamers.

"I am asking nothing of the public, and while I am willing to do what I can for science I prefer to wait until the results speak for themselves," declared Mr. Hunter. "My discovery of the transmutation of silver into gold was announced five years ago. At that time I had secured results which seemed to be perfect, and by my process the gold was produced in excellent quality. Then it came to a question of commercializing the process and I found that while I had achieved the desired result, the method had not been perfect and I had to retrace the entire course.

"Now I have it, and those who scoffed five years ago will be compelled within two years by mere weight of fact to join in words of praise and congratulation."

SECRET KNOWN TO THREE.

Mr. Hunter and his two sons are the only living persons acquainted with the secret features of the process whereby, in ways, silver bullion will be dumped into the hopper at one end of the mill and be delivered as gold ingots at the other. He has the entire process recorded in a book, which in decades to come he expects to stand as the unchangeable record of a wonderful discovery and which will take rank with the great scientific achievements of history.

"To change silver into gold it is necessary only to change the ions and electron conditions of the atoms," said Mr. Hunter in scientific terms when asked as to how he will proceed when his plant opens for business.

"In simple terms this is my proved theory, shown to be intensely practical by these specimens," and he produced two glass vials, one of which was filled with shining [illegible] of gold, which in their former state were silver quarter-dollars, the inventor said. The other vial was full of mossy chunks of gold, which is growing "goldier" every day, according to the alchemist, because the secret process is still in operation on the original slivers of silver.

FINDS NATURE'S METHOD.

"Leave nature to herself," he said, "and she will produce gold from silver, in centuries of time. I have discovered nature's method of transmutation and applying it directly to the silver do in a fraction of a second what nature does in hundreds of years. That is all there is to it.

"Assume that we have an atom of silver, greatly enlarged, so as to be seen and we will find that each atom will be composed of say, 75,000 little particles, like planets, flying around with lightning rapidity, but at no time leaving the limit of their orbital range relatively to each other and to their sun. The first thing necessary is to destroy the activity of these little particles and this necessitates de-electrifying them so that their polarity and inductional capacity is nil.

"Assume that under these conditions we have collected these elements in a box. We then, as it were, gather up 137,620 of them and impress upon them the proper electric charge or electon and set them into motion in a new orbital range. Crystalization is a secondary feature of the process.

"It is now accepted by scientists that all metals are composed of one primary substance and that, whether the metal is gold or silver or copper, depends only upon the grouping and electron condition of the primary particles or ions. Metals of lower atomic weights are all positively transformable into metals of higher atomic weights. Gold differs from silver only in the following particulars: Its atomic weight is 196.6 against 108 for silver, so that its atom is nearly twice as heavy, and therefore contains almost twice as many primary particles of ions.

"Its electron or polarized condition is different, due to the different grouping of the ions; a different crystalization is produced; the specific gravity is different and there is a difference in the polarization of the atoms and specific tendency in the direction of crystallization.

All of this means, according to the inventor, that he takes the baser metals and a proper quantity of silver, applies his methods and the result is that the ions are rearranged and are crystalized into gold that the government experts at the mint cannot distinguish from the properly mined article from the Yukon.

"Will this discovery not shatter the monetary standards of the world?" was asked.

"Not in the least," replied Mr. Hunter. "It will be necessary for me to devote my personal attention to the secret part of the process of manufacture and one does not wish to work too hard when he is making a hundred million a year.

"Our annual output will be but one-fourth of the entire annual gold output of the world and will just about make up the necessary deficit, made necessary by the annual increase in population and the demand for gold. The gold standard will not be impaired in the slightest.

"We shall keep on hand about two tons of silver for use in the manufacture of gold but silver is not a necessity. By my process gold can be manufactured from other metals, at such a ridiculously low cost that I am ashamed to say what it is. I am confident that when our plant is in operation we can produce gold at a cost of not 10 cents for each dollar of gold produced. Of course, there is no loss in the raw material."

Mr. Hunter said that at the beginning trouble may be feared from the government when his process gold is offered for coinage at the mint. "That will be eliminated when the newness of the business has worn off, he said. "There we will take up the entire time of the Philadelphia mint in turning out money from our product. That is why we are locating our plant in Philadelphia, right up against the government mint."

Mr. Hunter expects to leave Chicago to-morrow for the East, to take personal charge of the work of construction.

There is a Pink Pill Tablet made by Dr. Shoop, that will positively stop any pain, anywhere, in 20 minutes. Druggists everywhere sell them as Dr. Shoop's Headache Tablets, but they stop other pains as easily as headache. Dr. Shoop's Pink Pain Tablets simply coax blood pressure away from pain centers—that is all. Pain comes from blood pressure — congestion. Stop that pressure with Dr. Shoop's Headache Tablets and pain is instantly gone. 20 Tablets 25c. Sold by All Dealers.

Seven Thousand Operators will Quit Work Today

Montreal, May 2.—It now appears certain that unless the cotton companies withdraw their amendment of a ten per cent. cut in the wage scale about 7000 hands will quit work on Monday. The Montreal Cotton Mills Co. employ about 2000 people at Valleyfield.

The Dominion Textile Mills Co. has factories not only in the Province of Quebec but in Ontario, and the lower provinces. Their Quebec factories are the only ones coming at present under the unions order, though they constitute the greater proportion of their working staff in the Dominion.

The following factories and hands will be affected by the order coming into effect on Monday; Montreal Cotton Mills Co. at Valleyfield, 3000; Dominion Textile Mills Co., factories at Hochelaga, 954; Ste. Anne's, 471, two factories at Magog, 756; the Merchants' Cotton Co., Montreal, 800; Colonial Bleaching and Cotton Co., 175, total 7002.

Another subsidiary company owned by the Dominion Textile Mills Co. the Montmorency Cotton Mills Co., one of the largest of the branch concerns, employing 800, at a meeting yesterday it was decided to accept the reduction of the company under protest and to appeal to the government. The Montmorency mills will not, therefore, close in the meantime, and will likely keep running until the request for government mediation brings results.

It was resolved to ask the executive to urge as strongly as it can upon Sir Wilfrid Laurier the necessity of more effectually protecting the Canadian produced cottons from the ruinous effects of foreign competition.

"My Valet" Cleaning Room Gutted by Fire on Saturday --Mr. Wesley Seriously Burned

Y.M.C.A. Gymnasium Baths

A Quantity of Gasoline Exploded and Caused the Fire

Loss will be About $600

As the result of a gasoline explosion in the cleaning department of the premises occupied by "My Valet" on Charlotte street, Mr. Edward Wesley was seriously burned about the face, hands and body, and now lies in a precarious condition at Nicholls Hospital.

The explosion occurred about twenty minutes after four on Saturday afternoon in the cleaning room, which is a small brick building at the rear of the store. The building was completely gutted by the fire that followed the explosion and it was owing to the promptness of the firemen that the flames were kept from spreading to other parts of the premises.

The contents of the room were totally destroyed and the loss will reach in the neighborhood of $600.

Mr. Wesley is a very old man, being over 70 years of age. He was not an employe of "My Valet," but until a short time ago his two sons were the proprietors of the establishment.

Old Mr. Wesley had been accustomed to spending an hour or two each day at the shop. On Saturday he called as usual, and after bidding the proprietor good day, he walked back into the cleaning room. He had only been in the room but a few minutes when the unfortunate affair took place.

What caused the explosion is unknown, but it is thought a spark from the pipe, that Mr. Wesley was smoking at the time, fell into the gasoline.

Local Y. M. C. A. Have Very Successful Month

The following is the report of the secretary of the Y.M.C.A. for the month of April;

SPIRITUAL.

Four Sunday afternoon meetings, attendance, total 330.

Bible classes—

W. B. Warne, teacher 4 classes, attendance average 10, total 45.

A. Poe, 4 classes, average attendance 8, total 30.

H. C. Wright, leader, 1 class, attendance 7.

J. C. Ellis, leader, 5 classes, average attendance 7, total 20.

W. J. Dunlop, leader, 2 classes, average attendance 5, total 11.

Dr. Middleton, leader, 2 classes, average attendance, 27, total 55.

One class has closed for the season but two new ones have started.

This shows an increase in our average attendance over last month.

SOCIAL

A very successful reception was held by the Murray street Baptist B.Y.P.U. to about 150 of our members and friends.

Dr. Middleton's Bible class held a banquet to which nearly thirty were present and which closed a most successful season of Bible study in this department.

One Strangers' Fellowship club tea has been held and seven strangers' tickets issued.

The Debating Club club closed another successful season with a banquet at which a large number were present.

PHYSICAL WORK.

Junior school boys, 4 classes, average 13, total 51.

Senior school boys, 7 classes, average 9, total 64.

Senior men, 6 classes, average 28, total 155.

Intermediate, 7 classes, average 18, total 127.

Fencing, 7 classes, average 8, total 64.

Total—32 classes, average 163, total 74.

Two games of basket ball have been played, one with Toronto seniors, when we lost by only 7 points, and one with Midland at which we defeated Midland by a score of 46—23. Our closing exhibition was held on April 23rd, and proved a success in every way.

Football, basketball and lacrosse teams have organized and tramping and canoe clubs started.

A successful camp reunion was held and prospects are for a good camp, both senior and junior, this year.

SEEDING IN WEST 3 WEEKS AHEAD --CONDITIONS FINE

Reports Indicate That the Prospects for Coming Season are Brightest in Years

The Danger from Frost

Winnipeg, May 2.—Conditions during the latter part of the present week have been ideal for seeding operations, while the heavy percentage of last week's rain has not only given the large proportion of acreage already sown a splendid start but has greatly improved the rather dry seed bed for the balance of the crop. Practically all the summer fallow destined for the prime cereal was laid down in what before the end of last week and certainly the crop has never been under better conditions.

Grain is in from three to five weeks ahead of last year, and at least a fortnight ahead of the average season. There may be some danger of frosts towards the end of the present month, but these would have to be unusually severe to cut back the growth, but the consensus of expert opinion appears to be that there is little danger along this line.

Of course the crop at every stage is a magnificent gamble. And too much rain, drought or black rust, to say nothing of hail or August frosts, may prove disastrous, but at least it may be said that never before in the history of this country has wheat gone in in better shape or under more favorable conditions.

Perhaps 90 per cents. of wheat is now in the ground, and seeding of this cereal should be completed by the middle of next week. Coarse grains are already going into the ground, and farmers are busy with springing plowing. Total acreage seeded to wheat should be quite 25 per cent. more than in any previous year, though official returns are not yet available.

A remarkable feature in the local grain situation which has so far escaped attention is that there is a very decided out shortage in this country. The out crop last year was almost a total failure, and what grain was harvested was so light that it is little use for feed. Oats are being brought in from outside, but with the immediate necessities of construction camps to supply, to say nothing of farmers' own needs, a good opening is provided for any surplus Ontario may have

Sad Drowning Accident at the Lindsay Lock

A sad drowning accident occurred at 8.30 Saturday morning in Lindsay, when Joseph Torrance, a young man 22 years of age, went to his death in full view of a number of people. The deceased, whose home was at Fenelon Falls, was assisting Lockmaster Jenkins and other men at the lock. They were putting stoplogs in position, as a scow was passing through the lock. The heavy current of water caught a plank Torrance was holding and he was thus thrown into the water, and carried over the falls and to his death. Those who saw the accident did all in their power to save young Torrance, but in vain. The young man was well known at Fenelon Falls, and had many friends there.

New Look and Dam For Hastings

The Hastings Star say, Final surveys are being made for the erection of a new concrete dam and locks for the Trent Canal system at Hastings, and it is expected that as soon as the survey is completed the estimates will be made out and tenders called for the work.

The present dam is but little better than a temporary structure and it is only a matter of a short time before it would have to be rebuilt, and this necessitates constant repairs, but a new concrete dam, properly built will stand for almost an age.

The present locks were built in the early days of the canal, just previous to the rebellion of 1837, and on account of being directly under the highway bridge, are very inconvenient for traffic in summer, as the bridge must remain open and block the highway as long as a steamer is in the lock. The new lock will be farther down, so that the bridge can be closed immediately a steamer has gone through, and will be much larger in order to be able to handle the traffic on the canal, as soon as the system is complete.

Death of Mr. Thos. Anderson

On Saturday morning, Mr. Thomas Anderson, one of the best known and generally respected citizens passed away from locomotor ataxia, at his residence 213 London street, aged 51 years.

The late Mr. Anderson was born at Manchester, Ont., and for some years operated a confectionery store at Lindsay. Some seven years ago he moved to this city where he has since worked at the carriage builders' trade. Mr. Anderson was a consistent member of St. Paul's church, and was a member of the Canadian Order of Foresters, Lindsay, and the Independent Order of Foresters, of this city. He leaves besides his wife, one daughter, Winnie, and two sons, Stewart and Leighton. Three sisters Mrs. Colville and Mrs. McQuarry, of Brussels; Mrs. Kennedy, of Blyth; and one brother, Robert, of Brussells, also survive him.

A funeral service was held last night at the family residence, 213 London street, conducted by Rev. R. Pogue, pastor of St. Paul's church. The body will leave by the early C.P.R. train this morning for Harriston, Ont., for interment.

Lieutenant Duffus will Enter the Sabre Contest

Provisional Lieutenant, Sergt.-Major Joseph Duffus leaves today for Stanley Barracks, Toronto, to take the course necessary to secure his permanent commission as lieutenant in the 3rd Princes of Wales Canadian Dragoons. In addition to having been gazetted as provisional lieutenant, this able soldier has been made lieutenant as commandant of the signalling corps of the Dragoons.

Whilst in Toronto Lieut. Duffus enters the sabre contest at the military tournament to (be held there from May 12th, to the 16th, as well as taking part in the officers' contests with foils and bayonet. No doubt this Peterborough Dragoon will sustain the reputation of the local Dragoons as he won the bayonet contest at the annual camp at Kingston last year and is skilled in these branches of the soldier's art.

Peterboro Girl Attacked in Toronto

Miss Ethel Skitch, daughter of Mr. John Skitch who formerly worked for Mr. D. Cameron the Water street tailor was the victim of a brutal attack by a blackguard in Toronto last Friday night. It seems that as she was working in a fruit store on Yonge street near Queen, she was seized by the throat and beaten over the head with the man's fists. Her nose was broken and one of her eyes completely closed up. She fainted from the shock.

What the man's attack must have been prompted by robbery, nothing was taken. The man frightened by her cries escaped.

In the Realm of Sport

WRESTLING

Hurtubise is confident that he can throw Frank Kundy, the New Yorker, four falls in an hour, as required by the conditions of Wednesday night's match at the Grand Opera House. Both men have been training hard for the match and they should step on the mat in the pink of condition.

The preliminaries will bring together Corny Burns and J. Crowe, and the "pocket hercules," Artie Edmunds of Toronto, and J. Wilson the local mat artist. Edmunds will endeavor to throw Wilson in fifteen minutes or will forfeit $25 if he fails.

The Burns and Crowe bout will be for best two in three falls.

Artie Edmunds of Toronto, who will wrestle here Wednesday night, has been matched to meet Young Muldoon, the New England States lightweight champion in Toronto on Saturday night. The conditions of the bout are as follows;—Best two in three falls, pin falls only to count, strangle hold barred, for $200 purse and $50 side bet.

BASEBALL.

Saturday's Eastern League game between the Maple Leafs and the Baltimore Orioles had to be called off owing to the fact that too much aqua pura fell during the early part of the afternoon to make a game possible.

No game was played yesterday, but the teams will lock horns again today, and Foley's Pets will endeavor to take revenge on the "Birds" for the 12 innings' defeat on Friday. Grimshaw will in all probability be back in the game today. The score back in the game today. The scores in the East run on Saturday, were as follows;

Newark 4, Rochester 1
Montreal 5, Jersey City 5.
Buffalo 2, Providence 0.

Saturday's rain prevented the game between the Strathconas and Karnots and consequently the fans have not as yet had a chance to see these teams work out. Both the Straths and the Karnots have gathered a lot of classy material and when they come together a good game should result.

The Peterborough Ball team will play their first game of the season next Saturday afternoon, when they "hook up" with the Alerts of Toronto in an exhibition game. Manager Johnston has gathered a fast likely looking bunch of ball tossers and up if not above last year's standard. The following players have already been signed;— Edmunds, Clements, Anderson, O'Hearn, Cheetham, O'Brien, Murphy and Burns.

Clements will do the slab work for the locals in Saturday's game, and Edmunds the receiving.

Ed. Walsh of the Chicago White Sox, has not as yet issued a base on balls. He has worked in three full games and won two. He has fifteen strike-outs to his credit.

Mr. Wesley's Condition Favorable Early Today

Enquiries made at the Nicholls Hospital on Saturday afternoon, was easily.

[illegible] resting [illegible] very severely [illegible] his clothing did not [illegible] badly burned [illegible]

Medicine in the Spring Needed by Everyone

Winter Weakens the System, Saps the Blood, Leaves Us Tired and Tain

Great epidemics break out in spring, such as fevers, pestilences, and infectious skin diseases.

Winter shuts us in from air and only the most robust get even a little sunshine. As a consequence of this unnatural mode of life, the blood becomes polluted, thin, colorless. Then we grow listless, dull, easily tired, have headaches and find our work a burden.

Reduced to this condition we become an easy prey to disease and fill hospitals and churchyards.

To rapidly form rich blood, to expel the accumulated humors that winter has stored up in the system, to call back the energy, endurance and vim that will make life joyous, just take Ferrozone, a spring cleanser, unequalled in medicine.

Ferrozone purifies by rebuilding nerve tissue and vitalizing the blood. The entire system soon feels the beneficient action of new rich blood; slow organs are stimulated to normal activity, expel poisons and wastes from it; fully, harmonious working of the system. Weak folks are restored and health becomes as natural a consequence as growth from moisture and sunlight.

Men and women fortify your nerves with Ferrozone, renew the blood through its marvelous blood-forming power, regain vigorous and enduring strength by its action upon appetite and digestion. Use Ferrozone if you want to be strong.

"I increased my weight seven pounds in one month and regained health that had been lost for two years—did this by using Ferrozone," writes Mrs. C. B. Mayhew, of Centertown. "Ferrozone brought me restful sleep and good digestion, enabled me to relish my meals and work hard all day. I consider it the finest tonic, the most nourishing medicine I ever used."

Try Ferrozone yourself, 50c per box or six boxes for $2.50, at all dealers.

Morning Times

This paper is the only Morning Daily published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

Strangers visiting Peterborough are cordially invited to make their headquarters at the office of the Morning and Weekly Times, where they will be furnished with writing material, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $3 per year, strictly in advance.

LITTLE CRIMINALS

Sir Charles Fitzpatrick delivered an address at the last meeting of the Montreal Children's Aid Society, to which attention can be directed with profit. It was on the proper treatment of juvenile and other offenders. The conclusions arrived at were wise and humane, the fruit, no doubt, of the practical experience gained by the Chief Justice of the Supreme Court in frequent and far-reaching investigations into criminal matters, as Minister of Justice of Canada. As regards the juveniles, Sir Charles laid down the rule that the object should be to form rather than to reform, and he showed various ways in which this could be arranged. Parents, he said, should be brought to realize their own responsibilities by fines for the offences committed by their children, in cases where the farmers' fault or negligence is clearly proved. The public should be excluded from the courts, when juvenile offenders are tried, for the presence of a crowd makes the child think himself a hero. And when the child must be taken from its home and committed for its own sake and the sake of society to another place, that place should not be either a jail or a reformatory. Neither the one or the other is fit for a child. A detention home is better, and it is in country life the best chance of influencing children for their own welfare is found. Actual results in this direction in Great Britain, the United States, France, Switzerland and Ontario prove it.

The subject is one in which everyone who is in a position to influence others should take an interest. The poor little juvenile offender who is left to grow up into an adult criminal is liable to marry and raise a family of criminals. It is on record in one of the New England States that in the early days the number of criminals traced back to a single couple, if we remember aright, over one hundred; we believe the figure was one hundred and forty-four. By catching all the possible progenitors of a race of criminals and taming them, if possible, into useful members of society, the breed can be gradually thinned out till comparatively few remain. To reduce the penitentiary population is certainly economic wisdom, as Sir Charles Fitzpatrick claims, and a result very much to be desired.

There is a Pink Pain Tablet made by Dr. Shoop, that will positively stop any pain, anywhere, in 20 minutes. Druggists everywhere sell them as Dr. Shoop's Pink Pain Tablets, but

Oyster Shortcake.—Make a soft, smooth shortcake dough with baking powder, using milk instead of water. Bake in thinner layers than you would for the regular fruit shortcake and split and butter generously as soon as baked. While the cake is baking, scald the liquor that you have drained from a quart of oysters, and in another saucepan heat a cupful of milk and half a cupful of cream. Just as this mixture begins to boil add a tablespoonful of butter and a tablespoonful of flour that have previously been rubbed together and stir until it becomes smooth and thick. Now, turn to the scalding oyster liquor and, having skimmed it carefully, add a tablespoonful of butter, some salt and pepper and finally the oysters. Let them stay but a few minutes only; then remove them. Cover the layers of the shortcake with them. Place the two layers together, one on top of the other, and pour the hot sauce over all. Serve immediately that it may have no time in which to cool.

Oysters With Parmesan.—Oysters with Parmesan cheese is another unique culinary concoction that is meeting with considerable favor. To prepare it butter a baking dish, spread a layer of toasted bread crumbs over the bottom, upon this arrange a layer of oysters, and over these sprinkle a thin layer of minced parsley and grated Parmesan cheese. Repeat this operation, add an extra layer of crumbs, with many bits of butter; pour half a glassful of mild white wine over the mixture and bake as you would scalloped oysters.

Oysters In Jelly.—A dainty suggestion was furnished at a banquet recently, when each guest was served with an individual mold of aspic in the center of which there were several appetising looking oysters. The molds were of different shapes and were served on beds of watercress, while the aspic had been generously flavored with lemon juice. The combination, therefore, was as tasty as it was attractive.

Recipes For Chafing Dish Parties.

One of the simplest chafing dish recipes, yet one with which very few are successful in making, is a cheese omelet. To prepare this take three eggs, three desert spoonfuls of sifted flour, a small quantity of grated Parmesan cheese, pepper, salt and butter. Beat the eggs, flour, pepper and salt together until quite smooth, and then add the cheese. Melt the butter in the upper pan of the chafing dish, pour in the omelet, stir until it begins to set, roll out on a small platter, slit across the top and sprinkle over it more of the grated cheese.

Grilled sardines are easily made and are an excellent dish to prepare in a hurry. Take a can of very firm, large sardines, remove the skin if desired, and fry the fish in melted butter which has begun to brown. After they have cooked a few minutes, not very fast, add a tablespoonful of Worcestershire sauce, some paprika and a little mustard.

An oyster roast fancy is made by taking six large sized oysters, melting a lump of butter in the chafing dish and laying the drained oysters in the hot pan to fry until brown on both sides. Then add more butter as it is needed, and when the oysters are brown on both sides put in two tablespoonfuls of ketchup, a teaspoonful of Worcestershire and sprinkle with paprika.

To prepare a Welsh rabbit take a pound of plain American cream cheese that is fresh, but not too soft, and cut it into tiny dice. Put a half teaspoonful of butter in the chafing dish and let it melt. Then add a teaspoonful of paprika and a half teacup of beer, and when this is hot put in the cheese and let it melt slowly. When the dice are almost entirely melted, begin to stir vigorously for a few minutes, or until the cheese is smooth. Have ready to add just before serving an after dinner coffee cup with a teaspoonful of beer, a saltspoonful or more of salt, some cayenne, a pinch of mustard, all well mixed. While the rabbit is hot pour in this seasoning and stir. Then serve on thin slices of toast. Some persons use milk instead of beer.

A Pipe Table.

A small, complete table for the den is the pipe table. Its lower shelf contains a match safe and ash tray com-

TIMES.

Auction Sale of Timber Berths

Dokis Indian Reserve

There will be offered for sale by public auction, at an upset price, in the Russell House, in the City of Ottawa, on Wednesday, the 24th day of June, 1908, at the hour of ten o'clock in the forenoon, timber berths numbered 1 to 5, inclusive, covering the pine timber of nine inches in diameter and over on the islands and no other, on the limits of the Dokis Indian Reserve situate on the French River in the Province of Ontario.

Each limit will be offered separately at a bonus, ten per cent of which to be paid in cash on day of sale and notes to be given for the remainder, payable in three, six and nine months, at the Bank of Montreal, in the City of Ottawa, with interest at six per cent, in addition to Crown dues at the rate of $2.00 per M. feet B.M., and $50.00 per M. feet C.M., an annual ground rent of $24.00 and a license fee of $4.00, the cash payment to be forfeited upon failure to pay the balance of bonus within the time above mentioned.

The licenses will be issued in due course after payment of notes above specified, and will be renewable yearly upon compliance with all conditions thereof for a period of ten years and no longer, and will be subject to Manufacturing Conditions in accordance with the provisions of Order of His Excellency in Council of the 9th day of April, 1901.

Dues at the rate above specified to be paid on sworn returns, as required by the Timber Regulations of the Department.

Information regarding the timber berths in question may be had upon application to the undersigned.

The unauthorized insertion of this advertisement will not be paid for.

J. D. McLEAN,
Secretary.

Department of Indian Affairs,
Ottawa, April 8, 1908.

Tenders for Bending Machine, Sorel.

Tenders addressed to the undersigned at Ottawa, and endorsed on the envelope "Tender for Bending Machine, Sorel," will be received at the Department of Marine and Fisheries, Ottawa, up to noon of the

EIGHTEENTH DAY OF MAY, 1908,

for the furnishing of one machine for bending steel boiler plates, to be delivered at the Government Shipyard at Sorel, P. Q.

Specifications and detailed information can be obtained from the Department of Marine and Fisheries, Ottawa, from the Director of the Government Shipyard at Sorel, and from the Agent of the Department of Marine and Fisheries, Montreal, P. Q.

Each tender must be accompanied by an accepted cheque on a chartered Canadian Bank, for the sum of $300.00 to the order of the Minister of Marine and Fisheries. This cheque will be forfeited if the party whose tender is accepted declines to enter into a contract to deliver the bending machine, or fails to carry out the contract. If the tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

Newspapers copying this advertisement without authority from the Department will not be paid.

F. GOURDEAU,
Deputy Minister of
Marine and Fisheries.

Department of Marine and Fisheries,
Ottawa, Canada, 21st April, 1908.

BUY

Prince Rupert

—AND—

Hazelton Lots

Having obtained inside information on property in both of these promising cities, and as I expect to receive choice of the first allotment of property to be put on the market, and will be on the ground to make selections, persons desirous of getting in on the purchasing of lots, can do so by making application in writing and enclosing check for $100.00, which entitles them to first choice of lots marketed, and at first price before they are offered to the public. In case you upon receiving the offerings from time to time of sales, do not purchase, your money will be refunded.

In case you purchase, the money you put up to get this inside information and quotations will be applied on the first payment of your property purchased.

PRINCE RUPERT. It is almost needless to make any lengthy description on this place for we all know its the terminus of the Grand Trunk Pacific Railway, in B. C., situated on Kian Island, at the mouth of the Fraser River. It is estimated that owing to the great rush of gold seekers and others seeking wealth and new locations that Prince Rupert will have a population of 30,000 before next winter.

HAZELTON is another almost equally promising city, situated at the head of navigation on the Skeena River, on the main line of the Grand Trunk Pacific, also being the junction point of the Line from Dawson City. With these and other existing natural conditions and the prospects of a great development, it is looked upon as a great place to advance.

If you want to get in right and on the bottom prices and get the pick of the stuff, write and accept this opportunity.

No triflers wanted or those seeking for information for curiosity.

DRAWER 1168, TIMES OFFICE.

Muskoka the Beautiful

Did you know the place? If not, your pleasure has suffered. Take a free trip, a mental little journey through Muskoka by asking for that handsome Muskoka Folder issued by the Grand Trunk Railway System. It contains a large map, lots of views, and a fund of facts. Take the journey some evening after supper with your wife and children. Then slam the door on the doctor for 1908 by taking your family on a real journey through the Muskoka District this summer. For all particulars and handsome illustrated publication free, apply to J. D McDonald, Union Station, Toronto, Ont.

TENDERS FOR DREDGING

Sealed Tenders addressed to the undersigned and endorsed "Tender for Dredging," will be received until Friday, May 15, 1908, at 4.30 p. m., for dredging required at the following places in the Province of Ontario:—

Burlington, Blind River, Beaverton, Collingwood, Cobourg, Goderich, Hamilton, Kincardine, Little Current, Midland, Meaford, Owen Sound, Nigger and Telegraph Islands, Point Edward, Penetanguishene, Port Burwell, Port Hope, Picton, Rondeau, Summerstown, Thames River, Toronto, Thornbury, Trenton Harbour and Dark Channel, Waubaushene, Wiarton and Wingfield Basin.

Tenders will not be considered unless made on the form supplied, and signed with the actual signatures of tenderers.

Combined specification and form of tender can be obtained at the Department of Public Works, Ottawa. Tenders must include the towing of the plant to and from the works. Only dredges can be employed which are registered in Canada at the time of filing of tenders. Contractors must be ready to begin work within twenty days after the date they have been notified of the acceptance of their tender.

An accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, for six thousand dollars ($6,000) must be deposited as security for the dredging which the tenderer offers to perform in the Province of Ontario. The cheque will be returned in case of non-acceptance of tender.

The Department does not bind itself to accept the lowest or any tender.

By order,

Have secured a block of the

Calumet, Mancos' Oil and Mining Company's Stock

Par value $1.00

What they offer at 25c per Share for a short time

The property is situated at Mancos, Colo., and consists of 160 acres, fully paid for. The Company expects to secure at least 400 acres or more, we are negotiating for it now and the terms are satisfactory and there is coal on the same, and they also intend to secure some Coal Mines of which they have the refusal. Some of the best coal mines in Colorado are in this district, as well as some of the richest gold and silver mines. In fact this is one of the richest parts for mineral in the State of Colorado, and the Company has the refusal to several prospects on reasonable and easy terms.

In our opinion the prospects of the Company are very bright and a rapid advance in the price of the stock is sure to take place in the near future. Full information can be had by calling at our office.

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or Sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at an Agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of a homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father or mother.

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

News in Brief

Montreal, May 4.—The mule spinners in all the cotton mills in the Province of Quebec are called out by the Textile of Quebec are called out by the Textile Workers, and as a consequence every cotton mill in the Province of Quebec will practically be tied up for the time being.

This action was decided upon at a meeting held in Valleyfield on Wednesday night, and followed upon the announcement of the companies that on and after May 6th their employes must accept a cut of ten per cent in wages or have the factories close down.

And now the factories likely will close, the union men declare, till autumn, thus throwing out of employment from eight hundred to a thousand men and girls.

The mule spinners, who will leave work to-day, are the basis of all operations in a cotton factory, and the only sequel can be the closing of the factories, throughout the province.

Milk Reduced in Price

Yesterday the price of milk dropped from 7 to 6 cents per quart. Early in the winter the price was raised from six cents to seven cents owing to the price of fodder but it will not be long ere the cows go to pasture and a still further reduction will likely be made.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in fact, normally diseased. It is almost always a hidden, tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and now has, more power, more stability, more controlling, more governing power. Without that the Heart must continue to fail, and the stomach and kidneys also have those same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing Hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this famous prescription—is alone directed to these weak and wasting nerve centers. It builds! It strengthens; it offers real, genuine heart help.

If you would have strong Hearts, strong digestion, strengthen those nerves—re-establish them as needed, with

Dr. Shoop's Restorative

FOR SALE BY ALL DEALERS.

PLANNED MANY ROBBERIES.

Joseph Hebburn Is Living Counterpart of "Professor Moriarty."

"Professor Moriarty," depicted by Sir Conan Doyle in "Sherlock Holmes," who crouched in a web of crime, has a living counterpart in Joseph Hebburn, who was sentenced recently at the Newington (London) Sessions to three and a half years' penal servitude. Like "Moriarty," Hebburn, referred to by the eight burglars (one a negro) he employed as "Manuel," simply "pulled the strings," subordinates carrying out the daring schemes he evolved.

Within five months he planned close upon twenty robberies in Southwest London. Recently his subordinates fell, one by one, into the net of the law, until he himself was obliged to take part in an ingenious shop robbery in Putney, when a smart detective, Sergt. Davies, who had been following, caught him in the act.

Only 25, "Manuel" was agile, well spoken and cunning to a degree. His "headquarters" were never known. He moved from point to point, sometimes taking rooms in lodging houses, at others in small hotels. Even when his men were working out his plans he professed a friendship for the police, approached the detectives trying to trace him, suggested lines of inquiry, and strove to lead them off the scent.

Flats and shops were his principal objective. He is believed to have had a small army of spies and "intelligence men." Having found out by their help every detail of the movements of his victims, and the precautions taken to safeguard till, safe or valuables he was to rifle; he called a meeting of two or more of his satellites and devised a plan of campaign. But when the burglary was committed he was usually far from the spot.

He is believed to have planned the following typical scheme: A woman in a suburban flat received a telegram purporting to come from her husband, asking her to meet him in the city. Half an hour after she had gone, leaving the flat unoccupied, a pantechnicon van, with two men in charge, drove up. Every stick of furniture and every article of value was moved out into the van. But for the suspicions of a neighbor, who, astonished at the sudden removal, informed the police and so led to the capture of one of the men, the robbery would have been completely successful.

DEFIED THE LAW.

Dangerous Transvaal Gang Finally Broken Up.

Armed robbers "held up" the branch of the National Bank at Langlaagte, Transvaal, a few months ago and abstracted about £1,200 from the till. Since then three men have been sentenced to ten years' hard labor for their share in the robbery.

The police have now discovered the man who planned the whole affair. His name is Walter Kirby, and he is also to be accommodated in gaol for a ten years' term. His sentence closes the history of one of the most famous gangs of criminals the Transvaal has known. The gang was formed originally by Percy John Collingwood, who may be described as the "Moriarty" of South Africa. Collingwood was a gentleman by birth, and received a thorough training as an engineer after he left school.

His master mind gathered around him on the Rand a gang of dangerous criminals, white and colored, who placed implicit trust in their "chief," and who for a time successfully carried out a series of crimes ably planned by him. Collingwood pitted his brains against those of the entire detective force, and for a time he more than held his own.

It was part of his method to keep in close touch with the police, and he was a frequent visitor at the police offices, whither he went on the most flimsy pretext. At last the acting-chief of the Criminal Investigation Department, Mr. Mavrogordato, discovered the identity of his clever opponent, and, after many attempts, brought home to him a serious crime, for which Collingwood was sentenced at Pretoria in January, 1907, to twelve years' imprisonment, with hard labor, for culpable homicide.

The crime was committed in the course of a robbery which he had planned when he found it necessary to get rid of a native "tool" who knew too much. After Collingwood's removal, Kirby appears to have assumed command of the operations of the gang, but evidently he did not succeed in getting the implicit trust of his followers.

Kirby's downfall, following the capture and sentence of these three, is the last act in the operations of a gang of criminals who have been a menace to the public safety for years.

Edward VII. as a Farmer.

The rich crop of prizes which the King's cattle and sheep have won at the Bingley Hall show, Birmingham, is the latest demonstration of His Majesty's success as a farmer, of which he is so deservedly proud. When the King began breeding nearly forty years ago, the Sandringham farm lands were in an almost hopeless condition, barren and barely capable of cultivation. To-day, according to Rider Haggard, "it is a wonderful farm, for nowhere is there so much high-bred stock to be seen on the same area."

But probably nowhere will you find such an array of plates and cups won at shows as that which Sandringham boasts. At a single exhibition his Majesty once won no fewer than fourteen first prizes. In 1908 he captured five first prizes and cups, in addition to numerous seconds and thirds; in 1904 his prizes numbered twenty; in 1905 he won a champion plate, a challenge cup and eighteen other prizes, including four firsts, while last year he took at the Smithfield show ten firsts, nine "breed" cups and plates, six other prizes and several highly commended, and every prize-winner he has bred himself.

A Dangerous Gift.

Why are you hurrying off so soon?"

"I have just given Miller a cigar, and he's lighting it now."

Benjamin Constant.

Benjamin Constant, having sided with Napoleon during the hundred days, felt the need of justifying himself when Louis XVIII. returned to power. He wrote the king a letter with that end in view and called upon Mme. Recamier to discuss the subject. She asked him quickly:

"Have you finished your letter?"

"Yes."

"Are you satisfied with it?"

"Entirely satisfied. I have almost persuaded myself."

EVERYDAY HEROINES.

Life Is Made Up of Little Things, Not Great.

The quicker we learn that life is made up of little things, not great and heroic deeds, the quicker we will adjust ourselves to living it happily.

As we grow older this lesson is gradually forced upon us, but we could begin the adjusting much more quickly and have a longer period of happiness if as girls we would cease to dream of being heroines and consent to be ordinary, everyday mortals.

Most people go through life with never a chance for spectacular heroism. What, then, must that life be which is spent in day dreams of how one will act in some great crisis which may never arise!

Do you know what will probably be the result of those pleasing visions—provided they have not been backed up by doing as one goes along—an ignominious fall down.

It is little use to plan great sacrifices and neglect the small ones that can be made each day if we but allow ourselves to see them.

The young girl who dreams of the time when she can open her veins to give her lifeblood to save mother's life will probably fume over having to leave an interesting novel to save mother a wearisome trip to the store.

It is the little things—smiles, small kindnesses, every day disagreeable drudgery cheerfully done—that make those around us far happier than if we plan to do heroic deeds or even do them, let us say, and spend the interim with our eyes tight shut to the little opportunities for quiet heroism all around us.

THE ORIGIN OF WOMAN.

An Advance Upon the Old Time Rib Theory.

The Hindoos say that Twashtri, the Vulcan of Hindoo mythology, created the world, but that when he had made all other things and had come to the creation of what was to be his chef d'ouvre he found to his annoyance that he had run out of materials. He had not a single chunk of solid material left. With a mental execration upon his carelessness he fell into a profound meditation, the result of which was the following formula, the recipe for the creating of the sweet confection known as woman:

He took, according to the legend, "the roundness of the moon, the undulating curves of the serpent, the graceful twist of the creeping plant, the light shivering of the grass blade and the slenderness of the willow, the velvety softness of the flowers, the lightness of the feather, the gentle game of the doe, the frolicsomeness of the sunbeam, the tears of the cloud, the inconstancy of the wind, the timidity of the hare, the vanity of the peacock, the hardness of the diamond, the cruelty of the tiger, the heat of the fire, the chill of the snow, the cackling of the parrot and the cooing of the turtle-dove."

He mixed these together in equal proportions and the result was woman. Isn't that about as good a guess as any? After all, isn't this an advance upon the rib theory?

NEEDLEWORK NOTES.

Cross stitch is growing in popularity and very beautiful floral pieces are now being made for cushions and table covers.

It is always better to make a stem in sewing on a button, as if it is sewed tightly it will more easily tear out the material. Take loose stitches and then wind them on the right side with the thread four or five times.

For wear tucked into the top of the corset steels are dainty little heart shaped sachets of scented wadding, covered with soft silks or scraps of ribbon. The latter is sewed end to end and intwined basket fashion. A frill of lace completes it.

It is a good idea to line all collars to frocks with white, as it does not discolor with perspiration nor rub off on the neck. Besides it shows when it is dirty, which is a hint to the careful woman that it needs changing. A thin silk that does not cut easily is the best for this purpose.

One of the stunningest new sofa pillows is made of coarse crash. In constructing it use two pieces eighteen inches square, the front and the back. The former can be decorated with three large conventional tulips placed side by side and running to the top of the cushion. These are cut from leather, painted in natural shades and then glued to the cover. The deep reds and soft greens are more effective on the neutral background of crash.

A pretty gift for a baby is a little down pillow covered with a dainty white cover, one end of which is embroidered in white poppies and the words, "Early to Bed." The pillow should be made of soft blue ticking filled with down instead of feathers and made very light and fluffy. Two dainty covers should be made to go with the gift. Use no colors in the embroidery effect. Just a trace of blue will reflect through the white cover.

Doubtless the Reason.

Professor Searchem was engrossed in the study of all things that crawled. To him a pin had but one purpose—to impale insects; tin cans but one use—to house worms.

"Professor," complained his young wife one evening, "how the prices of vegetables are soaring! Just think of it, $2 for this bushel of apples, and half have worms in them."

"Perhaps, darling," commented the professor as he strove to part the few remaining hairs on his shining head, "they are of a very rare species."—Harper's Weekly.

Touching.

"Not a cent," replied the rich man coldly. "Money is not good for the poor."

"Well," responded the applicant, "just pretend that you have a grudge against me."

Obliging Jailer.

Mayor—Where are you going? Village Constable—The three tramps I just locked up want to play whist, and I'm looking for a fourth.—Transatlantic Tales.

GREAT LABOUR SAVING DEVICE

The Fenman & Sprang

DUPLICATOR

Will produce 100 copies in ten minutes, and is without doubt one of the greatest inventions of its kind ever conceived.

THE DUPLIGRAPH

The most reliable, cleanest, simplest, quickest and most up-to-da duplicating machine on the market

It will reproduce one hundred facsimile copies of a pen-written origina in fifteen minutes; fifty to seventy-five copies of an original written on a typewriter or twenty-five copies of an original written with a copying pen.

The original is written on ordinary paper, with an ordinary pen, typewriter or copying pencil, and the copies can be taken on ordinary paper cardboard, wood or china.

Galbraith Coal Co., Ltd.

Non-personal Liability

Capital, $250,000.00 1,000,000 Shares 25c. each.

Good coal stock is a safe and sure investment. Galbraith shares are especially attractive.

Modest Capitalization **Large Coal Reserves**

This Company organized under the laws of the Northwest Territories of Canada, owns and operates the Galbraith mine located at Lund brook, Alta. They have four vertical seams of coal traversing the property, aggregating over 40 feet in thickness. Three of these seams are developed to a depth of 350 feet, one as they pass through the Company's lands for nearly a mile, some idea of the amount of coal may be had.

Shipping Steadily

The present output of the mine is about 200 tons per day. These shipments will be rapidly increased, as the C.P.R. allows its cars to be loaded with coal for points in the U. S.

We are selling a limited number of these shares at the extremely low price of

30 CENTS PER SHARE

in blocks of 100 or over. Tight money in the States makes it possible for us to give this unprecedented offer in stock that will be paying dividends inside of six months, and you are sure to realize a handsome profit.

Parties ordering can send money by P. O. Orders, Express Orders or Bank Drafts, and we will have the stock issued direct to you. Full information furnished on request. Correspondence solicited. Reference, Bank of Montreal

Clean Up Inside

Blood and System Cleansing in the Spring Makes Good Health all Summer.

In spite of all your careful habits, its safe to say that in the spring you feel poorly—have a throbbing sensation in the head—skin is pale or yellow, with dark rings under the eyes. If not absolutely bilious the system is so full of bile that you feel heavy and tired all day long.

Clean up, work off the winter's accumulation of waste, purify your blood Do this and you'll feel fresh as a prize-fighter. "For ten years, says W. B. Sangster, of Concord, "I suffered greatly from impure blood, which made me feel debilitated and unfit for work. I had no appetite suffered from indigestion and gas, had some pains in the back, caused by poor kidney action. Spring was the hardest time of all, and many a time I felt despondent and languid enough to throw up the sponge. I was impressed by the marvellous work done by Dr. Hamilton's Pills and tried them. They suited me exactly. In one week I felt like new. I was braced up, got rid of blood weakness, gained in flesh, got back my old time appearance and spirits Dr. Hamilton's Pills will clean all the sickness out of a man in short order and I urge young and old to use this grand tonic medicine."

Dr. Hamilton's Pills are a perfect system medicine; they destroy germs and poisons of every description and strength whereby the system rallies and the patient quickly enjoys the blessings of Perfect Health. Get Dr. Hamilton's Pills—to-day—25c at all dealers.

CITY AND COUNTY NEWS

DASHES HERE AND THERE BY TIMES REPORTERS.

Bicycles

Mr. A. Sawers has moved into the shop next to Carey's shoe store, George street, and will be pleased to see his old friends and customers. Now is the time to get your bicycles cleaned and fixed up for summer. All work guaranteed.

Sons of England Meet Tonight

The S.O.E., Lansdowne Lodge, will hold a meeting in their hall this evening, at eight p.m. All the members are urged to be present, to consider the question of the annual attendance of the order at divine service. Owing to the 24th of May falling on Sunday, the members will go to church in a body on that day.

Piles are easily and quickly checked with Dr. Shoop's Magic Ointment. To prove it I will mail a small trial box as a convincing test. Simply address Dr. Shoop, Racine, Wis. I surely would not send it free, unless I was certain that Dr. Shoop's Magic Ointment would stand the test. Remember it is made expressly and alone for swollen, painful, bleeding or itching piles, either external or internal. Large jar 50c. Sold by all dealers.

City Officials at Ottawa

Mayor Rush and City Solicitor Hall will represent Peterborough's interests at Ottawa tomorrow when the Board of Railway Commissioners for Canada meet there to consider, among other business the question of protection for the G.T.R. crossing at Reid street, and the C.P.R. crossing on Aylmer street.

Overcome by Sewer Gas

On Saturday morning Mr. Fred Adams of the Machine Telephone Company was overcome by sewer gas while working on the underground wiring of the system on Hunter St. near the corner of Chambers street. He was rescued from the manhole by a fellow workman by the name of Melmes and soon revived.

Immigration Agent Kept Busy

Mr. Geo. E. Hewson, Dominion Immigration agent for Peterborough, was kept busy at his Water street office on Saturday attending to English immigrants applying for locations on farms throughout the county Mr. Hewson has successfully placed fourteen immigrants in good farming positions. It seems that whilst farmers are anxious to procure labor, they do not want to pay much for it; $15 a month is about the limit paid and some immigrants will not accept such small wages, especially as they can do much better financially in either lumbering or railroad work.

City Topics

IN SHORT FORM, FOR BUSY READERS

—The Customs receipts for the month of April amount to $19,000.

—Rev. Canon Tucker, D.C.L., speaks here tonight on "The Call of the Canadian West."

—Mr. W. H. Morlow, accountant of the local branch of the Bank of Commerce, has received notice of his transference, shortly to the branch in New York city.

—Pay your dog tax today or tomorrow you will pay it plus police court costs.

—A local butcher will face the morning session music at today's police court.

—Only 610 dog tags have been taken out so far this spring. Judging by canine vocalization every moonlight night the number should be 6100.

—An adjourned meeting of the Ladies' Auxiliary of the Y.M.C.A. to hold the evening of 7.30 o'clock A full attendance is requested.

—Brown trout are now in season So are fish stories about respective catch a that would make lunches come to the checks of Ananias could he hear them.

Weak Women should read my "Book No. 4 For Women". It was written expressly for women who are not well. The Book No. 4 tells of Dr. Shoop's Night Cure and just how these soothing, healing, antiseptic suppositories can be successfully applied The book, and freely, confidential medical advice is entirely free. Write Dr. Shoop, Racine, Wis. The Night Cure is sold by all dealers.

—Next Sunday will see Rev. Canon Davidson's last service in St. John's church for some four months, as he leaves on the 16th for England.

—There will be a full rehearsal of "Esther, the Beautiful Queen," at the Conservatory of Music Hall, this evening. Members of the chorus who are unable to attend are requested to return their vocal score.

—Today at two p.m., the funeral of the late Mrs. A. J. Gaddye will be held from her late residence, lot 25, con. 13, township of Otonabee to the Little Lake cemetery. The late Mrs Gaddye was 75 years of age and was well known and universally respected throughout the township.

Eat a Package of Tacks

Mr. Wm. Snowdon, who is an applicant for the position of Chief of the new Fire Brigade, is quite a chicken fancier. He told The Times yesterday that one of his Plymouth Rock hens recently swallowed a package of carpet tacks, and is now laying carpets.

Walding, Kinnan & Marvin,
Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by All Druggists.

Take Hall's Family Pills for constipation.

Two Steamers Arrive in Port

The steamers Mississaga and Rainbow arrived in port Saturday morning, each carrying a large number of passengers from points along the river and Rice Lake. The farmers who travel by steamboat on Saturday find it a great convenience and are glad that the boats are again making their regular trips. The steamers returned again at four in the afternoon.

Murray Gone to Toronto

Murray the prisoner whom it will be remembered threw a revolver on P. C. Newhall some six months ago at the C.P.R. station, and who was sentenced to one year in the Central Prison, Toronto, has been taken there to complete his "one spot." Turnkey Ray, of the county jail, took him to the C.P.R. station, where Murray joined ten other prisoners gathered by Provincial Bailiff Ryan, of Toronto, from various places east of here. Murray has of course been in jail here since his conviction as the Central Prison has been over-crowded.

A Bold Step.

To overcome the well-grounded and reasonable objections of the more intelligent to the use of secret, medicinal compounds, Dr. R. V. Pierce, of Buffalo, N. Y., some time ago, decided to make a bold departure from the usual course pursued by the makers of put-up medicines for domestic use, and so has published broadcast and openly to the whole world, a full and complete list of all the ingredients entering into the composition of his widely celebrated medicines. Thus he has taken his numerous patrons and patients into his full confidence. Thus too he has removed his medicines from among secret nostrums of doubtful merits, and made them *Remedies of Known Composition.*

By this bold step Dr. Pierce has shown that his formulas are of such excellence that he is not afraid to subject them to the fullest scrutiny.

Not only does the wrapper of every bottle of Dr. Pierce's Golden Medical Discovery, the famous medicine for weak stomach, torpid liver or biliousness and all catarrhal diseases wherever located, have printed upon it, in plain English, a full and complete list of all the ingredients composing it, but a small book has been compiled from numerous standard medical works, of all the different schools of practice, containing very numerous extracts from the writings of leading practitioners of medicine, endorsing in the *strongest possible terms*, each and every ingredient contained in Dr. Pierce's medicines. One of these little books will be mailed free to any one sending address on postal card or by letter, to Dr. R. V. Pierce, Buffalo, N. Y., and requesting the same. From this little book it will be learned that Dr. Pierce's medicines contain no alcohol, narcotics, mineral agents or other poisonous or injurious agents and that they are made from native, medicinal roots of great value; also that some of the most valuable ingredients contained in Dr. Pierce's Favorite Prescription for weak, nervous, over-worked, "run-down," nervous and debilitated women, were employed, long years ago, by the Indians for similar ailments affecting their squaws. In fact, one of the most valuable medicinal plants entering into the composition of Dr. Pierce's Favorite Prescription was known to the Indians as "Squaw-Weed." Our knowledge of the uses of not a few of our most valuable native, medicinal plants was gained from the Indians.

As made up by improved and exact processes, the "Favorite Prescription" is a most efficient remedy for regulating all the womanly functions, correcting displacements, as prolapsus, anteversion and retroversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of health. Sold by all dealers in medicines.

Personal

—Mr. Oliver Earle, of Eaton & Co., Winnipeg, is in the city.

—Miss Emeline Miller, the Toronto pianist and pianoforte teacher, is in the city on a visit.

—The friends of Mr. Victor Tully will be pleased to see him out again after several days' illness.

—The funeral of Mr. Philip Elmhirst, one of the best known residents of Otonabee, took place yesterday at Westwood cemetery.

—Mr. Vic McFadden is home from St. Michael's College, Toronto, and is the guest of his parents, Mr. and Mrs. M. McFadden.

—Messrs. T. Connors and Fred. Johnston have gone to Los Angeles Cal., for an extended visit.

—Mr. Geo. A. Calder was in Peterborough on business on Thursday.—Peterboro Falls Gazette.

—Mr. K. Eardley-Wilmot, formerly local manager of the Bank of Montreal but now of Tweed, spent Sunday in the city.

—Early Saturday morning Mrs. John Rogers of Belmont passed away in Nicholls Hospital after a long illness.

—Mrs. J. P. Stratton and Mrs. K. G. Leek, of Peterborough, and Mrs. Major of Markham, were on the village last week, visiting Mrs. W. M. Graham.—Lakefield News.

—Mrs. H. H. Stevens, of Port Elgin, is spending a couple of weeks with her parents, Mr. and Mrs. Jas. Burnett, at 801 Water street. Mrs. Stevens is accompanied by her two daughters, Helen and Margaret.

—Our former townsman, Mr. A. St. A. Smith was in Nicholls Hospital Peterborough, suffering from a sprained shoulder received from a fall on the ice some time ago. Mr Smith's many friends here will be pleased to hear of his speedy recovery.—Millbrook Reporter.

Tired nerves, with that "no ambition" feeling that is commonly felt in spring or early summer, can be easily and quickly altered by taking what is known to druggists everywhere as Dr. Shoop's Restorative. One will absolutely note a changed feeling within 48 hours after beginning to take the Restorative. The bowels get sluggish in the winter-time, the circulation often shows up, the Kidneys are inactive, and even the Heart in many cases grows decidedly weaker. Dr. Shoop's Restorative is recognized everywhere as a genuine tonic to these vital organs It builds up and strengthens the worn-out weakened nerves; it sharpens the failing appetite, and universally aids digestion. It always quickly brings renewed strength, life, vigor, and ambition. Try it and be convinced. Sold by all dealers.

R. G. WILLIAMSON, President, - - - - - Toronto (Formerly of Peterborough)

JAMES THOMPSON, Vice-President, - - Havelock, Ont,

DR. H. A. WOOD, Secretary-Treasurer, - - Peterboro

D. WILLIAMSON, Superintendent, - - Haileybury, Ont,

The following are some particulars concerning the above named company, which should interest the investing public of Peterboro

Properties Controlled

The Companies holdings consist of eight forty acre claims in one block, situated about 18 miles from the town of Cobalt, in the Township of Casey, on what is known as Casey Mountain, upon which deposits of Native Silver have been encountered running over 8,000 ozs. per ton.

Buildings, Machinery Development, Etc.

There has been erected on the properties a large Boarding House, Sleeping Camps, Blacksmith Shop, Shaft House, Boiler House and Superintendents Quarters. A modern Steam Plant has been in operation during the past ten months and about 300 ft of underground development work has been done, besides considerable surface work of trenching, and uncovering of veins.

12 True Fissure Veins Uncovered

There has been uncovered to date 12 fissure veins, varying in width from 16 in. to 8 feet, all carrying Silver, Cobalt Niccolite and Arsenic, these veins have been stripped several hundred feet and all have free walls and are well defined.

Big Chimney or Lode of Ore

At 50 foot level 16 feet wide. While the main shaft was at a depth of 50 feet on a 30 in. vein a tunnel was driven into the mountain along the vein, and at distance of 20 ft a tremendous chimney of silver ore was broken into 16 ft. wide from wall to wall, with silver values (Sulphide) running $20.00 per ton, we believe this to be the greatest strike of low grade ore ever encountered in the District. This tunnel was continued in this Chimney for a distance of 75 feet, when it was decided to sink the shaft to the 100 foot level, and again tap this great body of ore—this sinking was done, and the lode of ore was again encountered at a distance of 10 feet from shaft, it having widened 10 feet in the 50 foot of depth, and silver values were found to have increased in the fifty feet fully FORTY PER CENT, and we have in sight, or above us several thousand tons of concentrating ore that will net the Company a handsome profit by the installation of a concentrat-mill that will reduce the ore, and offset the necessity of shipping so much rock as the ore would be reduced about 15 to 1, and freight charges saved on 14 tons. This plant can be installed for the sum of $15,000 with a capacity of 100 tons per day

Cobalt Niccolite and Leaf Silver Encountered With Depth

Apart from the enormous body of low grade ore in sight there has been encountered while sinking in the main shaft, Cobalt Niccolite and Leaf Silver in the metalic form. These metals having come in at the 120 foot level and were expected when it was decided to futher sink to a depth of 150 feet, at 125 feet another Chimney has been encountered running in the opposite to the one struck at 50 ft. level, and our Superintendent states that he looks for this to be a larger body of ore than the one just mentioned and is rich in mineral and the indications are that these large Chimneys will connect with depth into one continuous ore body.

It is now proposed to drive a tunnel into this new ore body and commence bagging ore for shipment, as we appear to have unlimited quantities of ore that shows a continual increase with depth.

We give several reasons why Casey Mountain will become one of the great Dividend Paying Mines of the Cobalt District, and there are many: (1) A large area that is a regular net work of veins running for three-quarters of a mile through the entire properties that will go down several thousand feet, and not pinch out. (2) We have the Stuff in unlimited quantities and yet the properties are scarcely scratched. (3) A Capitalization of only $250,000 to pay dividends on. (4) No promotion stock issued to promoters that has not been paid for (5) A Management that are doing a Mining business, not a stock speculation. (6) The Directors have shown their faith in the property by investing heavily in the stock and up to date the shares have been held very closely—it being the desire to sell only sufficient to carry on developments until shipments are made, and for a short time only we offer the citizens of Peterborough and vicinity an opportunity of securing a limited number of shares at par $1.00 per share, and any desirous of securing some of this stock should make application at once, by addressing Head Office, Manning Chambers, Toronto, as this will be the only block offered at par value.

Additional information can be obtained during the next few days from

PLOT TO KILL GENERAL KITCHENER

And Drive Out the British—Elaborate Conspiracy Discovered at Calcutta
A Serious Situation

It is not unlikely that the uprising in northern India and the invasion of India by thousands of Afghans are part of a plot for an armed revolution by which the British would be driven out of the country.

The censor is at work preventing much news from being sent abroad, but enough has come through to indicate that Lord Minto and other high officials were in danger of their lives. It is likely prompt measures will prevent a massacre of Europeans in India, but the killing of two white persons by a bomb in a Bengal town naturally causes anxiety. Attempts have been made to alienate the loyalty of the British troops, and until it is seen whether these have been affected, confidence will not be restored.

Calcutta, May 4.—The police are investigating the native plot revealed here yesterday to murder Europeans by means of bombs, and the more they go into the matter the more serious and widespread does the conspiracy appear.

Documents seized at the house where bombs and explosives were being manufactured reveal that it was part of the plot to kill Lord Kitchener, Commander-in-Chief of the British forces in India, and other high officials.

The authorities believe they are facing an attempt at revolution. A number of prominent Bengalis are implicated.

Sensational arrests are expected to follow.

CONSPIRACY IN INDIA.

London, May 4 — From Calcutta comes the news of the discovery of a plot to murder Europeans by means of bombs. The conspiracy appears to be of an extensive character and many arrests have been made. The responsibility for the plot is placed on the natives, a number of incriminating documents having been seized, together with a supply of bombs and other explosives.

The discovery of the plot was made through the rarest and confession of the author of a bomb outrage at Muzufferpur, the capital of the province of the same name in Bengal, in which two Europeans were killed.

"THE CALL OF THE CANADIAN WEST"

Rev. Canon Tucker's Eloquent Address to a Large and Appreciate Audience in St. Paul's Church Last Night

The opening meeting of the Missionary Institute held in St. Paul's church, was remarkable for two things. First a splendid address by Rev. Canon Tucker of Toronto, and second, the large preponderance of ladies in the congregation present. The spacious edifice was filled to the doors with a gathering representative of the city churches, but the women were in the majority two to one. Most of the visiting delegates were present, a number who arrived on trains during the evening reaching the church when the service was well under way.

Rev. Canon Tucker is an eloquent and forcible speaker and his subject, "The Call of the Canadian West," is evidently familiar to him as he dealt with it in a manner that was most effective and impressive. His theory that there is a large enough field in the country in the northern part of the west to take up the efforts of the churches of Canada was probably new to the greater part of his audience, but as he unfolded his reasons for such an opinion it could easily be seen that the gathering was impressed with his arguments.

Rev. H. J. Keith of Knox church, acted as chairman and the service was opened with devotional exercises by Rev. Wm. Major of All Saints.

Rev. J. R. Webb of Murray street Baptist church gave the opening address, referring in a kind but emphatic discourse, to the needs of the missionary movement.

Mr. Frank Adams, city treasurer, on behalf of Mayor Rush, read an address of welcome to the visiting delegates extending to them the freedom of the city and commending the object for which they had gathered together. In doing so Mr. Adams regretted that owing to a meeting of the council His Worship was not able to be present and address the visitors.

Rev. Canon Tucker in beginning his address expressed his pleasure at the opportunity of addressing such a large audience, commenting on the number of ladies who were present. He remarked upon the number of men he had seen on the streets on his way from the station and referred to the fact that Peterborough had a fine array of church es. With men on one side and churches on the other, the city had the opportunity of a combination of combinations by bringing the men into the churches.

Referring to the question of missions the speaker remarked that some people imagined that they were not doing themselves any good by helping in missions. They seemed to think that all the good was at the other end of the line, forgetting that they were more benefitted by the study of missions than were the residents of their assistance.

There were two things in the minds of church people at the present time, one the large number of new people that were coming into Canada, at the rate of a quarter of a million each year, and the other was the fact that people were impoverished by the large sums that they were called to give to missions. The mission field was too large and urgent and the question was whether the call was big enough for the demand.

In order to get a proper field the speaker was of the opinion that the foreign world, India, China, Japan, Africa, etc, must be left out. All of Canada could not be taken in and it would be necessary to leave out Muskoka, New Ontario, the Cobalt, British Columbia, the old settled part of the prairies. The field that was to be considered the land north of Alberta, Saskatchewan, and Manitoba into which 300,000 people were received each year. The speaker referred to the commencement of the settlement of that district. Just after the close of the South African war when men in England began to realise that they must send people out to fill up the British colonies in graphic language he depicted the arrival of the first colony of 2500 people who came into that western country from England and started the rapid development of the district, showing that one hundred new towns had sprung up. The people were without a church, without a Sunday, without any means of grace, and this he considered the field in the missionary efforts of Canadians. It was an unique field with the eyes of the whole enlightened world turned upon it.

In conclusion the speaker dwelt strong upon the necessity from a national standpoint of dealing promptly and properly with this important problem. He spoke at some length upon the national aspect of the question, saying that the building of a nation was a matter of citizenship. He referred to the struggle that had taken place in England and in this country to obtain liberty and commented upon the fact that in spite of this struggle there were men who would sell their citizenship at $10 per head. An Englishman or a Canadian would sell himself for the price of a sheep, for half the price of a bullock. He hoped to see the day when men who tried to buy or sell a vote would have to hide their heads like a murderer.

THE CITY COUNCIL IN REGULAR SESSION

Important Business Transacted by the City Fathers Last Night—Other Matters Discussed

At the regular monthly meeting of the City Council held in the council chamber last night the following members were present, Mayor Rush, Aldermen Johnston, Tovey, Elliott, Morgan, Butler, Bradburn, Turner, Neal, McIntyre, Phelan and Gillespie.

A deputation consisting of J. H. McWilliams, W. H. G. Armstrong, and Joseph Jones appeared before the council asking for a grant of $150 for the purpose of decorating the city on the occasion of the orange demonstration here on the 12th of July.

Mr. McWilliams, who spoke first stated that it was only once in every four years that the Orangemen asked for a grant, and that on this occasion the demonstration would be the largest ever held in Peterborough. He also asked for the use of Central Park for the day, assuring the council that no liquor would be brought there.

County Master W. H. G. Armstrong of the L.O.L. was the next speaker, he going on to say that the demonstration would bring about a financial benefit to the city, as on that day the largest crowd ever seen in Peterborough, would be in the city. He stated that he had received communications to the effect that large bodies of Orangemen from the City of Toronto, Northumberland, Durham, Haliburton and Peterborough counties, would be here, making the day a banner one for the city.

The matter was referred to the Finance Committee to deal with.

A deputation from the Manufacturers' Association, consisting of J. H. Larmouth, H. P. Kennedy and F. H. Dobbin, were present at the meeting to recommend the establishment of a permanent fire brigade in the city.

Mr. Larmouth thought it was a good move and would ultimately result in the reduction of insurance rates here. In Brantford he said where they had a population of some 20,000 they had a paid brigade of 18 men and the result was that now they had lower insurance rates than before the installation of a permanent brigade.

Mr. Kennedy also spoke in favor of putting on an ample force of fire fighters but he said that from letters he had received, he had come to the conclusion that even though a paid brigade was installed there would be no reduction in the present rates of insurance and in fact there would little or no chance of any reduction. He was of the opinion that an efficient force should be engaged, one of say 12 men or one man to every 1,000 inhabitants of the city.

Mr. F. H. Dobbin also spoke a few words in favor of the proposal.

Ald. Morgan then read a letter he had received, which gave an idea of what the cost of maintaining a brigade of 12 men would cost. He said that the council's estimate of $6000 was a false alarm. "Let the people know the truth," he said. Prepare a bylaw and submit it to the people at the next election.

Ald. Neal—"There must be something radically wrong somewhere. Go into the matter thoroughly before going any further."

Ald. Elliott—"The firemen should be called in and the matter discussed with them."

Ald. Bradburn—"I think that the discussion on this matter is out of order. It should not have been brought up until the report of the Fire, Water & Light Committee was read."

A clause in the Fire, Water & Light Committee submitted that an advertisement be inserted three times in each of the local papers and in the Toronto Telegram for a chief of the fire brigade, at a salary of $1,000 a year, his duties to begin on July 1st next.

Ald. Morgan moved, seconded by Ald. Elliott.—That clause be struck out.—Lost.

Ald. Morgan moved, seconded by Ald. Bullger.—That report be adopted.—Carried.

This was all the discussion on the proposed paid fire brigade.

A communication was received from the law firm of Roger, Bennet and Goodwill, acting for Dr. McClelland, threatening legal action if the doctor's claim against the city is not settled. The letter was referred to the finance committe.

A number of other communications were received and dealt with.

The reports of the various committees were read and adopted.

A bylaw was introduced authorizing the issue of debentures to the sum of $3000 for the purchase of land for a public park. The bylaw was given its several readings and declared carried. A number of other bylaws received their final readings and declared carried.

The council then adjourned.

POLICE

Yesterday morning the Police Court was crowded to its utmost capacity. The first case on the tapis was that of Jeremiah VanNorman, who pleaded not guilty, to having been drunk Saturday night. P. C. Newhall said the prisoner was very drunk and was chasing his daughter about the market square. VanNorman admitted to having drank two glasses of beer. His Worship remarked "Any man who gets drunk on two glasses of beer should only drink water, $2."

Charles Nixon, defended by Mr. Haverson, of Toronto, pleaded not guilty to having sold liquor on Sunday, April 12th. The defendant was first witness, and said he was in the hotel on Sunday, and admitted that D. Johnston, Houlihan and Milligan were in the place also. A number of others were admitted to have been in the hotel, but not in the bar, as far as he knew.

John Russell on the witness stand said he boards at Nixon's hotel. He got no liquor that Sunday. Fred Milliken said he never was in Nixon's Hotel on a Sunday.

Duncan Johnson said he is a bartender by trade and worked last at the National. He was no relation to room of the Grand Hotel that Sunday and got no liquor. Several more witnesses were heard, most of whom said they were not in the hotel on the Sunday in question, and none bought or saw liquor sold. The Court was adjourned for a few minutes awaiting the arrival of the Town Constable, who had carried the last hope of the prosecution in the person of their ultimate witness, Mr. Fretland.

On his arrival the latter pleaded guilty to having been in the hotel that Sunday but denied getting liquor. The charge was then dismissed.

For the Woman That's Fat

A Detroit pharmacist says that the cheapest and safest mixture a fat woman who wants to get thin can use is one-half ounce Marmola (get it in the original half-ounce package), 3-4 ounce Fluid Extract Cascara Aromatic, and 4 3-4 ounce Syrup Simplex. The proper amount to take is a teaspoonful after meals and at bedtime.

These ingredients may be obtained from any druggist at small cost and make a combination that is not only excellent as a fat reducer, being able, it is claimed, to take off a pound a day without causing wrinkles, but is also a splendid help to the system as a whole, regulating the stomach and bowels (where the fat person's troubles begin), and clearing the skin of pimples and blotches. No exercise is required to help the remedy in its work and best of all, no dieting is necessary while taking it—you can eat what you like.

Mr. Wm. Snowden Seeks Position as Chief of the Fire Brigade

Famous Local Humorist Sends Characteristic Letter to the City Council

Has had Much Experience

Mr. Wm. Snowden, whose great ability, as a humorist is generally known, sends the following letter to the city council:—

To the Mayor and Council of the City of Peterborough:—

Gentlemen,—I see that you propose to strengthen the present fire brigade for a paid brigade, and I therefore offer my services as chief of the new institution. I have all my life worked with a view to that your proposal for a paid brigade appeals to me.

I have had considerable experience at handling fires, being at one time engaged in clearing a 2nd class farm, where the brush had to be burned. Besides I have fired hundreds of old bums while in the hotel business, ridding by firing myself, so that I am open for anything that may turn up.

As water is the chief factor in extinguishing flames, I may add that I have a proper conception of its value, being a regular hard-shell Baptist, with a partiality for water in all forms. Besides I have sold millions of gallons mixed with whiskey, saying nothing as to the quantities which I have myself consumed.

As to salary—I will leave this to your honorable body. I might add, however, that I would expect a retiring allowance at the end of my term, in say 25 or 30 years, to keep me in my old age.

I would appear and address you in person only that I met with a severe mishap a few days ago. I was holding a brass button in my mouth to cure the earache when I accidentally swallowed it. My throat has not got over the strain sufficiently to allow me to speak in public.

I may also add that I am the only man in Canada who can whistle a duet on his thumb nail, so that I would be in a position to entertain the boys at the fire hall and keep them in nights.

Hoping for a favourable reply, I am

Yours truly,

WM. SNOWDEN.

Rev. Canon Tucker, D.C.L.

Mr. H. P. Kennedy Supplies Valuable Information to Council

Diseased Animals

A letter was received by the City Council last night from Mr. H. P. Kennedy relating to the matter of establishing a public abattoir for the city, which city had offers to sell to the city might be inspected before being slaughtered and again after being slaughtered, before being [illegible] retail purposes.

[illegible] was to say that [illegible] had had with all [illegible] on the matter to date [illegible] this week [illegible] Minister of Agriculture and Dr. Rutherford, veterinary [illegible] was given the following information from the [illegible] the number of cattle, sheep and hogs slaughtered [illegible] in Toronto, during the months of January, February, March and April, 1907.

The above covers two months up to March 31st, 1907.

Total number of carcasses condemned on account of disease, 1991.

Total number of carcasses condemned on account of immaturity, 1473.

Total number of carcasses held on suspicion, 5477.

Besides the above there were condemned:—

Portions of hogs	52,372
Portions of cattle	10,505
Portions of sheep	7,612

This certainly shows an alarming state of affairs.

On account of all the larger cities having abattoirs, the tendency is to market all suspicious animals on the smaller cities.

Mr. Kennedy went on to say that he had parties willing to unite with him in the business of slaughtering stock at the following prices:

Cattle, per head	$1.00
Hogs, per head	.25
Calves, per head	.15
Sheep and lambs, per head	.10

Mr. Kennedy thought that for a city the size of Peterborough the above charges would be most reasonable, as the same rates prevail in the city of Toronto.

The company taking up this enterprise would have to be insured the protection of the City Council, and would want a bylaw passed that no meats be allowed to be sold in the city unless bearing the stamp of the city inspector or the Government official stamp. They would also want

Continued on Page 4.

Peterborough's Chances for Tobacco Growing

Mr. O'Brien, who formerly carried on a retail tobacco store on George street, but who is now on the road representing the Empire Tobacco Co., Uranby, Que., was in the city yesterday. Mr. O'Brien, in conversation with The Times produced a newspaper clipping saying that Mr. F. X. Charlan, Dominion Tobacco expert, had said that, while some samples of Canadian grown tobacco are inferior, that still Canada raises, both in Ontario and Quebec, to bacco that makes cigars equal to the goods grown in Cuba. The Canadian tobacco grown and used for "binders", is specially [illegible] Mr. Charlan's statements are endorsed by Mr. Duncan Ross, M.P., who, before the Committee of Agriculture produced cigars made of Canadian tobacco equal to those made in Havana. Now right within our city limits are grown many acres of tobacco that, if properly handled and cured, may create a demand for local goods that will cause Peterborough to be referred to as "The Havana of Canada."

Twelve Thousand Men On a Single Train

Winnipeg, Man., May 4.—Without anything else the railroad construction in western Canada is sufficient to assure the country a prosperous year, for the estimates for the four transcontinentals which enter Winnipeg, the Canadian Pacific, Canadian Northern, Grand Trunk Pacific and Great Northern figure on an expenditure of $40,000,000. $40,000,000 is no small sum, and that much currency set afloat in a country means good times to laboring man, farmers and merchants. The Grand Trunk Pacific will naturally be the largest spender in the west this season and they are rushing work at an almost unprecedented pace, a force of twelve thousand men will be employed by the firm of Foley, Welsh and Stewart in a few weeks on the western section alone. May 1st, it was expected the first section would be completed between Portage la Prairie and Saskatoon, when a regular train service will be established. The section between Saskatoon and Edmonton will be finished this summer, and if the bridges can be completed, the one at Clover Bar particularly, being an enormous engineering feat, trains between Winnipeg and the Alberta capital will be running before the snow flies.

At Winnipeg there will be a busy time this season. Already the men are at work laying out the local yards, where will be built the western works of the Grand Trunk Pacific, then the magnificent Union Station of the Grand Trunk Pacific and Canadian Northern will be built this season. Tenders are being called at the present time and work will be rushed at once. The plans are for a depot, one of the finest on the continent in consequence, in architecture and in size and appearance. It has a magnificent location on Main street at the head of the prettiest avenue in the city, Broadway, and when completed, will be a credit to the city and the railroads entering.

The Canadian Pacific has big plans for extensions this summer, pushing the steel out into new and virgin sections of the prairies. The principal work of the Canadian Pacific will be the completion of the double tracking between Winnipeg and Fort William, when finished it will greatly relieve the pressure on the spout, the line between Winnipeg and the Lakes upon which all western roads converge.

The Canadian Northern has equally ambitious plans for the year. The Great Northern will principally confine its attention to British Columbia, looking eventually to a transcontinental.

There is a Pink Pain Tablet made by Dr. Shoop, that will positively stop any pain, anywhere, in 20 minutes. Druggists everywhere sell them as Dr. Shoop's Headache Tablets, but they stop other pains as easily as headache. Dr. Shoop's Pink Pain Tablets simply relax blood pressure away from pain centers—that is all. Pain comes from blood pressure — congestion. Stop that pressure with Dr. Shoop's Headache Tablets and pain is instantly gone. 20 Tablets 25c. Sold by All Druggists.

Big Celebration in Peterborough on July 12th

In the past 20 years many Orange lodge demonstrations have been held in Peterborough on the 12th of July, but the one of 1908 will far excel anything yet attempted by the Orangemen of this district.

This year there will be thousands of Orangemen from all over the country assembled here to celebrate the occasion and with the city well decorated, the day should be a memorable one.

The committee who have charge of the demonstration have received letters from Orange lodge secretaries at Toronto and Newmarket, in York county, Northumberland, Durham, East and West Peterborough, Haliburton and many other counties stating that large deputations from the above places would be present.

Central Park will be where the visiting Orangemen will assemble, and all day long, the citizens of Peterborough will be treated to music by numerous bands.

Nursing Mothers and Over-burdened Women

In all stations of life, whose vigor and vitality may have been undermined and broken-down by over-work, exacting social duties, the too frequent bearing of children, or other causes, will find in Dr. Pierce's Favorite Prescription the most potent, invigorating restorative strength-giver ever devised for their special benefit. Nursing mothers will find it especially valuable in sustaining their strength and promoting an abundant nourishment for the child. Expectant mothers will find it a priceless boon, as it prepares the system for baby's coming and makes it the ordeal comparatively painless. It can do no harm in any state, or condition of the female system.

Delicate, nervous, weak women, who suffer from frequent headaches, backache, dragging-down distress low down in the abdomen, or from painful or irregular monthly periods, gnawing or distressed sensation in stomach, dizzy or faint spells, see imaginary specks or spots floating before eyes, have disagreeable pelvic catarrhal drain, prolapsus, displacement or retro-versions or other derangements of womanly organs from weakness of parts will, whether they experience many or only a few of the above symptoms, find relief and a permanent cure by using faithfully and fairly persistently Dr. Pierce's Favorite Prescription.

This world famed specific for women's weaknesses and peculiar ailments is a pure glyceric extract of the choicest native, medicinal roots without a drop of alcohol in its make-up. All its ingredients printed in plain English on its bottle-wrapper and attested under oath. Dr. Pierce thus invites the fullest investigation of his formula knowing that it will be found to contain only the best agents known to the most advanced medical science of all the different schools of practice for the cure of woman's peculiar weaknesses and ailments.

If you want to know more about the composition and professional endorsement of the "Favorite Prescription," send a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for his free booklet treating of same.

You can't afford to accept as a substitute for this remedy of known composition a secret nostrum of unknown composition. Don't do it.

Doctors All Advise Suitable Spring Tonic

Pays You to Get Strong and Nourish the Blood During Change of Seasons.

In the spring time the vigor and resisting power of the body fall very low. Instead of being rich and nourishing, the blood is thin and watery. As a result the bodily forces become less active, sleep fails to bring rest. An ever-increasing tiredness develops into ever-powering weakness.

People suffering from this spring sickness feel heavy and drowsy; they don't want to eat; they don't enjoy work—about half sick and half well. This is just the condition that favors pneumonia and typhoid, and you must build up as quickly as possible. You must increase your blood supply and make it rich and red.

The only way this can be done is by using Ferrozone, which is acknowledged to be the most efficient spring medicine.

The marvellous purifying and tonic properties of Ferrozone are quickly felt because the blood is at once supplied with the elements it needs to become rich and red. It is ironized vitalized and rapidly brought to its normal strength.

The very best ingredients for toning up the system are contained in Ferrozone, and if you use it you are sure to get back your old-time strength and spirits.

If you suffer from debility, insomnia, nervousness, loss of appetite, or any of the symptoms of disordered blood, nothing will so rapidly tone you up as this great food tonic, Ferrozone. Its record of successful cures, its recommendation by the public, by druggists and doctors commends it to every thinking person.

You need Ferrozone to make you well. Why not get to-day? Sold by all druggists; price 50c. per box or six boxes for $2.50.

Morning Times

This paper is the only Morning Daily published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

Strangers visiting Peterborough are cordially invited to make their headquarters at the office of the Morning and Weekly Times, where they will be furnished with writing material, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $5 per year, strictly in advance.

PETERBOROUGH, MAY 5, 1908

GERMANY AND BRITAIN

A writer in the Fortnightly Review puts the cause of the undoubted restlessness of the British people, in view of the growing power of the German Navy, in a nutshell. He says:—"Germany is the only country which is developing a double power (military and naval) capable of destroying this country." There we have it in a word. It is not the German fleet of which the British people are afraid, but the German army. They tremble lest they fall into the position of France which has no "blue streak" of safety between it and this most potent military force in history. This is why a letter from the Kaiser to the First Lord of the Admiralty touching our naval programme, struck fire so quickly and so unerringly, in spite of the fact that the leaders of opinion in Britain hastened to argue that the panic was absurd.

The Fortnightly writer elaborates his contention:—"France does not maintain her old position, and her permanent interests in Europe are identical with ours. Japan is upon the other side of the world and is our natural ally, partly because she can never menace the heart of our power. Upon the other side of the Atlantic the United States has a smaller army even than our own. This island is the citadel of Empire. While it stands unconquered, reverses in any other part of the King's dominions may be retrieved. But if the citadel is taken, with it falls the state.....The German fleet so far as we are concerned, is distinguished from all others, and never can be regarded for a moment as a merely naval organization, because it is providing in reality the means of bringing German military strength to bear upon the island without an army, and it is furnishing, in a word, the swimming apparatus for amphibious power on the most formidable scale that has ever yet existed."

That this is a dangerous position for the whole world, goes without saying. A German-British war would fling civilization into the melting pot, and put back the advance of the human race toward peace for a century. If these two nations, which are in the very forefront of Christian civilization and industrial activity, fly at each others' throats over what is practically a question as to which shall march first in the procession of world power, then we may well despair of the continued leadership of what we term the European spirit.

No such a war would involve Europe. It is impossible to imagine that France, Austria, Russia, or even Italy could keep out of the maelstrom. It would be a catastrophe on a gigantic scale, and commercialism could never again boast that it had stopped the mouths of the cannon with its bales of goods. The destruction of wealth and the paralysis of industry would be enormous. The commerce of the world would be dislocated, and for a large measure wiped out. Europe would be likely to emerge from such a cataclysm a mass of smoking ruins; and America and Asia would assume the leadership of the race.

But those who know the British people do not think that they can be hypnotized into sitting still while the power to defend their homes and preserve their independence passes irrevocably from them. As the crisis draws near, they will become more restive—more inflammable—until the crisis comes. Already we hear mention of the dread word, "Copenhagen," when Britain captured the fleet of a peaceful power lest it should be used to land an irresistable military force on British shores. It is useless to cry "Peace, Peace," when the grim form of war is becoming more distinguishable with every move. But it surely ought not to be beyond the power of the thinking men of these two great Empires to devise a means whereby the natural and proper ambition of Germany may be allowed to find its vent without lashing the British people into a passion of fear.

One of the fundamental principles of what was originally known as the National Policy, under which the Dominion has existed for the past thirty years, was the establishment of industries by legislative protection of the home markets. That the policy has not been completely successful, as import tables show, has been due as much to the lack of Canadian capital as to the immense rush of industrial development the world over. The principle itself is right enough, and even free trade England is being driven to adopt it in effect, in the recent parliamentary amendments to the Patent Act, under pressure of which German, French and United States manufacturers are being compelled to set up factories in the motherland. In Canada, as the monthly returns of banks' capital show, we are accumulating large sums of money considered proportionately with our sparse population. But for our adequate industrial equipment, in order that we might avoid exporting raw material, manufacture a due proportion of our necessities, and assume our proper position in the commercial activity of the age there is need perhaps of more financial assistance from outside.

The National Battlefields project, inaugurated by Earl Grey, is one that appeals strongly to every patriotic Canadian and Briton. It is endorsed by the leading men of our country, including the Premier, Sir Wilfrid Laurier. Yesterday we published His Excellency's appeal through the Imperial Order of the Daughters of the Empire to the women of Canada. To-day in another column will be found an appeal from the President of the Order, Sir Wilfrid Laurier's endorsation of the great project and the approval of the Holy See. Everywhere throughout Canada the people are interested as they have not been before in such a project, and there seems to be no doubt that His Excellency will have reason to feel gratified at the response that will be made to this earnest appeal on behalf of this very worthy object.

There is a Pink Pain Tablet made by Dr. Shoop's, that will positively stop any pain, anywhere, in 20 minutes. Druggists everywhere sell them as Dr. Shoop's Headache Tablets, but they stop other pains as easily as headache. Dr. Shoop's Pink Pain Tablets simply coax blood pressure away from pain centres—that is all. Pain comes from blood pressure—congestion. Stop that pressure with Dr. Shoop's Headache Tablets and pain is instantly gone. 20 Tablets 25c. Sold by all dealers.

Auction Sale of Timber Berths

Dokis Indian Reserve

There will be offered for sale by public auction, at an upset price, in the Russell House, in the City of Ottawa, on Wednesday, the 20th day of June 1908, at the hour of ten o'clock in the forenoon, timber berths numbered 1 to 8, inclusive, covering the pine timber of nine inches in diameter and over at the stump and no other, on the limit of the Dokis Indian Reserve situate on the French River in the Province of Ontario.

Each limit will be offered separately as a bonus, ten per cent of which to be paid in cash on day of sale and notes to be given for the remainder; payable in three, six and nine months, at the Bank of Montreal, in the City of Ottawa, with interest at six per cent, in addition to Crown dues at the rate of $2.00 per M. feet B.M., and $50.00 per M. feet C.M., an annual ground rent of $20.00 and a license fee of $4.00, the cash payment to be forfeited upon failure to pay the balance of bonus within the time above mentioned.

The licenses will be issued in due course after payment of notes above specified, and will be renewable yearly upon compliance with all conditions thereof for a period of ten years and no longer, and will be subject to Manufacturing Conditions in accordance with the provisions of Order of His Excellency in Council of the 19th day of April, 1901.

Dues at the rate above specified to be paid on sworn returns, as required by the Timber Regulations of the Department.

Information regarding the timber berths in question may be had upon application to the undersigned.

The unauthorized insertion of this advertisement will not be paid for.

J. D. McLEAN,
Secretary.

Department of Indian Affairs,
Ottawa, April 8, 1908.

Tenders for Bending Machine, Sorel.

Tenders addressed to the undersigned at Ottawa, and endorsed on the envelope "Tender for Bending Machine, Sorel," will be received at the Department of Marine and Fisheries, Ottawa, up to noon of the

EIGHTEENTH DAY OF MAY, 1908.

for the furnishing of one machine for bending steel boiler plates, to be delivered at the Government Shipyard at Sorel, P. Q.

Specifications and detailed information can be obtained from the Department of Marine and Fisheries, Ottawa, from the Director of the Government Shipyard at Sorel, and from the Agent of the Department of Marine and Fisheries, Montreal, P. Q.

Each tender must be accompanied by an accepted cheque on a chartered Canadian Bank, for the sum of $200.00 to the order of the Minister of Marine and Fisheries. This cheque will be forfeited if the party whose tender is accepted declines to enter into a contract to deliver the bending machine, or fails to carry out the contract. If the tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

Newspapers copying this advertisement without authority from the Department will not be paid.

F. GOURDEAU,
Deputy Minister of
Marine and Fisheries.

Department of Marine and Fisheries,
Ottawa, Canada, 21st April, 1908.

BUY

Prince Rupert

—AND—

Hazelton Lots

Having obtained inside information on property in both of these promising cities, and as I expect to receive choice of the first allotment of property to be put on the market, and will be on the ground to make selections, persons desirous of getting in on the purchasing of lots, can do so by making application in writing and enclosing check for $100.00, which entitles them to first choice of lots marketed, and at first price before they are offered to the public. In case you upon receiving the offerings from time to time of sales, do not purchase any, your money will be refunded.

In case you purchase, the money you put up to get this inside information and quotations will be applied on the first payment of your property purchased.

PRINCE RUPERT, it is almost needless to make any lengthy description on this place for we all know its the terminus of the Grand Trunk Pacific Railway, in B. C., situated on Kian Island, at the mouth of the Fraser River. It is estimated that owing to the great rush of gold seekers and others seeking wealth and new locations that Prince Rupert will have a population of 20,000 before next winter.

HAZELTON is another almost equally promising city, situated at the head of navigation on the Skeena River, on the main line of the Grand Trunk Pacific, also being the junction point of the Line from Dawson City. With these and other existing natural conditions and the prospects of a great development, it is looked upon as a great place to advance.

If you want to get in right and on the bottom prices and get the pick of the stuff, write and accept this opportunity.

No triflers wanted or those seeking for information for curiosity.

Have secured a block of the

Calumet, Mancos' Oil and Mining Company's Stock

Par value $1.00

What they offer at 25c per Share for a short time

The property is situated at Mancos, Colo., and consists of 160 acres, fully paid for. The Company expects to secure at least 400 acres or more, we are negotiating for it now and the terms are satisfactory and there is coal on the same, and they also intend to secure some Coal Mines of which they have the refusal. Some of the best coal mines in Colorado are in this district, as well as some of the richest gold and silver mines. In fact this is one of the richest parts for mineral in the State of Colorado, and the Company has the refusal to several prospects on reasonable and easy terms.

In our opinion the prospects of the Company are very bright and a rapid advance in the price of the stock is sure to take place in the near future. Full in information can be had by calling at our office.

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or Sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at an Agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of a homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father or mother.

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.

20th Field Battery Gets Marching Orders

It has at last been definitely settled what the personnel of the 20th Field Battery that will go to Quebec will be composed of, as Major Young on command on Saturday, received instructions from headquarters in Ottawa. The personnel will be four each of officers, sergeants and corporals. One each of Battery sergt.-major, battery quartermaster sergt., signal sergt., farrier sergt., orderly-room sergt., shoeing smith, saddler, and wheeler. Two men of trumpeters and bombardiers, 20 gunners and 33 drivers, making a total of 63 men to be taken. The order is also provided for 36 horses.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments must be combined. One is local, one is constitutional, but both are important, both essential.

Dr. Shoop's Night Cure is the Local.

Dr. Shoop's Restorative, the Constitutional.

The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, making the repair of all nerve, all tissue, and all blood ailments.

The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, eases nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about restored strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

FOR SALE BY ALL DEALERS.

PLANNED MANY ROBBERIES.

Joseph Hebburn Is Living Counterpart of "Professor Moriarty."

"Professor Moriarty," depicted by Sir Conan Doyle in "Sherlock Holmes," who crouched in a web of crime, has a living counterpart in Joseph Hebburn, who was sentenced recently at the Newington (London) Sessions to three and a half years' penal servitude. Like 'Moriarty," Hebburn, referred to by the eight burglars (one a negro) he employed as "Manuel," simply "pulled the strings," subordinates carrying out the daring schemes he evolved.

Within five months he planned close upon twenty robberies in Southwest London. Recently his subordinates fell, one by one, into the net of the law, until he himself was obliged to take part in an ingenious shop robbery in Putney, when a smart detective, Sergt. Davies, who had been following, caught him in the act.

Only 25, "Manuel" was agile, well spoken and cunning to a degree. His "headquarters" were never known. He moved from point to point, sometimes taking rooms in lodging houses, at others in small hotels. Even when his men were working out his plans he professed a friendship for the police, approached the detectives trying to trace him, suggested lines of inquiry, and strove to lead them off the scent.

Flats and shops were his principal objective. He is believed to have had a small army of spies and "intelligence men." Having found out by their help every detail of the movements of his victims, and the precautions taken to safeguard till, safe or valuables he was to rifle; he called a meeting of two or more of his satellites and devised a plan of campaign. But when the burglary was committed he was usually far from the spot.

He is believed to have planned the following typical scheme: A woman in a suburban flat received a telegram purporting to come from her husband, asking her to meet him in the city. Half an hour after she had gone, leaving the flat unoccupied, a pantechnicon van, with two men in charge, drove up. Every stick of furniture and every article of value was moved out into the van. But for the suspicions of a neighbor, who, astonished at the sudden removal, informed the police and so led to the capture of one of the men, the robbery would have been completely successful.

DEFIED THE LAW.

Dangerous Transvaal Gang Finally Broken Up.

Armed robbers "held up" the branch of the National Bank at Langlaagte, Transvaal, a few months ago and abstracted about £1,200 from the tills. Since then three men have been sentenced to ten years' hard labor for their share in the robbery.

The police have now discovered the man who planned the whole affair. His name is Walter Kirby, and he is also to be accommodated in gaol for a ten years' term. His sentence closes the history of one of the most famous gangs of criminals the Transvaal has known. The gang was formed originally by Percy John Collingwood, who may be described as the "Moriarty" of South Africa. Collingwood was a gentleman by birth, and received a thorough training as an engineer after he left school.

His master mind gathered around him on the Rand a gang of dangerous criminals, white and colored, who placed implicit trust in their "chief," and who for a time successfully carried out a series of crimes ably planned by him. Collingwood pitted his brains against those of the entire detective force, and for a time he more than held his own.

It was part of his method to keep in close touch with the police, and he was a frequent visitor at the police offices, whither he went on the most flimsy pretext. At last the acting-chief of the Criminal Investigation Department, Mr. Mavrogordato, discovered the identity of his clever opponent, and, after many attempts, brought home to him a serious crime, for which Collingwood was sentenced at Pretoria in January, 1907, to twelve years' imprisonment, with hard labor, for culpable homicide.

The crime was committed in the course of a robbery which he had planned when he found it necessary to get rid of a native "tool" who knew too much. After Collingwood's removal, Kirby appears to have assumed command of the operations of the gang, but evidently he did not succeed in getting the implicit trust of his followers.

Kirby's downfall, following the capture and sentence of these three, is the last act in the operations of a gang of criminals who have been a menace to the public safety for years.

Edward VII. as a Farmer.

The rich crop of prizes which the King's cattle and sheep have won at the Bingley Hall show, Birmingham, is the latest demonstration of His Majesty's success as a farmer, of which he is so deservedly proud. When the King began breeding nearly forty years ago, the Sandringham farm lands were in an almost hopeless condition, barren and barely capable of cultivation. To-day, according to Rider Haggard, "it is a wonderful farm, for nowhere is there so much high-bred stock to be seen on the same area."

But probably nowhere will you find such an array of plates and cups won at shows as that which Sandringham boasts. At a single exhibition his Majesty once won no fewer than fourteen first prizes. In 1903 he captured five first prizes and cups, in addition to numerous seconds and thirds; in 1904 his prizes numbered twenty; in 1905 he won a champion plate, a challenge cup and eighteen other prizes, including four firsts, while last year he took at the Smithfield show ten firsts, nine "breed" cups and plates, six other prizes and several highly commended," and every prize-winner he has bred himself.

A Dangerous Gift.

Why are you hurrying off so soon?"

"I have just given Miller a cigar, and he's lighting it now."

Benjamin Constant.

Benjamin Constant, having sided with Napoleon during the hundred days, felt the need of justifying himself when Louis XVIII. returned to power. He wrote the king a letter with that end in view and called upon Mme. Recamier to discuss the subject. She asked him quietly:

"Have you finished your letter?"

"Yes."

"Are you satisfied with it?"

"Entirely satisfied. I have almost persuaded myself."

EVERYDAY HEROINES.

Life is Made Up of Little Things, Not Great.

The quicker we learn that life is made up of little things, not great and heroic deeds, the quicker we will adjust ourselves to living it happily.

As we grow older this lesson is gradually forced upon us, but we could begin the adjusting much more quickly and have a longer period of happiness if as girls we would cease to dream of being heroines and consent to be ordinary, everyday mortals.

Most people go through life with never a chance for spectacular heroism. What, then, must that life be which is spent in day dreams of how one will act in some great crisis which may never arise!

Do you know what will probably be the result of those pleasing visions—provided they have not been backed up by doing as one goes along—an ignominious fall down.

It is little use to plan great sacrifices and neglect the small ones that can be made each day if we but allow ourselves to see them.

The young girl who dreams of the time when she can open her veins to give her lifeblood to save mother's life will probably fume over having to leave an interesting novel to save mother a wearisome trip to the store.

It is the little things—smiles, small kindnesses, every day disagreeable drudgery cheerfully done—that make those around us far happier than if we plan to do heroic deeds or even do them, let us say, and spend the interim with our eyes tight shut to the little opportunities for quiet heroism all around us.

THE ORIGIN OF WOMAN.

An Advance Upon the Old Time Rib Theory.

The Hindoos say that Twashtri, the Vulcan of Hindoo mythology, created the world, but that when he had made all other things and had come to the creation of what was to be his chef d'oeuvre he found to his annoyance that he had run out of materials. He had not a single chunk of solid material left. With a mental execration upon his carelessness he fell into a profound meditation, the result of which was the following formula, the recipe for the creating of the sweet confection known as woman:

He took, according to the legend, "the roundness of the moon, the undulating curves of the serpent, the graceful twist of the creeping plant, the light shivering of the grass blade and the slenderness of the willow, the velvety softness of the flowers, the lightness of the feather, the gentle gaze of the doe, the frolicsomeness of the sunbeam, the tears of the cloud, the inconstancy of the wind, the timidity of the hare, the vanity of the peacock, the hardness of the diamond, the cruelty of the tiger, the heat of the fire, the chill of the snow, the cackling of the parrot and the cooing of the turtle-dove."

He mixed these together in equal proportions and the result was woman. Isn't that about as good a guess as any? After all, isn't this an advance upon the rib theory?

NEEDLEWORK NOTES.

Cross stitch is growing in popularity and very beautiful floral pieces are now being made for cushions and table covers.

It is always better to make a stem in sewing on a button, as if it is sewed tightly it will more easily tear out the material. Take loose stitches and then wind them on the right side with the thread four or five times.

For wear tucked into the top of the corset steels are dainty little, heart shaped sachets of scented wadding, covered with soft silks or scraps of ribbon. The latter is sewed end to end and intwined basket fashion. A frill of lace completes it.

It is a good idea to line all collars to frocks with white, as it does not discolor with perspiration nor rub off on the neck. Besides it shows when it is dirty, which is a hint to the careful woman that it needs changing. A thin silk that does not cut easily is the best for this purpose.

One of the stunningest new sofa pillows is made of coarse crash. In constructing it use two pieces eighteen inches square, the front and the back. The former can be decorated with three large conventional tulips placed side by side and running to the top of the cushion. These are cut from leather, painted in natural shades and then glued to the cover. The deep reds and soft greens are more effective on the neutral background of crash.

A pretty gift for a baby is a little down pillow covered with a dainty white cover, one end of which is embroidered in white poppies and the words, "Early to Bed." The pillow should be made of soft blue ticking filled with down instead of feathers and made very light and fluffy. Two dainty covers should be made to go with the gift. Use no colors in the embroidery effect. Just a trace of blue will reflect through the white cover.

Doubtless the Reason.

Professor Searchem was engrossed in the study of all things that crawled. To him a pin had but one purpose—to impale insects; tin cans but one use—to house worms.

"Professor," complained his young wife one evening, "how the prices of vegetables are soaring! Just think of it, $2 for this bushel of apples, and half have worms in them."

"Perhaps, darling," commented the professor as he strove to part the few remaining hairs on his shining head, "they are of a very rare species."—Harper's Weekly.

Touching.

"Not a cent," replied the rich man coldly. "Money is not good for the poor."

"Well," responded the applicant, "just pretend that you have a grudge against me."

Obliging Jailer.

Mayor—Where are you going? Village Constable—The three tramps I just locked up want to play whist, and I'm looking for a fourth.—Transatlantic Tales.

GREAT LABOUR SAVING DEVICE

The Penman & Sprang

DUPLICATOR

Will produce 100 copies in ten minutes, and is without doubt one of the greatest inventions of its kind ever conceived.

THE DUPLIGRAPH

The most reliable, cleanest, simplest, quickest and most up-to-da duplicating machine on the market

It will reproduce one hundred facsimile copies of a penwritten origine in fifteen minutes; fifty to seventy-five copies of an original written on a typewriter or twenty-five copies of an original written with a copying pen.

The original is written on ordinary paper, with an ordinary pen, typewriter or copying pencil, and the copies can be taken on ordinary paper cardboard, wood or china.

Galbraith Coal Co., Ltd.

Non-personal Liability

Capital, $250,000.00 1,000,000 Shares 25c. each.

Good coal stock is a safe and sure investment. Galbraith shares are especially attractive.

Modest Capitalization **Large Coal Reserves**

This Company organized under the laws of the Northwest Territories of Canada, owns and operates the Galbraith mine located at Lundbreck, Alta. They have four vertical seams of coal traversing their property, aggregating over 40 feet in thickness. Three of these seams are developed to a depth of 350 feet, and as they pass through the Company's lands for nearly a mile, some idea of the amount of coal may be had

Shipping Steadily

The present output of the mine is about 200 tons per day. These shipments will be rapidly increased, as the C.P.R. allows its cars to be loaded with coal for points in the U. S.

We are selling a limited number of these shares at the extremely low price of

30 CENTS PER SHARE

in blocks of 100 or over. Tight money in the States makes it possible for us to give this unprecedented offer in stock that will be paying dividends inside of six months, and you are sure to realize a handsome profit.

Parties ordering can send money by P. O. Orders, Express Orders or Bank Drafts, and we will have the stock issued direct to you. Full information furnished on request. Correspondence solicited. Reference, Bank of Montreal

CITY AND COUNTY NEWS

DASHES HERE AND THERE BY TIMES REPORTERS.

Left for Montreal.

—Mr. Jas. Turner, Melrose Heights, who has been for some years with the Wm. Hamilton Mfg. Co., left last night via C.P.R. for Montreal, to accept a prominent position with the Dominion Bridge Works.

Weak Women should read my "Book No. 4 For Women". It was written expressly for women who are not well. The Book No. 4 tells of Dr. Shoop's 'Night Cure' and just how these soothing, healing, antiseptic suppositories can be successfully applied. The book, and strictly confidential medical advice is entirely free. Write Dr. Shoop, Racine, Wis. The Night Cure is sold by all dealers.

Illegal Fishing

Mr. Peter Nichols, fish inspector, has a complaint against a number of young men from Smith, whom he alleges were out fishing at the head of Chemong Lake. One, at least, will likely be charged with illegal fishing and the rest may be implicated.

Former Local Curate Elevated

It will interest the many friends of Mr. T. H. Perry, who assisted Dr. Langfeldt last summer in his work to hear of his appointment as curate to the Venerable Archdeacon Davis at St. Thomas, Ontario. Mr. Perry will be ordained to the diaconate at London, Ont., on Trinity Sunday.

—The S.O.E. held a regular meeting in their hall on Simcoe street last night.

Purchased 18,000 Muskrat Skins

Messrs. Loch Bros., the old established George street firm of furriers, have purchased 7000 muskrat skins this spring from Chemong Lake Indians alone. The firm has brought nearly twenty thousand muskrat pelts so far this season. The amount paid out for these odoriferous Nout valuable skins will amount to over $7200.

Ald. Gillespie's Committee Rooms

Ald. Gillespie has opened committee rooms preparatory to the coming Provincial elections, in which he will contest the West Riding of Peterborough with the present member Mr. T. E. Bradburn, M.L.A., on Simcoe street, just across the street from the former fire hall. Mr. Gillespie has had a banner stretched across the street advertising his committee rooms.

Up-to-date Souvenirs

Visitors to the city will find the best and most up-to-date assortment of souvenir articles at the Times Bookstore. All places of interest hand painted on Foley China, besides many other souvenir novelties. Desk room provided for those desiring to do their writing down town. ald. Gillespie

A Dangerous Practice

It seems that boys with more muscle and juvenile cussedness, than is consistent with legal or family affairs, have recently been emulating the example set by David when he went forth, and knocked out the Philistine champion Goliath by—a stone. Now as the Philistines, outside those so to be designated as bill, tax, rent or other collectors are not in our midst, this stone throwing does not get laurel wreaths for the modern David People on Dalhousie street kick over a boy who has struck several boys and girls with stones he has thrown. This boy ought to suspend operations or his guardians will have to pay a fine in the police court.

How's This

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars. Hall's Catarrh Cure.

F. J. CHENEY & Co., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm.

Walding, Kinnan & Marvin,
Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by All Druggists.

Take Hall's Family Pills for constipation.

Laid to Rest

The funeral of the late Mr. Thomas Anderson, who, as noted in yesterday's issue, died on Saturday, was held yesterday morning from the family residence, 213 London street. The services were conducted by Rev. [illegible] of the 52nd C.O.R. The pall bearers were three V. Miles, H. Walker, W. C. Mark and J. W. Ray, of the I.O.F., and Messrs. J. W. Carey and R. McG. There were many touching floral tributes of respect, received from friends of the family, including tributes from the C.O.F. and I.O.F. Mrs. Anderson, Mrs. W. Anderson, Mr. S. Anderson and Lt. Alan Anderson accompanied the body to Hamilton, where interment took place.

Piles are easily and quickly checked with Dr. Shoop's Magic Ointment. To prove it I will mail a small trial box as a convincing test. Simply address Dr. Shoop, Racine, Wis. I surely would not send it free unless I was certain that Dr. Shoop's Magic Ointment would stand the test. Remember it is made expressly and alone for swollen, painful, bleeding or itching piles, either external or internal. Large jar 50c. Sold by all dealers.

Personal

—Miss J. D. Tully, 352 McDonnell street, will not receive again this year.

—Miss Mabel Chambers, Maovers, is the guest of her sister Miss. M. Chambers, Water street.

Dr. Weldon and Mr. J. G. Reynolds, of Norwood, registered yesterday at the National.

—Mrs. H. C. Wright, secretary of the Y.M.C.A., is in Toronto for a few days on a visit.

—Mr. W. Atchison, accountant of P. Kennedy's store was in Montreal yesterday on business.

—Mrs. J. W. Browett, who has been visiting her sister, Mrs. Thos. Mc-Gillicudy of Toronto, has returned home.

—Mr. Andy Murty, cigar manufacturer, of Peterborough, called on our brethren today.—Lindsay Watchman-Warder.

—Miss Clara L. Hodgson, of Wheeling, West Virginia, is on a visit to her mother, Mrs. Van Every, 208 Rubidge street, city.

—Mrs. Jas. McClennan and Mrs. John Agnew left yesterday for Elora to attend the funeral of the late Mr. Jos. Clark, which takes place today. Mr. Clark at one time resided in Peterborough.

—Mrs. Chas. Beaudere, Miss Carrie Whittaker and Miss Ruby Quartermaine will attend the annual meeting of the Women's Auxiliary to be held in Toronto this week, as delegates of St. Luke's Girls' Auxiliary.

—Mr. Louis Brooks, son of Mr. J. M. Brooks of this city, who is with the American Locomotive Co., of New York, and stationed at the Bethlehem Steel Co., is home on a visit to his father.

City Topics

IN SHORT FORM FOR BUSY READERS

—Times Bookstore for souvenirs and novelties.

—The City Council met in monthly session last night.

—The small boy and girl was in his or her element yesterday afternoon when the minstrel band passed through the principal street to the blare of cornets and trombones.

—The regular weekly drill of the 57th Regiment will be held tonight.

—The regular meeting of the Board of Education will take place tonight.

—Mr. Allan McCarthy has returned home from Parry Sound, where he has completed his contract.

—There will be no week-night service at St. Luke's on Wednesday on account of the Missionary Institute.

—An old East Ward landmark is being removed in the tearing down of the blacksmith shop occupied by Mr. J. T. Craig, on Hunter street east, which has been in use for many years.

—An immigrant train yesterday passed through the city via C.P.R. A dozen or more passengers detrained at Peterborough.

—The members of the T.A.S. met last evening in the rooms for the purpose of making arrangements for the funeral of the late Thomas Corkery.

Mr. W. Talbot, the George street tobacconist, has offered to donate a box of cigars to the Intermediate City Baseball League player with the highest batting average for the year. This should result in keen competition for the honors.

Tired nerves, with that "no ambition" feeling that is commonly felt in spring or early summer, can be easily and quickly altered by taking what is known to druggists everywhere as Dr. Shoop's Restorative. One will absolutely note a changed feeling within 48 hours after beginning to take the Restorative. The bowels get sluggish in the winter-time, the circulation often shows up, the Kidneys are inactive, and even the Heart in many cases grows decidedly weaker. Dr. Shoop's Restorative is recognized everywhere as a genuine tonic to these vital organs. It builds up and strengthens the worn-out weakened nerves; it sharpens the failing appetite, and universally aids digestion. It always quickly brings renewed strength, life, vigor, and ambition. Try it and be convinced. Sold by all dealers.

—Mr. W. Fleetwood, Peterborough's veteran artist at the business end of a cleaver is now at his new location, where Mr. J. J. Howden, for many years has carried on a successful meat market.

PUBLIC ABATTOIR

Continued from Page 1.

a franchise to protect their business for a term of from 15 to 20 years, with a clause in the agreement that the plant could be taken over any time after five years by the city at a valuation.

A communication was also received by the City Council, signed by the medical men endorsing a proposed abattoir for this city, and reads as follows:

To His Worship the Mayor, and Members of the City Council—

We, the undersigned medical practitioners of the City of Peterborough, have brought to our attention the possibility of the establishment of a public abbattoir in our vicinity, where by all animals being offered for meat purposes might be slaughtered and subjected to inspection by a competent veterinary, appointed by the City Council.

We have given this matter careful consideration and in view of the startling revelations, that been made during the past few months, since the Dominion Government have had rigid inspection enforced at houses doing an export business in meats, we feel the necessity for similar inspection in Peterborough is urgent, and can heartily endorse a movement of this kind.

The health of our citizens is of first importance, and when a certain percentage of the cattle in the country are known to be affected with tuberculosis and other diseases, certainly too much care cannot be taken, and if all meats being offered for sale in the City of Peterborough, were, as is proposed, slaughtered at once, under the sanitary laws could be rigidly enforced.

Doctors J. T. S. Halliday, W. Caldwell, D. N. Carmichael, J. H. Eastwood, G. E. Marshall, T. W. H. Young, H. Birnie, F. V. Frederick, T. Newton Greer, J. A. Morgan, J. Malcolm McCulloch, F. P. McNulty, J. V. Callivan, R. P. Boucher, T. P. McCulloch, N. C. McKinnon, W. D. Scott, F. C. Neal, G. C. Leach, George Burnham, W. E. Brown, M. McClelland, W. D. Buchanan, G. Stewart Cameron, J. Bingham, E. McGrath.

On a motion by Ald. Phelan, seconded by Ald. McIntyre,—That a Government official be asked to appear before a committee of the whole to deal with the matter. The motion carried.

Game Fish in Otonabee River Killed in Millions

A prominent resident of South Monaghan in conversation with the Times yesterday remarked that the government is killing more fish than all the illegal fishermen on the Kawartha chain of lakes. This statement was based upon the fact that he and others find the spawn of bass and muskinonge in quantities that would eventually have made millions of these game fish. Our informant noted that the way the water in the lower stretches of the Otonabee river is raised abnormally and then lowered is the reason for this destruction of the fish. He said that the bass and muskinonge swim up the creeks at high water and spawn on the meadow grass. The water recedes and millions of what would have otherwise turned to fish are thus lost. At one spot along a creek running through his farm, this gentleman claims to have been able to scoop up quarts of muskinonge spawn simply left to die and decay. The same trouble applies to muskrats and other acquatic fur-bearing animals, that build their homes relying on a certain level of water and are then, especially their young, drowned. The man from South Monaghan concluded by saying, "If I catch a bass for family eating out of season, I am fined whilst the government is destroying millions of game fish every spring."

The King will Send Finest in the Navy to Visit Canada

The Fleet Accompanying Prince will be a Magnificent One

London, Eng., May 6.—In selecting the new Dreadnought cruiser, the Indomitable, to take the Prince of Wales to Quebec, the Admiralty is carrying out the King's express desire to pay Canada the highest possible compliment. The Indomitable is unique in the world's fleets, unique in defensive qualities, gun powder and speed. She will be called the lightfooted sister of the Dreadnought with a speed of 25 knots. She has twice the effective big gun fire of the foreign battleships built before the Dreadnought, has a displacement of 17,250 tons, length 530 feet, draught 28 feet, has eight 8-inch and sixteen 4-inch guns, which are operated with the ease of rifles so absolutely are they under the control.

The ship cost $9,000,000. The Prince's escort also includes four battleships of the Duncan class, the new armored Minotaur and two protected cruisers, one of which will be the Arrogant, altogether the finest squadron ever seen in North American waters and far exceeding anything any foreign power could provide.

It was a sister ship of the Arrogant, namely the Gladiator, which the St. Paul sent to her grave in the snowstorm in Solent Saturday week.

Carrying Out His Desire

Rev. Dr. Langfeldt Elected Rural Dean

At yesterday's session of the Rural Deanery of Northumberland, held in the vestry of St. Luke's church, with Rev. Rural Dean Davidson in the chair, the chief business transacted was the election of a Rural Dean. The holder of that office, Rev. Rural Dean Davidson, who during his four years' term has never publicly filled the office expressed his desire to resign. The balloting then being proceeded with when Rev. Dr. Langfeldt was elected on the eighth ballot.

The following clergymen were present:—Revs. C. W. Peckford, Norwood; W. J. Creighton, Lakefield; W. Burns, Hastings; C. R. Spencer, Young's Point; Wm. Major, All Saints'; E. A. Langfeldt, St. Luke's; E. Soward, Peterborough; H. Caplan, Norwood.

English Catholics to See Sir Wilfrid Laurier

Ottawa, May 6.—It is understood that a deputation from what is known as the Irish League, including a number of prominent English-speaking Catholics from Toronto, will visit Ottawa tomorrow for the purpose of discussing the question of the English-speaking Catholic representation in the Dominion Cabinet. Hon. Charles Fitzpatrick's appointment to the Supreme Court bench has left the Secretary of State, Hon. R. W. Scott, as the only spokesman for the English-speaking Catholics at the Cabinet Board, and in view of the constantly repeated rumors of Mr. Scott's retirement from the Government, the members of the Irish League will no doubt offer their advices to the Premier as to who should take Mr. Scott's place when the latter steps out.

Dangerous Hole in Charlotte St. Bridge

Yesterday afternoon a Times representative, noticed that the granolithic pavement on the deck of the Charlotte street bridge had given way right beside the street railway company's south rail. It seems that the underlying cross wire suspensory appliance had not been carried quite far enough, or to the next northern girder and thus the constant vibration of passing conveyances and street cars had shaken loose some of the concrete. A hole was left in which a passing horse might easily put a hoof and thus get a broken leg.

To the woman who bakes, Royal is the greatest of time and labor savers. Makes home baking easy, a pleasure and a profit.

ROYAL

Baking Powder

The only Baking Powder made from Royal Grape Cream of Tartar

With minimum trouble and cost biscuit, cake and pastry are made fresh, clean and greatly superior to the ready-made, dry, found-in-the-shop variety.

The Members of the Local Fire Brigade Resign in a Body

Last night an important meeting was held at the Aylmer street fire hall when the members of the local brigade were all present with the exception of Mr. Christopher ("Kit") Rutherford, who was laid up at home sick. The meeting was naturally held behind closed doors, as business directly affecting the brigade was to be and was discussed. Chief Rutherford occupied the chair. After the meeting had concluded, about ten o'clock, a Times representative on the scent for news ascertained beyond plausible means of dispute that the fire laddies present decided unanimously, in fact our reporter was told, agreed as paper or "round robin" to the effect that they would one and all tender their resignations as firemen, said resignations to take effect at midnight on Tuesday June 30th. It might also be said, that Chief Rutherford's remarks (presumably) about his resignation printed in today's issue, were received with rounds of cheers. This news is given as we got it last night and without comment. Chief Rutherford, however, it was noticeable after the meeting was over, seemed to have the whole sympathy of the brigade. The resignation of the brigade will be forwarded to the city officials today.

Presentation to Mr. John Hogan

Yesterday afternoon at four o'clock the editorial and office staff of the Peterborough Examiner, met in solemn and financial conclave, and presented Mr. John Hogan, who leaves today to accept a city editorship in Lindsay, on the youngest paper in Ontario, with a handsome fountain pen. The presentation was made by Mr. Yokome, the veteran leader writer on that sheet. Mr. Yokome introduced the presentation by a few well chosen words. It might be added that yesterday morning Chief of Police Rowgl, presented Mr. Hogan with a handsome malacca, ivory-headed cane, coupled (as a joke), with a pair of obsolete handcuffs. Mr. Hogan replied to both presentations in suitable terms.

Chief Rutherford's Letter of Resignation

Following is the letter of resignation sent to the City Council by Mr. Thos. Rutherford, Chief of the Peterborough Fire Brigade.

Peterborough, May 5, 1908.

To the Mayor and Council of the City of Peterborough.

Gentlemen,—I observe by the local papers that you are advertising for a man to fill the position of Chief Engineer of the Fire Department of the city, and it leaves me no alternative but to tender my resignation to take place forthwith.

After a continuous service extending over a period of nearly 28 years, which time the greatest unanimity and good feeling existed between the members of the brigade and myself, I am naturally loath to take the step which has thus been forced upon me.

Under the new conditions which you propose to inaugurate, I trust you will have the same efficient service as well as harmony and goodfeeling that has ever characterized the old, so that the ratepayers may feel that they are getting some return for the largely increased expense which the new conditions will impose.

Yours truly,
T. RUTHERFORD

Chief Rutherford Hands in His Resignation to City Council

Has Devoted 30 Years of Faithful Service in Protecting City from Fire Fiend

An Efficient Fire Chief

In another column of this issue appears the resignation of Mr. Thos. Rutherford, 625 Union street, of the position he has held for nearly 28 years as chief of the Peterborough Fire Brigade. Mr. Rutherford's reasons for the resignations, as per his own ideas is explained in the letter referred to.

It might be noted that had Chief Rutherford retained office until next August, he would have occupied the position for 28 years consecutively, as he organized and was elected chief of the present fire brigade in the year 1880. During Mr. Rutherford's administration of the affairs of Peterborough's fire fighting force, there has been a marked harmony and good will existing between Mr. Rutherford and the members of the brigade. His fellow members in the brigade have loyally backed up and taken all orders from their chief officer Mr. Rutherford, in

Munro's Colts last night defeated the Bell Telephone Co.'s pin spillers by a majority of one shot. Cairns of the latter was high man for the night with a score of 188, while MacRea was a close second with 179 to his credit.

Dacon was the best of the Bell

57th Regiment Decide to Go to Quebec in July

It has been decided that the regiment will attend the tercentenary celebration at Quebec in July as a unit and every non-commissioned officer and man will be given the opportunity to be present providing that he attend at least 12 drills before the date of the celebration and since the men will receive this year only four or six days pay, instead of the usual 12 days pay, it will be necessary to return the whole of the pay, efficiency as well as ordinary in the regimental fund in order to finance the trip.

The following regimental orders were issued at the weekly drill of the 57th Regiment held last night.

1. Details of duty for the week ending May 12, 1908.

2. Captain for the week, Captain McLean, next for duty, Captain Watson. Subaltern for the week, Lieut. Clarke. Next for duty, Lieut. Higgins.

3. The following have been taken on the strength of the regiment.

A Co.—Pte's Nash, Collock, Manley, Mackay, Coventry, Armstrong, Davey, Martin and Heffernan.

B Co.—Pte's Adams and Connors.

C Co.—Pte's Shurtz and Austin.

E Co.—Pte's Young, Manly and Morrow.

H Co.—Pte's Watson, Smith, Hunwell, Joyce and Reid.

4. Leave of absence from parade is hereby granted to Lieutenants Reid and Comstock.

6. The sergt.-drummer will detail two drummers for duty at the parade next Tuesday night. They will report to the adjutant at eight o'clock.

Dr. Fletcher to be Tried on Charge of Abortion and Murder of Miss Gould

The criminal assizes opened in Toronto yesterday, and the grand jury returned true bills against Dr. A. G. Ashton Fletcher on the charges of abortion and murder of Jessie Gould, of this city.

Rev. Dr. McTavish Speaks on "Awakening of China"

St. Paul's church was crowded to the doors last night, when the Rev. Dr. McTavish of Toronto, spoke to the Missionary Institute on "The Awakening of China." Mr. McTavish spoke at some length on his subject, emphasizing the fact that what the people of China needed most is religion. The speaker went on to tell about the people themselves, stating that the Chinese were a hard working, industrious race and for the most part very peaceful.

The country Mr. McTavish said was a fertile one, the principal products being rice and tea, and it is from the sale of these that the natives derive their living, which is a very scant one.

Mr. McTavish's lecture was beautifully illustrated by fine lantern slides which were greatly appreciated by those present.

Rev. Dr. Brown and the Rev. Mr. Armstrong also addressed the institute, explaining the life and mode of living in India, China and Japan. The speakers in eloquent words, praised the good work being done by the missionaries in these far-off lands, where the word of God is not known.

Rev. Dr. Langford of St. Luke's church conducted the devotional exercises and Rev. H. J. Keith presided.

Rooster Killed a Fifteen Months' Old Child

Chattanooga, Tenn., May 6.—Max Crockett, jr., 15 months old, died at Lowsburg yesterday of wounds inflicted by a rooster.

The child fell in the yard and the rooster attacked him, striking its spurs repeatedly into the child's head.

Board of Education Met in Regular Session Last Night

Will Pay More Attention to Domestic Science—Other Matters of Importance were Disoussed

Last night the Board of Education, with Chairman Farr presiding, met in regular monthly meeting with the following members present:—Messrs. Dumble, Ackerman, Nelson, Dr. Burnham, Robinson, Rye, Morrison and Hill.

A revised list of salaries payable to certain teachers was read by Mr. Hill, who noted that whilst in Toronto recently, he found that well qualified teachers were being picked up for work in the Northwest. The additions proposed do not amount to very much and are not applicable till next year. Mr. Hill's report was adopted.

Mr. Hill noted that only himself and Inspector Mowat went to the teachers' meetings in Toronto and read a detailed report of great interest and wide source of instruction concerning his visit and what he saw and learned during the trip. The report read by Mr. Hill covered too broad a ground to give details here but demonstrated conclusively that this local educationalist gave close attention and retentive memory to what he saw and heard whilst in Toronto. Chairman Farr regretted that he was unable to go to Toronto on that occasion and added, amidst applause of all present, that the report was most comprehensive and far reaching.

Mr. Hill thought that the Board ought to have Mrs. Hoodless come here and lecture on domestic science. "Every girl should have a certificate that she can cook before getting her marriage certificate," said Mr. Hill.

Mr. Dumble thought the domestic science knowledge is a modern subject worth attention. The average man hiring servant girls knows that, the average girl can't cook a plain beefsteak. If the servants cannot cook for employers, where everything of the best is provided, how could such girls where they marry working men put the wages of the latter, as far as food is concerned, to the best advantage? He moved that a committee be appointed to investigate and report on the subject of domestic science.

This was carried with the following on the committee, Messrs. Hill, Nelson, Morrison and the mover.

The Supervision Committee reported that the following changes had been made in the organization of the schools after Easter vacation;

In the Queen Alexandra School an additional primary form was opened and placed pro tem under charge of Miss Howson, a duly qualified teacher. As Miss Warner has been ill, Miss Rush and Miss Gillespie have taken charge of the Central and East Ward Kindergraten schools.

A communication was received from Mr. R. R. Hall, M.P., regretting that he could not get the Government to distribute a copy of "Farm Weeds," throughout the local schools. He asked the number wanted and promised to get them if possible.

Secretary Morrow wrote saying that 11 copies would be wanted and thanking Mr. Hall.

A letter from Mr. Geo. H. Hall, Ottawa, saying that the books asked for by Mr. Hall would be sent.

The Collegiate Institute Building Committee reported that they had awarded the contract for 72 commercial desks and chairs, at $6.10 each to Mr. D. Bridgham.

These desks, etc., have, it might be noted, been duly passed by the regular local authorities.

It was moved by Mr. Crane that the Supervision Committee be authorized to advertize for tenders for text books and supplies for the next scholastic year.—Carried.

The following accounts were recommended for payment by the Finance Committee;

Adam Hall	$ 7.84
J. M. Griffin Co.	10.08
United Agency Co.	15.80
Mann, L. Co.	2.25

London Asc. Co.	7.80

Merry Widow Caused Jam

Last night as an officer was making the crowds move from in front of the Crystal, a Times reporter remarked, "Mr. Edwards, Why don't you distribute 10 cents worth of vaseline and possibly the crowd could squeeze on." Mr. Edwards replied, "Well the trouble is these mad, or merry or what kind of widow hat is it, but it's those hats that seem to block the way. A young lady with blood hair, shrinking and modest blue eyes, retorted to her best enemy beside her, "That's just the way with them men if a girl gets a fashionable hat, the men will find something to kick at."

Emigration of Highest Class

Winnipeg, Man., May 6.—W. Finney, of St. Paul, Minn., has negotiations about completed for the purchase of 600,000 acres of Western Canada land, it will be one of the largest land deals ever put through in the province of Alberta and will be sub-divided and sold only to actual American farmers, a large portion of this land has access to irrigation waters in the section.

There have been many settlements made in Western Canada by religious bodies—the latest is that of the Lutheran, of Kansas and Iowa. They are preparing for an exodus to the Saskatchewan and 30,000 acres in the Tramp Lake district in the neighborhood of Battlefield have been purchased as a start. Some religious sects, the west might object to, but the Germans Lutherans never, nor more industrious or more thrifty settlers could be found the world over. They are coming to the west too with money in their pockets, coming not as have other bodies trekked over plains in covered pioneer wagons, but in pullman cars with all the luxury they mean.

Last fall one of the elders who went to Canada to inspect the tract which later was purchased, wrote a letter, which was published in a Nebraska paper and aroused so much interest among his people that they talked of little else but the new "promised land". The minister has been quoted as saying that his people thought of nothing but "Canada, Canada", all the time and complained that he "could not get them to talk of Christ at all". His congregation determined to move to the new land in time to raise a crop this season, and finally to satisfy them, the minister and two prominent members of the church were elected as delegates to look at the land. The sequel was the purchase of 30,000 acres from an American, J. F. Luse, of St. Paul, Minnesota, and now the exodus is at hand.

—The many friends of Mr. Victor Tully will be pleased to learn of his recovery, after several days' illness from an attack of la grippe.

Blood-Cleansing Recommended in the Spring Time

In This Way The System is Strengthened and Better Health Assured.

From the earliest time it has been universally acknowledged that the transitory period between winter and spring is the seed time of disease.

Consequently it is necessary for us all to take suitable medicine.

A delay gives the germs and weakness a better chance to take hold.

Don't wait, think of our small reserving powers, and begin building up to-day. For weakness, overwork and debility the doctors prescribe Ferrozone: let it help you now.

Vitality and power are instilled into the blood; this means new strength for all weak organs.

The fire of youth will dance in your veins, and new found energy will increase your desire to work.

Ferrozone supplies the nourishing and tissue-building material your system lacks. Isn't this "a reason why?"

From Cobbermere, Ont., Mrs. Jno Cram writes as follows: "For a number of years I was sickly in the spring-time. I felt tired; nervous and had headaches. My blood was weak and damp days brought on rheumatism. My nervous system was unstrung and I felt utterly worn out. Ferrozone revived me in a short time. In two days my appetite increased, and I could feel a building-up process going on. This great tonic made a new person of me and I don't think a more strengthening medicine for the spring can be found."

Wouldn't it be just fine for you to get back your old-time spirits and vigor? Easily done with "Ferrozone"; commence to-day. Sold by all dealers, 50c per box or six boxes for $2.50.

Morning Times

This paper is the only Morning Daily published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

Strangers visiting Peterborough are cordially invited to make their headquarters at the office of the Morning and Weekly Times, where they will be furnished with writing material, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $5 per year, strictly in advance.

EDITOR'S ADVANCE SHEET

The news of the raid into India by an armed party of Afghans is very serious. The Afghans are a fighting race, and have become well-armed under British favor. Their pugnacity has long been regarded as one of the bulwarks of India as against possible Russian invasion; and British policy has always been to keep them in friendly tutelage. The most important question in the affair is as to what share the Ameer has played in the game. Is he a helpless onlooker; or a more or less sympathetic patron? If the central authority is sincerely opposed to such incursions, they cannot become serious, though they may be very annoying and somewhat costly; but if the central authority is even willing to close its eyes, Britain is on the verge of a serious military task.

A few years ago, everybody would have said—"Russian intrigue." To-day, it is not likely to be seriously mentioned; for Russia is exhausted, and, moreover, has been on friendly terms with Britain in this quarter since the Persian treaty. A more possible explanation is Mohammedan unrest, some effects of which Britain is already feeling in Egypt. The Mohammedans in various parts of the world have recently awakened to a feeling of anger at their treatment by Christian Europe. They see Morocco invaded by the French. They see Egypt dominated by the English. They see Turkey, with the head of their religion on its throne, flouted and bullied by all the powers. They see India, Algeria and Tunis frankly under European rule. Naturally they are asking themselves what has become of the great prestige of the warriors of the Prophet, who once swept from the gates of Vienna to the Pyrenees.

That independent Moslem powers like Afghanistan should be especially active under such feeling is only to be expected; and it will probably require all the diplomatic astuteness of Britain to keep it quiet. The victory of Japan over Russia must be having a great effect upon the Asiatic mind. In every human breast there always lives the spark of independence—the desire for national autonomy. Everywhere Asiatics under European rule will begin to ask themselves whether they might not win their freedom. It is idle to tell them that they are better off as they are. What people were ever content with the fleshpots of Egypt when they might venture forth even into a wilderness as a free nation?

As for India, it is in good hands. Kitchener and Morley make a great team. We may be sure that what skilful military operations can accomplish, will be done; and that what a tactful any sympathetic understanding of the natural aspirations of other peoples will win for us, will be won by the man whom we are still permitted to call, John Morley. It will be the hand of steel in the glove of kindness. These incursions must stir up feeling among the people of India; but, happily, the Mohammedans are noted for their joyalty. The other races are more apt to be driven near to the British Government by such movements than detached from it. There will be general hope, however, that satisfactory explanations will promptly follow, and that then we shall hear of the punishment of the raiders.

—Only one case was tried at yesterday's Police Court, a young man who was fined $2 for disorderly conduct.

HAVELOCK.

Pursuant to adjournment, the Council met at the Town Hall, Belmont, on Saturday, the 25th Day of April, 1908. Members all present with Reeve Jas. W. Russell, Esq., in the chair. Minutes of last meeting were read and confirmed as read.

Wilde and Griffith that the clerk be instructed to pay Mr. W. Coulter's statute labor on John M. Davidson's roads at for the year 1908.—Carried.

Griffith and Wilde that John Edmonds receive an abatement of $5.50 taxes on the East half of lot No. 14 in the 3rd con. of Belmont.—Carried.

Application of Dan Munroe to have culvert and road repaired on 2nd con. line south of Norwood road. Anderson and Wilde that the Reeve be appointed commissioner to have the above mentioned road and culvert repaired in the best advantage possible.—Carried.

Griffith and Anderson that the Reeve and Councillor Wilde be appointed commissioners to meet at the clerk's office and examine the list of lands to be returned to the county treasurer for sale and strike off any non-payment lots from the land sale that they may deem to be in favor of the Municipality.—Carried.

Wilde and Foley that David McClung receive the sum of $6.00 compensation for the use of road across the east half of lot No. 3 in the 3rd Con. of Belmont for the year 1908, this agreement to remain in force until notified by the owner of the property.—Carried.

Wilde and Griffith that councillor Anderson be appointed Commissioner to examine the work performed by Frank Davidson on 7th Con. line opposite Lot No. 12, Belmont, and if found satisfactory to give Mr. Davidson an order on the clerk for $75.00 and also if necessary to expend the sum of $5.00 extra to complete the work.—Carried.

Griffith and Wilde that James Mann receive the sum of $25.00 part pay on salary as assessor for the year 1908.—Carried.

Wilde and Anderson that James Mann be appointed to stake out the road on south boundary between Belmont and Seymour wherever the road is flooded so as to prevent an accident to public travel.—Carried.

Anderson and Griffith that Major Foley receive an abatement of two days statute labor on roll of 1907.—Carried.

Wilde and Anderson that the clerk be instructed to notify the Times Printing Co., Peterborough, that the council has accepted of their offer re municipal printing for the year 1908 for the sum of $44.75.—Carried.

Wilde and Anderson, that the collecting time be extended to the 30th day of May, 1908.—Carried.

Wilde and Anderson, that the council adjourn until the 30th day of May, to Meet as Court of Revision on the assessment roll and other business unless sooner called by the Reeve.

W. H. JOHNSTON, Clerk.

BASEBALL.

The Strathcona had a good practice last night on Nicholls Oval. The following players were out:—Kendry, McMillan, Wilson, Haslip, Shaw, Graham, Wraith, Malone, B. Parnell, E. Parnell, Ryan, Curtis, Craig, Upham and Bellingham.

Auction Sale of Timber Berths

Doki's Indian Reserve

There will be offered for sale by public auction, at an upset price, in the Russell House, in the City of Ottawa, on Wednesday, the 24th day of June next, at the hour of ten o'clock in the forenoon, timber berths numbered 1 to 8, inclusive, covering the pine timber of nine inches in diameter and over at the stump and no other, on the whole of the Doki's Indian Reserve situate on the French River in the Province of Ontario.

Each limit will be offered separately at a bonus, ten per cent of which to be paid—as such on day of sale and notice to be given for the remainder, payable in three, six and nine months, at the Bank of Montreal, in the City of Ottawa, with interest at six per cent, in addition to Crown dues at the rate of $2.00 per M. feet B.M., and $50.00 per M. feet C.M., an annual ground rent of $24.00 and a license fee of $4.00, the cash payment to be forfeited upon failure to pay the balance of bonus within the time above mentioned.

The licenses will be issued in due course after payment of notes above specified, and will be renewable yearly upon compliance with all conditions thereof for a period of ten years and no longer, and will be subject to Manufacturing Conditions in accordance with the provisions of Order of His Excellency in Council of the 19th day of April, 1907.

Dues at the rate above specified to be paid on sworn returns, as required by the Timber Regulations of the Department.

Information regarding the timber berths in question may be had upon application to the undersigned.

The unauthorized insertion of this advertisement will not be paid for.

J. D. McLEAN,
Secretary.

Department of Indian Affairs,
Ottawa, April 8, 1908.

Tenders for Bending Machine, Sorel.

Tenders addressed to the undersigned at Ottawa, and endorsed on the envelope "Tender for Bending Machine, Sorel," will be received at the Department of Marine and Fisheries, Ottawa, up to noon of the

EIGHTEENTH DAY OF MAY, 1908,

for the furnishing of one machine for bending steel boiler plates, to be delivered at the Government Shipyard at Sorel, P. Q.

Specifications and detailed information can be obtained from the Department of Marine and Fisheries, Ottawa, from the Director of the Government Shipyard at Sorel, and from the Agent of the Department of Marine and Fisheries, Montreal, P. Q.

Each tender must be accompanied by an accepted cheque on a chartered Canadian Bank, for the sum of $300.00 to the order of the Minister of Marine and Fisheries. This cheque will be forfeited if the party whose tender is accepted declines to enter into a contract to deliver the bending machine, or fails to carry out the contract. If the tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

Newspapers copying this advertisement without authority from the Department will not be paid.

F. GOURDEAU,
Deputy Minister of
Marine and Fisheries.

Department of Marine and Fisheries,
Ottawa, Canada, 31st April, 1908.

JAMES THOMPSON, Vice-President, - - Havelock, Ont,
DR. H. A. WOOD, Secretary-Treasurer, - - Peterboro
D. WILLIAMSON, Superintendent, - - Haileybury, Ont,

The following are some particulars concerning the above named company, which should interest the investing public of Peterboro

Properties Controlled

The Companies holdings consist of eight forty acre claims in one block, situated about 18 miles from the town of Cobalt, in the Township of Casey, on what is known as Casey Mountain, upon which deposits of Native Silver have been encountered running over 8,000 ozs. per ton.

Buildings, Machinery Development, Etc.

There has been erected on the properties a large Boarding House, Sleeping Camps, Blacksmith Shop, Shaft House, Boiler House and Superintendents Quarters. A modern Steam Plant has been in operation during the past ten months and about 300 ft of underground development work has been done, besides considerable surface work of trenching, and uncovering of veins.

12 True Fissure Veins Uncovered

There has been uncovered to date 12 fissure veins, varying in width from 16 in. to 8 feet, all carrying Silver, Cobalt Niccolite and Arsenic, these veins have been stripped several hundred feet and all have free walls and are well defined.

Big Chimney or Lode of Ore

At 50 foot level 16 feet wide. While the main shaft was at a depth of 50 feet on a 30 in. vein a tunnel was driven into the mountain along the vein, and at distance of 20 ft a tremendous chimney of silver ore was broken into 16 ft. wide from wall to wall, with silver values (Sulphide) running $20.00 per ton, we believe this to be the greatest strike of low grade ore ever encountered in the District. This tunnel was continued in this Chimney for a distance of 75 feet, when it was decided to sink the shaft to the 100 foot level, and again tap this great body of ore—this sinking was done, and the lode of ore was again encountered at a distance of 10 feet from shaft, it having widened 10 feet in the 50 foot of depth, and silver values were found to have increased in the fifty feet fully FORTY PER CENT, and we have in sight, or above us several thousand tons of concentrating ore that will net the Company a handsome profit by the installation of a concentrat-mill that will reduce the ore, and offset the necessity of shipping so much rock as the ore would be reduced about 15 to 1, and freight charges saved on 14 tons. This plant can be installed for the sum of $15,000 with a capacity of 100 tons per day

Cobalt Niccolite and Leaf Silver Encountered With Depth

Apart from the enormous body of low grade ore in sight there has been encountered while sinking in the main shaft, Cobalt Niccolite and Leaf Silver in the metalic form. These metals having come in at the 130 foot level and were expected when it was decided to futher sink to a depth of 150 feet, at 125 feet another Chimney has been encountered running in the opposite to the one struck at 50 ft. level, and our Superintendent states that he looks for this to be a larger body of ore than the one just mentioned and is rich in mineral and the indications are that these large Chimneys will connect with depth into one continuous ore body.

It is now proposed to drive a tunnel into this new ore body and commence bagging ore for shipment, as we appear to have unlimited quantities of ore that shows a continual increase with depth.

We give several reasons why Casey Mountain will become one of the great Dividend Paying Mines of the Cobalt District, and there are many: (1) A large area that is a regular net work of veins running for three-quarters of a mile through the entire property that will go down several thousand feet, and not pinch out. (2) We have the Stuff in unlimited quantities and yet the properties are scarcely scratched. (3) A Capitalization of only $250,000 to pay dividends on. (4) No promotion stock issued to promoters that has not been paid for. (5) A Management that are doing a Mining business, not a stock speculation. (6) The Directors have shown their faith in the property by investing heavily in the stock and up to date the shares have been held very closely—it being the desire to sell only sufficient to carry on developments until shipments are made, and for a short time only we offer the citizens of Peterborough and vicinity an opportunity of securing a limited number of shares at par $1.00 per share, and any desirous of securing some of this stock should make application at once, by addressing Head Office, Manning Chambers, Toronto, as this will be the only block offered at par value.

Additional information can be obtained during the next few days from

R. G. WILLIAMSON,

Have secured a block of the

Calumet, Mancos' Oil and Mining Company's Stock

Par value $1.00

What they offer at 25c per Share for a short time

The property is situated at Mancos, Colo., and consists of 160 acres, fully paid for. The Company expects to secure at least 400 acres or more, we are negotiating for it now and the terms are satisfactory and there is coal on the same, and they also intend to secure some Coal Mines of which they have the refusal. Some of the best coal mines in Colorado are in this district, as well as some of the richest gold and silver mines. In fact this is one of the richest parts for mineral in the State of Colorado, and the Company has the refusal to several prospects on reasonable and easy terms.

In our opinion the prospects of the Company are very bright and a rapid advance in the price of the stock is sure to take place in the near future. Full information can be had by calling at our office.

ADVERTISE IN THE TIMES.

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or Sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at an Agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each on and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of a homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father or mother.

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid for.

FOUND THE FRASER RIVER.

Abandoned at First and Believed to Be Non-Existent.

Judge Howay recently delivered an interesting lecture in Vancouver on "The Attempt to Find the Fraser River by Land and Water." Judge Howay, as reported in The News-Advertiser, of Vancouver, said that the real discovery of British Columbia was Captain James Cook, who on his third voyage landed at Nootka on March 29, 1778. Captain Cook discovered and named Cape Flattery by reason of its appearance having flattered him with the hopes of finding a harbor.

One of the best-known of all the traders and discoverers on the coast during the latter part of the eighteenth century was John Meares. His vessel, the Felice, entered the Strait of Juan de Fuca in June, 1788, and sailing southward he was on July 6, 1788, in the latitude of the Columbia river, which at that time was known as Martin d'Aguilar's river or the River San Roc. He did not discover the river, however, and came to the decision that "no such river as that of San Roc exists as laid down in the Spanish charts."

On May 11, 1792, Captain Gray sailed up this non-existent river in the American ship Columbia, and Meares claims for Gray the honor of being the first person to circumnavigate Vancouver Island, but the modest captain disclaims the honor by stating that he did not sail round the island.

A trouble which had arisen between England and Spain owing to the seizure of Lieutenant Meares' vessels and trading post by the latter, was settled in 1790 by the Treaty of the Escurial, and the terms stipulated that an officer should be sent to Nootka to receive from Spain, in solemn form, restitution of the territory. Captain George Vancouver was selected for this duty, and was given command of two vessels.

Reaching these territories, he immediately compared notes and discussed the geography of the regions already known with the Spanish commander.

Many weary months of toil and research followed in the hunt for the Fraser river, and although surrounded by evidences of its existence, and while lying in its very waters, Vancouver and the Spanish commanders solemnly agreed that the River of Florida Blanca did not exist, and unceremoniously rubbed it off the chart. The hour of exploration had not come, nor the man.

It was reserved for one of the hardy bourgeois of the Northwest Co. sixteen years later almost to a day, after many trials and much hardship, to seek out and trace the course of the river, from its source in the Shining Mountains to its mouth behind those giant sand-bars and to give his own name—Fraser—to that river."

Oldest Goose in Canada.

Unruffled by the smallpox scare in the village, the Weston goose serenely pursues her peaceful way, oblivious to all disturbances. Born in 1886, this goose claims to be the oldest in Canada. Since she first swam in the Humber a lot of water has gone under the bridge. Deadlock is no more, and in its stead "our fair Dominion now extends from Cape Race to Nootka Sound," the Liberal party is protectionist, and some of its Senators are as capable members of the Upper House as our veteran biped would be.

During the Fenian troubles of 1866, the late William Chew purchased from Thomas Quinn a young bird, hatched the year before. Born in civil war times, and contemporary with every campaign down to the last and bloodiest of them all, when men were slaughtered in tens of thousands in Manchuria, no doubt the Weston goose can testify that war is all William Tecumseh Sherman said it was.

Her performance of the matron-like duty of laying eggs and hatching them was steadfast till ten years ago. Since her thirty-third year her interest in the feathered household has been expressed in the grandmotherly attention which she pays to the welfare of all the flocks, regardless of whether they are geese, ducks or chickens.

Till sixteen years ago she had a mate. But one day when they were flying their roost from the high bank to the river below, he paid so little attention to his own flight that his collision with the limb of a tree had fatal results.

Since her gander's death, those who know her claim that she has withdrawn herself to a marked degree. It is only to one member of the family that she will respond. But her stately strut still proclaims her the dowager-duchess in her little court, and the weight of her forty-three years does not prevent her from enjoying her dignity as the oldest inhabitant. In the pasture with her on the farm of the Misses Chew roams "Trottie," a shaggy-maned little horse, who is now 37 years old. Two other equine friends on the farm are 30 and 28 years old respectively.

Sixty Years In Ice.

A despatch from Dawson says that Aubrey Forrest, who recently arrived there from Fort McPherson on snowshoes, reports that Capt. Jarvis of the Royal Northwest Mounted Police, has brought advices there from Herschel Island that Explorer McClure's famous ship Investigator, once a British man-of-war, which was caught in the ice sixty years ago and had been fast there ever since, last summer was so free that vessels could approach close to the ship.

The mildest winter ever known in that part of the Arctic may mean that the ice on the Arctic coast will not be so heavy this season, but that steam whalers may hope to be able to reach the Investigator this summer.

McClure had to abandon the ship because the men became afflicted with scurvy. They left their supplies on board. No one has visited the ship since. This may be the vessel that natives sighted on the Arctic coast a few years ago.

Visitor (rushing back)—I left my stick.

Little Girl—It's gone. I heard sister say, "Thank heaven that stick's gone."

Benjamin Constant.

Benjamin Constant, having allied with Napoleon during the hundred days, felt the need of justifying himself when Louis XVIII. returned to power. He wrote the king a letter with that end in view and called upon Mme. Recamier to discuss the subject. She asked him quietly:

"Have you finished your letter?"

"Yes."

"Are you satisfied with it?"

"Entirely satisfied. I have almost persuaded myself."

20th Field Battery Gets Marching Orders

It has at last been definitely settled what the personnel of the 24th Field Battery that will go to Queen's will be composed of, as Major Young on command on Saturday, received instructions from head quarters in Ottawa. The personnel will be four each of officers, sergeants and corporals. One each of Battery sergt.-major, battery quartermaster sergt., signal sergt., farrier sergt., orderly-room sergt., shoeing smith, saddler, and wheeler. Two each of trumpeters, and bombardiers, 20 gunners and 33 drivers, making a total of 63 men to be taken. The orders also provide for 36 horses.

PAIN

Pain in the head—pain anywhere, but Pain's congestion, pain's lack of power to relieve easily. At least so says Dr. Shoop, it he has created a little pink tablet—called Dr. Shoop's Headache Tablets—that relieves every kind of headache, by counteracting, pleasingly, delightfully and safely, it surely equalizes the blood. Instead:

If you have a headache it's blood pressure.
If it's a painful period with women, it's congestion—blood pressure. That nervousness, for Dr. Shoop's Headache Tablets relieve in minutes, and the tablets simply do it by normal blood pressure.
Simply your finger, and doesn't it get well and pain you? Of course it does. It's pressure, blood pressure. You'll find it when you have a headache—always. It's simply Common Sense.
We sell at 25 cents, and cheerfully recommend

Dr. Shoop's Headache Tablets

Galbraith Coal Co., Ltd.

Non-personal Liability

Capital, $250,000.00 1,000,000 Shares 25c. each.

Good coal stock is a safe and sure investment.
Galbraith shares are especially attractive.

Modest Capitalization Large Coal Reserves

This Company organized under the laws of the Northwest Territories of Canada, owns and operates the Galbraith mine located at Lundbreck, Alta. They have four vertical seams of coal traversing their property, aggregating over 40 feet in thickness. Three of these seams are developed to a depth of 350 feet, and as they pass through the Company's lands for nearly a mile, some idea of the amount of coal may be had.

Shipping Steadily

The present output of the mine is about 200 tons per day. These shipments will be rapidly increased, as the C.P.R. allows its cars to be loaded with coal for points in the U. S.

We are selling a limited number of these shares at the extremely low price of

30 CENTS PER SHARE

in blocks of 100 or over. Tight money in the States makes it possible for us to give this unprecedented offer in stock that will be paying dividends inside of six months, and you are sure to realize a handsome profit.

Parties ordering can send money by P. O. Orders, Express Orders or Bank Drafts, and we will have the stock issued direct to you. Full information furnished on request. Correspondence solicited. Reference, Bank of Montreal

Weary, Worn-out, Tired

If You Feel Poorly This Spring this Article is worth Considering

Nothing in life keeps people from advancement like poor health. If the nerves are weak, if the stomach, liver, bowels or kidneys, fail to work properly, health surely suffers. Spring is the hardest time on health—the season when the system calls for active cleansing medicine.

The best plan is to entrust your condition to a physician of reputation like Dr. Hamilton, who has had years of experience in compounding tonics. For the ills and tired feeling of spring Dr. Hamilton says nothing is better than Mandrake and Butternut Pills, and this is well proved in the case of James Burton, of Lewistown. "I had grip and it left me very weak. The disease settled in my back and side, which ached day and night. I had a nagging cough. My appetite was all gone. My nerves unstrung. I could not sleep well. I struggled against growing pale, thin and weak—but it was not good. Spring brought depression, overpowering weakness and bad headaches. But my life as rag bad headaches. But my life was spared, simply because I learned of the wonderful merit in Dr. Hamilton's Pills of Mandrake and Butternut. The result was marvelous. I gained rapidly, became strong, ruddy, vigorous, perfectly well. I urge every man and woman to use Dr. Hamilton's Pills regularly.

You'll brighten up, have clearer blood stronger nerves, better spirits after using Dr. Hamilton's Pills. 25c at all dealers. Guaranteed safe, sure. Helpful for old and young.

CITY AND COUNTY NEWS

DASHES HERE AND THERE BY TIMES REPORTERS.

Poultry Association to Meet

The regular monthly meeting of the Peterborough Poultry Association will be held tomorrow night in the hall over C. S. Brown's store, Simcoe street. An interesting subject will be up for discussion and all the members are requested to be present.

Death of Mrs. A. Giroux

Intelligence has been received of the death at Montreal of Mrs. Moses Giroux, who with her husband, left this city for Montreal about five years ago. Deceased is survived by her husband, who is a brother of Mr. George Giroux, of this city. The late Mrs. Giroux was a native of Peterborough, and was widely known here.

Are Getting Meals Free

One of the cheap, at most contemptible methods of obtaining meals and lodgings under false pretenses is that now said to be current in Peterborough. It has long been freely advertised that delegates to the Missionary Institute now in session here would be billeted throughout the city. Taking advantage of this it is generally rumored that residents of a nearby village are taking advantage of the offer and are getting accommodation gratis without attending the Institute meetings.

Bicycles

Mr. A. Sawers has moved into the shop next to Carey's shoe store, George street, and will be pleased to see his old friends and customers. Now is the time to get your bicycles cleaned and fixed up for summer. All work [illegible]

Personal

—Mrs. Clark, Havelock, was a guest at the Oriental yesterday.

—Mrs. W. Golding, Marmora, was at the Oriental yesterday.

—Miss Mc Williams, Marmora, was in the city yesterday.

—Mr. Sam Clark, M.P.P., of Cobourg, is in the city.

Mrs. John Crandell will not receive this week nor again this season.

—Mr. Russell Sparks of the firm of Sparks Bros., Ottawa, was in the city yesterday.

—Miss Phoebe McMahon of Peterborough, is in town on a visit.—Lindsay Post.

—Mr. J. M. Rowland, Owen Sound was a guest at the Snowden House yesterday.

—Another sign of Summer. The beaches in Victoria Park were yesterday put out for the season.

—Mr. John Welsh, the well known tailor of Hastings, was in the city yesterday, a guest at the Snowden House.

—Mr. Percy Weldrick, Mr. Wes. Armstrong, Peterborough, are in town today.—Mr. Wm. Peters, of Peterborough, spent Sunday in town.—Dr. Buchanan, of Peterborough, was in town today.

Weak Women should read my "Book No. 4 For Women". It was written expressly for women who are not well. The Book No. 4 tells of Dr. Shoop's "Night Cure" and just how these soothing, healing, antiseptic suppositories can be successfully applied. The book, and strictly confidential medical advice is entirely free. Write Dr. Shoop, Racine, Wis. The Night Cure is sold by all dealers.

—Chief Tom Rutherford after very many years a member and of late years head officer of the local fire brigade resigned his position last night.

—Mrs. David Rogers entertained a number of her friends in the rooms occupied by her father-in-law, Col. H. C. Rogers, in the Bank of Commerce Building at an "At Tea."

—Mr. Chas. Johnston of the Windsor, who has for some months been engaged on the staff of that hotel, was in Toronto yesterday on business. Mr. Johnston, who is a brother of the proprietor, will, on his return from Toronto, spend some months in the country to recruit his health as he has not been very robust of late.

There is a Pink Pain Tablet made by Dr. Shoop, that will positively stop any pain, anywhere, in 20 minutes. Druggists everywhere sell them as Dr. Shoop's Headache Tablets, but they stop other pains as easily as headache. Dr. Shoop's Pink Pain Tablets simply coax blood pressure away from pain centers—that is all. Pain comes from blood pressure—congestion. Stop that pressure with Dr. Shoop's Headache Tablets and pain is instantly gone. 20 Tablets 25c. Sold by All Dealers.

IN SHORT FORM FOR BUSY READERS

—The Board of Education met last night. Particulars on front page.

—The weekly drill of the local boys in red, was held last night.

Many delegates to the present Missionary Institute, arrived in town yesterday.

—There was no meeting of the Girls' Guild of St. John's church last night owing to the Missionary Institute.

—The annual meeting of the Nicholls Oval Tennis Club was held at the Y.M.C.A. Last night.

—Orangemen, True Blues and 'Prentice Boys attended a union meeting in the Orange Hall, Simcoe street, yesterday evening.

—St. Peter's Court C.O.F., will hold a concert in St. Peter's hall on Friday night of this week for the benefit of one of the members.

—A large bill board has been erected on Hunter street, Ashburnham, bordering the lot just east of the creek on the north side.

—The Sons of Scotland met last night in the Orange Hall, Simcoe street for the purpose of installing officers elected last week and the initiation of several new candidates.

—The Provincial elections in both Quebec and Ontario, take place on the same day, viz. June 8th. This will say: local speculators on the twin or single results a whole lot of figuring.

—Harry K. Thaw don't seem to like the grub provided in Matteawan lunatic asylum and wants to get out. The want of liberty after shooting a man down may be natural but if Harry K. could only get a transfer to Castle Neubbitt, he would willingly go out on Victoria Park and now grass for the fare provided at the local hostile.

City to Pay One Quarter

The Railway Commission of Canada met yesterday in Ottawa. The City of Peterborough applied for orders to instruct the C.P.R. and G.T.R. to provide and maintain protected crossings at Aylmer and Reid streets. When Mr. Creelman, K.C., for the C.P.R., argued that the city should bear half of the cost, City Solicitor Hall, said the company should pay all costs. It was, however ruled that the company should pay three-quarters of the cost. Mr. Hall then offered to withdraw the Reid street applications as it was practically the same case against the G.T.R. Mr. Cowan for the Railway Company then submitted to him a draft order for his consideration.

Bicyclist and Buggy Collide

Yesterday afternoon as a young man riding a bicycle reached the corner of George and Charlotte streets, as the clock pointed to the hours of 3.30 he was somewhat startled by being suddenly transferred from the seeming security of his leather seat to the hard prosaic greeting of terra firma. The cause of this spill of the bicyclist was a fine black horse driven by a man seated in a buggy. The shaft of the buggy caught the wheelsman in the neck. The bicyclist, beyond accummulating a quantity of dust was none the worse, nor was his wheel.

Mr. Bailey Again in Print

To the "Editor of The Times:

Sir,—I notice that Mr. W. A. Bailey, whom I understand is an English remittance man (if not I will apologize for such an accusation) is out with still another letter in the Examiner of last night. This letter refers to the boys brought into the police court for playing ball on Sunday. In his letter this correspondent says he was, with no date given, made to work for Toronto roobers on a Sunday to get enough to enable him to leave the place. Now Sir, it is certainly of great public interest for your readers to learn that Mr. Bailey did work on a Sunday. The point in question is, did Mr. Bailey, who by former correspondence in the local press, displayed a dislike for his adopted country, Canada, ever do a day's work here that he was paid for. Does not this writer, who so freely confesses either in his oppressed, or easily implied lack of ability to earn the average Canadian wage, deserve the consideration of his friends in England? Surely they would send sufficient cotton weglass, wood or other material to ship him back "Home" from a country that seems to have used him ill!

CANADIAN.

Dalhousie Area

Tired nerves, with that "no ambition" feeling that is commonly felt in spring or early summer, can be easily and quickly altered by taking what is known to druggists everywhere as Dr. Shoop's Restorative. One will absolutely note a changed feeling within 48 hours after beginning to take the Restorative. The bowels get sluggish in the winter-time, the circulation often shows up, the Kidneys are inactive, and even the Heart in many cases grows decidedly weaker. Dr. Shoop's Restorative is recognized everywhere as a genuine tonic to these vital organs. It builds up and strengthens the worn-out weakened nerves; it sharpens the failing appetite, and universally aids digestion. It always quickly brings renewed strength, life, vigor, and ambition. Try it and be convinced. Sold by all dealers.

Chief Rutherford Resigns

Continued from Page 1.

conversation with a Times representative yesterday remarked in emphatic words, "The public has always backed me and the boys of the brigade through thick and thin, and I wish you would convey them my thanks as well as towards the brigade.

Since Mr. Rutherford first became an active fire fighter in this city, the local brigade has seen many changes, most of which were either the inception or successful carrying out to Mr. Rutherford's exertions and enthusiastic interest in the local brigade.

In conversation with Mr. James English, for many years engineer of the fire brigade of the city, The Times learned that the original volunteer brigade was disbanded over half a century ago, with their fire hall on the market square. Some years afterwards, the premises recently vacated by the brigade, on completion of the new fire hall on Aylmer street, were purchased as temporary quarters by the city for the brigade. It was then the intention to subsequently convert these premises into stores.

Before Mr. Rutherford reorganized the brigade as chief, he had belonged to a former local volunteer brigade that was afterwards disbanded. On the day the former brigade resigned, we are informed by Ex-Assist.-Chief J. D. Craig, the members marched up George street behind a band playing "The girl I left behind me." During the interval between the former brigade's resignation and its reorganization by Chief Rutherford, Mr. Geo. Mitchell was chief with the late Mr. A. McNeil as captain. Former chiefs of the Peterborough Fire brigade have been the late Col. Poole and the recently departed Mr. W. H. Wrighton. It was in 1858 that the fire hall was changed from the southwest corner of the Market square to the Simcoe street premises recently vacated. Since Chief Rutherford undertook the reorganization of the brigade many changes, and mainly for the better have been inaugurated. To begin with the new fire hall, costing a large sum, has been erected on Aylmer street. The first steam fire engine, bought in 1870, has been replaced by one infinitely more powerful; a chemical and hose wagon has been added; a new hook and ladder waggon has been added; an ex-

[illegible] motion ladder wagon and many more up-to-date fire fighting appliances have been placed in possession of the local brigade.

Chief Rutherford in sending in his resignation can rest assured that the general public has watched and duly appreciated the unselfish and patriotic motives that prompted him, during nearly 50 years, to give his time and experience towards volunteer brigades, that has given the citizens a most efficient service.

Trained Nurse

Remarks About Nourishing Food

"A physician's wife gave me a package of Grape-Nuts one day, with the remark that she was sure I would find the food very beneficial, both for my own use and for my patients. I was particularly attracted to the food, as at that time the weather was very hot and I appreciated the fact that Grape-Nuts requires no cooking.

"The food was delicously crisp and most inviting to the appetite. After making use of it twice a day for three or four weeks, I discovered that it was a most wonderful invigorator. I used to suffer greatly from exhaustion, headaches and depression of spirits. My work had been very trying at times and indigestion had set in.

"Now I am always well and ready for any amount of work, have an abundance of active energy, cheerfulness and mental poise. I have proved to my entire satisfaction that this change has been brought about by Grape-Nuts food.

"The fact that it is predigested is a very desirable feature. I have had many remarkable results in feeding Grape-Nuts to my patients, and I cannot speak too highly of the food. My friends constantly comment on the change in my appearance. I have gained 9 pounds since beginning the use of this food." "There's a Reason." Read "The Road to Wellville", in pkgs.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

"The Blood is The Life."

Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgement are affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. Foul, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery, as it enriches and purifies the blood, thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist don't happen to have the "All-Healing Salve" in stock, you can easily procure it by inclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 663 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

You can't afford to accept any medicine of *unknown composition* as a substitute for "Golden Medical Discovery," which is a medicine OF KNOWN COMPOSITION, having a complete list of ingredients in plain English on its bottle-wrapper, the same being attested as correct under oath. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels.

Bound Book Bargain

60,000 Shares Offered at 10c a Share!

Par Value $1.00--Fully Paid Up and Non-Assessable

The Great Northern Larder Lake Mining Company Ltd.

Incorporated on the 6th Day of June, A.D. 1907

The Great Northern Larder Lake Mining Company is incorporated by Letters Patent of the Ontario Government under the Ontario Companies Act.

AUTHORIZED CAPITAL $1,000,000

Divided into 1,000,000 shares of the par value of $1.00 each, fully paid up and non-assessable, and carrying no personal liability.

TREASURY STOCK, 500,000 SHARES.

HEAD OFFICE---404 McKINNON BUILDING, TORONTO, ONTARIO, CANADA

Read Official Statements as to Gold Discoveries in Larder Lake District in the 16th Annual Report of the Bureau of Mines, 1907.

OFFICERS AND DIRECTORS

President—Stan. Walker, Toronto, Manufacturing Furrier; Vice-President—H. E. Smallpiece, Toronto, Journalist; Treasurer—S. E. McCartney, Toronto, Capitalist; Secretary—H. Murby, Toronto, Cattle Dealer; Managing Director—C. C. Richardson, Toronto, Manufacturing Jeweler; M. Tromer, Toronto, Retail Furrier; David A. Foster, Haileybury, Miner; Solicitor—John A. Ferguson, Temple Building, Toronto; Bankers—Bank of Toronto, Head Office, Toronto.

A SHORT HISTORY

These Larder Lake properties were staked out by the Foster broters, who are old, experienced miners, who have been prospecting up in that country since 1906. They are practical miners.

When the wealth of the Larder Lake District first leaked out, these men made tracks for this district, and after days of hardship in paddling up rivers and carrying their outfit over portages, they finally found the wonderful gold bearing rock, and after a number of weeks' patient work in following gold indications they staked out 640 acres of what some believe will prove the richest gold bearing rock in the district.

After these men had registered these claims and proved there were no other prior claims to them, they brought samples and proofs to Toronto and succeeded in interesting a number of city merchants by convincing them that not one but many possible fortunes are tied up in these valuable 640 acres. On no reasonable consideration would they sell outright, so a small cash sum was paid to them and so many shares in a company to be formed agreed to be given them.

Had they not believed stock in the company would become valuable it is right to infer that they would not have made such a bargain and tied up their properties.

We believe they will be justified in their decision to retain an interest in the properties as shareholders in our Company.

As we, the members of this Company, were convinced by facts, we wish to convince you by facts also.

The Great Northern Larder Lake Mining Company has no figureheads or salaried men on its board. Each member of the board is a stockholder, by putting in his money and paying for his shares, and each member stands to lose a good pile if it is not properly handled. It is the intention of the company to run things on a strictly business basis, and all dealings must be above board. We want to make money and we want to make money fairly and honestly—on the miner's risk for the miner's reward.

The city merchants took the properties from the owners and prospectors, had transfers duly executed, organized this company, defraying all expenses to date, and have agreed to accept stock in payment. They must pay the original owners out of their holdings. The treasury stock goes for development.

The property consists of 16 claims, 40 acres each, or about 640 acres, west of Larder Lake and bordering on Grassy Lake. Blair & Smith, Government surveyors, of New Liskeard, were surveyors for the Company.

Lot Numbers as registered with the Government are: 3433, 3425, 3436, 3437, 3720, 3721, 3427, 3438, 3723, 3434, 3439, 3724, 3426, 3435.

Precious Life and Health can be Saved by this New Method

All Sickness is Alike to

OXYDONOR

It applies to all cases, no matter what the form of disease may be. It revitalizes the human body with OXYGEN from the air. OXYGEN is a vital Necessity—the greatest necessity life knows.

You can apply Oxydonor at home while you rest or sleep. No loss of time from your work or business. It is easily applied, safe, and always ready for use. Its force never exhausts. It will serve the family, children as well as adults.

Mr. Wm. Beers, 196 York St., Toronto, writes: "I have great pleasure in recommending your Oxydonor. When I first got the instrument I was suffering from Sciatica for about four months, and after applying it for five weeks it left me all at once and have not been troubled with it since. I can highly recommend it as a good family doctor, and would not be without it for double the price.

Local Option By-Laws Have Cut off 325 Bars

A circular letter being sent out by the Ontario Branch of the Dominion Alliance, appealing for funds, says:

"Since January 1st, 1906, local option bylaws have been carried by a vote of the electors in 133 municipalities in Ontario, closing 325 barrooms. This is more than the aggregate reduction of licenses from all causes during the eight preceding years. There are now 312 municipalities in the Province in which no intoxicating liquor is legally sold. In 492 municipalities licenses are still granted."

Fiend of 16 Years Cut the Throats of Five Persons while They Slept

New York, May 6.—A sixteen-year-old boy, known only as Carmello, and employed in a barber shop in Brooklyn, early today cut the throats of his employer, Antonio Peraso, Mrs. Peraso, and three barbers, while they lay asleep in Peraso's apartment at 107 Fulton street. The wounds of Peraso and his wife are believed to be mortal, while those of the barbers are serious, but probably not fatal. The boy escaped.

The police have a theory that the boy was an agent of a Black Hand gang which had been demanding money of Peraso under threat of doing him injury and that the blackmailers placed the boy in the shop in order to punish Peraso for his refusal to satisfy their demands.

STABBED IN THEIR SLEEP

Carmello used a pair of scissors and a razor on the barbers and his employer. Frank Strafino, Michael Rebepto, and Joseph Macero, the three barbers, were first attacked by the boy.

Strafino was awakened from his sleep by a stab in the neck and before he could resist the boy drew a razor across his throat, inflicting a severe wound. He was still conscious and saw the boy as he crept to the bedsides of Rebento and Macero and cut their throats while they slept.

DROVE LITTLE FIEND OUT.

Peraso, who, with his wife, was asleep in an adjoining room, was awakened by a stab wound in his neck and engaged the boy in a desperate struggle. He was unarmed and the boy, clutching a razor in his hand, slashed his employer several times about the face, neck and hands. The fight was going against the barber when his three assistants staggered into the room and attacked the boy. Together they drove him from the rooms into the street and summoned assistance.

It was then found that Mrs. Peraso's throat had been cut and that she was lying in bed only partly conscious while the fight with the boy was in progress.

The Midland League Schedule Drawn Up

Cobourg, May 6.— The schedule committee of the Midland Base ball League met here this afternoon and drew up the following schedule for the season:

May 25th, Victoria Day — Port Hope at Peterborough, Athletics at Cobourg.

May 30 — Cobourg at Port Hope, Peterborough at Athletics.

June 6—Peterborough at Cobourg, Port Hope at Athletics.

June 13—Cobourg at Peterborough, Athletics at Port Hope.

June 20— Peterborough at Athletics, Port Hope at Cobourg.

July 1. Dominion Day—Peterborough at Port Hope, Cobourg at Athletics.

July 4—Peterborough at Cobourg.

July 11—Athletics at Peterborough, Cobourg at Port Hope.

July 18—Port Hope at Peterborough, Athletics at Cobourg.

July 25 — Peterborough at Port Hope, Cobourg at Athletics.

August 1— Athletics at Peterborough, Port Hope at Cobourg.

August 8— Cobourg at Peterborough Athletics at Port Hope.

August 15—Port Hope at Athletics.

Mr. E. Maddocks represented the Peterborough Baseball Club and Mr. Martin Connors looked after the interests of the Peterborough Athletics.

A Very Pretty House Wedding

A pretty May wedding took place Wednesday afternoon at the home of the bride's parents, Mr. and Mrs. W. D. Ketchabon, 159 Rubidge street, this city, when Alfi Grace, third daughter, was united in marriage with Mr. R. J. Campbell of Sudbury, Ont.

The ceremony was performed by the Rev. J. S. McMullen of Frankford, an old friend of the family, in the presence of a few relatives and intimate friends.

The bride looked ideal gowned in Copenhagen silk, accompanied by her bridesmaid, Miss Ethel Vent of Toronto, as she entered the drawing room and joined the groom under an evergreen arch, while the wedding march was played by Miss Julia Choate, violinist, of this city, accompanied Miss Taff, pianist.

After congratulations all retired to the dining room which was prettily decorated in pink and white, where a dainty repast was enjoyed.

Mr. and Mrs. Campbell took the 5.30 train for Midland where a reception awaited them at the home of the groom's parents. The bride's going away gown was of brown venitian with regulation hat. Mr. and Mrs. Campbell will make their future home in Sudbury, Ont.

There is a Pink Pain Tablet made by Dr. Shoop, that will positively stop any pain, anywhere, in 20 minutes. Druggists everywhere sell them as Dr. Shoop's Headache Tablets, but they stop other pains as easily as headache. Dr. Shoop's Pink Pain Tablets simply coax blood pressure away from pain centers—that is all. Pain comes from blood pressure — congestion. Stop that pressure with Dr. Shoop's Headache Tablets and pain is instantly gone. 20 Tablets 25c. Sold by All Dealers.

More Winners in Limerick Contest

Two more local winners were yesterday advised of their success in the Laurentide Land Company's limerick competition. Previous to this two Peterborough people had won lots awarded in the competition. The winners of yesterday were, Mrs. Boorman, 307 Townsend street, and Mr. Bert Vignatto, Simcoe street, who got as prizes, lots worth $25 each.

BLOOD DISEASES

Guaranteed Cured or No Pay.

If you ever had any contracted or hereditary blood disease, you are never safe until the virus or poison has been removed from the system. You may have had some disease years ago, but now and then some symptom alarms you. Some poison still lurks in your system. Can you afford to run the risk of more serious symptoms appearing as the poison multiplies? Beware of mercury or mineral drugs used indiscriminately—they may ruin the system. Twenty years experience in the treatment of these diseases enables us to prescribe specific remedies that will positively cure all blood diseases of the worst character, leaving no bad effects on the system. Our New Method Treatment will purify and enrich the blood, heal up all ulcers, clear the skin, remove bone pains, fallen out hair will grow in, and swollen glands will return to a normal condition, and the patient will feel and look like a different person. All cases we accept for treatment are guaranteed a complete cure if instructions are followed.

Reader if in doubt as to your condition, you can consult us FREE OF CHARGE. Beware of incompetent doctors who have no reputation or reliability. Drs. K. & K. have been established over 20 years.

WE CURE Nervous Debility, Varicocele, Stricture, Blood and Secret Diseases, Kidney and Bladder Complaints. Consultation Free.

If unable to call write for a Question List for Home Treatment.

Accidental Drowning at Nogie's Creek

Another victim of the greedy grasp of our inland waters is Mr. Angus St. Thomas of Harvey township, who was drowned in Nogie's creek on Tuesday afternoon. The deceased was temporarily employed with a gang of river men, working for Messrs. Rider & Kitchener, Lindsay. Death is said to have been accidental. His body was found about 20 minutes after the accident. Coroner Burrows of Lindsay, decided that an inquest was unnecessary. The drowned man was 21 years of age and unmarried.

Was Arrested In Colorado

Trinidad, Col., April 30.— Steve Toth, said to be an anarchist and suspected of complicity in a plot to assassinate Emperor Francis Joseph, was arrested today at Oake Dale and taken to Denver to await extradition papers. He had been followed from Austria by an agent of the Austrian government, who caused his arrest. Toth admitted he was wanted in Austria, but denied that he was ever concerned in a plot to assassinate the Emperor.

Murdered Woman Supposed to Have Killed Eleven Others

Ranks with the Notorious Crimes of Dr. Homes of Chicago

Five Bodies Dug Up

La Porte, Ind., May 6—La Porte today is in the throes of a murder mystery that takes rank with the notorious crimes practiced by Dr. Holmes of Chicago, and the Bender family of Kansas.

Eleven deaths was the total this morning for which an explanation was being sought. The total eleven includes two husbands of Mrs. Gunness, five bodies found yesterday, and four previously.

Five bodies, some of them dismembered and the parts sewn in gunny sacks, were unearthed yesterday in "soft spots" on the barnyard of the burned Gunness house, one mile out of town. With the four imperfectly identified bodies recovered from the ruins of the house since the fire of April 28, which led to the arrest of Ray Lamphere, a carpenter, on suspicion of murdering Mrs. Belle Gunness, 44 years old, and her daughters, Myrtle Sorenson, 11 years old, Lucy Sorenson, 9 years old, and their half brother, Philip Gunness, five years old, there are nine bodies to be identified.

Mrs. Gunness is believed to be the murderess.

One of the murdered men was lured to the home by a matrimonial advertisement. Lamphere was jealous of him, and in that there may be a possible solution of at least one of the crimes.

Two of Mrs. Gunness' husbands died under suspicious circumstances.

The life of the first, Max Sorenson, was insured for $8,000, and that of the second, Gunness, for $3,500.

The companies paid the money over to her. Twice in her career fire destroyed property belonging to Mrs. Gunness and in both cases she collected insurance from the fire underwriters.

IS MURDERESS ALIVE?

Today it is even intimated that the woman herself may not be dead—that she procured a female corpse, set fire to her own house, and then fled, leaving the world to believe she had perished in the flames.

Hurtubise Throws Kennedy Twice in Five Minutes--Wins Wrestling Match in Easy Style

Frank Kennedy of New York, played easy money for Gus Hurtubise in last night's handicap wrestling match at the Grand Opera House, Hurtubise securing two falls in five minutes. While trying to break the hold Hurtubise had on him on the second fall, Kennedy had the misfortune to strain the muscles of his neck and right shoulder, and was unable to continue the bout the conditions of which called for Hurtubise to throw the New Yorker four times in an hour, straight hold barred and pin falls of five seconds duration to count, for a purse of $50 and a side bet of $100.

After the men had been introduced to the crowd which was of fair size, Referee Yohome called time and the bout was on.

Hurtubise immediately went at his man and in a few seconds had him on the mat, but the wily New Yorker succeeded in breaking a number of very dangerous holds, at times when it looked as if the local boy had him dead to rights.

Finally after four minutes of fast wrestling, Hurtubise got a combination toe and body hold on the German, placing his shoulders on the mat.

When time was called for the second round both men fought hard for a hold. Hurtubise soon had his opponent down but could not turn him over. He tried numerous holds for as many seconds, but at last he secured a combination arm and body hold on Kennedy and it did the trick. Time 1 minute.

When Kennedy rose from the mat it was seen that something had happened to the New Yorker, for the look on his face showed that he was suffering from intense pain. He was speedily taken to his dressing-room and Drs. Frederick and McWilliams were called from the audience to attend him.

After an absence of ten minutes Kennedy again came on the stage determined to go on with the bout, despite the orders of the doctors and his trainer who ordered him to throw up the sponge.

But the police interfered and refused to allow Kennedy to go on, so Referee Yohome awarded the match to Hurtubise by default.

A. C. Yohom gave every satisfaction as referee and no fault whatever could be found in his work.

The first preliminary bout was between Corny Burns and "Dummy" Crough for the 145 pound championship of the city.

Crough got the first fall in 3.20 on a half-Nelson, and Burns the second in 4 minutes with a double armlock. The third and final fall went to Crough in four minutes on a roll fall.

Burns was greatly handicapped in this match, he suffering from a sore hand which he got in his bout with Glover last Wednesday night.

The second bout was of a musical comedy variety, affording much amusement for the crowd. Artie Edmunds of Toronto, and George Wilson of Peterborough, were the contestants and although the bout went eight minutes, Edmunds could have finished it long before he did. He gave Wilson all the chances available in the wrestling game, but the local lad was no match for the "Pocket Hercules."

Early in the evening Artie Edmunds gave his wonderful physical culture exhibition which was the best act of its kind ever seen in Peterborough. Edmunds, who is a perfect specimen of manhood, showed the audience the many tricks that those so called physical culture kings, have for making their muscles appear to be perfect.

How's This

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & Co., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm.

Walding, Kinnan & Marvin.

Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by All Druggists.

Take Hall's Family Pills for constipation.

Hurtubise May Meet "Yankee" Rogers

It is altogether likely that Hurtubise's next match will be with "Yankee" Rogers who has asked for a match with the local mat artist. Rogers has a great record of wins to his credit, having met and defeated the pick of the wrestlers across the border.

If a match is arranged between these two heavyweights it should prove one of the best ever pulled off. Rogers will, if articles are signed, undertake to throw Hurtubise three times in an hour.

In the Realm of Sport

BASEBALL

Only one game was played in each of the three big leagues yesterday, the other games scheduled having to be postponed on account of rain. The games played resulted as follows:

EASTERN

Cairns	123	152	209
Hempstead	117	214	136
Wareham	178	148	175
Totals	729	879	836

Majority for Peterborough 72 pins.

BASEBALL.

Fred Clements, who will do the twirling for the Peterborough baseball team this summer, arrived in the city today and will reside here for the season. He is in great shape, having been working out in Toronto, and should keep the Alerts guessing in Saturday's game at Riverside Park. A big crowd will be on hand for the opening of the season, and the game promises to be a hummer. The Alerts are coming down with a strong nine and have an idea that they will put it over the Petes. The Alerts will line up as follows:—

Pitchers—Hawkins and Mawhinney.

Catcher—Dalsell.

First base—Spence.

Second base—Morgan.

Third base—Haliburton.

Short stop—White.

Fielders— Oldfield, Morgan and

Tired nerves, with that "no ambition" feeling that is commonly felt in spring or early summer, can be easily and quickly altered by taking what is known to druggists everywhere as Dr. Shoop's Restorative. One will absolutely note a changed feeling within 48 hours, after beginning to take the Restorative. The bowels get sluggish in the winter-time, the circulation often slows up, the kidneys are inactive, and even the heart in many cases grows decidedly weaker. Dr. Shoop's Restorative is recognized everywhere as a genuine tonic to these vital organs. It builds up and strengthens the worn-out weakened nerves; it sharpens the failing appetite, and universally aids digestion. It always quickly brings renewed strength, life, vigor, and ambition. Try it and be convinced. Sold by all dealers.

Mrs. Hawkins wakes Up

Los Angeles, Cal., May 6.—After an unbroken sleep for a period of 85 days, Mrs. Beulah Hawkins, a patient at the County Hospital, asked for a drink of milk. Her return to consciousness was entirely unexpected, and came several hours after she had been taken from the clinic room, where she was subjected to observation by members of the County Medical Society. She was able to stand up and had full control of all her faculties, although still weak.

ADVERTISE IN THE TIMES.

Doing a Walking Stunt to Save His Life

A Lindsay despatch received yesterday, says:—Duncan McGregor of this town is doing a walking stunt to save his life. Last night he took an ounce of laudanum in an attempt at suicide, and to save him, Dr. J. A. White started him walking. He was out of work all winter, and comes originally from Coboconk, and is known in Peterborough. He has a wife and three children.

Mr. Roy Cavanagh Joined the Benedicts

Yesterday morning one of Peterborough's most widely known members of the younger generation, in the person of Mr. Roy Cavanagh, son of Mr. T. Cavanagh, joined the great army of benedicts. The bride was Miss May Judge of Kingston. The ceremony was performed at St. Peter's Cathedral, by Rev. Father Kelly, in the presence of many friends of the contracting parties. The bride was assisted by Miss Mabel Sullivan, and Mr. Chas. Cavanagh, was best man.

The bride was attired in a dress of pale blue silk with white pointe d'esprit overlace, and wore a white hat with blue ostrich plumes. Her travelling suit was of dark navy blue cloth. The bridesmaid was becomingly attired in navy blue silk.

The groom's gift to the bride was a gold bracelet set with pearls and rubies, to the bridesmaid, a crescent of pearls and to the best man a pearl stick pin.

Mr. and Mrs. Cavanagh left on the 8.30 a.m. G.T.R. train for a week's trip through western Ontario. On their return a reception will be held on Monday night next at Mr. Cavanagh's home.

Mr. and Mrs. Cavanagh will reside at 203 Simcoe street.

Piles are easily and quickly checked with Dr. Shoop's Magic Ointment. To prove it I will mail a small trial box as a convincing test. Simply address Dr. Shoop, Racine, Wis. I surely would not send it free unless I was certain that Dr. Shoop's Magic Ointment would stand the test. Remember it is made expressly and alone for swollen, painful, bleeding or itching piles, either external or internal. Large jar 50c. Sold by all dealers.

How Many Marathon Men Will Canada Send Over?

Toronto, May 6.—How many Marathon runners will Canada send to England?

That is the question that is agitating the Canadian brigade of long-distance runners these days.

President Stark of the C.A.A.U., says at least three or four, but he would like to see half a dozen at least go.

Vice-President Jas. E. Merrick of the C.A.A.U., says, "Three, anyway."

These are, of course, personal opinions, for such details are up to the Olympic committee.

President Stark, however, sized up the situation to a nicety when he said:

"The Marathon I regard as our chance for fame at the Olympiad. We have a golden chance to win out, a better chance in this than in any other event, and I would like to see every man—eight or even ten, if need be—sent over, so that we might make a tip-top showing. It would be glorious if Canada could run one, two, three in this big event. If the committee has the money I would favor a big Marathon team."

SHOULD HAVE STRONG TEAM

President Stark is right. Canada should have at least eight Marathon runners.

Ontario runners are worrying their heads off about the 15-mile trial Marathon, May 25.

How will the finalists be chosen?

How many will go into the final Canadian trial?

Who will decide?

They ask these questions a dozen times a day.

ONLY A WEEDING OUT.

The C.A.A.U. officials in charge of the trial race today announced that experienced men will be asked to look over the field in the 15-mile trial, and select those who will go into the finals. Because a man is not in the first flight will not absolutely debar him from the Canadian final. Those who finish well up will, of course, get a chance in the final, but big strong road runners who are coming well within themselves, and show signs of being able to work out to the front in the final ten miles, if there were that much farther to go, will not be overlooked. As a matter of fact, the fifteen miles try-out is only to weed out the "no accounts," and give novices a chance to show themselves.

How to Tell

If the Kidneys and Liver are Not Acting Well.

Thousands die every year from aggravated kidney distress that could have been saved if they only knew.

Your back may ache, you think it's tiredness or physical weakness.

You grow irritable and nervous—it's put down to loss of sleep.

Joints ache, muscles get sore,—that's all put down to bad weather.

Then digestion gets poor, appetite fades away, color bleaches, spirit droop.

Can't you see it's all from your over-worked kidneys, which can't keep the body clear of poisons that are now surging through the whole system.

Cure your kidneys with Dr. Hamilton's pills.

"When I was so stooped and back weary, so lame and sore with kidney and bladder trouble, I cured myself quickly with Dr. Hamilton's Pills" writes C. C. Ferrier, a well known merchant in Plainsville. "Dr. Hamilton's Pills touched the spot at once, gave my back ease, lifted depression and weariness, made a new man of me. I can also say for a good spring medicine to clear and enrich the blood Dr. Hamilton's Pills have no equal."

The house-wife whose aching back makes every little duty a burden, the working man who is tired all day and can't rest at night, whose back aches, and whose feet swell—these people have kidney trouble. Women whose kidneys are sick, suffer continually from blind and sick headaches, faint and dizzy spells, bearing down pains, sharps twinges when stooping, distressing urinary troubles, aching muscles and joints, lack of appetite and loss of sleep. Reach the cause. Cure the kidneys. Use Dr. Hamilton's Mandrake and Butternut Pills, which have cured thousands. 25c. at all dealers.

NOTICE

Take notice that the Municipal Council of the Corporation of the City of Peterborough intends after one month after the last publication of this notice, to undertake the construction of sewers on the following streets or parts of streets in the City of Peterborough, namely:—

Hunter street, from Water street to Sheridan street; Sheridan street, from Hunter street to Brock street; Park street, from Cedar street to London street; London street, from Park street to Downie street; Rubidge street from Brock street to eighty feet north of Kirk street; Donegal street, from Hunter street to Brock street.

And to assess upon the real property to be benefitted by such sewers, such proportion of the cost thereof as may be just, in accordance with the provisions of Sections 664 to 686 inclusive of The Consolidated Municipal Act, 1903, or so much thereof as may be applicable thereto, and subject to the provisions of such By-law or By-laws of the said Corporation now or hereafter to be passed as shall be applicable to the same, and the number of annual special assessments therefor will be thirty.

Persons desiring to petition the said Council against undertaking any of the said proposed works must do so on or before the 23rd day of June, 1908.

Dated the 6th day of April, 1908.

S. R. ARMSTRONG,

Clerk.

This is Best Time For Spring Medicine

ates, now the blood is renewed disease germs are destroyed, good summer health is assured.

That peculiar weakness so common in the spring, is demoralizing to body and mind alike.
feel the need of a stimulating tonic.
To impart quickness and great vitality to the entire system nothing acts like Ferrozone.

In a short time it makes you feel fit and fine, creates a feeling of youth and strength that's surprising.

Ferrozone revives and braces the sickly because it nourishes and builds up the organs that are weak. As a spring tonic appetizer and blood strengthener it is unequalled.

A well known resident of Utopia, Ont., Mr. H. H. Postle, writes: "From long experience I am convinced that everyone requires medicine in the spring. As a rule the blood is thin and impure and the whole system is congested with poisons that should be carried off. I use Ferrozone because it clears up the system, gives you an appetite and makes you feel well. One winter I had serious palpitation of the heart, nervous headaches, and an extreme tired feeling. Sleep was not restful and by spring I was in bad shape. I took six boxes of Ferrozone and was made the picture of health."

Ferrozone makes permanent cures. Absolutely safe because it is purely vegetable and contains no alcohol. Concentrated cure in tablet form, —that's Ferrozone, 50c per box or six boxes for $2.50 at all dealers.

Morning Times

This paper is the only Morning Daily published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

Strangers visiting Peterborough are cordially invited to make their headquarters at the office of the Morning and Weekly Times, where they will be furnished with writing material, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $5 per year, strictly in advance.

AS TO KICKERS

A great deal of able-bodied "kicking" has been indulged in by some emigrants from England, who recently arrived in Montreal. The accommodations at the emigration sheds in Halifax did not suit them; the delay in the medical examination exasperated them; they did not like the food they bought and said they were charged too much for it; they did not like the weather, for they were unlucky enough to have snow and sleet on the night after their arrival. Wherefore, says the Montreal Star, "they consigned the country, the weather, the people, the government and especially the immigration and railway people to a climate much warmer than that of Canada at the present time." One of them is reported to have said: "If the West is no better than this, we will not remain long in this beastly country." We mention this matter for the purpose of saying that if people do not like Canada, the way out of it is easy. They may not find things any better anywhere else, but they can do their complaining to other people. For ourselves we are getting just a little tired of having new-comers denounce everything Canadian. What do these people expect? Do they think the government can regulate the weather? Do they suppose that Canada is a land where it is always sunshine and good old summertime? Do they expect sumptuous apartments prepared for their reception and to be regaled on bouillon, tea and toast and other little nourishing dainties during the intervals between more substantial meals? Of course there are two sides to the story. One man says that he was only delayed about two and a half hours by the medical inspection, although several hundred people had to pass examination. Another said that the only ground of dissatisfaction was because dinner was not served on the steamer before the passengers landed, and another said that the only detention was a wait of four and a half hours in the immigration building, which was warm and comfortable in other ways. There is no doubt, however, that the majority of the party, who came over on the last trip of the Tunisian, were loud in their protests as to their reception in Canada. We noticed an attempt on the part of some contemporaries to make political capital out of this; but surely that cannot be wise. The Dominion Government, doubtless has many faults, but it has no jurisdiction over the weather, and it cannot provide what prices restaurants shall charge for food and what the quality of it shall be. The unfortunate part of the matter is that people, who are dissatisfied with what takes place on their arrival in a new country, are usually difficult to please subsequently; and they suffer accordingly. They look upon everything with suspicious eyes an dmake themselves and all who come in contact with them disgusted. But we do not know what can be done about it.

—A large bill board has been erected on Hunter street, Ashburnham, bordering the lot just east of the creek on the north side.

Fine Spring Weather in the Far West

Winnipeg, Man., May 6.—While the central and southern states have been squirming in the grip of blizzard and tornado, the Canadian west have been experiencing the finest spring weather known in the history of the country. This year has been marked by an early commencement of seeding operations as has ever been known, and all that was required to make the situation perfect was moisture. The winter was exceptionally mild, with a great deal less snow than the preceding year. In consequence of which the land dried up very early, and allowed the farmers to get to work. Then came a few days of bounteous rains, followed by a light fall of snow which is even more beneficial than rain at this season. [illegible]

Reports received from Western points indicate that the increase in acreage will be tremendous, and under favourable conditions Western Canada should this year more than ever demonstrate that she is the future granary of the world. Local grain men are already making their estimates of what the western wheat crop will be, and conservative men have stated that in their opinion 125,000,000 bushels of wheat alone will be threshed out. In this connection an estimate regarding wheat acreage made by W. H. McWilliams, an American prominent in the Winnipeg grain trade, and President of the Canadian Elevator Co., makes very interesting reading. This gentleman has reports from every section of the west, and says that 7,000,000 acres will be seeded to wheat alone this year or an increase of 2,000,000 acres over last year. The increase in coarse grain is also expected to be very large as advised from many districts show that the farmers are seeding more acreage of oats and barley.

A Calgary dispatch states that the winter wheat crop in the country south of the C.P.R. will be by far the largest in the history of that branch of farming in the west, conditions for its early growth having been ideal.

The Engineering Magazine

The Engineering Magazine for May gives the leading place to a discussion of Japan's manufacture and importation of iron goods, by M. Kawara, a native engineer. Mr. Kawara concludes that the great expansion which may be expected in domestic manufacture will not prevent the importation of certain classes of iron goods on a large scale and that the Japanese trade offers to the manufacturers of the United States an attractive field for exploitation.

Illustrated articles include the third and final installment of T. Kennard Thomson's series on hoisting machinery for the handling of materials, in which he deals with steam shovels, dredges, and special loading devices; and Jacques Boyer's description of the exhibits in the new museum of safety devices of the Conservatoire des Arts et Metiers at Paris. Three important articles dealing with steam power are contributed by Chas. A. Hayward and Sydny A. Reeve, who discuss the relative advantages of exhaust-steam and live-steam feed-water heating, and W. F. Snow, whose unusually practical article gives a number of tables showing in detail the average cost of installation and operation of steam power plants, compiled from accurate data obtained in a large number of actual plants of all sizes. William D. Ennis discusses the importance of English in the work of the engineer, and F. W. Bailey, the engineering organization best suited to the economical design and construction of efficient industrial plants. C. E. Knoeppel continues his series on maximum production through organization and supervision and F. E. Webner introduces a series of articles on cow keeping with a discussion of what constitutes a knowledge of costs. The number concludes with a full review of the Engineering Press and The Engineering Index.

Auction Sale of Timber Berths

Dokis Indian Reserve

There will be offered for sale by public auction, at an upset price, in the Russell House, in the City of Ottawa, on Wednesday, the 24th day of June, 1908, at the hour of ten o'clock in the forenoon, timber berths numbered 1 to 8, inclusive, covering the pine timber of nine inches in diameter and over at the stump and no other, on the whole of the Dokis Indian Reserve situate on the French River in the Province of Ontario.

Each limit will be offered separately at a bonus, ten per cent of which to be paid in cash on day of sale and notes to be given for the remainder, payable in three, six and nine months, at the Bank of Montreal, in the City of Ottawa, with interest at six per cent. In addition to Crown dues at the rate of $2.00 per M. feet B.M., and $5.00 per M. feet C.M., an annual ground rent of $24.00 and a license fee of $4.00, the cash payment to be forfeited upon failure to pay the balance of bonus within the time above mentioned.

The licenses will be issued in due course after payment of notes above specified, and will be renewable yearly upon compliance with all conditions thereof for a period of ten years and no longer, and will be subject to Manufacturing Conditions in accordance with the provisions of Order of His Excellency in Council of the 19th day of April, 1904.

Dues at the rate above specified to be paid on sworn returns, as required by the Timber Regulations of the Department.

Information regarding the timber berths in question may be had upon application to the undersigned.

The unauthorized insertion of this advertisement will not be paid for.

J. D. McLEAN,
Secretary.
Department of Indian Affairs,
Ottawa, April 8, 1908.

Tenders for Bending Machine, Sorel

Tenders addressed to the undersigned at Ottawa, and endorsed on the envelope "Tender for Bending Machine, Sorel," will be received at the Department of Marine and Fisheries, Ottawa, up to noon of the

EIGHTEENTH DAY OF MAY, 1908,

for the furnishing of one machine for bending steel boiler plates, to be delivered at the Government Shipyard at Sorel, P. Q.

Specifications and detailed information can be obtained from the Department of Marine and Fisheries, Ottawa, from the Director of the Government Shipyard at Sorel, and from the Agent of the Department of Marine and Fisheries, Montreal, P. Q.

Each tender must be accompanied by an accepted cheque on a chartered Canadian Bank, for the sum of $300.00 to the order of the Minister of Marine and Fisheries. This cheque will be forfeited if the party whose tender is accepted declines to enter into a contract to deliver the bending machine, or fails to carry out the contract. If the tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

Newspapers copying this advertisement without authority from the Department will not be paid.

F. GOURDEAU,
Deputy Minister of
Marine and Fisheries.
Department of Marine and Fisheries,
Ottawa, Canada, 21st April, 1908.

Par Value $1.00--Fully Paid Up and Non-Assessable

The Great Northern Larder Lake Mining Company Ltd.

Incorporated on the 6th Day of June, A.D. 1907

The Great Northern Larder Lake Mining Company is incorporated by Letters Patent of the Ontario Government under the Ontario Companies Act.

AUTHORIZED CAPITAL $1,000,000

Divided into 1,000,000 shares of the par value of $1.00 each, fully paid up and non-assessable, and carrying no personal liability.

TREASURY STOCK, 500,000 SHARES.

HEAD OFFICE---404 McKINNON BUILDING, TORONTO, ONTARIO, CANADA

Read Official Statements as to Gold Discoveries in Larder Lake District in the 16th Annual Report of the Bureau of Mines, 1907.

OFFICERS AND DIRECTORS

President—Stan. Walker, Toronto, Manufacturing Furrier; Vice-President—H. E. Smallpiece, Toronto, Journalist; Treasurer—S. E. McCartney, Toronto, Capitalist; Secretary—H. Murby, Toronto, Cattle Dealer; Managing Director—C. C. Richardson, Toronto, Manufacturing Jeweler; M. Tromer, Toronto, Retail Furrier; David A. Foster, Haileybury, Miner; Solicitor—John A. Ferguson, Temple Building, Toronto; Bankers—Bank of Toronto, Head Office, Toronto.

A SHORT HISTORY

These Larder Lake properties were staked out by the Foster broters, who are old, experienced miners, who have been prospecting up in that country since 1906. They are practical miners.

When the wealth of the Larder Lake District first leaked out, these men made tracks for this district, and after days of hardship in paddling up rivers and carrying their outfit over portages, they finally found the wonderful gold bearing rock, and after a number of weeks' patient work in following gold indications they staked out 640 acres of what some believe will prove the richest gold bearing rock in the district.

After these men had registered these claims and proved there were no other prior claims to them, they brought samples and proofs to Toronto and succeeded in interesting a number of city merchants by convincing them that not one but many possible fortunes are tied up in these valuable 640 acres. On no reasonable consideration would they sell outright, so a small cash sum was paid to them and so many shares in a company to be formed agreed to be given them.

Had they not believed stock in the company would become valuable it is right to infer that they would not have made such a bargain and tied up their properties.

We believe they will be justified in their decision to retain an interest in the properties as shareholders in our Company.

As we, the members of this Company, were convinced by facts, we wish to convince you by facts also.

The Great Northern Larder Lake Mining Company has no figureheads or salaried men on its board. Each member of the board is a stockholder, by putting in his money and paying for his shares, and each member stands to lose a good pile if it is not properly handled. It is the intention of the company to run things on a strictly business basis, and all dealings must be above board. We want to make money and we want to make money fairly and honestly—on the miner's risk for the miner's reward.

The city merchants took the properties from the owners and prospectors, had transfers duly executed, organized this company, defraying all expenses to date, and have agreed to accept stock in payment. They must pay the original owners out of their holdings. The treasury stock goes for development.

The property consists of 16 claims, 40 acres each, or about 640 acres, west of Larder Lake and bordering on Grassy Lake. Hiltz & Smith, Government surveyors, of New Liskeard, were surveyors for the Company.

Lot Numbers as registered with the Government are: 3433, 3435, 3436, 3437, 3720, 3721, 3427, 3438, 3723, 3434, 3439, 3724, 3426, 3435.

161 SIMCOE ST., PETERBOROUGH

Have secured a block of the

Calumet, Mancos' Oil and Mining Company's Stock

Par value $1.00

What they offer at 25c per Share for a short time

The property is situated at Mancos, Colo., and consists of 160 acres, fully paid for. The Company expects to secure at least 400 acres or more, we are negotiating for it now and the terms are satisfactory and there is coal on the same, and they also intend to secure some Coal Mines of which they have the refusal. Some of the best coal mines in Colorado are in this district, as well as some of the richest gold and silver mines. In fact this is one of the richest parts for mineral in the State of Colorado, and the Company has the refusal to several prospects on reasonable and easy terms.

In our opinion the prospects of the Company are very bright and a rapid advance in the price of the stock is sure to take place in the near future. Full information can be had by calling at our office.

ADVERTISE IN THE TIMES

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or Sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at an Agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of a homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father or mother.

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid for.

ADVERTISE IN THE TIMES

EVERYDAY HEROINES.

Life is Made Up of Little Things, Not Great.

The quicker we learn that life is made up of little things, not great and heroic deeds, the quicker we will adjust ourselves to living it happily.

As we grow older this lesson is gradually forced upon us, but we could begin the adjusting much more quickly and have a longer period of happiness if us girls we would cease to dream of being heroines and consent to be ordinary, everyday mortals.

Most people go through life with never a chance for spectacular heroism. What, then, must that life be which is spent in day dreams of how one will act in some great crisis which may never arise!

Do you know what will probably be the result of those pleasing visions—provided they have not been backed up by doing as one goes along—an ignominious fall down.

It is little use to plan great sacrifices and neglect the small ones that can be made each day if we but allow ourselves to see them.

The young girl who dreams of the time when she can open her veins to give her lifeblood to save mother's life will probably fume over having to leave an interesting novel to save mother a wearisome trip to the store.

It is the little things—smiles, small kindnesses, every day disagreeable drudgery cheerfully done—that make those around us far happier than if we plan to do heroic deeds or even do them, let us say, and spend the interim with our eyes tight shut to the little opportunities for quiet heroism all around us.

THE ORIGIN OF WOMAN.

An Advance Upon the Old Time Rib Theory.

The Hindoos say that Twashtri, the Vulcan of Hindoo mythology, created the world, but that when he had made all other things and had come to the creation of what was to be his chef d'ouvre he found to his annoyance that he had run out of materials. He had not a single chunk of solid material left. With a mental execration upon his carelessness he fell into a profound meditation, the result of which was the following formula, the recipe for the creating of the sweet confection known as woman:

He took, according to the legend, "the roundness of the moon, the undulating curves of the serpent, the graceful twist of the creeping plant, the light shivering of the grass blade and the slenderness of the willow, the velvety softness of the flowers, the lightness of the feather, the gentle gaze of the doe, the frolicsomeness of the sunbeam, the tears of the cloud, the inconstancy of the wind, the timidity of the hare, the vanity of the peacock, the hardness of the diamond, the cruelty of the tiger, the heat of the fire, the chill of the snow, the cackling of the parrot and the cooing of the turtle-dove."

He mixed these together in equal proportions and the result was woman. Isn't that about as good a guess as any? After all, isn't this an advance upon the rib theory?

NEEDLEWORK NOTES.

Cross stitch is growing in popularity and very beautiful floral pieces are now being made for cushions and table covers.

It is always better to make a stem in sewing on a button, as if it is sewed tightly it will more easily tear out the material. Take loose stitches and then wind them on the right side with the thread four or five times.

For wear tucked into the top of the corset steels are dainty little heart shaped sachets of scented wadding, covered with soft silks or scraps of ribbon. The latter is sewed end to end and intwined basket fashion. A frill of lace completes it.

It is a good idea to line all collars to frocks with white, as it does not discolor with perspiration nor rub off on the neck. Besides it shows when it is dirty, which is a hint to the careful woman that it needs changing. A thin silk that does not cut easily is the best for this purpose.

One of the stunningest new sofa pillows is made of coarse crash. In constructing it use two pieces eighteen inches square, the front and the back. The former can be decorated with three large conventional tulips placed side by side and running to the top of the cushion. These are cut from leather, painted in natural shades and then glued to the cover. The deep reds and soft greens are more effective on the neutral background of crash.

A pretty gift for a baby is a little down pillow covered with a dainty white cover, one end of which is embroidered in white poppies and the words, "Early to Bed." The pillow should be made of soft blue ticking filled with down instead of feathers and made very light and fluffy. Two dainty covers should be made to go with the gift. Use no colors in the embroidery effect. Just a trace of blue will reflect through the white cover.

Doubtless the Reason.

Professor Searchem was engrossed in the study of all things that crawled. To him a pin had but one purpose—to impale insects; tin cans but one use—to house worms.

"Professor," complained his young wife one evening, "how the prices of vegetables are soaring! Just think of it, $2 for this bushel of apples, and half have worms in them."

"Perhaps, darling," commented the professor as he strove to part the few remaining hairs on his shining head, "they are of a very rare species."—Harper's Weekly.

Benjamin Constant.

Benjamin Constant, having allied with Napoleon during the hundred days, felt the need of justifying himself when Louis XVIII. returned to power. He wrote the king a letter with that end in view and called upon Mme. Recamier to discuss the subject. She asked him quietly:

"Have you finished your letter?"

"Yes."

"Are you satisfied with it?"

"Entirely satisfied. I have almost persuaded myself."

Favorable Crop Conditions in West

Winnipeg, Man., May 6.—Seeding is now in full swing in the west and from the verge of the prairie east of Winnipeg to the foot-hills of the Rockies, from the American boundary line north as far as the settler has pushed, the farmer is busy everywhere seeding, seeding, already many farmers have finished and another ten days will see the work completed. The work is fully a month ahead of last year, and while it is too early to make any predictions and it would be foolish to do so, the outlook for the present season could not be better. The farmers state that not for years has the land been in more favourable condition for receiving the seed, nor the weather more propitious. There was just the right amount of snow and frost this winter to give the soil its proper proportions of moisture and with a summer at all favorable the west will pass all records in the crop for 1908.

As for the acreage it will show an enormous increase over 1907 or any previous year. In Saskatchewan and Alberta particularly thousands of acres will be broken this year for the first time. Reports from many portions of Saskatchewan are that the acreage will be increased in many districts two hundred and three hundred per cent. Reports show also that the farmers are not going to trust all their eggs in one basket as too many have been inclined to do in the past. While wheat will be the staple crop, as is always likely to be in the west, wheat, barley, flax and other grains will be sown in larger proportions than ever before. Taken altogether it is no wonder the farmers of the west are enthusiastic and jubilant.

The annual spring immigration rush to Western Canada is now in progress. By present indications all records will be passed. Every train into Winnipeg from the east is crowded with newcomers, while across the southern boundary line they are flocking in by the thousands. The American rush is particularly large, this is in spite of the predictions that the trek from the States was a thing of the past. Many of the American papers took special pains to spread reports none too rosy as to last year's western crop, but it seems to have made not the slightest difference, and American settlers of the very best class—men with money and men of experience in Western farming are hitting the trail for the last west. Last Sunday fifty-five cars of American settlers' effects passed through Winnipeg on the way to the Battleford district. As for the immigration from the old land it is without precedent. Train load after train load of the very best English and Scottish settlers are being landed daily at Winnipeg to be lost soon in the stretches of the west, to be absorbed in its activities. The vastness of the Canadian West is only realized when one sees how it swallows up the thousands of immigrants this year is the fact that there are very few European arrivals, but that nearly all the immigrants are of our own kith and kin from the States and the home land.

There is a Pink Pain Tablet made by Dr. Shoop, that will positively stop any pain, anywhere, in 20 minutes. Druggists everywhere sell them as Dr. Shoop's Headache Tablets, but they stop other pains as easily as headache. Dr. Shoop's Pink Pain Tablets simply coax blood pressure away from pain centres—that is all. Pain comes from blood pressure—congestion. Stop that pressure with Dr. Shoop's Headache Tablets and pain is instantly gone. 20 Tablets 25c. Sold by all dealers.

Labor Conditions In Winnipeg

Winnipeg, Man., May 7.—Labor conditions in Winnipeg are better this spring than they have been for several years back. May day has usually brought all kinds of strikes and rumors of strikes, but this year only two large bodies threatened to go out, the railway mechanics and the street railway employees. The demands of the former are already being submitted to a board of arbitrators under the Lemieux Act, while the latter have made a satisfactory settlement with the company.

In this respect, therefore, the city is fortunate compared with a year ago, when the whole building trades were threatening to go out. For this reason the 1907 building programme was interrupted to such an extent that no amount of work later in the season could remedy the loss.

May day has come and gone, however, and the feeling between capital and labor was never better. Winnipeg and the west, therefore, looks forward to a year of uninterrupted development along labor lines. The completion of the big new Canadian Northern shops in Fort Rouge has given employment to a large number of mechanics, while no one can yet guess how many will find work at the Grand Trunk Pacific shops east of the city.

The annual report of the Commissioner of the Winnipeg Development and Industrial Bureau just issued shows that Winnipeg leads all cities of 100,000 and over on the continent in bank clearing increases for year 1907, and the amounts spent in new buildings in the city for past four years exceeds that of any city in Canada. Eighteen new manufacturing industries started business in the city in 1907 and sixty-nine new industrial campaigns incorporated with Winnipeg as their chief place of business, has a combined capitalization of $9,175,000.00. The report shows that thirty of the most important new buildings constructed alone cost $3,250,00 and that while it was considered an "off year" in real estate there were $3,125,000.00 invested in twenty-two of the most important transfers. That Winnipeg is attracting the attention of the manufacturers and others is shown by the fact that the Bureau had received 2,010 inquiries in the year and that 328 of these were direct inquiries from manufacturers.

Indigestion

Stomach trouble is but a symptom of, and in itself a true disease. We think of dyspepsia, sour stomach, and indigestion as real diseases, they are symptoms only of a certain kind of Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Nerve Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that instant and favor to Dr. Shoop and his Restorative, and that original and highly vital principle such lasting accomplishments were made.

For stomach distress, bloating, bilious, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We still and fully recommend

Dr. Shoop's Restorative

Galbraith Coal Co., Ltd.

Non-personal Liability

Capital, $250,000.00 1,000,000 Shares 25c. each.

Good coal stock is a safe and sure investment. Galbraith shares are especially attractive.

Modest Capitalization Large Coal Reserves

This Company organized under the laws of the Northwest Territories of Canada, owns and operates the Galbraith mine located at Lundbreck, Alta. They have four vertical seams of coal traversing their property, aggregating over 40 feet in thickness. Three of these seams are developed to a depth of 350 feet, one as they pass through the Company's lands for nearly a mile, some idea of the amount of coal may be had

Shipping Steadily

The present output of the mine is about 200 tons per day. These shipments will be rapidly increased, as the C.P.R. allows its cars to be loaded with coal for points in the U. S.

We are selling a limited number of these shares at the extremely low price of

30 CENTS PER SHARE

in blocks of 100 or over. Tight money in the States makes it possible for us to give this unprecedented offer in stock that will be paying dividends inside of six months, and you are sure to realize a handsome profit.

Parties ordering can send money by P. O. Orders, Express Orders or Bank Drafts, and we will have the stock issued direct to you. Full information furnished on request. Correspondence solicited. Reference, Bank of Montreal

Political Meeting in Smith

Ald. Gillespie's meeting in the school house on the 7th line of Smith last night, was well attended and addresses were delivered by Messrs. E. D. Kerr, G. M. Roger and the candidate.

Despoiler of Bird's Nests Caught

Albert street residents are up in arms against youthful vandals who have been robbing the nests of robins so that part of the city. Yesterday a mean, not a boy was caught in the condemnible act of stealing the blue eggs of these red-breasted members of the thrush family, and whilst threatened with the introduction of several pairs of brogans to a portion of his anatomy, was let go with a warning.

Kept His Hay But Lost Money

Yesterday a farmer from Smith township brought a load of hay to the market square for sale. The load was weighed and its owner had several offers from citizens in want of this class of farm produce. However the prices offered were under those demanded by the farmer so the latter kept his load until the rain poured down. Whilst the rain came down in spirit depressing volume, the farmer sought "spirits" elsewheres and evidently found them, as he returned home with his load of hay and a "load" of generous dimensions under his own raiment. But the time our readers see this paper, Mr. Farmer will have fully awakened to the fact that he would have been wise to sell that hay before the purchased load was acquired.

Mr. Thos. Duncan Visits the City

Mr. Thomas Duncan, an old Peterborough boy, and a graduate of The Times who left Peterborough some eighteen years ago, is in the city, visiting his father, Mr. Robert Duncan, 115 McDonel street. Mr. Duncan is still a member of the fourth estate and has made his mark and occupies a prominent position in Cleveland, Ohio, printing circles.

Life Lost at Local Police Station

Yesterday there was a large loss of life right in the premises where officers, paid to protect life and property, have their head quarters, viz., in the police station. The lives lost were due to suffocation by the fumes of burning sulphur, and those who lost their lives in the cells were what a well known writer, in a recent magazine called "B-flats." The vulgar or everyday names of the deceased are bedbugs and the cause of the tragedy was a desire to purify the air and surroundings of the police station cells.

Omemee Man in Horse Deal

Yesterday Mr. Fee of Omemee, a well known horse dealer was in the city and in conversation with a Times representative told the story of a horse purchase he had just concluded, that is worth mention. Mr. Fee bought a horse yesterday for something over $100 that, by his own statement is over 27 years old. The peculiar feature of the purchase is that 16 years ago Mr. Fee bought the same horse for $35, and after a few months in his possession, sold it for $70. Then Mr. Fee yesterday purchased the same gee-gee for over $100. If this horse only lives for say, two or three hundred years more, it will be worth a sum that would stagger a Rockerbilt to pay.

Weak Women should read my "Book No. 4 For Women". It was written expressly for women who are not well. The Book No. 4 tells of Dr. Shoop's "Night Cure" and just how these soothing, healing, antiseptic suppositories can be successfully applied. The book, and strictly confidential medical advice is entirely free. Write Dr. Shoop, Racine, Wis. The Night Cure is sold by all dealers.

The Calves Protected Themselves

Yesterday morning a large number of hogs were weighed at the market scales and placed in the adjoining pens until taken to the packing house or railway stations for shipment to Montreal. Two small calves were brought in and weighed. Two of the drovers present remarked, "I don't think it safe to put these calves in that pen with the hogs," meaning that the latter combative animals would kill the little creatures and eat them. The calves were, however, put in to take their chances. As soon as placed in the pen, one of them began frisking about as calves will, and in its gambols, standing on its front legs kicked out furiously, the rear hoofs catching a large pig under its chin. As the hog staggered away squealing as only a hog can, the owner of the calves remarked "I guess them calves can take care of themselves, you better look out for these squalling hogs of yours!"

County Cases Before Magistrate Edminson

County Police Magistrate George Edminson will hold court at Norwood tomorrow, when Walter Ormsby will be tried on a charge of disorderly conduct.

A charge has also been laid against Wm. Moore, an inmate of the House of Refuge. Moore is said to have refused to work or to obey the superintendent, and recently left the institution. County Constable Cochrane went out to look for him yesterday.

The case of Peter Nicholls against a party alleged to have been net fishing in Chemong Lake will come up for trial in a few days.

Do You Think For Yourself?

Or, do you keep your mouth like a young bird and gulp down whatever food or medicine may be offered you?

When an intelligent thinking woman in need of relief from weakness, nervousness, pain and suffering, then it means much to you that there is one tried and true honest medicine or a proper combination, sold by druggists for the cure of woman's ills.

The makers of Dr. Pierce's Favorite Prescription, for the cure of weak, nervous, run-down, over-worked, debilitated, pain-racked women, knowing this medicine to be made up of ingredients, every one of which has the strongest possible indorsement of the leading and standard authorities of the several schools of practice, are perfectly willing, and in fact, are only too glad to print, as they do, the formula, or list of ingredients, of which it is composed, in plain English, on every bottle-wrapper.

The formula of Dr. Pierce's Favorite Prescription will bear the most critical examination of medical experts, for it contains no alcohol, narcotics, harmful, or habit-forming drugs, and no agent enters into it that is not highly recommended by the most advanced and leading medical teachers and authorities of their several schools of practice. These authorities recommend the ingredients of Dr. Pierce's Favorite Prescription for the cure of exactly the same ailments for which this world-famed medicine is advised.

No other medicine for woman's ills has any such professional endorsement as Dr. Pierce's Favorite Prescription has received, in the unqualified recommendation of each of its several ingredients by scores of leading medical men of all the schools of practice. Is such an endorsement not worthy of your consideration?

A booklet of ingredients, with numerous authorative professional endorsements by the leading medical authorities of this country, will be mailed free to any one sending name and address with request for same. Address Dr. R. V. Pierce, Buffalo, N. Y.

Personal

—Mr. D. O'Connell, barrister, was in Ottawa yesterday.

—Mrs. R. W. E. Davidson will not receive again this season.

—Mr. and Mrs. Atwood, Lakefield, celebrated their golden wedding on Tuesday.

—Rev. Mr. Clark, pastor of the Methodist Church, Millbrook, was in the city yesterday.

—The many friends of Mr. M. Grady, Lock street, will regret to learn that he is seriously ill.

—Rev. E. C. Wilkinson of Apsley, is in the city, the guest of Mr. and Mrs. Macfarlane Wilson.

—Mr. D. J. Lewis, of the Lindsay Creamery, was in the city yesterday on business with Messrs. White & Gillespie.

—Mr. G. Hughes Charles returned from Perth yesterday where he was a judge of the horse show.

—Mr. John Lang has gone to Montreal to assume his new duties as purser on the freighter Corunna, which plies between Montreal and Port Arthur.

Miss Nicholls, teacher at the Central School, who has been ill for some weeks, has returned to her post.

—Mr. M. J. Hutchinson, editor of the Dry Goods Review, Toronto, passed through the city yesterday on his way to Montreal and Quebec on a business trip.

—Miss Shephard, the expert demonstrator for Cowan's Cocoa, had numerous callers at White & Gillespie's store yesterday.

—Mr. J. A. Lawless, proprietor of the National Hotel, who now lives in New Liskeard, Ont., is spending a few days in the city.

—City Editor John Hogan, of the Lindsay Free Press, left yesterday to fill the new position to which he has been recently appointed. Good luck, John, and may your hair never turn white owe requests for omission of names in the paper.

—Ald. Harry Philion was in Ottawa yesterday looking after Peterborough's interests in connection with wharfage and dock matters.

—Mr. H. LeBrun has gone to Montreal on a business visit. Mr. LeBrun will visit with friends in the city, where he will meet Mrs. LeBrun, who has just arrived in Montreal, after an extended visit with friends in New York city.

IN SHORT FORM FOR BUSY READERS

—No session of the Police Court yesterday.

—It is possible that the rate on drop letters posted here may be reduced to one cent each.

—The annual meeting of the Y.W.C.A., will be held next Monday night.

—The many friends of Mr. J. Coolidge will regret to learn of the fact that he is in St. Nicholls Hospital suffering from an attack of pneumonia.

—A rehearsal of "Esther the Beautiful Queen" was held last night in the Conservatory of Music Hall.

—It is now up to those interested in the recent fire brigade shuffle to see whether any or how much fire insurance has been applied for in Peterborough within the past day or two.

—The monthly meeting of the Women's Foreign Missionary Society of St. Paul's church has been postponed until Friday, May 15th, at 3.30 o'clock in order to receive reports of the annual meeting from Toronto.

ADVERTISE IN THE TIMES.

Ever Been Deceived By The Cook?

Many men have, and many women have deceived themselves.

When the cook sends in a weak, tasteless cup of drivel to fill your order for Postum you have a right to protest loud and hard.

She has ignored the directions on the pkg. and boiled it only a minute or two.

Demand that it be boiled full 15 minutes after boiling commences, then you will have a breakfast drink with the dark, deep, seal brown color, which turns to a rich, golden brown when the cream is added.

Boiling brings out not only the color and full food value of Postum, but a flavour similar to the soft blends of Old Gov't Java Coffee. Then you have

POSTUM

'rich and right.

HEART RIGHT

It Makes a Great Difference.

"About two years ago I became alarmed because my husband had attacks from fainting spells caused by weak heart, from drinking coffee.

"At first he did not like Postum. I had not then learned to boil it long as directions say, to get the rich flavour and brown color.

"After it was made right, he liked it, and now for more than a year he has not been troubled with his heart—in fact, his general health is better than for years."

"There's a Reason."

Name given by Postum Co., Battle Creek, Mich. Read, "The Road to Wellville," in pkgs.

Shout, if the cook don't treat you well!

Many an ache and ail can be traced directly to coffee drinking, and one can be well again by leaving it off and using well-made Postum. TRIAL PROVES!

"There's a Reason"

A GENUINE Cobalt Opportunity

The Casey Mountain Cobalt Mining & Developing Co. Ltd.

Incorporated Under The Ontario Mining Companies Incorporation Act

Capital $250,000.00 250,000 Shares at $1.00 Each.

No Personal Liability - - - Not Subject To Call

Head Office, 210 Manning Chambers, Toronto.

OFFICERS AND DIRECTORS

R. G. WILLIAMSON, President, - - - - - Toronto (Formerly of Peterborough)

JAMES THOMPSON, Vice-President, - - Havelock, Ont.

DR. H. A. WOOD, Secretary-Treasurer, - - Peterboro

D. WILLIAMSON, Superintendent, - - Haileybury, Ont.

The following are some particulars concerning the above named company, which should interest the investing public of Peterboro

Properties Controlled

The Companies holdings consist of eight forty acre claims in one block, situated about 18 miles from the town of Cobalt, in the Township of Casey, on what is known as Casey Mountain, upon which deposits of Native Silver have been encountered running over 8,000 ozs. per ton.

Buildings, Machinery Development, Etc.

There has been erected on the properties a large Boarding House, Sleeping Camps, Blacksmith Shop, Shaft House, Boiler House and Superintendents Quarters. A modern Steam Plant has been in operation during the past ten months and about 300 ft of underground development work has been done, besides considerable surface work of trenching, and uncovering of veins.

12 True Fissure Veins Uncovered

There has been uncovered to date 12 fissure veins, varying in width from 16 in. to 8 feet, all carrying Silver, Cobalt Niccolite and Arsenic, these veins have been stripped several hundred feet and all have free walls and are well defined.

Big Chimney or Lode of Ore

At 50 foot level 16 feet wide. While the main shaft was at a depth of 50 feet on a 30 in. vein a tunnel was driven into the mountain along the vein, and at distance of 20 ft a tremendous chimney of silver ore was broken into 16 ft. wide from wall to wall, with silver values (Sulphide) running $20.00 per ton, we believe this to be the greatest strike of low grade ore ever encountered in the District. This tunnel was continued in this Chimney for a distance of 75 feet, when it was decided to sink the shaft to the 100 foot level, and again tap this great body of ore—this sinking was done, and the lode of ore was again encountered at a distance of 10 feet from shaft, it having widened 10 feet in the 50 foot of depth, and silver values were found to have increased in the fifty feet fully FORTY PER CENT, and we have in sight, or above us several thousand tons of concentrating ore that will net the Company a handsome profit by the installation of a concentrat-mill that will reduce the ore, and offset the necessity of shipping so much rock as the ore would be reduced about 15 to 1, and freight charges saved on 14 tons. This plant can be installed for the sum of $15,000 with a capacity of 100 tons per day

Cobalt Niccolite and Leaf Silver Encountered With Depth

Apart from the enormous body of low grade ore in sight there has been encountered while sinking in the main shaft, Cobalt Niccolite and Leaf Silver in the metalic form. These metals having come in at the 120 foot level and were expected when it was decided to futher sink to a depth of 150 feet, at 125 feet another Chimney has been encountered running in the opposite to the one struck at 50 ft. level, and our Superintendent states that he looks for this to be a larger body of ore than the one just mentioned and is rich in mineral and the indications are that these large Chimneys will connect with depth into one continuous ore body.

It is now proposed to drive a tunnel into this new ore body and commence bagging ore for shipment, as we appear to have unlimited quantities of ore that shows a continual increase with depth.

We give several reasons why Casey Mountain will become one of the great Dividend Paying Mines of the Cobalt District, and there are many: (1) A large area that is a regular net work of veins running for three-quarters of a mile through the entire properties that will go down several thousand feet, and not pinch out. (2) We have the Stuff in unlimited quantities and yet the properties are scarcely scratched, (3) A Capitalization of only $250,000 to pay dividends on. (4) No promotion stock issued to promoters that has not been paid for. (5) A Management that are doing a Mining business, not a stock speculation. (6) The Directors have shown their faith in the property by investing heavily in the stock and up to date the shares have been held very closely—it being the desire to sell only sufficient to carry on developments until shipments are made, and for a short time only we offer the citizens of Peterborough and vicinity an opportunity of securing a limited number of shares at par $1.00 per share, and any desirous of securing some of this stock should make application at once, by addressing Head Office, Manning Chambers, Toronto, as this will be the only block offered at par value.

Additional information can be obtained during the next few days from

R. G. WILLIAMSON,

Lethbridge, Alb., May 7.—Canadian Immigration Agent Humphrey refused admittance at Coutts, on the American boundary line, to twenty negroes coming with Curry Bros' grading outfit, which is going to do irrigation work at Calgary.

Agent Howson Places Sootch Family

Some short time ago the Dominion immigration officer at Ottawa, wrote Mr. Geo. Howson, who fills a similar position at the corner of Water and Brock streets in this city, respecting Mr. David Forrester and his family, who are Scotch immigrants. The Ottawa agent asked Mr. Howson to place them on a farm.

Mr. Forrester is accompanied by his wife, two sons aged 16 and 12 years, and two daughters, aged 9 and 7 years. There is one son, 19 years old, who is in New Ontario. The father wished to secure work on a farm and Mr. Howson has already found a place for the family in the township of Ennismore.

Mayor Rush Interviews Sir S. Fleming

His Worship Mayor Rush has returned from Ottawa, where he went on civic business, whilst in the capital he lunched with Sir Sanford Fleming, a former resident of Peterborough. The mayor was much impressed with the evident interest Sir Sanford takes in all matters appertaining to Peterborough, and its advancement. Sir Sanford spoke in highest terms of Mr. Andrew Carnegie, the Scotch-American multi-millionaire. This former Peterborough man, who has now raised himself to his present prominent position, has a personally signed portrait of Mr. Carnegie.

Fine Weather for Saturday

If "Old Sol" should happen to show his face this morning, do not take it as an indication that the bad weather is over, but keep your mackintosh and umbrella within handy reach, for there is still more rain to come yet.

The weather man says that the existing conditions are those of an ordinary spring storm, and take in all Ontario. They will also, he adds, prevail today with no prospect of good weather until late in the afternoon. Saturday however, will be fine, so do not despair.

The storm moved upon Ontario from the Ohio Valley, where it was still centered yesterday.

Chamber of Horror In Guinness House

La Porte, Ind., May 7.—The grisly story of the private graveyard at the farm of Mrs. Belle Guinness, a mile north of La Porte, is still in its early chapters. Today the estimates of the number of persons murdered at the place through the lure of a matrimonial bureau run all the way from twelve to twenty. The exhumation yesterday of four dismembered bodies wrapped in burlap brings the total of victims known to have been murdered to nine. Including the bodies supposed to be those of Mrs. Guinness and her three children, discovered after the fire which burned the farm house on April 28th, the total of deaths to be investigated and accounted for is thirteen.

LAMPHERE CLAIMS INNOCENCE.

Ray Lamphere, who is in jail here, still asserts his innocence. Prosecuting Attorney Smith, however, says he has positive proof that Lamphere had guilty knowledge of the Guinness murders, if he had not, indeed participated in them.

In his cell, Lamphere was asked concerning a secret room in the Guinness country mansion to which no one was admitted except Mrs. Guinness herself. She had the key, and kept the door locked constantly. In the night hours no one in the household was ever near that room. That the authorities believe was the chamber of horror, whose walls must have been spattered with the blood of the ill-fated victims of the woman's greed for gold and passion for blood.

THE MATRIMONIAL "AD"

Chicago, May 7.—Following is Mrs. Guinness' matrimonial ad. with which victims were lured to death;

"Personal; Comely widow who owns large farm in one of the finest districts in Laporte County, Ind., desires to make the acquaintance of a gentleman unusually well provided with view of joining fortunes. No replies by letter considered unless sender is willing to follow answer with personal visit."

Same Game Worked In Naugatuck

It will be remembered that a year, or so ago a short stout man, a pronounced American accent, arrived in the city and introduced himself to the officers of the local fire brigade and the merchants and manufacturers generally, as a representation of the American Firemen's Relief Association. His story was plausibly told and his personality so striking that it was credited.

This man was named Lasselle, and and a lady supposed to be Mrs. Lasselle put up at a leading hotel here. The officers of the brigade signed an open letter to the merchants and other possible advertisers of the city, endorsing Mr. Lasselle, who was going to get out cards displaying the fire alarm box numbers and other matters connected with the brigade. Incidentally in the margin of these cards space was sold to local advertisers at high rates on the understanding that the proceeds were going into a fund after expenses were deducted, to form a sick benefit amount for the local brigade. Naturally the manufacturers and merchants considering this scheme as authentic and backed by the endorsation of the brigade officers, contributed hundreds of dollars towards the advertising spaces of the "fire charts." Mr. Lasselle even got one or two local citizens to canvas for subscriptions towards these cards. They falling into the same trap used their time and influence towards forwarding the good cause. When the spaces were all sold and the cards got in out the time for settlement with the firemen arrived. It was then found that the whole matter of percentage of gift towards the brigade lay in the discretion of Mr. Lasselle. That gentleman did hand over seventy-five or thirty, but not more, per cent. of the money paid by advertisers. He did however pay the canvassers he had induced to work for the scheme, their full percentage as agreed on.

Now Mr. Lasselle is heard from again in a letter received by a former Peterborough gentleman, Mr. W. J. Delaney, who writes from Naugatuck, Conn., in which the writer stated that Mr. Lasselle had "stuck about everybody here that he got intimate with. I was only 1 t in for a dinner and a few bottles of Scotch that he hung up in my name at the drug store." The doctor goes on to say;

"I felt a little disgruned, as I introduced him as an old Peterborough friend, so glad were his powers of ingratiation and prevarication. I might add that he let the fire chief here into a bad cheque deal, to the tune of twenty-two dollars. He was finally rounded up in Worcester, Mass., where, after being dined and wined by both the police and firemen, he was arrested for beating the hotel and is now serving a long sentence in the workhouse of that town. He was, without doubt, the worst liar I ever fell in with.

Obstinate Scalp Disease Contracted by Children

Mrs Annie Pugh of Pine Lawn, London, Ont., says: "It is now eighteen months since my two children, Claude and Lily, aged respectively 10 and 4 years contracted the itching eczema of the scalp. There first appeared small red pimples which soon burst or broke forming sores and scabs over the whole scalp under the hair. We were compelled to have their heads completely shaven of the hair their condition became so unpleasant. A great number of ointments, soaps and washes were used, all of no avail, until we tried Zam-Buk. After several applications of this balm the condition of their scalp was much improved. The children suffered cruelly from the intense itching and it was almost impossible to keep them from scratching. The disease on my youngest daughter's scalp was the worst of the two, her head being one mass of sores and scabs from which a foul odor arose. It was so unsightly I had to keep her head covered always with a cap. It was several months after beginning with Zam-Buk before the children were completely cured of this terrible disease. The case of the younger child proved the most obstinate, but Zam-Buk balm conquered the disease, banished the scabs and cleaned and healed the sores most effectively. In about three months Claude's scalp was cleaned of all traces of the disease, and in about six months from commencing with Zam-Buk Lily-Alice's scalp was also smooth, and clean. Since then their hair has grown again almost as thick and long as before. I am most grateful for their cures and do not hesitate to recommend Zam-Buk to others."

For healing eczema, running sores, cuts, bruises, burns, ulcers, eruptions, itch, chapped hands, and diseases of the skin Zam-Buk is without equal. All druggists and stores 50c. or post paid from Zam-Buk Co., Toronto.

Quits Simple Life

New York, May 7.—Abandoning the simple life of her $19 a month Hoboken flat and her $5 a week grocery bill for provisions for two, Mrs. Harry Green and her daughter Silvia have moved to the Hotel Plaza, where their apartment costs $10,920 a year, and their meals $10 a day extra.

Fighting All Day in Tabriz

St. Petersburg, May 7.—A dispatch received here from Tabriz, Persia, says that there was fighting all day yesterday on the streets of the city between the inhabitants and the newly appointed governor and his followers. The people refused to accept the governor, and finally expelled him. The garrison has not been able to cope with the situation and is awaiting reinforcements.

Economy in the Philippines

Manilla, May 7.—The Assembly has begun the consideration of the Appropriation Committee's financial measures. The salary reductions are more sweeping than expected. The salary of the Governor-General is reduced 10,000 pesos, and the salaries of practically all officials are reduced from 20 to 45 per cent. The forestry bureau is merged with the Lands Department, and the Civil Service has been merged with the Auditing Bureau. The American officials are most seriously affected, and it is believed the Commission will reject the majority of the proposals. Many American officials and merchants say that the proposals are clearly racial, designed to make it impossible for Americans to fill the posts in the Civil Service, and that the movement is a political play on the prejudices of the Filipinos.

Bubonic Plague Plague In Venezuela

Caracas, May 7.—The plague stricken port of LaGuiara, shut off from the world by land and sea, has two heroes, the American consul, Thomas P. Moffat, and the Venezuelan physician, Dr. Gomez Peraza. The first has become noted as the only consul in La Guiara who did not sign the document drawn up a month ago by the Board of Health, stating that the "Sanitary conditions of La Guiara is perfect."

Dr. Gomez Peraza has sprung into great and unexpected prominence. It was he who assisted the first examination of cases of bubonic plague, and he reported to the Government that several deaths had resulted. Dr. Peraza was immediately arrested and thrown into jail, and Dr. Rangel, bacteriologist of the Vargas Hospital, at Caracas, was sent down to La Guiara to report. Every effort is now being taken in Caracas to prevent spread of the plague here in case it breaks out.

Bowlers Elect Officers for Season

The Peterborough Lawn Bowling Association at their annual meeting demonstrated that financial matters with them are in a healthy condition and that there is a surplus to the good. At the meeting, with Dr Greer in the chair the following officers were elected;

Patrons and Patronesses—Hon. J. R. and Mrs. Stratton, Mr. and Mrs. Jas. Kendry, Mr. and Mrs. R. R. Hall, Mr. and Mrs. John Crane, Mr. T. E. Bradburn, Mr. and Mrs. G. A. Gillespie and Mr. J. H. Burnham.

Hon. Pres.—Dr. Boucher

Pres.—Dr. T. N. Greer.

Vice-Pres.—Mr. J. E. A. Fitzgerald

Sec.-Treas.—Mr. W. M. Long

Games Sec.—Mr. T. E. Pratt.

Executive Committee—Messrs. D. H. Moore, Wm. Acheson, R. M. Waddell, D. Bethegham, R. Cottrell, Dr. Marshall and Dr. Holloway.

Membership Committee — Messrs. W. E. Talbot, W. O'Brien, T. E. Pritt, E. Runnells, L. Potvin, W. S. Robinson, T. E. B. Yeat, R. Matchett, F. H. Dixon, Dr. McClelland.

The Midland Lock-Up Full of Vagrants?

Mayor E. Leatherby of Midland, Ont., has written to Commissioner of Industries Thompson, Toronto, stating that 240 immigrants are now in the Midland jail as vagrants. They were sent there, he says, by Toronto employment agencies, with the assurance that they would obtain employment on G.T.P.R. construction work, and the erection of an elevator, smelter, and saw mills. Much of this work has not opened up yet, and the immigrants are a public charge. He suggests that measures be taken by the Toronto authorities to prevent employment agencies from sending any more of the unemployed to Midland.

POLICE

At yesterday's police court a local scavenger, was charged with depositing objectionable matter on the bank of the river. Several witnesses were heard but no conviction was made. The magistrate warned the scavengers present that the last number of their fraternity convicted was fined $10 and the next one will have a $20 fine handed out to him.

Some ten or twelve young men charged a week ago with having played ball on Sunday, April 26th, within 500 feet of the city boundary.

His Worship noted that their counsel Mr. Gordon, had objected to the statute under which the information, as having been repealed. He said the sanctity of the Lord's Day must be preserved and would impose a fine in each case of sufficient amount to make a warning for the future. One of the defendants asked "How about golf your worship, can we play golf on Sunday?" The magistrate replied, "I am not dealing with golf, but just with this particular charge." He went on to say that golf was not specified in the preamble to the act, and that a case against a golf player had been discharged in consequence. He fined them $5 each. Chief Ross asked that the costs of the case be not added to the fines. Five of the defendants paid their fines before leaving the court.

A resident of the East Ward, whilst "under the influence," slept in a barn on Wednesday night but the barn did not belong to him, and its owner laid a complaint. For this unwelcome visitation the East Warder was promptly handed out ten days with hard labor in the local bastile without the option of a fine.

Irish Catholics State That Ontario Ministers Would Retire

Ottawa, May 7. In connection with the Irish Catholic representation in the Cabinet, which was the subject discussed between Sir Wilfrid Laurier and a deputation of Ontario Irishmen yesterday, it is said that a communication sent out recently from Toronto to members of the various national organizations and representatives of the Irish League urging the call for additional Irish Catholic representation in the Cabinet, and suggesting the name of Mr. Charles Murphy, of Ottawa for a Cabinet position, attributed to Sir Wilfrid Laurier a statement that at least one, and perhaps two, of his colleagues from Ontario would be out of the Government before the next general election. The question was raised, it seems, by some who received this communication as to the authenticity of the announcement referred to, and doubt was expressed if Sir Wilfrid had ever lent his name to any such statement. There is, of course, no vacancy in the Cabinet Board at the present time, and there is no reason for supposing that Hon. R. W. Scott, the veteran representative of the Irish Catholic element at the Cabinet Board, is any more desirous of surrendering his portfolio than he has been at any time in the past twelve years.

SCOTT IS ESTEEMED

The Secretary of State, for all his years, is still a most active man, and his views are most highly esteemed by his colleagues, so that none is in a position to fully say when the necessity may arise for the selection of another representative of the Irish Catholic Liberals to take his place.

The feeling among representative English Catholics is, however, that when this portfolio does become vacant the very best man available for the position should be selected, and one who commands the confidence of all classes, whether he holds a seat in Parliament at the present time or not.

The deputation which waited upon Sir Wilfrid, headed by W. J. O'Reilly, yesterday for the discussion of the Irish Catholic representation were favored with an opportunity for the very fullest expression of their views, but probably the gentlemen who themselves composed it did not anticipate any announcement from the Premier of his intentions in regard to Cabinet reorganization, and had no reason, therefore, to feel disappointed at the answer which he gave of "consideration."

MIXED PROVERBS.

A Game in Which Nimble Wits Shine Brightest.

This is an amusing game for the older boys and girls or for adults. The players seat themselves in a circle or around a table, and one of the players, who has been selected as leader, begins the game by repeating the first half of a well known proverb, and as he finishes he throws a handkerchief to some other player and then begins to count one, two, three, etc. Before he reaches ten the player to whom he has thrown the handkerchief must add the last half of another proverb.

The more incongruous the combination of the two parts the better the effect, of course, and this will give a chance for some very pretty play of wits. If the player does not give the last half of another proverb before the leader counts ten he has to pay a forfeit and surrender the handkerchief to some other player, but if he does respond properly it then becomes his right to throw the handkerchief, and so the game goes on until all have had a chance to respond. Here are some specimen combinations which may be used by those who wish to play the game: A rolling stone—knows his own father. A wise son—gathers no moss. A new broom sweeps—while the sun shines. Make hay while the sun—sweeps clean. All's well—that glitters. All isn't gold—that ends well. A whistling girl and a crowing hen—have no turn. It's a long lane—that always comes to some bad end. A stitch in time—try, try again. If at first you don't succeed—saves nine.

Some Definitions.

A family tie—Twins.

How to grow fat—Breed pigs.

A rain-ing favorite—An umbrella.

The finest parlor suit—A pretty girl.

A good place for meating—The butcher's.

How to find a chip off the old block—Ax the block.

When the farmer puts a porcelain egg under the hen, is he setting a good egg sample?

Before slates were used people multiplied on the face of the earth.

The Two Singers.

A gay little birdling, so they say,
Sang in the sunshine all the day:
"Chippety wink and chippety wee,
Listen, listen, listen to me!
Chickamaree, from morn till night
I sing, sing, sing while the day is bright,
But when clouds arise then away I fly
And hide in the branches high, high, high,
For no little bird can sing, you know,
When clouds are hovering dark and low."

A dear little maiden, so I've heard,
Sang as gayly as any bird
"Tra-la-la-la" so sweet and so clear
That all in sound of it turned to hear.
"Tra-la-la-la" still day by day
She sang in the sunshine bright and gay.
But when clouds arose her chirrup and trill
Came merrier, sweeter, clearer still,
For she said, "'Tis the very time for cheer
When all the world is dull and drear."

—Youth's Companion.

In the Realm of Sport

Jamaica

Jamaica Race Track, New York, May 7.—Raining heavily. Summary of today's races;

First.

1. King Cobalt, 2 to 3
2. Masquerade, 4 to 5, place
3. Hartford Boy, out show

Second

1. Haver, 4 to 1.
2. Force, 2 to 1, place
3. Miss Highland, 2 to 5, show

Third

1. Zethus, 3 to 1
2. Druid, 5 to 2, place
3. Chantilly, 8 to 5, show

Fourth

1. Athelneo, 13 to 20
2. Sir Toddington, 2 to 1, place
3. Kator, even show

Fifth.

1. Berkley, 12 to 5
2. Tieling, 1 to 5, place
3. Troublesome, 4 to 5, show

Sixth.

1. Hallclift, 18 to 5
2. Incognito, out place
3. Frigette, even to show

Pimlico.

Pimlico Race Track, Baltimore, Md May 7.—Raining; track muddy. Results of today's races;

First

1. Lucille R., 5 to 2.
2. Sig, out place.
3. Taboo, out show

Second.

1. Lady Gay Spanker, 6 to 1.
2. W. Lackaye, out place.
3. Canvas, 8 to 5, show

Third,

1. Lady Beth I, 15 to 1.
2. Corksure, 4 to 5, place
3. L. Lighter, out show

Fourth

1. Aiken, 6 to 1
2. Touchwood, 7 to 10
3. Moongold, 3 to 5, show

Fifth

1. Baby Willie, 8 to 1
2. Bar bread, 7 to 1, place
3. Comedy K., out.

Louisville.

Louisville, May 7.—The results of the racing at Churchill Downs today were as follows:

First.

1. Ben Howe.
2. Ned Carmack
3. Dr. Armstrong.

Second

1. Gold Proof
2. Apache
3. Toddy Hodge.

On account of rain yesterday, all ball games in the big leagues were postponed.

Roger Bresnahan, backstop of the New York National League team, and one of the best big mitt artists playing the game, wears a pair of cricket pads on his legs when in action behind the bat.

The present assortment of evenings will not do for ball practices, and unless a change occurs in a short time, it would hardly be fair to expect fast ball. However, the teams are coming along well and the league should see some hot games.

Corney Burns is reported to have a strong aggregation in the Kansas. Under his care they should make good, as his coaching will be invaluable.

The Orphans, or rather Bill Methveil's Strathconas, are plugging along. The absence of the chief, it is hoped, will not materially weaken the ability of the Lord Highs, who, on paper, look like the Chicago Cubs.

The Lakeviews are determined not to be far behind in the race and under Manager Joe Dwyer's experienced eye are looking strong. Their infield will be as good as the next.

At the same time they are not going to have it entirely their own way. Jimmy McNara's followers are hot on the trail, and the Y.M.C.A. look dangerous. The "Youngsters," as they Willingtons have been named, should receive every encouragement. They are pluckily undertaking a big task and everyone hopes to see them make good.

We Jack Wilson, the clever local twirler, has signed with the Port Hope team of the Midland League, and leaves today for the scene of hostilities. Jack is there with the stuff, and if he gets any show at all will make good. There was a time when John was known as the hoodoo kid—but then that was long ago.—London Free Press.

Harry Burridge "Makes Good" at Youngstown, Ohio

Word comes from Youngstown, Ohio., that the local boy, Harry Burridge, who did such clever work for the "Petes" behind the bat and with the stick last year, has made good and will be retained by Manager Wright of the Youngstown team. Harry is at his old trick again, knocking the slab artist all over the lot, and Manager Wright is favorably impressed with the clever way in which he navigates the sacks.

This will be welcome news to his many Peterborough friends.

Serious Action Against Lawson

Toronto, May 7.—Lawson's Yukon Gold stock will soon be receiving the attention of the courts of Ontario.

The Canadian Mining Journal says: "An advertiser Mr. Lawson is — unscrupulous, unveracious, impudent, but not one element of cleverness is to be detected in his frothings.

"We are tempted to believe that those who are deluded into "blowing" themselves on Mr. Lawson's Yukon gold, deserve what they will get.

"However, our space is too valuable to devote to Mr. Lawson and his lucubrations. We wish only to announce that civil proceedings are soon to be instituted against his promotion for failure to comply with the requirements of the Ontario Companies' Act. The Canadian Mining Journal is laying the information."

Sir Robert Hart's Views on China

Hong Kong, May 7.—Sir Robert Hart, for many years inspector general of Chinese customs at Peking, said today that he had not decided to return and resume his former post. He added the China would be a great nation in spite of mistakes in the past. It was hitherto believed possible to settle disputes by an appeal to reason, but now it was deemed necessary to have an army and navy. The customs were under native control and the feeling in favor of the exclusion of Europeans was growing. The real ruler of China was the Empress Dowager, who was sincere in her efforts to abolish the opium traffic. Foreigners believed that Chinese competition in combination with the boycott, would prove a weapon which would eventually injure the wielder.

Boys to "Hit the Trail" Relay Foot Race of 1,000 Miles by Y.M.C.A. Boys

A 1,000-mile relay foot race for boys under 18.

That is the latest plan of the Y.M.C.A. in New York and Chicago to demonstrate the physical fitness of its members.

The course will be between the two cities, and the participants will bear a written message from Mayor McClellan of New York to Mayor Busse. They will be drawn from the junior sections of the organization in the two cities, and prizes will be awarded the best runners.

The plan originated in New York, and A. A. Jamieson, secretary of the boys' department of the Twenty-third street branch of that city, already has made plans for the route as far as Buffalo. It is intended that no boy shall run more than a single mile, except where it is impossible to have other runners ready. In no case will any boy be required to run more than two miles.

FIRST LAP TWENTY MILES.

The first lap will be from New York to Yonkers, which Mr. Jamieson calculates to be a distance of twenty miles. Twenty of the junior New York members will cover this distance, where they will be relieved by the members from up the state. The Yonkers lads will carry the letter fifteen miles to Ossining, and boys from Newburg will take the trail across the Hudson and travel to Fishkill landing. Thence the Poughkeepsie boys will take the race for fifteen miles.

The race will begin at 10 a.m., on Wednesday, July 15, and will be kept up until midnight on the following Saturday. There will be no running on Sunday, but the journey will be resumed at 2 a.m. on Monday at the point where it was left off on the preceding Saturday night.

An average rate of eight minutes to the mile has been established, as it is not desired that the boys run at a heart-breaking speed. It is calculated that six days will be consumed. The race is intended to impress upon the public the athletic side of the Y.M.C.A. movement.

SELF-RELIANCE IS AIM.

Mr. Jamieson at New York said that it would be a great aid to the development of distance running and that another purpose was to inculcate a spirit of self-reliance and to enable the boys to discover their ability for themselves.

At the Central Y.M.C.A., last night it was said that the hardest lap of the race would be from South Bend to Chicago. There is no Y.M.C.A. organization in this ninety-mile stretch, and it is being planned to send out runners from the various Chicago branches to carry the message for this final distance.

As not all of the Chicago branches have a junior membership, it is considered likely that the runners will be furnished entirely from the Wilson avenue, Hyde Park, West Side and Central associations. These will be stationed along the line between here and South Bend and will relay the message in. Upon their arrival they will be met by other members of the association and, together with those from farther East, will be entertained by the Central Y.M.C.A. department.

Gospel Hall Open Air Service

Should weather conditions permit street services will be held tonight at 7.45 at the corner of Brock and George streets under auspices of Gospel Hall. An address will be given by Rev. Robt McMurdo, of Scotland, and previous to that a song service will be held from the balcony of the Gospel Hall. Mr W. G. Mulligan will sing "The Cross of Calvary," by Gabriel and Douglas Russell's setting of "Standing in the Spirit at Calvary Mount." At the conclusion of the street service there will be a continuation of last Friday night's meeting in the hall.

Martial Law Declared in Ohio

Columbus, Ohio, May 7.—Governor Harris late this afternoon ordered state troops to protect the Ohio tobacco district, and Troop B, of Columbus, was sent at once to the district. Martial law was declared in Brown County.

Company M, 4th Regiment, at Washington Courthouse, has been called out by the Sheriff, according to a telephone message from Captain Bell G. Allen to the adjutant general. A horseman is reported to have killed a woman and wounded two other persons, and to have barricaded himself, defying arrest.

Lexington, Ky., May 8.—Several tobacco beds on the farm of Joseph Ware in Boyle County, were blown up by "Night Riders". There was no intimation of their presence on the farm until the explosion. No warning had been given, it is said.

False Alarm Gave Fire Brigade a Run

Everything was soaking wet outside last night, even the fire bell was ringing. At eleven o'clock some practical joker sent in a call from box 23, giving the firemen a "skiddoo" run to George and Hunter streets in the rain. But the fire fighters had a chase for nothing, for when they arrived at the Roy Studio, the fire was a "negative."

Weak Women should read my "Book No. 4 For Women". It was written expressly for women who are not well. The Book No. 4 tells of Dr. Shoop's 'Night Cure' and just how these soothing, healing, antiseptic suppositories can be successfully applied. The book, and a strictly confidential medical advice is entirely free. Write Dr. Shoop, Racine, Wis. The Night Cure is sold by all dealers.

"Lajoie" Dorocher is persistently working his T.A.S. team and says he has a few of the best of them up his sleeve.

—Mr. Patrick Hogan intends to erect two stores on the property where formerly stood for many years, the blacksmith shop occupied by Mr. John Craig.

Ball Game for Saturday Has Been Called Off

There will be no ball game at Riverside Park on Saturday. Such was the decision handed out by Manager Johnston of the Peterborough team last night.

"With the grounds in the condition they are at present after this rain, there is no possible chance of the game between the Petes and Alerts of Toronto taking place on Saturday," said Mr. Johnston.

This will be disappointing news to the fans, who have been anxiously awaiting a chance to see this year's team work. However a game will likely be arranged for Saturday week, so that the fans will yet have a chance to see the team in action before the championship season opens here on the 25th, when two games will be played.

LOW SPRING FEVER

Doctors Report Many Cases.

Same thing happens every year. At winter's close the body is weak and run down. Damp spring weather brings out rheumatic tendencies, exhausts vitality, and simply demands everyone to use a bracing, strengthening tonic.

Time wont help; matters grow worse instead of better if your system isn't rid of its poisonous burden.

Your blood is not only thin, but is contaminated with a whole winter's accumulation of wastes.

A stimulating blood tonic is required. What's it going to be?

Not bitters or alcoholic dope, but concentrated cure in the form of "Ferrozone" which is known as the best of all spring rejuvenators.

It creates keen appetite.
Produces prodigious digestion.
Converts food into nourishment.
Gives richness and vitality to the blood.
Makes strong nerves and hardy muscles.

Ferrozone possesses power that can't be doubted. It will do for you what it did for Walter Wood, of Beaufort, Car. Co., N. B., who writes: "I can say that Ferrozone has given me a new lease of life. A year ago I suffered much from nervous weakness. I was really scarcely able to drag myself around. My appetite was gone, I had no color or ambition and felt generally used up. The first box of Ferrozone started me back to health. I took a number of boxes, but it was worth while as my health was completely restored.

Get back to health with Ferrozone, six boxes for $2.50, or 50c per box at all druggists.

Morning Times

This paper is the only Morning Daily published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

Strangers visiting Peterborough are cordially invited to make their headquarters at the office of the Morning and Weekly Times, where they will be furnished with writing material, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $5 per year, strictly in advance.

KHYBER PASS

It is claimed that the attitude of the Ameer of Afghanistan in regard to the hostilities of the border tribes against the British is due to the Anglo-Russian treaty. Until that agreement was entered into he was able to play one Power against the other, and thereby secure advantages from both that are now beyond his reach. He had returned from his visit to India impressed by the evidences he saw everywhere of British supremacy and power, and pleased by his reception. But he regarded the conclusion of the treaty with ill-concealed resentment, and very soon afterwards the indications of restlessness began among the frontier tribes that culminated in the invasion of British territory and attacks on British positions. If the movement had spread as rapidly as the Ameer and his advisers probably expected, and proved successful, the matter might have become serious, but Major-General Sir James Wilcocks scattered the tribesmen in all directions. The Mullahs are still preaching war against the British and may succeed in gathering the tribes for another attempt, but they will find the British forces strengthened and ready for them. From what can be judged at this distance from the scene of action the British preparations are of a much more extensive character than would usually be considered necessary to deal with the frontier tribes of the hill country around the Khyber Pass.

The Ameer may find the Indian Government inclined to be inquisitive about these tribal risings on the Afghan side and invasion of British territory and to require his active co-operation in teaching his subjects a lesson likely to last for another generation or two.

Growth of the Great Boycott

Paris, May 8.—The Herald publishes a remarkable despatch, filling two and a half columns, from its correspondent at Canton, China, regarding the growth of the anti-Japanese "civilized boycott."

From the headquarters of the Self-Government and "National Disgrace" Societies in Canton the secret fiat has gone forth that the boycott shall not end until the loss to Japanese commerce reaches the stupendous total of $15,000,000. This, significantly enough, represents $5,000 for every $250 that the Kwantang Government was compelled to pay the Japanese owners of the Tatsu Maru for the seizure of that steamer.

In Canton alone 167 dealers in Japanese products have voluntarily signed an agreement not to sell such products under any circumstances. Many instances are reported of merchants destroying Japanese wares.

The boycott leaders control the machinery of seventy-two guilds in Canton, representing every phase of business, from bankers down to water coolies. The same is true of other cities. In all of these cities "National Disgrace" societies have been organized to remove the stain placed upon China by Japan.

The natives are deeply stirred, for they feel that China has "lost face", and "losing face" is, in the opinion of a Chinaman the greatest disgrace that can befall any one.

So far the boycott has been characterized by perfect order. Japanese peddlers, acting on instruction from Tokio, have been trying to sell Japanese goods in the streets of Canton, but no one has molested them. Japan is evidently hoping that attacks on these peddlers will give her an opportunity of forcing the Chinese government to end the boycott.

The boycott is affecting the Japanese commerce in a hundred unexpected ways. For example, Chinese merchants have notified their correspondents in other countries not to ship goods in Japanese ships. A report comes from Wuchow that a Japanese collier lying there has been unable to discharge her cargo on account of the refusal of the coolies to work.

An important feature of the boycott movement is the development of the feeling that China should manufacture much that she has been purchasing from Japan. A noticeable phase of this is the organization of Japanese capitalists for the development of coal fields in the Fanloking region, where it has been demonstrated that a superior quality of coal is obtainable.

Business Improving in the West

Winnipeg, Man., May 6.—With the advent of spring business conditions in this city are commencing to show a great deal of improvement. Although not affected to the same extent as the older centres of the east by the recent business depression, Winnipeg felt the financial stringency somewhat. Now however, the clouds have rolled away and all classes of business are reaping benefit from the splendid crop prospects.

During the past week or two building operations especially have become very active, and the outlook in this line is becoming very promising. Excavations are now being made for a magnificent new building which the bank of Nova Scotia is to erect on Portage Ave. and the structure will be a worthy addition to Winnipeg's bank quarters, which surpass those of any city in Canada.

In addition to the mammoth new union station, the Grand Trunk Pacific is planning immediate work on its big shops which are to be located a few miles east of the city. As a large section of the road is to be operated this year, it is natural that shops will be required at once, and this work will be pushed to completion with all possible dispatch.

The announcement was made the other day that the Dominion Government would contribute half the extra cost of the addition of a traffic roadway on the Grand Trunk bridge between Winnipeg and St. Boniface. The cost of this bridge is estimated at about $700,000.00. Soundings have already been taken, and the plans are now in course of preparation.

Besides many works of great magnitude in the building line, development is taking place very rapidly with work of a less important nature. Many fine apartment buildings are to be erected this year, while permits have been issued by the score for residences. Taken altogether the outlook for the growth of Winnipeg was never more promising.

Auction Sale of Timber Berths

Dokis Indian Reserve

There will be offered for sale by public auction, at an upset price, in the Russell House, in the City of Ottawa, on Wednesday, the 26th day of June, 1909, at the hour of ten o'clock in the forenoon, timber berths numbered 1 to 8, inclusive, covering the pine timber of nine inches in diameter and over on the swamp and no other, on the whole of the Dokis Indian Reserve situate on the French River in the Province of Ontario.

Each limit will be offered separately at a bonus, ten per cent of which to be paid in cash on day of sale and notes to be given for the remainder, payable in three, six and nine months, at the Bank of Montreal, in the City of Ottawa, with interest at six per cent. In addition to Crown dues at the rate of $2.00 per M. feet B.M., and $50.00 per M. feet C.M., an annual ground rent of $24.00 and a license fee of $4.00, the cash payment to be forfeited upon failure to pay the balance of bonus within the time above mentioned.

The licenses will be issued in due course after payment of notes above specified, and will be renewable yearly upon compliance with all conditions thereof for a period of ten years and no longer, and will be subject to Manufacturing Conditions in accordance with the provisions of Order of His Excellency in Council of the 19th day of April, 1901.

Dues at the rate above specified to be paid on sworn returns, as required by the Timber Regulations of the Department.

Information regarding the timber berths in question may be had upon application to the undersigned.

The unauthorized insertion of this advertisement will not be paid for.

J. D. McLEAN,
Secretary.

Department of Indian Affairs,
Ottawa, April 8, 1909.

Tenders for Bending Machine, Sorel

Tenders addressed to the undersigned at Ottawa, and endorsed on the envelope "Tender for Bending Machine, Sorel," will be received at the Department of Marine and Fisheries, Ottawa, up to noon of the

EIGHTEENTH DAY OF MAY, 1909

for the furnishing of one machine for bending steel boiler plates, to be delivered at the Government Shipyard at Sorel, P. Q.

Specifications and detailed information can be obtained from the Department of Marine and Fisheries, Ottawa, from the Director of the Government Shipyard at Sorel, and from the Agent of the Department of Marine and Fisheries, Montreal, P. Q.

Each tender must be accompanied by an accepted cheque on a chartered Canadian Bank, for the sum of $800.00 to the order of the Minister of Marine and Fisheries. This cheque will be forfeited if the party whose tender is accepted declines to enter into a contract to deliver the bending machine, or fails to carry out the contract. If the tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

Newspapers copying this advertisement without authority from the Department will not be paid.

F. GOURDEAU,
Deputy Minister of
Marine and Fisheries.

Department of Marine and Fisheries,
Ottawa, Canada, 21st April, 1909.

TREASURY STOCK, 500,000 SHARES.

HEAD OFFICE---404 McKINNON BUILDING, TORONTO, ONTARIO, CANADA

Read Official Statements as to Gold Discoveries in Larder Lake District in the 16th Annual Report of the Bureau of Mines, 1907.

OFFICERS AND DIRECTORS

President—Stan. Walker, Toronto, Manufacturing Furrier; Vice-President—H. E. Smallpiece, Toronto, Journalist; Treasurer—S. E. McCartney, Toronto, Capitalist; Secretary—H. Murby, Toronto, Cattle Dealer; Managing Director—C. C. Richardson, Toronto, Manufacturing Jeweler; M. Tromer, Toronto, Retail Furrier; David A. Foster, Halleybury, Miner; Solicitor—John A. Ferguson, Temple Building, Toronto; Bankers—Bank of Toronto, Head Office, Toronto.

A SHORT HISTORY

These Larder Lake properties were staked out by the Foster brothers, who are old, experienced miners, who have been prospecting up in that country since 1905. They are practical miners.

When the wealth of the Larder Lake District first leaked out, these men made tracks for this district, and after days of hardship in paddling up rivers and carrying their outfit over portages, they finally found the wonderful gold bearing rock, and after a number of weeks' patient work in following gold indications they staked out 640 acres of what some believe will prove the richest gold bearing rock in the district.

After these men had registered these claims and proved there were no other prior claims to them, they brought samples and proofs to Toronto and succeeded in interesting a number of city merchants by convincing them that not one but many possible fortunes are tied up in these valuable 640 acres. On no reasonable consideration would they sell outright, so a small cash sum was paid to them and so many shares in a company to be formed agreed to be given them.

Had they not believed stock in the company would become valuable it is right to infer that they would not have made such a bargain and tied up their properties.

We believe they will be justified in their decision to retain an interest in the properties as shareholders in our Company.

As we, the members of this Company, were convinced by facts, we wish to convince you by facts also.

The Great Northern Larder Lake Mining Company has no figureheads or salaried men on its board. Each member of the board is a stockholder, by putting in his money and paying for his shares, and each member stands to lose a good pile if it is not properly handled. It is the intention of the company to run things on a strictly business basis, and all dealings must be above board. We want to make money and we want to make money fairly and honestly—on the miner's risk for the miner's reward.

The city merchants took the properties from the owners and prospectors, had transfers duly executed, organized this company, defraying all expenses to date, and have agreed to accept stock in payment. They must pay the original owners out of their holdings. The treasury stock goes for development.

The property consists of 16 claims, 40 acres each, or about 640 acres, west of Larder Lake and bordering on Grassy Lake. Blair & Smith, Government surveyors, of New Liskeard, were surveyors for the Company.

Lot Numbers as registered with the Government are: 3433, 3425, 3436, 3437, 3720, 3721, 3427, 3438, 3723, 3434, 3439, 3724, 3426, 3435

OFFER IN PLAIN WORDS

Have secured a block of the

Calumet, Mancos' Oil and Mining Company's Stock

Par value $1.00

What they offer at 25c per Share for a short time

The property is situated at Mancos, Colo., and consists of 160 acres, fully paid for. The Company expects to secure at least 400 acres or more, we are negotiating for it now and the terms are satisfactory and there is coal on the same, and they also intend to secure some Coal Mines of which they have the refusal. Some of the best coal mines in Colorado are in this district, as well as some of the richest gold and silver mines. In fact this is one of the richest parts for mineral in the State of Colorado, and the Company has the refusal to several prospects on reasonable and easy terms.

In our opinion the prospects of the Company are very bright and a rapid advance in the price of the stock is sure to take place in the near future. Full information can be had by calling at our office.

ADVERTISE IN THE TIMES.

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or Sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at an Agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of a homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father or mother.

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid for.

ADVERTISE IN THE TIMES.

A NEW TRADE.

How One Woman Earns a Livelihood Without Special Training.

There are so many women at the present time who are forced by circumstances to find some means of self support that any new suggestion as to ways and means is always received enthusiastically.

The story of a woman in one of the large cities seems to show that every one must have some special gift, be it sewing, housekeeping, cleaning or business, and every one should seek her especial talent until she finds it. This rule should really hold good even if money is not a necessity, for a talent may always be turned to the aid of another or others, as the case may be.

The particular woman of the story was left a widow and penniless, with a rooted objection to dressmaking and most other forms of employment by which the average woman seeks to earn her living. Finally she decided that, although her hands were long and slender and her fingers of the most artistic type, she could do nothing but handle fine lace and frills, and she therefore sought and obtained some delicate fabrics to clean and press. For two years she supported herself by this work, although not entirely to her own satisfaction.

One day she happened to pass a store where glass and other fragile works of art were sold, and her artistic temperament caused her to enter to more closely examine the beauties displayed in showcase and on the counter. Once there her long, fine hands strayed toward the bits of marble until the manager of the store saw her and approached to ask her to read the usual sign forbidding visitors to handle the pieces. But as he watched her he changed his mind and instead remarked on her lightness of touch and asked her if she would enter his employment.

She replied that she could not take a saleswoman's position, but added that handling the fragile works of art was a pleasure, to which he answered, "That is all I want you to do—keep them clean." So she accepted the offer, and for twelve years she has tended to and kept the stock in good condition.

Later it occurred to her that she might also take care of private collections or of those relics too precious to trust to ordinary care.

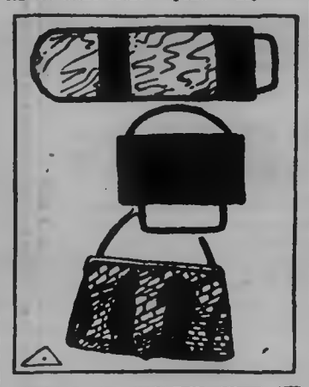
Her business grew and grew, and now she has all she can handle, for, although some collections are not visited but once in two years, others need monthly attention.

Thus the casual visit paid to a store started this plucky little woman on her life work, and her story suggests many possibilities for others too delicate for heavy work, yet gifted in one particular way.

A USEFUL TRIFLE.

Convenient Way to Carry Books in the Street.

Magazine and book covers of leather in suede and the soft, pliable dressed variety have been familiar to book lovers for some seasons past. They have



NEW BOOK AND MAGAZINE COVER AND ALLIGATOR BAG.

heretofore been in portfolio form, with pockets on the inside to hold the covers of the book or periodical in place. Now comes a new type on the envelope bag order with handles that will be found a particular convenience for the traveler.

The second illustration is that of an alligator hand bag, the distinctive feature of which is the alligator head and claws that decorate the front of the receptacle.

Spain's Queen at Home.

Quite tactfully and skillfully the young queen of Spain is playing her part. Like her famous royal grandmother, she is an early riser, and her English breakfast of ham, roast beef and poached eggs, alone with the king, is one of the pleasantest functions of the day. After his cigarette, with which Alfonso concludes even this early meal, he must needs repair to his state duties, and in the ordinary way they do not meet again until luncheon time.

Victoria found the company at her husband's dinner table somewhat mixed at first. The exuberant young king would sit anywhere and invite almost any one. But his bride soon changed the etiquette and abolished indiscriminate gatherings, not forgetting, however, that certain high functionaries and prelates have the right of access to the royal table.—Harper's Bazar.

Instead of Basting.

Some cooks in preparing poultry or game bard it instead of basting with butter and water.

Barding is fastening over the breast of the fowl to be roasted a large, thin piece of salt pork. It prevents the meat from drying out and getting tasteless.

Benjamin Constant.

Benjamin Constant, having acted with Napoleon during the hundred days, felt the need of justifying himself when Louis XVIII. returned to power. He wrote the king a letter with that end in view and called upon Mme. Recamier to discuss the subject. She asked him quickly:

"Have you finished your letter?"

"Yes."

"Are you satisfied with it?"

"Entirely satisfied. I have almost persuaded myself."

THE STOCK MARKET.

Accuracy of the Exchange in the Analysis of Events.

Barring the case of manipulation, which carries its own remedy and which is one of the evils of speculation, the stock market tells the truth. Temporarily indications may be misleading, but it is eventually shown that its analysis of events is correct. The silent panic of March, 1907, was a premise of the panic of November. During the intervening seven months prices dropped steadily, showing plainly that there was a weakness in the financial and industrial structure. The utter foolishness of blaming speculation for the downward movement is obvious. The stock market with its daily record of prices said as plainly as it was possible to say: "Danger! Stand from under!"

Something similar happened in 1893. Bradstreet's for July 29, 1893, shows that twenty representative stocks fell on an average 45 points, or more than 90 per cent. between January and July. This mitigated the effect of the panic.

One of the most striking illustrations of the cold blooded accuracy of the exchange is recorded by Proudhon in the Speculator's Manual, published at Paris in 1857, in which he shows that in the later days of Napoleon and the restoration, while French patriotism was at white heat, prices on the bourse advanced with each victory of the allies, reflecting the belief that the defeat of Napoleon meant more for France than the success.—John Paul Ryan in Metropolitan Magazine.

ROYAL SCHOOLMASTERS.

Kings Who Turned to Teaching to Make a Living.

In the early part of the life of King Christian IX. of Denmark there was no prospect of his ever becoming the ruler of that country. With this in view he became a schoolmaster at the German university of Halle.

Being too poor to keep a servant, the Dowager Czarina Dagmar of Russia, one of his daughters, used to help her mother to do the household work and take care of the younger children. During this period there were King Frederick VII. and several others in the direct line of succession that stood before Prince Christian; but, by a succession of deaths that occurred, he became the heir apparent, and after the death of King Frederick VII. in 1863 he was proclaimed King Christian IX. of Denmark.

Another instance of a similar nature is that of Louis Philippe. During the time he was exiled from France, then being the Duc de Chartres, he became a teacher of mathematics and geography in Switzerland. About thirty-six or thirty-seven years afterward, on Aug. 9, 1830, he was proclaimed King Louis Philippe of the French.—London Answers.

Puzzling Differences in Weights.

Which is heavier, a pound of feathers or a pound of lead? They weigh the same.

Which is heavier, a pound of feathers or a pound of silver? The pound of feathers is heavier, because feathers are weighed by avoirdupois weight, which has 7,000 grains to the pound, while the precious metals are weighed by troy weight, which has only 5,760 grains to the pound.

Which is heavier, an ounce of feathers or an ounce of silver? An ounce of silver, because in the troy ounce there are 480 grains, while in the avoirdupois ounce there are only 437½ grains. The avoirdupois pound of 7,000 grains is divided into sixteen ounces, while the lighter troy pound of 5,760 grains is divided into twelve heavier ounces.

The First "Coin Sweater."

"Coin sweating," which so often figures in the Old Bailey calendar, is a very, very old crime. More than six centuries before Christ there was a coin sweater, one Alexander of Byzantium. He was chief officer of the public treasury, and he amassed an immense and sudden fortune by "clipping" the money in so skillful a manner that his frauds could only be discovered by weighing. The Byzantines gave him the nickname of "The File" from his making such dextrous use of that tool, whence probably comes the modern term of "file" applied to thieves, pickpockets and cunning hard-headed scoundrels.

Clothing in China.

In winter throughout the cold latitudes of China the Chinese of all classes wear fur, wool or hair lined garments. Even the sooty laborers have their sheep or goat skins, and people of the middle and official classes have many sets of garments lined with the richest furs. In China houses are rarely heated to the winter temperatures of European or American interiors, and in consequence fur lined clothes are worn indoors as well as out.

He Got It.

"If Groucher ever comes around your place borrowing anything," said Wise, "don't let him have it."

"You've spoken too late," said Hushin. "He was around yesterday."

"You're easy. What was he borrowing?"

"Trouble. He's in the hospital today."

Weak Kidneys

Weak Kidneys surely point to weak kidney Nerves. The Kidneys, like the Heart, and the Stomach, and their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine smells, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative now. Tablets or Liquid—send and see what it can and will do for you. Druggists recommend and sell

ESTABLISHED 1882

Galbraith Coal Co., Ltd.

Non-personal Liability

Capital, $250,000.00 1,000,000 Shares 25c. each.

Good coal stock is a safe and sure investment. Galbraith shares are especially attractive.

Modest Capitalization **Large Coal Reserves**

This Company organized under the laws of the Northwest Territories of Canada, owns and operates the Galbraith mine located at Lund brook, Alta. They have four vertical seams of coal traversing their property, aggregating over 40 feet in thickness. Three of these seams are developed to a depth of 350 feet, and as they pass through the Company's lands for nearly a mile, some idea of the amount of coal may be had.

Shipping Steadily

The present output of the mine is about 200 tons per day. These shipments will be rapidly increased, as the C.P.R. allows its cars to be loaded with coal for points in the U. S.

We are selling a limited number of these shares at the extremely low price of

30 CENTS PER SHARE

in blocks of 100 or over. Tight money in the States makes it possible for us to give this unprecedented offer in stock that will be paying dividends inside of six months, and you are sure to realize a handsome profit.

Parties ordering can send money by P. O. Orders, Express Orders or Bank Drafts, and we will have the stock issued direct to you. Full information furnished on request. Correspondence solicited. Reference, Bank of Montreal

Appetite Gone, Nerves Badly Run Down

A Strong Moral Well Exemplified In Mrs. Wilson's Case.

Like thousands of other people at this season of the year Mrs. E. P. Wilson was tired and worn out—wisher sorely tried her health and vigor. But now she is robust and well, eats well, sleeps well, feels invigorated and braced. "For some years," writes Mrs. Wilson of Waltmere, P.Q., "I suffered from systematic weakness, biliousness and depressing headaches. I could take little nourishment and grew thin and pale. If I ate a hearty meal the result was dreadful. Pains started at my chest, and spread all through my body going across my stomach, back and right side. I was discouraged till a friend insisted on me taking Dr. Hamilton's Pills. They made a new woman of me, and for the past eight months my health has been perfect. For a good cleaning, rejuvenating medicine I urge every one to use Dr. Hamilton's Pills."

There is extraordinary and magic power in Dr. Hamilton's Pills; they bring, vigor, tone, health, and spirits—are compounded from the most wonderful and healing juices and essence in Vegetable life—are safe for young and old, and guaranteed to kindle renewed activity and strength in every system that is weak, sickly or run down from kidney, liver, stomach or bladder trouble. Get Dr. Hamilton's Pills of Mandrake and Butternut—today—25c. at all dealers

Visitors to the city will find the best and most up-to-date assortment of souvenir articles at the Times Bookstore. All places of interest hand painted on Foley China, besides many other souvenir novelties. Desk room provided for those desiring to do their writing down town. Gillespie

More Canoes for Hudson Bay Co

The Wm. English Canoe Co., Peterborough's oldest established factory making the style of craft that has made Peterborough famous all over the world, is still shipping canoes to the Hudson Bay Co. This week fifteen canoes will be shipped to the Hudson Bay Company's head office in London, England. Six were shipped yesterday to Nagagon and six more leave this week for Biscotasing, Ont.

There is a Pink Pain Tablet made by Dr. Shoop's, that will positively stop any pain, anywhere, in 20 minutes. Druggists everywhere sell them as Dr. Shoop's Headache Tablets, but they stop other pains as easily as headache. Dr. Shoop's Pink Pain Tablets simply coax blood pressure away from pain centres—that is all. Pain comes from blood pressure—congestion. Stop that pressure with Dr. Shoop's Headache Tablets and pain is instantly gone. 20 Tablets 25c. Sold by all dealers.

An Enthusiastic Meeting

There was a good attendance in Warsaw, Wednesday night, in the interests of the candidature of Mr. Jas Thompson, Conservative candidate for the Local House in the East Riding. The speakers besides Mr. Thompson were Messrs. J. A. Smyth, J. H. Burnham and Wm. Butler. The chairman was Mr. David Madill, of Hall's Glen. Mr. J. J. Crowe spoke in the interests of the Opposition.

Laid at Rest

The funeral of the late Mr. Johnston Stewart took place yesterday afternoon from the family residence, 81 Stewart street. The remains were interred in the Centreville cemetery. The Rev. Mr. Potter of St. Andrew's Church conducted the services at the house and spoke in feeling terms of the deceased. The Times joins in extending its hearty sympathy towards the bereaved family.

Y. W. C. A. Annual Meeting

The annual meeting of the Y.W.C.A. will be held next Monday evening in the assembly hall of the institution. The annual reports will be received, and a musical program will be presented. Refreshments will also be served. Mrs. Hoag Parker of Toronto, will be present as a guest. Mrs. Parker will be at the Y.W.C.A. over Sunday and will address the girls at a meeting at 4.15 o'clock on that day. A general invitation is extended to ladies.

Summer School at Chemong

One of the closing features of the Missionary Institute was the announcement made that the summer school at Chemong Park instituted last summer in connection with the Methodist Church will be opened again this season between July 6th and July 12th. The course of studies will be somewhat similar to that taken up last summer. A leading feature this summer will be the study of Dr. Brown's book on Foreign Missions.

Sad Case of Desertion

County Magistrate Edmison is in receipt of a sad letter from a woman residing in the county who in addition to personally being all destitute of means, says that her husband has deserted her and her two small children without providing in any way for the family maintenance. The children are six months old baby and a child two years old. The writer professes her desire to work for the support of the family but is not strong enough to do so. The matter will in all probability be investigated by the proper officials.

Personal

—Mr. W. H. Hill was in Montreal yesterday.

—Mr. and Mrs. D. B. Denison of Coldwater, are visiting in the city.

—Mr. John Lang left yesterday for Toronto. He will be away from the city about a month.

—Miss Margaret Morrison, 240 Perry street, has entered the General Hospital, Belleville, as a nurse in training.

—Mr. Bert Elliott of the Belleville way freight has been transferred to the position of fireman on the Lindsay run.

—Mr. Arthur V. Wood has returned from Queen's University, Kingston, and is staying at the National Hotel.

—Mrs. Rich. Baker and two children left yesterday to spend six months' visit at her home in Richmond, Surrey, Eng.

—Mr. C. V. Pym was in Peterborough yesterday for a few hours.—Lindsay Warder.

—Mr. Theo King, the well known tanner of Whitby, was a guest at the Snowden House yesterday.

Tired nerves, with that "no ambition" feeling that is commonly felt in spring or early summer, can be easily and quickly altered by taking what is known to druggists everywhere as Dr. Shoop's Restorative. One will absolutely note a changed feeling within 48 hours after beginning to take the Restorative. The bowels get sluggish in the winter-time, the circulation often shows up, the Kidneys are inactive, and even the Heart in many cases grows decidedly weaker. Dr. Shoop's Restorative is recognized everywhere as a genuine tonic to these vital organs. It builds up and strengthens the worn-out weakened nerves; it sharpens the failing appetite, and universally aids digestion. It always quickly brings renewed strength, life, vigor, and ambition. Try it and be convinced. Sold by all dealers.

—Mr. Geo. H. Phillips, representing the Geo. A. McGowan Cigar Co. of Kingston, was in the city yesterday calling on his customers.

City Topics

IN SHORT FORM FOR BUSY READERS

—The T.A.S. Glee Club met last night.

—Things were absolutely dead about the market yesterday.

—The regular meeting of Jubilee Lodge, No. 7, 'Prentice Boys, will be held this evening in Orange Hall. A full attendance of members is requested.

—Membership fee in the Peterborough Lawn Bowling Association has been raised to $5 per annum.

—The great and successful Missionary Institute is now over. Much good was accomplished during the meetings.

—Col. E. H. Edwards took out a permit this morning for a $1,500 dwelling on McKay avenue, between Thirteenth and Fourteenth.—Edmonton Bulletin.

—Inspector Mowat of the Public Schools wishes to announce to the parents of the pupils in the Dublin street district that the change of the boundary for junior pupils, which has been made, will only be in effect until midsummer.

—The regular meeting of the C.O.C.F., will be held this evening in the Sons of England Hall at eight o'clock, when an opportunity will be given to those desiring to join a Literary and Musical Club for the benefit of the society.

Pigs are easily and quickly checked with Dr. Shoop's Magic Ointment. To prove it I will mail a small trial box as a convincing test. Simply address Dr. Shoop, Racine, Wis. I surely would not send it free unless I was certain that Dr. Shoop's Magic Ointment would stand the test. Remember it is made expressly and alone for swollen, painful, bleeding or itching piles, either external or internal. Large jar 60c. Sold by all dealers.

—Good work yesterday in the police court! $50 added to the city treasury contributed by Sunday baseball players.

—The boy boy rs who were yesterday fined in the police court $5 and costs each (six) for playing a private golf links so that they can get exercise without incurring a fine.

—The Canadian Lumber Company's stock barn, blacksmith shop and supplies were destroyed by fire on Wednesday at the depot in Anglesea township.

—Magistrate Dumble has yesterday in emphatic terms told the street sweepers of Peterborough, who are robbing the public in the matter of prices charged. He thought the city should have a more close hold over these men and regulate both their system of doing business and the schedule of their prices.

OFFICERS AND DIRECTORS

R. G. WILLIAMSON, President, - - - - - Toronto (Formerly of Peterborough)
JAMES THOMPSON, Vice-President, - - Havelock, Ont.
DR. H. A. WOOD, Secretary-Treasurer, - - Peterboro
D. WILLIAMSON, Superintendent, - - Haileybury, Ont.

The following are some particulars concerning the above named company, which should interest the investing public of Peterboro

Properties Controlled

The Companies holdings consist of eight forty acre claims in one block, situated about 18 miles from the town of Cobalt, in the Township of Casey, on what is known as Casey Mountain, upon which deposits of Native Silver have been encountered running over 8,000 ozs. per ton.

Buildings, Machinery Development, Etc.

There has been erected on the properties a large Boarding House, Sleeping Camps, Blacksmith Shop, Shaft House, Boiler House and Superintendents Quarters. A modern Steam Plant has been in operation during the past ten months and about 300 ft of underground development work has been done, besides considerable surface work of trenching, and uncovering of veins.

12 True Fissure Veins Uncovered

There has been uncovered to date 12 fissure veins, varying in width from 16 in. to 8 feet, all carrying Silver, Cobalt Niccolite and Arsenic, these veins have been stripped several hundred feet and all have free walls and are well defined.

Big Chimney or Lode of Ore

At 50 foot level 16 feet wide. While the main shaft was at a depth of 50 feet on a 30 in. vein a tunnel was driven into the mountain along the vein, and at distance of 20 ft a tremendous chimney of silver ore was broken into 16 ft. wide from wall to wall, with silver values (Sulphide) running $20.00 per ton, we believe this to be the greatest strike of low grade ore ever encountered in the District. This tunnel was continued in this Chimney for a distance of 75 feet, when it was decided to sink the shaft to the 100 foot level, and again tap this great body of ore—this sinking was done, and the lode of ore was again encountered at a distance of 10 feet from shaft, it having widened 10 feet in the 50 foot of depth, and silver values were found to have increased in the fifty feet fully FORTY PER CENT, and we have in sight, or above us several thousand tons of concentrating ore that will net the Company a handsome profit by the installation of a concentrat-mill that will reduce the ore, and offset the necessity of shipping so much rock as the ore would be reduced about 15 to 1, and freight charges saved on 14 tons. This plant can be installed for the sum of $15,000 with a capacity of 100 tons per day

Cobalt Niccolite and Leaf Silver Encountered With Depth

Apart from the enormous body of low grade ore in sight there has been encountered while sinking in the main shaft, Cobalt Niccolite and Leaf Silver in the metalic form. These metals having come in at the 120 foot level and were expected when it was decided to futher sink to a depth of 150 feet, at 135 feet another Chimney has been encountered running in the opposite to the one struck at 50 ft. level, and our Superintendent states that he looks for this to be a larger body of ore than the one just mentioned and is rich in mineral and the indications are that these large Chimneys will connect with depth into one continuous ore body.

It is now proposed to drive a tunnel into this new ore body and commence bagging ore for shipment, as we appear to have unlimited quantities of ore that shows a continual increase with depth.

We give several reasons why Casey Mountain will become one of the great Dividend Paying Mines of the Cobalt District, and there are many: (1) A large area that is a regular net work of veins running for three-quarters of a mile through the entire properties that will go down several thousand feet, and not pinch out. (2) We have the Stuff in unlimited quantities and yet the properties are scarcely scratched. (3) A Capitalization of only $250,000 to pay dividends on. (4) No promotion stock issued to promoters that has not been paid for. (5) A Management that are doing a Mining business, not a stock speculation. (6) The Directors have shown their faith in the property by investing heavily in the stock and up to date the shares have been held very closely—it being the desire to sell only sufficient to carry on developments until shipments are made, and for a short time only we offer the citizens of Peterborough and vicinity an opportunity of securing a limited number of shares at par $1.00 per share, and any desirous of securing some of this stock should make application at once, by addressing Head Office, Manning Chambers, Toronto, as this will be the only block offered at par value,

Additional information can be obtained during the next few days from

Horrible Tragedy at Huntsville Yesterday Morning--Young Man Shot His Wife Then Himself

Huntsville, May 8.—The whole community has just been thrown into a state of utmost excitement by the death of Mr. and Mrs. Nelson Smith, who has been married about six years, deliberately shot his wife this afternoon, and turning the weapon on himself, blew out his brains. Details of the sad affair cannot be obtained at this moment, as the shooting occurred about a mile out of town, but the coroner is now selecting a jury, and the remains of both victims will be viewed at 5.30. The inquest will be held tonight at 8.30.

Mrs. Smith was formerly Miss Martha Geldie, a well-known and very highly respected young woman. After her marriage she lived with her husband at Allandale, where the latter followed railroading.

No intimation had been given locally that their wedded life was unhappy, and the news of today's tragic event has caused the utmost sorrow. The tragedy occurred at the residence of Mrs. Smith's parents, in Chaffey township, just outside the municipal limits of Huntsville.

Young Men of George St. Sunday School Will Run Excursion to Idyl Wyld

The young men's Bible class of George street Methodist church will run an excursion to Idyl Wyld, on Monday, May 25th, by the S.S. Otonabee.

The members of the class some time ago divided into two sections for a competition, in an effort to increase the membership of the class, which now numbers over 100. The side getting most new members were to be given an excursion, while the losing side were to foot the bill.

The Otonabee will leave Peterborough at 8 a.m., returning in the evening.

Big Fire in Atlanta Wiped Out Four Business Blocks

Atlanta, Ga., May 8.—Half a dozen business blocks lie in ruins this morning as a result of a fire which started near the terminal station about 1.30, and at 7 o'clock is sweeping through the business section of Atlanta. The loss at present will reach $500,000, with the prospect that before the fire is controlled this amount will be doubled.

DESTROYED FOUR BLOCKS

Several small hotels and one large one have been reduced to heaps of brick and mortar. Four business blocks are wrecked, and the fire is eating its way in all directions. The block bounded by Madison, Forsythe Nelson and Mitchell streets has been destroyed. When the firemen reached the scene on the first alarm they found themselves handicapped with low water pressure, and this situation had not been remedied at 8 o'clock.

The fire at 8 o'clock was wiping out business blocks in the direction of the center of the city, and threatening the entire business district.

LOSS IS $1,250,000

Atlanta, Ga., May 8.—The fire in the business district of the city is under control. The loss is estimated at $1,250,000.

Mr Edward G. Wesley Succumbs to His Injuries

Yesterday evening at the Nicholls Hospital, Edward G. Wesley succumbed to his injuries, which he received last Saturday.

It will be remembered that Mr. Wesley was severely burned by the explosion of a gasoline tank following the fire in the cleaning room of "My Valet" last Saturday afternoon.

Mr. Wesley was removed to the hospital in an ambulance where it was found that his injuries were of a very serious nature.

Mr. Wesley made a brave fight for life, but at his advanced aged, he being 69 years old, the shock was too much for him and he passed away about 7 o'clock last night.

The deceased leaves to mourn his loss, a wife, four sons and five daughters. The daughters are, Mrs. Geo. Paxman, Miss Ada, Annie, Lilly and Shirley, all of Peterborough.

The sons are, Walter, Charlie, and George of this city, and Frederick of Ottawa.

The late Mr. Wesley was a member of St. John's church.

The funeral will take place from the family residence, Simcoe and Stewart streets, on Monday afternoon at 2.45 p.m. Rev. Canon Davidson will conduct the funeral services.

Will Supply Power from Drainage Canal

They are talking now in Chicago of producing and supplying power from the Drainage canal. The Canadian members of the International Waterways Commission are probably aware of it, but if they are not they will do well to find out what effect this power project is likely to have on the water levels of the great lakes in which Canada is interested equally with the United States. The Chicago Record-Herald describes the canal as intended to be not only a health-saver, but a power producer. The trustees of the sanitary district have made every preparation for utilizing power, and are ready, it is stated, to take the necessary measures for the production and distribution of power for the advantage of the citizens generally. The city is the owner of all but a small percentage of the supply. It has built the canal with very little help from the outside, and, it is contended, is a loser every day power is not produced. The current of water that sweeps through the canal from the great lakes typifies a great and constant waste. The taxpayers' money is flowing into the Des Plaines river and down the state. While the water supply that might be harnessed for the generation of power is thus allowed to run off unproductively, the city is a large consumer and itself pays heavily for power, instead of using and profiting by the canal product. For these reasons the municipal authorities are urged to lose no time in co-operating with the trustees to utilize the current now going to waste. Details of the trustees' plans are not published, but every million gallons added to the flow taken into the canal from the lakes must correspondingly affect the volume of water coming down the lakes the other way by the natural channels and is consequently a matter of vital interest to Canada. The flow into the Chicago ditch is supposed to be regulated by mutual government.

So Anxious to Take Over Canada that They Favor Going to War

There are some Americans so anxious to take over Canada that they favor going to war to accomplish it. Perhaps one Yankee in a thousand talks this way. Of course with such a disparity there is no fear that hostilities will be resorted to.

As long as Canadians are satisfied with their political relations, as long as they and ourselves are on the very best of terms, as long as there is plenty of room for millions upon millions of settlers in each country why should the United States or Canada try to change the map? We are so near to each other, we think so much alike, the banners of both are so in the forefront of civilization, that every honest impulse is in the direction of co-operation and away from absorption.

Just now the subject is revived by the declaration of Gov. Johnson of Minnesota, a candidate for the Democratic nomination for the Presidency, in Detroit, of a recent evening, before a body of its business men. In part he said;

"The problem of the future is the government of America by Americans. In the working out of this we must obliterate the imaginary line between the United States and Canada. I can see no reason for the division. I believe that the flag bearing the Stars and Stripes must finally float from Bering sea to the Gulf of Mexico. The intellectual energy of the country must be directed to the commercial union of the two countries, if to no other."

Now, the Governor did not specify how union would be brought about. He did not say it should be by force of arms or an appeal to come in which would find favor with the enlightened people to the north of us. It must be done, however. By what procedure we are left to guess. The imaginary line must be made to disappear, but by what agency?

The Governor is not regarded as a conservative. He is blunt, does not mince matters. Yet he leaves us in the dark in his latest and gravest pronouncement. Some interpret it as a warlike threat; other as compelling Canada to accept arbitration as the way out to her forsaking the mother country for ourselves.

At one period a long time ago there was a considerable element in Canada who favored exchanging flags under the notion that the country would be better off as a part of the United States. That class has disappeared so completely that not even a skeleton remains to indicate what it once was. With Canadians united in the belief that the country is best served by its union with Great Britain why should they want to join hands with us and what could they expect to gain by so doing? A change of flags could hardly lead to an improvement in material conditions or make make more cordial the good will now existing. Why then upset themselves when nothing is to be gained?

No man can foretell what may happen to nations any more than to individuals. If the Canadians coincide to sunder the ties which bind them to Great Britain, if the latter withdraws its claims voluntarily, if this is followed by a desire to become a part of the republic, then the United States will be only too glad to make the applicants a part of themselves. There is no annexation party here, no more than there is in Canada. If the two countries are to be joined it must be with the full consent of all parties to the compact.

In the meantime we wish our friends over the border all the success possible in filling up their rich tracts in the northwest with people who will make the most of the fine opportunities set before them and thereby contribute to the greatness and glory of the Dominion. —Utica Globe.

A Deficit of $200,000 in Bank of St. Jean

Montreal, May 8.—The Province of Quebec is doomed to have another bank crash. Some ten days ago, it was announced that the Banque St. Jean had consented to go into voluntary liquidation. It now develops that the assets of the bank will in no way meet the liabilities and that the Hon. Philip H. Roy, speaker of the Quebec House and president of the bank, and the largest stockholder as well, is practically ruined man.

President Roy himself states that, so far as he can see, the bank will not be able to collect over 80 per cent. of their outstanding accounts. This will mean that the double liability claims will go into effect, and what money is looking to pay the depositors will come out of the funds of the stockholders. It appears that the surplus over and above liabilities of $353,000, according to the last Government returns has no existence in fact, and in place of this there is an actual deficit. The deficit, according to the authorities who have been going over the books of the bank, will amount to $200,000 or more.

The Roy family are the possessors of 1,715 shares of the stock, of which 60 per cent. is paid up. This will mean that Hon Mr. Roy, and his immediate family, will, if they are financially able, be called upon, under the double liability Act, to pay up a great proportion of the double liability of $171,000. Mr. Roy states, however, that he has been a serious loser, and that he is by no means financially in a position to meet the deficit, should it be found necessary to ask it.

It is understood that T. Bienvenue, who was appointed by the Bankers' Association to go into the affairs of the bank and wind up the same, has found losses which were quite unexpected and very heavy, but, of course, the ultimate outcome is a matter of months and the actual losses which would be incurred cannot be more than guessed at.

The banque St. Jean had a paid-up capital of $316,000 and deposits according to the last statement of $351,000. The total liabilities were placed according to the last bank statement at $617,000 and the total assets at $970,000. The item of current loans ran up to $787,000, and it was upon this large outstanding asset that the bank fell to pieces. Mr. Roy, in an interview, stated that when the hard times came he requested his manager to reduce the outstanding loans by at least fifty per cent. This they found themselves unable to do, not being able to gather in over ten per cent. of these loans. Just what security the bank has against the remaining ninety per cent. is not known.

Bright Prospects for the Y.M.C.A. Canoe Club

Already twenty-one men have signified their intention of joining the proposed Y.M.C.A. Canoe Club and prospects look bright for this new organization.

If a large enough membership is obtained to warrant the building of a boat house, such a building will be over the works, put up with little delay.

There is lots of good material in the club to represent the "Y" at the regattas and if past performances count for anything the "Y" paddlers should get the lion's share of the silverware offered at these three popular summer resorts.

Murderess of Laporte is Not Among Dead --Hired Men Missing

Friends are Sure the Body Found Is Not That of Mrs. Guinness

Skeleton of a Woman

Chicago, May 8.—A dispatch to the Inter-Ocean from Laporte, Ind., says;

Mrs. Belle Guinness high priestess of murder, who at the back door of her farmhouse kept a private graveyard from which nine bodies have been unearthed, is alive. This was established beyond a reasonable doubt yesterday. An ordinary tape measure proved the agent which may solve the perplexing mystery of the long series of startling crimes. Careful measurements were taken of the headless trunk of the woman found in the ruins of the burned home, which at first was thought to be the body of Mrs. Guinness. This resulted in the astounding revelation that the dead woman was not more than half the size or weight of the siren who is supposed to have lured a score of men to their death.

In addition to the convincing testimony of the tape half a dozen of the intimate friends of Mrs. Guinness are vied with the positiveness of absolute conviction that the dead body was not that of the mistress of the castle of death on the McClung road.

HIRED MEN ARE MISSING

Laporte, Ind., May 8.—Calling to their aid skilled detectives, the authorities of Laporte county county today redoubled their efforts in the task of unravelling the tangled skein of murder and arson in the Guinness case. Two rumors are current, one that a man from Providence, R.I., was among the dead, and another that a man living in Ohio, is said to have visited Mrs. Guinness, and that a few days later she explained the possession of his horse and carriage after he had disappeared by the explanation that she had "traded with him."

About seven years ago, it is said, Olaf Limbo was in her service, and when, upon her looking for another to take his place, she was asked where he was, she reported that he had gone to Norway to witness the coronation of the King.

Amil Green, who is said to have told his friends that he frequently was aroused by Mrs. Guinness at night with an exclamation that guests had arrived, and that he would have to sleep in the barn, is supposed to be somewhere in the West.

Peterborough Young Lady Has a Promising Invention

Miss Tate Leaves For New York to Advance Interests of Her Patent

Leaves on Monday

Miss Lucia Tate, a lady born and brought up in this city, and now temporarily residing at the Simcoe St. Y.W.C.A., who has been for some years previously, living in Buffalo, N.Y., has seemingly a prosperous future ahead. This young lady, who is a daughter of a former prominent local civil engineer, will leave on Monday to look after the patents on a machine she has invented and also to place the sale of the patents or lease the rights for the sale of the same.

To introduce Miss Tate's invention and demonstrate the probable universal demand for its use we might simply ask any married woman in any civilized land, whether and when her husband's socks wear out. This is no facetious remark but a practical question adaptable to every day family history. A few years ago as Miss Tate was good naturedly mending the footgear of a brother, then living in Buffalo, the idea entered her fertile brain that such work might or should be done by machine. Miss Tate thereupon concentrated her inventive faculties on the issuance of a machine to take the place of weary hours spent by loving hands of female relatives of men who cut holes in their socks. Soon this talented young lady got her ideas concentrated into a simple but effective machine for replacing the worn out feet of men or women's socks or stockings by brand new material at trifling cost. Miss Tate at once secured patents on her invention and has, since its inception, been the recipient of much public recognition, including a bronze and a gold medal from the Toronto Exhibition. It might be noted that Miss Tate's invention not only replaces the worn out feet of old footwear by new ones, but takes away and uses over the cottons or wool yarn from the former, and, where and when advisable, uses it again in the new feet. Miss Tate is one of a family of bright children, including Mr. A. O. Tate, for years private secretary of T. O. Edison, the electrical wizard, and himself the patentee of several important inventions, and also the sister of Messrs. "Tote" and the late Fred Tate, C.E., all of whom are well known here.

ADVERTISE IN THE TIMES

Y.M.C.A. Track Athletics

Monday, May 25th will see the season before it becomes the personal property of the present holder, who is Mr. Lou Dobson.

opening of track athletics in Peterborough for the summer of 1908, when the annual all round competition for the J. J. Howden trophy, will be held on the Nicholls Oval.

The first race will be called for 9 a.m., and competitors are asked to be on the ground on time. The list of events to be run off are as follows;—

1. One mile run.
2. 100 yard dash.
3. Putting the shot.
4. Running long jump.
5. Hop, step and jump.
6. Running broad jump.
7. High jump.

The program which is under the direction of the Physical Committee of the Y.M.C.A., consists of seven events and is open to all Peterborough. The trophy which is a beauty has to be won three times in succession before it becomes the personal property of the present holder, who is Mr. Lou Dobson.

The first race will be called for 9 a.m., and competitors are asked to be on the ground on time. The list of events to be run off are as follows;—

1. One mile run.
2. 100 yard dash.
3. Putting the shot.
4. Running long jump.
5. Hop, step and jump.
6. Running broad jump.
7. High jump.

Port Hope Electric Light and Power Plant Burned

Port Hope, May 8.—The Port Hope Electric Light and Power Company's plant was completely destroyed by fire shortly after midnight last night. A hot box is supposed to have been the cause. The loss is probably $50,000, with no insurance.

ROYAL

BAKING POWDER

Absolutely Pure

The only baking powder made with Royal Grape Cream of Tartar

No Alum, No Lime Phosphate

Russel-Henderson

An event of more than passing interest took place on Wednesday evening, April 29th, last at the home of Mr. Wm. Russell, Main St., when his third daughter Isabel, was married to Mr. Robt. Henderson, of Manvers. The bride was becomingly dressed in white organdie. Rev. Mr. Johnston officiated. After the congratulations of those present and the signing of the register, dinner was served to the delight and satisfaction of those present.

Mr. and Mrs. Henderson are going to make their home in Manvers where Mr. Henderson is considered one of the most successful and intelligent farmers of the district. May their journey on life's way be pleasant and successful. —Millbrook Reporter.

Weak Women should read my "Book No. 4 For Women". It was written expressly for women who are not well. The Book No. 4 tells of Dr. Shoop's "Night Cure" and just how these soothing, healing, antiseptic suppositories can be successfully applied. The book, and strictly confidential medical advice is entirely free. Write Dr. Shoop, Racine, Wis. The Night Cure is sold by all dealers.

Tremendous Amount of Work Done on G.T.P

Winnipeg, Man., May 7.—During the winter just past a tremendous amount of work has been done on the National Transcontinental Railway, which is being pushed to completion from Lake Superior Junction northwest, of Fort William to Winnipeg to gateway to the prairies.

Owing to the scarcity and prevailing high price of labor in the winter of 1906-7, the work lagged a little, but the loss of time has been more than made up during the eight months just ended.

Your correspondent has recently made two trips over several hundred miles of this work between Winnipeg River Crossing and Lake Superior Junction, and the progress made since the preceding summer was found to be marvellous. The commissioners in charge of the construction of the road are sparing no effort towards the early completion of the work and contractors are using the latest and most improved appliances towards this end.

The roadbed will be the finest ever built in Canada, or for that matter anywhere in America. Little or no trestle work is being put in while the bridges are all of steel, and the culverts of dry stone masonry. Minimum curvature and grades are being secured, and when the Grand Trunk Pacific takes over the line it will have the operation of the finest piece of railroad in America.

Local Barbers May Send Delegate

The Ontario Barbers' Association will meet in Toronto on May 25th, when the question of the fight against barber schools and the licensing of all who wish to become qualified barbers will be considered. The local union barbers meet on the 18th, and will consider the question of sending up a Peterborough representative to the meeting.

To Address the Men

Rev. J. R. Webb, pastor of Murray street Baptist church, will address the young men of Peterborough at 4.15 on Sunday afternoon in the Y.M.C.A.

The Secret of a Beautiful Complexion

When the delicate skin of the face is exposed to the wind and outside atmosphere, it becomes roughened. At first the roughness is too minute to be detected by the naked eye; but under a microscope can be plainly seen. This roughening, increased by repeated exposure, finally results in a complete change in the appearance of the skin—a change for the worse, in time, the velvety softness of the skin disappears and the fresh bloom of the complexion is gone.

If you would regain the fresh, delicate bloom of your complexion, obtain the following from any drug store and apply it daily to your face:

Rose Water, 2 ounces; Cologne Spirits, 1 ounce; Eppstone (skin food), 4 ounces. Put the Eppstone in a pint of hot water (not boiling), and after dissolved, strain and let cool. Then add the Rose Water and Cologne Spirits. It is best to make the preparation at home and follow the directions carefully.

ATHLETICS.

Fred Simpson of the Y.M.C.A. Harriers Club, is working out every day on the indoor track at the "Y" in preparation for the Olympic trials at Toronto on May 25. Simpson says he will take the measure of "Big Chief" Longboat, when they meeting in the trial race of 15 miles in the Queen City.

It is estimated that one merry widow hat would furnish all the protection required for thirteen Doukhobor [illegible]

Spring TirednessCured By Harmless Remed

Many are Using it and receiving benefit from its strength-giving power.

All winter long you worked hard. The took lots of nerve force. It lasted so far, but now it's all gone, and you feel half dead.

Somehow you must get new vitality and more nerve force. The water in your blood must be turned into strength and building material. Your fretful appetite must be braced up. Some new power must be imparted to your weak body.

This is just what happens in using Ferrozone, which is an instant blood maker, blood-enricher and nerve builder.

Ferrozone not only creates keen appetite, it goes further, improves digestion and assimilation, so that every particle of food is converted into nerve and muscle fibres.

By building up new nerve force and making each organ do the work that nature expects of it, Ferrozone quickly increases your weight and instils a reserve of vigor into the system that defies weariness, exhaustion, spring debility or sickness of any kind.

To prove the enormous strengthening power of Ferrozone we quote the following letter from Mrs. Cecil P. Gourmally, well known in Middleville: "Last March I was very run down and thin. I had no appetite and scarcely felt like eating at all. My face was pallid and haggard and I had dark circles under my eyes. My weight was seven pounds under normal, and day by day that awful spring weariness dragged me down. The change Ferrozone wrought was surprising. It must certainly contain wonderful building and strengthening properties, because I gained strength, flesh and appetite from the day I started it. I speedily came back to vigorous buoyant health with Ferrozone, and recommend it as the best medicine any person in weak health can take."

Ferrozone strengthens the weak, restores the anaemia, soothes the nervous, assists men, women and children to better health. Try it 50c. per box or six for $2.50, at all dealers.

Morning Times

This paper is the only Morning Daily published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

Strangers visiting Peterborough are cordially invited to make their headquarters at the office of the Morning and Weekly Times, where they will be furnished with writing material, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $5 per year, strictly in advance.

PETERBOROUGH, MAY 8, 1908

SENATE REFORM

The party which, out of power, poured contempt upon the Senate and demanded its reform or abolition, being in power and having the nominations in its own hands, has shown no haste in dealing with that question. Yet the only thing which has since occurred to change the case is the passing by the Senate, almost without debate, of a bill forcing Roman Catholic schools on the new Provinces against the spirit at least of the constitution, and at the bidding of a foreign power, the Senators at the same time receiving a gratuity from the Government in the shape of an increase to their sessional indemnities. Bystander thinks that the farmers of our federal constituencies trained to constructive statesmanship, here blindly followed the form of the British constitution. The British House of Lords, the hereditary principle being out of date, greatly needs, and is going to undergo reform, but it is not in the pocket of the Minister. It threw out Gladstone's Home Rule bill by an overwhelming majority of the peers of both parties, thereby saving the integrity of the nation, though the bill had been carried by a large majority in the House of Commons. Nor, though new peerages are virtually in the nomination of the Prime Minister, are they all made on party grounds. Lord Hobhouse, Lord Haggers, Lord Tennyson, Lord Wolseley, Lord Strathcona, Lord Roberts, Lord Mount Stephens, Lord Kelvin, are instances to the contrary. It is to be hoped that the country will insist on the fulfilment by Sir Wilfrid Laurier and his associates of the mandate which they sought and received: not merely for the purpose of holding a party to its pledges, but because there is real, great, and urgent need of a purer and more independent House.

How's This

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & Co., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm.

Walding, Kinnan & Marvin.
Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by All Druggists.

Take Hall's Family Pills for constipation.

Up-to-date Souvenirs

Visitors to the city will find the best and most up-to-date assortment of souvenir articles at the Times Bookstore. All places of interest hand painted on Foley China, besides many other souvenier novelties. Desk room provided for those desiring to do their writing down town. Gillespie

Exchangling Their Old Wives For the Lovely New Ones

The Epidemic Condemned by Opponents of Divorce

Sensational Divorce War

New York, May 5.—The epidemic of sensational divorces among New York's Four Hundred during the past year, each attended by a wealth of more or less "spicy" details, has aroused the opponents of divorce to a new and vigorous fight against what they regard as the greatest evil threatening family life in the United States. War is to be waged all along the line and some new phases of the problem that have not been generally discussed hitherto are to come in for attention.

One of these is the treatment of divorce in popular novels and plays. Many of the opponents of the easy dissolution of the marriage tie hold that the presentation of divorce as "the correct thing" in fashionable life and its use by dramatists and writers as an easy escape from marital difficulties do more to encourage it than does open advocacy. An organized movement is being planned here and in other cities to point out the dangers of this modern literary and dramatic tendency, and that it proposes to add to Expurgatorius to mark writers who paint divorce too attractively, bringing several of the most popular playwrights and novelists under the ban.

NOVELS HAVE BAD INFLUENCE.

"The worst thing about novels that deal with the social life loosely pictured in their treatment of the marriage relation seem to put a premium on divorce and to gloss at the seamier side of immorality," said Rev. Brighton Latta, pastor of the fashionable St. Bartholomew's, the church attended by the Vanderbilts, in discussing this subject. "The world is worse off for the exploitation of such literature. There is a certain sort of filth that might better be removed in the night. The marriage relation is too carelessly treated now and books dealing with easy divorce certainly do not encourage a more wholesome regard for its obligations."

"Novels dealing loosely with the marriage question have a certain pernicious influence on young persons," says Mrs. Frederick Sachan, head of a number of women's organizations. "Just how far-reaching is that influence it would be difficult to determine, yet the growth of divorce indicates that some subtle influence is at work and perhaps the novel which is called up-to-date is responsible for a great deal of the trouble."

One of the first of the popular story tellers to fall under the ban of the agitators for a different treatment of divorce in current literature is David Graham Phillips. Unfortunately for Mr. Phillips a new book from his pen in which a divorce and a very frank treatment of the causes leading up to it played a large part, was published a few weeks ago just when this movement was beginning to take shape, and the opponents of divorce immediately seized upon it as an illustration of the sort of thing they were opposing.

The young novelist called his story "Old Wives for New," and this title as well as his handling without gloves some of the shortcomings and frailties of womankind, seems to have been especially irritating to the feminine contingent in the new movement.

WOMAN HAS HER VIEWS.

One of those who return Mr. Phillips' left-handed compliment to woman in kind is Miss Belle De Riviera, honorary president of the New York Federation of Women's Clubs. She says: "Such books as David Graham Phillips' new I. 'Old Wives for New,' are, I should say, distinctly harmful to those readers who have uniformed minds and who look upon the characters in such books as representative of the highest society in our land. Such readers would infer that, if these characters were prone to divorce each other for a mere whim, divorce is looked upon by society with quaminity and should obtain with as much freedom in every walk of social life. It is only to not believe that slovenliness or lack of personal cleanliness on the part of either man or woman gives the other a right to seek relief in divorce. A man takes a woman for his wife, and if she does not maintain that standard of personal appearance that he feels is his due, that gives him no reason for divorcing her."

A masculine attitude is set forth by Eliot Norton, a New York lawyer, with a large practice in divorce cases, who says: "The tendency today is to regard marriage vows lightly and to think that the swapping of 'old wives for new' is almost commendable. The only way to check the evil is to inculcate a high conception of the marriage state. If books are printed which treat marriage as a mere bond tie which can be dissolved on the slightest whim these books are bound to have their effect on the younger generation, if not on the older ones. The result will be seen more frequently in smaller communities, yet such novels have their effect even in the large cities. Any lawyers of experience recognizes the stern fact that divorce is getting to be too common and too lightly considered. This is distinctly attributable to books which describe lives of divorced persons in such a way as to make them attractive to the people."

WEAK-MINDED INFLUENCED.

"There always have been and probably always will be persons in this world of such uniformed minds that they are subject to influence from books and plays," says Dr. Felix Adler, founder of the Ethical Culture Society. "Such persons might be unduly influenced toward divorce by allowing their minds to become instilled with the subtle temptations set forth in a novel dealing with the divorce question in a seductive fashion. They might see the simplicity of undoing their marriage and selecting a new partner, for the reason that the characters may have been selected from what is termed by many novelists, 'the better class of society.' These characters might be so handled by the novelist as to influence the weak-minded reader toward following an unclean example, but such books should not affect people with minds of their own."

The novelists, however, have no intention of abandoning their present position. At least, Mr. Phillips for one has said he does not hesitate to say so. He asserts that those who try to cover up the facts of divorce and the causes leading up to it are doing more to encourage the evil than are writers who frankly tell the truth about it.

"As to whether divorce is an evil or not, or rather as to whether its suppression might not lead to greater evils, I have no opinion," says Mr. Phillips. "If it is an evil no good can come from covering it up. The only hope of improvement is to get right down to the foundation facts of its cause and to face those facts. Apparently there are a great many people, including some of those of high authority in our churches, who believe that divorce is a greater sin than the infraction of the seventh commandment, and who are willing to encourage the latter to prevent the former. At least they hold that there is no forgiveness for divorce while there may be forgiveness for adultery.

NOVELIST MAINTAINS POSITION.

"Anyhow I do not write novels with a purpose. I try to record facts as I see them. Divorce is a fact of American life; it might almost be called an American institution. There fore I feel free to deal with it as it exists and as I see it. As to the legal treatment of divorce and the grounds for which it should be granted it is impossible to say; at least I should not think of attempting it. It is conceivable, however, that to a person of delicate sensibilities some of the things referred to in my book, to which a number of worthy persons seem to have taken exception, might be more unbearable than some of the causes more frequently adduced in courts of law.

"Those who discuss the relations of life in their spiritual or romantic aspects might as well recognize that all human institutions are founded on the earth and that it is necessary to dig down to the foundations to understand the problems involved in human affairs. Physical causes, physical attraction and repulsion, are forces affecting marriage and divorce which we may recognize or not as we see fit. But if I do not quarrel with others for refusing to recognize it they should not quarrel with me because I prefer to do so.

A number of women support this view of the case and have ranged themselves with the playwrights and novelists. One of these, Mrs. Lucy M. Saunders, writing in a magazine, says that in the majority of cases, wives are really responsible for divorce through failure to live up to the ideal that men have applied to them. Viewed in this light novels like the interdicted Phillips book do not encourage divorce, but act as an object lesson to wives to give attention to their mental development and physical appearance and to strive as earnestly to attract after marriage as before.

ACTRESS DEFENDS NOVEL.

Another woman who has come to the defense of the popular novel and play is Miss Rose Stahl, the actress. "I don't see how they are going to throw the blame for the divorce evil on the popular novel," she says in her breezy "Chorus Lady" style. "I can conceive of no circumstance under which you can assume that it is responsible. When a stately, raven-haired, brunette wife, wakes up from a dream of domestic bliss and discovers that her husband's real affinity is a large, blue-eyed blonde, say, she doesn't have to rush to a book shop for one of the "six best sellers" to know that it is all over for her but the alimony. Why, she can find the answer in the little arithmetic she used to carry to school every day. 'One from two leaves one,' and she is that one.' But the real, genuine men and true, loyal women are not getting divorces. They marry for love and they live together in love, in happiness and in mutual respect till death doth them part".

The Five Foot Merry Widow Hats

Seeing so many five foot Merry Widow hats on the street, at the theater, the Crystal, and in fact everywhere you chance to go, to say nothing of hearing the Merry Widow sung by the would-be Caruses and Whitehill, we think it wise to let all sufferers of that prevailing disease known to the medical world as merry widowphrobia, know what it is coming to them if they do not check the disease. Here is a little verse if sung to the merry widow tune, that will give you an idea of how dangerous this epidemic really is.

It's-so-k-d.
Th-Merry Wid-
Da Dum, Da!

May-put-you,
A-way-into
The Hos-P. Tal.

The germ is all about us,
It's in the very air;
It's raving are frigh-ut-ful,
Beware, beware.

The following is a reply to a question asked an authority of the Nicholls Hospital by The Times as to whether there were any patients at the hospital suffering from this disease;

We-have-many
Thus af-flicted,
As you say.

They are humming
Merry Widow,
Night and day.

But we hope with kindness
To make them strong and sane,
And never whistle that fool waltz
Again, again.

It is certainly becoming alarming. It is spreading rapidly and up to the time of going to press it was estimated that there were nearly five thousand citizens of Peterborough suffering from the epidemic, the latest victims being a couple of the cops and the night watchman.

Here is what our office boy remarked after he had heard our lady editor, sing the Merry Widow Waltz.

I was hearing.
Now I'm fearing.
I am stung.

She was witty,
And so pretty;
(When she sung.

It's the grandest music,
It strikes me almost dumb;
Take me in the wagon to,
The A-Sy-Lum.

Birrell's University Bill Accepted by The Catholics

Dublin, May 4.—As a rule, the Irish universities bill, introduced in the House of Commons by Augustine Birrell, chief secretary for Ireland, commends itself to the Irish people as a bold and intelligent attempt to settle the long-burning question of higher education in this country.

The Catholics of Ireland are, almost to a unit, in favour of the measure, and even the Protestants of Belfast regard it with favor.

At a meeting of the Professors and lecturers of Belfast Queen's College yesterday, resolutions were passed unanimously expressing extreme gratification that an earnest attempt was being made to settle the Irish university question on a permanent basis, and rejoicing that the provisions of the measure insured that the proposed new university in Belfast should stand for the same broad, non-sectarian and purely academic basis on which the Queen's College, Belfast, had worked since its establishment, that the university was to be free from all religious tests and ecclesiastical control, and was to be a free and completely self-governing university.

Another resolution stated that the elevation of Queen's College to university rank, would not only add greatly to the dignity of Belfast by making it a university city, but would give a great impetus to higher education throughout Ulster. The Presbyterians of Ulster are not, however, favorably disposed to the bill, for they fear that one of its effects will be to make Magee College, the great Presbyterian seat of learning, subordinate to the Belfast University.

The following are the salient features of the bill:

Two new Universities—one in Dublin, the other in Belfast.

Each is to have a body corporate under name to be afterward decided on. Belfast University is to contain one College—the Queen's.

The new Dublin University is to have three constituent Colleges—Cork and Galway Queen's, and the new college, all with new charters, and reconstructed governing bodies.

The existing Royal University is to be dissolved, and its grant of £30,000 to be equally appropriated between the Belfast and new Dublin Universities.

There are to be no religious tests.

The Universities are to be governed academically, by their Senates, the Crown reserving the right to nominate certain members.

The first Senates are to be nominated for five years. Belfast will have a Senate of 36 and Dublin of 36, and there will be a proportion of women.

On the Belfast Senate there would be one Catholic, and on the Dublin seven Protestants, including Mr. Butcher, M.P.

The first Professor of the Dublin College would be appointed by Statutory Commission, and the president would be a Catholic layman.

The Catholic College at Maynooth and the Presbyterian Magee College are not mentioned, but the idea is that they may be affiliated to one or other of the Universities.

The present Exchequer grants to University education would be increased from £35,500 to £39,000 a year. Belfast would get £16,000 from the church funds, and £18,000 to make the annual endowment £33,000. The endowment and maintenance of the new Dublin University would be £21,000 a year.

Cork Queen's College is to have its income raised from £11,152 to £13,000 a year, and Galway from £10,500 to £12,000.

For new buildings, Belfast is to get a grant of £60,000, and a maximum sum of £150,000 is named for the new University and College in Dublin.

There is a Pink Pain Tablet made by Dr. Shoop', that will positively stop any pain, anywhere, in 20 minutes. Druggists everywhere sell them as Dr. Shoop's Headache Tablets, but they stop other pains as easily as headache. Dr. Shoop's Pink Pain Tablets simply coax blood pressure away from pain centres—that is all. Pain comes from blood pressure—congestion. Stop that pressure with Dr. Shoop's Headache Tablets and pain is instantly gone. 20 Tablets 25c. Sold by all dealers.

OXYDONOR

It applies to all cases, no matter what the form of disease may be. It revitalizes the human body with OXYGEN from the air. OXYGEN is a vital Necessity—the greatest necessity life knows.

You can apply Oxydonor at home while you rest or sleep. No loss of time from your work or business. It is easily applied safe, and always ready for use. Its force never exhausts. It will serve the family, children as well as adults.

Mr. Wm. Beers, 196 York St., Toronto writes: "I have great pleasure in recommending your Oxydonor. When I first got the instrument I was suffering from Sciatica for about four months, and after applying it for five weeks it left me all at once and have not been troubled with it since. I can highly recommend it as a good family doctor, and would not be without it for double the price.

The time for receiving tenders, for the British Columbia Fishery Cruiser will be extended from the First of May until the First of June next.

F. GOURDEAU,
Deputy Minister of Marine and Fisheries.
Ottawa, April 22nd, 1908.

NOTICE

Tenders for Chain for Marine and and Fisheries Dept.

TENDERS

The time for receiving tenders for Chain Shackles and Swivels required by the Marine and Fisheries Department for which tenders have been invited to be received up to the First of May, will be extended up to the 15th of May next. Revised specifications can be seen at the Offices of the Agents of the Marine Department at Halifax, N. S., St. John, N. B., Charlottetown, P.E. I., Montreal, P.Q., and Quebec, P.Q., and at the Department, Ottawa.

Ottawa, 23rd April, 1908.

F. GOURDEAU,
Deputy Minister.

L'Envoi of Housekeeping.

When earth's last picture is dusted
And the floors are painted and dried,
When the oldest carpet is beaten
And the youngest spider has died.

We shall rest—and, faith, we shall need it!—
Lie down for a moment or two
'Till the dust on the grand piano
Shall set us to work anew.

And those that are clean shall be happy.
They shall eat off a kitchen chair
And dash with a seven league broomstick
At the back of the chiffonier.

We shall have real paint to lean on,
Pile everything into the hall
And scrub for hours at a sitting
And never be tired at all.

And the man of the house will praise us
And will (more than probably) blame,
And we never shall get any money
(And certainly not any fame).

But each for the joy of the cleaning
And each in her feminine glee
To look just as well as the neighbors
Per the sake of things they might see.
—Laura Simmons in Circle.

IMPRISONED IN THE SEA.

Cases of Living Men Entombed in Sunken Ships.

A striking example of one among the many strange accidents that befall sailors was reported the other day from Newcastle, N. S. W.

The barkentine Kate Tatham turned turtle in a gale, and one of her crew was shut up in her hold. The survivors, who had climbed on her keel as she heeled over, naturally took it for granted that he was drowned. What was their surprise, therefore, to presently hear faint knockings from beneath their feet, evidently made by their imprisoned comrade.

Help was at hand, and a hole was cut through the ship's bottom, when the man was hauled out, little the worse for his terrible experience. He had, it appeared, been kept alive by the air which had been imprisoned in the hull when the vessel capsized and which, becoming compressed as the water rose, had eventually stopped its further encroachment. He had used a balk of floating timber to support himself.

His imprisonment lasted for two hours, and in the cabled reports sent to England the incident is characterised as unparalleled. This, however, is by no means correct. There are several cases on record of men having lived in similar circumstances in the hulks of capsised ships not hours only, but days, the most remarkable authenticated instance being that of Captain Engallandt of the Erndte, who was rescued alive after an entombment lasting altogether eleven days and eighteen hours.

During this period the derelict, drifting bottom uppermost, was sighted by the masters of several vessels, all of whom, however, passed nonchalantly by, none imagining for a moment that the semisubmerged and capsised hulk contained, shut up in its vitals, a living man.

Eventually the Erndte drifted ashore near Dantzic, and Captain Engallandt was taken out alive, although greatly emaciated.—Pearson's Weekly.

Very Interesting.

"What do you find so very interesting about society?" asked the ordinary person.

"Watching people trying to get in," answered Miss Cayenne.

Time is the great comforter of grief, but the agency by which it works is exhaustion.—Landon.

Young Folks

A MYSTIFYING TRICK.

Seemingly Wonderful Feat May Easily Be Performed.

Here is something that will puzzle the wisest heads to explain, and if you work it on your friends they will conclude that you must be a real wizard. Have some one take an even number of coins or other articles in one hand and an odd number in the other, not letting you know which is which. You are then to tell which hand contains the even and which the odd number. You simply get the person to mentally multiply the number in his right hand by 3 and that in his left hand by 2 and to add the products and tell you

PERFORMING THE TRICK.

whether the sum is even or odd. If it is even, the even number is in the right hand, and if odd it is in the left hand. For example: He puts two coins in his left hand and three in his right. You have him multiply the number in his right hand by 3, that in his left by 2, and add the products, thus—3 times 3 is 9, and 2 times 2 is 4, making 13. He tells you that the sum—13—is odd, and you therefore know that the even number is in the left hand. Had the two coins been in the right hand and the three in the left the operation would have been—2 times 3 added to 3 times 2 makes 12, and this number being even would show that the even number was in the right hand.

Of course this trick depends upon a mathematical principle, and if your friend performs the operation right you cannot help getting the true answer. Multiplying the number in the left hand by 2 must always bring an even number as the product, while multiplying the number in the right hand by 3 brings an even or odd product, according to whether the number in the hand is even or odd; hence when the even number is placed in the right hand the sum of the products must necessarily be even and when in the left odd.

Inoculation for Smallpox.

Lady Mary Wortley Montagu is generally credited with having introduced inoculation into England from Turkey. In 1718 she had her son inoculated at Adrianople with success. She was allowed to have it tried in England on seven condemned criminals in 1721, and in 1722 two members of the royal family were inoculated. The practice was bitterly opposed by the clergy until 1700. A Dr. Mead practiced inoculation with success up to 1754, and Dr. Dunsdale of London inoculated Catherine II. of Russia in 1768. Vaccine inoculation was introduced by Dr. Jenner in 1790.

Auction Sale of Timber Berths

Dokis Indian Reserve

There will be offered for sale by public auction, at an upset price, in the Russell House, in the City of Ottawa, on Wednesday, the 24th day of June, 1908, at the hour of ten o'clock in the forenoon, timber berths numbered 1 to 5, inclusive, covering the pine timber of nine inches in diameter and over at the stump and no other, on the whole of the Dokis Indian Reserve situate on the French River in the Province of Ontario.

Each limit will be offered separately at a bonus, ten per cent of which to be paid in cash on day of sale and notes to be given for the remainder, payable in three, six and nine months, at the Bank of Montreal, in the City of Ottawa, with interest at six per cent, in addition to Crown dues at the rate of $2.00 per M. feet B.M., and $60.00 per M. feet C.M., an annual ground rent of $24.10 and a license fee of $4.00, the cash payment to be forfeited upon failure to pay the balance of bonus within the time above mentioned.

The licenses will be issued in due course after payment of notes above specified, and will be renewable yearly upon compliance with all conditions thereof for a period of ten years and no longer, and will be subject to Manufacturing Conditions in accordance with the provisions of Order of His Excellency in Council of the 19th day of April, 1901.

Dues at the rate above specified to be paid on sworn returns, as required by the Timber Regulations of the Department.

Information regarding the limbered berths in question may be had upon application to the undersigned.

The unauthorized insertion of this advertisement will not be paid for.

J. D. McLEAN,
Secretary.

Department of Indian Affairs,
Ottawa, April 8, 1908.

Tenders for Bending Machine, Sorel

Tenders addressed to the undersigned at Ottawa, and endorsed on the envelope "Tender for Bending Machine, Sorel," will be received at the Department of Marine and Fisheries, Ottawa, up to noon of the

EIGHTEENTH DAY OF MAY, 1908

for the furnishing of one machine for bending steel boiler plates, to be delivered at the Government Shipyard at Sorel, P. Q.

Specifications and detailed information can be obtained from the Department of Marine and Fisheries, Ottawa, from the Director of the Government Shipyard at Sorel, and from the Agent of the Department of Marine and Fisheries, Montreal, P. Q.

Each tender must be accompanied by an accepted cheque on a chartered Canadian Bank, for the sum of $300.00 to the order of the Minister of Marine and Fisheries. This cheque will be forfeited if the party whose tender is accepted declines to enter into a contract to deliver the bending machine, or fails to carry out the contract. If the tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

Newspapers copying this advertisement without authority from the Department will not be paid.

F. GOURDEAU,
Deputy Minister of
Marine and Fisheries.

Department of Marine and Fisheries,
Ottawa, Canada, 21st April, 1908.

Divided into 1,000,000 shares of the par value of $1.00 each, fully paid up and non-assessable, and carrying no personal liability.

TREASURY STOCK, 600,000 SHARES.

HEAD OFFICE---404 McKINNON BUILDING, TORONTO, ONTARIO, CANADA

Read Official Statements as to Gold Discoveries in Larder Lake District in the 16th Annual Report of the Bureau of Mines, 1907.

OFFICERS AND DIRECTORS

President—Stan. Walker, Toronto, Manufacturing Furrier; Vice-President—H. E. Smallpiece, Toronto, Journalist; Treasurer—S. E. McCartney, Toronto, Capitalist; Secretary—H. Murby, Toronto, Cattle Dealer; Managing Director—C. C. Richardson, Toronto, Manufacturing Jeweler; M. Tromer, Toronto, Retail Furrier; David A. Foster, Haileybury, Miner; Solicitor—John A. Ferguson, Temple Building, Toronto; Bankers—Bank of Toronto, Head Office, Toronto.

A SHORT HISTORY

These Larder Lake properties were staked out by the Foster brothers, who are old, experienced miners, who have been prospecting up in that country since 1905. They are practical miners.

When the wealth of the Larder Lake District first leaked out, these men made tracks for this district, and after days of hardship in paddling up rivers and carrying their outfit over portages, they finally found the wonderful gold bearing rock, and after a number of weeks' patient work in following gold indications they staked out 640 acres of what some believe will prove the richest gold bearing rock in the district.

After these men had registered these claims and proved there were no other prior claims to them, they brought samples and proofs to Toronto and succeeded in interesting a number of city merchants by convincing them that not one but many possible fortunes are tied up in these valuable 640 acres. On no reasonable consideration would they sell outright, so a small cash sum was paid to them and so many shares in a company to be formed agreed to be given them.

Had they not believed stock in the company would become valuable it is right to infer that they would not have made such a bargain and tied up their properties.

We believe they will be justified in their decision to retain an interest in the properties as shareholders in our Company.

As we, the members of this Company, were convinced by facts, we wish to convince you by facts also.

The Great Northern Larder Lake Mining Company has no figureheads or salaried men on its board. Each member of the board is a stockholder, by putting in his money and paying for his shares, and each member stands to lose a good pile if it is not properly handled. It is the intention of the company to run things on a strictly business basis, and all dealings must be above board. We want to make money and we want to make money fairly and honestly—on the miner's risk for the miner's reward.

The city merchants took the properties from the owners and prospectors, had transfers duly executed, organized this company, defraying all expenses to date, and have agreed to accept stock in payment. They must pay the original owners out of their holdings. The treasury stock goes for development.

The property consists of 16 claims, 40 acres each, or about 640 acres, west of Larder Lake and bordering on Grassy Lake. Blair & Smith, Government surveyors, of New Liskeard, were surveyors for the Company.

Lot Numbers as registered with the Government are: 3433, 3425, 3436, 3437, 3720, 3721, 3427, 3438, 3723, 3434, 3439, 3724, 3426, 3435

OFFER IN PLAIN WORDS

$ 5.00	buys 50 shares, par value	$ 50.00	$ 10.00	buys 100 shares, par value	$ 100.00

161 SIMCOE ST., PETERBOROUGH

Have secured a block of the

Calumet, Mancos' Oil and Mining Company's Stock

Par value $1.00

What they offer at 25c per Share for a short time

The property is situated at Mancos, Colo., and consists of 160 acres, fully paid for. The Company expects to secure at least 400 acres or more, we are negotiating for it now and the terms are satisfactory and there is coal on the same, and they also intend to secure some Coal Mines of which they have the refusal. Some of che best coal mines in Colorado are in this district, as well as some of the richest gold and silver mines. In fact this is one of the richest parts for mineral in the State of Colorado, and the Company has the refusal to several prospects on reasonable and easy terms.

In our opinion the prospects of the Company are very bright and a rapid advance in the price of the stock is sure to take place in the near future. Full information can be had by calling at our office.

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or Sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at an Agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each an cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of a homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father or mother.

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.

Teaching Children to Save.

Most children are born spendthrifts, and it usually requires more than the feeble art of persuasion to influence them in cultivating the habit of saving. Many methods were tried with my young son, says Sada Ballard in Good Housekeeping, but the confectionery store proved more enticing than trick animals, banks, musical combinations and the general run of things held out to induce the small boy to hoard his pennies. At last I hit upon a happy experiment in a small glass jar with a top that screwed on. In this receptacle the pennies were discernible and get-at-able, so that in keeping track of how many he had the child learned to count. Then he took great delight in saving to see how many the bottle would hold. When it was full a larger bottle was provided, with the contents of the small bottle for a nest egg, and now the boy is proud of his large bottleful of pennies ready to be put in a real bank.

The Japanese Towel.

American women have liked the little Japanese towels ever since they were introduced in this country. This homely necessity is homely only in its usage, for the prints are pretty, resembling some splendid stencil effects. If a number are whipped together, they make the neatest kind of a couch cover; two serve for a roomy pillow cover; one folded makes a laundry bag; they are neat for the dresser, washstand or buffet. The towel is a yard in length and fifteen inches in width. The material looks like a good quality of cheesecloth, and the stencil effect is made in blue, green and red, and often a little black is seen. One can get them in the department stores, but they can always be purchased in any of the Japanese departments.

To Make Wrinkled Sleeves.

The amateur in making her own lingerie waist will have trouble with the sleeves. She will be uncertain upon the long wrinkled sleeve, and should she decide upon the long wrinkled sleeve she will scarcely know how to make the sleeve wrinkle as it should. There should be many tiny little folds laid side by side, evenly and with method, and extending down right to the knuckles, where there is a wired point.

A Practical Gift.

One of the most practical gifts received by a recent bride was a set of sachets just the size for closet shelves, trunks, cedar chests and bureau drawers. They were made of fine sheer flowered batiste, with wide hems all around. Each has one side left open for refilling. The filling was cotton batting rolled in sandalwood sawdust, one of the best odors of the moth and a delight to the human nose.

To Protect Silk Stockings.

In these days of low shoes and thin stockings it is most discouraging for a woman to find that her taut hose supporters have ruined her only pair of silk stockings at the first wearing. When the stocking supporters are fastened to stockings, put a small twofold piece of tissue paper on both sides of the stockings and fasten the clasp upon this paper. It will not tear the holes that are the despair of a tidy woman.

For Finger Bowls.

A woman with a mild mania for things Japanese had little wicker baskets placed before each guest when finger bowls might have been expected. In each basket was a folded napkin of unmistakably Japanese material made moist, but not dripping, with perfumed water. Following the example of the host, each guest untied his napkin and used it, still folded, on lips and fingers.

A Good Curtain Hint.

Lace curtains when pinned on drying frames always stretch more at one end than at the other or in the middle. To avoid this and also to keep them always of their original length, before they are laundered the first time I baste a narrow strip of cloth on each side and across the top. By so doing they come from the wash even in size and absolutely true.

A little arrowroot thickened in a muslin bag and placed in the water in which handkerchiefs are boiled will give the latter a faint and agreeable scent when ironed. If borax is added to the water in which they are finally rinsed, they will assume the right degree of stiffness without being hard, as if actually starched.

Japan is perhaps the only country in the world where the fashions in women's dress have not changed materially in 2,500 years.

The Part Electricity is Said to Play in Their Formation.

The formation of hail through electrical action, according to the theory of scientists attached to the weather bureau at Washington, is an interesting and even wonderful process.

The wind draws out a cloud into a long, narrow strip. In that form, owing to the great amount of surface exposed to the air, the cloud evaporates rapidly, and the rapid evaporation produces intense cold. Dry particles of snow are then formed, and these, by friction with the water drops, quickly become charged with negative electricity. But the water drops themselves carry positive electricity, and, since negative attracts positive, a film of water is formed upon each snow particle and is instantly frozen into a layer of ice.

At this thickness its outer surface remains moist, the water not freezing there so rapidly, whereupon the electrical charge changes from negative to positive, and the particle is repelled by the water drops and driven to the outer parts of the cloud. Here the increased cold covers it with snow again, and friction charges it anew with negative electricity. Repulsion is now once more changed for attraction, and the particles rush back into the cloud, receiving upon their surfaces another film of water, which is turned into second ice layers.

Thus the growing hailstone darts zigzag through the clouds, piling up its alternate layers of snow and ice until gravitation gains control and sends it, with a jingling accord of its fellows, spinning to the ground.

MISS ELIZABETH BURCHENAL.

Teaches Girls in the Public Schools How to Play.

Folk dancing, relay races, shuttle races and athletic games are now the happy portion of the public school girls of New York city. Gymnastic work for girls has always been a problem with the school authorities in the crowded districts of the largest city of the country. In the congested parts where playgrounds are unknown the boys use the streets and sidewalks for ball, but the little girls have to be taught how to play.

The teaching of play is the mission of Miss Elizabeth Burchenal. She is

MISS ELIZABETH BURCHENAL.

director of the girls' branch of the Public School Athletic league. This organization is misleading as to its name, for it is not a part of the public school system. It is a philanthropic society carried on by a group of charitable women who have permission to use the gymnasium of the various schools. The methods of the league are unique. Miss Burchenal alone receives a compensation for her work. She instructs such teachers in the elementary schools to dance as wish to avail themselves of the privilege, and they pass on their knowledge to their little pupils. Both lessons take place out of the regular school hours. The work of the school league is at the beginning of the second year. Over 6,000 little girls from crowded tenement homes were taught the joy of playing last year.—Delineator.

Hand Him a Lemon.

Here are directions for a lemon party:

As the guests arrive at the lemon party meet them at the door and hand him or her a lemon, with a little bundle of Japanese toothpicks. These may be purchased for 5 cents a box, each box containing ten or more little bundles of toothpicks. When all the guests have arrived give them seats at a table, provide each one with a sharp pointed knife and tell them they are expected to make an animal from the lemon they hold and that a prize is to be given to the one who makes the most artistic and a consolation prize for the most grotesque. The prizes for the same may be a silver lemonade spoon for the first and a lemon shaker or squeezer for the second. A lemon race may follow, playing it in the same way that the potato race is played.

The requirements are ten lemons, two vegetable dishes and two tablespoons. The lemons are placed in two parallel rows, five in a row and three feet apart, one of the dishes heading each row. The company forms in two equal lines, one behind each row, the lines being numbered respectively with odd and even numbers. A timekeeper is appointed to keep tally and call time for the contestants, who are allowed just three minutes to do their special "stunt." When all is ready Nos. 1 and 2 take the spoons and start down their respective lines, the object being to see which side owns the most members who can gather up the line of lemons one at a time in a spoon, carry them to the vegetable dish and deposit them without touching the fruit with their hands. All having had a trial, the accounts are balanced, the judge renders his verdict, and a prize is given to the victorious side.

A lemon pie with a good thick meringue affords much fun in its proper distribution as a prize.

The refreshments for the lemon party should all contain lemon in some form. The sandwiches may be chicken

A Royal Wedding Feast.

When Violante Visconti was married to Duke Lionel, son of Edward III. of England, at Milan, the wedding dinner consisted of eighteen courses, including suckling pigs, fish, hares, veal, quail, partridge, trout, beef, capons, lamb, chickens, carp, peacocks, ducks, cheese and cherries. Some of the fish and game were incrusted in gold.

Marie Antoinette.

A small round bathtub invented for the use of Marie Antoinette still bears her name. The dauphinesse used in her baths a decoction of wild thyme and marjoram, to which was added sea salt.

How She Stood.

"Well, Carrie, how do you stand at school?"

"Teacher says I stand awful pigeon toed, but she hopes to break me of the habit."—New York World.

Just a Reminder.

For nine long years he had been wooing the fair daughter of the farm.

"Jennie," he mused as they sat on the old rail fence, catching lightning bugs, "I read the other day that in 50,000 years Niagara Falls will dry up."

Jennie clutched his arm excitedly.

"Oh, Tom!" she exclaimed.

"What, gal?"

"Why, as you promised to take me there on the honeymoon, don't you think we better be a little hasty that it don't dry up before we get there?"

N. B.—The next day the wedding bells rang in the village.—St. Louis Post-Dispatch.

TO THE DISCOURAGED.

Live Up to Your Highest Mental Development and You'll Succeed.

Meet your problems with an effort of the mind. Meet your difficulties, your sorrows, your disappointments, with an effort of the will, which is a struggle of the brain.

Devote your energies to maintaining mental alertness. Remember that the brain inside your skull contains all your hope for the future, all your possibilities of usefulness as well as pleasure, since there alone sensation and real activity exists.

Use your brain to succeed and, above all, use your brain to counteract the depressing, discouraging effects of failure.

Remember that if you do as well as you can you have done all that you ought to do. Don't worry about the superior achievements of others. You have no cause for worry unless your life fails to bring you up to your highest possible degree of mental development.

HELPFUL HINTS.

If the covers of the kitchen range get red and will not blacken easily, try rubbing on lemon juice first, then blacken the usual way.

Wall paper which has been marked with grease may be cleansed by means of a hot iron and a blotter or several sheets of tissue paper.

A small brush, borax and hot water will give a beautiful polish to cut glass. When drained rub with a clean cloth or a soft dry brush.

Hang a child's blackboard in the kitchen, with a piece of chalk attached. It is more convenient than pencil and paper and not so easily lost.

It will be economy to finish your sheets with the same width hem at each end. By so doing they can be used either side up and gain much wear.

Whoever has tried to fasten a nail or screw in a plastered wall will welcome a solution to the puzzle. Borrow a hole slightly larger than the screw, fill with plaster of paris and insert the screw in the moist substance. It will be firm in a very short time.

Normal Schools Soon to Open.

The normal schools which are being built at North Bay, Hamilton, Peterboro and Strafford will shortly be opened. The contractors have practically completed their work. For entrance into these institutions, the obligatory subjects at the July examinations have been reduced from ten to seven. A higher standard, however, will be exacted.

The Minister of Education lays great stress on the personality of the teacher, and he hopes that the success of the scheme which he has inaugurated, will justify him in extending it still further in both high and public schools. Toronto University has also adopted new regulations along these lines.

Ye Maiden Mariner.

She's much afraid of waves, aleak;
Yet though the night be dark above,
She's always ready in a smack
To launch upon the sea of love.

LSON, B. C.

In The Realm of Sport--The Canadian, American and World's Record to Date

"Cherry-Blossom."

THE JAPANESE GIVE GOOD EXAMPLE.

It is a proverb of Cherry Blossom Land that a healthy stomach is the basis of all strength. Good nature is also recognized as of great importance. The Japanese as a people are remarkable for their health, endurance, patience and skill.

The cherry tree is the most highly prized of all in Japan. It not only gives forth a beautiful blossom but the wild cherry tree furnishes a bark which is most highly prized in medicine.

Wild Cherry (*Prunus Virginiana*). The UNITED STATES DISPENSATORY, which is an authority on medicines, says of the properties of this Black Cherrybark: "Uniting with a tonic power the property of calming irritation and diminishing nervous excitability. Adapted to the treatment of diseases in which there is debility of the stomach or of the system." Another authority, KING'S AMERICAN DISPENSATORY says, "it gives tone and strength to the system, needed in fever, cough, and found excellent in consumption." This ingredient is only one of several very important native, medicinal roots in Dr. Pierce's Golden Medical Discovery. This is a remedy which has enjoyed the public approval for nearly forty years, nothing new or untried about it, has cured thousands of people of those chronic, weakening diseases which are accompanied by a cough, such as bronchitis and incipient consumption. More than that, by reason of the other ingredients, Bloodroot, Mandrake, Golden Seal, and Queen's root, all of the medicinal virtues of which are scientifically extracted and combined in Dr. Pierce's Golden Medical Discovery, remarkable cures of dyspepsia and stomach disorders have been accomplished.

Nearly forty years ago, Dr. Pierce discovered that chemically pure glycerine of proper strength is a better solvent and preservative of the active medicinal principles residing in most of our indigenous or native medicinal plants than is alcohol. As its use is entirely unobjectionable, while alcohol is well known when used even in small portions, for a protracted period, to do lasting injury to the human system, especially in the case of delicate women and children, he decided to use chemically pure glycerine instead of the usually employed alcohol in the preparation of his medicines. He found that the glycerine, besides being entirely harmless, possesses intrinsic medicinal properties of great value. Its nutritive properties, Dr. Pierce believes, far surpass those of cod liver oil, entitling it to favorable consideration in all cases of incipient consumption and other wasting diseases. It is an invigorating, tonic alternative and owes its virtues to Nature's vegetable garden. Dr. Pierce is only the scientific gardener who knows how to combine the plants given us by Nature to cure our diseases. This preparation is of pleasant taste, agrees perfectly with rebellious and sensitive stomachs, and is extremely effective in restoring tone and vigor to the entire system. It cures inflammatory troubles of the stomach as well as indigestion and dyspepsia arising from weak stomach. One reason why it restores the health of run-down, pale and emaciated people is because it first throws out the poisons from the blood through the liver and kidneys. It then begins its reconstructive work in building up flesh by first making good, rich, red blood.

Nature's Garden.

The "Golden Medical Discovery" is made in a large laboratory, thoroughly equipped with every scientific appliance, at Buffalo, N. Y. Qualified chemists are in charge of the laboratory, with nearly a score of skilled physicians and surgeons employed to scrutinize, determine and prescribe these remedies and other means of cure as seem best suited to many thousands of cases of chronic diseases which come before them for treatment each year. It costs you nothing to write to Dr. R. V. Pierce—the head of this Institution, at Buffalo, N. Y. and get an accurate medical opinion in your special case and wholly without charge.

NOTICE

Notice is hereby given that a By-Law was passed by the Council of the City of Peterborough on the fourth day of May, A. D. 1908, providing for the issue of debentures to the amount of $3,000 for the purpose of the purchase of a Public Park and that such By-Law was registered in the Registry Office of the County of Peterborough on the eighth day of May, A.D., 1908.

Any motion to quash or set aside the same or any part thereof, must be made within three months after the first publication of this notice, and cannot be made thereafter.

Dated the 8th day of May, 1908.

S. R. ARMSTRONG,
Clerk.

It is estimated that one thirty widow hat would furnish all the protection required for thirteen Doukhobor babies.

Run at the Spring Meeting, O.J.C., Toronto, for Maiden Province-breds, 3-year-olds and up. Present estimated Value, $5,000.

In 1887, the distance, which had previously been 1 1-2 miles, was reduced to 1 1-4 miles, and from that date the winners and times have been:—

1887	Bonnie Duke, Wise	2.19
1888	Harry Cooper, O'Leary	2.13 1-2
1889	Colonist, O'Leary	2.16
1890	Kitestring, Coleman	2.23
1891	Victorious, Gorman	2.14 1-2
1892	O'Donohue, Horton	2.24
1893	Martello, Blaylock	2.16
1894	Joe Miller, Regan	2.20 1-2
1895	Bonnifield, Brooker	2.17 1-2
1896	Millbrook, Lewis	2.19
1897	Ferdinand, Lewis	2.12
1898	Bon Ino, Williams	2.15 1-4
1899	Butter Scotch, Mason	2.16 1-2
1900	Dalmoor, Lewis	2.14
1901	John Ruskin, Vittatoe	2.13 3-4
1902	Lyddite, Walsworight	2.16
1903	Thessalon, Castro	2.15 1-2
1904	Sapper, J. Walsh	2.13
1905	Inferno, H. Phillips	2.12
1906	Slaughter, Treubel	2.11 3-5
1907	Kelvin, J. Foley	2.12 3-5

THE MINTO CUP.

His Excellency the Governor-General having given a trophy, to be known as the Minto Cup, to be played for annually and to be typical of the championship of Canada, the Shamrocks of Montreal and Vancouver, B. C., played for same, and the former won, the Capitals of Ottawa, who had previously won the cup in a match with Cornwall, gracefully surrendering it. The Shamrocks won the cup in 1902, defeating New Westminster. In 1903 and 1904 they again won, defeating Brantford, C.L.A. champions, and the Capitals in a post-season series. They also won in 1905, beating St. Catharines C.L.A. champions, in the two games played. In 1906 the Capitals won from the Tecumsehs. In 1907 the Shamrocks won.

INTERNATIONAL CRICKET.

Of the 34 matches played between Canada and the United States, the latter country have won 23 and Canada 9, 2 having been drawn. The record since 1900 has been as follows:—

1900, at Philadelphia, U. S. by 15 runs
1901, at Ottawa, U.S., by 94 runs
1902, at Philadelphia, U.S., by 1 in 104 runs.
1904, at Toronto, U.S., by 147 runs
1904, at Philadelphia, U. S., by 7 wickets.
1905, at Toronto, Canada, 6 in, 29 runs
1906, at Philadelphia, U.S., by 453 runs.
1907, at Toronto, U.S., by 80 runs

RUGBY FOOTBALL.

Buy Casey Mountain Shares in the

Casey Mountain Cobalt Mining and Developing Co. Ltd.

Chartered by the Ontario Government. Authorized Capital $250,000.00

Par Value of Shares Fully Paid-Up and Non-Assessable $1.00

OFFICERS AND DIRECTORS

PRESIDENT, R. G. Williamson, Toronto, (formerly of Peterborough). VICE-PRESIDENT, James Thompson, Havelock, Ont.
SECRETARY-TREASURER, Dr. H. A. Wood, Peterborough. SUPERINTENDENT, D. Williamson, Haileybury, Ont.
D. A. Reid, Brandon, Manitoba.

HEAD OFFICE—MANNING CHAMBERS—TORONTO—ONTARIO

Why you should buy Casey Mountain shares;—

Casey Mountain shares are fully paid-up and non-assessable.

The Casey Mountain Mining Company has a large area, which has a regular net-work of silver bearing veins, that will go down for thousand of feet.

Casey Mountain has the goods in unlimited quantities sufficient to last for generations.

Casey Mountain estimates that they have a silver bearing vein every 100 feet across the entire property, not counting cross-veins that will be encountered with underground development, and have uncovered 12 to date varying in width from 16 in. to 8 feet.

Casey Mountain is a Mining proposition (not a Stock speculation), and has been developed continuously during the past 10 months, over 300 feet of underground work has been done, and one of the greatest ore bodies encountered that has yet been struck in the District, being 16 feet wide.

Casey Mountain Mines are situated on the adjoining lot to a property that according to good authority was sold last year for one million dollars, and whose shares are being held at $7.00 each.

Casey Mountain is only capitalized at $250,000.00, a very important point to be considered in a Mining Company, and to give a comparison of our capitalization and a Company capitalized at two and one-half million dollars, that is, paying a dividend at the rate of 12 per cent. per annum to its shareholders, which is equal to $300,000.00 on the total capitalization; this amount of cash would mean 120 per cent. to Casey Mountain shareholders. This point is worthy of great consideration for those investing in mining stock.

Dividends Paid by Cobalt Mining Companies

Buffalo Mines Limited, Cobalt, paid during 1907	$ 81,000 00	The Coniagas Mines Limited, Cobalt, paid during 1907	200,000.00
Foster Cobalt Mining Co., Ltd., have paid	45,000 00	The Cobalt Silver Queen, Cobalt, paid during 1907	120,000 00
McKinley Darragh Savage Mining Co., Ltd., have paid	45,000,00	Temiscamings & Hudson Bay Mining Co., Ltd., have paid	746,120.00

(These shares could have been had at 50 cents, and have sold as high as $190.00.)

Cobalt camp has produced $15,000,000 during the past two years.

On the famous Homestead Mine in South Dakota the ore averages about $4.90 per ton, and over $60,000,000 00 has been paid in dividends. The Treadwell Mine in Alaska is running on ore that averages $2 00 a ton, and is paying big dividends.

Casey Mountain Mining Company, Limited, has in sight thousands of tons of silver ore that will run run $20 00 to a ton, and by treating 100 tons per day would means a daily output of $2000 00, and allowing the sum of $500 00 per day for all expenses of mining, concentrating freight and smelter charges, which is a large margin, would give an annual profit of nearly $500,000.00, or 200 per cent. on the total capitalization of the Company. The above figures are on our low grade ore only.

Quantity is what counts in a profitable mine, providing the grade is high enough to leave a margin over and above expenses.

Casey Mountain is practically close Corporation, only sufficient shares having been sold to enable the Company to carry on development until returns are received from shipments, and only a small block remains unsold at par value $1.00 per share.

Buy Casey Mountain shares at once while they are on the market, as this will be positively the last opportunity of securing shares of this Company at One dollar each. Wire or mail reservation for shares to the Head Office, Manning Chambers, Toronto.

Additional information can be had from the Secretary-Treasurer Dr. H. A. Wood, 408 1-2 George street, Peterborough.

Application for Shares

THE CASEY MOUNTAIN COBALT MINING AND DEVELOPING CO. LTD.

Manning Chambers, Toronto, Ontario

Says This Medicine Has Mystic Powers

Will Assist Anyone in Weak, Pale Nervous, Condition to Robust, Hearty Health.

It's in the spring that health gives out—that folks begin to feel draggy, weary, restless,—hate to eat, look pale, feel discouraged.

If you've reached this state, read what J. W. Jewell, well known in Morristown has to say about the medicine that cured him. "Last winter I caught a heavy cold that settled in my back. My kidneys and liver were affected and my health failed. By spring I was in bad shape—couldn't sleep like I used to—felt tired in the morning—ate very little—was terribly depressed, pale and anxious looking. Twinges of rheumatism, frequent neuralgia attacks over the temples made matters worse. The doctor prescribed three times, but didn't help. Then I heard of Dr Hamilton's Pills,—they possess mystic power surely, for I gained and improved day by day and now am in perfect health again. I will praise and use Dr. Hamilton's Pills till I die."

The ingredients in Dr. Hamilton's Pills are pure and wholesome,—come right from the storehouse of Nature in the form of vegetable juices and extracts,—consequently this gentle, invigorating laxative tonic and blood purifier is safe for old and young alike. We assure you of enormous benefit from Dr. Hamilton's Pills which revitalise, delicate glands, search out the seat of hidden disease, flood the body with vigor and health that has caused thousands of broken-down, despairing men and women to join in a mighty song of praise for the beneficient, aid that comes from this king of all tonics. Get Dr. Hamilton's Pills—today—25c. at all dealers.

LEGAL

A. E. DIXON, BARRISTER, SOLICITOR, etc., Office corner of Hunter and George streets. Entrance next to Madill's Drug Store.

DENNISTOUN, PECK & KERR, Barristers, Solicitors, Notaries, etc., 415 Water street. E. A. Peck, R. M. Dennistoun, F. D. Kerr.

CITY AND COUNTY NEWS

DOINGS HERE AND THERE BY TIMES REPORTERS.

For Sale

Second hand canoe in first-class repair. Will be sold at a bargain for cash. Apply at this office for address.

Work Wanted

By the day, hour or job, cutting lawns, removing ashes from cellars, or any kind of work necessary around house or lawn. Apply G. W. Lawson, 490 Bethune street.

Bicycles

Mr. A. Sawers has moved into the shop next to Carty's shoe store, George street, and will be pleased to see his old friends and customers. Now is the time to get your bicycles cleaned and fixed up for summer. All work guaranteed.

Mr. Taylor will Go West

Mr. Albert Taylor, son of Mr. Anthony Taylor, Wescott street, leaves next Wednesday for Winnipeg, Man., whence he will be placed by the Bishop of that Diocese in some mission for the summer months. Mr. Taylor has just completed his third year of study for the Ministry at Wycliffe College, Toronto. Last year this rising young divine was stationed at MacCleary, Man.

Died

At Grayson, Sask., on Monday, May 4, 1908, Catharine Coral Thompson, beloved wife of Dr. G. H. Carlisle. Funeral on Saturday, May 9 at 3 p.m., from the residence of Mr. Geo. Thompson, Division street, Cobourg, to the Cobourg Union cemetery.

Why Mice Are Too Plentiful Here

An evening contemporary states that there is a plague of mice in the city. If the writer of the article lives near the writer of this and has a few nice airy shed roofs near his bedroom window he will contribute another article on the plague of cats in this city. These felines, numerous from general reports, must be devoting the spring evenings to "Love's young dream," or there would be a catastrophy among the superfluous mice.

Three Building Permits Issued

Only three building permits have been issued at the City Hall during the past week. One permit, previously taken out, was cancelled. The permits were as follows:

Jas. Houlihan, porch at residence, 165 Park Hill street—$25.

Chas. H. Huffman, verandah at 196 Dalhousie street—$175.

T. W. Haines, kitchen at house on Romaine street—$175.

Northern Navigation Begun

Navigation in the upper Kawartha waters is open. The steamer "Bob Hall" has made her first trip this season from Lakefield to Young's Point. Still the water is yet too high for this Government tug to do her regular work. The Ada will leave Lakefield Monday morning for the back lakes to bring down the lumber. The canal is now all open and a busy season is anticipated.

Another Butcher Shop

Mr. J. W. Edwards, formerly of Stoutport, Eng., who has been in this city for about a fortnight, and who is a butcher of 40 years' experience, will open a butcher shop shortly at 421 George street, the premises where the late W. H. Wrighton conducted his grocery store for so many years, is now having his shop equipped and completely renovated for the commencement of business.

Rain will Delay Seeding

Reeve Scott of Smith township, was in the city yesterday on business. When asked what effect the present continuous downpour of rain would have in agricultural circles, this chief officer of Smith replied that the lower lying grounds of the township are now flooded and that the rain will greatly delay seeding operations. He remarked further that this month will probably be followed by June before the seeding is completed.

Dog Poisoners Still at Work

Dog poisoners do not as yet seemed to have tried their dope on their selves, but continue their operations to canines. Two more valued dogs have gone on the long scent via the poison route. One of them belonged to Mr. James Merrell, and the other to Mr. J. C. Smith. Both were found dead in the vicinity of Dixon Park and had evidently been poisoned. Mr. J. D. Pentland's dog is missing and it is feared that he has become a victim to a local toxocologist and died in some out of the way spot.

Tired nerves, with that "no ambition" feeling that is commonly felt in spring or early summer, can be easily and quickly altered by taking what is known to druggists everywhere as Dr. Shoop's Restorative. One will absolutely note a changed feeling within 48 hours after beginning to take the Restorative. The bowels get sluggish in the winter-time, the circulation often shows up, the Kidneys are inactive, and even the Heart in many cases grows decidedly weaker. Dr. Shoop's Restorative is recognized everywhere as a genuine tonic to these vital organs. It builds up and strengthens the worn-out weakened nerves; it sharpens the failing appetite, and universally aids digestion. It always quickly brings renewed strength, life, vigor, and ambition. Try it and be convinced. Sold by all dealers.

Personal

—Mr. W. T. Moore, Toronto, was in the city yesterday.

—Mr. W. S. Dickerson, was at the White House yesterday.

—Mr. C. Bissel, Galt, is registered at the Snowdon House.

—Mr. John B. Crapo, Boston, Mass., is a visitor to the city.

—Mr. J. G. G. Kerry, Campbellford, was registered at the National yesterday.

—Mr. S. T. Medd of Peterborough, is visiting in Millbrook. — Millbrook Reporter.

—Dr. Blanchard, V.S., has moved from his former residence on Charlotte street, to 380 Queen street.

—Mr. George Southwell, inspector for the London Life, Peterborough, was in Lindsay today. — Lindsay Warder.

—Mrs. Spence of Peterborough, who has been visiting for a short time at the home of Mr. A. B. Greenbank, has returned home.—Norwood Register.

—Mrs. G. B. Coleman, has gone on a trip to the old country on business. She was accompanied by her little son.

—Col. E. B. Edwards, K.C., formerly city solicitor, and a long time resident of Peterborough, has been elected president of the Canadian Club at Edmonton.

—Miss Clarissa E. Clementi expects to leave Peterborough on the 26th of this month for an extended visit with friends at Red Deer, Alta., She will go via Calgary per C.P.R.

—Mr. Alf. McCaul, formerly of the Ackerman Hygiene Works, who a few days ago fell from his bicycle and broke both thumbs is now in a serious condition. It seems that blood poisoning set in and his doctor now says that he may not survive.

—Mr. and Mrs. Jesty Thompson, late of Rodney, and Mrs. Ira D. Moore of Peterborough, are visiting at the home of Mr. and Mrs. C. J. Searight. Mr. Thompson suffered the loss of his bakery and stock at Rodney by fire recently and has taken a position with a firm in Peterborough.—Norwood Register.

"There's a Reason"

City Topics

IN SHORT FORM FOR BUSY READERS

—There will be a meeting of the Karnots at the Windsor hotel on Monday night.

—The barber shops of the city will be open during the forenoon of Monday, May 25th. They would have the whole day were it not for the fact that the holiday came right after Sunday.

—At the weekly meeting of St. John's Chapter of Brotherhood of St. Andrew's, Mr. George P. Lawly was elected secretary-treasurer in place of Mr. G. M. Bell, resigned.

—Mr. Headburn's central committee rooms will be opened for the first time this evening at No. 418 George street, being the former shop of Mr. R. A. Dutton, fruiter.

—A meeting of the committees in connection with the Missionary Institute was held yesterday evening at the Young Women's Christian Association building.

Piles are easily and quickly checked with Dr. Shoop's Magic Ointment. To prove it I will mail a small trial box as a convincing test. Simply address Dr. Shoop, Racine, Wis. I surely would not send it free unless I was certain that Dr. Shoop's Magic Ointment would stand the test. Remember it is made expressly and alone for swollen, painful, bleeding or itching piles, either external or internal. Large jar 50c. Sold by all dealers.

—There will be a Conservative rally at the Young Conservative Club tonight. Speeches will be in order.

—Yesterday dead conditions again were mourned at the market weigh office. Mr. Ball admits having weighed a few potatoes. Otherwise civic market matters could be described

—The steamer "Dawn" owned by Mr. Rich. Sheehy, on her return trip from Lindsay to Lakefield, Thursday evening, came near being swept over the dam at the latter village. Something wrong with the engine coupled with a swift current. The boat is now laid up for repairs at Lakefield.

—Napanee Beaver: The last drive of logs which the Rathbun Co. expect to bring down the Napanee river, and which has been boomed in Adolphustown cemetery for almost two years, were started over the falls on Monday last. It consists of about 100,000 pieces, and possibly a great number have gone to the bottom on account of the logs being in the water for so long a time.

—It seems that illegal fishing has been in practice at the head of Chemong Lake. A number of young men from the township of Smith have been known to catch bass and maskinonge in this vicinity. Fishing Inspector Peter Nicholls has laid a complaint against these unsportsman like destroyers of fish, and prosecutions will likely follow.

There is a Pink Pain Tablet made by Dr. Shoop, that will positively stop any pain, anywhere, in 20 minutes. Druggists everywhere sell them as Dr. Shoop's Headache Tablets, but they stop other pains as easily as headache. Dr. Shoop's Pink Pain Tablets simply coax blood pressure away from pain centres—that is all. Pain comes from blood pressure—congestion. Stop that pressure with Dr. Shoop's Headache Tablets and pain is instantly gone. 20 Tablets 25c. Sold by all dealers.

—Yesterday a local proud man who had just previously received the generous drip from a George street building at the north end of his collar and tie, remarked, "I'll be jiggered if I don't start a Noah's ark syndicate in this city. If the rain keeps on we will require an ark for safety."

CLAIRVOYANT AIDS SLEUTHS.

Scotland Yard Officials Try to Penetrate Murder Mystery.

The so far impenetrable mystery which surrounds the savage murder of a woman named Dimmock, or Shaw, at her home in St. Paul's road, Camden Town, has driven Scotland Yard to the employment of novel expedients.

For about the first time in a big crime sensation the detectives have sought the aid of the press by sending photographed copies of postcards received by the victim the day before her terrible death.

An even stranger development has to be recorded—no less than the calling in of a famous clairvoyant who had volunteered to do his best to discover the murderer.

All arrangements having been made, the clairvoyant called at the police station to meet the detectives who are specially devoting themselves to the unraveling of the mystery, and went with them to the murdered woman's house.

Here a weird scene was enacted.

After a short inspection of the room, the clairvoyant lay down on the bed where the dead body was found, and apparently sank into a trance. Soon he began to speak in a rapt, tense voice. He described several persons, and he mentioned their names.

Then he proceeded to give a startlingly vivid description of the actual commission of the crime; pictured in detail the appearance of a certain man, and concluded by exclaiming, in answer to a question, "The man you want is on his way to Melbourne."

Altogether, it was an astonishing episode, which impressed even the usually impassive detectives with its seeming quality of reality. What actual value it may have remains to be seen.

DOCTORS MISTAKES

Are said often to be buried six feet under ground. But many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, an other from liver or kidney disease, another from nervous prostration, another with pain here and there, and in this way they present alike to themselves and their easy-going or overbusy doctors, separate diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only *symptoms* caused by some uterine disease. The physician, ignorant of the cause of suffering, keeps up his treatment until large bills are made. The suffering patient gets no better, or perhaps gets worse by wrong treatment, but probably worse. A proper medicine like Dr. Pierce's Favorite Prescription, *directed to the cause*, would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects in any condition of the female system.

A powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nervine "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.

Up-to-date Souvenirs

Visitors to the city will find the best and most up-to-date assortment of souvenir articles at the Times Bookstore. All places of interest hand painted on Foley China, besides many other souvenir novelties. Desk room provided for those desiring to do their writing down town. ald. Gillespie

Meeting Postponed

The meeting of the Physical committee of the Y.M.C.A., billed for last night, has been postponed indefinitely, owing to there being an insufficient number present.

In the Realm of Sport

BASEBALL.

1. E. T. Shipp.
2. Thos. Calhoun.
3. Ethel Carr.

His Order.

He was an untried sportsman, the Washington Star declares, but he entered a tailor's shop and approached a clerk with an air of a champion.

"I am a rower," said he, "and I want to be measured for two pairs of rowing trousers, the kind with the sliding seats."

The Social Moth.

There once was a woman named Jessie
Who bridge whisked away her last pessie.
When forced to dispose
Of her fingers and toes
She remarked, "I shall use my antessie."

Why He Laughed.

Stage Manager (at rehearsal)—But you laughed in the death scene. You mustn't do that.

Actor—With the salary you give me I can only greet death with joy.—Meggendorfer Blatter.

—Nothing doing in police court circles yesterday.

Registration Court Opens May 18th

Now is the time for those wanting to vote at the coming Provincial elections to see that they are duly registered and thus entitled to vote. The registration court, composed of his Honor Judge Weller, his Worship Police Magistrate Dumble, the registrar, Mr. H. Morrow, and the clerk of the County Court, Mr. John Morley, will hold sittings under the Manhood Suffrage Registration Act as follows, in Peterborough,

Monday, May 18th, from 10 a.m. to 1 p.m., and from 2 p.m. to 6 p.m. and from 7.30 p.m. to 9 p.m.

Tuesday, May 19th, from 10 a.m. to 1 p.m., and from 2 p.m., and from 7.30 p.m., to 9 p.m.

Wednesday, May 19th, from 10 a.m. to 1 p.m., and from 2 p.m., to 6 p.m. and from 7.30 p.m. to 9 p.m.

Wednesday, May 20th, from 10 a.m. to 1 p.m., and from 2 p.m., to 6 p.m. and from 7.30 p.m. to 9 p.m.

Saturday, May 23rd, from 10 a.m. to 1 p.m., and from 2 p.m. to 6 p.m. and from 7.30 p.m. to 9 p.m.

From Ward No. 1—At Lewis Spry's shop, 214 Stewart street.

For Ward No. 2—At the Council Chamber.

For Ward No. 3.— At the Police Chamber.

For Ward No. 4 — At Wm. Lee's shop, corner of Smith and George streets.

For Ward No. 5—At the Ashburnham town hall.

A sitting of the Board of Appeal will be held in the City Council Chamber on Friday, May 29th, at eight o'clock p.m., to hear appeals from the decisions of the several registrars.

Fined for Assault on Omemee Citizen

A Lindsay despatch says that a few days ago a man named Henderson who partook too freely of the juice that justifies any old act, assaulted a resident of that village by the name of Ed. Dancy, and passed a few remarks concerning the genealogical tree of Dancy. The result was that County Police Magistrate Moore was called upon to officiate at a case in Omemee. The charge was assault and abusive language. After hearing the evidence the magistrate fined Henderson $2 for the charge of assault, and $5 for the abusive language charge together with the costs of the case. He was admonished to go and sin no more.

QUEEN OF ACTRESSES PRAISES PE-RU-NA.

MISS JULIA MARLOWE.

"I Am Glad To Write My Endorsement Of The Great Remedy Pe-ru-na. I Do So Most Heartily."

Julia Marlowe.

ANY remedy that benefits digestion strengthens the nerves.

The nerve centers require nutrition. If the digestion is impaired, the nerve centers become anemic, and indigestion is the result.

Peruna is not a nervine nor a stimulant. It benefits the nerves by benefiting digestion.

Peruna frees the stomach of catarrhal congestions and normal digestion is the result.

In other words, Peruna goes to the bottom of the whole difficulty, when the disagreeable symptoms disappear.

Mrs. J. C. Jamison, 61 Marchant street, Watsonville, Cal., writes:

"I was troubled with my stomach for six years. I tried many kinds of medicine, also was treated by three doctors. "They said that I had nervous dyspepsia. I was put on a liquid diet for three months.

"I improved under the treatment, but as soon as I stopped taking the medicine, I got bad again.

"I took the medicine for two years, then I got sick again and gave up all hopes of getting cured.

"I saw a testimonial of a man whose case was similar to mine being cured by Peruna, so I thought I would give it a trial.

"I procured a bottle at once and commenced taking it. I have taken several bottles and am entirely cured.

"I have gained in strength and feel like a different person. I believe Peruna is all that is claimed for it."

Nervines, such as coal tar preparations, are doing a great deal of harm. Sleep medicines and headache powders are all alike,—heart depressants, and should not be used. The nerves would be all right, if the digestion were good. Peruna corrects the digestion.

VARICOCELE CURED

NO NAMES USED WITHOUT WRITTEN CONSENT.

Confined to His Home for Weeks.

"Heavy work, severe straining and evil habits of youth brought on a double varicocele. When I worked hard the aching would become severe and I was often laid up for a week at a time. My family physician told me an operation was my only hope—but I dreaded it. I tried several specialists, but soon found out all they wanted was my money. I commenced to look upon all doctors as little better than rogues. One day my boss asked me why I was off work so much and I told him my condition. He advised me to consult Drs. Kennedy & Kennedy, as he had taken treatment from them himself and knew they were square and skilful. I wrote them and got THE NEW METHOD TREATMENT. My progress was somewhat slow and during the first month's treatment I was somewhat discouraged. However, I continued treatment for three months longer and was rewarded with a couple to cure. I could only earn $18 a week in a machine shop before treatment, now I am earning $31 and never lose a day. I wish all sufferers knew of your valuable treatment.

HENRY C. LOCUST.

HAS YOUR BLOOD BEEN DISEASED?

BLOOD POISONS are the most prevalent and most serious diseases. They sap the very life blood of the victim and unless entirely eradicated from the system will cause serious complications. Beware of Mercury. It only suppresses the symptoms—our NEW METHOD cures all blood diseases.

YOUNG OR MIDDLE AGED MEN.—Imprudent acts or later excesses have broken down your system. You feel the symptoms stealing over you. Mentally, physically, and vitally you are not the man you used to be or should be. Will you heed the danger signals?

READER Are you a victim? Have you lost hope? Are you intending to marry? Has your blood been diseased? Have you any weakness? Our NEW METHOD TREATMENT will cure you. What it has done for others it will do for you. Consultation Free. No matter who has treated you, write for an honest opinion Free of Charge. Book, Free—"The Golden Monitor," (Illustrated) on Diseases of Men.

NO NAMES USED WITHOUT WRITTEN CONSENT. PRIVATE. No names on letters or envelopes. Everything confidential. Question list and cost of Treatment FREE FOR HOME TREATMENT.

DRS. KENNEDY & KENNEDY

Cor. Michigan Ave., and Griswold St., Detroit, Mich.

Sail Boat Upsets and Young Man Drowns--First Tragedy

Toronto, May 10.—Gordon Laidlaw, 716 Pape avenue, a young man about 22 years of age, was drowned in the Bay near the Hanlan's Point dock Saturday afternoon shortly after two o'clock. With a friend he was sailing over to the island in a dinghy when the boat was capsized by the strong northwest wind blowing.

A gasoline launch put out for the rescue, and one of the men was picked up, but Laidlaw could not be found. Soon after Eddie Durnett began to drag for the body, but it was not until five o'clock that it was recovered.

Laidlaw was sailing over to the island to spend Sunday with Jos Lindsay a cottager there, and with whom Laidlaw worked in the Featherbone Novelty Company.

Capt. Dave Reynolds of the R.C.Y.C. launch, Hiawatha, picked up two men from an overturned canoe in the middle of the bay. One was pretty well exhausted. They didn't give their names.

New Fish Preserve at Drummond Station

On Saturday Mr. Geo. Allen, engaged with the men at Drummond's Station digging clay for the Lakefield Portland Cement Co., was in the city. In conversation with several local citizens Mr. Allen noted that a new "fish preserve" has been unconsciously constructed at the site where the clay is dry. It seems that a drain had been dug from the excavation at these works to the Otonabee river. Owing to the high water thousands of suckers, bass, maskinonge and other fish have, during the past week, been crowding up the drain to the clay-bank excavation. The men there have gathered up barrels of suckers and shipped the same to Peterborough. They sigh daily as they see four feet long longe and fat bodied bass swimming blandly about within arms' length that the legal season is not on yet. When midnight of June 16th strikes, bass and maskinonge will be elevated with more dematch than cement clay. As it is, now, Mr. Allen, "the man behind the gun" at Drummond's has his work cut out to keep the man's hands on pick and shovel instead of using them to scoop out easily lifted lunge.

Bridgenorth P. O. Has Money Order Dept.

Mr. J. A. Jobs of Bridgenorth, was in the city on Saturday on business. Mr. Job keeps the post office and has a large general store at that summer resort. Mr. Jobs in conversation with The Times Saturday, noted that an important improvement had been made in postal matters at the Bridgenorth office. Last Tuesday Post Office Inspector Merrick was at Bridgenorth, and brought with him the forms, books, etc., used in connection with a post office money order branch. It seems that the Post Offices Department on the 1st of May recognizing the growing importance of that office made Bridgenorth an "accounting" post office and, for the first time authorized the postmaster to issue money orders.

Scoundrels Attempt to Wreck Train

Very general indignation was expressed throughout the city on Saturday as soon as the news became public that a dastardly attempt had been made to wreck the 8.40 Belleville express the night before. It seems that some miscreant with cold-blooded heartlessness, had placed a number of oak ties across the rails near Downer's Corners, with the evident intention of wrecking the train, which was loaded with an unusually large number of passengers. The first intimation of the obstruction was when the cow-catcher struck against the ties, just at the junction of the old Lakefield road. Mud was flung into the engineer's face in clouds and the cowcatcher was smashed. Engineer McMahon immediately closed the throttle, and brought his train to a standstill, when the train hands discovered the ties in front of the pilot. Had one or more of the ties got under the wheels there is no doubt but what a serious accident would have occurred. No clue has been ascertained as to the identity of the scoundrels who thus placed life in such imminent danger.

Suggestion as to Bribery Suppression

To the Editor of The Times:

Sir,—I see in the Review of last night a letter signed "Observer", taking exception to Mr. G. A Gillespie's offer to put up a certain sum, provided his political opponent will do likewise, to ensure a clean electoral campaign. This writer, whether right or wrong, intimates that the grit party, in the past, has spent thousands of dollars for (presumably) buying votes at bygone elections. Observer goes on to advise his leaders to join hands in Mr. Gillespie's suggested agreement.

Now, Sir, the point in my mind is to let the respective leaders go ahead and spend all the money they want on the coming election. Let them start a vote buying competition and out-bid one another for the purchase of Peterborough, provided that anyone accepting a bribe returns the amount paid him should in the opposing candidate put up a similar sum. It seems to me that there are several ways of looking at electoral bribery. The man contemptible enough to approach a voter with money, or offers of it, should have his money taken even if it be handed over to charity. The man who thus takes money is morally free to vote as he chooses, especially if he hands the bribe to charity. If, which in this connection is unlikely, both candidates get agoing and bribe right and left, le the money circulate, but let the various mediums of circulation, the supposedly bribed ones, vote as their judgment, grit or tory, prompts them. This would be the quickest way to stop bribery. If the money circulates, a proportion of it goes to charity and every acceptant votes as he chooses, next election votes would not sell for fifteen cents each.

INDEPENDENT.

Tired nerves, with that "no ambition" feeling that is commonly felt in spring or early summer, can be easily and quickly altered by taking what is known to druggists everywhere as Dr. Shoop's Restorative. One will absolutely note a changed feeling within 48 hours after beginning to take the Restorative. The bowels get sluggish in the winter-time, the circulation often shows up, the Kidneys are inactive, and even the Heart in many cases grows decidedly weaker. Dr. Shoop's Restorative is recognized everywhere as a genuine tonic to these vital organs. It builds up and strengthens the worn-out weakened nerves; it sharpens the fail. appetite, and universally aids digestion. It always quickly brings renewed strength life, vigor, and ambition. Try it and be convinced. Sold by all dealers.

Up-to-date Souvenirs

Visitors to the city will find the best and most up-to-date assortment of souvenir articles at the Times Bookstore. All places of interest hand painted on Foley China, besides many other souvenier novelties. Desk room provided for those desiring to do their writing down town.

Starving, He Ate Good Meal and then Man Died

New York, May 10.—While Mrs. Alice Cahill and her fifteen-year-old son James were at dinner yesterday afternoon in their home, No. 408 Second avenue, a feeble knock sounded on the door. Mrs. Cahill opened the door and saw a famished-looking old man, his shabby clothes soaked with rain, shivering on the threshold.

"What is it?" she asked kindly.

"I am hungry," replied the stranger. "I've had nothing to eat for two days."

"Come right in and eat all you want," said Mrs. Cahill.

The old man refused to enter the room, but sat on the top step of the stairway and ravenously ate all that Mrs. Cahill brought him. After he had finished his meal James ran out in the hall and found the man gasping on the floor. The boy in alarm called his mother.

"Pick me up," said the man; "stand me on my feet."

Mrs. Cahill and her son lifted the man and started to take him downstairs, when they intended to call an ambulance. Even while he was unable to breathe without pain the old man's face bore a deprecating smile.

At the foot of the stairs the sufferer begged them to let him sit down. He sat there a moment trembling, and whispered, "I'm awfully obliged for the meal, but I'm sorry to have disturbed you." Then he leaned over and died.

Dr. Miller of Bleecker and the old man's death was caused by eating too much after a long and severe fast.

Four Young Women Went Cruising and were Drowned

Emporia, Kans., May 9 — Four young women were drowned last night in the Neosho River at Hartford, near here, when their pleasure launch capsized. The dead: Elma Webster, aged 18; Edith Webster, aged 18; Edith Wolhster, aged 16; Grace Lytle, aged 16, and Bessie Lawrence, aged 20.

In company with Kate Griffith, Mary Griffith, Carroll Lytle, Emil Steinhouse, and Howard Lyons, they were cruising in the launch. Just above the dam at Hartford Mill the supply of gasoline gave out, and their engine went dead. Steinhouse, who was acting as engineer, could not swim. Lyons got out of the boat and endeavored to run it ashore, but his strength gave out, and the launch with all its occupants was swept over the dam. Lyons rescued Mary Griffith and Carroll Lytle, while Kate Griffith floated down the river some distance and was rescued by a passer-by attracted by her screams. Only the body of Edith Webster has been recovered.

In the Realm of Sport

BASEBALL.

Following are the results of the ball games played on Saturday in the three big leagues:

EASTERN

Jersey City 2, Buffalo 0
Newark 4, Toronto 1.
Baltimore 2, Rochester 0
Provid nce 10, Montreal 6

NATIONAL

Chicago 1, Pittsburg 0
Brooklyn 0, Philadelphia 1
Boston 3, New York 7

AMERICAN

Chicago 1, St. Louis 2.
Cleveland 4, Detroit 5
New York 2, Boston 4

RACING.

Jamaica

Jamaica Race Track, New York, May 9.—The results of today's races are as follows:

First.

1. Personal, 8 to 1.
2. Arbourite, 4 to 5 for place
3. Havre, 2 to 5 to show

Second.

1. Troublemaker, 6 to 5
2. Sir Toddington, 5 to 2 for place.
3. Druid 8 to 5, to show.

Third.

1. Trance, 11 to 10
2. Top Note, 1 to 4 for place
3. Grinding Belle, 8 to 5 to show

Fourth.

1. Jack Atkin, 13 to 20
2. Rattlesnake out

Only two starters

Fifth.

1. Ida D., 9 to 10
2. Oregano, 8 to 5 place
3. Manuma, 1 to 3 to show.

Sixth.

1. Harsee K., 7 to 2.
2. Baby Wolf, 3 to 5 for place.
3. Grimaldi out to show.

Pimlico

Pimlico Race Track, Baltimore, Md., Saturday, May 9.—The results of today's races are as follows:

First.

1. Lucik R., 2 to 5.
2. Zero, 3 to 5, place.
3. Luard, 7 to 10 to show

Second.

1. Lauraine, 6 to 1.
2. Marquam, 2 to 1 for place
3. Go a Mile, out to show

Third.

1. Marigold, 5 to 1.
2. Grandpa, 2 to 1 for place
3. Round Book out to show.

Fourth.

1. Rio Grand, 7 to 5.
2. Pan D'Oro, 1 to 3 for place
3. Fancy Boy out to show.

BASEBALL.

Hastings, May 9.—A large and enthusiastic gathering of lovers of the ball was held after practice on Monday night at the Royal Hotel, when about twenty supporters of the game joined the club and elected officers.

It was decided to get in communication with the other towns in the district regarding forming a league, and drawing up a schedule.

The following officers were elected:

President—Mr. John Welsh.
Vice-Presidents—Mr. Sam Parks.
Manager—Jas. G. Graham.
Sec.-Treas.—F. Hubbs.
Capt.—Geo. Harmel.
Committee—The manager and captain, and Messrs. Cuthbert, Jack Welsh, H. Streight, Dr. Wade and Jas. Welsh.

ADVERTISE IN THE TIMES.

President Falconer to Speak Here

The Teachers Institutes of both the city and county have united in tendering an invitation to President Falconer, recently appointed president of the University of Toronto, to speak in the Conservatory of Music here on May 21st. In the afternoon he will address the teachers and in the evening will deliver a lecture of general interest to which the public is cordially invited. As President Falconer holds so high a position in Canadian Educational circles, and is a speaker of force and eloquence, it is hoped by the teachers that the people of the city will take this opportunity of seeing and hearing him.

Ald. Phelan Delighted With Result of Trip

Ald. Harry Phelan, chairman of the Board of Works, was in evident high glee on Saturday over the result of his trip to Ottawa with Aldermen Elliott and McIntyre, over the success of their mission to Ottawa. In conversation with a Times representative Ald. Phelan expressed great satisfaction over the reception accorded the local deputation at the capital and the result of their requests for new wharves for the city. Hon. Mr. Pugsley, Minister of Public Works, promised an appropriation of $3000 for repairs to the Wolfe street wharf, and Hon. Mr. Graham, Minister of Railways and Canals, whilst considering the asked for dry dock as being too expensive, promised to build a marine slip here. The dry dock, he said would cost $125,000, whilst the marine slip would practically fulfil the purposes of the former. Peterborough's delegates are to be congratulated on the good work they accomplished.

Explosion on Toronto Bay Kills Two Men, Two Others Dying

Inhaling Steam Causes Instant Death of Firemen--Others Scalded and Cannot Live

A Steam Pipe Bursts

FATALLY INJURED

Bruno Pintal, 30 years, married, chief engineer, Champlain.

William Gouin, 30 years, married, second engineer, Sorel, Que bec.

INJURED.

Fred Charbonneau, 30 years, married, oiler, Sorel.

Toronto, May 10.—Two men are dead, two fatally injured and one man severely scalded as the result of a boiler explosion on the Richelieu & Ontario Navigation Co.'s steamer Brockville, at the Canadian Shipbuilding Co.'s docks, at two o'clock Saturday afternoon.

The explosion took place when a six-inch circulation tube crumpled under a light head of steam after having stood a much more severe test at the hands of the government inspectors.

The tube ahead of the forward end of the boiler. This allowed the steam to burst into a closed forward compartment, where the doors being closed, it was forced back and came out through the firehole into the fire pit, where the five men were at work.

KILLED BY INHALING STEAM

This is but a small space and quickly filled and two of the men, who seemed to have stood directly before the blast, were instantly killed by inhaling the steam.

The chief and second engineers, who were standing a little to the side, escaped instant death, but were frightfully scalded, the skin peeling from their hands and faces.

They dropped unconscious. Charbonneau, the oiler, who was working at the side of the engine, was severely scalded by the escaping steam, which filled the narrow confines of the boiler room. He managed to escape through an exit, through which clouds of steam were pouring. Crazed with pain and enveloped in this steam he was a ghastly figure as he emerged on the deck above.

To those above the explosion sounded as a muffled roar. Clouds of steam poured from every aperture leading from the boiler and engine rooms below.

Knowing that the engine crew were below these above strove to reach them in an attempt at rescue, but were unable to face the deadly fumes.

At last, when the force of the steam had abated, they descended.

The two engineers were found unconscious, but still alive. They were hurried to Grace Hospital in the police ambulance, but are so scalded that it is expected they will die.

Charbonneau was also sent to the hospital in a cab.

The two dead were found lying on their faces. They were brought to the deck and sent to the morgue.

STEAMER BEING REPAIRED.

The Brockville has been lying in dock all winter and was undergoing repairs. Some of her boiler tubes had been renewed, but apparently not the one which gave way.

"No one would ever have thought that that kind of tube would burst in that way," said one boiler expert after viewing the crumpled iron.

The Brockville was to have left Toronto for Kingston, May 28, where she plys between that city and Prescott.

The chief coroner has been notified and will investigate the case.

The relatives of the men are being notified by the company. Schavaguu's brother is employed on the boat.

St. Andrew's Celebrates 73rd Anniversary

Yesterday St. Andrew's church celebrated its seventy-third anniversary. The services marked three events, the seventy-third anniversary, of the dedication of the church rebuilt twenty-two years ago and the ordination of its present pastor, Rev. J. G. Potter. In this connection it is interesting to note that St. Andrew's, in its early stages, was known as the "Auld Kirk," and for many years was in spiritual charge of Rev. J. M. Roger, M.A., who, after the disruption of the Church in Scotland in 1843-4, established St. Paul's church, and was its honored minister for many years, in 1858 Rev. Dr Douglass took charge of the congregation, and, following him, Rev. D. J. Macdonnell, Rev. Kenneth McLennan, Rev. Alexander Bell, Rev. Andrew McWilliams and then the present pastor.

The services yesterday were attended by very large congregations who listened with interest and profit to splendidly delivered and appropriate sermons by Rev. D. R. Drummond, M.A., B.D., of Hamilton, Ont. The collections, which netted a large sum were devoted to the financial fund. The music was of high class and well rendered.

Explosion on Toronto Bay Kills Two Men, Two Others Dying

Fortune Lost for Want of a Patent

Mr. John S. Stephenson of the East Ward, has the honor indirectly of the greatest source of general advertising that Peterborough has ever had, viz., her canoe. Mr. Stephenson, who though over man's allotted three score and ten years is still hearty. He built the first wooden-board canoe when twenty-five years old as the result of carrying the previously used dug-out canoes over several portages whilst on a deer hunting trip. Mr. Stephenson after building these canoes, which at once became popular with all classes, for some years, eventually sold out his business to Mr. J. Z. Rogers.

Had Mr. Stephenson taken out a patent on his canoes when he first got his idea of the board canoes, he would today be ranked among Canada's richest men. The smooth lined Rice Lake canoes were an adaptation of Mr. Stephenson's idea. The difference between the Rice Lake craft and those made here consists in two essentials. The former are made over iron-coated models, so that all nail holes driven in automatically clinch themselves and the ribs, instead of being narrow and some inches apart are broad and meet each other, thus making a perfectly smooth lining to the boat.

Man in the Case was Smith's Brother--A Motive for Tragedy

Though no Grounds for Cause is Shown-- Had Made Threats

Relations Not Cordial

Huntsville, May 10.—A possible motive for the slaying of his wife by Nelson Smith at Huntsville, appears to be jealousy entertained by the dead man regarding the relations of his brother Ezra with Mrs. Smith.

Ezra Smith's home is in Berlin, and it now transpires that Mrs. Ezra Smith obtained an order of separation from him six weeks ago, a settlement on an alimony basis of $3.50 per week being reached. Three weeks later Mrs. Nelson Smith left Berlin to visit her mother at Huntsville. For some time, according to information from Berlin, she and her husband's brother had been so often in each others company as to excite comment. Ezra Smith was employed in a store at Berlin, and she was a frequent caller. Three weeks after her departure Ezra left Berlin without intimating where he was going.

A letter received by Nelson Smith was the cause of his trip to Huntsville. He was observed while on the platform of the Berlin station to be in a highly wrought condition with tears streaming down his face.

HAD MADE THREAT.

It is now said that on one occasion he made threats of shooting his brother.

At the inquest last night it developed that an unsigned telegram was received by Ezra Smith at about four. He was examined closely as to his relations with the murdered woman. He exhibited a postcard from her inviting him to make a visit, and declared that he had only shown Mrs. Smith ordinary courtesy. He had received letters from her, but they were strictly proper.

Letters found on the dead man's person were couched in friendly terms with one exception. This was a missive written on May 6, in which she repudiated him altogether, telling him that she would attend to her own affairs and that he could have the children if he wanted them. This is the letter which Nelson Smith referred to when he asked the superintendent of the railway for leave of absence, saying he had received a letter and had to go to Huntsville without delay.

The inmates of the Geddie home swore that they were unaware of any reason why Nelson Smith should have been jealous, but admitted that for some time the relations of the pair had not been cordial.

Children's Aid Society

PETERBOROUGH.

For the care or neglected and ill-treated children. Incorporated by Act of Legislature, 1896. Information requested. Informants' names kept strictly private. Office hours 10 to 12 a.m., 4 to 5 p.m. GEORGE COCHRANE, Agent and Assistant Secretary. Office Division Court Building.

ADVERTISE IN THE TIMES.

Local Soldiers for Ottawa Tonight

On the midnight C.P.R. train tonight a deputation representing the various city regiments will leave for Ottawa to wait on the Minister of Militia and the Militia Council with a view to obtaining different arrangements for city regiments in the trip to Quebec. Major Clegg and Major Bennett will represent the 57th Regiment.

It is Feared That the Heavy Rains Have Done Damage

It is feared the recent heavy rains have done a great amount of damage in this district and farmers are in a serious frame of mind. In the low lands the seed has all been washed out or drowned and in the high land little farm work has yet been done. This will be a great set back to the crops.

First Aid to the Drowning

DROWNING.—Loosen clothing, if any. Empty lungs of water by laying body on its stomach and lifting it by the middle so that the head hangs down. Pull tongue forward. Imitate motion of respiration by alternately compressing and expanding the lower ribs about twenty times a minute. Alternately raising and lowering the arms from the sides up above the head will stimulate the action of the lungs. Let it be done gently but persistently. Apply warmth and friction to extremities. By holding tongue forward, closing the nostrils and pressing the "Adams Apple" back (so as to close entrance to stomach), direct inflation can be tried. Take a deep breath and breathe it forcibly into the mouth of the patient, compress the chest to expel the air and repeat the operation. When breathing begins, get patient into a warm bed, and give warm drinks, or spirits in teaspoonfuls, fresh air and quiet.

POISONING.—Call a physician. Induce vomiting. As antidote for acids use alkalies and vice versa. Alkalies to use are soap-suds, magnesia, lime-water, ammonia diluted. Acids to use are vinegar and lemon juice. Against carbolic acid, give flour and water or mucilaginous drinks. Against arsenic, rat-poison, paris green, give milk, raw eggs, sweet oil, flour and water in large doses. Against bug poison, corrosive sublimate, sugar of lead, blue vitrol, give whites of eggs or milk in large doses. Against opium, morphine, laudanum, Paregoric, give strong coffee an dkeep awake and moving at any cost.

BURNS and SCALDS.—Cover with cooking soda and lay wet cloths over it. Or use whites of eggs and olive oil, or olive or linseed oil, plain or mixed with chalk or whiting.

LIGHTNING.—Dash cold water over a person struck.

SUNSTROKE.—Loosen clothing. Get patient into shade and apply ice cold water to head.

MAD DOG OR SNAKE BITE.— Tie cord tight above wound, suck the wound and cauterize with caustic or white-hot iron at once, or cut out and joining parts with a sharp knife.

VENOMOUS INSECTS' STINGS, etc.—Apply weak ammonia, oil, salt water or iodine.

CINDERS IN THE EYE.—Roll soft paper up like a lamp lighter and wet the tip to remove, or use a medicine dropper to draw it out. Rub the other eye.

Lift Lock Repairs Completed

The Peterborough lift lock is now ready for operation. The lock has undergone many improvements this spring, including the painting of the interior of the big pontoons. It is expected that the traffic this summer, both in freight and passengers will be much larger than last season. The Otonabee Navigation Co., expect to run a number of excursions over the lock to the upper waters.

Will Compete in Road Race

The Times had it yesterday on seemingly good authority that a road race will be run from Lakefield to Peterborough. The contestants in this race will be Mr. Charles Dunnett of the Peterborough House and Mr. James Kelly an ex-local Boniface. This race, which will probably take place on the 18th of this month is the result of a long time athletic rivalry between the parties and a good long side bet is at the back of it.

Death of Mr. Alex. Hamilton

Word was received in the city on Saturday night of the death of Mr. Alex. Hamilton, at Whitepine. Mr. Hamilton was a former resident of Peterborough, and has been engaged in the lumber business in the north country for the past 15 years.

The body will be brought here for burial on Tuesday.

Hurtubise will Meet Rogers on Friday, May 22

Arrangements were completed late Saturday night for the handicap wrestling match between "Yankee" Rogers, the American heavyweight, and Gene Hurtubise the local wrestler. The conditions call for Rogers to throw Hurtubise three times in an hour and if he succeeds he will receive $200, but if he fails to do the trick he gets nothing. May the 22nd, is the date decided upon for the match which will be pulled off at the Grand Opera house. This go will prove the most interesting of the many wrestling bouts that have taken place in Peterborough, as Rogers has a long list of victories, to his credit, and he is known the continent over as a top notcher in the heavyweight wrestling class. Hurtubise also has quite a number of scalps at his belt, he having defeated all comers as an amateur, and beat Frank Kennedy three straights since he turned pro.

A couple of good preliminaries will be pulled off before the main go takes place and a good evening's entertainment is ensured.

Toronto, May 9.—Young Muldoon the New England mat artist, defeated Artie Edmunds of this city at the Labor Temple tonight, before a large crowd, securing two falls out of three, in a very rough bout.

A RECORD HANDICAP.

About the quickest handicap match ever pulled off in Peterborough, or, for that matter, any place else, was held at the Y.M.C.A. Saturday afternoon, when George McDonald, and a young man by the name of Stewart, came together. The conditions called for McDonald throwing his man five times in five minutes, and he succeeded in doing so.

GOTCH WANTS THREE BATTLES.

Des Moines, Ia., May 9. —Frank Gotch, champion wrestler of the world, has issued a challenge offering to meet the three best men of Europe in this country in three succeeding months, meeting the first in September, the second in October and the third in November.

Gotch named Hackenschmidt as the first of the three, Zybsco as the second, and any man whom European experts pickk as the third.

Gotch does not plan to take part in another big match for some time. His contract with a theatrical company extends to June, after which he will go to Chicago, and then retire to his Humboldt farm for a few weeks' rest.

Ottawa, May 9.—The Olympic Committee have appointed J. H. Crocker, of Toronto, as manager of the Canadian track team and W. Sherring, of Hamilton, as coach. The team will be selected on June 6th, and will sail for England on the 12th. It will consist of fifteen men.

Mr. A. E. Long, Peterborough, has accepted a position with the Nelson Woollen Mills. He is a baseball player and has signed an Oriental certificate.

Barrie Advance: Bill Landry, who is now in Peterborough, has signed to play third base with the Athletic Baseball Club of that city. He is considered a valuable acquisition to the team. When Bill left here he promised to arrange to bring the Peterborough club to Barrie for a mid-summer game.

Harry Stevens, who played first base for the Wideawakes last year, and who is now located in Peterborough, will figure on the line-up of the city league teams on the 24th. He will play under Manager Jeffer, also a former Lindsayite.—Lindsay Warder.

Maddock, Burns, O'Brien, Murphy, Edmunds and other members of the Peterborough baseball team, had a workout at Central Park Saturday afternoon.

Hang On

Coffee Topers as Bad as Others

"A friend of our family will with us a short time was a great coffee drinker and a continual sufferer with dyspepsia. He admitted that coffee disagreed with him, but you know the coffee drinker will hang to his coffee, even if he knows it causes dyspepsia.

"One day he said to me that Postum Food Coffee had been recommended suggested that he would much to try it. I secured a package and made it strictly according to directions. He was delighted with the new beverage, as was every member of family. He became very fond of it and in a short time his dyspepsia disappeared. He continued using Postum and in about three months twelve pounds.

"My husband is a practicing physician and regards Postum as a healthful of all beverages, for he drinks coffee, but is very fond of Postum. In fact, all of our friends and we never think of drinking coffee any more." Read "The Road to Wellville," in pkgs. "There's a reason."

Ever Read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

Many Get Consumption in Spring Months

The System is Generally Run Down and Lacks Power to Destroy the Germ.

Winter takes the vitality and snap out of us all. Instead of being rich and healthful, the blood is sure to be thin and watery in the spring. An overpowering tiredness comes upon us —this is followed by dead weakness, tone of sleep, poor appetite and depression.

Doctors all say the only hope lies in supplying lots of new blood which must be brimming with vitality and building material.

The quickest way to get the necessary supply of vitalized blood is by taking Ferrozone. It establishes a high standard of blood, increases nerve force, restores bodily vigor in a truly marvelous way.

You are amply protected from spring fever and debility diseases by using Ferrozone,—This is proved by Mrs. S. J. Richards, of Manotick, Ont., who tells in the following words how she gained in health and spirit from Ferrozone: "For about two years I was not well. I was thin and anaemic. Towards spring I fell into a condition of nervous exhaustion that made life scarcely worth living. A dead tiredness seemed to hang over me like a load of lead. I simply could not do housework of any kind. A bad cough developed that worried me greatly, for I thought it might be tubercular. When I first read about Ferrozone I was convinced it was good. I took it regularly for about eight weeks and the change in my health was wonderful. My cheeks filled out and became clear and rosy. I gained eight pounds in weight and am now as strong and vigorous as possible."

Ferrozone feeds and nourishes the organs that require assistance. It sends the thrill and vim of robust health from head to feet, makes you feel better at once. Won't you use Ferrozone? Sold everywhere; 50 chocolate-coated tablets in a box for 50 cents, or six boxes for $2.50, at all dealers.

Morning Times

This paper is the only Morning Daily published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

Strangers visiting Peterborough are cordially invited to make their headquarters at the office of the Morning and Weekly Times, where they will be furnished with writing material, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $3 per year, strictly in advance.

PETERBOROUGH, MAY 11 1908

ANOTHER ARBITRATION TREAT

An arbitration treaty between the United States and Japan is a far more pleasant accompaniment to the visit of the American fleet to the Pacific than the street music which was feared from the Coast cities. Arbitration treaties are by no means absolute insurances against war; but they ought to make for delay and that "sober second thought" which in times past might have prevented many a bloody struggle. The more red tape we can get entwined with the machinery of the negotiations through which the Governments must declare war, the more chance will the forces of peace and trade, and all the arts that flourish only when the cannon are silent, have to prevent the fatal words ever being spoken at all. This is about the only known place where red tape would do good.

After all, the best preservative of peace is the instruction of the people in the terrible cost of war. It is the common experience of humanity that the people who know the least of war are the readiest to wage it. The British people, for example, are said to be war-like; and, if they are, this pugnacious spirit is undoubtedly due to the fact that for centuries the British people have not known what it is to have war at their own doors. Any war in which they engage must be fought abroad, and the people themselves — the stay-at-home voters who decide the fate of government — never see anything of it but the return of the heroes in glory; and the visits of the tax-gatherer. This last however, is a sordid deterrent, and fails to keep in check a proud race who feel that their honor has been touched. The American people offer another illustration. The moment a generation grew up which knew nothing of the Civil War save its honors —and pensions—this secure democracy began to sniff the breeze for the smell of powder.

The Continental peoples know more of war in their own streets. They have felt its heavy hand so often that they look forward to conflict with a heavy heart. The Japanese will now be peaceful for a time under the grim shadow of their late life-struggle with mighty Russia; but it is altogether likely that when they begin to forget its ghastly battlefields, its horror-filled hospitals and its heavy burden of taxation, and to remember only its splendid victories and their augmented national prestige, the world will see a new war spirit arise in the Britain of the East. Thus it is not without need that an arbitration engagement be placed between two powers whose experiences will tempt them toward war, but whose interests, if fully understood, will hold them impassively back. A war between Japan and the United States ought to be impossible while the world-issues are what they are. Such a conflict would expose the flank of Asia to the predatory powers and put its industrial development back a half century.

THE DRAGON FLY.

Singularly Adapted to its Life of Aerial Piracy.

No one could fail to be struck with the singularly perfect adaptation of the dragon fly's structure to a life of aerial piracy. The four wings are large and in proportion to their weight enormously strong. Each is supported by a wonderfully arranged network of slender ribs, which give the necessary rigidity to the thin, transparent membrane forming its basis. The muscles by which the wings are moved are massive and powerful and are so arranged among themselves that the animal is capable of steering its course with an unerring accuracy which any bird might envy. In this power it is largely aided by a marvelous keenness of sight, for in addition to the two great, gorgeously colored compound eyes which make up so much of the head the insect possesses three smaller "simple" eyes, making five eyes in all. The prey when overtaken is seized and devoured by means of powerful, sharply toothed jaws.

An animal which lives such an active life naturally requires a very perfect breathing apparatus, and this is amply provided by a system of holes on the sides of the body which open into an elaborate network of air tubes, supplying every part of the system. The air in these tubes is constantly renewed by the regular compression and dilatation of the body by special muscles.—Chambers' Journal.

HIBERNATION.

How and Why Some Animals Exist All Winter Without Food.

The philosophy or nature of hibernation and why and how it is that the hibernating creatures can go so long without food are interesting studies.

In the first place, the creature in order to enable it to sustain life throughout the long winter during which it hibernates is endowed with the capacity of accumulating within its body a large quantity of fat. This fat is to the animal what a well stocked coal cellar is to a fire, and until the whole of it has been consumed the tissue of the body proper remains untouched. It has been ascertained that animals can endure the waste of tissue until it amounts to 40 per cent of their normal weight. Should the weight be reduced beyond that point the result is death. But nature comes to the rescue of the hibernating creatures in another way. When the hibernation begins, respiration and digestion almost cease (in some cases they cease absolutely), and the circulation is only just active enough to sustain life. As a consequence of this the wear and tear is reduced to the minimum, and the creature is enabled to pull through.

Peter the Great.

Peter the Great consumed baked geese stuffed with apples and considered it a fine dish.

Dear Coffee.

Louis XIV. of France drank the first cup of coffee made in western Europe. Coffee was then worth £5 16s. a pound.

Ancient Wines.

The wines of the ancients would not be thought palatable today, for they were mixed with sea water, resin, salt, pitch and aromatic herbs, exposed in smoky garrets till reduced to a syrup and then strained and mixed with water.

The Great Northern Larder Lake Mining Company is incorporated by Letters Patent of the Ontario Government under the Ontario Companies Act.

AUTHORIZED CAPITAL $1,000,000

Divided into 1,000,000 shares of the par value of $1.00 each, fully paid up and non-assessable, and carrying no personal liability.

TREASURY STOCK, 600,000 SHARES

HEAD OFFICE---434 McKINNON BUILDING, TORONTO, ONTARIO, CANADA

Read Official Statements as to Gold Discoveries in Larder Lake District in the 16th Annual Report of the Bureau of Mines, 1907.

OFFICERS AND DIRECTORS

President—Stan. Walker, Toronto, Manufacturing Furrier; Vice-President—H. E. Smallpiece, Toronto, Journalist; Treasurer—S. E. McCartney, Toronto, Capitalist; Secretary—H. Mundy, Toronto, Cattle Dealer; Managing Director—C. C. Richardson, Toronto, Manufacturing Jeweler; M. Tromer, Toronto, Retail Furrier; David A. Foster, Haileybury, Miner; Solicitor—John A. Ferguson, Temple Building, Toronto; Bankers—Bank of Toronto, Head Office, Toronto.

A SHORT HISTORY

These Larder Lake properties were staked out by the Foster brothers, who are old, experienced miners, who have been prospecting up in that country since 1906. They are practical miners.

When the wealth of the Larder Lake District first leaked out, those men made tracks for this district, and after days of hardships in paddling up rivers and carrying their outfit over portages, they finally found the wonderful gold bearing rock, and after a number of weeks' patient work in following gold indications they staked out 560 acres of what some believe will prove the richest gold bearing rock in the district.

After these men had registered these claims and proved there were no other prior claims to them, they brought samples and proofs to Toronto and succeeded in interesting a number of city merchants by convincing them that not one but many possible fortunes are tied up in these valuable 560 acres. On no reasonable consideration would they sell outright, so a small cash sum was paid to them and so many shares in a company to be formed agreed to be given them.

Had they not believed stock in the company would become valuable it is right to infer that they would not have made such a bargain and tied up their properties.

We believe they will be justified in their decision to retain an interest in the properties as shareholders in our Company.

As we, the members of this Company, were convinced by facts, we wish to convince you by facts also.

The Great Northern Larder Lake Mining Company has no figureheads or salaried men on its board. Each member of the board is a stockholder, by putting in his money and paying for his shares, and each member stands to lose a good pile if it is not properly handled. It is the intention of the company to run things on a strictly business basis, and all dealings must be above board. We want to make money and we want to make money fairly and honestly—on the miner's risk for the miner's reward.

The city merchants took the properties from the owners and prospectors, had transfers duly executed, organized this company, defraying all expenses to date, and have agreed to accept stock in payment. They must pay the original owners out of their holdings. The treasury stock goes for development.

The property consists of 14 claims, 40 acres each, or about 560 acres, west of Larder Lake and bordering on Grassy Lake. Blair & Smith, Government surveyors, of New Liskeard, were surveyors for the Company.

Lot Numbers as registered with the Government are: 3433, 3425, 3436, 3437, 3720, 3721, 3427, 3438, 3723, 3434, 3439, 3724, 3426, 3435.

Brokers and Fiscal Agents,

161 SIMCOE ST., PETERBOROUGH

Have secured a block of the

Calumet, Mancos' Oil and Mining Company's Stock

Par value $1.00

What they offer at 25c per Share for a short time

The property is situated at Mancos, Colo., and consists of 160 acres, fully paid for. The Company expects to secure at least 400 acres or more, we are negotiating for it now and the terms are satisfactory and there is coal on the same, and they also intend to secure some Coal Mines of which they have the refusal. Some of the best coal mines in Colorado are in this district, as well as some of the richest gold and silver mines. In fact this is one of the richest parts for mineral in the State of Colorado, and the Company has the refusal to several prospects on reasonable and easy terms.

In our opinion the prospects of the Company are very bright and a rapid advance in the price of the stock is sure to take place in the near future. Full information can be had by calling at our office.

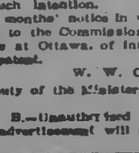
ADVERTISE IN THE TIMES.



SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or Sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at an Agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of a homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father or mother.

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid for.

ADVERTISE IN THE TIMES.

OUR TIMBER SUPPLY.

Need For Protection and Proper Treatment of Canadian Forests.

France is one of the greatest timber importing countries of Europe. Over $30,000,000 were paid in 1906 by this country for wood brought in from other countries, American and European.

This includes over $20,000,000 worth of wood (mostly pine) used for building purposes, and $500,000 for mine props alone. The great amount of wood used for paper pulp and a few minor purposes brings the total up to the thirty million dollars.

On this timber another $10,000,000 was paid in freight—mostly to other countries, for the French flag is flown by only about ten per cent. of the ships in which this wood is carried. And import duties claim another sum of $8,000,000.

The quantity of wood exported from France, on the other hand, in 1906, did not amount to more than $16,400,000.

Yet the forests of France are by no means small. They cover an area of over 23,500,000 acres. Of this a little over a ninth (2,707,000 acres) is in the hands of the state, and is very carefully managed. Over a seventh of the area (3,472,000 acres) is under the control of the departments and communes and is not so carefully looked after. The rest is in private hands and often large tracts are sold to speculators and recklessly cut, everything of value being taken off them.

This state of affairs demonstrates the wisdom of the course pursued in almost the whole of Canada, namely, keeping the ownership of the forests in the hands of the crown, so that the Dominion and the different Provincial Governments may have the power to make regulations for the cutting, with the result that practically all of the forests may be so treated as to give continuous crops of wood and become a permanent asset of the people.

Canada at present is one of the few countries in the world that can export timber, having a surplus over that required for its own use. Such a surplus is a most valuable asset, and promises—far from decreasing in value—to increase rapidly and greatly in years to come, owing to the growing scarcity of wood.

It is for this country, therefore, to exercise great care both in protecting the timber it has and in providing for future supplies from the same ground. This will require the employment of a large number of men, many of them possessing a high degree of technical and scientific training. It is gratifying to note that already some steps have been taken to care for our timber and provide a staff of trained men to look after it. Much more remains to be done, and it is for the people of Canada to see that arrangements are made for the proper care of one of her most valuable resources.

LIKE F[illegible] OF THE WOLF.

Quebec Celebration Causes Friction in Eastern Province.

There is still a good deal of friction at Quebec over the participation of outsiders in the coming celebration. It is only just to say, however, that the following article from La Verite reflects the opinion of a very small portion of the population of the ancient capital.

La Verite claims that it will not be a Catholic celebration in August next, as the good people of Quebec expected, but the celebration of Canada as a whole.

It is not the foundation of Quebec by the French, no; they want to celebrate the capture of the city by the English. It is not so it appears, the three hundredth anniversary of the planting of the cross and the flag of our ancestors on Cape Diamond, but instead the 149th anniversary of the defeat of our heroes by the English troops.

"We wished to celebrate the commencement of our history, but they will instead celebrate the beginning of British domination in this country. The symbol which they propose to acclaim is the angel of peace, but to what peace do they refer. If it is the peace that the generosity of our people caused to reign around Quebec, so much the better, but it is the more extended peace which they are going to commemorate. It is the peace following the abolition of the French language in several of the provinces. It is the peace following the destruction of Catholic schools in New Brunswick, in Manitoba, in Alberta and Saskatchewan.

"In a word it is the peace which reigns after the wolf has eaten the lamb and sleeps after his bloody repast."

Preserving Niagara Falls.

Persistent efforts are to be made in Congress at Washington to prevent the re-enactment of what is known as the Burton law, passed in 1906, governing the disposition of the waters of the Ningara Falls. The object of the enactment was to conserve the waters of the falls against the encroachment of commercial enterprises. It was destined, as a purely temporary measure, to be supplanted by a general convention or treaty on this subject between the United States and Canada which is intended to cover also the disposition of other waters forming a boundary line between the two countries.

The Burton law expires in less than a year and a half. Those opposing its re-enactment for ten years, as is proposed in some quarters, declare this is a distinct advantage to the Canadians, who because such a large portion of the falls are on the Canadian side of the river, are content to let existing conditions remain, in preference to agreeing to a treaty which will restrict the privileges they now enjoy. The International Waterways Commission, which is made up of members from the United States and Canada, has turned in a mass of information on the whole question, which has been laid before the two Governments for their consideration. The United States Government is anxious that some disposition shall be reached in the whole matter, and that at an early date. It wants a treaty prepared and ratified [illegible] session of Congress, if [illegible]

Touching.

"Not a cent," replied the rich man coldly. "Money is not good for the poor."

"Well," responded the applicant, "just pretend that you have a grudge against me."

Obliging Jailer.

Mayor—Where are you going? Village Constable—The three tramps I just locked up want to play whist, and I'm looking for a fourth.—Translation.

CLIMBED MOUNT ROBSON.

Clergyman Explores Highest Peak of the Canadian Rockies.

Rev. G. R. B. Kinney, B. A., pastor of the James Bay Methodist Church, of Victoria, B. C., is an explorer as well as a parson.

In company with Dr. Coleman, geologist of the University of Toronto, and generally considered one of the first geologists in Canada, and his brother, a big rancher, who has made a number of similar excursions in past years, Mr. Kinney left Yaggan on Aug. 1 last, and did not return to civilization until the 11th of December, when they arrived at Edmonton. Their objective point was to climb the summit of Mount Robson, a virgin peak and the highest of all the Canadian Rockies, said to be 13,700 feet above the sea level. Twice they went through the famous Yellow Head Pass, where the Grand Trunk Pacific Railway will be built, passing the pack trains and camps of the surveyors. The route through the pass and eastward has been decided upon. The grade is the lowest of any of the Transcontinental Railway routes, Mr. Kinney says, the average grade being only one-tenth of one per cent., whilst the steepest anywhere is only fourtenth of one per cent. The scenery is not very rugged, there not being many high mountains in the vicinity. The track will, however, pass a number of beautiful lakes, including Yellow Head Lake, which is a little west of the pass, a very fine sheet of water eight or ten miles in length. The trains will run along the shore of this lake as well as of Moose Lake, a larger body of water lying farther west, the waters of which flow into the Fraser River. Its shores are covered with timber, largely Douglas fir, right down to the water's edge.

Mount Peele is a pyramid-like mountain, not far from Yellow Head Lake, a landmark towering far above its fellows, although its height does not exceed 9,000 feet above sea level. Mount Robson is quite near where the new railway will pass. It rises 10,000 feet above the surrounding valley, a truly gorgeous sight with its almost precipitous sides and with the covering of perpetual snow on its upper part.

KIER HARDIE IN INDIA.

Feared In London Mutiny May Take Form of Gigantic Strike.

Considerable apprehension is felt in London as to the result of Kier Hardie's exhultions on the inflammable temperaments of India.

The wordy Labor leader has told the natives of Bengal that conditions in India are worse than in Russia, and the atrocities committed there, if known in England would provoke more horror than did the Turkish outrages in Armenia.

All India, with its teeming millions, certainly had been disturbed during the last few months; there had been a long series of murderous assaults upon Europeans, and attempts had been made to corrupt the native troops. One authority, whose views has attracted considerable attention, makes the prediction that, while there will be "no second Indian rising in our time, there is likely to be something more dangerous and baffling."

"The modern weapon of revolution," says this authority, "is the strike. In one way caste is, strictly speaking, a form of trade union. There are among the Hindoos the bakers' caste, the cooks' caste, the washerman caste, and so on. No baker may wash his own clothes; no washerman may prepare his own food. If the Hindoos strike, what would become of the native army and the whole business of India? Again, the telegraph department is mostly Hindoo, and the postal service is entirely Hindoo. Indeed, almost all the subordinate officials in India are Hindoo. No strike conceivable in England could have half the effect as a caste strike in India.

"The engine drivers are Parsees, Eurasians, and Mohammedans, but everywhere else the Hindoo has increased. At present the Mohammedans are numerically only a thirteenth part of the subordinate officials. This is the danger of the service—the vast predominance of the Hindoo and if omens are true, he naturally will use his advantages while he can. When Chandra Pal was arrested, he said the time to strike had not yet come. He meant strike in both its meanings."

A Specialist.

Mistress—Bridget, have you cemented the handle on to the water jug which you dropped yesterday?

Bridget—I started to, mum, but I dropped the cement bottle.

Their Business to Get It.

"I see," said the facetious guest to the hotel clerk, "that each of your patrons has the prevailing trouble."

"What prevailing trouble?"

"Get the grip."—Baltimore American.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have those same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing Hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds; it strengthens; it offers real, genuine heart help.

If you would have strong Hearts, good digestion, strengthen these Nerves—Restorative them as needed, with

Dr. Shoop's Restorative

ADVERTISE IN THE TIMES.

THE CASE FOR VEILS.

A Dainty and Inexpensive Gift For an Easter Offering.

A dainty little case that can be utilized either for veils or to hold the filmy, almost invisible hair nets that many women wear to keep their hair in good condition, may be made from three-quarters of a yard of satin cotton wadding and a soft silk lining and one's favorite sachet.

Take a length of satin twenty-two inches long and ten inches wide; on it place a piece of cotton wadding of similar size, on which sachet has been liberally sprinkled, and a lining of china silk. Turn in the edges and hem neatly around. Or the wadding may be placed between the lining and satin and the three sides sewed on the machine. Turn and sew the end in a blind seam.

Now fold over the ends till two eight-inch pockets are made. If preferred, the whole thing may be bound with a broad silk ribbon on the edges, finished with a fine cord.

When such a case is used for nets have a number of postcards and wind each separately on a card and slip them in the pockets. These cards may also be covered with silk where the case is intended for a gift; but, as a rule, the plain cardboard is more satisfactory. Nets so preserved can be kept for a long time as fresh as when received from the hairdresser.

For veils make the case wider, about eighteen inches, keeping the other proportions the same. Then roll cardboard into narrow rolls an inch in diameter and just long enough that they will slip easily into the pockets. If veils are wound smoothly on these rolls and put away in the scented case each time they are taken off their life will be prolonged many weeks.

LEARNING TO WALK.

How to Teach Baby the Art of Standing Alone.

By the time he is eleven months old baby will usually try to stand alone or even walk a few steps, and before this age no effort should be made to hasten him in this development. He may be a week or more occasionally scrambling to his feet and holding to a chair without showing the slightest inclination to walk. Walking he will do in time, and once he becomes fascinated with the joy it is well to watch that he does not overdo and strain the leg muscles, not to mention weaken the bones.

When an infant is learning to walk tenders are excellent, for they give support that prevents injury from sudden falls. The tender is a movable pen, as it were, in which there is a little seat. As the child begins to walk the seat may be removed, and he can stand upright within the little inclosure that before many days he will try to push in front of him. He must not be allowed to tire himself at this work, and a few minutes at a time is all that should be permitted.

Another first aid to walking is a leading strap. It consists of a strong but soft belt supported by a couple of straps over the shoulders. They may be made at home of webbing or fine leather. Where the belt joins in the back there is a long rein, and with this in her hand a mother can frequently prevent baby from falling and bumping his nose or can guide his footsteps.

IN THE HOME.

An open fire is certainly a happy feature in it.

Readable books and magazines lying around loose are one of the important things.

In the living room there must be a softly shaded light placed low for reading and sewing.

Chairs that can be sat upon are a more necessary essential than some housewives think.

Stilted suits of furniture are a good thing to avoid; also loud papers and highly colored pictures.

A carpet that can be walked on by the family is much better than one preserved for the sacred feet of strangers.

As to tobacco smoke and dust—well, there have been homes with them and places without them that utterly failed to be homes.

Cheerfulness and love and mutual accommodation as to tastes go further to make a real home than overzealous spotlessness and everlasting oversight.

Nursery Dishes.

A certain amount of entertainment is provided for children by the dishes which are designed especially for the nursery. Cups and plates, pitchers, bowls and mugs have fascinating girls and boys pictured in the costumes children of today have learned to know and love from seeing them in story books and illustrated papers. The new nursery dishes have a plain ground, a yellowish brown, cream or white, and the figures are displayed in borders or in large characters on the sides. Children love having their milk brought in a cream colored mug decorated with a quaint little fairy story girl. Part of the fun of dinner in the nursery is guessing the stories to fit the characters.

To Curl Hair Quickly.

To curl hair quickly by artificial means it must be thoroughly clean and free from oils. Then part the hair, run a damp—not wet—comb through it and roll on piece of rolled newspaper. The paper must be a perfect cylinder—not flat—and the hair very loosely rolled over it and the points pinned together. It will be sufficiently curled to dress in half an hour. The secret is to merely dampen the hair. Many make it too wet, and it takes several hours for it to dry out.

Whittier's Humor.

A story is told of Whittier which illustrates the character of his humor. Two of his neighbors, an aged brother and sister, had accumulated a competency. He thought they were working harder than was necessary in view of their age and worldly accumulations and spoke of it.

"We must lay by something for our last sickness and have enough left to bury us," said the sister.

"Mary," replied Whittier, "did thee ever know any one in his last sickness to stick by the way for want of funds?"

GREAT LABOUR SAVING DEVICE

The Penman & Sprang

DUPLICATOR

Will produce 100 copies in ten minutes, and is without doubt one of the greatest inventions of its kind ever conceived.

THE DUPLIGRAPH

The most reliable, cleanest, simplest, quickest and most up-to-da duplicating machine on the market

It will reproduce one hundred facsimile copies of a pen written origina in fifteen minutes; fifty to seventy five copies of an original written on a type writer or twenty-five copies of an original written with a copying pen.

The original is written on ordinary paper, with an ordinary pen, typewriter or copying pencil, and the copies can be taken on ordinary paper cardboard, wood or china.

Galbraith Coal Co., Ltd.

Non-personal Liability

Capital, $250,000.00 1,000,000 Shares 25c. each.

Good coal stock is a safe and sure investment. Galbraith shares are especially attractive.

Modest Capitalization **Large Coal Reserves**

This Company organized under the laws of the Northwest Territories of Canada, owns and operates the Galbraith mine located at Lanebreck, Alta. They have four vertical seams of coal traversing their property, aggregating over 40 feet in thickness. Three of these seams are developed to a depth of 350 feet, one as they pass through the Company's lands for nearly a mile, some idea of the amount of coal may be had.

Shipping Steadily

The present output of the mine is about 200 tons per day. These shipments will be rapidly increased, as the C.P.R. allows its cars to be loaded with coal for points in the U. S.

We are selling a limited number of these shares at the extremely low price of

30 CENTS PER SHARE

in blocks of 100 or over. Tight money in the States makes it possible for us to give this unprecedented offer in stock that will be paying dividends inside of six months, and you are sure to realize a handsome profit.

Parties ordering can send money by P. O Orders, Express Orders or Bank Drafts, and we will have the stock issued direct to you. Full information furnished on request. Correspondence solicited. Reference, Bank of Montreal

What Every Woman Requires for Headache Langour

Mrs. Mary Flannigan Gives Advice that is Sound, Useful and True.

Has your strength given out? Do you feel languid and tired this spring?

Are you pale, somewhat nervous, finding it hard to do your housework? Thousands feel just the same,—feel the enervating influence of spring, whether that brings out latent symptoms of disease and weakness. You should do like Mrs. Flannigan of Essex Junction — here is her experience. "I will never again suffer the tortures of deadening spring illness — never will I have headaches, such sleepless nights, such pale cheeks and lack of appetite. I lived through it all several times, but now I know the medicine that cures. I urge every person, young and old, to try the invigorating effect of Dr. Hamilton's Pills. When I was so played out, listless,—Dr. Hamilton's Pills gave me appetite —I relished my meals and grew strong. Rosy color came to my cheeks, every day I felt brighter and better. All my old strength has been restored and the great tonic, blood purifying powers of Dr. Hamilton's Pills did it all."

Women who are continually pale, tired and sick headaches, faint and dizzy spells, aching muscles, bearing down pains, lack of sleep and loss of appetite—they are the poor women that surely need Dr. Hamilton's Pills of Mandrake and Butternut, 25c at all dealers.

CITY AND COUNTY NEWS

DOINGS HERE AND THERE BY TIMES REPORTERS.

Work Wanted

By the day, hour or job, cutting lawns, removing ashes from cellars, or any kind of work necessary around house or lawn. Apply, G. W. Lawson, 469 Bethune street.

Bicycles

Mr. A. Stowe has moved into the shop next to Carey's shoe store, George street, and will be pleased to see his old friends and customers. Now is the time to get your bicycles cleaned and fixed up for summer. All work guaranteed.

A Double Headed Calf

Lakefield News says:—A monstrosity in the form of a two-headed calf, was given birth to last week on the farm of Mr. Thomas Hunter, Monaghan. One of the heads of the calf was in a normal position while the other was growing out of one of its shoulders. The calf lived only about an hour after it was born.

World's Champion Bowler Coming

Mr. W. V. Thompson of Chicago, champion bowler of the world, will be in Peterborough on Tuesday or Wednesday of this week and will give an exhibition against some of the local bowlers at the P.B.C. alleys. Mr. Thompson is one of the best known bowlers, and individually the most clever trundler on the continent.

Flies are easily and quickly checked with Dr. Shoop's Magic Ointment. To prove it I will mail a small trial box as a convincing test. Simply address Dr. Shoop, Racine, Wis. I surely would not send it free unless I were certain that Dr. Shoop's Magic Ointment would stand the test. Remember it is made expressly and alone for swollen, painful, bleeding or itching piles, either external or internal. Large jar 50c. Sold by all dealers.

Laid at Rest

Yesterday afternoon the last sad rites were performed over the body of the late Mr. Edward G. Wesley, who as noted in Saturday's issue, died as a result of serious burns received at the fire at "My Valets." The funeral was held from the family residence corner of Simcoe and Stewart streets, to Little Lake cemetery, Rev. Canon Davidson, to whose congregation the late Mr. Wesley belonged, officiating.

Moir Seen Near Coboconk

A Lindsay despatch says that Private Moir, the murderer of Co.-Sergt. Lloyd, and for whose apprehension the Dominion Government offers a reward of $500, has been seen and recognized at Morland, near Coboconk. The man seen was dressed in military clothing and had an unkempt beard. It is thought Moir is on his way to North Bay. The police of Lindsay and Victoria County, are now making diligent search for the elusive criminal.

Rev. Canon Davidson Said Good-bye

Yesterday afternoon Rev. Canon Davidson, rector of St John's church, addressed the children and teachers in the Sunday school and bade them good-bye, preparatory to his four months absence in England, whilst attending the Pan-Anglican conference. The Rev. gentleman gave the scholars some good advice and remarked that he would be back with them again about the time the leaves began to turn color in the fall. Yesterday was his last Sunday in the city for four months.

Stable will Accomodate 75 Horses

Mr. T. Cavanagh's fine new brick stables to replace that burned some time ago will be completed in about two weeks time. Although Mr. Cavanagh is thus temporarily curtailed in accommodation for farmers' and other transients' teams, he, on Saturday noon had one hundred and fourteen guests accommodated for dinner. This looks as though times are not as hard as rumored or else that Mr. Cavanagh must have a good pull with the farming community and that the latter have the money to spend. Mr. Cavanagh's new barn will, when completed accommodate seventy-five horses, and his yard one hundred and fifty rigs.

Farmers Miss Minature Niagara

Saturday during the noon hour a couple of visitors from the country came within about an inch of getting a drenching. It seems that Mr. Crossman, proprietor of the large dry goods establishment on George street, had given instructions to have the large awning stretched across the front of his two store, let down to get dry after the two preceding days' rainstorms. Two boys pulled the ropes and let down the canvas. Unfortunately the boys did not know that fully a barrel or more of water had accumulated in the folded canvas. Two farmers, as the miniature Niagara Falls began to descend, displayed their agility by leaping for the street and narrowly escaped the downfall.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by All Druggists.

Take Hall's Family Pills for constipation.

Two Successive Temperance Lectures

Last night Rev. Robt. Pogue, pastor of St. Paul's church addressed a temperance meeting held in the "Crystal," whilst the George street male quartette contributed the music. Without speaking in a spirit of levity of so serious a subject, it is a somewhat singular coincidence that a temperance lecture should be given in the Crystal last night and that on Saturday night, one of the most popular moving pictures shown was the punishment of two men who surreptitiously tapped the hogsheads of ale on a brewer's van, and, with others who saw the act, stole the ale through a rubber tube. The thieves were caught, bound and carried to the brewery on top of the barrels and there, tied together, thoroughly doused with water from a large hose.

City Topics

IN SHORT FORM FOR BUSY READERS

—The Board of Health will hold its regular monthly meeting tomorrow morning.

—Rev. Canon Davidson had his congregation "au revoir," at the evening service in St. John's church last night.

—Yesterday afternoon Mrs. Parker of Toronto, delivered an address before a large audience in the Y.W.C.A.

—The S.O.E. will attend divine service on Sunday, May 24, at St. Luke's church. The sermon will be preached by Rev. Rural Dean Langfeldt.

There is a Pink Pain Tablet made by Dr. Shoop's, that will positively stop any pain, anywhere, in 20 minutes. Druggists everywhere sell them as Dr. Shoop's Headache Tablets, but they stop other pains as easily as headache. Dr. Shoop's Pink Pain Tablets simply coax blood pressure away from pain centres—that is all. Pain comes from blood pressure—congestion. Stop that pressure with Dr. Shoop's Headache Tablets and pain is instantly gone. 20 Tablets 25c. Sold by all dealers.

—It is now up to the police to open the annual spring display of sidewalk cyclists. A few glaring instances have been reported.

—There will be a meeting of the Committee of the Whole Council tonight, when it is expected that the question of the new public library building will be discussed.

—Mr. Chas. Peters of Brown's St., is the owner of quite a curiosity in the fowl species. This is a four-legged chick in that one of his hens hatched out a few days ago.

—The J. M. Green Music Company has opened a branch store in Campbellford. Mr. Moynes is in charge of the new establishment which is doing a large business.

—A lady's handbag containing two purses and a small sum of money was called for and identified at the police station Saturday afternoon. The caller left a small sum of money to reward the boy who found and turned in the property.

—A two-year-old steer on Saturday turned the beam of the market weigh scales at 1340 pounds and another steer at 1220 pounds. They were fed by Mr. James Stewart of Otonabee. Mr. Jas. Goodwin, the local butcher, bought this fine pair of beeves.

Personal

—Mr. O. A. Langley, barrister, Lakefield, was in the city on Saturday.

—Mr. Joseph Gass, has returned from Toronto, where he has been buying his old stock.

—Mr. D. O. Legendre, representing the Rock City Tobacco Co., Quebec, was in the city on Saturday.

—Rev. Canon Davidson will leave for Englewood this week to attend the Pan-Anglican Congress, and will be absent about four months.

—Miss Sturgnagel left Saturday morning for Toronto, to assist for a few days in special service of the West Queen Street Mission.

—Right Rev. Dr. Reeve, Assistant Bishop of Toronto, is the guest of Mr. and Mrs. A. Montizambert during his stay in Peterborough.

—Rev. E. A. Pearson preached the anniversary sermons in the Centennial Methodist Church, Toronto, yesterday. He was a former pastor there.

Weak Women should read my "Book No. 4 For Women". It was written expressly for women who are not well. The Book No. 4 tells of Dr. Shoop's "Night Cure" and just how these soothing, healing, antiseptic suppositories can be successfully applied. The book, and strictly confidential medical advice is entirely free. Write Dr. Shoop, Racine, Wis. The Night Cure is sold by all dealers.

—A reception will be given tonight in the Cavanagh House to Mr. Roy Cavanagh and his bride, at which a large number of their respective friends will be present.

—We regret to say that Mr. Wm. McCallum, the former restaurant keeper is laid up at his home on Gilmour street, ill with gall stones.

—Mr. J. W. Brightman and Mrs. J. R. Fowler have gone to Hot Springs to join Mrs. Brightman and Miss Bessie Brightman, who have been holidaying at the Springs during the past month.

Buy Casey Mountain Shares in the

Casey Mountain Cobalt Mining and Developing Co. Ltd.

Chartered by the Ontario Government. Authorized Capital $250,000.00
Par Value of Shares Fully Paid-Up and Non-Assessable $1.00

OFFICERS AND DIRECTORS

PRESIDENT, R. G. Williamson, Toronto, (formerly of Peterborough). VICE-PRESIDENT, James Thompson, Havelock, Ont.
SECRETARY-TREASURER, Dr. H. A. Wood, Peterborough. SUPERINTENDENT, D. Williamson, Haileybury, Ont.
D. A. Reid, Brandon, Manitoba.

HEAD OFFICE MANNING CHAMBERS TORONTO ONTARIO

Why you should buy Casey Mountain shares.

Casey Mountain shares are fully paid up.

The Casey Mountain Mining Company has [illegible] solar network of silver bearing veins, that will go down for thousands of feet.

Casey Mountain has the only [illegible] for generations.

Casey Mountain stands [illegible] across the entire property, not counting cross-veins that will be encountered with underground development. The veins [illegible] 12 to 36 inches very rich in silver, with widths from 16 in. to 8 ft.

Casey Mountain Mining Company has [illegible] and has been developed continuously during the past 10 months, over 50 feet of underground work having been done on the property. Not a foot of bad ground has been encountered that has yet been struck in the District, being 16 feet wide.

Casey Mountain Mine [illegible] property that according to good authority was sold last year for one million dollars, and which [illegible] paying dividends.

Casey Mountain Stock [illegible] points to be considered in a Mining Company, and to give a comparison of our capitalization and Company organized [illegible] capitalization dollars, that is, paying a dividend at the rate of 12 per cent. per annum to [illegible] shareholders, which [illegible] total capitalization; this amount of cash would mean 120 per cent. to Casey Mountain shareholders. This [illegible] worthy of consideration for conservative investing in mining stock.

Dividends Paid by Cobalt Mining Companies

Buffalo Mines Limited, Cobalt, paid during 1907 ... $1,000.00
Foster Cobalt Mining Co., Ltd., have paid ... 15,000.00
McKinley Darragh Savage Mining Co., Ltd., have paid ... 25,000.00
The Cobalt Silver Queen, Cobalt, paid during 1907 ... 120,000.00
Timiskaming & Hudson Bay Mining Co., Ltd., have paid 746,120.00

(These shares could have been had at 5 cents, and have sold as high as $190.00.)

Cobalt camp has produced $15,000,000 during the past two years.

On the famous Homestead Mine in South Dakota the ore averaging about $4.90 per ton, and over $69,000,000.00 has been paid in dividends.

The Treadwell Mine in Alaska is running on ore that averages $2.00 a ton, and is paying big dividends.

Casey Mountain Mining Company, Limited, has in sight thousands of tons of silver ore that will run run $20.00 to a ton, and by treating 100 tons per day would mean a daily output of $2,000.00, and allowing the sum of $500.00 per day for all expenses of mining, concentrating freight and smelter charges, which is a large margin, would give an annual profit of nearly $600,000.00, or 200 per cent. on the total capitalization of the Company. The above figures are on our low grade ore only.

Quantity is what counts in a profitable mine, providing the grade is high enough to leave a margin over and above expenses.

Casey Mountain is practically ours. Comparatively only sufficient shares having been sold to enable the Company to carry on development until returns are received from shipments, and only a small block remains unsold at par value, $1.00 per share.

Buy Casey Mountain shares at once while they are on the market, as this will be positively the last opportunity of securing shares of this Company at 1c. per share each. Write or mail remittance for Shares to the Head Office, Manning Chambers, Toronto.

Additional information can be had from the Secretary-Treasurer, Dr. H. A. Wood, 308 1-2 George street, Peterborough.

NOTICE

Take notice that the Municipal Council of the Corporation of the City of Peterborough intends after one month after the last publication of this notice, to undertake the construction of sewers on the following streets or parts of streets in the City of Peterborough, namely:—

Hunter street, from Water street to Sheridan street; Sheridan street, from Hunter street to Brock street; Park street, from Cedar street to London street; London street, from Park street to Downie street; Rubidge street from Brock street to eighty feet north of Kirk street; Donegal street, from Hunter street to Brock street.

And to assess upon the real property to be benefitted by such sewers, such proportion of the cost thereof as may be just, in accordance with the provisions of Sections 664 to 686 inclusive of The Consolidated Municipal Act, 1903, or so much thereof as may be applicable thereto, and subject to the provisions of such By-law or By-laws of the said Corporation now or hereafter to be passed as shall be applicable to the same, and the number of annual special assessments therefor will be thirty.

Persons desiring to petition the said Council against undertaking any of the said proposed works must do so on or before the 22nd day of June, 1908.

Dated the 6th day of April, 1908.

S. R. ARMSTRONG,
Clerk.

NOTICE

Tenders for Chain for Marine and and Fisheries Dept.

TENDERS

The time for receiving tenders for Chain Shackles and Swivels required by the Marine and Fisheries Department for which tenders have been invited to be received up to the First of May, will be extended up to the 15th of May next. Revised Specifications can be seen at the Offices of the Agents of the Marine Department at Halifax, N. S., St. John, N. B., Charlottetown, P.E. I., Montreal, P.Q., and Quebec, P.Q., and at the Department, Ottawa.

Ottawa, 22nd April, 1908.

F. GOURDEAU,
Deputy Minister.

Department of Militia and Defence

NOTICE TO CONTRACTORS

PETAWAWA CAMP GROUNDS

Sealed Tenders, marked on the envelope "Tender for Buildings, Petawawa Camp," and addressed to the Secretary of the Militia Council, Department of Militia and Defence, Ottawa, will be received until noon, May 15, proximo, for supplying the necessary labor and material for construction of certain buildings, at Petawawa Camp Grounds.

Plans and specifications may be seen and full information obtained at the Offices of the Director of Engineer Services, Militia Headquarters, Ottawa; the Officer Commanding the Eastern Ontario Command, Kingston; and Lieut.-Colonel H. J. Mackie, Pembroke, Ont.

Tenders must be submitted on printed forms supplied by the Department of Militia and Defence, and each tender accompanied by an accepted cheque on a Canadian Chartered Bank, for 10 per cent. of the amount thereof, payable to the order of the Minister of Militia and Defence, which amount will be forfeited if the party tendering decline to enter into a contract in accordance with the tender.

The Department does not bind itself to accept the lowest or any tender.

E. F. JARVIS,
H.Q. 67—17—12. Director of Militia and Defence.

Ottawa, April 28, 1908.

Newspapers will not be paid for this advertisement, if they insert it without authority from the Department.

Five Small Children were Burned to Death

Montgomery, Ala., May 11. — Five children of James Kennedy, a well-known negro of this city, were burned to death last night and two others so badly burned that they are not expected to live. Kennedy's wife alleges that her husband locked the children in the place and then set it on fire. The man and woman have been living apart, and the question of the possession of the children were being fought out in the courts. Kennedy escaped.

Hubbard's Cupboard was Nearly Bare

Yesterday morning a Times representative was met everywhere with the enquiry, "Who was drowned yesterday?" or "what's that story I hear about a drowning accident on Sunday?" All our representatives could do was to explain that what nearly became a fatality occurred on the Sabbath by a man named Hubbard, living at No. 500 Charlotte street, getting out of a canoe whilst his craft was neither on or adjacent to terra firma.

The history of the case is that Mr. Hubbard on Sunday afternoon went canoeing, and when opposite the steamer Myrtle, where last year's dredgings are piled, upset by the craft he was seated in colliding with a rock. As soon as he plunged into the icy water, Mr. Hubbard caught and clung to his canoe as it was swept by current down stream. Hubbard yelled lustily for aid. Three canoes, propelled by as many paddlers came to his assistance. Mr. S. Mitchell was in the one and Mr. T. Emmerson in another. Mr. Mitchell got to Hubbard first, and, with the assistance of Mr. Emmerson, got the wet man into Mr. Mitchell's canoe.

Hubbard was brought to the boat-house in a chilled condition, but Dr. Cameron was called and succeeded in resuscitating him. He was afterwards driven to his home on Charlotte street.

Mrs. James Stewart Has Passed Away

Yesterday Helen, the wife of Mr. James Stewart, and daughter of the late Mr. John Finlayson, merchant of Aberdeen, Scotland, passed away at the family residence, 240 Melbourne street. The death of Mrs. Stewart removes from our midst a lady whose kindness of heart and sweetness of disposition endeared her to a wide circle of friends and acquaintances. St. Paul's of which Mrs. Stewart was a member will especially mourn a life-long, and consistent friend. The funeral which will be private will be held from the family residence of the deceased to Little Lake cemetery, at 3 p.m. tomorrow

Annual Meeting of the Y.W.C.A.

The annual meeting of the Y.W.C.A., was held last night when Mrs. Parker of Toronto, gave an address and Mrs. Burnett of the city, read a most interesting paper on "Domestic Science and its Relations to Household Problems." Rev. Mr. Pogue, pastor of St. Paul's church also contributed greatly to the interest of the evening. A pleasurable feature of the proceedings was the way in which the hostesses served dainty refreshments prior to the close of the evening's entertainment.

American Clergymen Can't Marry Couples in Ontario

"'If an American minister were to come here from the United States and perform a marriage ceremony, would the marriage be legal in Canada?'

This is a typical enquiry received by Provincial Secretary's Department and bring to light the fact that a large number of illegal marriages have recently been performed in Ontario.

"'The answer to the question is emphatically 'No,' says Assistant Provincial Secretary Mulvey. "'The law specifically says that the man who performs a marriage must be 'resident in Canada,' and that seems pretty plain. As a matter of fact we have had a lot of enquiries lately. Evangelists from the States performed a lot of marriages in Lambton, Middlesex, and other Western Ontario counties. I do not think they are legal, although in a religious sense the contracting parties may regard them as so. We have heard of eight or ten such cases."

Another case which Mr. Mulvey cites arose from the fact that a Jewish rabbi lives at the American Soo but ministers to a flock in the Canadian Soo also. The Department holds that he cannot marry people in Canada.

There may be somewhat of a distinction, it is said, in regard to some orders of priests whose field is world-wide, and who have no real place of residence. It is safest, however, to be married by a Canadian.

Canadiophobist Paid No Statute Labor Tax

To the Editor of The Times:

Dear Sir,—Most readers of the local press have seen letter in the Peterborough papers signed by an English immigrant by name Bailey. In these letters the gentleman demonstrates his contempt of the citizens of Canada, although circumstances impelled his residence among these horrible Canucks. Now Sir, I was at the police court yesterday and whose this same man Bailey's name who called by Chief Rossel to answer to a charge of not paying his $1. a year, statute labor tax, the magistrate turning to the chief asked, "Bailey, what Bailey, is that OUR Bailey?" The chief replied, "Yes." A fine of $5 with $1.85 costs was imposed and his worship added, "That will be a pleasant little surprise for him on his return from England, to which country it was shown he had gone. Now Sir, whilst not having the pleasure of knowing Mr. Bailey personally, I have seen more than one of his letters in which his supreme contempt of Canada and the Canadians was expressed. Mr. Bailey has even been known to have put in black and white that most of the citizens of Peterborough are dishonest and has even gone the limit of including the police in the same category. Surely a man who does not pay $1 a year for taxation for enjoying the use of our streets, police and fire protections, etc., should not rail against Canada.

CANADIAN.

Farmers' Excursion to Guelph Settled

All arrangements have been completed for the big Farmers' Institute excursion to Guelph on Thursday, June 11th. Mr. William Collins, secretary of the West Peterborough Institute was in Toronto on Friday and made the arrangements with Mr. J. D. McDonald, district passenger agent of the Grand Trunk. The excursion as usual will be under the auspices of the Farmers' Institutes of East and West Peterborough and East Durham and will be run on the Grand Trunk this year. The train will leave Campbellford at an early hour in the morning will come to Peterborough and proceed to Guelph by way of Port Hope and Toronto. Fuller particulars will be announced later.

A Public Abbatoir for Peterborough to be Considered by the City Fathers

Over 5,000 Carcases Condemned in Canada Since Meat Inspection Came in Force

Fire Chief's Resignation

The City Board of Works met last night, when all the members were present.

The Board decided to abandon all responsibility for the old Dickson bridge, at London street, which is being severely taxed by heavy loads of gravel being drawn over it for the use of the American Cereal Co.

COMMITTEE OF WHOLE

The council have went into Committee of the Whole. There were present, His Worship Mayor Harry Rush, Aldermen McIntyre, Elliott Morgan, Butler, Neill, Johnston, Bradburn, Phelan and Tovey.

The mayor read a petition for a public abbatoir largely signed by the meat dealers of the city.

Mr. H. P. Kennedy addressed the council and stated that the Government would not enter into the question of a public abbatoir, which is solely a question of municipal interest only. He, however, advanced strong arguments in support of an institution which would ensure the sale of wholesome meat only.

Mr. W. H. Moore read a petition, signed also by meat vendors, to the effect that the expense of a public abbatoir is altogether unsalled for, as no meat of a diseased charcter is being sold in Peterborough.

Mr. Moore advanced that the establishment of a public abbatoir, with say premises at the south end of the town, would preclude farmers who bring much clean and healthy meat into the city each fall, from entering into competition with local butchers. Mr. Moore claimed that farmers who kill their own meat, are the means of keeping the price of meat at a normal figure. He also urged that the establishment of a public abbatoir, would mean creating a monopoly in the favor of a few, privileged dealers.

Dr. Gray spoke in opposition to the proposed abbatoir. Amongst other things, he stated that a Board of Health is the greatest detriment to any community. He was vidently of the opinion that the establishment of a public abbatoir would mean the creation of an meat monopoly, to which he is bitterly opposed.

Mr. J. M. Roger was of the opinion that a public abbatoir, which is endorsed by the majority of Peterborough's medical men, would be a wise move in the direction of assuring pure and untainted meat. He did not think the establishment of a public abbatoirs would imply a monopoly; it would mean an establishment in the public interests under the municipality's control.

Mr. Kennedy here read statistics showing that in New York, under inspection, there was condemned in seven weeks 387,784 pounds of diseased meat. In Canada since the establishment of meat inspection, there had been over 5,000 carcases condemned up to last September. Continuing, Mr. Kennedy advanced that the establishment of a public abbatoir would cost from $30,000 to $40,000, and the charge for slaughtering a bullock would be but $1.00.

This matter was referred to the Property Committe to report to council.

On motion of Ald. Neill, the Peterborough Light and Power Co., will not be allowed to erect any more poles for lighting purposes unless positioned to the best advantage.

RUTHERFORD'S RESIGNATION.

The resignation of Fire Chief Rutherford was received.

Ald. Morgan wanted a public meeting called to discuss the question of a paid fire brigade. He advanced that nobody knew what reasons had been urged in favor of a paid fire brigade, and he contended that the man who was responsible for the proposed change should meet the public and give his reasons like a man for the position takken by him.

Ald. Elliott said that we have as good a volunteer brigade as there is in Canada, and if a paid brigade is established it should be as efficient one, which a part paid brigade, as advocated, would not be.

Ald. Butler asserted that Chief Rutherford had stated to him in his own (Butler's) office that the proposed change was a move in the right direction.

Ald. Bradburn asserted that two firemen had also endorsed to him, the establishment of a part paid brigade as proposed. One of these men now takes an opposite stand.

The matter here dropped.

The resignation of the present firemen was also received, said resignation to take effect at midnight on June 30th.

BRIDGE CLOSED.

On motion of Ald. Tovey, the bridge over the Otonabee river at London street is closed so far as the city is concerned.

This bridge had been reported by the city engineer as unsafe.

The Mayor and Ald. Phelan will, however endeavor to arrange with the American Cereal Co., to prohibit the conveyance of heavy loads over this bridge, which travel is endangering the structure, and keep the bridge open for pedestrian travel only. But while the bridge is being taxed by the conveyance of heavy loads of gravel for the American Cereal Co., as at present, the council wash their hands of all responsibility.

The Mayor, Aldermen Neill, Bradburn and Butler were deputed to consult with Mr. Richard Hall regarding the public library.

THOUSANDS VISIT SCENE OF CRIMES AT GUINNESS HOME

Fifteen Thousand Persons at Guinness Farm Stop Work of Excavating

Letters Proof of Murders

Laporte, Indiana, May 11.—Picking up the shreds of evidence tending to connect Ray Lamphere with the deaths of Mrs. Guinness and her three children, and perhaps also of Andrew Helgelein, is the main purpose of the authorities here today. Whether search for more bodies will be prosecuted has not been fully determined. Sheriff Smutzer indicating yesterday that further excavating may be postponed until tomorrow.

The sheriff has found difficulty in carrying on this work because of the morbidly curious persons who have flocked to the place where the corpses were discovered last week. Friday the excavating in the barnyard was hindered, and Saturday it was halted by the crowds. It is expected, however, that the number of visitors will be lessened today, some 15,000 persons having inspected the grounds yesterday and presumably satisfied their curiosity.

CONVICTING LETTERS.

The grand jury was to have met today to consider Lamphere's case, but this procedure has been postponed for a week. Experts who were called into the affair by Sheriff Smutzer advised this course., although Prosecuting Attorney Smith had announced that he was ready to go into court with the evidence at hand. Such action in the case has been strengthened by the discovery of Lamphere's trunk containing several letters which are said to establish his participation in the murder of Helgelein, and by the information extracted from a number of persons who were intimate enough with the prisoner to learn from him much concerning his relations with Mrs. Guinness.

The attitude of the defence has not been revealed. The prisoner has received stringent orders from his attorneys not to discuss the charges against him and the attorneys have not committed themselves to any particular line of action. They have been free in announcing theories to account for Lamphere's actions before and following his arrest, and have also given out alleged evidence which they say establishes the fact that Mrs. Guinness and not Lamphere set fire to the house.

NO PROOF SHE IS ALIVE.

The adult headless corpse found with the blackkened bodies of the children was, they assert, that of another victim of the Guinness woman, the theory being that the head was severed by Mrs. Guinness in order that it might be thought that the body was hers. Thus far, however, efforts to substantiate the announcements by the defence have failed, several persons having repudiated interviews accredited to them by Lamphere's attorneys, while the facts found by the four physicians who performed post-mortem examinations on the corpses, do not bear out the contentions of the defence. It is thought, however, that Lamphere's attorneys have concealed carefully the chief points upon which they will rely, endeavoring meanwhile to sway public opinion in favor of the prisoner.

Political and business friends of Lamphere's attorneys have been busy discussing the case wherever opportunity offered, the argument being mainly that Mrs. Guinness was too shrewd a woman to be caught in a fire and that she must have therefore escaped. Prosecutor Smith denounces these methods, but there is no gainsaying the fact that the impression that Mrs. Guinness is still alive is widespread, despite the almost total absence of definite evidence to support it. This circumstance will make the task of picking a trial jury difficult, as there is scarcely a man or woman in the community who has not formed or expressed an opinion on the subject. Talesmen from the rural district, however, may lighten the labors of the attorneys in this regard.

Up-to-date Souvenirs

Visitors to the city will find the best and most up-to-date assortment of souvenir articles at the Times Bookstore. All places of interest hand painted on Foley China, besides many other souvenier novelties. Desk room provided for those desiring to do their writing down town.

In the Realm of Sport

BOWLING.

Last night on the Majestic alleys, Munro's Colts defeated Baker's Picks in a three-game match by a majority of 214 pins.

Hueston was high man for the night with a score of 135, while Little of Baker's trundlers was a close second with 134 to his credit. The scores were as follows:

MUNRO'S COLTS

	1	2	3	Tl
Munro	120	98	108	326
Cairns	125	112	132	369
Hueston	93	135	116	344
McCrea	108	124	129	361
Martin	113	93	85	291
Totals	559	526	570	1691

BAKER'S PICKS.

	1	2	3	Tl
Baker	82	102	103	287
Little	99	120	134	353

3. McAllister.

Family in Destitute Circumstances

County Constable Cochrane, who is also agent for the Peterborough Children's Aid Society, yesterday took a long drive, viz., to Buckhorn, to investigate a complaint that had reached Mr. Goodwill, secretary of the society. It was stated to the officers of the society that a family composed of husband, wife and two children, living a few miles north of Buckhorn are in a destitute state. It was estimated that the farm they lived on is of unproductive kind and that the husband is not characterized by an ambition to do more work than the letter of the law compels him. The wife is in ill health, and that, notwithstanding her condition that her husband abuses her. The Children's Aid Society have had more than one complaint about the unsavory and wrong environments and conditions surrounding the children, so sent Mr. Cochrane to investigate. Constable Cochrane will return with the wife and children. The latter will be placed in the shelter until such time as the case is settled by the county magistrate.

Complimentary Banquet and Concert at St. Andrew's

Last night, St. Andrew's church celebrated their 73rd anniversary by a complimentary banquet and musical program. The program although lengthy, was an excellent one, many of the numbers receiving encores and generous applause from those present. Those who took part were;

1. Male Quartette, "O Who Will O'er the Downs so free," — Messrs. Greenslade, Wright, Stocker and Freeland.
2. Solo, "The Flight of Ages,"—Mr. Gordon Wright.
3. Recitation, "How Rubenstein Played"—Mr. Johns.
4. Duet, "Larboard Watch" —Miss Delaire and Mr. Keen.
5. Solo—Mrs. Bruce Hughes.
7. Mandolin Club—Messrs. Threlkeld, Tovey, Cook, and Brightman.
8. Solo, "The Diver"—Mr. F. C. Freeland.
9. Male Quartette, "Onward March" —Messrs. Walton, Trethewey, Zett and Cunningham.
10. Solo, "Mary of Argyle,"—Mrs T. Duncan MacGregor.
11. Duet, "Gently Sighs the Breeze" —Mr. and Mrs. Greenslade.
12. Male Quartette. "Sweet and Low"—Messrs. Greenslade, Wright, Stocker and Freeland.

Greetings by Rev. Robt. Pogue and Rev. H. J. Keith.

Accompanist, Mrs. Chas. S. McClellans.

Creamed Chicken in Shredded Wheat Baskets.
Pickles
Cold Ham
Triscuit
(The Shredded Wheat Toast)
Jelled Fruit Sandwich with Whipped Cream.
(Imperial Dessert Jelly)
Triscuit and MacLaren's Cheese
Shredded Wheat Ice Cream.
Huyler's Chocolate Triscuit.
Chase & Sanborn's Coffe. Salada Tea

After full justice had been done the good things a hearty vote of thanks was tendered those who took part in the program.

After the first part of the program had been concluded, Rev. Robert Pogue gave an excellent address, appropriate to the occasion, which was greatly appreciated by the large number present.

At the conclusion of the program supper was served in the schoolroom to which nearly 300 people sat down to partake of the appetizing viands provided for the occasion by the Canadian Shredded Wheat Co. The menue being as follows;

Ex-Ald. Jas. Graham Meets With a Painful Accident

Yesterday afternoon Ex-Ald. Jas. Graham of Dublin street, met with a serious accident, while assisting in some plumbing operations at the home of his brother-in-law, Mr. Fitzgerald, East Ward. Mr. Graham was standing on a small board scaffold, when it gave way with him and Mr. Graham fell to the ground breaking a lower rib.

Dr. Burnham was called in to attend his injuries, and after receiving medical attendance was removed to his home in a hack.

Inquiries at the Graham home last night elicited the information that the injured man was suffering much pain.

POLICE

At yesterday's session of the Police Court, there was but a small audience the bright sunshine and May warmth keeping the sons of Rest to hold up the various brick walls of the city. Thomas Mackay was called but not present although P. C. Newhall testified to having left a summons with the former's landlady. This was a case of non-payment of statute labor tax. Mr. Mackay afterwards arrived and showed that he belonged to the volunteers so was discharged.

M. C. Burns was up on the same charge. Mr. Burns said he had only been notified when he got his summons last Thursday. Since that he went to Tax Collector Green's office and was told by him that the matter was out of his hands and that Burns would have to go to the City Clerk. Burns said he did not understand what to do. The Magistrate remarked, "If you won't help yourself, how do you expect others to help you. Do you want to pay a fine of $6?" Burns claimed not to have received any assessment notice and that he is out of town half his time. He was let go on payment of $1.85. Several others summoned on a similar charge but had gone in the meantime and settled with the City Clerk.

A young man was assessed $2 for riding a bicycle on the sidewalk.

James Mongraw was charged with having allowed his cow to run at large on the East Ward streets. The Magistrate remarked, "Well Mongraw I suppose this is the same old offense and the same old cow?" Mr. Mongraw noted that other cows run at large and wound up by saying "I guess I'm easy your Worship."

Mr. Barnard in the box, testified to Mongraw's cow being in his garden. He said other cows, including two of Mr. Stevens' were there too. The chief will summons the others for the same offence. A fine of $2 with $1.85 costs was imposed in Mongraw's case.

William Bailey, who had been summoned for non-payment of statute labor, but has gone to England was fined $5 and $1.85 costs, "as a pleasant surprise on his return.

Fat Folks Favor

Home Mixture That Takes Off the Fat Rapidly—Causes no Wrinkles—No Stomach Ills and Requires Neither Dieting Nor Exercise

Too much fat is both uncomfortable and dangerous, but usually fleshy people prefer to put up with its inconvenience rather than punish themselves with the tiresome exercising usually prescribed, or endanger their health by taking the so-called "cures" and patent fat "reducers."

This self-sacrifice of comfort and health to overabundant fat is entirely unnecessary however, as Mrs. Luella Bigger tells us there is a home receipt that is far superior in every way to anything money will buy for reducing superfluous flesh. It is said this simple mixture will take the fat off man or woman at the rate of at least a couple of pounds a week without even causing wrinkles. Moreover, it does not disturb the stomach but is a good thing for the system, clearing away pimples, and, best of all, it does not interfere with the diet. You can use it and at the same time eat whatever you like. This receipt is as follows:—1-2 ounce Marmola; 3-4 ounce Fluid Extract Cascara Aromatic, and 4 3-4 ounces of Syrup Simplex. Get these ingredients at any drug store, mix them together at home and take one teaspoonful after each meal and at bedtime.

Mrs. Bigger, as is well known, is a famous beauty expert, and whatever she recommends is sure to be found entirely satisfactory.

ADVERTISE IN THE TIMES.

Sad Case of East Ward Family

In conversation yesterday with Relief Officer Finch Miller that gentleman while remarking to The Times that all distribution of goods for charity had ceased for this season, he noted that there are still some deserving cases sadly in want of assistance. Mr. Miller noted in particular that of a family living in the East Ward. This family consisting of husband and wife and three small children, were one day last week absolutely without even a crust of bread in the house. In response to further questioning by The Times Mr. Miller explained that the husband is able to work, but too lazy to do so. The wife, "a decent little woman" is again in a delicate state of health and thus far the present, unable to work for the family food. Mr. Miller thought that in a case like this where the husband can, and will not work, that the man should be arrested and jailed as a "vag" and the children placed in the shelter until such time as the mother may again be able to work and support the family, minus the husband.

Funeral of Late Mr. Alex. Hamilton Today

The funeral of the late Mr. Alex. Hamilton of Sturgeon Falls, whose lamented death was chronicled in yesterday's issue will be held this afternoon from the residence of Dr. Morgan, 372 Hunter street to the Little Lake cemetery.

The late Mr. Hamilton was born in Fermanagh, Ireland, in 1859, and came to this country when a young man getting a position with Mr. John Garvey, a former well known merchant of Peterborough. He then became clerk at the Red Mills eventually succeeding to the management. About 15 years ago he went to North Ontario and opened up saw mills in Cache Bay and Warren on the north shore of Lake Nipissing. He sold out afterwards and took the management of the wood department of the Imperial Paper Mills, Sturgeon Falls. He married twice, his first wife being a Miss Ryan who died three and a half years ago, his second wife being Mrs. Ostrom who survives him. Mr. Hamilton was a man of high character, and his untimely demise followed an operation. Besides his wife, several children survive him.

Reception to Mr. and Mrs. Roy Cavanagh

A reception was held last night at the Cavanagh House, in honor of Mr. and Mrs. Roy Cavanagh on their return from their honeymoon, and about 100 guests sat down to partake of the good things provided for the occasion. The table was artistically decorated with carnations and American beauty roses, the bridal cake making a fitting center piece.

The toast to the bride and groom was proposed by Mr. Ross McKay.

Later in the evening suitable speeches were given by different members of the gathering.

After dinner, a number of the guests rendered a varied program of instrumental and vocal music, among them being, solos by Mr. Charles J. Cavanagh, Mr. T. Payten, Erain Saunders, Miss Alto Cavanagh and a Scottish member of the Telephone Company.

The remainder of the evening was spent in music and song, and the happy gathering broke up about midnight.

—Mr. and Mrs. John Farrish of Toronto, were in the city yesterday to attend the reception to Mr. and Mrs. Roy Cavanagh.

Medicine in the Spring Needed by Everyone

Winter Weakens the System, Saps the Blood, Leaves Us Tired and Thin

Great epidemics break out in spring, such as fevers, pestilences, and infectious skin diseases.

Winter shuts us in from air and only the most robust get even a little sunshine. As a consequence of this unnatural mode of life, the blood becomes polluted, thin, colorless. Then we grow listless, dull, easily tired, have headaches and find our work a burden.

Reduced to this condition we become an easy prey to disease and fill hospitals and churchyards.

To rapidly form rich blood, to expel the accumulated humors that winter has stored up in the system, to call back the energy, endurance and vim that will make life joyous, just take Ferrozone, a spring cleanser, unequalled in medicine.

Ferrozone purifies by rebuilding nerve tissue and vitalizing the blood. The entire system soon feels the beneficient action of new rich blood; slow organs are stimulated to normal activity, expel poisons and wastes from it; fully, harmonious working of the system. Weak folks are restored and health becomes as natural a consequence as growth from moisture and sunlight.

Men and women fortify your nerves with Ferrozone, renew the blood through its marvelous blood-forming power, regain vigorous and enduring strength by its action upon appetite and digestion. Use Ferrozone if you want to be strong.

"I increased my weight seven pounds in one month and regained health that had been lost for two years—did this by using Ferrozone," writes Mrs. C. R. Mayhew, of Chestertown. "Ferrozone brought me restful sleep and good digestion, enabled me to relish my meals and work hard all day. I consider it the finest tonic, the most nourishing medicine I ever used."

Try Ferrozone yourself, 50c per box or six boxes for $2.50, at all dealers.

Morning Times

This paper is the only Morning Daily published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

Strangers visiting Peterborough are cordially invited to make their headquarters at the office of the Morning and Weekly Times, where they will be furnished with writing material, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $3 per year, strictly in advance.

PETERBOROUGH, MAY 12 1908

ROMANCE OF FINGER PRINTS.

Inspector Who Developed System in England Retires.

Many a criminal owes his detection, more or less directly, to Inspector C. Stedman, of the Criminal Investigation Department, just retired after twenty-five years in the force. Now he is only forty-five, and served, previous to police duties, in the post-office.

He joined at Stoke Newington, thence passed to Kentish Town, finding his opportunity in the C.I.D. in 1893. Ten years later he was selected to assist the medical expert engaged in the introduction of the anthropometric system, and was placed in charge of the officers who had to carry out that work.

When the more subtle finger print system was introduced in 1901, Mr. Stedman was promoted to inspector, and given charge of that department, under the Assistant Commissioner. This post he held until his retirement.

His quick perception of what was required, his grasp of details, and general readiness were so far appreciated that he was raised to the rank of first-class inspector C.I.D., and was offered that of chief inspector, on condition that he remained some time longer in the service.

The latter he declined, being of opinion that a quarter of a century is long enough for any officer to remain in a police force.

During the last few years Mr. Stedman has visited every prison in England and Wales for the purpose of instructing warders in the taking of finger-prints, at the same time calling at police offices in the various districts to instruct the police in the same work.

He has also taught the system of finger-print classification to a number of colonial and foreign police officers, so that although the public may be little acquainted with his work, he is better known to the police and prison officials of this and other countries than, perhaps, any police officer.

To Mr. Stedman was also due much of the development of the photographic branch at Scotland Yard.

Since the inception of the Finger Print Department, the tracing of criminals has been remarkable, many notable crimes being elucidated through it. One of the earliest was the Deptford murder. Here, two brothers Stratton murdered Thomas and Ann Farrow, who kept an oil shop in High street, Deptford. Evidence against the youthful ruffians was at the outset not of a highly incriminating nature, but an ordinary jamnned cash-box found in the shop parlor with its lid forced open, eventually forged the link in the chain necessary to prove their guilt beyond doubt. Some finger-prints were noticed on this box, and being considerably enlarged were found to correspond with those of the elder Stratton. The production at the Old Bailey of these enlarged prints, and their comparison with those of prisoner's by Inspectors Stedman and Collins created at the time a sensation. Whirl by whirl and curve by curve Mr. Stedman pointed out to judge and jury the fatal resemblance, convincing even the most incredulous.

Only last year "Smith of Nowhere," as he styled himself when charged with burglary in North London, was found guilty three times. Finger-prints seem to weigh with the magistrate, who discharged him, it did with the police authorities, who took his finger-prints. It was then found that he was a notorious criminal, who under many aliases had suffered several terms of imprisonment in South Africa, his last being four years for a violent robbery.

This evidence eventually proved useful, for "Smith of Nowhere" and Smith of many aliases, who in company with the notorious Chicago May, shot at and wounded Eddie Guerin, the escaped Devil's Island convict, was proved to be a dangerous individual with a remarkably bad record, owing to the unerring evidence of finger-prints.

His companion on his voyage from South Africa, Louis Ferraria, also owes a retirement from public life to their powers. Within six weeks of Smith's receiving his life sentence at the old Bailey, a set of finger-prints arrived at Scotland Yard, photographed from a door in Eastbourne. On search they proved to be those of Ferraria, who received the punishment due to a convict and not a first offender, as he represented himself to be.

This man who some time ago was dazzling New York as "Lord Barrington" on his confinement in "The Tombs" had his finger-prints taken and sent to Scotland Yard. He was there recognized as an old "lag" who had undergone penal servitude here on more than one occasion.

Another link with the old country was provided at the Leavenworth Penitentiary, Kansas, by a set of finger-prints sent over for inspection belonging to a man serving a life sentence there. They proved to be those of a man who, while a soldier in Malta, was sentenced to a life sentence for attempted murder.

Mr. Stedman is most enthusiastic over the "print" system, and considers it the only perfect and reliable method of identification, and declares that among the many thousands he has examined he has never found two alike.

Many devices are resorted to by criminals who have reason to dread the system. Remarkably delicate rubber gloves have been resorted to by some, while others use pumice stone or powder, to wear away the ridges of the skin just previous to an attempted crime. These methods some regard as effectual, but the department, when questioned, smiles "its inscrutable smile" and "shakes its head." In addition to being an expert at his work, Mr. Stedman is an enthusiastic collector of old china and an adept carpenter and mechanic, many of his spare hours being spent at a lathe which he has fitted up in his home.

The Doctor—Wait a moment, Jones, I think I hear an auto coming. This is an ideal spot for an accident.

Life's Sorrows.

Bob (to Bessie)—It seems rather strange, Bessie, that when I didn't want to kiss you you didn't mind, but now that you are old enough to make me want to you won't let me.—New York Life.

Obviously.

"If the famous Ananias club gave social functions, I wonder what would be the favorite instrument of entertainment."

"Naturally the lyre."—Houston Post.

Golfing Sarcasm.

"Caddy, how many strokes is that for this hole?" asked the golfer with the plaid cap.

"I can't say, sir."

"Can't say?"

"No, sir; I can only count up to twelve, sir."

Department of Militia and Defence

NOTICE TO CONTRACTORS

PETAWAWA CAMP GROUNDS

Sealed Tenders, marked on the envelope "Tender for Buildings, Petawawa Camp," and addressed to the Secretary of the Militia Council, Department of Militia and Defence, Ottawa, will be received until noon, May 15, proximo, for supplying the necessary labor and material for construction of certain buildings, at Petawawa Camp Grounds.

Plans and specifications may be seen and full information obtained at the Offices of the Director of Engineer services, Militia Headquarters, Ottawa; the Officer Commanding the Eastern Ontario Command, Kingston; and Lieut.-Colonel H. J. Mackie, Pembroke, Ont.

Tenders must be submitted on printed forms supplied by the Department of Militia and Defence, and each tender accompanied by an accepted cheque on a Canadian Chartered Bank, for 10 per cent. of the amount thereof, payable to the order of the Minister of Militia and Defence, which amount will be forfeited if the party tendering declines to enter into a contract in accordance with the tender.

The Department does not bind itself to accept the lowest or any tender.

E. F. JARVIS,
H.Q. 67—17—12. Deputy Minister of Militia and Defence.

Department of Militia and Defence,
Ottawa, April 23, 1908.

Newspapers will not be paid for this advertisement, if they insert it without authority from the Department.

LINES TO LOUISA.

[The same being our forty-seventh maid who has gone to smash elsewhere.]

A week ago we had a maid
Whose memory will never fade.
You should have seen Louisa!
She piled the plates on which we dined
So very high they called to mind
The leaning tower of Pisa.

At other times they did not lean
When carried by our kitchen queen
(Whose other name was Dennis),
But rose as straight as spire or tree,
And then her model seemed to be
The campanile, Venice.

The leaning tower was first to go,
And when it hit the floor below
The havoc was appalling!
At once another crash occurred,
And then, alas, we knew we heard
The campanile falling!

I see its shattered remnants yet.
'Twas half our wedding dinner set—
The other half was Pisa.
My chatelaine her protest filed.
"Pray leave," she cried, "are I go wild.
For Pelion on Ossa piled
Would be your next, Louisa!"

—Earle Hooker Eaton in Harper's Weekly.

Evidently.

She—This wine doesn't seem to go to your head as quickly as it does to mine.

He—No. That is probably because it has farther to go.

Incorporated on the 6th Day of June, A.D. 1907

The Great Northern Larder Lake Mining Company is incorporated by Letters Patent of the Ontario Government under the Ontario Companies Act.

AUTHORIZED CAPITAL $1,000,000

Divided into 1,000,000 shares of the par value of $1.00 each, fully paid up and non-assessable, and carrying no personal liability.

TREASURY STOCK, 500,000 SHARES.

HEAD OFFICE---404 McKINNON BUILDING, TORONTO, ONTARIO, CANADA

Read Official Statements as to Gold Discoveries in Larder Lake District in the 16th Annual Report of the Bureau of Mines, 1907.

OFFICERS AND DIRECTORS

President—Stan. Walker, Toronto, Manufacturing Furrier; Vice-President—H.E. Smallpiece, Toronto, Journalist; Treasurer—S. E. McCartney, Toronto, Capitalist; Secretary—H. Murby, Toronto, Cattle Dealer; Managing Director—C. C. Richardson, Toronto, Manufacturing Jeweler; M. Tromer, Toronto, Retail Furrier; David A. Foster, Haileybury, Miner; Solicitor—John A. Ferguson, Temple Building, Toronto; Bankers—Bank of Toronto, Head Office, Toronto.

A SHORT HISTORY

These Larder Lake properties were staked out by the Foster broters, who are old, experienced miners, who have been prospecting up in that country since 1905. They are practical miners.

When the wealth of the Larder Lake District first leaked out, these men made tracks for this district, and after days of hardship in paddling up rivers and carrying their outfit over portages, they finally found the wonderful gold bearing rock, and after a number of weeks' patient work in following gold indications they staked out 640 acres of what some believe will prove the richest gold bearing rock in the district.

After these men had registered these claims and proved there were no other prior claims to them, they brought samples and proofs to Toronto and succeeded in interesting a number of city merchants by convincing them that not one but many possible fortunes are tied up in these valuable 640 acres. On no reasonable consideration would they sell outright, so a small cash sum was paid to them and so many shares in a company to be formed agreed to be given them.

Had they not believed stock in the company would become valuable it is right to infer that they would not have made such a bargain and tied up their properties.

We believe they will be justified in their decision to retain an interest in the properties as shareholders in our Company.

As we, the members of this Company, were convinced by facts, we wish to convince you by facts also.

The Great Northern Larder Lake Mining Company has no figureheads or salaried men on its board. Each member of the board is a stockholder, by putting in his money and paying for his shares, and each member stands to lose a good pile if it is not properly handled. It is the intention of the company to run things on a strictly business basis, and all dealings must be above board. We want to make money and we want to make money fairly and honestly—on the miner's risk for the miner's reward.

The city merchants took the properties from the owners and prospectors, had transfers duly executed, organized this company, defraying all expenses to date, and have agreed to accept stock in payment. They must pay the original owners out of their holdings. The treasury stock goes for development.

The property consists of 14 claims, 40 acres each, or about 640 acres, west of Larder Lake and bordering on Grassy Lake. Blair & Smith, Government surveyors, of New Liskeard, were surveyors for the Company.

Lot Numbers as registered with the Government are: 3433, 3425, 3436, 3437, 3720, 3721, 3427, 3438, 3723, 3434, 3439, 3724, 3426, 3435.

OFFER IN PLAIN WORDS

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or Sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at an Agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of a homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father or mother.

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid for.

ADVERTISE IN THE TIMES.

A TEA TABLE NOVELTY.

The Removable Tray Top Has Many Advantages.

For summer cottages and veranda use the new wicker tea table is both serviceable and attractive. Now that this style of furniture plays such a part in the outfitting of bungalows and beautiful little cottages all that was needed to complete the necessary pieces was a tea table, for we are growing daily more and more devoted to our afternoon tea.

This novel table is made in an oblong shape, and it has a plain wooden top, over which fits a glass tray rimmed with Sheffield plate and provided with handles to match. The tray fits over the edges of the table top so there is no chance of its slipping.

The removable tray top has many advantages over the old kind. It makes the table useful for other purposes when the tea is not being served, and it saves the maid extra trips in bringing in the tea service, hot water, etc. The removable tray can be arranged in

TEA TABLE IN GREEN WICKER.

the kitchen and everything brought into the sitting room or to the veranda at once. It is always annoying to have to send for lemon, sugar and hot water, which are apt to be overlooked by the maid.

The underpart of the table has shelves, which may be used for books or to hold empty teacups. They are always handy places, and when one is serving tea there never seems to be enough room to take care of all the dishes required in serving even a small group of friends.

A curate's assistant in wicker has recently been added to the novelties in tea accessories. This has a glass top also, but instead of forming a tray and being removable it is made like a lid to lift up from one end. There are shelves underneath, also covered with glass. The table runs on wheels and has handles made after the style of the expensive inlaid mahogany pieces without which a fashionable drawing room would now be considered incomplete.

Green is the favorite color for wicker furniture, partly because it is fresh and cool looking for summer and partly because it is a durable shade.

HEALTH AND BEAUTY.

In extreme cases of emaciation olive or cod liver oil taken internally is most desirable, but the oil should be ordered by a physician.

Children who bite their nails must be treated for nervousness, and no amount of scolding, whipping or coaxing can overcome the fault where it is a physical breakdown.

Red ears, which often proceed from the same cause as does a red nose, may sometimes be relieved by bathing the ears in water as hot as can be endured in which have been mixed a little cologne and borax.

A good hip reducing exercise if not carried to excess is to stand on a slight elevation, say on a hassock or the end of a steamer trunk, and swing the leg back and forth like a pendulum. At first take this motion quite slowly and later increase the speed and the height of the arc described.

Never on any account should children be allowed to wear boots or shoes which are not absolutely comfortable. If boots are at all tight or too short, corns of course will be one inevitable result; but, what is still a greater evil, the child will acquire an awkward gait, which will probably cling to it all its life. Care should be taken, too, that boots are not buttoned too tightly round the ankle, as this will often cause suffering to the little wearer.

Mr. Morgan's Collection.

Everybody knows that J. Pierpont Morgan, the great financier, would go to the end of the earth to procure a picture that was pronounced a masterpiece or a snuffbox that was said to have belonged to a French king, but few people are aware that within the last couple of years he has amassed the most valuable collection of carpets and rugs in the world. One particular oriental carpet—it is really little more than a rug, for it measures only about twenty feet by fifteen—cost $17,000. For this he recently sent a special messenger to Persia. It is the most perfect specimen of its kind in the world. The coloring is deep blue, red and a slight touch of orange, the design being vines in blue on a red ground, the border spirals, leaves and medallions. Another rug, which is supposed to be more valuable, though it cost considerably less, a mere $7,500, is of the royal Tabriz workmanship and measures only fifteen feet by ten.

It seems that the fame of Mr. Morgan as a rug collector has now spread to Persia, China and the remote parts of the earth, with the result that he is now inundated with offers of "treasures." His post bag from these quarters alone is the cause of many unparliamentary remarks from his secretary, whose duty it is to open and read carefully every document sent to the multi-millionaire, be it only the typical circular puffing a new gold mine or a patent medicine.

Benjamin Constant.

Benjamin Constant, having sided with Napoleon during the hundred days, felt the need of justifying himself when Louis XVIII. returned to power. He wrote the king a letter with that end in view and called upon Mme. Recamier to discuss the subject. She asked him quietly:

"Have you finished your letter?"

"Yes."

"Are you satisfied with it?"

"Entirely satisfied. I have almost persuaded myself."

PETERBORO BRANCHES: George St. and corner of Rubidge and Townsend Streets.

A. A. HOLLINGSHEAD, Mgr.

Cost Nuisance.

It is easy in this world to live after the world's opinion. It is easy in solitude to live after our own, but the great man is he who in the midst of the crowds keeps with perfect sweetness the independence of solitude.—Emerson.

Ready For Business.

A tragedian playing Richard III. in a small town was waited on after the show by an honest farmer, who said that "if the gen'l'm who wanted a horse was still of the same mind he would like to do business with him."

POI IN HAWAII.

The Favorite Food of the Natives and How it is Made.

In years gone by each native Hawaiian took a particular pride in producing his own poi (a food made from the taro plant), but nowadays it is made in factories, the work being done almost wholly by the native born Chinamen, who receive $1 per day for their labors.

I was fortunate enough at Lahaina, however, to see this staff of life made in the old fashioned way. The taro plant seems to be a cross between a sweet potato and a turnip, and the root is long and fleshy. This, after steaming, must be pounded into a sort of flour before mixing. A stone pestle is used, and often it requires hours to beat the root to the proper consistency. When a certain stage is reached water is added, and it is worked into a thin paste, put into a barrel and allowed to ferment. The taste for poi has to be acquired, and few if any foreigners ever care for it as food. To me it suggested sour starch. It is served on the native table in a huge wooden bowl known as a calabash, from which it is eaten with the fingers, each member of the family dipping into the same dish. The number of fingers used is measured by the thickness of the poi, three fingers being required for the thinnest and one for that mixed to the consistency of mush. The taro plant is easily cultivated (this is also done by Chinamen), and I am told that one square mile of taro will feed 15,000 natives. Factory made poi, which is pinkish purple in color, costs $1 a bag, about the size of a flour sack containing an eighth of a barrel. It is nutritious, cheap and fattening. Poi is the principal food of the kanas (native feasts). Roast pig is usually the meat on these festive occasions.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments must be combined. One is local, one is constitutional, but both are important, both essential.

Dr. Shoop's Night Cure is the Local.

Dr. Shoop's Restorative, the Constitutional.

The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerves, all tissues, and all blood ailments.

The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, eases nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

Dr. Shoop's Night Cure

TORONTO OTTAWA WINNIPEG

ESTABLISHED 1882

Galbraith Coal Co., Ltd.

Non-personal Liability

Capital, $250,000.00 1,000,000 Shares 25c. each.

Good coal stock is a safe and sure investment. Galbraith shares are especially attractive.

Modest Capitalization **Large Coal Reserves**

This Company organized under the laws of the Northwest Territories of Canada, owns and operates the Galbraith mine located at Lundbreck, Alta. They have four vertical seams of coal traversing their property, aggregating over 40 feet in thickness. Three of these seams are developed to a depth of 350 feet, one as they pass through the Company's lands for nearly a mile, some idea of the amount of coal may be had.

Shipping Steadily

The present output of the mine is about 200 tons per day. These shipments will be rapidly increased, as the C.P.R. allows its cars to be loaded with coal for points in the U. S.

We are selling a limited number of these shares at the extremely low price of

30 CENTS PER SHARE

in blocks of 100 or over. Tight money in the States makes it possible for us to give this unprecedented offer in stock that will be paying dividends inside of six months, and you are sure to realize a handsome profit.

Parties ordering can send money by P. O. Orders, Express Orders or Bank Drafts, and we will have the stock issued direct to you. Full information furnished on request. Correspondence solicited. Reference, Bank of Montreal

Try Again for Health

The Dangerous Weakness That Follows Should be Cured Now

One of the oldest physicians, after closely studying spring tiredness, says it seems to seek out the same victims year after year, and if the disorder is once contracted, one is very prone to contract it again.

The symptoms are common — no appetite — turn against your food, aches in back and limbs, nervous, and often melancholy, dyspeptic and languid.

"I had all the symptoms," writes Mrs. Eva E. Clarkson, well known in Chester. "I was discouraged, blue, felt too poorly to bother with medicine. But I tried again for health and used Dr. Hamilton's Pills. The very sight of food used to turn me sick; now I eat and digest like a growing child. I used to feel bloodless and starved, now I am well nourished and gaining in flesh. My face was haggard, full eyes, dark circles; now I am animated, have pink cheeks, bright clear eyes. A hard cough that used to rack my chest is gone. But best of all is the feeling of buoyancy and good spirits that displaces the awful tired, drowsy, melancholy fits that come on, and always with splitting headache, too. I hope my letter will induce others to use Dr. Hamilton's Pills—such a good honest, fleshing tonic should be in every home, both for children and parents' use."

You have a woman's work to do in life — you have only a woman's delicate organism to do it with. You'll be vastly assisted with Dr. Hamilton's Pills, because they are good for women just as they are good for men and children, too; 25c. at all dealers.

CITY AND COUNTY NEWS

DASHES HERE AND THERE BY TIMES' REPORTERS.

Work Wanted

By the day, hour or job, cutting lawns, removing ashes from cellars, or any kind of work necessary around house or lawn. Apply G. W. Lawson, 499 Bethune street.

Bicycles

Mr. A. Sawers has moved into the shop next to Carey's shoe store, George street, and will be pleased to see his old friends and customers. Now is the time to get your bicycles cleaned and fixed up for summer. All work guaranteed.

Contributions to Shelter

Mr. Peter Campbell, treasurer of the Children's Aid Society wishes to acknowledge the following contributions: Mrs. Geo F. Wardle, Long Beach, California, $5. Wm. Kemp, $5.

Ross Rifle Won the Contest

It will be of interest to the local soldiery to learn that in the presence of a small arms commission appointed by the Federal Government a test was made between the Ross rifle and the Lee Enfield, the former won on all points. The Ross rifle was selected at random from stock in the factory whilst the Lee-Enfield was specially sent from Halifax for the competition.

Piles are easily and quickly checked with Dr. Shoop's Magic Ointment. To prove it I will mail a small trial box as a convincing test. Simply address Dr. Shoop, Racine, Wis. I surely would not send it free unless I was certain that Dr. Shoop's Magic Ointment would stand the test. Remember it is made expressly and alone for swollen, painful, bleeding or itching piles, either external or internal. Large jar 50c. Sold by all dealers.

ADVERTISE IN THE TIMES.

St. Luke's Adjourned Meeting

The adjourned vestry meeting will be held this evening at eight o'clock. Rev. Dr. Langfeldt made a strong appeal for a large attendance. All societies of the parish were particularly invited to enter into a discussion regarding great importance to be held in the near future. The secretaries of the societies are requested to bring their reports of their year's work. The W.A. will meet on Thursday at 2.30 and the Mission Band on Friday at 4.15.

Local Option Did Not Stop Traffic

On the first day of May Stirling became a "dry" town, at least nominally, though the liquor stored away by the thirsty ones is said to be not all consumed yet. The closing up of two of the hotels, boarders being compelled to leave, and no accommodation provided for travellers caused some inconvenience for a few days, but other places being opened to take in boarders, and to provide meal for travellers, is fast overcoming the difficulty. It is believed that in a short time ample accommodation will be furnished for all needs.—Stirling News-Argus.

Great Vitality of Animal

It seems that the vitality of the bovine race is certainly superior to that of the genus homo. This was demonstrated by the experience of a heifer purchased last week by Messrs. Herb and Frank Conroy, East Ward, near Buckhorn. These local buyers were bringing a bunch of cattle, watered at various farm houses to the city. These men, it might be mentioned incidentally have a large ranch at Buckhorn. To resume, a heifer was lost on route by night. Next morning they searched for the missing "boss" and found her sequestrated in a mud hole over her back, only the head appearing. After considerable difficulty, the heifer was extricated from her cold and slimy surroundings, and brought on a stone boat, or flat runnerless sleigh, to the barn of a farmer where she was quickly resuscitated. Few men, except those visiting the German mud baths (and they are warm) could have survived eight or ten hours buried to the neck in cold, cold mud.

City Topics

IN SHORT FORM FOR BUSY READERS

—Eighteen loads of hay were yesterday weighed on the market weigh scales.

—Mr. J. Crowley has opened a new grocery business on Hunter street, East Ward, at Hennessey's old stand.

—It is rumored that ladies will have a section of the Grand Opera House reserved for them to see the Hurtubise-Rogers wrestling match.

—Mr. George Brousseau has opened a barber shop next door to the Windsor Hotel.

—A full rehearsal of "Esther" was held at the Conservatory Music last night at eight o'clock.

—At 3.30 yesterday afternoon the hands of the post office clock stood at 12.40 at 7 o'clock last night the clock had gained 10 minutes. Rather long dinner hour.

There is a Pink Pain Tablet made by Dr. Shoop, that will positively stop any pain, anywhere, in 20 minutes. Druggists everywhere sell them as Dr. Shoop's Headache Tablets, but they stop other pains as easily as headache. Dr. Shoop's Pink Pain Tablets simply coax blood pressure away from pain centres—that is all. Pain comes from blood pressure—congestion. Stop that pressure with Dr. Shoop's Headache Tablets and pain is instantly gone. 20 Tablets 25c. Sold by all dealers.

—Messrs. McMurdo and Murdoch will continue the meetings at Gospel Hall this week, Tuesday, Wednesday and Friday nights at eight o'clock. These meetings will be evangelistic. A hearty invitation is given to all.

—A list of the returning officers appointed for the provincial elections, shows that Sheriff J. A. Hall will be returning officer for the west riding, and Dr. S. P. Ford in the east.

—A special meeting of Golden Link Rebekah Lodge No. 81, was held at Mrs. Jobbitt's, 283 Stewart street, last night, at eight o'clock, to make arrangements for attending the funeral of Sister Barlow, of Havelock, on Tuesday.

—It seems that Mrs. Guinness the murderess of every man who came under her personal or epistolatory spell is dead in reality. Young men of this city with ideas of matrimony and without the sand to propose to a local girl can now sleep easier.

Weak Women should read my "Book No. 4 For Women". It was written expressly for women who are not well. The Book No. 4 tells of Dr. Shoop's "Night Cure" and just how these soothing, healing, antiseptic suppositories can be successfully applied. The book, and strictly confidential medical advice is entirely free. Write Dr. Shoop, Racine, Wis. The Night Cure is sold by all dealers.

—In reply to a question, "What's doing at the Driving Park, Martin?" put by a Times representative yesterday afternoon Mr. Connors said, "Nothing yet for a few days. The recent heavy rain has flooded the track."

—Yesterday Chief Roasel girded on his sword and buckler, and hied him forth on a crusade against dog owners who have not yet paid their little $1 or $2, according to sexual proclivities of their canine pets. As there are yet two hundred and fifty dogs in the city on which this year's taxes have not been made, there is probably a lot of grist for the police mill to grind.

—With a population of only 8,000, and with two daily newspapers already struggling for supremacy, the town of Lindsay, is to have a third daily. The Ontario Gazette announces the incorporation of the Lindsay Free Press Company, Limited, capitalized at $20,000. The incorporators being R. J. Moore, printer, Eliza M. Moore, Robert M. Munro, veterinary of Fenelon Falls, and J. V. McNaulty of Lindsay. The Fenelon Falls Star is also to be acquired.—Toronto Star.

Cressman's--The Home of the Ladies' Home Journal Patterns

Personal

—Mr. J. B. Hay spent Sunday in Toronto.

—Miss Archibald and Warren returned yesterday morning to Toronto.

—Mr. W. B. Crow, Trenton, was a guest at the Snowdon House yesterday.

—Mr. L. A. Carscallen, Toronto, registered yesterday at the Snowden House.

—Mr. M. Pappas, the George street cigar dealer, leaves this morning on a business trip to Toronto.

—Rev. C. R. Spencer, of Young's Point, was the guest of Mr. and Mrs. G. R. Browning, Harvey street.

—Rev. C. M. Fanney of Hall's Bridge, was the guest of Mrs. C. E. Hubbs, Concession street, while in the city.

—The Right Rev. Bishop Reeve, DD., and Rev. Rural Dean Langfeldt left yesterday morning to be present at the laying of the corner stone of the new church at Hastings during the afternoon and at the confirmation services at Norwood last night.

—Mr. and Mrs. M. C. Tooley drove out to Chemong Park yesterday afternoon, with a quantity of flowers and plants to embellish their grounds there.

Mr. Latimer, Bethune street, traveller for the Fox Co. Ltd., Toronto, was in the city yesterday and left last night on a trip. Mr. Latimer will sever his connection with his present firm at the end of this month.

—At the 10.30 mass at St. Peter's Cathedral on Sunday Mr. Pierre Guiardi, the tenor of the "Barber of Seville" Company, which appeared at the Grand on Saturday, sang "Ave Maria," while the offertory was being taken up. Mr. Guiardi's tenor voice was heard to great advantage in this grand sacred solo. His tones were pure and musical and he sang with great expression.

—Mr. Fred Thomas has returned home from a trip to England, where he spent the past two months. He was accompanied on his return by his daughter, Miss Thomas who will spend the summer in Canada. A party was held in her honor at the residence of Mrs. James Booth, Chamberlain street on Saturday night.

Take Hall's Family Pills for constipation.

Fleet for Pacific

San Francisco, May 11.— Eighteen battleships and eight armoured cruisers, among other ships of war, are riding at anchor in the bay to-day. Even before they came 250,000 residents of coast and adjacent States laid formal petitions before Secretary Metcalf, praying that 12 battleships and 8 armored cruisers be retained permanently on the Pacific. It was set forth that this ocean is to be the world's next great battle ground; surely for commerce, possibly for international war.

NOTICE

Take notice that the Municipal Council of the Corporation of the City of Peterborough intends after one month after the last publication of this notice, to undertake the construction of sewers on the following streets or parts of streets in the City of Peterborough, namely:—

Hunter street, from Water street to Sheridan street; Sheridan street, from Hunter street to Brock street; Park street, from Cedar street to London street; London street, from Park street to Downie street; Rubidge street from Brock street to eighty feet north of Kirk street; Donegal street, from Hunter street to Brock street.

And to assess upon the real property to be benefitted by such sewers, such proportion of the cost thereof as may be just, in accordance with the provisions of Sections 644 to 686 inclusive of The Consolidated Municipal Act, 1903, or so much thereof as may be applicable thereto, and subject to the provisions of such By-law or By-laws of the said Corporation now or hereafter to be passed as shall be applicable to the same, and the number of annual special assessments therefor will be thirty.

Persons desiring to petition the said Council against undertaking any of the said proposed works must do so on or before the 22nd day of June, 1908.

Dated the 6th day of April, 1908.

S. R. ARMSTRONG,
Clerk.

Proposed to Take Only City Corps to Quebec

Ottawa, May 12.—It is understood that the program of holding a review on the Plains of Abraham at the Quebec Tercentenary are being subjected to extensive alterations in the direction of reduction. The proposal to take virtually all the rural corps of Eastern Canada to Quebec has been abandoned, and the proposal now is to take the city corps at full strength. In this connection the question of allowing them full pay is under debate.

As a result of the re-arrangement the annual camps will be held.

The abandonment of the larger plan it believed to be due largely to the railway difficulty.

Nelson Smith was Buried in Potter's Field

Huntsville, May 12 — Hundreds journeyed to the Goldie home at 2 o'clock yesterday afternoon to pay their last respects to the victim of Smith's insane act of Friday. The body, enclosed in a beautiful black-covered casket, lay in the parlor and was viewed by the throngs of people who were present. The funeral service was most impressive, and was participated in by the three local pastors, Rev. G. B. McLennan, Presbyterian; Rev. C. W. Watson, Methodist, and Rev. J. N. Norton, Baptist. The remains were taken to St. Andrew's cemetery for interment. A brother and sister of Smith, the dead man, arrived here Sunday morning from Berlin, evidently to take charge of the body, but in the absence of definite instructions from the relatives Undertaker Selkirk buried the body Saturday at 6 p.m. The grave was dug in the Potters' Plot at the Presbyterian burial ground.

Private Moir Tells the Story of His Life of Adventure

Arthur, May 12.—Private Moir, arrested on Saturday night for the shooting of Sergt. Lloyd at Wolseley Barracks was taken to London on the 5.05 C.P.R. train in charge of Detective Nickle of London, and Chief Farrell of Arthur. Before leaving he was seen in his cell by Police Magistrate Hudson, and your correspondent, and gave a short outline of his life.

ENLISTED AT SIXTEEN.

Moir was born in Roxboroughshire, Scotland. When only 16 years of age he enlisted with the Gordon Highlanders for a period of seven years. After serving five years he was granted his discharge on account of good service. He then went to Glasgow, where he spent six months in the gymnasium there, receiving a certificate from that institution as an all-round athlete.

When the Boer war broke out, Moir was one of the first to enlist for the front. He saw active service being one of those at Bloemfontein. After the close of the war he went to India, where he served on the Indian frontier.

IN CANADA FOUR YEARS.

Four years ago he came to Canada. He went first to Guelph, where he worked for six months on a farm there, and later put in six months at one of the factories. From there he went to Lansdowne, where he spent two years. Six months ago he enlisted at Wolseley Barracks, London, and stayed there till the shooting.

"I never had trouble with Lloyd," declared Moir, brokenly. "We were good friends, and I have no enemy in the world that I know of."

After leaving Stratford the Monday after the murder, Moir made for Goldstone, and from there took to the railroad track, tramping down the line to Elora, reaching there on Tuesday. From there he went to the Robbs farm and secured work

CAN SLEEP NOW

"The worst is over now, I think," continued Moir. "I have not had a sound sleep since I woke in that barn near London."

Moir bought a new suit of clothes yesterday, with the money received from the Robbs.

There is much sympathy aroused here at Arthur, and yesterday a subscription was taken up to help pay for his defence.

Rev. J. P. Dobert, Catholic priest. Rev. Dr Richardson, Presbyterian, and Rev. Mr. Smith, Methodist, interviewed Moir for a short time.

Moir is 25 years of age. The mark on his ear, which helped to identify him is a birth mark. The tattooing was done when he was a boy at boy at school. The scar on his finger is the result of a wrestling match at London, when the finger was broken. The scar on his face was also the result of a fight when a boy at school.

London, May 12. Private Moir arrived in the city by the 11 o'clock C.P.R. train last night.

There were several hundred people at the depot to catch a glimpse at the notorious slayer of Color Sergt. Lloyd.

He stepped from the train securely handcuffed in charge of Detective Nickle. He wore a neat suit and would by no means impress one as a man who had shot down another with a rifle. He was taken directly to the police cells, where he spent the night.

No one was allowed to converse with Moir after his arrival.

Fred Whiteroft Had Operation on His Neck

Fred Whiteroft, the former Peterborough hockey player, who managed the Edmonton team last winter, had an operation on his neck a week ago yesterday and cannot get out of bed for a couple of weeks.

Judge Weller is Chairman of Board

A Toronto despatch of yesterday says:

Premier Whitney announced the following to act as chairmen of the boards of registration throughout the province: Fort William, Magistrate Polling; Port Arthur, Judge O'Leary; Belleville, Judge Fralick; Berlin, Judge Chisholm; Brantford, Magistrate Livingstone; Chatham, Judge Bell; Guelph, Judge Chadwick; Hamilton, Judge Snider; Kingston, Judge Price; London, Judge McBeth; Ottawa, Judge McTavish; Peterborough, Judge Weller; St. Catharines, Judge Carman; St. Thomas, Judge Ermatinger; Stratford, Judge Baron, Windsor, Judge McHugh; Woodstock, Judge Finkle; West Toronto, Judge Morgan.

Local Merchants to Hold Banquet

The banquet of the merchants of Peterborough, will be held on Friday evening at eight o'clock at the Oriental hotel. A number of prominent merchants will be present from outside points to give addresses. In addition there will be an interesting program of songs and recitations.

The speakers will be Messrs. H. Waters of Ottawa, who will speak on "The important position retail merchants occupy in a community; B. W. Zyman of Prescott, whose subject will be "How we are organized;" A. G. Greene of Belleville, whose address will be on "The power of organization;" A. M. Patterson of Brockville, who will deal with the question, "How merchants should be organized," and E. M. Towern of Toronto, who will give an address on "The importance of watching legislation for retail merchants."

This will be the first banquet of the merchants and every business man interested in the mutual welfare of his class in the community should attend.

The Division of Canada's Civil Service Into Two Classes

Employees Doing Clerical Work to be Distinct from Those with Administrative Duties

Ottawa, May 12.—One of the principal features of the new Civil Service Act, which the government expects to have ready for presentation to parliament this session will be a division of the whole public service of Canada into two classes, those whose work is purely clerical and those entrusted with work of an administrative nature. Clerks of the former grade will reach the maximum of their class at about $1,200 and will know when they go into the service that only in rare instances will they go any higher. Those charged with administrative work will of course be paid higher salaries than the writer class, and will have to satisfy the Board of Civil Service Commissioners of their fitness for the duties to which they are assigned. Indeed the new rule is to be laid down for all classes of appointment and promotion by merit alone, and although the minimum salaries of the several classes of clerkships will be increased over what they are at present, an end is to be made of what has been known as the statutory increase of $50 per annum which all officials without distinction have hitherto received until they reached the maximum salary of their class.

Hereafter increases will be granted on merit alone and on the recommendation of the Deputy Minister of the several departments. Part of the English system of civil service appointments and promotions, which is now being made the law of Canada, will be also the establishment of competitive examinations. It is said that when the Civil Service Commission has designated anyone to a certain post his appointment will be in the first instance provisional until he has satisfied the department of his fitness for the task to which he has been assigned.

"Petes" Have a Strong Nine for Game Saturday

The following will be the line up of the Petes for the exhibition game against the Alerts of Toronto at Riverside Park on Saturday;

Edmunds c.
Clements p.
Thorn 1b.
O'Beare 2b.
Maddock ss.
Cheetham 3b.
Murphy cf.
O'Brien lf.
Burns rf.

With the help of a little good weather the game should be a fast one, as the grounds are in fair shape now.

The Alerts wrote saying they would be here for sure, and if their team is as good as it looks on paper they will be hard to beat. Here is their line up;

Dalzell c., Smith, Mawhinney and Wilson, pitchers, Spence 1b, Morgan 2b, White or McDermott ss, Haliburton 3b, Oldfield cf, Graham lf, and G. Smith rf.

The Petes have been working out every day and are fast rounding into form. They are anxious to get on the diamond so that team work can be developed, for so far only batting practice has been indulged in.

Saturday's game will start at 3.30 p.m. sharp.

There is a Pink Pain Tablet made by Dr. Shoop's, that will positively stop any pain, anywhere, in 20 minutes. Druggists everywhere sell them as Dr. Shoop's Headache Tablets, but they stop other pains as easily as headache. Dr. Shoop's Pink Pain Tablets simply coax blood pressure away from pain centres—that is all. Pain comes from blood pressure—congestion. Stop that pressure with Dr. Shoop's Headache Tablets and pain is instantly gone. 20 Tablets 25c. Sold by all dealers.

Suspected of Murdering Young Pole at Erindale

Toronto, May 12.—Stephen Savilla, a powerful built young Pole of about 30 years of age, was arrested in his room at 135 Adelaide street west at a late hour this forenoon, by Inspectors John Miller and William Greer, of the Provincial Detective staff, and Provincial Constable Brodie.

The detectives charge that Savilla is the man who murdered the Young Galician laborer named Alexis Linchick, whose body was found in the woods near Erindale a week ago last Sunday.

WITH WOMAN WHEN ARRESTED

Savilla came to Toronto in March from Rochester. Since his arrival he is said to have done no work whatever. When arrested he was with a woman who, he claims, is his wife. Beyond the fact that he is a day laborer, the detectives know very little about him. They believe that he wandered back to the city some days after the murder is said to have taken place.

"We've been watching him for a couple of days," said Detective Miller, who has conducted the case, speaking to the Star this morning. "and we were afraid he would give us the slip last night. But we got him entirely off his guard and he put up no fight at all."

Police Court Happenings

At yesterday's session of the Police Court, Wm. Carridice was charged with having been drunk in a public place. William explained that he had a bad cold and had taken a few drinks to cure it. He was on his way to Galt and had "plenty of money" to get there. He got. As Will left the Court he displayed the possession of a good part of the last night's jag by airily blowing a kiss to the Chief and court in general.

The manager of a local factory was charged with having assaulted Alexander McGregor, an employee of a local express company. Mr. McWilliams who appeared for the defendant, said the evidence had better be heard, as it was "a very trivial affair." Mr. McGregor said he was sent to the works for a parcel. Whilst there Mr. Carruthers, the express company manager, wanted to speak to witness over the 'phone. As witness went in defendant sent word he wanted to speak to him. Defendant said 'Why don't you take off your hat and take the parcel?' Witness explained he would have to send for a rig. Defendant then asked witness, if the latter ever did an honest day's work in his life. Witness explained he had worked three years for the C.P.R. Defendant then asked his name. Witness referred defendant to Mr. Carruthers, the boss. Defendant then locked the door and hit witness a punch in the mouth," causing his lip to swell. Defendant then opened the door and witness took the parcel outside and left it there. Witness then went back to the station. Defendant called up the office and laid a complaint. To Mr. McWilliams, witness said the parcel was not ready when he got there, and thus lost a car. The parcel was too heavy to carry to the station.

Defendant, manager of the works, said the parcel was ready when the messenger, McGregor, arrived. The office boy told witness that McGregor was leaving without the parcel. The office boy, 15 years of age, carried it to the street car and thence to the station. He boxed the boy's ears, because the boy was impudent. He did not hit him on the mouth. He helped to put the parcel on the boy's back. It was important to get the parcel away. McGregor left the parcel in the field. He is quite sure he was right in boxing the boy's ears.

His Worship said he did not wonder that defendant was vexed when a boy 21 years old is too lazy to carry so important a parcel a short distance. Defendant, however, had no right to take the law in his own hands. He fined him $10 and $2.00 costs or $12.00.

Peter Warner, wanted for stealing a quantity of brass and copper was once more called yesterday, but was not present. A warrant for his arrest was issued.

New Catholic School in Belleville

Gauthier, of Kingston, laid the corner stone of the new St. Michael's School in this city, in the presence of a very large crowd, and was assisted by many visiting priests and dignitaries. The new school, which will be completed this year, will cost, with equipment, $45,000, and will be one of the finest schools of its kind in Ontario.

In the Realm of Sport

RACING.

Jamaica

Jamaica, New York, May 12.—The results of today's races follow;

First.

1. Personal, 2 to 1.
2. Havre, 2 to 1 for place.
3. Indomitable, 6 to 5 to show.

Time—1.01.

Also ran—Fort, Dunbarton, Mudrileno, Watiere, J. W. Kent, Hawkwing, Never Late, Ketchico.

Second

1. Pricillian, even.
2. Zienap, 7 to 5 for place.
3. Kill crankie, 8 to 5 to show.

Time—1.47 3-5.

Also ran—Royal Lady, Lad of Langdon, Watersped.

Third.

1. Druid, 7 to 1.
2. Chantilly, 4 to 1 for place.
3. Saylor, out to show.

Time—1.47 2-5.

Also ran—Grouges, Brother Jonathan, Sir Toddington, Greens, Robador, Maxner.

Fourth.

1. Trance, 2 to 9
2. Kristi, 4 to 5 for place.
3. Hoyle, 8 to 5 to show.

Time—1.40 1-5.

Also ran—Rambler, Bergen and Belshaw.

Fifth.

1. Colloquy, 6 to 1
2. Grimaldi, 3 to 1 for for place
3. Pantoufle, 3 to 1 to show.

Time, 1.07.

Also ran, Oxford, Horace E., Explosion, Queen Marguerite, and Adriana.

Sixth

1. Sea Cliff, 4 to 1.
2. Ross Fenton.

Wire trouble prevented balance of race being received.

Louisville.

Louisville, Kentucky, May 12.—The results of today's races were as follows:

1. Estella C.
2. Mondella.
3. Potter.

Time—1.14

Scratched—Raibert.

Second.

1. Inola.
2. Pinion.
3. Lillian Ray.

Time—.48 3-5.

Third.

1. Hasty Agnes.
2. Col Jim Douglas.
3. Al Muller.

Time—1.12 1-5.

Hasty Agnes broke the track record, which was 1.13.

BASEBALL.

Following are the scores of the ball games played in the three big leagues yesterday.

EASTERN

Baltimore 4, Rochester 0.
Toronto 7, Jersey City 6, at end of 12th
Providence vs. Montreal, no game.

NATIONAL

New York 8, Pittsburg 2.
Boston 2, Cincinnati 4.
Philadelphia 5, Chicago 2.
Brooklyn 0, St. Louis 2.

AMERICAN

Cleveland 2, New York 0.
Detroit 4, Boston 2.
Chicago 4, Philadelphia 3

WRESTLING.

Corny Burns who had the misfortune to break a bone in his right hand in his bout with Glover on April 30th, stated last night that the injured member was not paining him as much as it had been, and with any kind of luck would be able to go on in the preliminary boxing bout on the night of the Rogers-Hurtubise wrestling go on the 22nd.

J. P. Morgan's Hopeful View of Financial Situation

Paris, May 12.—J. P. Morgan arrived here to-day from Italy. He is quoted as saying that the acute stage of the American financial crisis had passed, that the situation evidently had ameliorated, and that it was now only a question of time. Mr. Morgan said that his health was excellent.

Life Endangered by a Severed Artery

Yesterday afternoon about five o'clock a local carpenter working at the new Normal school building came near losing his life through an accident. It seems that Mr. John Williams, the carpenter referred to had been working on a platform at the new educational institute, had occasion to descend to the floor and before making his downward passage left a sharp edged chisel at the edge pointing from the wall. After Mr. Williams had reached the floor he had occasion to move a ladder reaching to the scaffold. As the ladder was moved, it touched and caused the chisel to fall. Unfortunately, in its downward flight the sharp edged implement happened to fall on the left wrist of Mr. Williams. The moment the chisel struck Mr. Williams wrist, blood flew in all directions.

As the red arterial blood, with its regular but intermittent spurts were rapidly drawing off the man's vitality, his friends, including ex-Ald. Geo. Duncan, who has the contract of painting the building, flew to his assistance and quickly placed fingers and thumbs across the severed artery to compress it and stop the blood.

After hastily made tourniquets had been applied and the fast ebbing tide of life stopped, the sufferer was put into a conveyance and driven to Dr. McGrath's surgery, where the doctor attended the case. It is hoped that no more serious consequences will result than the loss of some three or four pints of blood.

City corps only

Toronto Ball Team Win Opening Home Game

The opening game at Maple Leaf park, Toronto Island, between the Toronto and Jersey City Eastern League teams, went 12 innings before the Torontonians succeeded in making the deciding tally.

At the end of the 9th the score stood 6—6, and after the "aleaters" failed to score in their half of the 12th, the Leafs did the trick in theirs.

Hon. Thos Crawford pitched the first ball over the plate to Hon. J. J. Foy, who donned mit, pad and mask to catch it.

Inspector Jas. L. Hughes was at the bat, but he accepted the third ball sent over, landing on the sphere for a safety.

The two pennants won by the Leafs last year, were hoisted to the top of the flag staffs by the Hon. J. J. Foy, who in a few words declared the season opened. A crowd of over 6000 saw the game.

This is the first time in years that the Leafs have won the opening home game.

Harry Burridge Gets in the Game

Harry Burridge in a letter to a local friend, stated that he would be at the receiving end of the Youngstown battery in two championship games against the Erie Pa., Tri-State League team this week.

Harry says he likes Youngstown alright, and thinks a "heap" of his fellow ball tossers. He is also a great favorite with the fans and is making good.

Sons of Scotland Met Last Night

Last night the Sons of Scotland met in the Orange Hall with Chief J. J. MacPherson in the chair. This was the first meeting held since installation of the new officers of the Clan Alpine by the Camp No. 38. This was the last meeting that Grand Organizer Grieve will attend during his present official visit in Peterborough. Mr. Grieve has been in the city for several weeks in the interests of the Order, during which time he has greatly advanced the interest in and interests of the local camp, and he has made many friends both personally and for the Sons of Scotland. Mr. Grieve has certainly been the right man in the right place and has succeeded both in securing the application, for membership, of a large number of candidates for initiation and in creating a renewed interest in the Society. Mr. Grieve will leave this week for either Lakefield or Havelock, and will work in both places towards securing members of the Order that, on "Bobby" Burns' birthday and St. Andrew's day generally meet for a right royal time and the disposal of haggis and other things, particularly the other things, the cognomen of which is always prefaced by the word "Scotch."

Miss Hutton, Expert Lady Bowler, May Pay Visit to Peterborough

Mr. W. V. Thompson of Chicago, the world's champion bowler arrived in the city yesterday at noon, and immediately registered at the Oriental.

Mr. Thompson had expected to stay in Peterborough over night, but was unexpectedly called home and left for Toronto by the 4.40 C.P.R. yesterday afternoon.

Mr. Thompson is alley manager for the Brunswick Balke Collender Company, and is captain and manager of the famous Thompson's Colts, holders of the world's record of 2853 pins, defeating the champions of the A.B.C., N.B.A. and W.B.A. at Cincinnati in February. In one season the Colts played 66 games with an average of 999 1-66, with a record of 1129 for a high game, and 32 games of over 1,000, which constitutes a world's record for league games.

Mr. Thompson has several times won the world's championship, and has some wonderful performances to his credit, having on several occasions rolled the possible 300, although never in a league game. In league competitions, his highest score is 298; He has had an average of 247 for ten consecutive games.

The champion paid a visit to the Peterborough Bowling Club alleys during the afternoon where he rolled several games against Mr. C. Fletcher who accompanied him from the Queen City, J. B. Hay and W. Stroud.

Mr. Thompson was not up to his usual form, as he is suffering from a sprained ankle, but in spite of this handicap, he showed beyond a doubt that he is the king of pin spillers.

Mr. Thompson bowled three games against the local trundler, W. Stroud, and won two out of three. The scores being as follows;

	1	2	3
Thompson	220	168	293
Stroud	195	176	159

The totals were, Thompson 681, and Stroud 530, giving the champion a majority of 71 pins.

Mr. Thompson also took on Mr. C. Fletcher in a handicap game, he bowling with his left hand while the Toronto man used his right. Although he did not beat him, Mr. Thompson, gave his opponent a hard run, the score standing 176 to 178 at the finish.

The champion was greatly pleased with the P.B.C. alleys, voting them the best on the continent.

Before leaving for home Mr. Thompson promised to return to Peterborough as soon as he can get away. "I am taking my team over to the Old Country next month to meet the bowling game over there," said Mr. Thompson, and if I can see my way clear to coming this way on my way to England I will certainly do so. However, in case I should not get the opportunity before crossing the Atlantic I will certainly make you a visit this fall and bring the 'Colts' along with me."

Mr. Thompson also promised to bring back with him Miss Huttes of Chicago, the champion lady bowler of the world.

Miss Hutton has several times defeated the captain of Thompson's Colts in friendly games.

Mr. Thompson while in London will play on the American Olympic lawn bowling team, he being an enthusiastic devotee of the outdoor bowling game as well as the great indoor pastime.

—A day or two ago representatives of a Lindsay firm that contemplate erecting a skating rink in the Queen of the Scugog waters arrived in the city and, with the aid of a local citizen took careful measurements of Rock street rink, with a view to using the result of their labor towards the new Lindsay rink.

Change in Food

Works Wonders in Health

It is worth knowing that a change in food can cure dyspepsia. "I deem it my duty to let you know how Grape-Nuts food has cured me of indigestion.

"I had been troubled with it for years, until last year my doctor recommended Grape-Nuts food to be used every morning. I followed instructions and now I am entirely well.

"The whole family like Grape-Nuts, we use four packages a week. You are welcome to use this testimonial as you see fit."

The reason this lady was helped by the use of Grape-Nuts food, is that it is predigested by natural processes and therefore does not tax the stomach as the food she had been using; it also contains the elements required for building up the previous system. If that part of the human body to be perfect working order, there can be no dyspepsia, for nervous energy represents the steam that drives the engine.

When the nervous system is run down, the machinery of the body works badly. Grape-Nuts food can be used by small children as well as adults. It is partially cooked and ready for instant use.

Read "The Road to Wellville" in pkgs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

Where the finest biscuit, cake, hot-breads, crusts or puddings are required *Royal* is indispensable.

ROYAL
Baking Powder
Absolutely Pure

Not only for rich or fine food or for special times or service. Royal is equally valuable in the preparation of plain, substantial, every-day foods, for all occasions. It makes the food more tasty, nutritious and wholesome.

Doctors All Advise Suitable Spring Tonic

Pays You to Get Strong and Nourish the Blood During Change of Seasons.

In the spring time the vigor and resisting power of the body fall very low. Instead of being rich and nourishing, the blood is thin and watery. As a result the bodily forces become less active, sleep fails to bring rest. An ever-increasing tiredness develops into over-powering weakness.

People suffering from this spring sickness feel heavy and drowsy; they don't want to eat; they don't enjoy work—about half sick and half well. This is just the condition that favors pneumonia and typhoid, and you must build up as quickly as possible. You must increase your blood supply and make it rich and red.

The only way this can be done is by using Ferrozone, which is acknowledged to be the most efficient spring medicine.

The marvellous purifying and tonic properties of Ferrozone are quickly felt because the blood is at once supplied with the elements it needs to become rich and red. It is ironized vitalized and rapidly brought to its normal strength.

The very best ingredients for toning up the system are contained in Ferrozone, and if you use it you are sure to get back your old-time strength and spirits.

If you suffer from debility, insomnia, nervousness, loss of appetite, or any of the symptoms of disordered blood, nothing will so rapidly tone you up as this great food tonic, Ferrozone. Its record of successful cures, its recommendation by the public, by druggists and doctors commends it to every thinking person.

You need Ferrozone to make you well. Why not get to-day? Sold by all druggists; price 50c. per box or six boxes for $2.50.

Morning Times

This paper is the only Morning Daily published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

Strangers visiting Peterborough are cordially invited to make their headquarters at the office of the Morning and Weekly Times, where they will be furnished with writing material, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $5 per year, strictly in advance.

PETERBOROUGH, MAY 12 1908

EXTENDING "THE KINGDOM"

The essential fact to which all else is subsidiary is stated when the announcement is made at the Methodist General Conference, of the United States that the church has grown in the four years since its last general meeting. During the quadrennium 378,837 members have been added to its rolls, the largest gain recorded in 16 years, and greatly in excess, relatively, of the growth of general population.

Whatever else the organized bodies of Christian believers may agree or disagree in they are one in the purpose to serve, in they are one in the purpose to extend "the Kingdom on earth", as successors of the disciples first sent on that beneficent mission. In the present era of good feeling among Christians there is little of the growth of any body at the expense of other organizations. Proselyting is not so ardeously prosecuted in this direction as it was a comparatively few years ago. Whether there is ever to be anything more nearly approximating church unity is a question only to be solved by experience and it is probable that human nature, which obeys alternately, in general history, the center-seeking and center-fleeing forces, may come to be recognized as a controlling factor in the problem, but it is certain that the better understanding between rival churches which now prevails makes for reality and definiteness in membership returns because fewer converts have been transferred in a given time from one body of Christians to another.

So long as churches continue to group men and women temperamentally there there will be questions of method and custom, founded on taste, which is temperament in the last analysis, and one body will condemn forms while another laments the lack of them, and one creed will emphasize one phase and another another of the many-sided Goodness that all confess, but so long as each body of missionaries can report the widening of its field and a constant extension of the dominion of the Gospel over individual souls there is ground for encouragement in the greatest work entrusted to human hands.

GRAND TRUNK AT THE FRANCO-BRITISH EXHIBITION LONDON, ENG.,

It is a well-known fact that at all the World's Fairs and International Exhibitions, held in the past decade, the Grand Trunk has been most prominently represented with attractive displays, and in each case gold medals and diplomas have been their award. At the Franco-British Exhibition, which is to be held at Shepherd's Bush, London, May to October, this year, the Grand Trunk are not behind in this progressiveness and have erected a beautiful pavilion covering about 300 square feet of space in a picturesque spot known as the French Court.

This structure follows in design the Renaissance style of architecture with an artistic pillared entrance. Over the entrance rises a group of statuary representing the Grand Trunk Railway System as "speed" with an electric star surmounting the head of the central figure emblematic of the "Star of Empire", and on each side of this figure is represented in smaller figures the Atlantic and Pacific Oceans, the central figure joining their hands, representing the spanning of the continent by the new National Transcontinental Railway. This allegorical group is a very imposing one and the idea is appropriate.

The interior of the building is arranged in a combination of color harmony of olive green and red. The scenic views of the Grand Trunk Railway, as well as views of the summer tourists districts and fishing and hunting resorts in Canada are beautifully portrayed by a series of bromide enlargements finished in a sepia tint and framed in a dull quartered oak. The photographic work has been executed by Mr. J. W. Kwan, the well known landscape photographer, who has excelled himself, if possible, in this collection. These pictures cover the walls to a distance of two feet from the ceiling, and the entire interior has been set off by a beautiful frieze made up of grains and grasses from Ontario, Manitoba, Alberta, Saskatchewan and the West. In this frieze are embodied specimens of Canadian fish and game mounted in an attractive way, the whole forming a unique and pleasing effect.

In the centre of the room a pyramid has been erected, on which is shown samples of the cereals of the Province of Ontario, as well as natural samples of fruit from the "Garden of Canada."

Animated moving picture machines, projecting fishing, hunting and railroad scenes, are other features on the floor space. Interesting and instructive literature has been specially prepared for distribution, and it is estimated that from fifteen to twenty million people will visit this exhibition during its lifetime. Canada and the Grand Trunk Railway System will secure a tremendous amount of publicity through this medium.

Among the special features on display in this building will be two exceptionally fine moose heads, one the record head taken from the Province of Ontario, and the other a freak head that will attract a great deal of attention.

Mr. S. W. Cummings, who until recently was General Passenger Agent of the Central Vermont Railway, has been appointed to the position of Director of this exhibit.

Tired nerves, with that "no ambition" feeling that is commonly felt in spring or early summer, can be easily and quickly altered by taking what is known to druggists everywhere as Dr. Shoop's Restorative. One will absolutely note a changed feeling within 48 hours after beginning to take this Restorative. The bowels get sluggish in the winter-time, the circulation often shows up, the Kidneys are inactive, and even the Heart in many cases grows decidedly weaker. Dr. Shoop's Restorative is recognized everywhere as a genuine tonic to these vital organs. It builds up and strengthens the worn-out weakened nerves; it sharpens the failing appetite, and universally aids digestion. It always quickly brings renewed strength, life, vigor, and ambition. Try it and be convinced. Sold by all dealers.

Children's Aid Society
PETERBOROUGH.

For the care of neglected and ill-treated children. Incorporated by Act of Legislature, 1898. Information requested. Informants' names kept strictly private. Office hours 10 to 12 a.m., 4 to 5 p.m. GEORGE COCHRANE, Agent and Assistant Secretary. Office Dowsing Camp Building.

Department of Militia and Defence

NOTICE TO CONTRACTORS
PETAWAWA CAMP GROUNDS

Sealed Tenders, marked on the envelop "Tender for Buildings, Petawawa Camp," and addressed to the Secretary of the Militia Council, Department of Militia and Defence, Ottawa, will be received until noon, May 15, proximo, for supplying the necessary labor and material for construction of certain buildings, at Petawawa Camp Grounds.

Plans and specifications may be seen and full information obtained at the Office of the Director of Engineer services, Militia Headquarters, Ottawa, the Officer Commanding the Eastern Ontario Command, Kingston; and Lieut.-Colonel H. J. Mackie, Pembroke, Ont.

Tenders must be submitted on printed forms supplied by the Department of Militia and Defence, and each tender accompanied by an accepted cheque on a Canadian Chartered Bank, for 10 per cent. of the amount thereof, payable to the order of the Minister of Militia and Defence, which amount will be forfeited if the party tendering decline to enter into a contract in accordance with the tender.

The Department does not bind itself to accept the lowest or any tender.

E. F. JARVIS,
Secretary.

Ottawa, April 23, 1908.

Newspapers will not be paid for this advertisement, if they insert it without authority from the Department.

FISH THAT GLOW.

Some Deep Sea Creatures Able to Shed a Phosphorescent Light.

The inhabitants of the ocean vary in many respects, according to the depth at which they live, but most of all in their powers of vision. Fish that live at very great depths have either no eyes at all or enormously big ones. There are two methods of getting about in the gloomiest abysses—by delicate organs of touch and sight—that collects the few rays of light due to phosphorescences or other accidental sources.

The fish which live near the top of the ocean have smaller eyes than those say eighty fathoms down. One hundred and twenty fathoms deeper, where daylight disappears, the eyes are bigger still. Beyond the depth of 200 fathoms small eyes prevail, with long feelers to supplement them.

At this depth, in fact, sight is practically useless. In the greatest abysses the fish are usually blind, feeling their way about solely by means of their sensitive bodies. Some, indeed, show signs externally of having once possessed eyes, but that is all.

In others—the oldest and most confirmed abysmal species—the eye has disappeared altogether externally, though traces of it are still to be recognised, embedded deeply in the tissues of the head.

Many deep sea fish have a curious system of hollows in the skull or about the body which hold a kind of phosphorescent slime. Others have round or oval shining opalescent spots placed on the head or along the body or tail.

All of them are abundantly supplied with nerves, and they are apparently organs for the production of phosphorescent light. If so, such a fish must swim about surrounded by a faint glow, somewhat like that thrown by luminous paint.

One scientist even suggests that these fish may have the power of directing their rays in any direction, like a searchlight.

60,000 Shares Offered at 10c a Share!
Par Value $1.00--Fully Paid Up and Non-Assessable

The Great Northern Larder Lake Mining Company Ltd.

Incorporated on the 6th Day of June, A.D. 1907

The Great Northern Larder Lake Mining Company is incorporated by Letters Patent of the Ontario Government under the Ontario Companies Act.

AUTHORIZED CAPITAL $1,000,000

Divided into 1,000,000 shares of the par value of $1.00 each, fully paid up and non-assessable, and carrying no personal liability.

TREASURY STOCK, 600,000 SHARES.

HEAD OFFICE---404 McKINNON BUILDING, TORONTO, ONTARIO, CANADA

Read Official Statements as to Gold Discoveries in Larder Lake District in the 10th Annual Report of the Bureau of Mines, 1907.

OFFICERS AND DIRECTORS

President—Hon. Walter, Toronto, Manufacturing Furrier; Vice-President—H.E. Smallpiece, Toronto, Journalist; Treasurer—S. E. McCartney, Toronto, Capitalist; Secretary—H. Murby, Toronto, Cattle Dealer; Managing Director—C. C. Richardson, Toronto, Manufacturing Jeweler; M. Tromer, Toronto, Retail Furrier; David A. Foster, Haileybury, Miner; Solicitor—John A. Ferguson, Temple Building, Toronto; Bankers—Bank of Toronto, Head Office, Toronto.

A SHORT HISTORY

These Larder Lake properties were staked out by the Foster brothers, who are old, experienced miners, who have been prospecting up in that country since 1905. They are practical miners.

When the wealth of the Larder Lake District first leaked out, these men made tracks for this district, and after days of hardships in paddling up rivers and carrying their outfit over portages, they finally found the wonderful gold bearing rock, and after a number of weeks' patient work in following gold indications they staked out 640 acres of what some believe will prove the richest gold bearing rock in the district.

After these men had registered these claims and proved there were no other prior claims to them, they brought samples and proofs to Toronto and succeeded in interesting a number of city merchants by convincing them that not one but many possible fortunes are tied up in these valuable 640 acres. On no reasonable consideration would they sell outright, so a small cash sum was paid to them and so many shares in a company to be formed agreed to be given them.

Had they not believed stock in the company would become valuable it is right to infer that they would not have made such a bargain and tied up their properties.

We believe they will be justified in their decision to retain an interest in the properties as shareholders in our Company.

As we, the members of this Company, were convinced by facts, we wish to convince you by facts also.

The Great Northern Larder Lake Mining Company has no figureheads or salaried men on its board. Each member of the board is a stockholder, by putting in his money and paying for his shares, and each member stands to lose a good pile if it is not properly handled. It is the intention of the company to run things on a strictly business basis, and all dealings must be above board. We want to make money and we want to make money fairly and honestly—on the miner's risk for the miner's reward.

The city merchants took the properties from the owners and prospectors, had transfers duly executed, organized this company, defraying all expenses to date, and have agreed to accept stock in payment. They must pay the original owners out of their holdings. The treasury stock goes for development.

The property consists of 16 claims, 40 acres each, or about 640 acres, west of Larder Lake and bordering on Grassy Lake. Blair & Smith, Government surveyors, of New Liskeard, were surveyors for the Company.

Lot Numbers as registered with the Government are: 3433, 3425, 3436, 3437, 3720, 3721, 3427, 3438, 3723, 3434, 3439, 3724, 3426, 3435.

OFFER IN PLAIN WORDS

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or Sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at an Agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each on and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of a homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father or mother.

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid for.

ADVERTISE IN THE TIMES.

A HAND AT WHIST.

The Story of the Result Put Bridge Yarns in the Fish Class.

At an uptown bridge whist party, a man member told this story while the company was taking a bite between rubbers: "I had heard of a man holding a complete suit, but I never saw it until last week. I was invited to play at Dr. Blank's home, and it was my deal at the start of the second rubber. I looked at my cards and could hardly believe my eyes. There were thirteen cards all of the same suit. 'Gentlemen,' said I, 'this is embarrassing. I hate to make the trump.'

"'Why?' was asked.

"'Well,' said I, 'if I were playing with people who knew me less well I would dislike to show my hand.'

"'Now, after all this fuss, what do you make it?'

"'Hearts,' said I.

"Quick as a flash the man at my left said, 'I double,' and then I realized that in my excitement I miscalled my hand—I had all diamonds. They made a grand slam and said a few things to me also."

The day after he had told the story the man received a postal card on which this was written:

"The old rule that an affidavit should go with every fish story and a pepsin tablet with every piece of amateur mince pie has been changed to include bridge whist stories in the fish class."

SPANISH THRONE ROOM.

Outrivals in Splendor Anything of the Kind in Europe.

The throne room of Spain outrivals in splendor any in Europe.

The ancient throne stands in the apartment known as the room of ambassadors. The decorations of this apartment include vast crystal chandeliers, huge tables inlaid with precious marbles, vast plate glass mirrors, gildings, rich hangings and above all the painted ceiling representing the long line of Spanish kings in the various picturesque costumes of the provinces. Here Spanish kings receive on state occasions, and here, too, their bodies lie in state after death. The throne is of rich velvet, embroidered. Around it are grouped four great silver lions with their heads turned away as if guarding the occupant. Four broad steps lead up to the throne room from the polished floor of the room, and the crimson covered footstool is in itself a work of art.

In this room have been gathered for ages curios and gems from Spanish possessions the world over at a time when Spain was mistress of the world. And here in front of the throne hang chandeliers of rock crystal which have for generations been the envy of other European rulers.

Witchcraft in India.

The belief in witchcraft is widespread in India, especially among the tribes low in the scale of civilization. The ojha, or exorcist, is an important member of the community. His mummeries and incantations impress not only the lower classes, but even orthodox Rajputs and Kayastha. He is paid to denounce witches, and, with the cunning of his class, he usually chooses harmless old women whose existence is rather a burden upon the village. Some of these women, however, have as implicit belief in their powers for evil as the villagers themselves. Murder frequently follows the denunciation.

"Whipped" From a Lunatic Asylum.

Among the amusing anecdotes told of parliamentary life Sir Henry Drummond Wolff in "Rambling Recollections" gives the following as an example of skillful "whipping:"

"At the time of an important division a member happened to be confined in a lunatic asylum. Every vote was necessary. Arrangements were therefore made to deliver him at the house at the moment required, and he was received by the 'whip' of his party, who induced him to walk through the lobby by preceding him with a stick of barley sugar in his hand. This I believe to be a perfectly true story."

Jack Ketch.

Jack Ketch has long been a synonym for the public executioner and is derived from Richard Jaquett, who formerly owned the Manor of Tyburn, now the ground upon which stands the marble arch and where the Bayswater and Edgware roads meet.

Here some few years westward of the arch stood Tyburn tree, and to it and to the tender mercies of its owner and presiding genius, Jaquett, came the highwayman or the horse thief or the housebreaker in a tumbrel from Newgate.—London Mail.

A Canine Suicide.

"What has become of that fine greyhound your wife gave you?"

"Suicide."

"Honest?"

"Yes. He tried to nab a flea on the small of his back and, miscalculating, bit himself in two."—Exchange.

Pride Sets the Pace.

We are a great people because we make such a hullabaloo about the things to do, because we accomplish them to the music of the band. Our pride has set the pace, and it's our pride that keeps us up till we drop.

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—such is also usually. At least, so says Dr. Shoop—and he has created a little pink tablet. The tablet—called Dr. Shoop's Headache Tablet—coaxes blood pressure away from pain nerves. Its effects charming, pleasingly delightful through subtly, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure.
If it's a painful periods with women, same cause.
If pains are sleeplessness, nervous tension—congestion—blood pressure. That explains certainly, for Dr. Shoop's Headache Tablets in 10 minutes, and the tablets simply take away the unnatural blood pressure.

Bruise your finger, and doesn't it get red and swell, and pain you? Of course it does. It means blood pressure. You'll find it there in Dr. Shoop's. It's simply Common Sense.

We sell 25 cents, and cheerfully recommend.

Dr. Shoop's Headache Tablets
FOR SALE BY ALL DEALERS.

WOMEN AS CRIMINALS

WHEN EMBARKED ON CAREER OF FRAUD FAR WORSE THAN MEN.

Notorious Blackmailer Who Drove Three Men to Suicide — Reduced Horrible Crime to Fine Art—Female Child Stealers—Seductive Circe of the Slums—Poison From Lust of Cruelty.

"One of the most dangerous men the police ever had to deal with," was the verdict passed by Inspector Pentin upon Von Veltheim, who was sentenced recently in London, England, to twenty years' penal servitude for demanding money by threats from Mr. "Solly" Joel, the South African magnate.

Are there not female Von Veltheims known to the police who, practicing Von Veltheim's methods, are far more cunning, dangerous, and merciless than even Von Veltheim was?

Take, for instance, the case of the notorious Chicago May, who only a few months ago received a sentence of fifteen years' imprisonment for her share in the attempted assassination of Eddie Guerin. Of her almost unthinkable wickedness something leaked out at the trial, but the half was not told.

The police, for example, stated that she had driven three men to suicide by her blackmailing. As a matter of fact, the writer of this article—who was especially employed at the time in investigating her antecedents—discovered no fewer than seven suicides that were directly traceable to her, besides several doubtful cases. She had also been implicated in at least three murders and five attempted murders, excluding that of Guerin.

Compared with a record such as this, Von Veltheim's one suicide (that of Miss Mattis) and one killing (Mr. Woolf Joel) seem almost trivial. Von Veltheim considered as a blackmailer, too, was a mere bungling amateur by the side of Chicago May, who had reduced her horrible trade to a fine art.

She was an expert, and no mistake! She had a special locked volume wherein, carefully indexed, she kept a record of the names and addresses of her victims, together with the amounts she had succeeded in extracting from them, and many other particulars. The writer has seen and handled this extraordinary book, which, with its beautifully-tooled red morocco binding, its patent Bramah locks (two of them), and its heavy clasps of solid eighteen-carat gold, could certainly not have been sold for less than a $50 bill by the well-known firm of stationers who supplied it.

Here is another case in point. It concerns one "Handsome Polly," alias "Polly the Pickpocket," alias "the Worst Woman in London," England. Although she has only been convicted about half-a-dozen times at all, her longest sentence being one of three years' imprisonment for child-stealing, Polly has a record such as few, if any, mere male criminals have ever aspired to.

When only fourteen she achieved the distinction of being elected "Queen of the Forty Thieves," a gang of young female pickpockets that haunted the purlieus of Drury Lane, London, England, some twenty-five years ago. Afterwards she became an artist's model, and her portrait, as Venus, appeared on the walls of the Royal Academy.

A serious charge of fraud, however, caused her to be barred from the studios, and Polly became a professional blackmailer, jewel thief, and confidence trickster. By these means she amassed considerable wealth, so that on her last appearance at the Old Bailey she sailed into the dock attired in a Paris costume and bedecked with some $25,000 worth of diamonds.

"Crime does not pay," they say. Well, it has "paid" in the case of "Handsome Polly." But at how terrible a cost to the community at large it is well-nigh impossible to say.

And as with these two instances, so it is with innumerable other ones. In no branch of crime has man really proved himself superior to woman. One seeks in vain in criminal annals, for example, for any male counterpart to Mme. Humbert, who swindled some of the shrewdest financiers in Europe out of more than $10,000,000 on the strength of some superstitious documents and an empty safe.

Or where, again, can one find a masculine parallel to the lately-deceased Cassie Chadwick, who persuaded scores of shrewd American bill-discounters and bankers that a supposed signature of Andrew Carnegie's—traced by her from a magazine advertisement on a leaf torn out of a child's copy-book—was genuine, and on the strength of it obtained houses and lands, and hundreds of thousands of dollars in hard cash?

Or, again, what about Mrs. Gordon-Baillie? She had all the genius of Mme. Humbert and Mrs. Chadwick, although her operation were on a less colossal scale. She, however, was successful in working the confidence trick upon a Government, that of Victoria, from whom she obtained a grant of 70,000 acres of land, on the ground that she wanted it for the evicted Highland crofters in Scotland. No swindler in trousers has ever equalled this latter exploit, which for sheer amazing audacity and brilliant originality stands alone in the annals of crime.

It is, however, in crimes of cruelty, and in poisoning cases, that woman has most clearly demonstrated the greater magnitude of her wickedness as compared with that of man.

Male poisoners there have been, of course, just as there have been male torturers of little children. But these have acted invariably from motives of gain or revenge, or some other easily-understandable inducement; whereas the female child-torturers and poisoners whose names are famous in criminal annals have tortured and poisoned, in most instances, from a mere animal lust of cruelty, such as one finds developed elsewhere only in the fiercest and most savage of brute beasts.

Life's Sorrows.

Bob (to Bessie)—It seems rather strange, Bessie, that when I didn't want to kiss you you didn't mind, but now that you are old enough to make me want to you won't let me.—New York Life.

Obviously.

"If the famous Assyrian club gave social functions, I wonder what would be the favorite instrument of entertainment."

"Naturally the lyre."—Cincinnati Post.

Galbraith Coal Co., Ltd.

Non-personal Liability

Capital, $250,000.00 1,000,000 Shares 25c. each.

Good coal stock is a safe and sure investment.
Galbraith shares are especially attractive.
Modest Capitalization **Large Coal Reserves**

This Company organized under the laws of the Northwest Territories of Canada, owns and operates the Galbraith mine located at Lundbreck, Alta. They have four vertical seams of coal traversing their property, aggregating over 40 feet in thickness. Three of these seams are developed to a depth of 350 feet, and as they pass through the Company's lands for nearly a mile, some idea of the amount of coal may be had.

Shipping Steadily

The present output of the mine is about 200 tons per day. These shipments will be rapidly increased, as the C.P.R. allows its cars to be loaded with coal for points in the U. S.

We are selling a limited number of these shares at the extremely low price of

30 CENTS PER SHARE

in blocks of 100 or over. Tight money in the States makes it possible for us to give this unprecedented offer in stock that will be paying dividends inside of six months, and you are sure to realize a handsome profit.

Parties ordering can send money by P. O. Orders, Express Orders or Bank Drafts, and we will have the stock issued direct to you. Full information furnished on request. Correspondence solicited. Reference, Bank of Montreal

Clean Up Inside

Blood and System Cleansing in the Spring Makes Good Health all Summer.

In spite of all your careful habits, it is safe to say that in the spring you feel poorly—have a throbbing sensation in the head—skin is pale or yellow, with dark rings under the eyes. If not absolutely bilious the system is so full of bile that you feel heavy and tired all day long.

Clean up, work off the winter's accumulation of waste, purify your blood. Do this and you'll feel fresh as a prize-fighter. "For ten years," says W. B. Sangster, of Concord, "I suffered greatly from impure blood, which made me feel debilitated and unfit for work. I had no appetite suffered from indigestion and gas, had some pains in the back, caused by poor kidney action. Spring was the hardest time of all, and many a time I felt dependent and languid enough to throw up the sponge.' I was impressed by the marvellous work done by Dr. Hamilton's Pills and tried them. They suited me exactly. In one week I felt like new. I was braced up, got rid of blood weakness, gained in flesh, got back my old time appearance and spirits. Dr. Hamilton's Pills will clear all the sickness out of a man in short order and I urge young and old to use this grand tonic medicine."

Dr. Hamilton's Pills are a perfect spring medicine; they destroy germs and poisons of every description and strength whereby the system rallies and the patient quickly enjoys the blessings of Perfect Health. Get Dr. Hamilton's Pills—to-day—25c at all dealers.

CITY AND COUNTY NEWS

GLEANINGS HERE AND THERE BY TIMES REPORTERS.

Another Local Business Change

Mr. D. W. Porter, the late proprietor of Porter's Delicatessen, is leaving for the Cobalt on the 27th of this month, having disposed of his grocery and meat business to Mr. A. L. Talbot. Mr. Porter has important business interests in the Silver City and will remain there during the summer.

Interest to Local Musicians

Last evening the pupils of Mr. Cecil Carl Forsyth, organist of the Cambridge St. Methodist church gave a piano and vocal recital in the Cambridge St. Sunday school hall before a large and appreciative audience. The work of Mr. Forsyth's pupils was such as to draw much favorable comment and goes to show that a great deal of careful and painstaking labor had been expended on the pupils.—Lindsay Post.

Local S.A. Band to Tour

The local Salvation Army band are contemplating giving several concerts this summer in different towns and cities. On the 23rd and 24th they will go to Campbellford and on the 25th they will accompany the corps on their annual excursion to Bird Wyld. On June 13th and 14th they will give concerts in Lindsay. The dates of the band's annual tour have not been decided upon. It will likely include visits to Kingston and Montreal.

Simpson Picked by the Wise Ones

There is a little guess made by a well known Toronto sporting authority as to the team of 15 athletes that will be chosen to represent Canada at the Olympic games at London, England, this summer. This team should be made up of six Marathon men, the personnel being:

Tom Longboat, Irish-Canadians, Toronto.
Tom Coley, St. Patrick's, Hamilton.
Harry Lawson, West Ends, Toronto.
Fred Simpson, Peterborough Harriers.
Hans Holmer, Halifax Harriers.
Art Bora, Calgary.

—Mr. John R. Clark, a well known American lecturer, will speak in Mark street church next Sunday.

Trades and Labor Council Tonight

The regular monthly meeting of the Trades and Labor Council will be held this evening at eight o'clock sharp. Every member is requested to be present as important matters will come up for consideration. A delegate will be appointed to represent the local Council at the Labor Educational Association at Kingston on May 25th. Besides it is expected that the Carnegie Library question, the proposed permanent fire-brigade and other municipal matters will be considered.

Lindsay Reporter Has Other Chances

We notice that in reference is made in the contemporary press of this district to dead cats, etc., found in the back yards of Lindsay. If the Sherlock Holmes reporter who found those dead cats in the back yards of Lindsay, would during these spring nights when the cats' "fancy lightly turns to thoughts of love," peer into some of the back yards of Peterborough, there is no doubt but what his interest in deceased cats would be more than fully occupied by the trouble given by cats with disordered ideas of vocal harmony.

C.P.R. Will Suppress Tramps

As tramps have given rise to much trouble along the C.P.R. line from Toronto to Montreal, a number of special constables have been sworn in to protect this part of the line. The tramps have of late, been increasing in numbers and their depredations cost a good deal of money. Not content with destroying fences, to make room, they pilfer the cars left on sidings and they ride on passenger trains. The C.P.R. with their proverbial care for the interests of both passengers and freight have decided to stamp out trampdom along their lines.

No Illegal Fishing in the Otonabee

Mr. Dave Johnston, fishery overseer in charge of the waters between the locks and Rice Lake, when asked by The Times yesterday whether he had made any captures of nets or illegal fishing appliances this spring or of the fishermen themselves, replied, "No. I have not so far. I have been down the river many times this spring but so far have not caught any illegal fishers." Mr. Johnston's record in the past is sufficient evidence that he watches the waters under his jurisdiction very carefully. It seems that the still uncontradicted report in these columns concerning the destruction of millions of game fish by the Government, is correct.

Presentation to Miss Howson

Miss Howson, who has been prominently identified with the Mark street Epworth League, has been presented with a handsome gang and an address by the league, prior to leaving for Clifton Springs, to become a nurse in training. The address was as follows:

Dear Miss Howson:

We, as a league, feel that we cannot allow you to leave us without showing you in some way, how we have enjoyed and been benefitted by your stay among us.

Although the time has been short we have learned many lessons from your noble Christian character. We would ask you to accept this ring as a slight token of remembrance and we pray that God's blessing may rest upon you in your new field of labor.

Signed on behalf of Mark street Epworth League,

MISS E. FOWLER.
MISS G. DODDS.

Mr. Elmer Davis to Speak Here

The Kingston Whig says:

The local Y.M.C.A. is being brought into prominence through Ontario by reason of Elmer Davis, whose address on the business administration of the Young Men's Christian Association are gaining wide spread notice. Mr. Davis is chairman of the Finance Committee of the Y.M.C.A. here, and along with the active members of the board is revolutionizing the effectiveness of the institution. At the recent convention in Stratford, of the Province of Ontario and Quebec, Mr. Davis gave the address of the convention. He was largely instrumental in booming the Port Hope campaign, which was most successful in aiding the work there. He is now to address the business men of Peterborough on May 14th. R. B. Neilis, the general secretary, is fortunate in having on the board as representative and influential a body of business men as can be found in Canada.

The Badge of Honesty

Is on every wrapper of Doctor Pierce's Golden Medical Discovery because a full list of the ingredients composing it is printed there in plain English. Forty years of experience has proven its superior worth as a blood purifier and invigorating tonic for the cure of stomach disorders and all liver ills. It builds up the run-down system as no other tonic can in which alcohol is used. The active medicinal principles of native roots such as Golden Seal and Queen's root, Stone and Mandrake root, Bloodroot and Black Cherrybark are extracted and preserved by the use of chemically pure, triple-refined glycerine. Send to Dr. R. V. Pierce at Buffalo, N. Y., for free booklet which quotes extracts from well-recognized medical authorities such as Drs. Bartholow, King, Scudder, Coe, Ellingwood and a host of others, showing that these roots can be depended upon for their curative action in all weak states of the stomach, accompanied by indigestion or dyspepsia as well as in all bilious or liver complaints and in all "wasting diseases" where there is loss of flesh and gradual running down of the strength and system.

The "Golden Medical Discovery" makes rich, pure blood and so invigorates and regulates the stomach, liver and bowels, and through them, the whole system, thus all skin affections, blotches, pimples and eruptions as well as scrofulous swellings and old open running sores or ulcers are cured and healed. In treating old running sores, or ulcers, it is well to insure their healing to apply to them Dr. Pierce's All-Healing Salve. If your druggist don't happen to have this Salve in stock, send fifty-four cents in postage stamps to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and a large box of the "All-Healing Salve" will reach you by return post.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine of KNOWN COMPOSITION, not even though the urgent dealer may thereby make a little bigger profit.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

Personal

Col. Arthur Stevenson was in Bobcaygeon yesterday on business for the Crown Lands Department, Toronto.

—Miss Beck, head dressmaker with the firm of Robt. Fair & Co., was in Toronto yesterday.

—Mr. Geo. F. Blackwell, Lindsay, was in the city yesterday on business.

—Mr. T. M. Ostrom, a former resident of Peterborough, but now living in Toronto, was a guest at the Snowden House yesterday.

—Mr. F. G. Young of Young's Point, was in the city yesterday on business.

—Mr. Monte Wilson, the Garden Hill church maker, was in the city yesterday on business.

—Lindsay Warder: Miss L. Fox of Peterborough, spent Sunday with her sister in Lindsay.—Mr. J. W. Kelly of Peterborough, spent Sunday in town.

—Mr. Ernest Brownscombe was given a farewell dinner by a number of friends prior to his departure yesterday for Pembroke.

City Topics

IN SHORT FORM FOR BUSY READERS

—Many waggon loads of live hogs for shipment were weighed on the market yesterday morning.

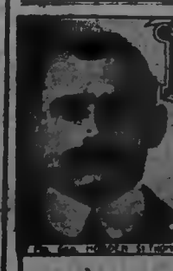
—The Men's Association of All Saints' church, will meet on Friday evening, when a fine program will be rendered.

—The post office clock which has been decidedly erratic of late is being repaired.

—Judging by Magistrate Dumble's decision and heavy fine imposed at the police court yesterday it would seem that even factory managers are not allowed to use their flats if express messenger boys refuse to carry heavy parcels.

—Last night a well attended and enthusiastic meeting of Mr. T. E. Bradburne, M.P.P., was held in his committee rooms. The main part of the business transacted was organizing the vote in the third ward. Judging by the general aspect of affairs Mr. Bradburne's supporters present seemed confident of success.

BARBERS RASH.



FACE and NECK ONE MASS of SORES.

CURED BY ZAM-BUK.

Mr. George Hobden, residing at 198 Manitoba Street, St. Thomas, Ont., says: "Three years ago after having a shave at the barbers' I had a very bad attack of "Barbers Itch." My left cheek broke out in a mass of red, watery pimples, and the more I bathed and rubbed (as the itching was intense) the more pimples appeared. This eruption gradually spread all over the lower part of my face and neck and kept getting more inflamed and trouble-some until it developed into a mass of running sores and scabs. In the meantime I had been using one remedy after another, but instead of checking the disease, it grew worse. I was suffering cruelly when I happened to read an advertisement of Zam-Buk. I straightway obtained a box at the druggists and began using. The first application checked the itching and encouraged me to persevere in using it. In the course of time the result of Zam-Buk had worked like magic, cleaning out the sores, healing them up and banishing the unsightly scabs. I kept on applying for a few days longer until I was positive of a cure and my face was smooth and free from all traces of pimples or eruptions. I am now cured, thanks to Zam-Buk."

ZAM-BUK'S WONDERFUL WAY!

Zam-Buk has remarkable healing properties for healing cuts, bruises, burns, scalds, chapped hands, cold sores, chilblains, and treats in a new, scientific and direct way the worst cases of eczema, piles, ulcers, bad legs, blood poisoning, festering, persistent sores, ringworm, children's scalp troubles, sore on the back, and all those inflamed, burning, irritable and diseased conditions of the skin that excruciate and torture their victims. Of all druggists and stores, 50c box, or post free from the Zam-Buk Co., Toronto, on receipt of price.

FREE! Mail coupon with 1 cent stamp to Zam-Buk Co., Toronto, and receive a sample box free. 1Ke

ZAM-BUK THE GREAT SKIN-CURE.

Buy Casey Mountain Shares in the

Casey Mountain Cobalt Mining and Developing Co. Ltd.

Chartered by the Ontario Government. Authorized Capital $250,000.00

Par Value of Shares Fully Paid-Up and Non-Assessable $1.00

OFFICERS AND DIRECTORS

PRESIDENT, R. G. Williamson, Toronto, (formerly of Peterborough). VICE-PRESIDENT, James Thompson, Havelock, Ont.
SECRETARY-TREASURER, Dr. H. A. Wood, Peterborough. SUPERINTENDENT, D. Williamson, Haileybury, Ont.
D. A. Reid, Brandon, Manitoba.

HEAD OFFICE—MANNING CHAMBERS—TORONTO—ONTARIO

Why you should buy Casey Mountain shares—

Casey Mountain shares are full-ly paid-up and non-assessable.

The Casey Mountain Mining Company has a large area, which has a regular net-work of silver bearing veins, that will go down for thousand of feet.

Casey Mountain has the goods in unlimited quantities sufficient to last for generations.

Casey Mountain estimates that they have a silver bearing vein every 100 feet across the entire property, not counting cross-veins that will be encountered with underground development, and have uncovered 12 todate varying in width from 16 in. to 8 feet.

Casey Mountain is a Mining proposition (not a Stock speculation), and has been developed continuously during the past 10 months, over 80 feet of underground work has been done, and one of the greatest ore bodies encountered that has yet been struck in the District, being 16 feet wide.

Casey Mountain Mines are situated on the adjoining lot to a property that according to rood authority was sold last year for one million dollars, and whose shares are being held at $7.00 each.

Casey Mountain is only capitalized at $250,000.00, a very important point to be considered in a Mining Company, and to give a comparison of our capitalization and a Company capitalized at two and one-half million dollars, that is, paying a dividend at the rate of 12 per cent. per annum to its shareholders, which is equal to $300,000.00 on the total capitalization; this amount of cash would mean 120 per cent. to Casey Mountain shareholders. This point is worthy of great consideration for those investing in mining stock.

Dividends Paid by Cobalt Mining Companies

Buffalo Mines Limited, Cobalt, paid during 1907	$ 81,000.00	The Coniagas Mines Limited, Cobalt, paid during 1907	280,000.00
Foster Cobalt Mining Co., Ltd., have paid	45,000.00	The Cobalt Silver Queen, Cobalt, paid during 1907	120,000.00
McKinley Darragh Savage Mining Co., Ltd., have paid	45,000.00	Temiskaming & Hudson Bay Mining Co., Ltd., have paid	746,120.00

(These shares could have been had at 60 cents, and have sold as high as $190.00.)

Cobalt camp has produced $15,000,000 during the past two years.

On the famous Homestead Mine in South Dakota the ore averages about $4.90 per ton, and over $60,000,000.00 has been paid in dividends. The Treadwell Mine in Alaska is running on ore that averages $2.00 a ton, and is paying big dividends.

Casey Mountain Mining Company, Limited, has in sight thousands of tons of silver ore that will run run $20.00 to a ton, and by treating 100 tons per day would means a daily output of $2000.00, and allowing the sum of $500.00 per day for all expenses of mining, concentrating, freight and smelter charges, which is a large margin, would give an annual profit of nearly $500,000.00, or 200 per cent. on the total capitalization of 15c Company. The above figures are on our low grade ore only.

Quantity is what counts in a profitable mine, providing the grade is high enough to leave a margin over and above expenses.

Casey Mountain is practically close Corporation, only sufficient shares having been sold to enable the Company to carry on development until returns are received from shipments, and only a small block remains unsold at par value $1.00 per share.

Buy Casey Mountain shares at once while they are on the market, as this will be positively the last opportunity of securing shares of this Company at One dollar each. Wire or mail reservation for shares to the Head Office, Manning Chambers, Toronto.

Additional information can be had from the Secretary-Treasurer Dr. H. A. Wood, 408 1-2 George street, Peterborough.

Application for Shares

THE CASEY MOUNTAIN COBALT MINING AND DEVELOPING CO. LTD.

Manning Chambers, Toronto, Ontario

Sirs,

Please deliver to me ..... Share (fully paid up and non-assessable) of the par value of $1.00 each of the capital stock of the Casey Mountain Cobalt Mining and Developing Company, Limited, in full payment of which I hand you herewith $..... I agree that this application may be refused, and to accept pro rata allotment in the event of over subscription.

Name .....

Full address and occupation .....

NOTICE

Take notice that the Municipal Council of the Corporation of the City of Peterborough intends after one month after the last publication of this notice, to undertake the construction of sewers on the following streets or parts of streets in the City of Peterborough, namely:—

Hunter street, from Water street to Sheridan street; Sheridan street, from Hunter street to Brock street; Park street, from Cedar street to London street; London street, from Park street to Downie street; Rubidge street from Brock street to eighty feet north of Kirk street; Donegal street, from Hunter street to Brock street.

And to assess upon the real property to be benefitted by such sewers, such proportion of the cost thereof as may be just, in accordance with the provisions of Sections 664 to 686 inclusive of The Consolidated Municipal Act, 1903, or so much thereof as may be applicable thereto, and subject to the provisions of such By-law or By-laws of the said Corporation now or hereafter to be passed as shall be applicable to the same, and the number of annual special assessments therefor will be thirty.

Persons desiring to petition the said Council against undertaking any of the said proposed works must do so on or before the 22nd day of June, 1908.

Dated the 6th day of April, 1908.

S. R. ARMSTRONG,
Clerk.

"Gold-Bug" Immigrants Landed in Peterborough

Yesterday a gang of Italians arrived in the city straight from Italy. This in itself is not a strong occurrence, but the strange part is that these newly arrived Italian immigrants came to the city "well heeled," as to finance. The bunch of Italians referred to have with them that system of currency never denied in any part of the globe, viz., GOLD. A Times representative actually saw one of the Italians with, by actual count $170 in American $20, $10, and $5 gold pieces; another had $200 in gold, whilst others were seen to have from $15, the lowest sum, to anything up. There is no doubt but what the crowd that arrived had at least $2,000. Several of the new arrivals made themselves quite at home in a local hot l and freely disclosed the possession of their wealth. One of them was seen, to a reliable witness informed The Times to be passing $20 and $10 gold pieces back and forth between the gang as they acquainted their palates with the keg extract made at the Calentt Brewing Co. This man was seen to reach into the south side of his "not-to-go-out withoutables," after undoing his belt, and show all present where he stored his golden treasure. It is up to these new arrivals to sing a "Te Deum" if they are not "touched" for some of their gold before they make many more exhibitions of the same. The greater part of these "gold-bug" immigrants put up at the residence of their compatriot Nicolia Rinaitta.

Peterboro Goods Reoross the Atlantic

Yesterday the pavement on Charlotte street north was covered by trestles carrying huge canoes, built by the Wm. English Canoe Co. for the Hudson Bay Co. The canoes were carried out one by one and the bow and stern pieces, thwarts and bottom boards affixed in place by brass screws. In response to the Times, it was explained that this further shipment to the Hudson Bay Co., will be shipped to their order in London, Eng., and thence reshipped by the Company's private steamship to the north shore of Hudson Bay for distribution, on arrival, among the hundreds of courriers du bois guides and trappers of the Company for future use in carrying cargoes of supplies, embodying everything from bead necklaces, gas-pipe guns, to vita-scopic machines for the future paralyzation of the aborigines of that far Arctic region. It is interesting to note that the huge canoes with a capacity of possibly 16 men, or perhaps two tons of freight, are made in Peterborough, will be conveyed by steamship to England and then reshipped to the fur-bearing, but otherwise desolate wastes of Canada's great northern borders. These canoes are painted a slate grey and each boat carries in big bold characters that majestic emblem of ten dollars' worth of furs for possibly ten cents worth of trade goods. Well! if the Indians and Esquimaux are pleased by such exchange, the people of this section have no kick coming and Peterboroughs canoes are calling with no uncertain voice, the name of Peterborough across thousands of miles of ocean and continents.

Can Set Type at Distance

London, May 14.—That he has already perfected an invention by which he can set type in an ordinary linotype machine in Paris by wireless waves thrown from London was the surprising statement made at the Hotel Cecil last night by Hans Knudsen, the Danish inventor, famous for his achievements with liquid air, after giving first public demonstrations of long distance wireless photography. "I shall publicly demonstrate my new wireless typesetting invention within a few weeks," said Knudsen. "I have already had the first machine constructed and it has proved successful, setting 5,000 words an hour at a distance just as if the operator were working the machine."

In the course of his demonstration of wireless photography Knudsen sent photographs of the King, Queen and Kaiser from one room through the wall into another without wires, the pictures proving recognisable.

Dr. Ashton Fletcher on Trial for Performing Criminal Operation

On Miss H. Gould--Harry Saunders Tells of His Conversations with the Accused Doctor

Toronto, May 12.—The trial of Dr. J. Ashton-Fletcher, charged with performing a criminal operation on Jessie Ellen Gould in March last, was begun this morning in the Jury Assize Court, before Mr. Justice Anglin Mr. Blackstock, K.C., appears for the Crown, while T. C. Robinette, K.C., and J. W. Curry, K.C., are defending the prisoner.

Considerable care was taken in choosing a jury by counsel for both sides. The Crown ordered six jurors to stand aside and challenged three while Mr. Robinette challenged eight men.

The jury, as finally chosen, is composed of the following men: Wm. H. Sweet, gardener, foreman; Robert Chapelle, grocer; John L. Cockburn, yeoman; Everitt Gooderham, farmer; Wm. Curtis, blacksmith; George N. Currie, locksmith; Hugh Cook, machinist; George Hood, farmer; Robert Cook, bricklayer; Charles West, yeoman; Alexander Dick, farmer; Wm. Kay, farmer.

HARRY SAUNDERS' STORY.

Harry Saunders was the first witness called by the Crown. He told of his relations with Miss Gould and of conversations with Dr. Fletcher Mr. Blackstock wanted particulars of these conversations.

"The Monnie Turner case was going on just then," explained Saunders, "and I asked him how much the doctors charged for these cases, and he said $50 or $20, according to circumstances."

"Did you say anything about Miss Gould?" continued the Crown counsel.

"I said, 'I know a girl who is in trouble like that, and I intend to marry her, even if she is in trouble.'"

"Anything else said?"

"Yes. Dr Fletcher suggested that I go up to his office on Saturday night and take the young lady with me."

"Did you go?"

"No."

"When did you see him again?"

"The 7th of March—on Saturday."

"What took place then?"

CALLED IN THE DOCTOR.

"Miss Gould was very sick and wanted me to get a doctor. I phoned Dr. Fletcher and told him that there was a sick girl on Mutual street whom I wanted him to see. He said he was very busy, but he came to the house at 3 o'clock, and asked the girl what was wrong. In the end, Dr. Fletcher arranged for her to go to his office the next day."

"Was any reason given why a visit should be made to his office?"

Saunders did not remember.

Next day, Sunday, March 8th, Saunders and Miss Gould went to Dr. Fletcher's place together, the girl objecting to going alone. When there the girl was told to go upstairs, while Saunders remained down in the waiting room for about three-quarters of an hour.

"Was anything said when they came down?" asked Mr. Blackstock.

"Dr. Fletcher said she was just a little bit nervous, but she would be all right shortly," replied the witness.

Saunders saw Dr. Fletcher next day, and told him that the girl seemed to be getting worse. Dr Fletcher sent a nurse to the Mutual street house to 75 Shuter street, as the landlady objected to Saunders calling while the girl was sick.

"Did Dr. Fletcher know of the removal of the girl?"

CARRIED HER IN BLANKETS.

"I think not. When I came home at seven o'clock, she was down stairs, and two young women helped me get her across to Shuter street."

"How did you take her?" asked Mr. Blackstock.

"We carried her, wrapped in blankets, in our arms," explained Saunders.

Saunders stated that on the return from Dr. Fletcher's office, on Sunday, there was nothing in the appearance of the deceased to indicate that she was ill.

"Yet on Monday she had to be carried," remarked Mr. Blackstock.

On Tuesday, as the girl was very pale, and feeling worse, Saunders telephoned again to the doctor.

"What took place when Dr. Fletcher arrived?"

"He told me to send for any doctor, suggesting Dr. Todd."

Dr. Todd came at once, and upon his arrival, the witness left the room. The nurse, both doctors, and another young woman were present with the deceased.

TO AN HOSPITAL.

Shortly after, Saunders returned to the sick room, and it was agreed to send Miss Gould to the hospital. She objected at first, but was induced to go, being removed in an ambulance.

"Did Dr. Fletcher at any time after Sunday night tell you anything about Miss Gould's condition, or why he made these repeated visits, or what was done on the Tuesday while you were out of the room?" asked Mr. Blackstock.

"He told me nothing of that," replied Saunders.

Saunders stayed at the hospital from noon till 4.30, and returned at 8.30.

"In what condition was Miss Gould when you saw her in the evening?"

"She seemed better, was reading, and wanted some fruit."

Next day Saunders saw Dr. Fletcher, and the latter arranged to call at the hospital and see the patient.

"Did you want to know what was going on all this time?" queried the Crown counsel.

"Yes," replied Saunders, "but the girl refused to tell me."

Asked when he first heard of the death of Miss Gould, the witness stated that the undertaker called about 12.30 Tuesday night.

"What did he come to you for?"

"He wanted to know where her people lived, and I told him."

The Organizer Is Threatening

Winnipeg, May 14.— The latest development in the charges arising out of the preparation of the last provincial voters' list is the threat of a suit for criminal libel against The Telegram by Liberal Organizer Walton.

Disgrace to the Community

Vancouver, May 14.—The Grand Jury made a scathing arraignment of the jail accommodations. The conditions prevailing at the local police station were denounced as "abhorrent and little short of barbarous; a disgrace to the community."

To Decorate Grimsby and Arthur

Mr. Wicher Turner, son of J. J. Turner, M., returned home yesterday from a business trip to Arthur, Ont., and Grimsby Park, where he signed contracts to look after the decoration of those two places on the occasion of their old boys' reunions this summer.

Weak Women should read my "Book No. 4 For Women". It was written expressly for women who are not well. The Book No. 4 tells of Dr. Shoop's "Night Cure" and just how these soothing, healing, antiseptic suppositories can be successfully applied The book, and strictly confidential medical advice is entirely free. Write Dr. Shoop, Racine, Wis. The Night Cure is sold by all dealers.

Local Men Return from Successful Prospecting Tour

Yesterday a party of gentlemen some of whom are local citizens arrived in the city. The party consisted to Messrs. G. T. Bagnsly, superintendent of the Gurney Iron Works, Toronto, and W. J. Kearns, Geo. Kearns and T. J. Marshall the latter three of Peterborough. The party has just returned from a prospecting trip in North Hastings. Mr. Geo. Kearns yesterday showed the Times samples of ore that they had discovered in the district noted above. Mr. Kearns had samples of native silver ore that assays 99 and 15-16 per cent pure copper. This sample is deserving of notice, being a chunk of absolutely virgin copper, roughly hewed out. As Mr. Kearns explained a number of men at a nearby blacksmith shop wanted souvenirs of the samples he had, so he took a cold chisel and cut off pieces for all present. Other samples of the copper ore runs, on assay at 21.5 per cent. native copper with traces of gold and silver. Another sample of iron ore showed 48.68 per cent. of red hematite iron ore, or the class of iron used in the manufacture of our Canadian railroad rails, the iron for which, converted to steel, has heretofore and still been brought from the Dominion of Uncle Sam across the border.

Col. Gibson to Become Lieutenant-Governor

Hamilton, May 13.—Hon. J. M. Gibson, when asked this morning about the report that he was to be appointed Lieutenant-Governor of Ontario, said he had heard nothing about it, officially or otherwise.

"Nor have I any reason to expect that I will, any more than any other member of the community," he added.

The impression here, however, is that the report is quite correct, and that the appointment will be made at once.

Ottawa, May 13.—It is understood that the vacant Lieut-Governorship of Ontario will be offered first to Sir Richard Cartwright. Sir Mortimer Clark's term of five years expired over a month ago, but he has continued at the Government's request to act until a successor is appointed.

Sir Richard Cartwright had the refusal of the Government House appointment in Toronto five years ago, but preferred at that time to retain his Cabinet portfolio. Whether he will be otherwise minded in the present instance remains to be seen.

Police Court Happenings

At yesterday's Police Court, Joseph Lord was charged with having stolen two bars of soap at a local hotel and pleaded guilty to the impeachment. Joseph explained that he was drunk at the time and could not explain why he stole the goods. He is a recent importation and brought an accent with him as broad as Joseph is tall. He explained that he is a miner by trade. The Magistrate allowed the prisoner to go on suspended sentence.

James Lawless was charged with keeping two dogs that had not the necessary tags. Mr. Regan pleaded not guilty for Mr. Lawless. Mr. Regan explained that the dog belonged to Mr. Pearson, of Montreal. However, His Worship replied that as the animal had been two or three years at the hotel, it had been "harbored". He fined the defendant $2, in addition to the tax.

A boy named W. Heel was up on a similar charge with the same result, viz., $2 plus the tax.

Mrs. W. Johnston was charged with using grossly insulting language to Mrs. Daisy Richards. Mrs. Richards and the defendant live next door to one another. Mrs. Richards said she went to get a pail of water and Mrs. Johnston took her by the throat, and had called her some vile names. It seems that the whole matter was a dispute between two women. Mrs. Johnston denied having used the words alleged by Mrs. Richards; she would not foul her language. She had given Mrs. Richards the "very clothes she has on this minute, and they were not all grease and dirt as now!" Here Mrs. Johnston paid a left-handed compliment to all, presumably including His Worship by saying "I would not have taken $25 and came before the class of people in front of me in this Court!"

One of Mrs. Richard's witnesses corroborated the story told by the former and produced a Christie hat smashed in by a broom wielded by Mrs. Johnston.

Mrs. Johnston's story of the scrap was that when Mrs. Richards went for a pail of water, she, Mrs. Johnston, took Mrs. Richards by the neck and throwing her down, rubbed her face in the ground I and the Italians she talked of walk on!"

His Worship found that Mrs. Johnston was to blame and fined her $6 on the assault case and dismissed that one of insulting language.

Jas. Kennedy Lived on Only a Turnip for Over Ten Days

Guelph, May 13.—Lying in a barn in a horrible condition a man was found near Rockwood yesterday afternoon by Captain Head. He was removed to the Guelph General Hospital last night and everything possible will be done to save his life. His legs will have to be amputated at the knees. It is not known whether or not the efforts will prove successful on account of the starving condition in which the man was found.

The man tells a pathetic story. He is an Irishman, a native of County Kerry, and gives the name of James Kennedy. Last June he came to America to visit his sister, who lives in Buffalo. After staying in that city for a short time he wandered about the United States. He was unable to secure employment, and during the winter went about Ontario seeking work and getting food and shelter wherever he was able. During one of the cold snaps of the recent winter his feet and the lower portion of his legs were frozen. He was unable to give them any attention, and not realizing the seriousness of his condition, did not have his feet attended to. His legs have been getting worse and worse, but still he tramped on till ten days ago, when, from utter exhaustion, he crawled into a barn, evidently resigned to his death. Gangrene had set in in his legs.

DRIVEN ALMOST MAD

During the ten days that he had been living in the barn he had nothing to sustain life but a turnip and a drink of water. The pain from his legs and his starving condition was slowly driving him mad, and when found he could not give any clear account of himself or of his adventures. His mind was wandering, and all that could be learned from him was gleaned from fragmentary speech.

Legal Complications at Chemong Park

It was yesterday said by a gentleman just returned from a drive to Chemong Park that there are scores of cords of wood, lifted from various original piling grounds along the shores of Chemong lake by the unusually high water simply awaiting the picking up by those wanting fuel. The high water of Chemong Lake, has also played "hob," what whatever that means, with boat houses and other structures along the lake shore. The island, in front of the park, owned and occupied by Mr Hopkins, is now beneath the curling wavelets of the lake. There seems to be trouble looming up at the park, if our informant is correct, over the alleged action of Mr. Popplam who owns a cottage there. It seems that this gentleman desiring privacy for his cottage, has fenced in his property right to the wet waters of the lake. A fellow cottager on the park remarked yesterday to a Times representative, "I tell you ——— there's going to be trouble if that lot is fenced off, and the public shut out of its right to pass. Riparian Rights, or the Government's right witholds 66 feet from every navigable stream or lake." How the matter will turn out is not yet known.

Up-to-date Souvenirs

Visitors to the city will find the best and most up-to-date assortment of souvenir articles at the Times Bookstore. All places of interest hand painted on Foley China, besides many other souvenier novelties. Desk room provided for those desiring to do their writing down town.

A GREAT WALL OF WATER WIPED OUT 10,000 LIVES --WARNING MESSACE DELAYED

Tidal Bore 26 Feet High Swept Down on Hankow Without Warning

Bank Strewn with Dead

Victoria, B.C., May 13.—News of one of the greatest disasters that China has known, a sudden tidal bore on the Yang Tse Kiang, which involves the loss of nearly 10,000 lives at Hankow, was brought by the steamer Tikan, which arrived last night. A bore 26 feet in height flooded without warning down the river overwhelming thousands of junks, sampans and small boats, and wrecking some large river steamers.

WORSE THAN THE TYPHOON

Mr. Bell, agent of Bufferfield & Swire at Yokohama, who arrived by the Blue Funnel Liner, stated that the disaster has caused tremendous loss of life, far greater, it was estimated, than the great typhoon of eighteen months ago at Hong Kong, when the lives of ten thousand Chinese were shuffled out.

WARNING MESSAGE DELAYED

It is usual, said Mr. Bell, to send a telegram down the river when such a freshet occurs. The telegram was delayed, finally arriving about the same time as the wall of water which swept down upon the sleeping river people in the early morning, overturning thousands of craft, and sweeping away thousands of Chinese in the torrent that swept as a sward.

BANKS STREWN WITH DEAD

Some 3,000 Chinese were sleeping in sampans and small craft, in sheds and huts by the river side at Hankow, and were enveloped by the great wave which carried broken junks, splintered sampans and a heterogenous mass of debris, with swarms of drowned Chinese mixed with the wreckage. The scenes for many days after the disaster were horrible, the river and banks being strewn with dead and debris of wrecked craft for many miles.

RACING.

Belmont Park

New York, May 13.—The feature of the opening today at Belmont Park was the Metropolitan Handicap, which was won by Jack Atkin, at the good odds of 8 to 1. Jack Atkin had the early speed, and, taking the lead early, he made the pace all the way, and won easily by a length and a half. Rustigouche was stopping fast at the finish. Don Creole ran a swell race from the break. Spooner was going some all through the home stretch. McCarter was shut off at the start.

English Immigration Has Been Cut in Two

London, May 13.—Colonel Lamb attributed the decline of about one-half in the number of persons emigrating to Canada as compared with the same period in 1907 to the increased stringency of the regulations issued by the Dominion Government. The Salvation Army has had no deportations placed to its discredit.

A 340-candle-power automatic sea type gas buoy, supplied by the International Marine Signal Company of Ottawa, was today moored in the Mersey river.

Indisputable Evidence That Murderess Died in the Burned House

Laporte, Indiana, May 13. — Mrs. Guinness' hired man, Ray Lamphere, vigorously denied today that he had made any confession, or promised any, to the Rev. E. A. Seibell, or to anyone, else. Lamphere is under arrest here, charged with complicity in the wholesale murders at the Guinness farm.

COPY OF WILL.

Laporte, Ind., May 13.—Following is the will of Mrs. Belle Guinness, made the day before the night of the fire so the Guinness home, in which it now appears certain she lost her life. Whether she was murdered herself, which appears probable, or died with her children by her own hand, is not certain.

I, Belle Guinness, of Laporte county, Indiana, being of sound mind and memory, and realizing the uncertainty of this life, do make, publish and declare this as and for my last will and testament.

Item one. I direct that my executor shall pay all my just debts, expenses of my last sickness and funeral expenses out of the first money coming into his hands.

Item two. I hereby give, devise, and bequeath to my three children, Myrtle Adalphine Sorenson, Lucy Berglief Sorenson, and Philip Alex Guinness, all my property, both real and personal, wheresoever situated, share and share alike; provided that, however, in case of the death of any of said children without issue before my death, the survivors shall inherit the whole of said property; and provided also, that in case of the death of all three of said children without issue, that the whole of my property shall go to the Norwegian Children's Home, Chicago.

Item three. It is my wish that I be buried in the Forest Home Cemetery, Oak Park, Ill.

I hereby nominate and appoint Wesley Fogle, executor of this, my last will and testament.

Dated at Laporte, Ind., this 27th day of April, 1908.

Belle Guinness.

INDISPUTABLE EVIDENCE.

Laporte, May 13.—Mrs. Belle Guinness, the multi-murderess, died in the fire that destroyed her home on the morning of April 28. That fact was apparently settled beyond cavil today when one of the workmen in the debris in the cellar brought to light a gold-crowned tooth, which a dentist identified as his workmanship, and said that he did it for Mrs. Guinness. The tooth is a bellow molar, and the crown is to some extent indented and partially incrusted with cinders. It bears every evidence of having come from the incinerated skull of Mrs. Guinness, and the find has been accepted by the authorities as conclusive of the death of the woman in the incendiary fire that destroyed her home.

Word has come of two more possible victims of the poison and knife of Mrs. Guinness.

NERVOUS DEBILITY

OUR NEW METHOD TREATMENT will cure you and make a man of you. Under its influence the brain becomes active, the blood purified so that all pimples, blotches and ulcers heal up; the nerves become strong as steel, so that nervousness, bashfulness and despondency disappear; the eyes become bright, the flesh full and clear, energy returns to the body, and the moral, physical and mental systems are invigorated; all drains cease—no more vital waste from the system. The various organs become natural and manly. You feel yourself a man and know marriage cannot be a failure. We invite all the afflicted to consult us confidentially and free of charge. Don't let quacks and fakirs rob you of your hard earned dollars.

☞ NO NAMES USED WITHOUT WRITTEN CONSENT.

THREATENED WITH PARALYSIS.

Peter E. Summers, of Kalamazoo, Mich., relates his experience:

"I was troubled with Nervous Debility for many years. I lay it to indiscretion and excesses in early youth. I became very despondent and didn't care whether I worked or not. I imagined everybody who looked at me guessed my secret. Imaginative dreams at night weakened me—my back ached, had pains in the back of my head, hands and feet were cold, tired in the morning, poor appetite, fingers were shaky, eyes blurred, hair loose, memory poor, etc. Numbness in the fingers set in and the doctor told me he feared paralysis. I took all kinds of medicines and tried many first class physicians, wore an electric belt for three months, went to Mt. Clemens for baths, but received little benefit. While at Mt. Clemens I was induced to consult Drs. Kennedy & Kennedy, though I had lost all faith in doctors. Like a drowning man I commenced the New Method Treatment and it saved my life. The improvement was like magic. I could feel the vigor going through the nerves. I was cured mentally and physically. I have sent them many patients and will continue to do so."

BEFORE TREATMENT

AFTER TREATMENT

CURES GUARANTEED OR NO PAY

We treat and cure VARICOCELE, STRICTURE, NERVOUS DEBILITY, BLOOD AND URINARY COMPLAINTS, KIDNEY AND BLADDER DISEASES and all Men.

CONSULTATION FREE. BOOKS FREE. If unable to call write for a Question Blank for Home Treatment.

Cor. Michigan Ave., and Griswold St., Detroit, Mich.

Moir Wants Fair Trial and no Sympathy

London, May 13.—Private Moir, who was brought back to London Monday night from Arthur, Ont., whisked from the train into the patrol wagon, and placed in a cell at police headquarters, was yesterday remanded until Friday afternoon after being formally charged.

Chief Farrell of Arthur, who came down on the train, said the soldier had cut 15 pounds since he captured him. He was pale, and was either a consummate actor or a man who felt his position keenly.

Moir makes one remarkable statement, however.

"At first, when I realized what I had done, the impulse was strong within me to return to London and give myself up. I wanted to rid myself of the whole thing, even if it cost me my life. But I hadn't the pluck to do it. Then I made up my mind to get away, if I could.

Blood-Cleansing Recommended in the Spring Time

In This Way The System is Strengthened and Better Health Assured.

From the earliest time it has been universally acknowledged that the transitory period between winter and spring is the seed time of disease.

Consequently it is necessary for us all to take suitable medicine.

A delay gives the germs and weakness a better chance to take hold.

Don't wait, think of our small resisting powers, and begin building up today. For weakness, overwork and debility the doctors prescribe Ferrozone; let it help you now.

Vitality and power are instilled into the blood; this means new strength for all weak organs.

The fire of youth will dance in your veins, and new found energy will increase your desire to work.

Ferrozone supplies the nourishing and tissue-building material your system lacks. Isn't this a reason why?

From Cobbermere, Ont., Mrs. Jno Oram writes as follows: "For a number of years I was sickly in the spring time. I felt tired, nervous and had headaches. My blood was weak and damp days brought on rheumatism. My nervous system was unstrung and I felt utterly worn out. Ferrozone revived me in a short time. In two days my appetite increased, and I could feel a building-up process going on. This great tonic made a new person of me and I don't think a more strengthening medicine for the spring can be found."

Wouldn't it be just fine for you to get back your old-time spirits and vigor? Easily done with "Ferrozone"; commence to-day. Sold by all dealers, 50c per box or six boxes for $2.50.

Morning Times

This paper is the only Morning Daily published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

Strangers visiting Peterborough are cordially invited to make their headquarters at the office of the Morning and Weekly Times, where they will be furnished with writing material, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $5 per year, strictly in advance.

PETERBOROUGH, MAY 14 1908

AFGHAN FRONTIER TROUBLE

The discovery of a conspiracy in India was startling to those who had not been following Asiatic affairs, but it was not unexpected, by any means. The discovery and arrests were the outcome of the very watchfulness of the authorities, because it was known that something of the kind was on foot. It must not be supposed, however, that the spirit of unrest permeates every part of India. Even during the awful days of the Mutiny, the scene of trouble was confined to a comparatively small area, and the British received every kind of assistance from other than those actually engaged in the revolt. Indeed, anything approaching unity of action between the numerous and to some extent hostile races in India is impossible. Under British rule, they are kept from fighting with each other. The trouble on the Afghan frontier probably had nothing whatever to do with the conspiracy in India. It just happened to come at the same time that we were getting the news of the Indian sensation.

It may also be pretty safely assumed that the Ameer of Afghanistan was no party to the frontier fighting. He has every reason to be friendly with the British, whose presence in force in India is the only guarantee he has against Russia absorbing his country, as it has that of his neighbors. The recent Anglo-Russian treaty should be pleasing instead of objectionable to him. It must be remembered, however, that Afghanistan is not a nation. The population consists of discordant tribesmen, who are constantly in a state of revolt, or fighting with each other. They are only kept in anything like order by frequent military expeditions from Kabul. The hill tribesman is nominally a sheep farmer, but he dearly loves to exercise the privilege of descending upon those who live in the lowlands and looting their property. Patriotism, loyalty to his Sovereign or any other sentiment is unknown to him. When he starts out on one of his prowling expeditions, he will take anything that is not nailed down, for the bump of acquisitiveness is largely developed in him.

The British have a resident agent at Kabul to advise and assist the Ameer in keeping his turbulent subjects quiet, and the Ameer receives a cash subsidy of £120,000 from the Indian Government. Under treaty with Great Britain, he accepts British advice in his relations with foreign powers, and Britain guarantees him against foreign aggression. While some of his soldiers may have been among the raiders the British were fighting with, it would probably mean that putting uniforms on his subjects had not deprived some of them of the inborn love of raiding, or make them immune from the incendiary preaching of the Mullahs. The Ameer knows a good thing when he sees it, and is far from likely to break away from Britain and inevitably fall into the clutches of Russia.

GRAND TRUNK AT THE FRANCO-BRITISH EXHIBITION LONDON, ENG.,

It is a well-known fact that at all the World's Fairs and International Exhibitions, held in the past decade, the Grand Trunk has been most prominently represented with attractive displays, and in each case gold medals and diplomas have been their award. At the Franco-British Exhibition, which is to be held at Shepherd's Bush, London, May to October, this year, the Grand Trunk are not behind in their progressiveness and have erected a beautiful pavilion covering about 7000 square feet of space in a picturesque spot known as the French Court.

This structure follows in design the Renaissance style of architecture with an artistic pilared entrance. Over the entrance rises a group of statuary representing the Grand Trunk Railway System as "speed" with an electric star surmounting the head of the central figure emblematic of the "Star of Empire", and on each side of this figure are is represented in smaller figures the Atlantic and Pacific Oceans, the central figure joining their hands, representing the spanning of the continent by the new National Transcontinental Railway. This allegorical group is a very imposing one and the idea is appropriate.

The interior of the building is arranged in a combination of color harmony of olive green and red. The scenic views of the Grand Trunk Railway, as well as views of the summer tourists districts and fishing and hunting resorts in Canada are beautifully portrayed by a series of bromide enlargements finished in a sepia tint and framed in a dull quartered oak. The photographic work has been executed by Mr. J. W. Swan, the well known landscape photographer, who has excelled himself, if possible, in this collection. These pictures cover the walls to a distance of two feet from the ceiling, and the entire interior has been set off by a beautiful frieze made up of grains and grasses from Ontario, Manitoba, Alberta, Saskatchewan and the West. In this frieze are embodied specimens of Canadian fish and game mounted in an attractive way, the whole forming a unique and pleasing effect.

In the centre of the room a pyramid has been erected, on which is shown samples of the cereals of the Province of Ontario, as well as natural samples of fruit from the "Garden of Canada."

Animated moving picture machines, projecting fishing, hunting and railroad scenes, are other features on the floor space. Interesting and instructive literature has been specially prepared for distribution, and it is estimated that from fifteen to twenty million people will visit this exhibition during its lifetime. Canada and the Grand Trunk Railway System will secure a tremendous amount of publicity through this medium.

Among the special features on display in this building will be two exceptionally fine moose heads, one the record head taken from the Province of Ontario, and the other a freak head that will attract a great deal of attention.

Mr. S. W. Cummings, who until recently was General Passenger Agent of the Central Vermont Railway, has been appointed to the position of Director of this exhibit.

Tired nerves, with that "no ambition" feeling that is commonly felt in spring or early summer, can be easily and quickly altered by taking what is known to druggists everywhere as Dr. Shoop's Restorative. One will absolutely note a changed feeling within 48 hours after beginning to take the Restorative. The bowels get sluggish in the winter-time, the circulation often shows up, the Kidneys are inactive, and even the Heart in many cases grows decidedly weaker. Dr. Shoop's Restorative is recognized everywhere as a genuine tonic to these vital organs. It builds up and strengthens the worn-out weakened nerves; it sharpens the failing appetite, and universally aids digestion. It always quickly brings renewed strength, life, vigor, and ambition. Try it and be convinced. Sold by all dealers.

Department of Militia and Defence

NOTICE TO CONTRACTORS
PETAWAWA CAMP GROUNDS

Sealed Tenders, marked on the envelope "Tender for Buildings, Petawawa Camp," and addressed to the Secretary of the Militia Council, Department of Militia and Defence, Ottawa, will be received until noon, May 15, proximo, for supplying the necessary labor and material for construction of certain buildings, at Petawawa Camp Grounds.

Plans and specifications may be seen and full information obtained at the Offices of the Director of Engineer Services, Militia Headquarters, Ottawa, the Officer Commanding the Eastern Ontario Command, Kingston; and Lieut.-Colonel H. J. Mackie, Pembroke, Ont.

Tenders must be submitted on printed forms supplied by the Department of Militia and Defence, and each tender accompanied by an accepted cheque on a Canadian Chartered Bank, for 10 per cent. of the amount thereof, payable to the order of the Minister of Militia and Defence, which amount will be forfeited if the party tendering decline to enter into a contract in accordance with the tender.

The Department does not bind itself to accept the lowest or any tender.

E. F. JARVIS,
H.Q. 67—17—12. Director of Militia and Defence.

Department of Militia and Defence,
Ottawa, April 28, 1908.

Newspapers will not be paid for this advertisement, if they insert it without authority from the Department.

The Wasp Waist.

Professor Mosso has made discoveries in Crete showing the extreme antiquity of civilization in that island. Four thousand years ago the "wasp" waist, usually regarded as a modern fashion, was known to the women of Crete. They compressed their waists and wore stiffly spreading skirts. The women are shown to have turned up noses and an audacious expression.

The Long Parliament.

The long parliament lasted thirteen years. It was dissolved by Oliver Cromwell on April 20, 1653.

The Word "Dad."

It is probably not generally known that the word "dad," used by many children in place of "father," is the purest Welsh. The opening words of the Lord's prayer in Welsh are "Ein Dad."

Cough Sirup.

This cough sirup is easily made and very good: Take a small handful of dried hops and a small handful of dried horehound and put into a cup of cold water. Let this steep until the strength of the herbs is drawn out, then strain through a cloth. Add to this one cupful of honey and two cupfuls of sugar. Let this mixture boil until thick. Pour into a wide mouthed bottle or small jar, and it is ready for use. One teaspoonful every half hour until the cough is relieved.

Responsible For It All.

Hewitt—I never should have had any trouble with my wife if it hadn't been for that man. Jewett—How did he make trouble? Hewitt—He married us.

One trouble with some people is that a very small effort enables them to keep their self respect.—Chicago Record-Herald.

The Great Northern Larder Lake Mining Company is incorporated by Letters Patent of the Ontario Government under the Ontario Companies Act.

AUTHORIZED CAPITAL $1,000,000

Divided into 1,000,000 shares of the par value of $1.00 each, fully paid up and non-assessable, and carrying no personal liability.

TREASURY STOCK, 600,000 SHARES.

HEAD OFFICE---404 McKINNON BUILDING, TORONTO, ONTARIO, CANADA

Read Official Statements as to Gold Discoveries in Larder Lake District in the 16th Annual Report of the Bureau of Mines, 1907.

OFFICERS AND DIRECTORS

President—Stan. Walker, Toronto, Manufacturing Furrier; Vice-President—H. E. Smallpiece, Toronto, Journalist; Treasurer—S. E. McCartney, Toronto, Capitalist; Secretary—H. Murby, Toronto, Cattle Dealer; Managing Director—C. C. Richardson, Toronto, Manufacturing Jeweler; M. Tromer, Toronto, Retail Furrier; David A. Foster, Haileybury, Miner; Solicitor—John A. Ferguson, Temple Building, Toronto; Bankers—Bank of Toronto, Head Office, Toronto.

A SHORT HISTORY

These Larder Lake properties were staked out by the Foster broters, who are old, experienced miners, who have been prospecting up in that country since 1906. They are practical miners.

When the wealth of the Larder Lake District first leaked out, these men made tracks for this district, and after days of hardship in paddling up rivers and carrying their outfit over portages, they finally found the wonderful gold bearing rock, and after a number of weeks' patient work in following gold indications they staked out 640 acres of what some believe will prove the richest gold bearing rock in the district.

After these men had registered these claims and proved there were no other prior claims to them, they brought samples and proofs to Toronto and succeeded in interesting a number of city merchants by convincing them that not one but many possible fortunes are tied up in these valuable 640 acres. On no reasonable consideration would they sell outright, so a small cash sum was paid to them and so many shares in a company to be formed agreed to be given them.

Had they not believed stock in the company would become valuable it is right to infer that they would not have made such a bargain and tied up their properties.

We believe they will be justified in their decision to retain an interest in the properties as shareholders in our Company.

As we, the members of this Company, were convinced by facts, we wish to convince you by facts also.

The Great Northern Larder Lake Mining Company has no figureheads or salaried men on its board. Each member of the board is a stockholder, by putting in his money and paying for his shares, and each member stands to lose a good pile if it is not properly handled. It is the intention of the company to run things on a strictly business basis, and all dealings must be above board. We want to make money and we want to make money fairly and honestly—on the miner's risk for the miner's reward.

The city merchants took the properties from the owners and prospectors, had transfers duly executed, organized this company, defraying all expenses to date, and have agreed to accept stock in payment. They must pay the original owners out of their holdings. The treasury stock goes for development.

The property consists of 16 claims, 40 acres each, or about 640 acres, west of Larder Lake and bordering on Grassy Lake. Blair & Smith, Government surveyors, of New Liskeard, were surveyors for the Company.

Lot Numbers as registered with the Government are: 3433, 3425, 3436, 3437, 3720, 3721, 3427, 3438, 3723, 3434, 3439, 3724, 3426, 3435

Use Big G for unnatural discharges, inflammations, irritations or ulcerations of mucous membranes. Painless, and not astringent or poisonous. Sold by Druggists, or sent in plain wrapper, by express, prepaid, for $1.00, or 3 bottles $2.75. Circular sent on request.

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or Sub-Agency for the district in which the land is situate. Entry by proxy may, however, be made at an Agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of a homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father or mother.

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid for.

ADVERTISE IN THE TIMES

KING EDWARD HAS GREAT INFLUENCE

Two anecdotes of King Edward which go to show that His Majesty is a strict constitutionalist in his own country, but is less strict when another country is concerned, are given by the Wiener Allgemeine Zeitung on high authority.

The first is that some years ago, when Mr. Chamberlain was at the Colonial Office, the King asked him to send him some papers relating to a colonial question in which His Majesty took a special interest. Mr. Chamberlain is said to have refused, declaring if His Majesty had no confidence in his Minister he might dismiss him, but that as long as the Minister enjoyed the confidence of the King and Parliament it was inconsistent with the constitution for anybody to interfere with details of administration. After a moment's reconsideration the King replied, "You are perfectly right."

The second story would show that it is owing to King Edward's influence that Norway, after the separation, did not become a republic. Bjoernstierne Bjoernson, the great writer and Radical politician, who played a most influential part in that event, was convinced, it is said, by an autograph letter from King Edward that a monarchy would be a great advantage to Norway, particularly if King Haakon, whose wife is an English princess, should ascend the throne.

King Edward is represented to have pointed out that England was ready to secure for Norway, after her separation from Sweden, the same international position as was secured for Sweden and Norway by the treaty of 1855, by which England and France had guaranteed the territorial independence of the two countries. The King, it is said, added that he could much more easily attain this if Norway, instead of declaring a republic, elected Haakon King. His Majesty's arguments had so convincing an effect on Bjoernson that he dropped the idea of a republic. Thus, the Allgemeine Zeitung concludes, it is owing to a letter of King Edward that Norway is not a republic.

KING EDWARD, VII.

DECREASED NUMBER OF CONVICTIONS

A recently-issued Blue Book in England gives some significant and interesting returns as to the results of the measures taken under the later Licensing Acts, and the diminished number of convictions for drunkenness or for offences arising from drunkenness. During the year 1907, 1,713 licenses ceased to be operative, the persons holding them, and those owning the leases or freeholds of the license-value, being compensated. The average amount paid for extinction of licenses appears to have been less than £1,000, which would have been greatly increased if the claims of those compensated had been fully satisfied. The total would also have been greater if the local authorities had claimed for licenses voluntarily surrendered by them, in the interest of the community, as they will be able to under Mr. Asquith's new bill if it becomes law as it stands. It has been said that the attack has been made chiefly upon license-holders with small means and therefore likely to suffer the greatest hardship. But the fact that the compensation paid varies in individual cases from £230 to nearly £3,000 seems to dispose of that allegation. Clubs during last year increased by 186, to a total of 6,907.

ADJUST CLAIMS OF CHINESE RESIDENTS

Ottawa, May 13.—Mr. W. L. Mackenzie King, Deputy Minister of Labor, has been selected by the Dominion Government for still another mission of importance, and will leave Ottawa to-night for Vancouver in connection with the adjustment of the claims of Chinese residents of Vancouver whose property was damaged in the anti-Oriental riots of September last. The Japanese claims, amounting to $9,175, have already been paid, but since then Chinese claims have been formulated and it is to investigate these claims on the spot that Mr. King is being sent to the Pacific Coast. In connection with the commission of enquiry which he is to conduct it is announced that the Chinese Government has deputed one of the staff of its legation in London, England, and Mr. Owang King, a member of the staff attached to the Chinese legation in Washington, to represent the Chinese residents of Vancouver, there being no Chinese consul resident in this country. The Deputy Minister of Labor is admirably adapted to the mission with which he has been entrusted, and can be counted upon to see that full justice is done to all those who suffered at the hands of the infuriated mob on the streets of Vancouver last fall.

Pekin, May 13.—News reached here to-day of the progress of the revolutionary outbreak in Run Van Province. Three thousand rebels in two columns were marching on Yang Tsze, a treaty port at the head of navigation of the Songkoi river. A body of provincial troops met and repulsed one of the columns at Man-Hao, on the Red river, Saturday last; the other column, which is following the railroad line, has not been stopped and is now within thirty miles of Mong Tsze.

STATE SUES PAPERS TO STOP RUM ADS

Guthrie, Okla., May 13.—St. Louis, Dallas, Guthrie and Fort Worth newspapers, together with numerous Chicago, Dallas and other wholesale liquor houses brewing companies and distilling companies and local news-stand agents are made defendants in an injunction suit to-day.

Attorney General West, on behalf of the state and under the direction of Governor Haskell, asks the court to restrain the newspapers from "publishing advertisements for the sale of intoxicating liquors in this state, the liquor houses from soliciting business in the state and restraining the newsdealers from selling newspapers or magazines containing these advertisements."

The states alleges that the newspaper defendants violated the state prohibition law on April 19 by printing advertisements contracted for by brewing, distilling and wholesale companies.

Indigestion

Stomach trouble is but a symptom in itself a true disease. We call it Heartburn, and Indigestion, but they are symptoms only of a certain sickness—nothing else.

It was this fact that first correctly led Dr. Shoop to the creation of that now very popular Remedy—Dr. Shoop's Restorative—to go to the stomach nerves, absorb and feed and favor to Dr. Shoop and his Remedy out that original and highly vitalizing, health lasting accomplishments we...

For stomach distress, bloating, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see if what it can and will do. We sell and daily recommend

A TERRIBLE REWARD.

Cromwell's Payment For the Capture of Pembroke Castle.

During the struggle between King Charles and the parliament Pembroke castle was so well fortified that Cromwell, with all his cannon, could not take it.

After many failures he gave up his intention and began to march on for Tenby. But before he had proceeded far a country shoemaker came up to Cromwell and asked him whether he would reward him if he would tell him how to get the castle into his possession.

Cromwell, very glad of this offer, consented. Then this old shoemaker, glad to get some money, as no doubt he was rather poor, told him that there was a pipe through which they got their water and that if he were to cut the pipe the castle would surrender.

Cromwell said, "I thank you for the information you have given me, but as you have turned traitor to your countrymen the only reward I will give you is that you shall be hanged on the very next tree that I come to."

Cromwell had the shoemaker hanged and cut the pipe he had told him of, leading to the castle, which then surrendered.—London Telegraph.

Returned from the Coast

Mr. W. Morgan, who for years operated a barbershop on George street but who for the past year or so, has been out West, is again in the city. Mr. Morgan last Tuesday sold out a barbershop he conducted in Winnipeg. Since he left Peterborough, Mr. Morgan has visited Prince Rupert and Vancouver, B.C. At the latter city, Mr. Morgan met Mr. J. E. McIntyre, who formerly was proprietor of the Oriental Hotel in this city. Mr. Morgan noted that Mr. McIntyre is proprietor now of the Windsor Hotel in Vancouver and that Mr. McIntyre gets large prices from the transient public. In reply to a question put by a Times representative as to whether he would remain in the city or not, Mr. Morgan said he had some ovar to see Mrs. Morgan who has, since he left resided on London street, and that his future movements are dependent on whether Mrs. Morgan wants to go West or not. Should this lady decide to go out West, he will, with her and his family, return to Winnipeg.

GREAT LABOUR SAVING DEVICE

The Penman & Sprang

DUPLICATOR

Will produce 100 copies in ten minutes, and is without doubt one of the greatest inventions of its kind ever conceived.

THE DUPLIGRAPH

The most reliable, cleanest, simplest, quickest and most up-to-da duplicating machine on the market

Galbraith Coal Co., Ltd.

Non-personal Liability

Capital, $250,000.00 1,000,000 Shares 25c. each.

Good coal stock is a safe and sure investment. Galbraith shares are especially attractive.

Modest Capitalization **Large Coal Reserves**

This Company organized under the laws of the Northwest Territories of Canada, owns and operates the Galbraith mine located at Lund brook, Alta. They have four vertical seams of coal traversing the property, aggregating over 40 feet in thickness. Three of these seams are developed to a depth of 350 feet, and as they pass through the Company's lands for nearly a mile, some idea of the amount of coal may be had.

Shipping Steadily

The present output of the mine is about 200 tons per day. These shipments will be rapidly increased, as the C.P.R. allows its cars to be loaded with coal for points in the U. S.

We are selling a limited number of these shares at the extremely low price of

30 CENTS PER SHARE

in blocks of 100 or over. Tight money in the States makes it possible for us to give this unprecedented offer in stock that will be paying dividends inside of six months, and you are sure to realize a handsome profit.

Parties ordering can send money by P. O. Orders, Express Orders or Bank Drafts, and we will have the stock issued direct to you. Full information furnished on request. Correspondence solicited. Reference, Bank of Montreal

Special Inspection of 57th

The inspection of the 57th Regiment, which is to take place on May 20th, will not be the regular inspection of the corps. The regular annual inspection will take place towards the end of June, the same as in past years. The inspection by General Lake on May 20th is a special event. It will take place at Riverside Park, if the grounds are dry enough by that time

Extension to Lakefield School

A Lakefield despatch says that the school board there has engaged J. E. Belcher, C.E., to go on with the extension of the public school. The intention is to add four new rooms to the present building and increase the teaching staff so that fifth class work may be taken up after the summer holidays, thus raising the standing to Grade A, which will entitle the school to an increased grant from the Provincial Government.

Underground Service in Lindsay

Mr. F. W. Doan, local manager of the Bell Telephone system at Peterborough; J. H. Martin, assistant superintendent of construction, Hamilton; R. D. Hunt, superintendent of underground work, Hamilton; G. A. Cote, electrical engineer, Montreal; James K. Curson, general foreman of construction work, Hamilton, are in town installing the new underground service at the local branch.—Lindsay Warder.

Take Hall's Family Pills for constipation.

Chief Rutherford Denies Statement

Referring to Ald. W. Butler's statement made in council to the effect that Chief Thos. Rutherford had told him that it was time for a change to be made, Mr. Rutherford has advised The Times that Mr. Butler was mistaken in this statement. Chief Rutherford informed the local press yesterday that he never had been consulted by any alderman or aldermen or any municipal committee concerning the question of a paid brigade and was never given an opportunity of expressing an official opinion in the matter

Rifle Range for Rangers

It is currently rumored in local military circles that there is some prospect of the Dominion Government providing the Peterborough Rangers with a rifle range within the near future. While at Ottawa on Monday, Major Clegg and Major Bassett of the 57th Regiment, interviewed the Deputy Minister of Militia, Col Fiset, and the chief engineer of the Militia Department, Mr. Ransom, and laid before them the need for a rifle range at Peterborough. The matter was gone into very fully and the Government concurred in the necessity for a local range.

Piles are easily and quickly checked with Dr. Shoop's Magic Ointment. To prove it I will mail a small trial box as a convincing test. Simply address Dr. Shoop, Racine, Wis. I surely would not send it free unless I was certain that Dr. Shoop's Magic Ointment would stand the test. Remember it is made expressly and alone for swollen, painful, bleeding or itching piles, either external or internal. Large jar, 50c. Sold by all dealers.

Death of Mr. Patrick Walsh of Lindsay
